## Ag office cuts cause little harm

By LaVon Anderson News Editor

It does not appear that the Wayne County ASCS office will be affected by a major restructuring plan which calls for the closing of approximately 1,200 U.S. Department of Agriculture field offices, including seven in Nebraska.

"From what I understand on what little information we have at this point is that the Wayne office has not been targeted for closing," said Terri Post, county executive director of the ASCS Office in Wayne.

"I haven't heard anything to date that would affect the Wayne office at all, however we really don't know what the future holds for us as far as what the reorganization will be when the new political party takes over.

Post added that what she is hearing now is all heresay and that to her knowledge no office is actually slated for closing, although a proposal has been made regarding possible USDA office closing and colocations.

received final approval Tuesday of proposed county office restructuring in Nebraska from the Secretary of Agriculture.

John Neuberger, Nebraska state director for the Agricultural Stabi-lization and Conservation Service, and Chairman of the USDA FAC, has been assigned to coordinate a plan of possible USDA office closings and co-locations.

Agency leaders from the ASCS, Soil Conservation Service and Farmers Home Administration will prepare an implementation plan and return it to the new secretary by

April 19, 1993. The Nebraska USDA offices targeted for closing include the ASCS office in Elkhorn (Douglas County), FmHA offices in Omaha (Douglas County) and Wahoo (Saunders County), and Soil Conservation offices in Harrisburg (Banner County), Hayes Center (Hayes County), Chappell (Deuel County) and Elwood (Gosper County).

The new list also identifies sev-eral local USDA offices to be colocated under the same roof, includ-ing moving the Dixon County

## Local man seeks belt repeal

**By LaVon Anderson** News Editor

Wayne County's Republican Party chairman said he fully expects a petition to repeal the state's new

derway the first or second week in February. Charles Maas of Hoskins said he will be attending a meeting of the Freedom First in Nebraska committee in Omaha on Sunday at

which time he expects the petition language to be completed and circulation to get underway shortly thereafter. "I enthusiastically support the

repeal of the seat belt law," said Maas, who stressed that he was

use of seat belts, Maas said he bemandatory seat belt law to get unlieves individuals should have the right to make that decision.

"WE'VE GONE down an evolutionary trail of government intervention in our lives," said Maas. "The word mandatory at the turn

of the century was hardly ever used, however in the last 15 to 20 years we've been 'mandated' in just about every facet of life, whether it be in agriculture and mandatory checkoffs or something else."

Maas said he, along with a lot of other people, believe that the seat belt issue should have been laid to

rest earlier when residents of Nebraska expressed their opposition. "Tom Horgan (sponsor of the mandatory seat belt law) was asked

recently on a radio program if he would be willing to put the issue to a vote of the people and he replied no," said Maas.

"He's afraid of the people," said Maas, adding that a lot of Nebraska residents, including himself, believe that since the people turned this is-sue down once and it should go back to the people again.

"Its just a continuance of the evolutionary trail of more and more

### Correction

WAYNE - An article in the Tuesday, Jan. 19 edition of The Wayne Herald, re-garding a \$16,500 gift given to Providence Medical Center by Helen James in memory of her sister, Mae Ma son, contained a mistake.

The money will be used to purchase laproscopic surgery equipment for the hospital and the article incorrectly stated that the procedure does not require an incision. Presently, laproscopic sur

gery is being done at Providence Medical Center for the

removal of gall stones, and Administrator Marci Thomas said a small incision is made to insert the laproscope to remove the gall

Flu worries over-rated

#### By Les Mann Herald Publisher

The flu shots are working. While Stanton schools were closed because of a flu outbreak that has kept more than 50 percent of the students and teachers home, Wayne school and health officials report no unusual illness numbers.

In fact, according to Dr. Willis Wiseman, if there is anything un-usual about this flu season in the Wayne area, it is the fact that there are fewer cases than usual.

He said across the whole population he has observed that there are fewer severe colds and flu than in ized last year, he said. "It's tough," he added.

Type B influenza causes headaches fever achiness and sore throats and can develop into other more serious complications, according to health officials.

Dr. Wiseman said he hasn't seen an increase in the number of flu cases in his Wisner clinic either, indicating that to date the outbreak seems to be isolated to the Stanton area. Lutt said he fears it will only be a

matter of time before it arrives here. Georgia Janssen, director of the Wayne Senior Citizen Center said the flu shots most seniors get each season seems to be protecting the community's elderly residents from the illness.

MORE PEOPLE, especially the elderly, are getting flu shots, he said. Wiseman had another theory about the drop in flu symptoms--there's snow on the ground.

"It's proven," he said, "you will see more illness and respiratory problems when you have an open winter."

West Elementary School Principal David Lutt said only nine students were out sick Friday. During the winter months the school averages from eight to 12 students absences a day, he said. He said Wayne Elementary hasn't had a teacher report in sick since before Christmas.

Lutt said school officials and teachershere were talking about the Stanton situation.

WE WONDER how long it will take to get here," he said. The type B flu alleged to be the culprit in Stanton was what forced Lutt to be hospital-

### SPECIAL REMINDER

The Public Works Department again urges all residents to comply with city ordinances regarding snow removal on sidewalks, streets, off-street parking, gas station platforms, etc. Ordinance No. 8-202.1 states that all sidewalks must be cleared of snow or ice to full width of sidewalk within twenty-four hours after the storm, or the city will hire personnel to remove it and bill the property owner. Also a summons to appear in court for violation of the ordinance will be issued by the Police Department. All ordinances will be strictly enforced. In the business district, snow must be thrown into the street at least one foot from the curb as soon as possible to permit removal by street crews. Only snow from sidewalk out to the street is permitted to be dumped into the street for city hauling. All snow behind sidewalks, parking lots, offstreet parking, etc. will have to be removed by private operators, Reminder to Private Snow Removers, when clearing snow from driveways, parking-lots-or sidewalkssnow is not permitted to be blown by snow blowers or pushed by machine back into the streets. This is also in violation of the City Ordinance No. 5-731 and will be strictly enforced by the Police Department.

### Cable firm says blackouts caused by stations, laws

### By Les Mann Herald Publisher

Most complaints about the cable television system in Wayne should be blamed on federal regulations and the television stations in Sioux City rather than the cable company, contends Andy Gordon, regional manager of Jones Intercable out of Sioux City.

Responding to published complaints about the cable service in Wayne, Gordon said the bulk of the complaints deal with "black outs" of programs carried on Omaha stations.

By law, Gordon said Omaha programming is preempted by telecasts from Sioux City when the television stations on the same broadcast network request it.

GORDON WAS grilled by city council members and members of the public at last week's city council meeting about the blackout proce-dure and he claims much of that frustration is misguided.

Gordon claimed there were no complaints at the meeting about actual signal quality provided by Jones Intercable.

He repeated his assertion that the

These efforts are not about reducing service to farmers," said outgoing Agriculture Secretary Ed-ward Madigan. "They are focused

### Symphony to perform at Wayne

The Sioux City Symphony Orchestra will perform at Wayne State College at 8 p.m., Tuesday, Feb. 9 in the Fine Arts Building as part of the college's Black & Gold Series.

For over 75 years, the Sioux City Symphony Orchestra has been a dominant force in the cultural life of Sioux City, Iowa, and the surrounding tri-state area. It has evolved from a 30-piece college en-semble to a 900-member professional orchestra with an artistic ability unrivaled by metropolitan orchestras of comparable size. The Sioux City Symphony

draws its talent and audience from within a 90-mile radius of Sioux City and many of the orchestra's musicians are from nearby educational institutions, including Morningside College, Wayne State College and the University of South Dakota.

The 1990-91 season was the orchestra's Diamond Jubilee which featured many events and artists including Itzhak Periman.

The franchise firm has been without a resident technician since May, dispatching service personnel from other communities hen service calls come in. City council members objected to the contin-ued operation without a local technician and the difficulty in obtaining quick response to service calls.

GORDON TOLD the Wayne Herald he hopes city council doesn't go through with its threat to pass a resolution opposing the proposed rate increase and channel restructuring until a full time technician is located in Wayne. The terms of the franchise agree-

ment require the cable company to have a technician on call in Wayne. He indicated if the city enforces that requirement it might force his com-

pany out of Wayne. He said the community has one of the lowest subscription totals of communities served by Jones. He wondered how many complaints the council members would receive if the community didn't have cable service at all. Gordon said that kind of threat is no

IN THE PAST, he said the local technician in Wayne would switch the blacked out channels back on when people called to complain, but he said that practice was illegal and could get the cable system into serious problems with the Federal Com-munications Commission.

The network non-duplication rule has been enforced by the FCC since 1990. The law was established to protect the market rights and profitability of local television stations who want cable companies who re-transmit their signals to carry their commercial programming rather than the commercials of a larger market station

This means Wayne television viewers often have to watch Iowa sports programming rather than regular network programming when the Sioux City station preempts the network. The Sioux City stations have the legal power to preempt the programming on the Omaha stations for the Wayne market as well.

We should approach this one with a great deal of thought."

REGARDING other legislative issues, Maas said he has been told there is a good possibility that special homosexual rights legislation may be introduced into this year's legislative session which began Jan. 6.

Should such an attempt to pass legislation be successful, Maas said he believes that a petition ballot issue such as the one which was passed by the voters in Colorado is possible.

Currently the tax levy in District 57 calls for 19 cents per \$100 of valuation for the operation of the 27-student school and 42.5 cents for sending district students to neighboring high schools. The 42.5 cent levy will be eliminated but it will be replaced vith a new high school levy to be paid uniformly by all the residents of the city and rural school districts.

## Blue Devils down Randolph by eight Wayne moves to 11-0

The Wayne boys basketball team kept their undefeated record in tact, Tuesday with a 60-52 victorý over Randolph at Wayne High.

Bob Uhing's squad struggled in the early going and found them-selves down 6-0 before they got into the scoring column. The Blue Devils eventually trailed, 12-3 in the first period before settling for a 14-10 deficit after the first quarter. Wayne went on a 15-9 scoring run in the second period to take a two point lead into the locker room at 25-23

Wayne dominated the visiting Cardinals in the third quarter, 21-8 to open up what seemed to be a comfortable 15-point cushion at 46-31, but Randolph opened the fourth period with a 11-0 scoring run to cut the lead to four

The Cardinals, however, could not trim any more off the deficit, thus falling to 7-3 on the season. The third ranked Blue Devils, 11-0 will host Cedar Catholic-another undefeated team on Friday.

Uhing said he wasn't overly pleased with the way his team played against Randolph. "We weren't mentally ready to play," Uhing said. "We were never into the game. Our kids need to understand that when you are rated like we are, other teams are going to come in here and really get after you. We have to be ready to play each time out.

The biggest key to the game was undoubtedly the third quarter. "We did a good job of being patient on offense and got the ball inside more," Uhing said. "I guess what disappointed me the most in the game was the last four minutes of the fourth quarter when we failed to take care of the ball. Our shot selection wasn't that good either. We need to play smart no matter what the score is

The Blue Devils were led in scoring by Bobby Barnes with 18 . Brad Uhing poured in 16 and Robert Bell came off the bench and scored 13 points-including a 7-7 outing from the free throw line. Matt Blomenkamp scored eight points and Regg Carnes finished with five, battling foul trouble the whole game.

Wayne owned the boards with a 35-24 advantage as Blomenkamp hauled down a game high 16 car oms. Wayne had 14 turnovers and Randolph had just 13. The Blue Devils were 16-24 from the foul line and Randolph was 13-18.

The Wayne reserve team also came out on top of a 55-39 score as Jason Carr led the way with 14 points while Ryan Martin added 11.

REGG CARNES gets fouled by these Randolph defenders during the Blue Devils eight point win, Tuesday.
