

Dr. Pearl Hansen

An honor

WAYNE-Dr. Pearl Hansen, associate professor of art at Wayne State College, has been named the Nebraska Art Educator of the Year.

The award was announced recently at the Nebraska Art Teacher Association Conference. It is given for outstanding contributions and research in art education in the western region. The official acceptance of the award will be in April at the National Art Education Conference in Kansas City.

"Pearl has always been known for her energy and dedication to her students," says Dr. Jay O'Leary, division head of Fine Arts at Wayne State. "She has done continual research to improve her classes, and nobody is more deserving of this award than Pearl."

Hansen, who came to Wayne State in 1976, earned her bachelor of fine arts degree in education from Wayne State, her master's from Kansas State University, and her Ph.D from the University of Nebraska.

Paper schedule

WAYNE-There will be a change in the Wayne Herald and Marketer publication schedule because of the upcoming Thanksgiving Holiday. The Thursday newspaper will be printed on Tuesday instead of Wednesday.

Deadline for all news items or advertisements for the Nov. 23 newspaper should be in our office by 3 p.m. on Monday.

Fund raiser

WAYNE-The Wayne Rotary Club is announcing its first major fund raiser for Thursday, Nov. 30.

All other benefits undertaken have been for worthy causes, such as polio plus and Haven House. "There are several things we would like to do for the community," according to President Galen Wiser, "but we are unable to do these things without some sort of activity to increase our treasury."

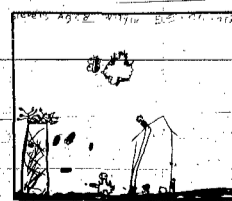

"Homemade chili and chicken noodle soup and homemade pie will be served plus a drink in what will be our first annual Soup and Pie Supper," said Wiser.

The event will take place in the Women's Club Room of the Wayne City Auditorium from 5 to 7:30 p.m. and the cost will be \$3.50 regardless of age. They are sharing the room with Bonna Barner and her House of Lloyds gift display and the opening night of the Fantasy Forest in the auditorium.

Tickets are on sale from any Wayne Rotarian and at the door.

Band concert

WAYNE-The Wayne Middle School, Wayne-Carroll High School Band Concert has been scheduled for Tuesday, Nov. 21, 7:30 p.m. at Ramsey Theatre on the Wayne State College campus. There is no admission charge and the public is welcome to attend.

Wayne Elementary Extended Weather Forecast: Monday through Wednesday, mainly dry and mild; highs, 50s; lows, mid-20s to mid-30s.

Tobacco toss

"PITCH IN WITH US FOR YOUR HEALTH" was the theme of the National Smokeout event that took place Thursday at Sav-Mor Pharmacy in Wayne. Will Davis, owner of Sav-Mor had a large garbage container full of tobacco products which he took off his business shelves. He will sell tobacco products no longer. Above, he throws the tobacco products into the Mrsny Sanitation refuse hauling truck where the tobacco products are crushed. Others were invited to get rid of their cigarettes — and their smoking habits.

Adult Basic Education program promoted

By Chuck Hackenmiller
Managing editor

"Don't let tomorrow pass you by. If the door to your future is locked, education is the key."

That quote is on a brochure that tells of the Adult Basic Education (ABE) program offered through Northeast Community College in Norfolk.

Both Martha Svoboda of Wayne, volunteer coordinator for the Adult Basic Education Program in Wayne, and Jeannette Carlson, Adult Basic Education and General Education Diploma (GED) instructor, agree there is a need for this type of program in Wayne and the surrounding area.

Carlson meets with ABE-GED students every Tuesday evening from 7 to 9 p.m. — from September to May. Their place of meeting is at Wayne-Carroll High School.

THE PROGRAM is open to any

one 16 years of age or older who needs basic skills and is not enrolled in school. There is no cost to enroll in the program and the students can start any time during the program period, according to Svoboda.

"The students can go at their own speed. We've had one student finish the program in two months. Some go six months to a year. We've had one who has been with us for at least six years now, going at the pace desired. It all depends on their needs," said Carlson.

Students are provided an opportunity to learn writing, reading, spelling and mathematic skills and improve adult living skills. They also are provided opportunities in other areas, such as polishing English language skills or studying to become a U.S. citizen.

Carlson said some enroll in the program not to earn a GED diploma, but just to improve skills in

the subjects offered through ABE. "The program is open to anyone that would like to get a diploma or to brush up on basic skills," said Svoboda.

Those students who participate in the program have not finished their high school education or have not gained a diploma for a variety of reasons. Some had to quit high school to work at home. Some married. Some students became pregnant before finishing high school and they could not finish out the school year.

Some quit because they could not adjust to high school rules and regulations. "They have come back because they have found that in trying to find jobs, they need that high school diploma," said Carlson.

"With the computer age here, these students will have to be able to read commands and learn other

Council approves interlocal agreements

By Chuck Hackenmiller
Managing editor

Wayne City Council approved two interlocal agreements Tuesday night — one with the city of Carroll and the other with the Wayne-Carroll School District.

A resolution was passed by the city council to establish an interlocal agreement between the village of Carroll and the city of Wayne for services of certified water and wastewater personnel.

City-Administrator Phil Kloster said the Carroll village board has already approved the agreement. "They have a need for a certified water and wastewater person and they have asked that we provide the service to them in exchange for them covering the cost of those services," Kloster said. The interlocal agreement be-

tween the city and the school dealt mainly with recreational arrangements.

The city's basketball program will be allowed to use the school district's facilities on Saturdays in January and February. In addition, the recreation basketball program will be able to use the elementary gym facilities on those nights that the school district used the city auditorium on Wednesday nights for freshman basketball practice. The city will furnish two aides for supervision purposes on each day the basketball program uses the school district's facilities and the school district will provide supervisory personnel during each session it uses the city auditorium.

Wayne-Carroll will be allowed to use the city auditorium during 1989-90 a maximum eight dates. The school district would agree to

make improvements to the show-ers in the city auditorium to place them in proper operating condition, and would also agree to add sufficient practice basketball hoops at the city auditorium as are sufficient for practice sessions for the basketball program.

The city council also: — Reviewed fire department membership applications of Robbie Gamble, Dan Gross and Bill Melena.

— Granted a special designated liquor permit to the V.F.W. for a dance following the Pork Producers Feed at the National Guard Armory.

— And approved an ordinance directing the sale of one of the secured lots in the Western Heights 2nd Subdivision in Wayne.

School to participate in 1989-90 choice law

By Chuck Hackenmiller
Managing editor

Wayne-Carroll Board of Education voted Tuesday evening to participate in the first year of the parental choice bill for school year 1990-91.

Just what guidelines they will establish during that first year will be discussed at the December school board meeting.

The school board looked at four choices — to table the entire matter until the December meeting; to totally reject participation for 1990-91; to participate per the current rules; or to participate if the 1990 legislature amends the cost per pupil allowance.

Board members were reviewing the options of LB 183, a law that allows students to attend a school district other than the resident district. The law specifies a four-year phase-in period.

IN THE FIRST year (1990-91), procedure is voluntary for both the option school district and the resident school district. Both school districts must agree to the transfer. Wayne-Carroll has committed itself to participating in the program the first year.

The second year (1991-92), resident school districts must allow up to 5 percent of their students to participate in the program; the option district's participation is voluntary. The option school district's participation is voluntary in the third year (1992-93) of the program, too, and the resident district must allow up to 10 percent of their students to transfer.

In the fourth year of the phase-in program, the law must be implemented by all school districts.

Superintendent Francis Haun

said the board's philosophy is that if a child can benefit from anything that the Wayne-Carroll School District has to offer, then the child should be able to receive that benefit.

It was uncertain, at that Tuesday evening meeting, whether the school board would limit acceptance of students from resident districts, Haun mentioned. One option the school board discussed in the first year of the program would be accepting only Middle School or High School students since the Elementary School is crowded now, Haun said.

HAUN SAID it appears the legislature will be amending the cost per pupil allowance before the 1990-91 school year starts.

At present, students who come to Wayne-Carroll School District on a per choice basis would be enrolling at a lower pupil cost than what the current per pupil cost is within the school district itself. Haun earlier said this would not be fair to those paying non-resident tuition who would be paying a higher per pupil cost rather than the "per choice" basis.

In other action, the board of education:

— Received information on parent-teacher conference attendance. At Wayne-Carroll Elementary, attendance was at 98.98 percent. Carroll Elementary was attended by 100 percent.

Attendance at the Middle School was 79 percent, fifth grade; 73 percent, sixth grade; 80 percent, seventh grade; and 60 percent, eighth grade.

At the high school, attendance was 61 percent for ninth grade; 60 percent for 10th grade; 60 percent for 11th grade; and 45 percent for 12th grade.

POLICY ON WEDDINGS

The Wayne Herald welcomes news accounts and photographs of weddings involving families living in the Wayne area.

We feel there is wide spread interest in local area weddings and are happy to make space available for their publication.

Because our readers are interested in current news, all weddings and/or photographs offered for publication in The Wayne Herald must be in our office within 15 days after the date of the ceremony (no exceptions for holidays). There will be a \$10.00 flat fee for stories and/or photographs submitted after that time (up to two months).

Wedding photos to be returned should include a stamped, self-addressed envelope.

Ladies Aid schedules Christmas luncheon

Grace Lutheran Ladies Aid will meet for a carry-in luncheon on Dec. 13 at 12:30 p.m. at the church. Each member is asked to bring a guest and one dish, either a hot dish, salad or dessert.

Each member also is asked to bring a half dozen cookies which will be delivered to shut-ins.

The Christmas offering will go to Camp Luther.

THE LADIES AID met Nov. 8 with 49 members and one guest present. Hostesses were Esther Ekberg, Agnes Pfeil and Kathy Stoltenberg.

Bonnadell Koch led opening devotions, entitled "The Fruit of the Spirit is...Kindness," and President Joann Temme called the meeting to order. Delores Utecht was welcomed as a new member.

It was decided to send the finished quilts and the clothing that

has been collected to Project Hope in Omaha.

Christmas cards were available after the meeting and will also be available after Sunday services following Thanksgiving.

Quilting will be done on Nov. 30 at 1:30 p.m. in the church basement. There will be no quilting in December.

JOANN TEMME reported on Rally Day held Oct. 21 in South Sioux City. A poll was taken of Grace members who felt there would have been better attendance if the rally were held on a weekday.

New officers were elected and include Irene Victor, president; Bonnadell Koch, first vice president; Esther Baker, second vice president; Irene Temme, secretary; and Esther Hansen, treasurer.

Klick and Klatter Club marks 35th anniversary

Klick and Klatter Home Extension Club celebrated its 35th anniversary on Nov. 14 with dinner at the Normandy Hunt Club in Sioux City.

Drivers were Orvella Blomenkamp, Marcella Larson and Lee Moller.

Thirteen answered roll call with a club event they remembered as a member.

A MEMBERSHIP recognition certificate was viewed and charter members Marvel Corbit and Barbara Sievers were recognized.

Minutes and roll call were read from the first two meetings, along with the lessons for 1954-55.

The club was organized Oct. 8, 1954. The first meeting, with election of officers, was held Nov. 11, 1954. Fourteen members attended.

IT WAS ANNOUNCED seven members attended Achievement Day on Nov. 9 in Wayne. Klick and Klatter Club furnished a dessert and was in charge of the serving table and table service. The committee was Viola Meyer, Joyce Niemann and Irene Victor.

Klick and Klatter received an honorable mention certificate for attendance at the spring tea. Marian Jordan received the table centerpiece.

Ruth Fleer was honored for 30 years membership and Barbara Sievers for 35 years membership.

A MEMORIAL was given for Harvey Beck and a 50th anniversary gift was presented to Orvella and Ralph Blomenkamp.

The club's next meeting will be Dec. 12 at noon at the Black Knight. There will be a gift exchange.

Winside twirler wins state solo competition

Winside baton twirler Kim Damme, 20-year-old daughter of LeRoy and Eileen Damme, won the top Nebraska State solo championship title and trophy for the fourth time at the 1989 Nebraska State NBTA Championships held Nov. 11 in Omaha.

Kim is now qualified for national competition next year.

She also won the State Show Twirl trophy with her hillbilly number and the State Duet honor with her 11-year-old sister Kay Damme. They also won first with their duet in the Open Contest following the state competition.

KIM WAS named runner-up in the State Two Baton division and placed third in the State Strut and "Miss Heartland" (modeling) divisions, receiving trophies in all categories.

In the Open Contest, Kim won a first place trophy in strutting and a second place ribbon in solo.

As the advanced senior state winner, she was chosen to present her solo routine at the awards ceremony.

Kay Damme won the runner-up state "Miss Heartland" trophy, in addition to the State Duet title and Open duet win with her sister Kim.

Kim Damme

Both girls brought home a total of 11 trophies and one ribbon.

BECKY FORSBERG, 11, daughter of Dennis and Donna Forsberg of Laurel, won two ribbons in the Open Contest, placing second in the Novice Solo division and fourth in the Novice Basic Strut.

She also participated in the state championships.

Wayne State College students to be listed in 1990 'Who's Who'

Fifty-four Wayne State College students who have been selected as national outstanding campus leaders will be included in the 1990 edition of "Who's Who Among Students in American Universities and Colleges."

Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievements, service to the community, leadership in extracurricular activities and potential for continued success.

They join an elite group of students selected from more than 1,400 institutions of higher learning in all 50 states, the Districts of

Columbia and several foreign nations.

Outstanding students have been honored in the annual directory since it was first published in 1934.

Area students selected include Rhonda Bloom, Laurel; Tom Nissen, Marc Rahn and Terry Reeg, all of Wayne; and Paul Pearson, Wakefield.

Four Bears make it

All Area Volleyball Team released

By Kevin Peterson
Sports Editor

Twelve area volleyball girls have been named to the Annual Wayne Herald All-Area Volleyball Team for 1989. Laurel sports the most on the squad with four while Allen, Wakefield, Winside and Wayne all had two each on the team.

The All Area Team selections were made by the Wayne Herald sports staff based on coaches comments and nominations. Selections were also based on games seen by the Wayne Herald sports staff so with out further ado, here is the 1989 Wayne Herald All Area Team.

Teresa Ellis
Sr. Wayne-Carroll
Ellis was one of the most phenomenal high school athletes in the area this season and with her 100 percent hustle and desire in every match, she was an automatic shoe in for the annual squad. Ellis did what ever it took to help the Blue Devils out whether it be setting, spiking or serving.

Heidi Reeg
Sr. Wayne-Carroll
Reeg is the second and last Blue Devil to make the all area team for 1989. Although Reeg was injured and didn't play in several games, her presence when she was in, lifted the Blue Devils from a psychological stand point. Reeg was Wayne's leading spiker on the season.

Cindy Chase
So. Allen
Every once in a while an area team comes across an athlete who is just naturally talented. Allen's Cindy Chase falls into that category. Chase is another of those athletes that does what ever is needed to win whether it be from a big spike, an ace serve or a set assist. Allen had a young team this year but with Chase and other sophomore Denise Boyle, the Ea-

gles just may be flying high during the next couple years.

Carla Stapleton
Sr. Allen
Stapleton was one of the few seniors on the Eagle team this season and her job mainly consisted of setting the ball to spikers Cindy Chase, Stephanie Carlson, Leslie Lson and others. The key to Stapleton's success this season was her consistency of always having a good set.

Tina Hartmann
Sr. Winside
Hartmann played her last season as a Winside Wildcat to the fullest as she enjoyed her best year on the volleyball team. Hartmann was one of the leading area setters and her hustle on the court and leadership was unparalleled. With the coming of Kelly Pitchler, Hartmann was also able to enjoy other facets of the game this season like spiking and she made the most of it.

Jenny Jacobsen
So. Winside
Speaking of just naturally talented athletes, you need to look no further than Winside's Jenny Jacobsen. Everyone knows about her track success last year as a freshman but the lady can play volleyball too. Jacobsen tied a state record in Class D this year with 25 kill spikes in one match.

Jess Robins
Sr. Wakefield
One of the most experienced teams in the area this year was Allen as they sported eight seniors on the team, the most in the area. Jess Robins was the Trojans big play person, often coming up with a spike which turned the momentum in Wakefield's advantage. Robins led the team in spiking during her senior year.

Julie Greve
Sr. Wakefield
McCorkindale is the fourth of the Laurel Bear team which made

Greve did a fine job all year long of doing what it takes to win. The senior could do it all for Paul Eaton's Trojans including spiking, setting and serving and she was consistently good in all three categories. With eight seniors on the team it's hard to come up with just two players that stood out because Wakefield had a lot, but these two reached that upper echelon to make the all area team.

Amy Adkins
Sr. Laurel-Concord
Laurel had a unique team this season. They too, had several seniors and they made the most of it until the district final where they met the eventual state champions in Hartington Cedar Catholic, who by the way was playing in Class C for the first time this season.

Adkins is not an overly tall person but she was one of the most potent spikers in the area.

Amy Newton
Sr. Laurel-Concord
Amy Newton was Laurel's setter and anyone that takes setting for granted has never set a volleyball. It takes precision and timing and we'll even add instinct. Newton was undoubtedly one of the best setters in the area. She had the ability to set a ball clear across the court time and time again.

Shana Carstensen
Sr. Laurel-Concord
Carstensen is another of those not to tall volleyball players with a potent punch. She was also one of the top servers on the team and she often came up with big plays which boosted the Bears. Carstensen along with Adkins were the only two area girls which made a return trip to the all area team.

Sherri McCorkindale
Sr. Laurel-Concord
McCorkindale is the fourth of the Laurel Bear team which made

the all area team. McCorkindale had great deception for the Bears and she was another of the athletes that did what ever it took to win. McCorkindale could always be counted on to come up with a big serve or a spike for Carol Mangano's Bears.

Honorable Mention
Deanna Schluns, Junior-Wayne
Erin Pick, freshman-Wayne
Kelly Pitchler, Junior-Winside
Shannon Holdorf, Junior-Winside
Stephanie Carlson, senior-Allen
Denise Boyle, sophomore-Allen
Cath Larson, senior-Wakefield
Laurie Plendl, senior-Wakefield

Sports Briefs

Wrestling Club to meet

WAYNE-There will be a wrestling club meeting on Monday, Nov. 20th at 7 p.m. This meeting will be held at the high school in room 101. Parents of wrestlers as well as other adults interested in promoting wrestling are encouraged to attend.

Following the meeting, there will be an Open House for wrestling in the gym at 8 p.m. The Open House will include an explanation of the sport, introduction of team members and demonstrations.

Football season complete

WAYNE-The Wayne State football team finished the 1989 season with a 4-7 record overall, the school's best finish in the last four years. Only two seniors, defensive backs Glen Sutton and Rony Woodard, finished their playing careers at Wayne State.

Lawton's 1,037 yards passing in 1989 ranks him 11th on the season list in the Wayne State record book. His 806 yards rushing is tied for 8th on the season list and tied for 16th on the career rushing list. Troy Jackson's 907 yards is 5th on the all-time list and ranks him 13th on the career rushing list.

Bob Sterba led the team in tackles this year with 131 followed by Randy Rouse's 88. Punter Jeff Pasold finished the year with a 39.1 per punt average and had been ranked as high as 8th in the nation in that category.

Season tickets on sale

WAYNE-Basketball season tickets for the Wayne State men's and women's home games remain on sale at the Wayne State athletic department. Tickets for reserved seats for all of the men's and women's home games are \$50 each. The men's team plays in Rice Auditorium 10 times while the women's team will have eight home contests.

For more information on the season tickets, contact the Wayne State athletic office at 375-2200, ext. 520.

City rec basketball approaching

WAYNE-City recreational basketball practices for "A", "B", "C" and the newly formed "D" league will begin on Monday, December 4th from 7-10 p.m. at the City Auditorium.

The "A" league will practice on Mondays and all games will be on Mondays. The "B" league will again go on Tuesdays and the "C" and "D" leagues will be on Wednesday nights.

"A" league will begin December 4th, with two practice sessions, 7-8:30 p.m. and 8:30-10 p.m. The first practice session is for all men between the ages of 19 and 26 who have never played city league basketball in Wayne before and for those who have played but were not contacted by Hank Overin or Jere Morris.

The second session is for those who have played and were contacted by Hank Overin and Jere Morris.

The "B" league will begin practice on the 5th of December with two practice sessions again from 7:00-8:30 p.m. and 8:30-10 p.m. Again the first practice is for those who haven't played in "B" league before and for those who have played but were not contacted by Hank Overin or Jere Morris.

The second session is for those who have played "B" league before and have been contacted by Hank Overin or Jere Morris. "B" league is for men between the ages of 27-35.

On Wednesday the 6th, the "C" league will have just one practice and that will run from 8:30-10 p.m. The "D" league will have their 3-on-3 practices from 6:30-7:30 and from 7:30-8:30 p.m. the same night.

These practices will be on the same week night every week until January when teams are picked and the season begins. There will be a \$20 donation fee to cover expenses. All players must pay the \$20 to be eligible to play. For more information contact Hank Overin or Jere Morris.

Turn in equipment

WAYNE-All boys that went out for city recreation football under the direction of Hank Overin and Jere Morris are urged to turn in their uniforms. The uniforms should be turned in at the Wayne Middle Center or to the City Auditorium if the middle center door is locked.

Those who have not turned in uniforms may do so on Thursday, Friday or Saturday night from 7-10 p.m. at the middle center. Please do not leave uniform in front of door if door is locked.

AREA BOOSTERS

A meeting of the Winside Area Boosters will be held tomorrow evening (Tuesday) at the Winside fire hall at 7:30 p.m.

Winside's 1989-90 outstanding citizen will be revealed during this meeting. Any group or organization who would like assistance from the Boosters should attend and make its request or contact VerNeal Marotz, president.

The Winside Area Boosters was organized in 1987 with the purpose to promote Winside and the surrounding area, to bring about a greater understanding of the area's needs and to assist and participate in such functions as the centennial, Old Settlers or any other functions that have asked for assistance and been approved by said organization.

Current officers are VerNeal Marotz, president; Darci Frahm, vice president elect; Melanie Mann, secretary; and Dwight Oberle, treasurer.

Membership is open to anyone in the Winside area. All residents are encouraged to attend.

LEGION AUXILIARY

Rose Janke conducted the Monday Roy Reed American Legion Auxiliary meeting with 14 members and one new member, Yleen Cowan, present.

Audrey Quinn, chaplain, led in prayer. The flag salute and preamble was said and one verse of the Star Spangle Banner sung. The September secretary and treasurer reports were given. A letter from the District 3 present was received, selecting "over the bed lights" for the Norfolk Veterans Home as this year's project.

Goldie Selders reported on the October county convention and Audrey Quinn reported on the school veterans program.

Annual donations were appointed for Chapel of Four Chaplains, Little Red School House, Gift Shop, Special Olympics, Gold Star, Child Welfare, Gifts for Yanks and the District 3 project.

Poppies will be ordered. March 16 at 2 p.m. was the date set for the annual Norfolk Veterans bingo. Shirley Fleer and Gladys Gaebler served lunch.

The next meeting will be a 6:30 p.m. Christmas potluck supper for all Auxiliary members at the Legion Hall.

CHOLESTEROL SCREENING

A cholesterol screening is scheduled at the Winside Legion Hall today (Monday) from 9 a.m. to noon. The cost to each person is \$4. This is to cover the expense of medical supplies used for the test and for the use of the machine. The Northern Nebraska Emergency Medical Services Council is providing the nurses to do the screening. With a simple prick of your finger and a few minutes of your time, you are told your blood cholesterol level. If your blood cholesterol level is above normal limits, the nurse/dietician will refer you to your physician and give you helpful hints on how to reduce your blood cholesterol level. Since this is a test for "total cholesterol" value, no fasting is required prior to the test.

BEAR CUB SCOUTS

Seven Bear Cub Scouts met Tuesday with leader Joni Jaeger. Sam Schrant shared his animal foot prints and Doug Aulner shared his Batman card collection. They went on a field trip to the post office

and bank for the lesson "Information Please" and "Saving Well and Spending Well."

Pack 179, in conjunction with the Boy Scouts of America, will participate in a nation wide sale of popcorn to raise funds for camp. Rural Laurel youth state 4-H delegate

Kristine Kvols of rural Laurel will be a state 4-H delegate to the National 4-H Congress in Chicago during the first week of December.

She was the Nebraska 4-H Horse Division winner in 1989. The 1988 light horse project had an enrollment of 3,637 youth in Nebraska.

The American Quarter Horse Association is the national donor for this program area. Nationally, they are providing six \$1,000 scholarships and six trips to National 4-H Congress.

The Cedar County 4-H Council has awarded Kvols with a \$100 scholarship to help with trip expenses. She is the daughter of Jim and Judy Kvols and she has been a 4-H member for nine years. She has completed 84 projects — including safety, foods, clothing, gardening, photography, leadership, light horse, child care, small animals, home living and teen scene.

She also has participated in public speaking, demonstrations, style revue, camp and judging and was also named Outstanding Cedar County 4-H member in 1989.

Kristine Kvols

Kvols has been active in community, church and school activities. She is currently a member of the Laurel Bit & Bridle 4-H Club.

FDA gives alert

The state director of health has issued an alert to Nebraska consumers about a food supplement sold in health food stores and supermarkets that has been linked to a serious blood disorder.

In conjunction with an alert issued by the Food and Drug Administration, Dr. Gregg Wright, director of the state Health Department, advises individuals taking L-tryptophan to discontinue use of the product pending an investigation by the FDA.

Over 200 cases of eosinophilia in 22 states have been reported in people who use L-tryptophan. Eosinophilia is a blood condition marked by muscle and joint pain, swelling, fever and skin rash.

Although no cases of the blood disorder have been reported in Nebraska in individuals who use the product, some stores in the state reportedly have L-tryptophan on their shelves. Stores carrying it are asked to remove it from sale pending the FDA's investigation.

People taking the product who are experiencing symptoms should contact their doctors, said Dr. Wright. Physicians who have patients with eosinophilia who take L-tryptophan are asked to report the cases to the Health Department.

L-tryptophan is a diet supplement often used by people for sleeping difficulties and premenstrual syndrome.

HAZEL BLATCHFORD DIXON CORRESPONDENT

Gathering news of social activities and local events each week in Dixon and the surrounding area is the job of Hazel Blatchford, Dixon correspondent for The Wayne Herald. Mrs. Blatchford has served as the Wayne Herald correspondent in Dixon for over 20 years, beginning her employment in October 1968. She also was an Amway salesman and did babysitting. She and her husband, Dudley, have resided on their present farm 10 miles northeast of Dixon for nearly 35 years and are members of the Gospel Chapel in Newcastle. Dudley is retired from farming. They are the parents of one son, David, who resides in Bath, Ill. with his wife Mary and daughters Kristen and Kari. Mrs. Blatchford said she especially enjoys serving as the Dixon correspondent because she likes to visit with friends and neighbors on the telephone. She also enjoys reading, stamp collecting and traveling.

For Your Information

Question: 1. Is the juvenile detention center concept at the Wayne County Jail working well, despite the recent escapes? What are we looking at, in tax dollars, down the road to support this concept?

Answer:

A. 1. The Wayne County Juvenile Detention Center will complete its first year of operation in about three weeks.

Wayne County now has contracts with about 20 other counties in northeast Nebraska to hold only juveniles in order that we all may come into compliance with the legal guidelines set down by our federal government's office of Juvenile Justice and Delinquency Prevention.

The Wayne facility is a juvenile holdover that provides a jail-type setting for juveniles awaiting court hearings, sentencings or placement in foster care or permanent detention at the State's Youth Centers.

We will have held about 350 juvenile book-ins this year from northeast Nebraska and about six out-state counties. The average daily population is at about eight and the average length of stay is about eight days.

The concept has worked very well and other areas of the state are looking at making similar arrangements.

A federal grant was secured for the first year of this project in the amount of \$200,000. The federal grant is financially obligated on a descending scale of 25 percent per year.

Last year Wayne County was saved about \$30,000 in the adult jail budget by sending those adult inmates to adult jails in other counties.

Wayne County's obligation to the Detention Center in 1988-89 was about \$2,000 as is typical for a county our size (\$.13 per capita and \$15 per juvenile day is each county's costs).

The high usage of the Center by the several counties make it possible to have user fees remain frozen for at least another year.

Even after the federal funds diminish to zero in about four years, the costs will be entirely borne by the users of the facility. Without inflation costs figured in, the average cost per juvenile per day at that time will be about \$40 per day for the user counties.

The \$2,000 per-year average cost for Wayne County will remain steady for several years. This money for juvenile care and custody has always been budgeted in the jail budget of Wayne county and will not need a tax hike to cover it.

Business Notes

Paula Pflueger, investment representative for Edward D. Jones & Co., announced that a satellite dish has been installed in her Wayne office.

The Wayne office is one of 1,450 Jones offices throughout the country that will communicate via satellite. When the system is complete in mid-1990, the firm will operate the largest private satellite network in the financial-services industry.

The satellite system is capable of sending and receiving both video and data. Pflueger will use the system for data transmissions, including stock quotations and customer transactions (securities, money market and VISA-card transactions). In addition, the video capabilities will allow the firm to

broadcast seminars and other training programs from the St. Louis headquarters to investment representatives across the nation, as well as provide up-to-the-minute economic and product information.

"The installation of a satellite dish in Wayne enables me to provide my clients with an even more personal and reliable service," Pflueger said. "The ability to receive advanced training via satellite will enrich my knowledge of the investment industry so I can better serve my clients."

With more than 1,500 investment representatives in 43 states, Edward D. Jones & Co. has been providing conservative investments to individual investors in convenient locations since 1871.

ORDINANCE NO. 89-17
AN ORDINANCE RELATING TO LIQUOR APPLICATIONS; TO CHANGE PROVISIONS RELATING TO POWERS OF THE CITY COUNCIL; TO PROVIDE DESIGNATED CRITERIA RELATING TO ISSUANCE OF LICENSES; TO ELIMINATE AND CHANGE CERTAIN HEARING PROCEDURES AND TO REPEAL THE ORIGINAL SECTIONS.

Section 1. That Section 10-107 of the Municipal Code of Wayne, Nebraska, is amended to read as follows:

ALCOHOLIC BEVERAGES; LIQUOR APPLICATION; MUNICIPAL EXAMINATION. Any person or persons desiring to obtain a license to sell alcoholic liquors at retail shall file with the Liquor Control Commission. The Commission shall then notify the Municipal Clerk by registered or certified mail. The governing body may examine, or cause to be examined, under oath, any applicant; examine, or cause to be examined, the books and records of any such applicant; to hear testimony, and to take proof for its information in the performance of its duties. For the purpose of obtaining any of the information desired, the governing body may authorize its agent, Municipal Clerk or the Municipal Attorney, to act on its behalf. The governing body may conduct the examination and hold the hearing upon the receipt from the Commission of the notice and copy of the application. The governing body shall fix a time and place at which a hearing will be held, and at which time the governing body shall receive evidence, under oath, either orally, or by affidavit, from the applicant and any other person concerning the propriety of the issuance of such license. Notice of the time and place of such hearing shall be published in a legal newspaper in, or of general circulation in, the Municipality one (1) time not less than seven (7), nor more than fourteen (14) days before the time of the hearing. Such notice shall include, but not be limited to, a statement that all persons desiring to give evidence before the governing body in support of or in protest against the issuance of such license may do so at the time of the hearing. Such hearing shall be held not more than forty-five (45) days after the receipt of notice from the Commission.

Section 2. That Section 10-126 of the Municipal Code of Wayne, Nebraska, is amended to read as follows:

LIQUOR APPLICATIONS; LICENSING STANDARDS. When an application for a retail liquor license, for the upgrading of a license to sell alcoholic liquor, or for the expansion or change of location of the premises is received pursuant to Neb. Rev. Stat. Section 53-134, the Council shall hold a hearing upon such application in accordance with the provisions of said statute. At the hearing on such application the Council shall only consider the requirements of the Nebraska Liquor Control Act and the following criteria:

- A. The adequacy of existing law enforcement resources and services in the area;
- B. The recommendation of the police department or any other law enforcement agency;
- C. Existing motor vehicle and pedestrian traffic flow in the vicinity of the proposed licensed premises, potential traffic and parking problems, and the proximity and availability of onstreet and offstreet parking;
- D. Zoning restrictions and the governing body's zoning and land-use policies;
- E. Sanitation or sanitary conditions on or about the proposed licensed premises;
- F. The existence of a citizen's protest and similar evidence in support of or in opposition to the application;
- G. The existing population and projected growth within the jurisdiction of the governing body and within the area to be served;
- H. The existing liquor licenses, the class of each such license, and the distance and times of travel between establishments issued such licenses;
- I. Whether the proposed license would be compatible with the neighborhood or community where the proposed premises are located;
- J. Whether the type of business or activity proposed to be operated or presently operated in conjunction with the proposed license is and will be consistent with the public interest as declared in Section 53-101.01 of the Nebraska Liquor Control Act;
- K. Whether the applicant can ensure that all alcoholic beverages, including beer and wine, will be handled by persons in accordance with

Section 53-102 of the Nebraska Liquor Control Act.

L. Whether the applicant has taken every reasonable precaution to protect against the possibility of shoplifting of alcoholic liquor, which alcoholic liquor shall be displayed and kept in and sold from an area which is reasonably secured;

M. Whether the applicant is fit, willing, and able to properly provide the service proposed in conformance with all provisions and requirements of and rules and regulations adopted and promulgated pursuant to the Nebraska Liquor Control Act;

N. Whether the applicant has demonstrated that the type of management and control exercised over the licensed premises will be sufficient to ensure that the licensee can conform to all the provisions and requirements of and rules and regulations adopted and promulgated pursuant to the Nebraska Liquor Control Act;

O. The background information of the applicant established by information contained in the public records of the Nebraska Liquor Control Commission and investigations conducted by any law enforcement agency, including but not limited to the Wayne Police Department;

P. Past evidence of discrimination involving the applicant as evidenced by findings of fact before any administrative board or agency of the city, any other governmental unit or agency of the city, any other governmental unit, or any court of law;

Q. Whether the applicant or the applicant's representatives suppressed any fact or provided any inaccurate information to the Nebraska Liquor Control Commission or the city or the employees of the Nebraska Liquor Control Commission or the city in regard to the license application or liquor investigations. The applicant shall be required to cooperate in providing a full disclosure to the investigating agents of the city;

R. Proximity of and impact on schools, hospitals, libraries, parks, and other public institutions;

S. Whether activities proposed to be conducted on the licensed premises or in adjacent related outdoor areas will create unreasonable noise or disturbance; and

T. Compliance with state laws, liquor rules and regulations, and municipal ordinances and relations and whether or not the applicant has ever forfeited bond to appear in court to answer charges of having violated any law or ordinance enacted in the interest of good morals and decency or has been convicted of violating or has forfeited bond to appear in court and answer charges for violating any law or ordinance relating to alcoholic liquor.

Section 3. That Section 10-126 of the Municipal Code of Wayne, Nebraska, is amended to read as follows:

ALCOHOLIC BEVERAGES; NOTICE AND HEARING. A. Burden of Proof. It shall be the applicant's duty to produce evidence pertaining to the designated criteria prescribed in Section 10-126. The burden of proof and persuasion shall be on the party filing the application. When applicable for purposes of this section, applicant shall be synonymous with licensee.

B. Consideration of Application. The governing body shall, after the hearing provided in this section, approve the application or deny the license within 45 days after receiving a copy of the application from the Nebraska Liquor Control Commission. If the governing body denies the retail or bottle club license within such period, such denial shall be final and shall be subject to review as provided by state statutes. The governing body shall issue the final order of denial of the license to the licensee in writing, and deliver or mail a copy to the Nebraska Liquor Control Commission within ten days from the date the application was denied. If the governing body approves an application within such period, the governing body shall, within ten days of the date the application was approved, notify the Nebraska Liquor Control Commission by mail or delivery.

C. Notice. Notice of a hearing held pursuant to Section 10-107 shall be given to the applicant by the City Clerk and shall contain the date, time, and location of the hearing. Two (2) or more proceedings which are legally or factually related may be heard and considered together, unless any party thereto makes a showing sufficient to satisfy the governing body that

prejudice would result therefrom.

D. Procedure. Hearings will be informal and conducted by the Mayor, City Attorney, or a Council authorized appointed agent. The intent is an inquiry into the facts, not an adversarial action. Each witness may present testimony in narrative fashion or by question and answer. The governing body or the applicant may order a transcript at the expense of the applicant. The governing body and its representatives shall not be bound by the strict rules of evidence, and shall have full authority to control the procedure of the hearing including, the admission or exclusion of testimony or other evidence. The governing body may admit and give probative effect to evidence which possesses probative value commonly accepted by reasonably prudent individuals in the conduct of their affairs. The hearing officer may limit testimony where it appears incompetent, irrelevant, or cross-examination. If there is opposition to any application and such opposition desires the opportunity to present arguments and to cross-examine the applicant and any witnesses in favor of such application, each group shall choose a spokesperson to perform such function who shall notify the hearing officer of said representation prior to the start of the hearing. The hearing officer may, at his or her discretion, allow more than one (1) such spokesperson to appear. All witnesses must present testimony in narrative fashion or by question and answer.

E. Order of Proceedings. The order of proceedings shall be as follows:

1. Exhibits will be marked in advance by the City Clerk and presented to the City Attorney during the presentation.
2. Presentation of evidence and witnesses by applicant.
3. Testimony of any other person in favor of such proposed license.
4. Examination of applicant, witnesses or citizens by City Attorney, City Administrator, any member of the City Council, Mayor, or any duly appointed agent.
5. Cross-examination of applicant, witnesses or citizens by spokesperson for opposition, if any.
6. Presentation of evidence and witnesses by opposition.
7. Testimony of any other persons in opposition to such proposed license.
8. Presentation of evidence by City and law enforcement personnel.
9. Cross-examination by applicant.
10. Rebuttal evidence by both parties, and by City Administrator, any member of the City Council, or duly appointed agent.
11. Summation by applicant and opposition spokesperson, if any.
12. Any member of the City Council, City Administrator, and the City Attorney may question all witnesses, call additional witnesses, or request additional information.

F. Action. After such hearing, the governing body shall cause to be spread at large in the minute record of its proceedings a resolution approving or denying the issuance or the renewal of such license. Any resolution denying or failing to renew an application for license rendered by the governing body shall be in writing or stated in the record, and shall be accompanied by findings. The findings shall consist of concise statements of the conclusions upon each contested issue. The applicant or licensee shall be notified of the decision in person or by mail. A copy of the decision and order and accompanying findings shall be delivered or mailed upon request to the applicant or licensee. The City Clerk shall thereon mail or deliver to the Nebraska Liquor Control Commission a copy of the resolution.

Section 4. Original copies of 10-107, 10-125 and 10-126, Wayne Municipal Code, are repealed.

Section 5. This ordinance shall take effect and be in full force from and after its passage, approval, and publication according to law.

Passed and approved this 14th day of November, 1989.

LOWER ELKHORN NATURAL RESOURCES DISTRICT

National Rural Water Conference Held

New regulations for drinking water will force cities and rural water utilities to perform additional water quality testing of public water supply systems.

That was the message given at a recent annual technical conference which was attended by Richard Seymour, Assistant Manager of the Lower Elkhorn Natural Resources District. The conference, held in Columbus, Ohio, was sponsored by the National Rural Water Association, a non-profit association dedicated to providing training and technical assistance to water utilities.

The program for the technical conference was built around the theme "Today's Water -- Tomorrow's Future". More than 1,000 conference participants were able to choose from a wide range of technical and management related topics affecting public water supplies, in addition to viewing the latest technology for the waterworks industry by nearly 100 exhibitors.

The National Rural Water Association, headquartered in Duncan, Oklahoma, provides training and technical assistance to smaller water utilities across America through affiliates such as the Nebraska Rural Water Association. The Lower Elkhorn Natural Resources District is a member of the Nebraska Rural Water Association. The Logan East Rural Water System Improvement Project is a project of the Lower Elkhorn NRD which will provide quality water to users in western Burt County, northwest Washington County and northeast Dodge County.

Notes issued for Rural Water System, LENRD Cost-Share Audit Procedure Approved

Water Utility Bond Anticipation Notes in the amount of \$1,145,000 are being issued to pay construction costs of Phase I of the Logan East Rural Water System Improvement Project. The issuance of the notes by Municipal Bond Underwriters was approved by the Lower Elkhorn Natural Resources District Board of Directors at the October meeting in West Point.

The \$5.7 million project will provide an improved water supply to users in western Burt County, northwest Washington County, and northeast Dodge County. Phase I of the project will serve 125 users.

The sale of bond anticipation notes will fund the project during construction. Once this phase of the rural water system is completed, a loan of \$611,000 and a grant of \$608,000 obtained from Farmers Home Administration will pay off the notes.

At this time test wells are being pumped and sampled in order to find a source of quality water for the system.

In other board action, a procedure for auditing contractors and landowners involved in the Lower Elkhorn NRD's Conservation Cost-Share Program was approved. The audit procedure states that four to six contractors will be audited each year to insure the proper use of tax funds for conservation cost-share.

The Conservation Cost-Share Program assists landowners in paying for necessary soil conservation practices such as terrace systems. Landowners are required to pay 40% of the cost of the improvement, and the LENRD and other agencies contribute the remaining 60%.

The contractors will be chosen for auditing by random selection or if indications of wrongdoing become evident. If an audit shows evidence of wrongdoing by a contractor or landowner, the Lower Elkhorn NRD board may choose from a list of options ranging from no action to possible prosecution by the County Attorney.

The list of possible contractors to be audited will be compiled around November 1 of each year. The LENRD board of directors approved a budget of \$10,000 for the auditing process for fiscal year 1990 which began July 1, 1989. Approximately \$500,000 has been budgeted for the Conservation Cost-Share Program for fiscal year 1990.

Ak-Sar-Ben scholarship awarded

Bill R. Heimann, Fremont, has been awarded a \$1,000 Ak-Sar-Ben Scholarship to Wayne State College.

Heimann, a freshman majoring in education with a minor in physical education at Wayne State, is a 1989 graduate of Archbishop Bergan Junior-Senior High School. He is the son of Mr. and Mrs. Robert Heimann of Fremont.

In high school, Heimann was active in football, basketball, track, National Honor Society and B-Club.

The Ak-Sar-Ben Scholarship program began in 1942 as agricultural scholarships were awarded to the University of Nebraska and Iowa State University. Through the years, the program changed to where every four-year college and/or university in Nebraska and a few colleges and/or universities in Iowa were included.

BILL HEIMANN, Fremont is presented a \$1,000 check for his Ak-Sar-Ben Scholarship to Wayne State College by Grant Ellingson, Ak-Sar-Ben Ambassador for the Wayne area. Looking on is Dr. Donald Mash, Wayne State president

technical operations of the computer," she said.

Presently, seven students are participating in the Wayne area program in 1989-90.

PAST STUDENTS in Carlson's ABE instruction program during the last seven years she has taught the classes have ranged in age from 16 to 55. "I'd say about half of them could not read or write at the start. Many of these become discouraged and lack the self-esteem or self-confidence to go on," she said.

"There is also that certain stigma about going back to school. They have to get rid of that," she added.

Carlson said some young adults have told her they feel uncomfortable in a high school setting because of previous bad experiences there. "In Wayne, we have a comfortable atmosphere," she emphasized.

Volunteers are a critical key in the success of the ABE and GED program. Svoboda, who is a volun-

teer tutor in addition to her coordinator responsibilities, said approximately 15,000 work hours were put in by volunteers during the last program year.

The program has been extended to help juveniles who are in the Wayne County Juvenile Detention Center. Svoboda said the Wayne County Sheriff's Department has been cooperative in the joint venture as volunteers provide tutoring to the juveniles that need the education as part of their parole requirements or for other purposes.

"When participants first enroll in the ABE program, they are given a diagnostic test to determine what the student's needs may be. To earn a GED diploma, the student must take five tests (writing, social studies, science, reading and mathematics). There is no cost to enroll, but there is a \$5 charge for each test and a charge of \$3 for the GED diploma.

"If a student does badly in one of the five tests but performs well in the other tests, they still have the opportunity to receive their high school diploma," said Carlson.

STUDENTS earning their high school diplomas through ABE and the GED programs can attend cap and gown graduation ceremonies at Northeast Community College.

Svoboda said a "blitz" to advertise the merits of the ABE and GED will take place the first full week of December. Material showing information about the programs will be distributed through the schools, businesses and libraries in the Wayne area.

Wayne area individuals interested in enrolling in the programs can call 375-1258; 375-1264; 375-1553; 375-3593; and 385-2764. Winside students can call 286-4200 for more information.

"I feel great about ABE and GED. To see the potential in the students, and to bring out that potential, is so important," said Carlson.

Carlson said she waited many years following her high school education to go on to college. "I didn't have the self-confidence at the time," she said.

"So I tell my students — if I can do it, you can do it, too," she added.

WAYNE STATE COLLEGE

Northeast Nebraska Update

Financial aid forms for the 1990-91 school year will soon be distributed to area high schools and colleges. Although the earliest date the forms can be dated or postmarked is January 1, 1990, there are several things that families can be doing at this time to assist in the process of applying for financial aid.

Students should begin by narrowing their list of college choices so that they know which schools they wish to list on their financial aid form to receive their information. As soon as students have identified the schools they are interested in, they should contact those schools to find out which financial aid form is required or preferred, as well as their recommended application deadline date. Students may apply for financial aid at a school before they are accepted for admission; however, they must be accepted before a school can offer them an aid package.

It is preferable to complete the financial aid form with tax information from a completed tax return rather than an estimated one; therefore, it is not too early for parents to talk with their accountants about an appointment in 1990 which would allow them to have their taxes completed as early as possible. Some schools have very early deadlines and may recommend that families file the financial aid form with estimated tax information, if necessary, in order to meet those deadlines. In such cases, however, there is greater likelihood that corrections may have to be

made later on. It is important for students to file early and meet deadlines because many types of aid are limited. Examples are Supplemental Educational Opportunity Grants, College Work-Study,

FINANCIAL AID TIPS FOR STUDENTS, PARENTS

Perkins Loans, Nursing Student Loans, and also many state and institutional grants.

For assistance in completing financial aid forms, students or parents should either contact their high school counselor or area college financial aid officer. On November 29, Wayne State College and Northeast Community College will co-sponsor a High School Counselor Workshop on the financial aid process for 1990-91 on the NECC campus. Registration materials are being mailed to counselors at this time. Many high school counselors host a Financial Aid Night in January to assist parents in filling out the forms. Counselors who wish to have a Financial Aid Night conducted by a financial aid officer, or families who have questions on financial aid, are encouraged to contact Sue Walsh, Director of Financial Aid, Wayne State College, at 1-800-228-9972, for assistance.

Plan ahead
WAYNE-Nebraska drivers planning on renewing their driver's license in early December may want to take their tests early. All of the state's examiners will be participating in their annual education seminar Dec. 4-6. No driver's license examinations will be given on those dates.
Department of Motor Vehicles Director Margaret Higgins says drivers can renew their exam 90 days before it expires so there is a way to avoid any problem.

Number on crop insurance shows an increase

Increased enrollment in the federal crop insurance program is due to astute risk management strategies by Nebraska's producers, said a University of Nebraska agricultural economist.

Nebraska's producers enrolled 68 percent of their eligible acres in the insurance program during 1989 compared to 40 percent in 1988, said Doug Jose, an Institute of Agriculture and Natural Resources specialist.

Although the 1988 drought was the reason for an increase in other states, Nebraska was not as severely affected by the drought, Jose said. Nebraska's producers have had higher enrollment figures since the program began, he said.

For example, in 1988 Nebraska had about 40 percent of eligible acres enrolled compared to Kansas with about 25 percent, South Dakota with 30 percent and Missouri with 22 percent. Only Iowa's 1988 enrollment figures matched Nebraska at 40 percent.

"Nebraska's producers realize that risk management strategies are needed to maintain their business," Jose said.

OTHER STATES in 1989 experienced surges in enrollment because of a new rule: Any U.S. farmer who had over a 65 percent loss in 1988 and received federal disaster assistance was required to enroll in the 1989 crop insurance program, Jose said.

The Federal Crop Insurance program was passed in 1980 as an agreement between the federal government and private insurance companies, Jose said. Its purpose was to reduce the political influence of disaster relief bills and provide a less-costly mechanism for responding to variable conditions, he said.

Only 51 percent of U.S. eligible acres were enrolled as of 1989, Jose said. This is because disaster relief bills have continued to provide assistance, he said.

During 1988, crop insurance payments totaled \$1.09 billion, according to a 1989 Government Accounting Office report. For the same year, federal disaster payments under the disaster relief bill totaled \$4 billion, according to the report.

High insurance premiums also have influenced enrollment, Jose said. Producers more prone to natural disasters purchase the insurance more than others. Consequently this has raised the price of insurance premiums, Jose said.

Although the federal insurance program has struggled, Jose said, it has received a lot of support from Congress. In October 1988, Congress appointed the Improvement of the Crop Insurance Program Commission to study and recommend changes. As new farm legislation is discussed for the 1990 farm bill, crop insurance and permanent disaster relief measures will be debated, Jose said.

CLEAN UP WITH ELECTRIC HEAT. GET UP TO \$800 IN CASH BACK.

When electric heat comes into your home, a lot of good things come with it. Because there is no pilot light, you cash in on safety. Because there is no burning fuel, you cash in on cleaner air.
