

City maps out new goals list

By Les Mann
Of the Herald

An ambitious list of new goals for the city of Wayne was rubberstamped at the Wayne City Council meeting Tuesday night after council formulated the list at its annual retreat earlier in the month.

Forty new goals for the city—including investigation of local option sales tax and keno, a new community center with library and senior center, and new housing efforts—were included in the list of goals.

Council members formulated the list during their retreat April 16 and 17 and the new goals were read at the public meeting Tuesday before they were approved by resolution.

The goals include:

1 Year Goals

1. Establish Housing Incentives with consideration to Housing Loan Fund, Grants, electric heating incentives, New Home Buyer Education, Park land dedication/fee revisions.

2. Review Department Head positions, including recreation, electric distribution and water/wastewater.

City chided over buying decisions

By Les Mann
Of the Herald

Wayne City officials were chastised for the way they purchase new vehicles for the city by the general manager of Wayne's only new car dealer during Tuesday night's city council meeting, but city manager Joe Salitros says there is no effort to avoid purchasing locally.

Lonnie Mathes, general manager of Amie's Ford Mercury in Wayne criticized city officials during the council's public forum for what he said was a conscious effort to prevent the local dealer from bidding on the sale of a new pickup to the city.

"I cannot understand why any city official whose wages are paid by local tax dollars would not want to accept bids from a local business," said Mathes.

HE TOLD council he had been rebuffed in repeated attempts to obtain bid specifications for the planned purchase of a 1993 pickup for the city, but that dealers in Lincoln and Omaha had been mailed copies of the Wayne bid specifications. In fact, he said he never

would have known the city was planning to purchase a new pickup until a city employee had told him personally what the plans were.

Mathes claimed the employee was then reprimanded by City Administrator Joe Salitros for telling the local dealer of the city's purchase plans.

Salitros, contacted by the Wayne Herald, said the city has not gone out for bids yet on the budgeted pickup and that the only reprimand of the unnamed employee was a discussion with him about the propriety of jumping the gun on the planned bid letting.

THE NOTICES will be published locally and the local dealer will be invited to bid when the specifications are ready, said Salitros. He admitted he hadn't returned one of Mathes' calls requesting the specifications and he apologized for that, but he said Mathes was told the specifications for the pickup would not be ready for two to three weeks.

Salitros said the city has purchased vehicles locally before and

Recycling woes face Waynians

The economics of the recycling industry has left the Wayne recycling operation marginal at best and has prompted local volunteers to organize to help keep the operation running.

Rev. Frank Rothfuss and other service club leaders in the community are organizing to man the center at 209 Windom on Saturday mornings from 8 to noon beginning May 1.

Run as a satellite to the Norfolk Recycling company, Wayne Recycling has been in operation for only a few months but staffing problems and transportation and handling costs have made its existence here tenuous according to Rothfuss.

Rotary, Lions and Kiwanis Club, church organization and college groups have expressed interest in volunteering to keep the center open. Rotary Club members will be manning the center this month.

Last-minute merger expands school district

In a series of emergency sessions this week, The Wayne School Board accepted the merger of District 15 with the Wayne school district just under the deadline for consideration of the move by county and state school officials.

Both the county board and the state school reorganization committee are scheduled to meet Monday and acceptance of the merger proposal is expected to be approved by both bodies.

In the move, the Wayne district will gain the valuation of 90 percent of the district which lies north of Wayne. Residents of the district, 65 percent of whom signed a petition requesting the merger, will be assessed and taxed based on Wayne

School rates.

A merger means the two districts are one. Affiliation—the route taken by the other class I schools in the county—means the districts are separate but share tax assessments for the operation of the high school.

The District 15 merger is expected to become official on June 1 and means that five students in grades K-6 will be added to the city schools next year.

Wayne School Superintendent Dennis Jensen said the school boards were happy with the merger plan. District 15 brings no new indebtedness to Wayne and discussions are continuing as to the use of the school building.

New trial ordered

The Nebraska Court of Appeals has reversed the conviction and sentence of a former Winside resident on charges of first degree sexual assault.

Gary Quick was convicted in Wayne County District Court on Feb. 13, 1992 and sentenced on May 22, 1992 to spend two to five years in the Nebraska State Penitentiary.

John Gerrard of Norfolk, attorney for Quick, said the Supreme Court's decision this week calls for Quick's conviction and sentence to be vacated, reversed and remanded for a new trial.

GERRARD said the decision stems from inconsistencies in the

time frame that the alleged assault occurred.

"Basically," said Gerrard, the victim claimed that there were four separate assaults and the State of Nebraska filed charges on one of the assaults. The one particular assault that they filed charges on did not fit within the time frame that was alleged."

As a result, Gerrard said that the state, at the close of their evidence, asked that their complaint be amended to a period of time that was nearly a year in length. Despite objections by the defense, Gerrard said the court allowed for the amendment.

Sidewalk plan revised

Wayne City Council has delayed implementation of the sidewalk improvement program for this year until it can be redrawn following objections Tuesday night that the city should get sidewalks on streets without them on either side before forcing home owners to build them on streets that already have them on one side or the other.

The proposed plan for this year had included new sidewalks for the four blocks from Main to St. Mary's School on the south side of 8th street. Council member Doug Sturm suggested it might be more prudent for the city to place the new walks on Walnut drive where none now exist rather than creating a new walk on the south side of 8th and replacing the walks on the north side of the same street.

Other council members and members of the audience agreed and city officials were asked to redraw the plan for presentation at a future meeting. Sidewalks in the northeast quadrant of the city are targeted for up-

grading in this the third year of a comprehensive sidewalk improvement plan for Wayne.

Under the plan, the city will share the cost for replacing existing, but damaged sidewalks.

Duane Schroeder, who objected to some parts of the sidewalk plan at the same time he supported the concept of improved sidewalks in town, said the residents should be told that they can stop the sidewalk work in their neighborhood if property owners with 51 percent of the front footage oppose the idea.

He said he thought the city was trying to shove something down people's throats by forcing sidewalks on both sides of the streets.

Several council members voiced support for the overall goals of the sidewalk improvement program in the community and said there would be many benefits to having sidewalks on both sides.

Sidewalks are required to be installed in front of all new homes constructed in the community.

The city is legally permitted to buy vehicles using the state fleet bid price from one of the major dealers from Lincoln and Omaha without going out for bids. In the past, he said, the low state bid price could seldom be beat by local dealers and because of this the city sometimes bought vehicles from the state designated dealer without advertising for bids.

Study team from Brazil to visit, have fun in Wayne

A team of visiting Brazilian professionals will be in Wayne Sunday and Monday as part of a study tour sponsored by Rotary International.

Members of the Wayne Rotary Club will host the six Brazilians in their homes, take them on tours of local and regional attractions and learn about life in Brazil during a presentation at a family social Sunday evening.

"The Rotary-sponsored Group Study Exchanges proved an excellent opportunity to open new lines of communication and understanding between nations and cultures," said Wayne Rotary President Dan Rose. He said the program has been successful world-wide because it provides people-to-people contact-

stripping away barriers of politics, governments, distance and language.

Often hundreds of applications are submitted from foreign professionals who want to make the six-week study trip to foreign lands. A team of young professionals is being formed from eastern Nebraska to travel to Brazil as the other half of the exchange later this year.

The team members visiting Wayne next week will be arriving here from Omaha following the annual district meeting of Rotary International.

The six member team includes: Roussauliere Mattos, team leader and a retired chemistry professor who will be staying with Mel and Delores Uecht; Ana Lucia DeLima

Carvalho Furtado, an industrial engineer, who will be staying with Julie and Ken Murphy; Joao Carlos Elias Firme, a mining engineer, who will be staying with Dan and Kyle Rose; Otavio DeAlvarenga Gontijo, an architect who will be staying with Marion and Pat Arneson; Silmar Resende Brasil, a dental surgeon who will be staying with Frank and Sandy Rothfuss, and Venício Branquinho Pereira, a physician who will be staying with Dennis and Monica Jensen.

Besides the Sunday pot luck and family social for the visiting Brazilians, their Wayne Rotary hosts have scheduled tours of local industries, the college, schools, medical facilities and the Northeast Research Station.

Music students receive honors

Several instrumental music students from Wayne High School competed in the District III Music Contest held April 23 on the campus of Northeast Community College in Norfolk.

Excellent ratings were received by Tasha Luther, clarinet solo; Jill O'Leary, clarinet solo; Ryan Harris, trombone solo; Chris Sweetland, snare drum solo; Tasha Luther and Jill O'Leary, clarinet duet; and Lizz Claussen, trumpet solo.

said Gerrard, "the district judge cannot set bail or a new trial date." Gerrard added that he expects the court to take action within the next 30 days.

"Needless to say," said Gerrard, "Gary was pleased with the Court of Appeals' decision and hopes that he will be vindicated in the second trial."

Northeast Nebraska Sinfonia performing

The Northeast Nebraska Sinfonia will present a concert on Monday, May 3 at 8 p.m. in Ramsey Theatre on the Wayne State College (WSC) campus.

Brett Fuelberth, pianist and WSC senior, will be featured on the Tchererepin "Bagatelles", opus 5.

The Wayne State concert choir will join the Sinfonia for the Bach "Cantata No. 140," which will feature vocal soloists freshman Clint Badberg, baritone; sophomore Jodie Hankins, soprano; junior Mat Monson, tenor; junior Michele Thies, soprano; and senior Brandon Vennink, baritone.

The Sinfonia will also perform the Haydn "Symphony No. 88" and the Ravel "Bolero."

Admission is free and open to the public.

Case

(continued from page 1)

Gerrard added that the Court of Appeals reversed the district court's decision saying that it was an abuse of discretion to allow the State of Nebraska to amend their complaint at the close of the evidence, for the reason that it was impossible to determine which one of the four alleged attacks was the basis of the complaint.

GERRARD said he has filed a motion for the court to set bail for Quick, however he will remain in the Nebraska State Penitentiary until there is a mandate from the Court of Appeals to the district court.

"Until a mandate is received,"

Engagements

Her fiancé is a graduate of Wayne High School and is manager of Best Western Tel-Star Motel in Kearney.

Thinking of 'old times,' gardening beneficial to young and old alike

Thinking about old times and gardening can help elderly people feel happier, according to the University of Nebraska Cooperative Extension faculty.

"Actually, reminiscing can be done at all ages," says Kay McKinzie of Beatrice, Gage County extension agent-home economics. "It's a great way to get people acquainted with each other."

McKinzie said reminiscing is "validation-therapy" for the elderly and that it is important for them to remember the times when they were most productive and validated their usefulness. "It's also important for them to remember the unhappy and sad times, as well as the good times," she added.

REMINISCING is an activity that family or caregivers can stimulate, according to McKinzie. "Both young and old can participate, because everyone has memories. The detail that one person shares may trigger another memory in someone else."

McKinzie said memories can be triggered by simple things — an old quilt or doily, an old waffle iron, magazine pictures of a pump-jack or one-room school.

Getting older people to talk about these things "is like unlocking a door," McKinzie said. "The information provided helps younger generations expand their horizons as well, by discovering how and why their ancestors did certain things."

She suggests families document their textile heirlooms, which is history "written with a needle instead of a pen."

USING PLANTS to promote human wellness also helps the elderly, as well as juvenile delinquents, prisoners and mental health

patients, according to Kelly Lant of Columbus, assistant-horticulturist for Cooperative Extension in Platte County.

Lant noted that hospital patients recover faster and have fewer complaints when they see a park-like setting outside their windows rather than a brick wall.

Older people often have less dexterity for gardening. Lant offers these approaches to help make gardening easier:

—Avoid back strain by growing plants in containers on stands, so gardening can be done standing or sitting in a wheelchair. Make sure tools have handles long enough so the person working with them can stand upright. An easy way to plant seed is to place it in a funnel atop a piece of PVC pipe.

—Make garden tools easier to grasp by putting pipe insulation around rake and hoe handles. Wrap velcro strips around hand-held tools and wrist to create a gardening "claw," so no gripping is needed.

—Make handling tiny seed easier by mixing with sand and shake from an old spice container. A commercial "seed tape" means no seed counting or spilling, just covering the tape with soil.

—Plant tops that grow leafy and are fun to watch, including carrots, sweet potatoes, avocados and radishes.

THE INSTITUTE of Agriculture and Natural Resources staff made presentations at a recent Successful Aging Conference in Lincoln.

For information on reminiscing workshops and quilt documentation, contact McKinzie at 402/223-1384. Further gardening information may be obtained from Lant at 402/563-4901.

Season finale set for Sunday

WSC sluggers improve to 16-23

The Wayne State baseball team went 3-2 in a five-game, three-day stand between Tuesday and Thursday. John Manganaro's squad swept South Dakota in Vermillion on Tuesday, 6-1 and 1-0 before losing to Briar Cliff in Wayne on Wednesday, 13-9.

Then on Thursday the Wildcats split with Kearney in a double-header played in Grand Island, leaving them with a 16-23 record with five games remaining on the schedule.

In South Dakota on Tuesday, Brian Bellinghausen got the pitching victory in the first game in relief of Chad Gillispie. The game was scoreless after four innings of play before the rains forced the game to be delayed for nearly 45 minutes.

Following the delay the 'Cats went to work quickly, scoring five runs in the fifth inning and coasting to the 6-1 victory. WSC finished with six runs on nine hits and one error while USD had one run on four hits and one error.

Jon Janssen led WSC with a

double and single while Cory Reeder and Troy Test each had a pair of base hits. Tim McDermott doubled while Russ Hamer and Jeff Schneider each singled.

In the second game WSC had to go eight innings before breaking a scoreless tie, thus winning 1-0. Bill Guenther got the win in relief but five WSC pitchers combined for the shutout.

Kevin Maulick, Brian Bellinghausen, Tim Fancher and Jon Janssen also saw action from the mound. WSC finished with one run on four hits and an error while USD had no runs on five hits and two errors.

Hamer, McDermott, Dave Shields and Test each had a base hit for WSC. Mike Stauffer led off the eighth inning with a walk and he advanced to second on Shields' sacrifice bunt. Anthony Brown hit a fielder's choice which advanced Stauffer to third and with two out, Russ Hamer hit a hard ground ball to second base which was bobbled, scoring Stauffer for the game-winner.

Wednesday's game with Briar Cliff was not a pretty one according to Manganaro. "It was a poorly played baseball game from both teams," Manganaro said. "They had 13 walks and we couldn't get anybody out."

Briar Cliff was not silent with the bats, however. The Chargers sent six WSC pitches over the fence and finished with 13 runs on 15 hits and no errors while the 'Cats had nine runs on five hits and four errors.

Jeff Lutt was the losing pitcher. Mike Stauffer smacked a home run to lead WSC on offense while Russ Hamer doubled. Dave Shields, Jon Janssen and Cory Reeder all singled.

UNK split

On Thursday in Grand Island the 'Cats lost the opener, 5-2 as Jeff Gohr took the loss. WSC had two runs on seven hits and two errors while UNK had five runs on five hits and no errors.

Hamer was the offensive catalyst with a double and two singles while Jeff Schneider had a double and a

single. Travis Nedved and Mike Stauffer also singled.

"We played well in that game," Manganaro said. "Jeff really didn't deserve to lose it. We left 11 runners on base and we had an error that cost us two runs."

In the second game WSC pounded out 10 hits in earning a 5-3 victory. UNK had three runs on eight hits and two errors. Jon Janssen earned the victory after tossing the first 4 1/3 innings while Bill Guenther earned the save by pitching well over the final 2 2/3 innings.

Tim McDermott belted a home run, double and single to lead the 'Cats while Jeff Schneider doubled and added a pair of singles. Dave Shields, Russ Hamer, Cory Reeder and Jeff Burger also added base hits.

Following a home twinbill with USD on Friday at Hank Overin Field, the 'Cats will host Bellevue on Saturday in one, nine-inning game at 1 p.m. The season will come to a close on Sunday when WSC travels to Omaha to play the Bruins in a double-header.

Winside runner sets records

The Winside girls track team took a back seat to Jefferson, S.D., in Tuesday's Homer Invitational as for the first time outside this season the Wildcats finished below first place.

Mohr was timed in 5:34 in the 1600 and 12:29 in the 3200. The

The 1600 relay team also placed third in 4:33 with Pichler, Bussey, Miller and Thompson. Bussey was fourth in the 800 meter run in 2:39 and Thompson was fourth in the 200 meter dash in 28.5.

Pichler added a fifth in the 300 hurdles with a 52.5 effort and Deck

long jumped 14-6 for fifth while Ann Brugger tossed the discus 93-8 for fifth place honors.

Boys score 35

Jefferson made it a clean sweep of the meet by winning both the girls and boys team titles as the boys scored 127 points. Homer placed second with 110 and Allen was third with 92.

Newcastle placed fourth with 82 and Coleridge was fifth with 47. Winside rounded out the field of teams with 35 points.

Cam Shelton notched first place finishes in the shot put and discus with throws of 46-7 and 128-11 while Jay Shelton placed third in the 1600 in 5:05.

The Blue Devils 3200 relay team was third in 9:01.2 with Matt Blomenkamp, Clint Dyer, Robert Bell and Mark Meyer while the

WANTED... LAWN MOWING

Will mulch or bag and haul. Free estimates. Call Rod at 375-5741.

CORNELL UNIVERSITY recently performed a study, commissioned by Garden Way, which showed that mulching mowers cause "significantly greater turf-grass growth and create healthier, lusher lawns." The purpose of the study was to compare the influence on shoot growth and visual quality of Kentucky bluegrass when cut with a mulching mower versus a rear-bagger. Results showed forty percent more growth when the grass was cut by a mulching mower. With the recent purchase of a commercial mulching mower, we can provide this service for you.

Softball team falls to UNO

Joan Scherbring's Wayne State softball team slipped to 14-24 after losing a pair of contests to the 4th ranked team in NCAA-II—UNO in Omaha, Wednesday.

The 'Cats lost a 4-3 decision in the first game and 4-0 in the nightcap. In the opener Jenny Nieland took the loss while UNO pitcher Amy Pick improved to 18-3.

WSC led 3-0 after four innings of play but the Mavericks scored once in the fifth, two in the sixth and won the game in the bottom of the seventh inning.

WSC finished with three runs on five hits and two errors while UNO had four runs on nine hits and four errors. "We hit the ball well against Pick but we hit it right at people," Scherbring said.

Renee Miller led the offense with an over-the-fence home run while Jeni Umbach, Jill Gengler, Jenny Reuland and Marti Hunt each singled. Miller, Umbach and Reuland each had one RBI.

In the second game the 'Cats were virtually shut down as UNO pitcher Amy Boyd tossed a one-hit shutout. WSC suffered two errors in the game while UNO finished with four runs on seven hits and no errors.

Lori Foster doubled off Boyd in the first inning but she was the lone base runner with a hit. WSC travels to play Morningside on Friday afternoon before hosting Dana on Sunday in what will be WSC's first home games of the season—and last. The season ends the following Sunday when the 'Cats travel to play Kearney.

Fink, Sandy Burbach and Angie Hudson while Thompson added a sixth in the 400 meter dash in 64.8. Audra Stevers rounded out the scoring for the Blue Devils with a sixth place shot put of 30-2.5.

"We had a disappointing day," Hochstein said. "I really do not think we were ready to run. Hopefully, with a week of training before our next meet we can get refocused and finish the season strong."

How Good Is CARE CHOICES HMO?

"When We Compared Plans, It Was Apparent What We Should Do."

—Cathy Keyser, South Sioux City

We switched to Care Choices HMO last November when I was pregnant with Kristian. Care Choices took care of everything with the Family Care Program. With the program, we received home visits from a nurse, a free infant car seat, and even a diaper service. And we didn't have to visit a doctor or hospital with the plan.

"With two small kids, we really appreciate the immunizations that Care Choices covers."

When you compare Care Choices to a traditional plan for a family like ours, there's just no comparison.

Pet Week time to love and treat

Dogs, cats, birds and horses all provide a source of warmth and companionship without demanding anything in return. May 2-8 was designated National Pet Week by the American Veterinary Medical Association, its Auxiliary, and the American Animal Hospital Association to recognize the important contribution of pets to our society.

"Animals seem to have a sixth sense as to when their human companions are feeling irritable, depressed or ill," explained Dr. D.A. Swerczek, chair of the Wayne Veterinary Clinic National Pet Week committee.

"Unfortunately, humans are not able to return the favor. It is the nature of an animal to hide illness," Dr. Swerczek continued. This is why it is especially important for pets to have an annual check-up by

a veterinarian. Veterinarians are trained to observe early signs of illness and may use highly sophisticated medical equipment to detect health problems. As in people, early detection is key to proper treatment.

Your pet relies on you. Veterinary open houses, school visits and community informational programs are being hosted by veterinarians across the country. Contact your local veterinary association for information on programs in your area. Take this week to learn more about your companion's year-round needs.

In observance of National Pet Week there will be a pet show, open to all pets, at the Wayne Veterinary Clinic on Saturday, May 8 at 1:15 p.m.

A carnival of fun

The West Elementary Boosters (WEB) organization sponsored a carnival last Saturday at the school to raise money for the purchase of an outside information board for the elementary building. The carnival included a variety of booths and events, including a cake walk. Pictured at the cake walk are, from left, Jessica Raveling, Kari Harder, Sarah Sperry, Robbie Sturm, Lesa King and Steve Williams.
