Ordinance addressed

City OK's budget; deals with new waste policies

By Mark Crist Managing Editor

Despite drawing questions from the budget hearing, the main point of discussion during Tuesday's Wayne City Council meeting was garbage

yarbage.

The City Council passed an ordinance at the meeting to change the pick up days required by city ordinance to once a week rather than the states and the pick and the

the ordinance, solid waste disposal
companies — Bill's G-Men and
Mrsny Sanitation — will still be Mrsny Sanitation — will still be making pick-ups twice a week in Wayne. Salitros said the change in the ordinance was more for conformity purposes.

In addition, the new ordinance clears the way for haulers to make easier pick-ups. The new ordinance will allow garbage haulers to pick all residential solid waste at curball residential solid waste at curb-

"The ordinance addresses that containers be delivaddresses that containers be delivered to the nearest street in front of the premises (curbside) rather than in the alley. Service will no longer be provided to residential alleys with the exception of apartments where apartment owners will have to make arrangements with haulers."

IN ADDITION TO passing a solid waste ordinance, the City Council also passed a resolution to increase

revenues at the transfer station Salitros told the council that increased by 80 percent and in past years it has only increased by 50 percent. He said the increase is

a necessity.

"The city's not trying to make money out of this but the haulers want people to need the service,

As a part of the resolution, the city and the two solid waste haulers will create a special landfill for grass and leaves, rather than have it hauled to Jackson, Neb-where Wayne hauls its solid waste. Salitros said the option of disposing

of landscape waste elsewhere would save some money. The resolution, however, drew some opposition because there was no clause in it to allow for compost — used grass and leaves utilized as fertilizer. AFTER BEING MARRIED FOR 64 years, Ernest and Mable Knoell have lived through much of Dixon's history together on their farm north of the small centennial town. The couple agreed that they never would have lived anywhere else.

Couple reflects on years

Knoells recall Dixon's good, bad times

Ernest and Mable Knoell re-

Ernest and Mable Knoell remember Dixon's heydays but that might be because they ve lived on a farm north of the small community most of their lives.

Ernest, now 88, arrived first. He moved to Dixon with his parents in 1905 at 3-years-of-age and has lived on the same farmstead since. In 1926, he married Mable Sitch and in 1947 he bought the farm from his parents.

Since that time, the Knoells have never wanted to reside any-

and buy another house when we can live here?" Mable said, as she started to grin. "The good thing is that when we own our own home and we'll probably live here the rest of our lives. What makes that special is that when we go, we won't have to be here to see what happens to the house."

REING A RESIDENT for 85 years, Ernest has quite a few stories to tell and he will probably be remembered as an important figure in the community.

For 37 years, Ernest has served on the Dixon-Concord township board. In addition, he served 14 years on the Dixon Methodist Church board and nine years on the now-defunct Dixon school

"I've been on the Concord township board that long because

nobody will let me get off," he said. In the elected position, he has been its treasurer for a number

of years. Even more remarkable, in an Even more remarkable, in an age which has seen divorce rates skyrocket, the Knoells have been married 64 years. Through their marriage, they have watched their six children and one foster child grow up as well as 22 grandchildren, 14 great-grandchildren and one great, great-grandchild.

The Knoell family also has a remarkable record in the Dixon school history. Knoell decedents attended the Dixon school every year from 1905 to 1973.

year from 1905 to 1973.

THROUGH THE years, the Knoells have seen numerous changes. In 1925, Ernest bought his first new car for \$410 on a trade-in for a Model T Ford. In 1947, he bought his first new tractor for \$900, which brought the end of a farming era as Ernest stopped using horse-drawn ma

stopped using norse-grawn ma-chinery.

"We worked together with our neighbors to do the work," he said, "It's been a big change from then to now. Today, you don't even know your neighbors."

In addition, electricity was in-stalled in 1943 and water piping was installed in 1945. In fact, it

wasn't until the mid-1960s when they stopped using the outhouse. Around 1970, the Knoells retired and the final change of their lives was the most drastic for "The hardest thing for me was when we sold the cattle off," she said. "It's just not a farm without them. When you'd go outside, you'd see them at the tank drinking and now you don't see anything but gophers."

ALTHOUGH PROUD of the history they have seen in the 100-year-old community, the Knoells are concerned with its continu-ance. In 1986, the Dixon school closed its doors and the downtown business district isn't what it used to

be.
"Years ago, Dixon was a humming town," Mable said.

ming town," Mable said. Ernest said he remembe Dixon had three grocery stores, two saloons, a pool hall, a movie theatre and a variety of other stores. With time, businesses have closed or left and the buildings have disappeared. He said fires claimed some of the structures while others were just torn down.

The town used to offer free movies to bring shoppers into town and keep the businesses healthy," he said. "But outside competition and keep the businesses nearthy, he said. "But outside competition and the ease of transportation be-came too much. They did a good job for years but Dixon just couldn't keep up."

Knoells have been able to survive as well as they have, is through perseverance. They said through all the rough times during the

Bonnie Smith still healthy five years after transplant

Five years after receiving a pancreas transplant, Bonnie Smith of Ashland says she feels like she has "lived through a miracle." Bonnie, granddaughter of Clara Sullivan of Wayne, was featured recently in an article which appeared in the Ashland Gazette and said the successful transplant has given her a new life. She is now employed as an office assistant at Lincoln East High School. "Even after five years, every day is like "Wow!" Smith said. "Before the transplant, I had forgotten what it felt like to feel good. Feeling good is like a brand new sensation."

NUMEROUS fund raisers were held, including several in the Wayne area, to help raise funds to pay for Bonnie's pancreas transplant, which took place in December 1985. Bonnie, who is the daughter of Mr. and Mrs. Ray Carnicle of Ashland, needed a transplant because of complications from diabetes.

At the time, the procedure was considered experimental and the Smiths' military health insurance would not cover it. Fund raising efforts were successful and the transplant was performed later that

Wayne Juniors on way to State after downing Blair in B-3 Area Tourney

By Kevin Peterson Sports Editor

For the first time in nearly a scade the Wayne Junior Legion baseball team is returning to com-pete in the Class B State Baseball Tournament. The last time Wayne went to state was in 1981 went they brought home a state championship. In fact, Wayne captured the state crown in 1980 and 1981.

Head coach Hank Overin will not be a new figure at the state tournament. This year will be his

15th of competing at state. He began coaching the legion program in 1963 and has coached the Midgets and Legion program for 27 years. Overin coached only the Midgets from 1959-63 before taking the reigns of both pro-grams.

grams.
Wayne qualified for state by defeating Blair, 5-4 on Tuesday night at Overin Field. Wayne went 5-0 in the B-3 Area Tournament and defeated Blair twice, along with Hooper, South Sioux and Schuyler.

Brian Lentz got the pitching vic-tory for Wayne and Jeff Lutt came on in relief in the sixth and seventh innings to hold off any Blair rally attempt to earn the save.

Blair started off the first-inning

by scoring two runs on three hits and early indications looked as if and early indications looked as if this game would be a high scoring affair. Wayne retailated in the bot-tom half of the inning by scoring three runs on one hit. Matt Peter-son led off with a single and Cory Wieseler reached base when he was hit by a pitch. on a Blair error which loaded the bases. Jeff Lutt hit a deep fly ball to left field which scored Peterson and Brian Lentz then drew a walk. Jeff Griesch hit a long fly ball to left field which scored Wieseler and Wayne scored its third run when Hamer stole home. Wayne increased its lead to 4-2

Wayne increased its lead to 4-2 in the fourth inning as Jeff Griesch led off with a single. Griesch moved to second on Matt Bruggeman's sacrifice bunt and ended up on third following Jim Hoffman's single. With one out Brian Moore hit a sacrifice bunt which scored Griesch. which scored Griesch.

Blair came back to tie the game in the top of the fifth inning but

Wayne took a 5-4 lead in the bot-tom half of the fifth inning which was the final scoring of the night. Hamer belted a one out stand up triple and scored on Jeff Lutt's fly hall to right field ball to right field.

Wayne had four hits in the game with Hamer's triple and Pegame with manes thie and Peterson, Hoffman and Griesch's singles. "The guys really deserved this trip to state," Overin said. "They really worked hard." Wayne will play against Central City at 5 p.m. on Friday at Elkhorn. If Wayne wins the game thay will be safe to the safe that well be safe to the safe that well are they will be safe to the safe that well are the safe to the the game they will play at 5 p.m. on Saturday against the winner of Beatrice-Ogallala. If Wayne should lose its first game they would play the loser of the Beatrice-Ogallala at 11 a.m. on Saturday.

Wayne will carry a 21-5 record into the state tournament following a 1-4 start. The locals are 20-1 in their last 21 outings. "After we got off to that 1-4 start we had a team meeting in center field," Overin said. "We took care of some loose ends we had and from then on we've played good baseball. We have three or four guys on the team who have totally dedicated themselves to baseball this summer and everyone else has gelled around them."

Overin also said he has been proud of how the bottom of the batting order is producing. "The bottom of the order has done a great job," Overin said. "They at times have boosted the rest of the guys we we've needed some hits."

Wayne drills South Sioux in area play

Sports Editor
The Wayne Legion baseball team moved into the finals of the team moved into the finals of the 8-3 Area Tournament following a 13-0 blasting of South Sioux in the winners bracket finals and a 3-1 decision over Schuyler on Monday afternoon. The South Sioux contest took place on Sunday night and was the first game played by the legion since their 6-0 win over Blair on Monday the 23rd, due to rain delays. rain delays.

Wayne scored four runs in the first inning of play against South Sioux on no hits. Five walks and three errors enabled Wayne to build a lead without a hit. The lo-cals led 4-0 heading to the second

In the second inning Wayne scored four more runs with the help of a 3-run blast by Matt Bruggeman which cleared the center field fence. Wayne scored three more runs in the fourth inning as Jim Hofman hit a one out single with bases loaded that scored two following an error on one of the South Sloux outfielders.

Brian Lentz ripped a 2-out rbi double in the fifth inning which scored Russ Hamer and Jeff Griesch later scored on an error in the same inning to give Wayne a 13-0 cushion heading to the bottom of the fifth inning.

the fifth inning.

The game ended heroically for right fielder Chad Metzler: With two out and a runner on second-base a South Sloux batter belted a single to right field. The runner on second base tried to score and Metzler fired a shot to catcher Cory Wieseler who tagged the runner before he could score which ended the game.

Jeff Lutt recorded the pitching yietory as he tossed a 3-hitter and struck out eight in five innings of play. It was Lutt's second victory in a row in the tournament as he tossed a 3-hitter against Blair as

Brian Lentz led the winners in Bran Lenz led the winners in hitting with two singles and double while Bruggeman supplied the power with his home run. Russ Hamer hit a pair of singles while Cory Wieseler and Jim Hoffman Cory Wieseleach singled.

Drains Run Slow?

You'll never have a slow running, or clogged drain again! The secret? Clean drains don't run slow.

The secret? Clean drains don't run slow.

Slow drains, or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes. Grease, hair, and other waste stick to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective,

they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving

In the past, the only way to remove this build-up was rooter your pipes. An expensive, temporary me

Now, with just a few minutes each month, you can easily clean out your pipes... and KEEP them clean with Plumb Clean. Its totally unique formula clings, and pentrates deep into the gook. That is what allows it to liquefy even years of build-up. Plumb Clean will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, we stand behind Plumb Clean with a money-back guarantee!

Saves Money. A 1 lb. container of Plumb Clean holds up to 41 drain treatments. Even if drain openers could fix slow drains, it would take over 10 quart bottles to get the same number of treatments. Plumb Clean costs about 35e per treatment. We don't know of anything that cleans drains for less.

Safe Too. Conventional drain openers are dangerous chemicals. They can injure eyes on contact. They can release deadly vapors, in some situations. Some may damage your fixtures. Plumb Clean will not burn skin, or eyes, It will not release harmful fumes. When used as directed, it is 100% safe for people, and of course, all plumbing.

So, if your drains are giving you a SIGNAL, act now. Get safe, guaranteed Plumb Clean today!

The Principal's Office By Donald V. Zeiss

Most of the summer is behind you. However, there is still time to enjoy the warm days at the pool, but it is shrinking fast. Will you get the most out of these remaining days? Sure you will.

The opportunity of high school must be viewed much the same way. It too can shrink fast. For our students, though, there still is plenty of time to achieve and an impact. But will they?

Experience tells us that some ents will take advantage of ev ery opportunity to learn, achieve, and succeed. Others will view the return to school as another year of drudgery, books, rules, and home-

students view school as an unlimitted opportunity to improve their lives. We must continually work and encourage them to take full advantage of the staff, programs, materials, and activities at Wayne High School.

But how do we encourage? Where do we start? I find the greatest motivation is enthusiasm, having a positive attitude about the purpose of school. We need to help our students "get off of their can'ts" about school.

Here is a short list of ways to be

Mark'n' the Spot

The Wayne Herald, Thursday, August 2, 1990

by Mark Crist

It's amazing how much junk you collect after only two years of mar-riage. I found that out this past weekend when my wife and I moved into our new home.

I'm still realizing it now as my hands and back are starting to recover

from the lifting I normally don't do in the newspaper business.

I guess I should also apologize to United Methodist minister Rev. Keith Johnson. My wife and I attended church Sunday but neither of us have any recollection of the sermon. By comparing notes in-between naps, it seemed like one of the better ones we've heard in recent years from any

Can we hear it again Sunday so we know what we missed last week?

Sorry, just as my mind was wandering all day Sunday (after Saturday's move) it appears that it's still wandering a little.

That probably won't come as any surprise to my co-workers but they've come to expect it.

come to expect it.

There I go again. Now, where was I? Oh yes, how much junk you col-lect after only two years of marriage.

MAN WE GOT a lot of junk.
I remember in college how I could move everything I owned in one trip in my little Dodge 400 but now, with two cars and the use of a friend's pickup, it takes about 30. Where did we go wrong. From where did all this

Junk come?

Is there monetary value in junk? If we were to dispose of all the junk we have, we could probably fill every landfill in the United States within seconds. How then do we fit it into our house you ask? Good question; only I have no answer. Lots of boxes, I guess.

It's amazing, too, how much older refrigerators weigh. When we first moved to Wayne, we bought a refrigerator from Sears and about two months after making that transaction, Rhonda's grand-mother in Pierce gave us her old one. We had little trouble moving our new one — in fact with a little help a friend of ours, we maneuvered it down an L-shaped stairway without breaking a sweat.

But the old 'fridge just about killed me — and that happened more than once. I think it had it out for me or something. Maybe it liked the old house. I don't know.

IF THERE'S AN ANSWER to making a move easy, I wish the moving gods would let us know.

Did I mention how much junk we have?

One of these days, I think we'll have a yard sale to reduce our stock of junk. I know there's some clothing items I'd like to eliminate and I know of at least one boxful of Rhonda's stuff that needs to leave itacloset nest. To

part or not to part (with that junk), that is the question.

If we have a yard sale, we won't have that fresh stock of junk and we know we'll have something to look forward to next time we move (heaven forbid): Moving all our junk.

Conference for rural development planned

AREA - Northeast Nebraska Rural Development Group will sponsor a Rural Development-Conference on Sept. 13 at Northeast Community College in Norfolk.

Last year's conference was tremendous success with over 300 participants from communities throughout Nebraska. According to Joe Ferguson, chairman of the Northeast Nebraska Rural Development group, this year's program is expected to be even better.

The all-day conference includes sessions on housing, daycare, community fund raising, solid waste and recycling, tourism, rural health care, strategic planning, youth leadership, inter-community coop-eration, foundations, tele-eco-nomics and labor force and human capital. The kick-off will include a session on community successes and how they were accomplished. The day will be topped off with a Governors Housing Hearing from 6:30,9:30 p.m. 6:30-9:30 p.m. For more information about the

conference or to pre-register, contact Joe Ferguson at Northeast Community College, (402) 644-0587. Please pre-register by Aug.

The Farmer's Wife By Pat Meierhenry

One of the neatest things that happened during the centennial had probably the smallest crowd and the least publicity. It would have been very easy for me to miss, as I was organist at my own church service.

But I'm so glad I squeezed it in.
It was another "goose bumply" experience; the community worship
service in the church in the park.
Theophilus church was located
northeast of Winside and the list of

its founding fathers contains many familiar names in the community. When it disbanded, the building was donated to the Wayne County Historical Society and moved to its present spot on the west end of

The picture of the country church moving down the country road was picked up by the AP and copies of it appeared all over the

world.

It was here that we gathered on Sunday morning, in long dresses and broad-brimmed hats and high

top shoes, to give thanks for com-

munity.

The litany said: "we remember the labors of pioneers and homesteaders as they transformed the endless prairies into the checkered the checkered the long each other in

farmsteads helping each other in developing the spirit of community. "We are grateful for patient merchants and bankers, under-standing neighbors, creative housewives and cooperative friends who encouraged the weak-hearted, suffered with those who were suffering, cried with those who were sorrowing."

The Sunday school choir shared

The Sunday school choir shared some VBS' songs, we were reminded to "cherish the moment," there was piano-organ music, a choir sang old-time favorites and we "gave God the glory!"

The scene was right out of "Little House on the Prairie," as we closed with "Amazing Grace" and my eyes were misty as I imagined all the folks who made it possible. For just an hour. I felt as they must for its an hour. I felt as they must

offers a new insight into our ongoing discussion on the use of restraints on some patients in nursing facilities. She notes that, "There are never enough aides and nurses to properly care for these people." She also points out that sometimes patients attack the nursing personnel, yet they continue to provide care even under difficult circumstances. As Ms. Pal says: "...one has to have a real dedication to the elderly to put up with the conditions encountered in a nursing home."

HOLD OFF ON THAT HOUSE SALE: To the reader who asked if she should sell her house and move into smaller quarters because it's both too big for her needs now that her children are grown, and too physically demanding to maintain the place as well as she used to—Please don't be rushed into making any decision on selling your property even if the advice comes from a member of the family. Remember, you have a place to live at a time when many people are not so fortunate. Regarding the winter heating problem, consider sealing off rooms in the upper level and do all your living on the lower floor for the season. Also, make life easier for yourself by removing many of the dust catchers that are the real energy drains. You may find it much easier to care for your place once you no longer have to deal with knick-knacks, unnecessary furnishings and heavy draperies. Also, who said you have to dust every day?! Consider also the possibility of having foster children or foreign exchange students come in to share your home and your life. Some communities also arrange for seniors to share living quarters with other seniors. In some areas, homes that are close to colleges and hospitals can be legally converted to rooming houses if they meet local housing codes. If you do decide you can't keep your house, it's NOT always a good idea to convey title to your children or any kin on their promise that you can stay on for as long as you like. Once they have legal title, they can do just about anything with the place. Think it can't happen to you? So did a lot of other people who came to regret their trust. THANKS TO — Mrs. Julius Pal of Ashtabula, Ohio who egret their trust. THANKS TO — Mrs. Julius Pal of Ashtabula, Ohio who

When the Social Security system was inaugurated in 1937, employers and employees each paid a tax rate of one per-cent of wages, applied to a maximum of \$3,000 in earnings a year. The formula went un-changed until 1950, when the tax rose to 1.5 percent. In 1954, the tax became two per-cent, on maximum annual earn-ings of \$3,600. The tax rate has increased every year since 1966, the taxable earnings ceiling since 1971. The 1990 rate is 7.65 percent, payable on up to \$51,300 in annual earnings.

CARDS OF THANKS

THE CELEBRATION of my 80th birth-day was a joyous occasion for me and my family. My sincere thanks to my relatives and friends for the gifts and cards in my honor. I have many happy memories of the day. Matilda Barelman.

WE WOULD like to say. "thank you" to each and everyone that helped us when David was in the hospital and Jolene in Rochester. To those who helped in the field-and with the cattle, to the ladies that-brought in and served lunch, to everyone for calls and words of encouragement, and offers of help; we truly appreciated it all. To our sons, it was great knowing you were just a call away, and a special thanks for the surprise "cheer-up" supper, we needed that. God bless all of you. Walter and Leone Jager. Au2

SINCERE THANKS to our dear family SINCERE THANKS to our dear family, relatives and friends for your prayers, cards, visits, flowers, telephone calls, rides, meals and other loving expressions of concern shown us during these distressful days of Emil's lengthy hospitalization. We are most grateful and appreciative for these many kindriesses. Just knowing that others care helped to give us strength and moral support. Special thanks to the doctors, nurses, therapists and staff at PMC for their excellent care, and to Sister Gertrude for her inspiration and encouragement. Our inspiration and encouragement. Our thanks to Pastor Youngerman for his visits and prayers. Emil is still enjoying the "Good Luck" banner and balloons. Thanks, girls, for being so thoughtful. God's blessings to all of you. Emil and

A SINCERE and heartfelt thank you to A SINCERE and nearther unain you to all who remembered me with lovely cards, flowers and visits while I was recently hospitalized. PHARMACY

Gallstone Treatment Without Surgery

Although gallstones ap-

pear to be rock-hard, they can sometimes be dissolved by long-term use of a relatively new prescrip-tion drug called ursodiol. This medicine is a deriva-tive of bile acid and seems to be most effective in dissolving small-to-medium contain calcium and cannot easily be seen in x-rays. The medicine is not for everyone, however, and is best suited for individuals who are high-risk surgical candidates and who are not in an emergency situation. For some of the 20 million Americans who may have gallstones, ursodiol is good news. For the remainder of stone victims, two alternatives are surgical removal of stones or shock wave lithotripsy. With shock wave lithotrip-sy, stones are pulverized to a powder by a process similar to that used to remove

kidney stones.
