Sumner's vehicle then was pushed into Morse's vehicle.

#### Candidate

AREA-Larry Hall, current president of the Nebraska Farmers Union, announced Tuesday that he will step down from president's post to seek the Democratic nomination for Congress for Nebraska's First Congressional District.

Present Congressman Doug Bereuter recently announced that he would not run for the Senate against incumbent Democrat Jim Exon, citing the cost of a Senate campaign in his decision not to enter the race. He expects to announce next year that he will seek re-election to the First District House Seat.

Hall said he is concerned about agricultural policy and the effect it has upon the state's largest industry and thousands of both urban and rural jobs.

## Definitely dry

**WAYNE FIREMAN** John Melena, with shovel in hand, heads back to the fire truck after fighting a grass fire Monday afternoon that burned some property six miles north, a mile west and 1/4 mile north of Wayne. The property was being rented by Terry Campbell. The fire destroyed a garage (with two older vehicles parked inside) and a shed near the house. The blaze started after a fire in a trash incinerator, believed to be out, had restarted and the ashes blew around on nearby ground.

## Moisture listed well below average

By Chuck Hackenmiller  
Managing editor

The dry spell in Wayne County and other northeast Nebraska counties continues to create stress on both the crops and crop producers.

The Nebraska Agricultural Statistics Service in Lincoln reports that topsoil moisture in Nebraska was rated at 77 percent short, 23 percent adequate and subsoil moisture at nearly 89 percent short and about 11 percent adequate.

Corn crops rated 1 percent very poor, 10 percent poor, 60 percent fair and 29 percent good. Most of the corn (98 percent) is emerged.

Alfalfa-hay was rated at 10 percent very poor, 30 percent poor, 46 percent fair and 14 percent good with an estimated 30 percent of the first cutting completed.

Specialists have noted that as crops grow further and the roots reach deeper, the crop quality will decrease from lack of moisture. Farmers are continuing to be asked to use conservation practices.

**THERE WAS** a grave cost for early tillage this year, said William Hance of the Soil Conservation Service. "Those farmers who didn't till held onto the surface water moisture and you can really see the difference in the crops," Hance

said. Charles Shapiro, soil specialist at the Northeast Research and Extension Center, said soil checks in the area were taken before recent spotty rains last week. The tests indicated that there was some moisture detected in the first few feet of the soil.

Still, he said about 20 inches of rainfall would be the amount needed to help the corn crop along until its September maturity date. With the average being about 10 inches of rainfall within this time frame, the outlook doesn't show great promise.

A normal profile would ideally be to have 10 to 11 inches of moisture in the soil once the corn planting season begins, with another 24 inches of moisture spread out in months after the planting to help the crop grow. Another 12 inches of rainfall, spaced out evenly, would be helpful in the upcoming months.

At this point, Shapiro said it is "not past the point of no return."

**BUT THE** probability of getting the necessary rainfall is still a concern, particularly since the three months where rainfall is the greatest — April, May and part of June — is below normal, he said.

"What is really hurting right now are pastures and forage crops. They were hurting last year and have not had enough recovery,"

Shapiro mentioned. Pat Gross, weather observer from Wayne, said last month's (May) rainfall amount was registered at 1.30 inches. During the last 10 years, the average of May rainfall had been 4.32 inches, leaving the Wayne area approximately 3.02 inches short of the average amount.

For the first five months of 1989, the rainfall amount has reached 3.77 inches in the Wayne area, according to Gross. The 10 year average for the January through May has been 10.22 inches, leaving the area about 6.45 inches short of the average.

Another 24.12 inches of moisture would be needed in 1989 if the Wayne area was to meet the 10 year average annual total rainfall amount of 27.89 inches, with this year's rainfall amount at a slow pace of 3.77 inches through May.

**PERRY WIGLEY**, director of the Institute of Agriculture and Natural Resources Conservation and Survey Division, said there has been a "dramatic upswing" in requests for well information. He said the division usually receives up to 10 calls a week and now is receiving 10 calls a morning asking if wells can be deepened or if there is an alternative well system nearby.

U.S. Secretary of Agriculture Clayton Yeutter announced on June 2 his intent to permit haying

and grazing of Conservation Reserve Program (CRP) under carefully prescribed conditions. The action is being taken because of the impact of drought conditions on the availability of livestock feed in several parts of the Midwest.

As of Wednesday morning, the Wayne County ASCS County Committee has not announced that land in the CRP can be hayed or grazed upon. Until that announcement comes, guidelines for CRP acres remain intact.

However, should haying and grazing on CRP acres be permitted, then some of the following conditions would exist:

— There will be a 50 percent offset in CRP payments for the next contract year.

— At least 25 percent of the field must be left undisturbed for wildlife cover.

— There will be no donation of haying and grazing privileges in exchange for waiver of payment reductions.

— Compliance spot checks would be expanded.

— Any stand failures would be re-established at the owner's expense.

— There will be no haying or grazing on CRP stands planted after July 1, 1987.

— Only one cutting of hay will be permitted and there will be no

## Water tower going down

By Chuck Hackenmiller  
Managing editor

Wayne's old water tower along North Main Street is being demolished.

Doing the work is Pittsburgh Tank and Tower Company out of Henderson, Kentucky.

City Administrator Phil Kloster said Wednesday morning that the city had a proposal a year ago from the tower company, which also builds water tower structures.

But the city administration and council decided to see if there was any interest among other communities in purchasing the structure. The water tower was advertised, but not enough interest was shown, according to Kloster.

Meanwhile, the Kentucky company submitted another proposal for the demolition of the old water tower and it was decided that this would be the route to go.

It will cost the city of Wayne \$5,500 to have the water tower demolished. The company will scrap out the water tower structure, Kloster said.

He said the water tower hasn't been used in the 1980's, and in the 1970's the tower was primarily used when maintenance was being done on the standpipe located on the west edge of Wayne.

The structure, Kloster said, is over 60 years old — constructed in the 1920's.

The water tower will be demolished down to the concrete footings at the base of the tower.

**SOON, THE** old Wayne water tower along North Main Street will be gone. Workmen from a Kentucky company began demolishing the structure earlier this week. The structure was built in the 1920's and was not used in the 1980's, according to city administrator Phil Kloster.

All auditions will be in Ramsey theatre. Those interested in singing are asked to bring the music to a place they they are able to sing. A pianist will be present at the auditions.

Interested dancers are asked to come at the same times. The August production will consist musical excerpts from such well-known shows as "Camelot," "South Pacific," "Annie," "Hello Dolly," "Godspell," "Fiddler on the Roof" and others.

The show will be staged Aug. 25-27 in Ramsey Theatre and it will be directed by Ted Blenderman.

"This show will be a little different from our other summer musicals," says Blenderman. "In the fact that those people with limited time for rehearsals will be able to participate."

"They can prepare their pieces on their own time in advance and we can actually put the whole show together two to three weeks before production weekend," he added.

All ages are welcome to audition and are needed for this type of show. Everyone who enjoys singing, dancing or both are encouraged to come audition, said Blenderman.

## Agricultural land values to increase

By Chuck Hackenmiller  
Managing editor

To comply with Legislative Bill 361 recently passed and signed into law by Nebraska Governor Kay Orr, the Wayne County Board of Equalization established the value of agricultural land at 94.29 percent of market value.

That rate is similar to the residential and commercial rates of market value in Wayne County.

The three-member equalization board conducted a public hearing on the revised rates of agriculture land values Tuesday afternoon. Members of the board are county commissioners Merlin Beiermann, Gerald Pospishil and Robert Nissen.

Currently, agriculture land owners are paying their 1989 taxes on 1988 various classifications of agricultural land values — land values which have been unchanged from 1986 and 1987. Those 1988 land

values included \$935 an acre for the prime quality of irrigated land to \$335 for the lesser quality irrigated land. That figure will change in 1989 to \$1,085 per acre for top quality irrigated land to \$375 for the poorer quality irrigation land.

Top quality dryland acres valued at \$655 in 1988 will have a value of \$705 per acre value with the 94.29 percent of market value rate, while the poor-quality dryland will rise from the \$225 per acre value in 1988 to \$305 per acre in 1989.

Quality pasture ground in 1988 was established at \$255 per acre. That will increase to \$285 per acre with the new rate.

**THE NEWLY** established land values will be figured for 1989 taxes which will be paid in 1990.

**ST. PAUL'S LUTHERAN CHURCH, RURAL WAKEFIELD, will hold its centennial observance June 18 with a morning and afternoon worship and catered meal at noon.**

Will observe centennial

## St. Paul's celebrates

A century has gone by since St. Paul's Lutheran Church of rural Wakefield was organized in the spring of 1889.

A day of events will be held June 18 to commemorate these 100 years of ministry. At a 10 a.m. morning service, Wakefield native son, Pastor Harold Wageman of Houston, TX, will be a featured speaker. A catered meal at noon will be followed by a 2 p.m. worship service with former Pastor Harold Kieck (1947-1956), now of Glenwood Springs, CO, who also was featured speaker at St. Paul's 75th anniversary. After the service, bars and coffees will be served by First Trinity Women's Missionary League of Altona.

This will be the last week tickets will be available for the catered meal by contacting Merlin Frevert of Wayne. Centennial plates as well as note cards will also be on sale as remembrances.

Pastor Ricky Bertels and members of St. Paul's Lutheran Church invite the public to join them in celebrating 100 years of service.

Besides special speakers as guests, other special guests include the children of Pastor H. L. Bornemann who served the congregation from 1898-1928. Three of his children went on to become ministers themselves. Edith Gerdes from Louisiana, daughter of Pastor W. A. Gerdes (1929-1943), will also attend.

Other former pastors attending this event will be Pastor Emmet C. Rogness (1957-1960) from Iowa, Pastor Ray Greeneth (1982-1986), Karmie, IL and Pastor Caryl Ritchey (1961-1966), Wausa, NE.

Plans for this celebration started last fall. Centennial committee members include: Worship, Pastor Bertels, Bill Hansen, Albert Nelson, and Melvin Wilson; Food, Merlin Frevert, Barbara Greve, Marilyn Hansen, and Dorothy Meyer; Promotion and advertising, Albert and Janelle Nelson, and Blaine and Donna Nelson; Historical, Melvin and Betty Wilson, Cliff and Leoma Baker, Ed and Mary Lou Krusemark, and Terry and Jodene Henschke.

Present church officers include: board of elders Bill Hanson, Albert Nelson, and Melvin Wilson; trustees Howard Greve, Cliff Baker and Terry Henschke; Chairman Merlin Frevert, Secretary Bob Hansen, Treasurer Dean Meyer, Mission Treasurer Gene Helgren and finance committee of Merlin Frevert, Ed Krusemark, Dean Meyer, Gene Helgren, Harley Greve and Blaine Nelson.

IT WAS ONLY a small group of Lutherans in 1887 who asked Pastor H. Wehking, pastor of a congregation at Logan (north of Wakefield), to also serve them on occasion. Pastor Wehking accepted and every two weeks preached in the public schoolhouse opposite the present church site. Due to illness of Pastor Wehking, Pastor Konrad Jahn next served both this church and a congregation at Plum Creek (Altona).

Local Lutherans organized in the spring of 1889 to form St. Paul's Evangelical-Lutheran Church, often called the LaPorte church due to its nearness to the early county seat site. Twelve who signed the constitution were: Friedrich Utecht, Max Henschke, Sr., "Grandfather" Lange, Frank Lange, Christian Utecht, Albert Longe, William Utecht, Detlaff Kai, Sr., August Kai, Sr., Max Brudigam, August Joost and David Lange.

After Pastor Jahn accepted a call to Watertown, NE in 1892, the local congregation along with the

Plum Creek congregation, named Pastor J. Klingbeil to serve until mid-1896. Pastor H. Schulze served the church from June 21, 1896 to 1898 when the present church site was purchased from Elizabeth Sheppard, costing \$100 for five acres. The church was dedicated in February 1898.

Pastor H. L. Bornemann served from 1898-1928. In 1900, the congregation became self supporting and had its own pastor. A parsonage was built in 1902 and enlarged in 1909. A Christian day school was built in 1904 with students taught by Pastor Bornemann four days a week but was discontinued in 1928.

St. John's, Wakefield, became a daughter congregation in 1908. Pastor W. A. Gerdes served from 1929-1943. The salary paid him in 1935 was \$1,000 and five bushels of grain from each member. In 1938 the congregation voted to join synod and also voted in 1939 to electrically wire the church, schoolhouse and parsonage at a cost of \$145.

In 1942, the congregation voted to discontinue German services. Pastor H. F. W. Schultz served 1943-1947 with Pastor Harold Kieck following from 1947-1956.

During his ministry the parsonage was remodeled in 1948 with a full basement and oil furnace and in 1949 a full basement was built under the church and a new oil furnace installed. The parsonage was insulated in 1950 with a loud speaker system purchased for the church in 1954.

Pastor E. C. Rogness served from 1957-1960. St. Paul's and Trinity of Altona voted to become a dual parish in 1960. Vacancy Pastors H. L. Hennig and E. J. Bernthal served until Pastor Caryl Ritchey came, serving 1961-1966.

St. Paul's 75th anniversary was celebrated October 4, 1964 with a morning and afternoon service and noon meal. Pastor E. A. Binger served from 1966 - 1973 when a new double garage was built and evergreen and fruit trees were planted.

While Pastor Carl Broecker served from 1974-1977, a new organ was purchased for the church. Upon his retirement, Interim Pastor Terry Timm was vacancy pastor from 1977-1979, followed by Pastor Paul Jackson from 1979-1981. Pastor Dennis Moerner was vacancy pastor 1981-1982 followed by Pastor Ray Greeneth who served 1982-1986. During Pastor Greeneth's tenure, the church was insulated and ceiling fans installed.

Presently Pastor Ricky Bertels from Illinois serves the congregation. Preparations for the centennial include church steeple repair and siding in 1986, church basement insulation and paneling in 1987 and currently painted the church's interior. The congregation has 94 baptized members at this time. The church has had 20 organists over the years with

Janelle and Kodi Nelson presently playing the organ.

Over the years, St. Paul's Ladies Aid that was organized in 1923, has sewn quilts, sent eggs, chickens and home canned goods, to the Fremont Orphanage and nursing homes, sent packages to men in service, and paid for rugs and wallpaper in the parsonage and parochial school. In 1947 the group became associated with Lutheran Women's Missionary League. Present members total 14.

St. Paul's Men's Club was organized in 1949 and at the same time joined International Lutheran Layman's League. The group now has 15 members. Projects have included graveling the parking lot, installing security lights, co-sponsoring the loud speaking system with the Ladies Aid, mother/daughter banquets, and family nights.

Made up of confirmed youth of the church and formerly called Walthers League, Lutheran Youth

Pastor Ricky Bertels

Fellowship was organized in the 1940's, became inactive, reorganized in 1954 and have been active since then. Five members presently hold meetings with the LYF of First Trinity, Altona. Projects include donations, Good Friday church service, Easter breakfast, church signs, singing and playing instruments for church services, and hosting a welcome party for new confirmands. LYF attends zone rallies and an educational and recreational trip a couple days each summer.

St. Paul's Sunday School was organized after the parochial school closed in 1928. Present enrollment is nine with teachers Donna Nelson, preschool; Terry Henschke, primary; Grace Longe, junior high; and Leoma Baker and Elaine Hansen, substitute teachers.

Held the fourth Sunday of each month, Mission Sunday collects monies that day going towards a mission project. Vacation Bible school is held in June and the Sunday school takes part in a traditional Christmas eve program.

## Bender wins Men's Open among field of top golfers

Mark Bender of Humphrey, Nebraska, who last golfed in the Wayne Men's Open Golf Tournament three years ago, captured first place in Sunday's tournament at the Wayne Country Club.

Bender, Bruce Brecheisen and Matt Bauer were a trio of golfers who competed as a group from Baker University in Kansas — accompanying former Wayne State College basketball coach (now a Baker University Coach) Rick Weaver. They all placed high in the golf tournament event which drew at least 203 golfers from around the area.

Bender compiled a 39 score on the front nine, a 34 on the back nine and then a 37 in the championship nine-hole round to finish with a 110 — two over par.

Taking second place was Chad Kurlmel of West Point. Kurlmel shot a 35 on the first nine holes, 38 on the second round and a 38 in the championship flight for a 111 27-hole score. Brecheisen also finished the championship flight with a total hole score of 111, but finished third under the tournament's tie-breaker. Brecheisen had the lowest

score going into the championship flight, scoring a 71 on 18 holes (35 on the front, 36 on the back).

## Legion goes 2-1 in tourney

Baseball fans had their share of games to see this weekend as Wayne hosted its annual Wayne Legion Baseball Tournament at Overin Field.

Competing were teams from Wayne, O'Neill, Elkhorn and Wakefield. The Wayne Legion finished the round-robin tournament with a 2-1 record, defeating Elkhorn and Wakefield and losing to O'Neill.

During Saturday night's tilt with Elkhorn, Jeff Lutt tossed a nifty two-hitter as the Wayne Legion won by a 3-1 score. During those seven innings pitched, Lutt gave up a double in the first inning and a single in the seventh inning while striking out eight and walking just one Elkhorn batter.

Wayne scored the first runs in the game in the fifth inning. With one out, Kevin Hausmann started the rally with a single. Hausmann stole second base and then scored on a single by Jess Zeiss. Zeiss then scored on a double by Lutt and Wayne led Elkhorn by a 2-0 margin. In the sixth inning, Wayne added a run scored by the singling Cory Frye.

Elkhorn scored one run in the seventh inning, but Lutt closed the door on any rally by striking out the last batter he faced.

Wayne banged out seven hits, three of those by lead-off hitter

and team catcher Hausmann. Hausmann smacked three singles in the contest.

Second baseman Zeiss accounted for two more hits — a double and a single.

**IN THE NEXT** round-robin game, Wayne's Legion was stymied by O'Neill as they lost by a 11-1 margin. The game was shortened to six innings because of the 10-run rule.

Taking the loss, in going the distance, was Chad Metzler.

O'Neill scored three runs in the first inning, one in the third, one in the fourth, two in the fifth and four runs in the sixth to ice the victory. They were led by Dean Schneider who collected four of O'Neill's 11 hits.

Wayne could muster just three hits — one each by Rob Sweetland, Jarrod Wood and Jason Msrny.

The lone Wayne run came in the sixth inning when Lutt reached on an error and scored later on an error.

**THE LAST GAME** of the tournament featured a match between Wayne and Wakefield Legion teams. Wayne won the close contest, 4-3.

Wakefield, the visiting team, scored a run in the top of the first inning when Kneiff reached base on an error and then scored on a single by McQuistan.

The score was knotted at 1-1 when Wayne scored in the second inning after Zeiss singled and then scored on another single by Jason Msrny.

In the top of the fourth, Wakefield got back a run when Johnson walked and scored on an error.

Lutt came in to relieve Matt Peterson in the top of the fourth inning. Wakefield's Martinson singled off Lutt and then scored later to make the score 3-1 with Wayne trailing.

Wayne's big inning was the bottom of the fifth as they scored three runs to go ahead of Wakefield. Brian Moore and Peterson started things off by each drawing a walk. Hausmann and Greg Schmidt both singled, scoring Moore. Hausmann then scored on a perfectly executed squeeze bunt laid down by Zeiss. Schmidt came home then on an error on a ball hit by Frye.

Lutt pitched himself out of a jam in the Wakefield sixth inning and set the side down in order in the seventh to pick up the save for Peterson.

Wakefield had three hits in the game, two by Martinson. Wayne's Hausmann had two of Wayne's total five hits.

Next action for the Wayne Legion team is Thursday night against Creighton at Overin Field, with the game time at around 8 p.m.

**KEY CONTRIBUTORS** to Wayne Legion wins were Greg Schmidt, top left; Kevin Hausmann, top right; Jess Zeiss, bottom left; and Jeff Lutt, bottom right.

## Wayne girls win two in tournament

The Wayne 19 and Under girls softball team ran into some tough luck at this past weekend's Pender Round-Robin Tournament, winning two of the seven games they played.

In the first match-up Saturday played at Thurston, Wayne defeated always-tough Emerson by a close 16-15 margin. The lead went back and forth in this game. Wayne finally got a big enough lead to hold off the charging Emerson team.

Wayne rapped out 15 hits in the game, while Emerson had 10 hits.

—Leading the way for Wayne were Kristy Hansen, 2 for 4 with two doubles; Traci Gamble, 2 for 4 with one homer; Suzy Lutt, 3 for 3 with two doubles; Tonya Exleben, 2 for 3; Shannon Holdorf, 2 for 4 with a double; and Devanee Jensen, 2 for 2 with a double.

Dana Nelson, who pitched all of Wayne's games in the tournament, picked up the win.

Wayne's second game Saturday, also played at Thurston, ended in extra innings with the local team on the short end of a 10-8 score against host Pender.

Top hitters for Wayne were Gamble, 2 for 4 with a double; Suzy Lutt, 2 for 4; Leslie Keating, 2 for 4; and Jensen, 2 for 4. Wayne smacked 12 hits in the tournament game and Pender had 10 hits.

In another closely contested game Saturday at Thurston, Newcastle edged the Wayne seniors.

In this game, Hansen was 3 for

5 with a homerun; Gamble, 3 for 5 with a double; Tonya Exleben, 3 for 4; Suzy Lutt and Shannon Holdorf, both 2 for 4. Wayne out-hit Newcastle, 15-5 in the game.

Another one-run loss on Saturday was absorbed by the Wayne seniors as they lost to the Norfolk seniors by a 6-5 margin. Hansen and Gamble each paced the Wayne hitting attack with two hits each.

Wayne lost their first round game Sunday and then played West Point in Pender and won by a 15-13 score. The local team registered 13 hits to West Point's six in the contest.

Three players for Wayne had perfect games at the plate, led by Tonya Exleben's 4 for 4 performance that included two doubles and a triple. Shelley Gilliland and Shannon Holdorf each went a perfect 2 for 2 at the plate. Gamble hit .500, going 2 for 4.

In the final game for Wayne, Ponca defeated the local team by a 14-4 margin. Wayne got seven hits in the game, one each by Nelson, Suzy Lutt, Bruggeman, Keating, Gilliland, Shannon Holdorf and Tara Exleben.

After this past weekend, the Wayne 19 and Under girls record now stands at 4-5.

This upcoming weekend, the girls are competing in a tournament at York which will feature last year's Class C state champion Gresham. Other teams include four teams from Grand Island, York, Columbus, Bellwood of Lincoln, Central City, Wahoo and Wayne.

## State games funds stolen in Lincoln

Cornhusker State Games officials are trying to locate Nebraskans who submitted entries to the amateur sports festival between May 20 and May 26.

Checks accompanying approximately 200 entry forms were stolen from the Games operations center at State Fair Park over the Memorial Day weekend.

"About 130 of those entries had been processed, and the checks were awaiting deposit. We're trying to locate those entrants to tell them they will have to resubmit a check," Games Executive Director Tom Ash said.

Of greater concern, Ash said, is the loss of entry forms that were received in the mail Saturday, May 27. "There were 50 to 75 unprocessed entries, and we have no record of those applications.

"We're asking those who submitted entries during that week to

contact our office at 402-471-2544 for information on resubmitting entries or reissuing checks. There is virtually no chance that those original checks can be cashed.

The fifth annual multi-sport fes-

tival will be held in and around Lincoln July 10-16. Games official are expecting 18,000 competitors.

The entry deadline for tennis and all team sports is June 7. The deadline for all other sports is June 28.

# Midgets whip Ponca

The Wayne Midgets boosted their record to 6-0 last Friday night, crushing Ponca by a 17-5 margin.

Ponca was up 2-1 when the first inning ended. But from then on it was a Wayne slugfest as they rapped out 18 of their total 19 hits in the next four innings of the five-inning game.

Wayne's big push came in the second inning as they scored eight runs. Jeff Griesch started things by reaching on an error, Matt Bruggeman smacked a double and so did Jim Hoffman. Eric Cole and Trevor Wehrer hit back to back singles. After Chris Fredrickson and Rusty Hamer each stroked singles, Brian Lentz reached on a fielder's choice and Griesch drew a walk. Bruggeman and Hoffman each got their second hits of the inning — both singles — before the second inning came to an end.

After a silent third inning, Wayne exploded for six more runs in the fourth, highlighted by a home run shot by Lentz and doubles by Cory Wieseler and Wehrer.

They added two more runs in the top of the fifth. Bruggeman hit his second double of the game in that inning.

Lead-off hitter Wieseler also hit two doubles in the game and a single, going three for five. Bruggeman and Hoffman each had three hits, while Hamer, Cole and Wehrer collected two hits.

Griesch and Jason Ehrhardt each had a hit in the game.

Winning pitcher was Matt Bruggeman who went the distance and gave up five hits while striking out seven.

Next action for the Midgets is Thursday as they take on Creighton in a 6 p.m. starting time at Wayne's Overin Field.

**Medicine Storage Tips**

Proper storage of prescription and nonprescription medicines helps ensure their freshness and potency when medicines are taken. Here are six tips for storing and discarding medicines:

1. Do not store medicines in the bathroom. The moisture in bathrooms may speed the deterioration of many medicines.
2. Clean out all medicine storage areas at least once each year. Throw away medicines that are no longer being used.
3. Discard medicines that are outdated and discolored. If the medicine does not have an expiration date, throw it away after two years. Do not keep medicines that are not labeled.
4. Flush discarded medicines down the toilet. Do not leave medicines in the trash or other areas that are accessible to children and pets.
5. Do not purchase excessive quantities of medicine. Some medicines lose potency when stored for long periods of time.
6. Do not store medicines in automobile glove compartments. High temperatures during the summer months can reduce the potency of most medicines.

## The GOLDEN YEARS

By Lee Stone

Work as "a way of life" appeals to many seniors. 35,000 people responded to a survey of the American Association of Retired Persons. Money was cited as the most important reason for working by only 32 percent of those 62 or over. For 19 percent of those 62 or over, work itself is what they like. Others work to keep busy, to be with people, or to help others.

When residents of Pound Ridge, New York, prepared a public birthday celebration for Edith Waters, she commented: "I don't see why everyone is making such a fuss. Lots of people are turning 90—these days." But many people much younger aren't maintaining her pace. At the community library, where she has been a volunteer for 30 years, she's described as a "hard worker." She is active in her church where she is treasurer of the women's group, and she also transcribes books into Braille and delivers meals to shut-ins. "She has more energy than most '60-year-olds," says the church secretary.

Remember When? June 4, 1944 — Troops of the United States fifth Army captured Rome intact. It was the first European capital liberated from Nazi occupation in World War II.

law, 1989 land values would still have been adjusted from 1988 figures at lesser amounts for irrigated land and poor quality dryland, while top quality dryland and pasture land would have experienced an increase in land values.

LB 361 was considered a "short term remedy" that would value agricultural land on market value until the constitution could be amended, upon voter approval in 1990, to allow farmland valuations to be based on earning capacity. Some legislators believed that the earning capacity method provided more uniform valuations than the market value approach.

In 1984, Nebraska voters overwhelmingly approved a constitutional amendment allowing farmland valuations to be assessed on its earning capacity. But as court challenges arose because of another provision requiring uniformity in taxation, tax assessments were reduced on other classes of property (such as commercial or residential) to the value placed on agricultural land.

**THE WAYNE** County equalization board reluctantly approved the 94.29 percent of market value figure in complying with the law, adding that with the current dry spell the county is experiencing — now was not the time to increase the market value of the land.

Popshil also mentioned the unfairness of the law. He said some government entities base their budget on valuations. Because of this, some county taxpayers would be paying more than taxpayers in other counties for government entities such as Northeast Community College, Lower Elkhorn Natural Resource District or the Education Service Unit.

County Attorney Bob Ensz said that from a legal standpoint, establishing the 94.29 percent ratio for agriculture land market value which is proportionate to commercial and residential rates would be easier to work with when appeals are taken up in court.

If agriculture land was established at 90 percent of market value and residential-commercial property was assessed at 94.29 percent of market value, Ensz said it would raise the opportunity for residential or commercial property owners to come in and appeal their land values based on the fact that the percentages of market value were not equalized.

**ENSZ SAID** that property owners cannot protest the established percentage rate of market value to the board of equalization. The matter has to be taken up in district court.

Popshil said it has been recommended that the ratio not be lower than 90 percent and that the Department of Revenue has recommended that the ratio be established at 95 percent.

Notices of the rate changes will be sent out, by the county board, to owners of Wayne County agriculture land in the near future.

Below are what the land values per acre will be using the 94.29 percent of market value figures:

Irrigated land — 1A1, \$1,085; 1A, \$1,035; 2A1, \$895; 2A, \$800; 3A1, \$705; 3A, \$660; 4A1, \$520; 4A, \$375.

Dryland — 1D1, \$705; 1D, \$635; 2D1, \$605; 2D, \$540; 3D1, \$470; 3D, \$400; 4D1, \$335; 4D, \$305.

Pasture — 1P, \$285; 2P, \$260; 3P, \$190; 4P, \$95.

Also mentioned during the hearing was LB 84, a bill passed and signed that provides, upon application, a valuation reduction of 8.5 percent of assessed value for all property taxpayers. Homeowners will be eligible for an 8.5 percent assessed-value reduction, or a value reduction of \$5,400, whichever is greater.

That bill, which will provide an estimated \$98.1 million in property tax relief, expires after one year and applies to fiscal tax year 1989 and would provide tax relief dollars to property owners by 1990.

## The Farmer's Wife

By Pat Melerhenry

It's 9:30 on Sunday evening, and it is so still. I can hear cattle lowing, an insect singing, and the clock humming. There is no wind and, unfortunately, no clouds either. We've washed the pickup and two cars this weekend; and I've left some clothes on the line.

Potatoes are getting bushy. Corn is up. As I walked around he section this evening, I could spot new-mown hay in many places. Things still look green. But the dams are very low. The road is dusty. There are brown spots in the grass.

I hear worried sounds at church, calculating costs of rent, bean seed, insecticide, and herbicide. And I find the page in the prayer book entitled, "prayer at time of drought" and repeat the petitions it contains.

There was a large auction in Winside yesterday, and pickups lined the streets. They were selling the tools from the blacksmith shop. I thought of the lines about "the village smithy" and remembered Fritz.

Fritz Witt repaired machinery, tools, and toys for us for 40 years.

**THE BIG** Farmer, and his father before him, hated to throw anything away. So they took it to Fritz. And he could usually fix it. He was a genius, really. He'd lift his welding helmet, give a smile, and say, "Sure, I can do that."

Mike brought home a couple of wooden stools, and I asked what those were for. "Mostly sentiment," he guessed, as he unloaded them into his tool shed, "I spent many hours sitting on them, waiting for Fritz to weld something."

Kay moved into her own apartment his weekend, and the pickup made another trip. She just had to have her spring and mattress. So we sent another chest of drawers and her rocker.

We've moved a lot of furniture back and forth the past four years; and it dawned on me yesterday that both little air conditioners are gone and that each kid has a microwave. Amazing what things are considered necessities today.

When I moved here, I had a cedar chest. We ate off a card table, and watched a black and white TV.

**THERE WAS** one really special event this weekend. I sang for a wedding. The bride was an admitting clerk with whom I had worked many evenings, and the groom was a country doctor, from Elgin, Nebraska.

Both had been married before, are now middle aged, and have been kind of lonely. The nurse who

introduced them was a guest. The best man, maid of honor, and two ushers were his children; and there were even two little granddaughter flower girls.

Our eyes were moist as they exchanged vows; and I made up my mind I am never going to stop trying to match make! Sometimes it works.

Now, if there are any single men in their thirties reading this, the head nurse in dialysis is a cutie, and has personality tool. According to a friend of ours, this almost never happens. I've been newly inspired to keep working on this project, and I'll be personally screening all applicants.

## Counselor training concludes

Approximately 80 4-H'ers, ages 14-19, from 33 counties throughout Nebraska participated in the 28th annual State 4-H Camp Counselor Training, May 30-June 1. The training was held at the State 4-H Camp in Halsey, which is located in the beautiful Nebraska National Forest.

Camp Counselor Training is designed to provide youth counselors with the information and skills

needed to prepare them to assist with the local 4-H camping program later this summer.

Throughout the three-day program, youth counselors gained proficiency in camping safety, emergency preparedness and basic first aid. The teens learned how to work more effectively as a team and with younger 4-H members by participating in workshops on counseling, leadership and coop-

eration. Flag ceremonies, skits, nature exploration, campfire program, canoeing, outdoor games and recreation for groups are just a few of the learning experiences the counselors will bring back to the Wayne County 4-H camping program.

# Air Care comes to Winside

By Dianne Jaeger

Winside correspondent

The Marian Air Care Helicopter, out of Sioux City, Iowa, landed outside Winside's Ball Field on Sunday, June 4.

The twin engine copter was piloted by David Gordon, one of Marian Health Center's four full-time pilots contracted through Silver Star Aviation Inc. out of Texas.

Gordon, plus a nurse and paramedic accompanying him, explained to the adults and youth examining the craft just what its capabilities are and the procedures for using it.

The Air Care craft costs approximately 2.5 million and is

equipped with most emergency room equipment found in a hospital. It has twin engines but is capable of flying on just one. The craft has both standard and radar altimeters and has colored weather radar to detect the location and severity of storms.

A REGULAR crew consists of three — the pilot, flight nurse and a paramedic. The crew can carry as many as six persons or patients.

"It normally takes up to seven minutes, from the time we get the call, to be in the air," said Gordon. "We don't like to go more than 150 miles radius from home base, otherwise you are not as effective

cause you have to land to refuel and you lose valuable time."

"We can usually do a total of 300 miles on a tank of fuel, but it depends on the wind," he added.

Most hospitals today have facilities for the helicopter to land," said the pilot. "We go directly to the scene of many accidents.

Last month they made a total of 42 runs to a variety of accidents.

"We never make a decision whether to respond to a call based on financial capabilities. The pilot makes the decision if they go out depending on the weather and if he can fly from point A to point B and back safely," said Gordon.

"WE FLY in all kinds of weather except in hail. In the winter we keep the copter covered to keep ice off the blades and use heaters inside to keep everything warm," he said.

"Marian Health Centers Trauma Unit has doctors on staff 24 hours, so they're there and waiting for us when we arrive with a patient," he added.

The arrival of the helicopter was sponsored by the Winside Volunteer Rescue Squad. Members of area rescue units were invited to Winside for this demonstration and to obtain more information on accessing their service.
