Region board meets

By Mark Crist
Managing Editor

Despite the threat of possibly losing a lawsuit on the horizon, the Region IV Retardation Services report that they are ahead of the budget game at this point in the fiscal year.

That was the sentiment addressed Friday following Region IV's annual governing board meeting Thursday, according to Region IV Director Dr. Ron Green.

In addition to addressing the budget and the lawsuit involving over 100 employees, the board also heard about a possible new way of determining county contributions to the service for the developmentally disabled among other items on the agenda.

FOCUSING UPON the budget, Green said Region IV is on stable ground for its midway point of the 1990-91 budget. Budget reports show that Region IV is \$168,708 under budget on a cash basis with \$224,783 more revenue received than was projected.

Green said the budget report meant good news since last year the office almost found itself in the red.

He added that if the trend continues and everything goes as planned, it will mean the office will finish the budget year, which ends July 1, within 1 percent of the actual budget and revenue projections.

WHILE THAT may sound like good news, much of the budget's outcome hinges on the outcome of a lawsuit filed against Region IV and two other regional service offices in Nebraska.

A complaint, filed Sept. 28 in the U.S. District Court of Nebraska, claims that the regional service offices violated the law by failing to pay a group of home workers for all overnight hours worked in the region's community based residences.

Since the filing, the lawsuit has been amended to include 95 additional past or present employees. Of the past or present employees, 10 are from the Wayne office.

The good news for employees,

Winter storm keeps crews busy

A WINTER STORM WHICH HIT WAYNE THURSDAY night kept city street crews busy cleaning up the streets Friday morning. The storm dumped about three inches of snow throughout the area and created some winter driving conditions for many. Although three inches may not seem like much, it did create some slick streets Friday as the sun started to melt the snow.

Session keeping senator busy

Conway talks about number of bills

By Mark Crist
Managing Editor

Despite battling a cold and being on the run most of the day, Nebraska state Sen. Gerald Conway, R-Wayne, believes the Unicameral will have its hands full during this session.

Conway, who is chairman of the government and military affairs committee, said this session looks to be busier than normal since his committee alone will be dealing with 100 different bills.

Of the 700-odd bills the legislature will be dealing with, Conway has submitted several. Of those, he believes one is of utmost importance to Wayne and northeast Nebraska.

"Most of the interest is with a 4-cent sales tax on cigarettes which

might be taken from the state colleges and either put into the university system or the state prison system," he said. "I have submitted a bill to keep that 4-cent portion with the state colleges."

CONWAY SAID the reason the 4-cent sales tax is so important to the state colleges is because it helps fund construction of new buildings of each of the state's three state colleges.

He said the tax is especially important to Wayne State since the college is hoping to construct a new business technology building sometime in the next few years.

"If those funds are taken away, it could jeopardize new building projects," he said.

IN ADDITION to focusing on

the bills Conway has sponsored or co-sponsored, he said many of the legislative measures come as a result of the 1990 election year. He said others deal with common issues like abortion or the right to die issues.

Despite seeing his tort reform bill sunk each of the past three times he's pushed to get it through, he said he's hot on the trail of getting the measure passed this year. He said it's been a "political football" that's been kicked around because Nebraska's accident-responsibility laws are outdated.

What the measure will do is determine judgements against individuals involved in accident lawsuits. Conway said, for instance, if you're in a multi-vehicle accident but it's only 10 percent your fault,

then the bill will allow you to pay only 10 percent of the total damages found by a court.

"The system we currently have is very archaic," he said.

DESPITE HAVING a busy schedule, Conway said he is finding time to study what bills he can. He said most of the studying will have to wait, however, until the state's presses can get off the bills as they're written.

Along with chairing a committee and battling to get bills passed by the Unicameral, Conway will be busy this weekend when he travels to Lexington, Ky. for a government conference.

"It's going to be a busy session, but being that it's on the backside of an election, it should be interesting," he said.

Idea may become reality

When ag producers Virgil Loewe of Wayne and Kurt Schrant of Winside approached the Wayne Area Chamber of Commerce with the idea for a farmers market in Wayne, that one seedling has shown some promise of blossoming.

That, in part is the reason for a meeting Thursday, Jan. 31 at the Wayne City Auditorium, according to Wayne County Extension Agent Rod Patent.

The two ag producers approached the chamber ag committee last year with the idea. If all goes well, Wayne might see a cooperative effort between one or both of its local grocers and ag producers from the area.

"The advantage to a farmers market is that it provides a fresh product right to the consumers," Patent said. "It gives farmers face-to-face contact and that helps them decide on what to raise and how to produce it."

WHAT PRODUCERS sell at the farmers market can range from apples to leafy lettuce or corn and watermelon. It all depends on the producer, Patent said.

The suggestion the Wayne County official plans to make at the meeting is for a cooperative organization to be formed by producers. In fact, that will be the main function of the meeting. It will also allow producers to establish quality standards for the products they plan to market.

One suggestion Patent said he plans to make is for Wayne to cre-

ate its market designed around the one in Hartington, where producers sell their produce in the parking lot of one of that town's grocery stores. He said the reasoning behind that is twofold.

"Customers will come to the farmers market and buy groceries along with buying the produce or vice-versa — they'll come for the market and end up buying groceries," he said. "In addition, after the market closes for the day, the producers will often go into the store to purchase groceries from profits they've made on the day."

THE PURPOSE OF the Jan. 31 meeting is to determine the interest among local producers to see if there's enough support for such a program.

In addition to catering to a market need, the farmers do get to see some quick profit from the proposal, something which isn't always seen when producers sell their product to wholesalers, who in turn sell it to retailers.

Because of this direct approach, those who participate in the project can mark up their products a little bit but remain competitive with produce found in retail stores. By staying competitive, farmers see other benefits.

"Markups on their product also helps them cover labor costs," Patent said. "The good thing about the farmers market produce, however, is that producers don't use a lot of chemicals. Most of their produce is organically grown, so it cuts down on environmental hazards. It's a really good thing for both the consumer and the producer."

Wayne man on fair board

Koch re-elected to State Board

WAYNE - Marlyn Koch of Wayne was re-elected to the 29 member Nebraska State Board of Agriculture during its annual meeting in Lincoln. Koch has been a member of the board since 1981.

Members were told that they are headed in the proper direction financially. State Fair Manager John Skold told the board that efforts to cut costs with both the fair and the races led to a substantial improvement in their year end financial picture. Skold said that counting income from all sources, a profit of \$27,672 was realized, compared to

a loss of \$147,060 in 1989. Financial figures for 1990 showed net income for the thoroughbred racing season was \$417,355, up 24.3 percent from 1989. State fair income had a net loss of \$389,683, an improvement of 19.3 percent from 1989.

Skold told the board that plans to provide new attractions for fairgoers and different dates for horse racing fans should make 1991 even brighter. "I firmly believe that 1991 will be better than 1990, just as this year was better than 1989," said Skold. He said that details will soon be released on a number of

positive changes for the 1991 Nebraska State Fair format. Skold added, "To those people seeking tremendous value for their entertainment dollar, they'll find it at the 1991 Nebraska State Fair."

The dates for the 1991 Nebraska State Fair were set at Aug. 30 through Sept. 8.

Anyone interested in receiving the Nebraska State Fair newsletter and advance entertainment information can have their name added to the current mailing list by writing to the Nebraska State Fair, PO Box 81223, Lincoln, NE 68501-1223.

Region

(continued from page 1)

however, is that the personnel committee has already passed a resolution that if the lawsuit goes against Region IV, all employees will be treated the same, Green said.

IN DEALING with the way counties included in the Region IV service area fund the organization, there was a bright spot on the horizon for the board.

According to information provided by Green, there might be some changes in the way counties are assessed to pay for region services.

For instance, 12 of Region IV's 20 counties will experience increased assessments and population shifts which will make it necessary for Region IV to charge more for services, while eight of the region's counties will be declining in property values and population figures. Because of those changes, a "balancing" factor has been created to assist all 20 counties to fall within the 4 percent lid stipulations created by LB 1059.

Despite some discussion of the proposal, the board tabled the item for discussion until its March meeting.

A FINAL ITEM which board members found created some discussion deals with proposed legislation in the Nebraska Unicameral. Two bills, in particular, drew some discussion. They include:

- LB 287 which provides for more flexibility for health needs of clients. The bill allows the regional offices to do a little more and stay within the scope of practice involving the nurses association following a 2-year negotiation process. Clients which might fall under this category might include those with diabetes or dependent upon gastrostomy tube feeding and other medical conditions.
- LB 81 which changes the current legislation that allows for regions under interlocal cooperation acts to specifically make it that they are not designated as a state agency and their employees are not employed by the State of Nebraska.

Trojans sweep Laurel

The Wakefield boys and girls basketball teams defeated the Laurel Bears in Wakefield on Thursday and Friday night. In the boys contest held Friday Paul Eaton's troops relied on the scoring punch of their starting five and that proved to be enough in a 60-40 victory over winless Laurel.

Wakefield sprinted to a 24-12 lead after one quarter of play and led 33-22 at the break. The Trojans out scored Mark Hrabik's Bears 27-18 in the second half. Wakefield did accomplish something Laurel couldn't do and that was converting free throws.

Wakefield was 9-16 from the charity stripe but the reason Laurel didn't make any is because they went the entire game with out shooting a single free throw. "I don't think I've ever coached a game where one team failed to make it to the free throw line," Hrabik said.

Laurel did not rebound Wakefield, 29-21 but committed 24 turnovers compared to 19 for the Trojans. "We didn't play particularly well," Eaton said. "You have to give Laurel some credit though because they really played hard and their defense forced us into more turnovers than what we are used to having."

The Trojans, ranked number nine in the Lincoln Journal & Star and winners of 40 of their last 44 games, were led in scoring by Anthony Brown with 17. Matt Krusemark followed with 16 while Marcus Tappe and Keith Wenstrand netted 11 apiece. Doug Stanton rounded out the scoring with five.

Wayne girls improve with win over Cedar

The Wayne Lady Blue Devils traveled to play Hartington Cedar Catholic Thursday night and Marlene Uhing's squad surprised the Trojans as they escaped with a 49-46 win which raised their season record to 7-8.

"I thought we came out and did a real nice job in the first quarter," Uhing said. "Liz Reeg really got us off to a good start with two baskets and a nice pass to Jennifer Hammer under the basket which resulted in two points."

Wayne went on to score 16 first quarter points and led by three. In the second quarter the Blue Devils did much of the same, scoring 18 points and leading 34-29 at the break.

Things slowed down considerably in the second half for both teams as fatigue set in. "We really didn't take good care of the ball in the second half," Uhing said. "We kind of stood around on offense and were having trouble with Cedar's defense."

Cedar out scored the Blue Devils 11-9 in the third quarter which closed the margin to three points heading into the fourth quarter. Both teams played good defense in the fourth quarter and neither team could score more than six

Laurel was led by Brian Penne with 14 while Bruce Haisch netted eight. Andy Smith finished with six and Justin Swanson netted four. Nick Strawn, Dean Heydon, Matt Kessinger and Travis Monson all scored two each.

Brown led Wakefield in rebounding with five and he dished out six assists while Laurel was led by Haisch with eight boards and Strawn grabbed six caroms.

"Wakefield was just too quick for us," Hrabik said. "Their defense wore us down in the second half."

In the girls game held Thursday night in Wakefield the Trojans led 40-27 with just four minutes remaining in the game before Laurel went on a scoring spree which closed the gap to two points at 41-39 with 50 seconds remaining. Gregg Cruickshank's troops however, managed to win the game 43-39 to push the season record to 10-6.

"We played great defense the whole game," Cruickshank said. "We let Laurel back in it just when it looked as though we were going to blow them out. We missed four front ends of one-and-ones which didn't help our cause."

Wakefield led 24-20 at the half. The Trojans were led by Lisa Blecke with 24 while Lisa Anderson scored seven. Heidi Muller added four while Wendy Kratke and Kristen Miller added three apiece. Sarah Salmon added two.

Anderson dished out nine assists and Kratke recorded five steals which aided in the win. Blecke was the leading rebounder with seven.

Jennifer Hammer continued to be the offensive catalyst for the Blue Devils scoring 17 points and hauling down 15 rebounds—her third consecutive game she's had double figures in scoring and rebounding. Liz Reeg and Susie Enz each scored eight points and Erin Pick added seven. Amy Wriedt rounded out the attack with two points.

"I thought Amy Wriedt did a nice job of coming in off the bench and playing good defense," Uhing said. "She also got an offensive rebound for us and put it back up for two points."

The Wayne reserves did not share in the same good fortune as the varsity did as they were defeated 47-38. Tami Schluns led Wayne with 14 points while Angie Thompson netted 11. Teresa Witkowski and Jenny Thomsen led the Devils on the boards with five caroms apiece.

to 23 for Western State. From the foul line the Wildcats were 15-22 but from the field they struggled with a 22-69 performance.

In the men's contest the Wildcats trailed 35-25 at the intermission but were out scored 43-24 in the second half. Wayne State could not find the range as they connected on just 16-57 shot attempts for 28 percent. They hit just 10-19 from the foul line as well as the shooting woes extended to the charity stripe.

Western State found the confines of home quite comforting as they connected on 28-61 from the field and 17 of 23 from the foul line. The Cats were led in scoring by Doug Kuszak with 13 points while Chad West poured in 12.

Don Smith added six points while Michael Parks, Eric Priebe and Gerry Sagehorn scored four points apiece. Todd Dusenberry and Ricky Watson each added three points to round out the scoring.

The Cats were out rebounded 39-36 with Parks and Sagehorn leading the way with seven boards apiece. Wayne State committed 19 turnovers compared to 13 by Western State.

KYLE DAHL FAKES a West Point defender during second half action of Wayne's 70-59 victory over the Cadets at Wayne High on Friday night. Dahl was one of three Wayne players in double figures with 13 points.

REGG CARNES FOCUSES in on the basket while driving to the hoop in the fourth quarter. Carnes finished the game with 20 points and 10 rebounds.

WINNERS OF THE Annual Knights of Columbus free throw shooting contest for boys was from left to right: David Boehle, Matt Meyer, Andy Witkowski, Justin Dutcher and Ryan Pick. Thirty two individuals took part.

WINNERS OF THE GIRLS division include from left to right: Katie Lutt, Erin Langemeier, Carrie Fink and Jenny Thompson. All the winners will take part in districts on Feb. 10 at Wayne High at 1 p.m.

Barnes shoots down Cadets with 25 points

Wayne sophomore point guard Bobby Barnes was right on target Friday night in the friendly confines of Wayne High and when the dust had settled in Wayne's game with West Point, Barnes had tied the school record of seven 3-pointers set by Willy Gross, and he led the Blue Devils with 25 points en route to a 70-59 victory.

Another super sophomore Regg Carnes followed with 20 points as Wayne improved to 6-7 on the season. Junior Kyle Dahl finished with 13 while seniors Brian Lentz and Jeff Griesch finished with six and four points respectively. Martin Rump rounded out the scoring with a soft eight foot jumper just before the half time buzzer.

Wayne trailed 2-0 but following Carnes' two free throws which tied the game at two apiece, Wayne never trailed again and raced to a 23-16 lead after the first quarter.

West Point did cut into the lead before the intermission trailing by just three at 33-30, but Wayne

scored the first seven points of the third quarter to lead by 10 and the Blue Devils virtually never looked back.

Wayne finished with eight 3-pointers on the night while West Point connected on four. The Blue Devils were 16-23 from the foul line while the visitors hit 9-13. Wayne also out rebounded the Cadets by a 36-28 margin and Wayne committed just 11 turnovers against a scrappy West Point press while the Cadets turned the ball over 13 times.

"Eleven turnovers against West Point's style of defense was very good," Wayne coach Bob Uhing said. "I also thought our kids did a real nice job on the boards."

Dahl and Carnes led the Blue Devils on the boards with 11 and 10 respectively as both were in double figures in scoring and rebounding.

The Wayne reserves lost 61-48 despite the 11 points of Matt Ley.

Wayne wrestlers pin Pender

The Wayne wrestling team closed out their 1990 home wrestling schedule in convincing fashion Thursday night with a 69-0 win over Pender. The Blue Devils were wrestling with out Todd Fredrickson, Trevor Wehrer and Cory Wieseler who were either injured or sick.

For Eric Cole, Mike DeNaeyer, Chris Janke, Jesse Brodersen, Dave Hewitt, Jason Ehrhardt and Matt Bruggeman it was the final time they would wrestle in front of the home crowd and all put on a show with the exception of Hewitt who received a forfeit at 171.

Pender forfeited at 103 and 112 which meant that Brent Gamble had the first match of the night at 119 and Gamble needed just 22 seconds to pin Cage Beza. Eric Cole followed suit at 125

with a pin over Brent Kelly in 3:23 and Mike DeNaeyer did likewise at 1:30 with a pin over Adam Rohler in 1:02. With Wayne leading 30-0 at this point Brian Gamble stepped to the center of the mat to meet George Blair.

Gamble filled in for Trevor Wehrer and his intensity level was at maximum capacity as he focused in on a technical fall. The match ended early in the third period.

Jason Fink won by a 10-0 decision over Kevin Wagner at 140 while Chris Janke, who had one of the tougher matches of the evening, decided Joe Kent, 2-0. Jesse Brodersen was another who had a tough match at 152 as he decided Tony Miller, 3-2.

Pender had to forfeit at 160 and 171 so the next match fea-

tured top ranked Jason Ehrhardt against Chad Sokol at 189. Sokol actually led 3-2 early in the first period before Ehrhardt turned up the intensity and won by pin in 5:23.

The final match of the varsity evening was Matt Bruggeman at heavy weight. Bruggeman needed just 1:19 to pin Steve Munderloh, thus giving Wayne its second shut out of the year.

"Two things were on our minds going into the Pender dual," Wayne coach John Murtaugh said. "First, we wanted a big win for the seniors in their last home dual and second, we wanted to improve on our intensity. I was pleased that we were able to accomplish both."

In reserve action Matt Rise won by pin in 41 seconds at 130 and Terry Rutenbeck lost by pin in 4:50 at 130.

JASON EHRHARDT puts the finishing touches on Pender's Chad Sokol in the 189 pound match Thursday night. Ehrhardt is ranked number one in Class B at 189 pounds.

WAYNE'S BRIAN GAMBLE tries to put the finishing touches of a pin on his Pender opponent in action at Wayne High on Thursday. Gamble earned a technical fall for his efforts. Wayne defeated Pender 69-0 in their final home showing of the year.

JASON FINK WORKS over Kevin Wagner of Pender in a match that ended 10-0 for Fink.

MIKE DENAEYER NEEDED just 62 seconds to pin Adam Rohler of Pender Thursday night. It was DeNaeyer's final home wrestling match of his career.

"We shot real well from the floor," Geier said. "Our kids hit five 3-pointers in the first half alone and finished 6-12 from the bonus range." Winside connected on 8-

17 from the charity stripe while Hartington was 3-8. The Wildcats were out rebounded 44-43 but committed only seven turnovers while forcing 12.

Expired commodity certificates may now be turned in, ASCS officials say

AREA - Subsequent holders (purchasers) of commodity certificates issued by the U.S. Department of Agriculture's Commodity Credit Corporation may now exchange certain expired certificates for cash under similar rules that apply to original holders.

Authorization for the exchange is contained in the Food, Agriculture, Conservation and Trade Act of 1990.

THE CASH exchange may be made subject to the following limitations:

- The commodity certificate must have been purchased by the subsequent holder no later than Jan. 1, 1990.
- A subsequent holder may not receive a total cash payment of more than \$1,000.
- Subject to the \$1,000 limitation, subsequent holders of expired commodity certificates are eligible to receive:
 - Eight-five percent of the face value of the certificate during the first six-month period after the certificate's expiration date.
 - Fifty percent of the face value of the certificate during the 12-month period beginning on the seventh month after the certificate's expiration date.

- Subsequent holders may not exchange certificates beginning the 19th month after the certificate's expiration date.
- A subsequent holder cannot receive an amount greater than the price paid for each expired certificate.

TO OBTAIN a cash payment for expired commodity certificates, the subsequent holder is required to:

- Complete an application (Form CCC-8). Form CCC-8's are available from the Kansas City Commodity Office by calling (816) 926-6030, or from any local county Agricultural Stabilization and Conservation Service office.
- Provide evidence of proof of purchase and the price paid for the expired certificate.
- Mail the original expired certificate(s) and proof of purchase with the CCC-8 to: CCC Expired Certificate Exchange, Attn: Claims and Collections Division KCCO, PO Box 419205, Kansas City, MO 64141-6205.
- Original holders of commodity certificates who wish to receive cash for their certificates must continue to submit their certificates to the county ASCS office which issued the certificate.

TO COMPENSATE persons whose certificates may decline in value from the Nov. 28 date of enactment of Section 1122 of the Food, Agriculture, Conservation and Trade Act of 1990, until implementation of these procedures, the following transitional rules apply:

- Persons who submit applications postmarked no later than Jan. 31, with the following expiration dates will receive payments for certificates, subject to the \$1,000 limitation as if they had been submitted on Nov. 30.
 - Subsequent holders of certificates with expiration dates of May 31, 1989 and June 30, 1989 will receive 50 percent of the certificate's face value.
 - Subsequent holders of certificates with expiration dates of May 31, 1990 and June 30, 1990 will receive 85 percent of the certificate's face value.

The Food, Agriculture, Conservation and Trade Act only authorized a 180-day period after enactment for subsequent holders to receive this benefit. Therefore, all applications must be postmarked no later than May 28, 1991. All expired certificates received by the KCCO are the property of CCC.

'Stop loss' in place for guard

AREA - A message was received by the Nebraska Military Department which placed a "Stop-Loss" on all members of the Army National Guard of the United States. The effective date of the program is retroactive to Saturday, Jan. 19, 1991. The Air National Guard is not affected by this directive.

The message directs that all current members of the Army National Guard are "frozen" from being discharged or otherwise allowed to leave at the conclusion of their contractual obligation. If a soldier comes upon the end of his/her contractual obligation during the period of the Stop-Loss directive, the soldier will not be allowed to leave the Army National Guard. If they willingly extend their enlistment contract they may do so, however, if they do not they will be involuntarily extended for 12 months.

The three categories of soldiers to which this does not apply are: warrant officers and enlisted persons reaching age 60; commissioned officers who have reached their mandatory removal date (this does not include Active Guard and Reserve (AGR) officers); and medical disqualification.

Currently there are 652 Army National Guard soldiers in the Nebraska Army National Guard that are scheduled to reach the end of their contract period during the next 12 months. The program will not have any effect on individual transfers between units in Nebraska. Transfers to the National Guard in another state will be contingent upon the physical relocation of the member to that state

due to civilian employment requirements.

According to National Guard Bureau officials, the program was implemented to temporarily stabilize the Army National Guard at its present level of strength. There was no indication as to a projected end date for the "Stop-Loss" program.

4-H leaders, officers jump start their year

Although the hot days of county fair seem far away, 4-H leaders and club officers in the Northeast Five EPU (Wayne, Dixon, Dakota, Thurston and Cedar counties) got the 4-H year off to a good start by attending recent Fun Nights in Laurel and Pender.

Forty-three leaders and 71 4-H club officers attended the trainings.

Cynthia Rethwisch, a 4-H leader from Wayne County, presented the most popular topic — "How to Organize Your Club for the Year."

"Teaching Tips" and "Dealing With Different Age Groups" was covered by Vickie Genoff, extension specialist 4-H/youth.

LEADERS ALSO got to chose from two of the following mini sessions: "Completing the 4-H Record Book and Applying for Awards," presented by Denise Hefti of Wisner and Joanie Adkins of Laurel; "New 4-H Sewing Projects," presented by Mindy Lutt of Wayne and Lynnel Fiscus of Coleridge; "Building a Winning Livestock Judging Team," presented by Mark Sorensen, Jock Beeson, Jenni Puls, Cory Thomsen and Deb Sievers, all of Wayne; and "New Livestock Video," presented by Ann Adams of Dakota City, 4-H extension assistant.

The H-Troop 4-H Club, led by Janet Nielsen, and the Dixon County Teen Leaders, coordinated by Karen Wermers, extension agent-home economics, provided the training programs for new club officers.

CYNTHIA Rethwisch of Dog Creek 4-H Club presents the techniques she uses to organize her club for the year.

A variety of skits, games and exercises were used to teach the officers the basics of parliamentary procedure and running a business meeting. New club recreation ideas also were introduced.

THE PROGRAM was planned by Lynda Cruickshank and Ann Adams, extension staff in the Northeast Five EPU.

The next 4-H training will be held in March and will cover the woodworking project.

LENRD accepting 4-H applications

The Lower Elkhorn Natural Resources District is now accepting applications for 4-H members throughout the 15 county district. The Lower Elkhorn NRD will reimburse six 4-H members for the full camp registration fee.

Three scholarships are available for the Natural Resources Leadership Camp which will be held in Halsey from June 10 through June 14. The registration fee is \$80.

The registration fee of \$85 will be reimbursed to winners of the three ExpoVisions Camp scholarships that are being offered. ExpoVisions will be held in Lincoln from July 10 through July 12.

Any 4-H member who would like to apply for these scholarships should contact their local Cooperative Extension Service office for more information and an application form. All applications must reach the Lower Elkhorn NRD office in Norfolk by March 16. Scholarship winners will be notified by March 25.

Scholarship winners must register for the camp, arrange for their own transportation and pay all fees. The Lower Elkhorn NRD will reimburse the registration fee after the winners send camp attendance verification to the LENRD office.
