# Thousands entertained at annual chicken galain Wayne

It was estimated that 6,000 people or more, and plenty of chickens, were in attendance at the ninth annual Wayne Chicken Show that took place this past week, with most of the events taking place at Wayne's Bressier Park.

Joel Vavra of Crete had every-one crowing with his National Cluck-off performance as he won the event for the third straight

This year's competition was fierce, as it featured Wayne's John Agler — who came back from retirement to try and win back the traveling trophy —and a strong contender in Bill Patrick from Vasser Michigan sar, Michigan.

Most of the chicken-related events took place on Saturday, July 8 at Bressler Park. Thousands lined Wayne's Main Street in the morning to see a long parade filled with floats, Shriner units, political figures and costumed entrants. A flyover of jets and several older model aircraft on display at the Wayne Airport began the 1989 parade.

Another popular event which drew a crowd was the free omelet feed Saturday morning sponsored by the Waldbaum Company of by the Waldbaum Company of Wakefield. Lines formed throughout the morning as many were supplied the tasty omelets. There were some Chicken Show events leading to Saturday. They included the Photography Show and the crowning of the Chickan A La King and Chicken A La Queen, with

#### Waste issue becomes budget topic By Chuck Hackenmiller Managing editor

Wayne City Council began work sessions early Wednesday morning on the city's 1989-90 budget proposal that was briefly discussed during Tuesday night's regular council meeting.

Prior to the budget discussion, the city council viewed a video concerning biodegradable and photodegradable waste and the disposal of such waste.

It was stated in the video that It was stated in the video that the Environmental Protection Agency estimates that a high per-centage of landfill waste is biodegradable. But they, the biodegradables, are not breaking down as fast as people believe they are.

In inspecting landfills, corn on e cob was still found and paper onev. 10 years later, was located. money, 10 years later, was lo Carrots have not become discol-ored and chicken on bones have not decomposed. Logos on paper cups are still readable.

City Administrator Phil Kloster addressed the city's current disposal of waste at the city transfer

We are going to be facing some significant solid waste prob-lems in the not too distant future, Kloster told the city council.

CURRENTLY most or the manufer station is taken to the Norfolk landfill by a kloster said that for **CURRENTLY** most of the waste Fremont firm. Kloster said that several years, the city has been getting by "much below the cost

of maintaining a landfill."
But in June there was a price increase, and Kloster said he is unsure if the Norfolk landfill will be

"We've known for some time that we would have to rehabilitate our transfer station. Someday, the transfer station could become a

transfer station could become a regional waste transfer station.

'The equipment installed at the city's transfer station some 11 years ago is nearly gone or shot. We should be looking seriously at what we should be doing to the transfer station," Kloster said.

"We're talking at around \$100,000 for the conversion of the transfer station. That is close to what we paid to build the thing," he said.

KLOSTER THEN talked about the proposed budget being rec-ommended to the city council for the 1989-90 fiscal year.

"The proposed budget for next year will be down 2.3 percent, or \$254,000," he said.

The proposed tax askings will remain the same as the last three ars, he said, and below what was ked for in 1985.

Among the big capital im-provement projects in the pro-posed budget are the transfer sta-tion work (\$100,000) and either the rehabilitation or new constructhe renabilitation or new construc-tion of a Wayne swimming pool (rehabilitation at \$300,000 or new construction, \$500,000). Rehabilitation of the swimming pool would add another 20 to 30

The budget reserve would be decreased in an effort to hold down property taxes. "If we're going to make an effort to hold property taxes, it has got to come from some place," Kloster said. Kloster said he does not project

any electric rate increases. Con-sumption of city water has been above projections and the city council could be looking at a de-crease in rates in late fall or early

HOWEVER, it appears wastew-ater sewer rates would have a slight increase "because we are not funding the depreciation properly," Kloster said.

In the video presented to the city council, mention was made of a study done in June, 1988 of a suburban landfill near Chicago showed that the major item at the landfill were phone books. A breakdown of items found at the landfill showed 36 percent was paper, 20 percent yard waste, 9 percent metals, 8 percent food wastes, 7 percent plastics and 11 percent other materials.

Corn starch added to the plascorn starch added to the plas-tics would make the biodegrad-ables more effective. However, the video presented the following-point: the existing problem con-cerns what we as a nation do with the product when finished with it. It is not the products that litter

# Legion teams makes history with O'Neill wins

By Kevin Peterson Sports Editor The Wayne Junior Legion team created a little history this week-end at O'Neill's annual round-robin tournament. It was the first time ever that Wayne's Legion team

went undefeated in the round-robin play and won it.

Wayne pitcher Jeff Lutt also joined an elite few from Wayne as he was credited with all three pitching victories. "That was the pitching victories. "That was the first time any pitcher from Wayne

since Earl Overin did it back in 1974, coach Hank Overin said. Wayne opened up play against Lexington and the Juniors took a

12-3 decision from the Lexington Juniors. Wayne pounded out 12 hits in the contest led by Matt Peterson's 3-5 outing. Peterson singled, doubled and homered in the contest. Jeff Lutt was not only credited with the pitching victory but he singled and homered as

but he singled and homered as well. Kevin Hausmann picked 'up a pair of singles while Greg Schmidt, Jason Mrsny, Rob Sweetland, Adam Mrsny and Tim Loberg all singled. In the second contest Wayne faced Wakefield. The locals had a little revenge on their mind from the Fourth of July contest between the two. Wayne avenced that loss the two. Wayne avenged that loss with a 13-11 victory.

Again Wayne blasted 12 hits with Jess Zeiss doing some of the major damage with a 3-3 outing including a single, double and a home run. Matt Peterson kept his power surge in tact with a 2-run home run, his second home run of the tournament.

Jason Mrsny and Jeff Lutt each had two singles for Wayne's only other batters with more than one hit as Kevin Hausmann doubled and Greg Schmidt, Rob Sweetland and Adam Mrsny all singled.

Wayne jumped out to a 4-2 lead after one inning of play only to have Wakefield score six in the second inning. Wayne responded though to tie the score at eight after two. Neither team scored in the third inning and Wayne led by one after the fourth inning. In the bottom of the fifth inning Wayne put some insurance runs across the with three more runs.

Wayne downs O'Neill

In what turned out to be the championship game Wayne avenged an earlier 10-run loss to O'Neill with a 10-9 victory. O'Neill led 5-3 after three innings of play but Wayne rallied to score five times in the fourth inning and added two runs in the sixth and final inning, then held off an O'Neill rally for the win.

Wayne mustered eight hits in where miscred eight hits in the contest but it was Jess Zeiss who notched more than one third of them as he enjoyed a 3-3 out-ing with a double and two singles. Jason Mrsny and Adam Mrsny also doubled in the contest while Gree Schmidt, Jeff Lutt and Chad Met

"The enthusiasm our kids showed really shined," Overin said. "They seem to be playing with a lot more dedication lately and the attention span is there for the

whole game."

Midgets go 2-1

The Midgets started off in a blaze at the O'Neill tournament outscoring their first two opponents by a combined score of 31-2. Wakefield was the first victim as Wayne blew them out by a 17-0 score.

score.

Brian Lentz picked up the win as he struck out four, walked just one and allowed just two hits. Wayne meanwhile, grounded out 13 hits led by Rusty Hamer's 4-4 outing including three singles and a double. A total of 10 Wayne players recorded hits as Cory Wieseler, Chris Fredrickson, Brian Lentz and Jim Hoffman all doubled and Jim Murphy, Jason Ehrhardt, Brian Hewitt, Trevor Wehrer and Brent Gamble all recorded singles.

Offensively Wayne was a force again as they pounded out 16 hits. Brian Lentz did a lot of damage as he went 4-4 with two singles and two doubles while Chris Fredrickson was a perfect 3-3 from the plate with a double and two singles. Jeff Griesch was 2-2 from the plate with a home run and a single and Eric Cole was a perfect 2-2 with a pair of singles.

Rusty Hamer, Matt Bruggeman, son Ehrhardt, Dave Hewitt, Jason Ehrhardt, Dave Hewitt, Trevor Wehrer and Derek Jensen all singled to account for Wayne's 16-hit attack.

#### Midgets lose to O'Neill

In the final contest Wayne's Midgets lost a 14-4 decision to O'Neill with Jeff Griesch receiving the loss from the mound. "It was a strange game," Overin said. "We outhit O'Neill 14-11 and lost by 10 runs." Incidentally, it was Wayne's worst loss of the season as the 17-3 Midgets had lest one are decision. 3 Midgets had lost one-run decisions to Creighton and South

combined score of 26-3.

In the opener on Saturday against Newcastle Robin Lutt pitched a 1-hit shut out in aiding Wayne to an .8-0 victory. Lutt struck out 13 Newcastle batters along the way. Offensively Wayne was led by Tracy Gamble's 2-4 outing with a double. Kristy Hansen also doubled for Wayne while Tonya Erxleben, Shelly Gilliland and Marnie Bruggeman all singled.

Wakefield the defense broke down and gave up a run but it was Wayne prevailing by a 9-1 count. Robin Lutt again picked up the pitching victory striking out five along the way. Lutt allowed only one Wakefield batter aboard with a legitimate hit.

Tracy Gamble was again an offensive catalyst for Wayne as she went 3-4 with a double. Tonya Erxleben and Shelly Gilliland each

laced a pair of singles while Dana Nelson and Robin Lutt reached base once apiece with singles. On Sunday Wayne began play against second seeded Pender. Wayne was on again as Robin Lutt struck out nine batters and led struck out nine batters and led Wayne to a 9-2 victory. "There's an eight run rule after five innings of eight run rule after five innings of play, in league tournament rules," Bailey said. "We were trying to do that and in the fourth and fifth in-nings we had runners in scoring position with no outs and could not get them accross."

Tracy Gamble went 2-3 with a double while Shelly Cilliland did likewise for Wayne and Leslie Keating and Robin Lutt each hit a pair of singles. Suzy Lutt hit a triple while Dana Nelson and Tonya

TONYA ERXLEBEN sildes safely into home plate during league tournament action held over the weekend at Overin Field. Erxleben was later injured and unable to continue play because of a knee injury. Wayne finished second in the tournament.

Erxleben reached base via a single.

Elements take toll

After defeating Pender all Wayne had to do was win one of its next two games against Ponca to be crowned not only the regular season champions of the league, but the league tournament cham pions as well

Well, things didn't work out so well for the local team as injuries plagued Wayne's chances of winning the tournament. In the opener against Ponca Wayne lost a close 5-3 decision.

"We just didn't hit the ball,"

Bailey said. "Ponca doesn't have that bad of a team but we didn't help ourselves any with our hitting." Add to that the fact that Robin Lutt had to be pulled from the game due to a recurring thigh muscle injury and Wayne was without its are nitcher.

out its ace pitcher.

At any rate, Wayne led 2-1 after four innings of play but Ponca scored three times in the fifth inning and never relinquished the lead. Tonya Erxleben went 2-3 with a triple in a losing effort.

In the championship game Wayne lost 9-5 and maybe Tonya Erxleben as well as she went down with a knee injury. Dana Nelson had two hits in the game while Tracy Gamble, Shannon Holdorf, Conya Erxleben, Shelly Gilliland, Leslie Keating and Marnie Bruggeman all singled.

school driving education program, under the proposed draft, will increase 24.73 percent.
Expenditures in the guidance

area nearly doubled, according to Haun, because of the addition of another guidance person at the Middle School and Elementary School. Supplies in this area also were projected to increase at the elementary and secondary schools. Furniture and equipment at the elementary school, in the guidance would increase from zero to

The Health Service area would increase approximately 38 percent, from \$2,900 budgeted last fiscal year to \$4,000 proposed for the 1989-90 budget.

OTHER PUPIL support services would decrease by .34 percent as would staff training and curriculum development by 2.27 percent.
The Library and Audio-Visual Services area would increase 6.29 percent.

According to the preliminary budget, the salary for the superintendent would increase from the budgeted amount of \$48,946 last fiscal year to \$52,143 for fiscal

989-90. Principals salary combined for both the elementary and middle schools would increase from \$71,900 to \$76,045. The \$71,900 to \$76,045. The secondary school principal's salary would be increased from last year's budget figure of \$40,646 to \$42,680 as proposed in the preliminary budget.

General business support would increase 13.31 percent; vehicle acquisition and maintenance, up 7.69 percent; plant operation, increased 8.58 percent; and plant maintenance would-be--up 2.01

It was proposed in the preliminary budget draft that there be an increase of 55 .59 percent in the regular pupil transportation area of the proposed budget. However, school board members decided to take out a \$30,000 new bus budet item which will make the total budget amount considerably less.

IN THE proposed budget of receipts for 1989-90, increases are projected in local district taxes, from the 1988-89 budgeted receipts of \$1.54 million to the pro-posed \$1.64 million — an increase of about 6 percent.

#### Freedom threat?

Firedom threat?
First, let me say, I have the utmost respect for veterans. My husband's father was in World War I, he was in World War II, and my son he was in World War II, and my son just spent 17 years in the U.S. Army. In no way would I ever denigrate the veterans of this country. Also, I have the greatest respect for "Old Glory" and am saddened to see some "nut" in Texas burn it.

However, the flag is made of cloth and to fiddle with the Constitution and make it a criminal act to burn it, is just not an act I want to see done. Too many peo-ple today are itching to get their hands on that Constitution that has stood for over 200 years; Constitution gives to us the f doms we now possess, even to the burning of a flag or two.

The flag will survive; our veterans have seen to that. It has survived many burnings and it will survive many more. But will the Constitution survive if we allow legislators to begin fiddling with it? The flag is a symbol -- no more. It stands and symbolizes freedom. I do not want to lose that freedom. Let us think about that.

The GOLDEN YEARS By Sel Holano

How old is old? In the 1930s, when the Social Security system was enacted, the age for starting retirement benefits was set at 65 -- based on a retirement program established half a century earlier in Germany. The thinking was that an employee started going downhill at about 60. But it's different today, according to Temple University gerontologist Morton Ward, M.D. Now, he says, we regard "those from age 65 to 74 as the young aged, and those age 75 and older as the old aged." The reason, he says, is that "the 65-year-old of today is in general a much younger, more energetic and vibrant per-

SEVEN RETIRED couples from throughout the U.S. area are building this Grace Lutheran Campus Ministry Center, which will be open not only just to Lutheran students but to all faiths as well. The builders are being assisted by volunteers from the Grace Lutheran congregation. At right, from left, is Grace Lutheran Church Pastor Jim Pennington and Bob Kroenke, foreman of the project.

# Campus ministry under construction

By Chuck Hackenmiller Managing editor

A Center for Campus Ministry, being constructed for Grace Lutheran Church just south of the Wayne State College Willow Bowl, is no ordinary building project.

It is being built by retired couples from all parts of the nation who are members of "Laborers for Christ" and they are being assisted by Grace Lutheran volunteers.

The "Laborers for Christ" couples come from California, Oklahoma, Texas, South Dakota and Iowa. The foreman of the project, Bob Kroenke, and his wife, Lois, are from Alvin, Wisconsin.

These seven couples work six days a week building churches or church-related structures for minimum wage. The average age of the crew working on the Wayne campus ministry facility is 68, with the oldest being about 74 years

THEIR PREVIOUS occupations vary. One worked for DeKalb and another was employed by the

Lennox Corporation. Another was a chemical engineer in Oklahoma. Several are farmers.

Kroenke, a former building contractor, has the most experience of the crew in building projects such as that being done for Grace Lutheran. What the couples lack in experience, they make up for in dedication and

"They are all here because they want to be here. We're not here for the paycheck. Our attitude is to serve Christ and to serve the Kingdom," Kroenke said.

Kroenke and Lois reside in a trailer that sits on the building site. The remaining couples have made temporary homes at Wayne Lions Club and other locations in the community.

The new Center for Campus Ministry will serve all students on campus. It can be used for devotions, bible study meetings and fellowship activities. The building also will contain an efficiency apartment which will be the home of the caretakers of the facility.

GRACE Lutheran Church Pastor Jim Pennington said a house, located just west of the Wayne Greenhouse, had been used for the Grace Lutheran Campus Ministry. But it was decided that it would not be in the best interest to remodel the house.

"We have a large Campus Ministry, some 50 to 60 students, so there was a need for larger rooms. This new facility will add a nice presence on the Wayne State campus," Pennington said. Construction costs of the facility will also be greatly reduced because of the "Laborers for Christ" acceptance of minimum wage to build the campus ministry structure.

The plan for the new Grace Lutheran Campus Ministry Center was drawn up by a Lincoln architectural firm. It was up to the couples, and to outside contracts doing the masonry and electrical work, to fulfill the construction of the new building which is a little over half completed. The building will feature a large general purpose room, a small meeting room or study room, a bathrooms and the apartment for the caretaker

KROENKE said that this is his seventh project as foreman with the "Laborers for Christ" group, a Lutheran Church Missouri Synod organization. He has participated in eight total building projects. Six of the new structures have been churches, another an office building.

The next job which he will

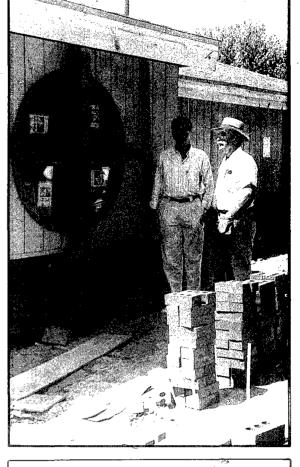

preside as foreman will be in Hattisburg, Mississippi where a crew of retired couples — most likely not the same coupl working on the Wayne structure will build a fellowship facility.

Kroenke had some nice words to say community. about the Wayne

"This is a great place. I was impressed with the community when I came to meet with the people here in January. It is a nice clean town and everyone seems so. friendly," said Kroenke.

Pennington said a dedication of the Center for Campus Ministry will take place Sept. 10. "The Center will be ready to go before then, however," he said.

The construction is being funded by the Nebraska District Headquarters of the Lutheran Church Missouri Synod that is based in Seward.

Dandruff -Not caused by poor hygiene

Dandruff is not a disease and is not caused by poor hygiene (although not washing the hair and scalp can worsen the condition). There is no inflammation (redness), but itching sometimes occurs. Seborrhea may resemble dandruff but usually is more severe. In seborrhea. the shedding rate of the scalp's skin cells is higher than with dandruff, and inflammation may be present. The face, ears, and chest also may be affected.

Dandruff may sometimes be controlled with frequent use of a nonmedicated shampoo. More stubborn cases usually respond to a nonprescription medicated shampoo containing one of several effective anti-dandruff in-gredients (ask us for a recommendation). Seborrhea may require a prescrip-tion medicine containing an inflammation-fighting
