Three distinguished Northeast Nebraskans will be honored during winter Commencement ceremonies at Wayne State College Saturday, Dec. 18 at 2 p.m. in Rice Auditorium.

Dr. Robert Benthack, a long-time Wayne physician, will receive the college's highest honor, the distinguished service award, while Joan Burney, Hartington, and Elmer Blackbird, Walthill, will both receive alumni achievement awards.

Benthack, is being recognized for his many years of service to Wayne State College and Northeast Nebraska.

**BENTHACK** provided medical services to the WSC athletic program from 1949 until approximately 1965 and served as the College Physician from 1965 until 1992. He is trustee of the Wayne

Burney Benthack

State Foundation and member of the National Steering Committee for the "Building Bright Futures" campaign.

Benthack, who received his medical degree from the Nebraska College of Medicine in 1947, began practicing in Wayne with his father, Dr. Walter Benthack, in 1949. He

served in the Korean War, 1953-54, then returned to Wayne.

"The service, dedication and financial support Dr. Benthack has provided to Wayne State College over the past 44 years is greatly appreciated," said Dr. Donald J. Mash, president of Wayne State College. "He is most deserving of the highest honor that we can present."

Mrs. Burney is a nationally recognized writer and speaker who received her master of science degree in psychological counseling from WSC in 1986. She is a member of the Alumni Committee for the national "Building Bright Futures" fund raising campaign.

**BURNEY** writes regular columns for the Omaha World-Herald, Sioux City Journal, Norfolk Daily News, Missouri Valley Observer, Cedar County News, Catholic Voice and several other publications. She has also written several books, including "Sharing the Faith With Your Child" and "The Keepers."

The mother of six grown children, Burney was named "Mother of the Year" by the National Mothers Association in 1991. As a highly sought-after speaker, she keeps audiences laughing while imparting the techniques of survival that she's garnered from her years as a wife and mother.

"Joan is most deserving of this award," says Chris Wilbur, director of development and alumni affairs. "Her accomplishments as a writer, speaker and mother should be inspirations to all of our alumni and students."

## Warm fuzzies from the Senior Center

The Wayne Senior Center participated in their annual project of Christmas giving to area children. Annually the ME Way Memorial Fund is used to help children less fortunate at Christmas time. The fund was set up by monies left to the City of Wayne for that purpose. This year 56 children from 22 families each received \$20 gift certificates from the fund. Socks, mittens and hats were donated by the City Employees and Lutheran Ladies from St. Paul's Lutheran Church of Winside donated tied quilts. Lutheran Brotherhood, Wayne County Branch #8212 provided approximately 25 pairs of children's shoes. Georgia Janssen, Senior Center Director and Neva Lorenzen are shown with a portion of the donated items.

## Route is targeted to west

A major new north-south transportation route through Northeast Nebraska may be the result of the national transportation network plan released Thursday by Transportation Secretary Frederico Pena.

Rep. Doug Bereuter said he is pleased to see the national roads network identified by Pena will include Nebraska Highway 57 as a route to connect the new Vermillion-Newcastle Bridge to Highway 81.

Highway 57 passes through Laurel and Carroll but misses Wayne by more than 8 miles to the west.

Bereuter told the Omaha World-Herald new highway construction will eventually be needed in western Dixon County east of the route identified in the national highway plan as the route for the connection to the new bridge.

Community leaders in the Wayne area had hoped the heavy traffic expected to use the proposed new bridge route to connect Highway 81 (near Norfolk) with Interstate 29 in South Dakota would pass through Wayne and western Dixon County.

The new National Highway System will include 159,000 miles of roadways which will carry 40 percent of all vehicles and 70 percent of all trucks. The new plan includes 3,075 miles of Nebraska's total 9,000 miles of highways.

Congress must approve the proposed National Highway System proposal by Sept. 30, 1995.

## Plays for Johnny

Kimberly Cherry, daughter of Marvin and Mary Cherry of Winside, and a junior at the University of Nebraska, was one of 80 selected members of the University of Nebraska Marching Band who played in the Kennedy Opera Hall at the Kennedy Center in Washington D.C. for the Kennedy Center Honors presented by President Bill Clinton.

One of the five honorees was Nebraska native Johnny Carson. The organizers of the event said, "Since we cannot bring Johnny to Nebraska, we'll take Nebraska to him."

The University Marching Band entered the hall playing "There's No Place Like Nebraska." Their next selection was the Tonight Show theme song and they were joined in by Doc Severnson.

The final number played by the band while leaving the hall was "Stars and Stripes Forever," reported Mrs. Cherry. The entire event is to be televised on CBS on Dec. 29.

## Holiday open house is Sunday

Many Wayne businesses will be hosting a special holiday open house Sunday afternoon beginning at 1 p.m.

Stores will be open, refreshments of cookies and hot drinks will be offered and strolling minstrels will serenade with Christmas music up and down Main Street.

The Wayne State College Brass Ensemble will provide the musical accompaniment and mood setting music for the fun event, said Curt

Wilwerding, Wayne Area Chamber of Commerce executive director.

He said the quaint, small-town and friendly atmosphere in Wayne will be enhanced even more by the Sunday event.

Wilwerding said the amount of Santa Cash no interest loans has already topped the amount used last year during the entire holiday season. Over \$50,000 worth of loans have been applied for through the

Wayne banks he said.

Under the unique Wayne program, loans are offered to holiday shoppers to spend on Christmas gift purchases. The no interest loans (minimum \$500 and maximum \$1,500) do not have to be paid back for 120 days. There is still plenty of time to apply for and use the Santa Cash loan funds, Wilwerding said. Information may be obtained at any of the Wayne banks or from the Chamber of Commerce at 375-2240.

## Area rings with joy of season

By Les Mann  
Of the Herald

Holiday music is ringing from nearly every church sanctuary in the Wayne area with special services planned as traditional parts of the Christmas season.

"Some of the busiest of the busy people during Christmas are area ministers and church music directors.

"Advent means coming," said Rev. Frank Rothfuss, Pastor of the Redeemer Lutheran Church in Wayne. "It is a time of preparation. We are preparing not only for Christmas, but for the second coming of Christ as well. There is no better way to prepare for either than to gather with the community of faith for worship and fellowship," he added.

And there are plenty of opportunities to gather and celebrate, no matter what denomination you are a member of or whether you are a member of any denomination. Members of the Wayne Ministerial Association issued encouragement for people of all faiths to feel welcome at any church especially during the holiday season.

## Book features columnists

A new book publication of the Nebraska Humanities Council, "Nebraska Voices: Telling the Stories of Our State," examines Nebraska's history, literature, landscape and people from diverse and sometimes controversial viewpoints.

Dedicated in memory of Jim Raglin, former executive director of the Nebraska Press Association, and featuring an essay by him, the book is a compilation of 54 newspaper columns commissioned last year by the NHC and the NPA.

Over 68 newspapers throughout Nebraska, from the Albion News to the York News-Times, published a weekly column during 1992 called "Nebraska Voices" in commemora-

tion of Nebraska's Quasiquicentennial.

Each week a different author — including poets Ted Kooser and Twyla Hansen, Governor Ben Nelson, bookstore owner Jim McKee, NETV station manager Ron Hull, retired businessman Ed Jaksha, writers David McCleery and Wopashitwe Mondo Eyen we Langa (David Rice) — contributed his/her voice to an ongoing dialogue concerning "who we are as Nebraskans and what we're doing," according to Clay Capek, one of the project coordinators.

"One time there was a mailing delay, and our office was swamped with calls from publishers who

## Scholarships available at state colleges

For more than 20 years, the Nebraska State College System has sponsored the prestigious Board of Trustees' Scholarships. These are

full tuition scholarships, renewable over four academic years, awarded to academically gifted high school seniors planning to attend Chadron

State College, Peru State College or Wayne State College.

Last year, more than 200 students applied for Board of Trustees' Scholarships; 60 will be awarded this year. The value of each scholarship, if renewed for four years, is approximately \$5,500.

To be eligible for a Board of Trustees' Scholarship, the applicant must be a graduating senior of a Nebraska high school; be enrolling for the first time as a full-time college student; be in the top 25 percent of his or her high school graduating class; score above the 85th percentile on a college entrance exam (ACT score of 25, SAT score of 1100); and provide at least one written reference from a high school teacher or administrator.

"These scholarships help outstanding Nebraska students get a

first rate education at one of Nebraska's three excellent State Colleges," noted Peter Claussen of Hastings, Chair of the State College Board of Trustees. "Our goal is to keep Nebraska talent in Nebraska. Students at Chadron State, Peru State and Wayne State Colleges benefit from close teacher-student interaction, historic residential campuses and counseling and support services.

"Because of the quality of scholarship recipients, the program is an investment in the future of Nebraska."

Applications and additional information are available from all public and private high school guidance counselors in Nebraska, or from Financial Aid officers at Chadron State College, Peru State College or Wayne State College. Deadline for application is Jan. 14.

WSC'S BILLY PATTERSON gets fouled by a Morningside player while attempting a lay-up during action in Rice Auditorium, Wednesday night.

## WSC men surpass century mark in first home victory

The Wayne State men's basketball team snapped a three-game losing streak, Wednesday night at home against Morningside College of Sioux City, Iowa, 102-99 in overtime.

It was the 'Cats first home victory of the season and it was head coach Mike Brewen's first victory over a North Central Conference team in his tenure at WSC.

Things didn't look all that rosy for the host team early, however, as Morningside came out gunning and built a 17-3 lead. WSC narrowed that gap to two points at 27-25 with 6:41 remaining in the opening half, but the visiting Chiefs managed a 47-41 lead at the break.

The 'Cats found themselves trailing by eight points at 57-49 with 16 minutes left in regulation but Kyle White's three-pointer with 8:02 left in regulation gave WSC its first lead at 71-69 since a 3-2 advantage in the first half.

Omar Clark put WSC up by five on the next possession with a lay-up and a foul which resulted in a free throw but Morningside went on a 10-0 run over the next two minutes for a five point lead of its own at 79-74.

Mike Mitchell's three-pointer with 3:06 to go in regulation gave WSC back the lead at 83-82. The lead changed hands again until Brad Uhing sank a pair of free throws with 15 seconds left to put the 'Cats up 89-87. Steve Skradski then hit one of two free throws with five seconds to go for a 90-87 lead but Darrell Greer sank a long three-pointer at the buzzer to tie the game for Morningside, thus sending it into overtime.

It was in the huddle before the overtime began that Billy Patterson told his teammates they would not lose the game. "Billy told the team that it was very important for us to get the first run in overtime," Brewen said. "He aided that by hitting his only three-pointer in the game to open up the scoring in the extra period."

Dan Anderson hit a lay-up on WSC's next possession for a 95-90 lead and Anderson made it a six-point game with a free throw. With 56 seconds left in the game and 100-96 lead, Uhing hit another free throw but R.J. Belton sank a three-pointer for the Chiefs to cut the gap to two at 101-99 with 20 seconds left in the game.

Clark then hit a free throw with nine seconds to go in overtime and the Chiefs luck at the end of regulation did not continue as they failed to convert the tying field goal in the final seconds.

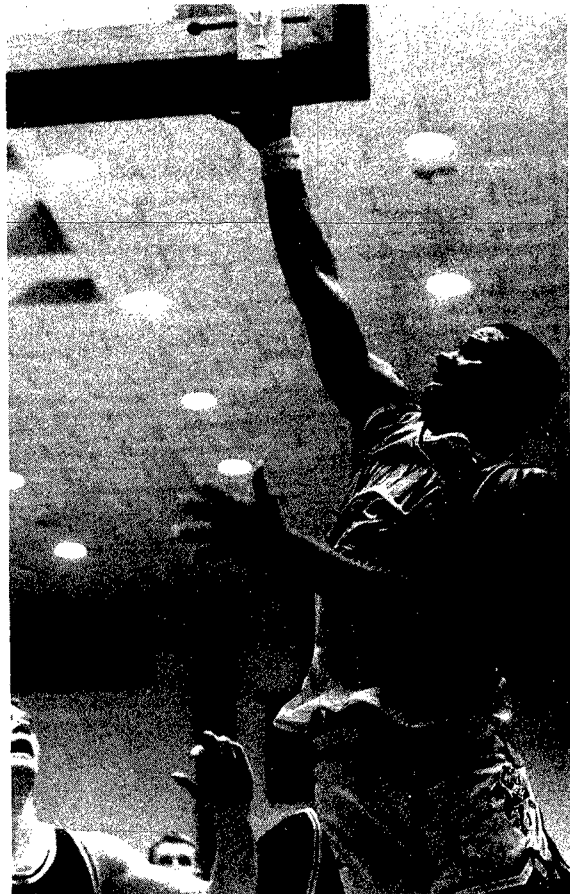

"It's taking some time to develop the kind of system we want and for the players to believe in the system," Brewen said. "It is important the amount of effort we put forth and our goal is to try and get the guys to work harder and harder every time up and down the court."

Brewen also said his coaching staff is teaching a family atmosphere to the players—that everyone is in it together. "Our bench did a nice job of keeping everyone pumped up," Brewen said. "We have a very unselfish team and the guys are working hard and well together."

Brewen also said he was pleased with Patterson's leadership in the overtime. "Billy and Omar wouldn't allow us to lose that game in overtime," Brewen said. "After that guy nailed that long three-pointer at the buzzer to force the overtime, it would have been easy to fold but we didn't, we got stronger."

WSC took 87 shots in the game and 36, three-pointers. "Our goal is to go out and create 40 minutes of chaos for the opposition," Brewen said. "Against Morningside, I thought we created chaos for 45 minutes."

The 'Cats played the final 12 minutes of the game with a line-up under 6-4 and Morningside still couldn't get the ball inside. There were five players in double figures for WSC led by Terry Mailloux and

DAN ANDERSON lays a shot off the glass for two of his 15 points in the second half of the Wildcats 102-99 overtime win over Morningside, Wednesday.

Patterson with 16 each while Nate Parks and Dan Anderson tallied 15 each. Clark finished with 14 while Mitchell and White had six each.

Uhing and Skradski each netted five and Greg Ryan rounded out the scoring with four.

WSC edged the Chiefs, 59-58 on the boards led by Mailloux's 13

caroms and Anderson's nine. Clark dished out eight assists and Patterson had six assists while notching three steals. The 'Cats had 20 turnovers compared to 19 for the Chiefs.

WSC will remain at home on Saturday night for a contest with another North Central Conference foe in South Dakota State.

## 5-2 'Cats to host Dakota State, Friday Wildcat gals defeat Denver

Mike Barry's Wayne State women's basketball team notched another early season big victory Saturday night in Rice Auditorium with a 78-59 win over a very solid Denver University team.

The Wildcats maintained a 32-22 advantage at the intermission and out-scored Denver, 46-37 in the second half. "This was definitely a big win for our program," Barry said. "Denver won 24 games last year and made the playoffs from our Region and they are expected to be among the best again this year."

The 5-2 Wildcats got a brilliant performance from Lisa Chamberlain as the Norfolk native poured in 27 points with the aid of her team-

mates. "Lisa did a great job of getting out on the break after a missed shot by Denver," Barry said. "She got quite a few easy buckets that way."

Barry said the win wasn't all that pretty because there were a total of 74 turnovers in the 40-minute contest with each team suffering 37. "It was a combination of both teams using a full court press and they came in her having played three games in five days and we were playing our third game in six days," Barry said.

Still, WSC shot over 50 percent from the field for the second straight outing. "We hit 32 of 62 shots which is very good shoot-

ing," Barry said. "We had a solid team effort and the passing was very good."

Brenda TeGrotenhuis netted eight points and Amy Brodersen tallied seven while Jodi Otjen scored six. Marla Stewart scored five points for the winners while Deb Kostreba, Linda Heller, Mindi Jensen and Deedra Haskins each tallied four. Kristy Twait and Wendy Hellmer finished with three each and Ann Kramer netted two while Liz Reeg finished with one point.

The 'Cats owned the boards, 44-34 as Chamberlain and Otjen shared team honors with seven each while Heller and Haskins notched five apiece. WSC finished with 21 team assists with Kostreba, Heller and Stewart dishing out four apiece and Haskins notched four blocked shots. Chamberlain also led the team in steals with four.

WSC will host Dakota State on Friday and host a very solid Concordia College team on Saturday.

## Wayne defeated by Battle Creek

The Wayne girls basketball team lost their first game of the season, Thursday at Battle Creek—the second rated team in Class C-1. It was Wayne's third road game to start the year and Roger Reikofski's team hung tough, but fell by a 50-39 margin.

"I believe the only thing we didn't do well against Battle Creek was shoot the ball," Reikofski said. "We got off to kind of a slow start because the ball just wouldn't go in the hole."

Wayne trailed the host team, 13-5 after the first quarter and 26-11 at the intermission. "We shot less than 20 percent in the first half," Reikofski said. "The good thing was, the girls didn't give up, they continued to shoot the ball."

Wayne had the lead cut to nine toward the end of the third quarter and a three-point attempt by the Blue Devils rattled around before falling out which would have been a big boost for Wayne.

Still, the Blue Devils out-scored the highly touted Bravettes on their home court, 28-24 in the second half. Carrie Fink led Wayne with

10 points while Jenny Thompson tallied eight. Tami Schluns and Erica Stoltenberg scored six each and Amy Post netted four.

Katie Lutt and Amy Ehrhardt scored two apiece and Traci Oborny rounded out the scoring with one. Wayne was out-rebounded, 31-29 with Schluns, Stoltenberg and Audra Sievers sharing team honors with four caroms each.

The Blue Devils had 19 turnovers compared to 21 for Battle Creek. Wayne also shot free throws well, 16-24 led by Stoltenberg's 6-6 performance. Battle Creek was 10-19 from the charity stripe.

The Wayne reserves lost a 34-27 decision to Battle Creek despite leading most of the way. Katy Wilson paced the Blue Devils with six points. Reikofski said the main point of this game was the play of Battle Creek's juniors against the freshman and sophomores of Wayne.

The 2-1 Blue Devils will finally play their first home game on Thursday when they host West Point.

### Freshman boys down Randolph

WAYNE-The Wayne freshman boys basketball team opened the season in Randolph, Monday and came away with a 44-28 victory. Duane Blomenkamp's squad was led by Paul Blomenkamp with 16 points while Nick Vanhorn tossed in eight and Brian Fernau, six.

# Laurel boys stay unbeaten while girls remain winless

LAUREL'S JARED Reinoehl uses the backboard to score two of his 14 points during action, Tuesday against Winside. The Bears are off to a 2-0 start on the season.

The Laurel girls and boys basketball teams invaded Winside, Tuesday night and the Bears came away with a split as the girls lost a close, 43-39 decision while the boys broke open a five point half-time lead and cruised to a 71-35 victory, leaving Clayton Steele's squad with a 2-0 record.

In the girls game coach Rick Petri watched his squad slip to 0-3. Despite the loss, Samantha Felber got untracked in the scoring column by tossing in 16 points. Leann Stewart netted eight while Amanda Hartung and Dawn Wickett tallied four each. Cahy Mohr and Heather Cunningham each finished with two.

"We did not do a very good job of getting the ball inside," Petri said. "Sam played a great game on both sides of the ball but we just had too many crucial turnovers and missed opportunities."

Winside was led by Christi Mundil with 17 points and Wendy Miller with 16. Chris Colwell netted six points and Catherine Bussey scored four. Mundil notched six steals to aid the winners and Miller led the Wildcats on the boards with nine caroms.

Felber led Laurel on the glass with eight rebounds and freshman Becky Schroeder had six boards but Petri's team turned the ball over 30 times. Winside improved to 1-2.

IN THE boys game Winside coach Randy Geier was hoping his team would start the game a little better than they did a year ago when Laurel held a 16-0 advantage after the first eight minutes.

In that respect, Winside did a good job as they trailed just 14-12 after the first period and 27-22 at the half. "We played a very solid

first half," Geier said. "In the second half, Laurel's quickness and quality depth really took its toll on our team. They just wore us down with their pressure. They have a real nice team and they are very well coached," Geier added.

The Bears out-scored Winside, 20-6 in the third quarter and 24-7 over the final period for the lopsided victory. "We finally got our heads in the game in the second half," Steele said. "We had quite a few turnovers in the first half and we just settled down more and played our style of game in the second half."

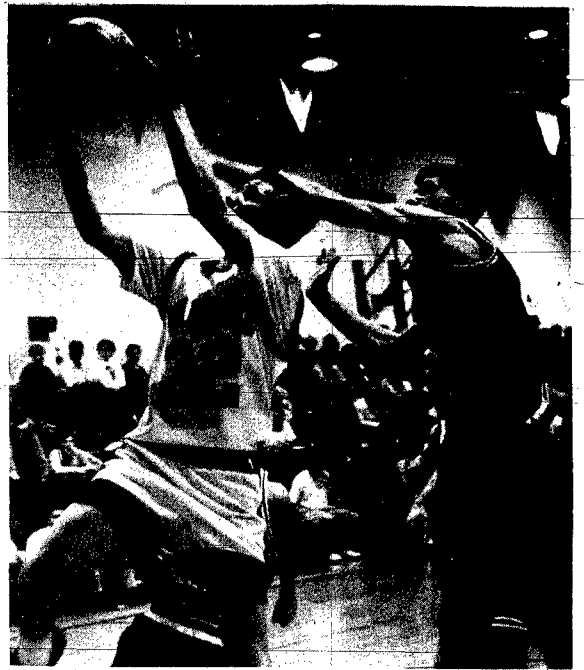

Jeremy Reinoehl led a group of 10 Laurel players in the scoring column with 17 points while Cody Carstensen poured in 16 and Jared Reinoehl tallied 14. Tyler Erwin finished with five while Ryan Kvoles and Ben Dahl netted four each.

Rich Rasmussen, Shane Schuster and Tyler Nixon tossed in three each and Randy Quist rounded out the attack with two.

Ryan Brogren led Winside with a dozen points while Kurt Jaeger and Marty Jorgensen scored seven apiece. Jeff Bruggeman was held to four points while Jaimey Holdorf and Chad O'Connor scored two apiece.

Both teams finished with 28 rebounds with Jared Reinoehl leading Laurel with nine caroms while Jeremy Reinoehl had five. Jayme Shelton led Winside with seven boards and Brogren finished with six.

Laurel had 16 turnovers and Winside suffered 28. The Bears were 14-18 from the foul line and Winside was 9-19. The Bears will play at Randolph on Friday and Winside hosts Bancroft-Rosalie on Tuesday.

WINSIDE FRESHMAN Jaimey Holdorf drives to the basket while a Laurel defender attempts to stop him. The loss left Randy Geier's team with a 1-2 record.

WINSIDE'S KARI Pichler tries to steal the ball away from Laurel's Tara Erwin during action Tuesday.

## Allen gals up record to 3-0

The Allen Lady Eagles got off to a quick 2-0 start on the season but coaches Lori Koester and Gary Erwin felt the team needed to get the ball inside more than they did in wins over Winside and Wakefield.

Tuesday night in Winnebago the Eagle coaches got their wish as Allen cruised past the host team, 71-57 behind the inside scoring of Tanya Plueger and Steph Martinson.

The two combined for 46 of Allen's points with Martinson pouring in 26 and Plueger, 20. "We were very pleased with the inside play of our team," Koester said. "We accomplished what we set out to do. The quality inside play also led to some outside buckets from Abbey Schroeder and Holly Blair as well."

Allen trailed Winnebago, 17-15

after the first quarter but went on a 19-8 scoring run in the second quarter to lead 34-25. The Eagles dominance was consistent throughout the third quarter with a 21-15 advantage in scoring for a 55-40 lead.

Blair finished with nine points and Schroeder netted eight while Jamie tallied six. Andra McGrath rounded out the attack with two points. Allen notched 41 rebounds in the game with Plueger totally dominating the glass with 21 caroms—a career high.

Martinson also finished in double figures in rebounding with 10. Allen had 15 turnovers in the game and was 13-24 from the free throw line. The Eagles are currently taking part in the Homer Tip Off Classic which runs through Saturday.

## Winside loses

The Winside girls basketball team fell to 1-3, Thursday night after dropping a 64-49 decision at Newcastle. Todd LaVelle, filling in for head coach Angie Schroeder who was absent due to sickness, said the Wildcats got into foul trouble early.

"We had our top two scorers on the bench in the first quarter with three fouls," LaVelle said. "Both Christi Mundil and Wendy Miller sat the majority of the first half on the bench."

Newcastle led Winside by a 16-10 margin after the first quarter and 31-25 at the intermission. LaVelle said despite having to go to the bench far earlier than he had originally planned, he got quality play

from the likes of Melinda Mohr, Emily Deck, Tammy Thies and Sarah Painter.

Miller led Winside with 11 points followed by Chris Colwell with eight and Mohr with seven. Catherine Bussey netted six and Mundil scored five while Kari Pichler and Deck tallied four each. Painter and Thies each finished with two points.

Colwell led the team in rebounds with 11 with Miller and Pichler grabbing eight each and Mohr, seven. Winside had 26 turnovers compared to 18 for Newcastle and the Wildcats were 9-14 from the foul line while the Raiders were 14-29.

## Open weight classes hurt as Wayne loses to West Point

The Wayne wrestling team lost a close decision to West Point in the first home dual of the season, Tuesday, 34-36. First-year Wayne wrestling coach Todd Viereck said his squad fell behind early with the help of two open weight classes which mean automatic forfeits to West Point at six points each.

Wayne actually won seven matches that took place while the visiting Cadets won just four but the team victory went to West Point. Wayne was open at 103 and 130.

Jared Andersen was pinned in 1:07 by Mike Kubik at 112 but Rick Endicott came right back and pinned Scott Romig in 2:29 for

Wayne's first win.

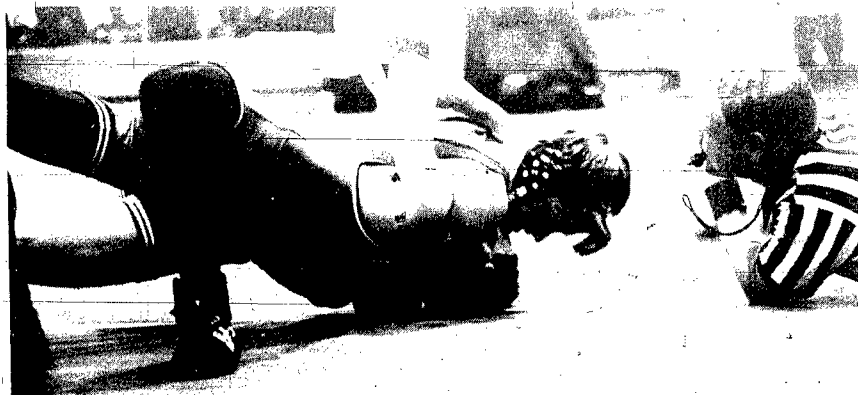

Tyler Endicott lost a 6-2 decision to Jeremy Schulzkump and Jeremy Meyer was defeated in overtime, 4-0 by Daric Kraus at 135. Terry Rutenbeck got the Blue Devils next victory at 140 pounds with a major decision over Rick Sullivan, 16-2.

Jeremy Sturm needed just 1:54 to pin Chad Fredrichsen at 145 and Brent Geiger was pinned by Neil Kreikemeier in 2:11 at 152. Wayne's Dusty Jensen disposed of Joe Moritz in 56 seconds at 160 and Jason Shultheis pinned Wade Miserez in 1:22 to claim the 171 pound match.

Jason Stapelman pinned Tim Kezac in 5:09 of the 189 pound match and Jeff Hamer pinned Brian Walters in 3:56 to give the Blue Devils a win in the heavyweight match.

Wayne dominated the West Point wrestlers in the reserve matches. Cory Erleben won two matches by pin while Brian Campbell, Cody Stracke, Jeremiah Rethwisch and Ryan Brown all won by pin as well. Matt Ebmeir lost a 12-2 decision.

The Wayne reserves will travel to compete in the Stanton Invitational on Saturday while the varsity travels to take part in the West Point Invitational.

WAYNE WRESTLER Rick Endicott looks to pin West Point's Scott Romig at 119 pounds while referee Bruce Asmussen does the count, during Tuesday's dual at Wayne High. Endicott needed just 2:29 to dispose of the Cadet grappler.

### Vehicle accidents involving animals on the increase

Motorists should take extra care during the fall to avoid accidents with deer and other animals, said Chuck McCullough, wildlife biologist with the Nebraska Game and Parks Commission.

Statistics from the Game and Parks Commission and the Nebraska Department of Roads show that more than 3,700 deer were killed on Nebraska's roads last year. Fall is the season in which the highest number of deer were killed, with November recording the highest number of road kills.

Nebraska residents involved in accidents with deer may request a free salvage permit for the animal. Following the accident, the deer can be field dressed and taken to your

residence. You must notify your nearest Game and Parks Commission office or your local conservation officer within 24 hours of the accident. A commission employee will issue the salvage permit and tag the animal. The permit holder can then process the deer for consumption.

Salvage permits are valid for 90 days, and all meat must be consumed within that period. In addition, a resident may obtain only one salvage permit at a time, and no part of the animal or the salvaged meat may be sold or traded. For more information regarding salvage permits contact the Game and Parks Commission's Law Enforcement Division at 471-5531.

## Beef prices likely to decline as per capita supply increases

The amount of beef available for consumption is expected to increase in the next two to three years. That likely means cattle producers will experience moderately lower prices, according to a University of Nebraska-Lincoln marketing specialist.

Allen Wellman said that a good marketing plan can help offset those anticipated lower prices.

"Producers that can do some forward pricing may be able to improve their average prices received in 1994 and 1995," Wellman said.

Several factors are expected to contribute to the increased amount of beef supplies beginning in 1994 and continuing through 1997, Wellman said.

Beef cattle inventories are trending higher. The Jan. 1, 1994 U.S. inventory is projected near 102.6 million head, up 2 percent over last year and up 5 percent since Jan. 1, 1989, when numbers bottomed out.

These larger projected inventories will lead to larger per capita beef supplies. Additionally, heavier average marketing weights and more rapid inventory turnover will help escalate the growth in beef output from a modestly larger inventory. Some of that growth will result in increased beef exports. By 1997, per capita beef supplies may reach nearly 70 pounds, about 6 percent larger than this year.

Dairy herd numbers are shrinking, which will partially offset modest growth in the beef herd. As of Jan. 1, 1993, dairy cow estimates were 9.84 million head, down 1 percent from the year earlier.

Beef cow herd owners may see moderate returns due to historically small feeder cattle supplies.

Wellman noted that fed cattle prices slipped back to near \$70 in

November due to larger beef supplies. As of Nov. 1, feedlot inventories were 6 percent larger than a year ago and the largest for that date since 1978.

In addition, to the increased numbers, average weights are expected to exceed a year earlier for the first time in nearly 18 months. These heavier slaughter weights will push total beef output about 5 percent higher in the fourth quarter of this year. The larger beef supplies will maintain pressure on cattle prices, which are expected to average in the low \$70s during the October-December quarter.

Increases in beef production are expected to carry well into 1994, Wellman added. January-March fed cattle marketings are expected to rise 3 to 4 percent. Coupled with a modest increase in cow marketings, total cattle slaughter may average about 3 percent above a year earlier. Continued gains in slaughter weights may push January-March beef production about 5 percent above 1993's sharply reduced output. Choice fed steer prices are expected to trend higher, averaging in the mid \$70s.

Wellman said feedlot replacements are expected to decline this fall, tempered by narrow feeding margins for cattle feeders, rising feed costs, and tight supplies of feeder cattle. Those smaller placements will, in turn, lead to more moderate increases in beef production as 1994 progresses. Output during the last half of the year may be little changed from 1993.

Beef production for 1993 will be only slightly higher than 1992, Wellman said. The sharp, weather-induced reductions in output through the first half of 1993 were about offset by increases during the last half of the year.

## Wayne Cattlemen leads Nebraska association

In making his acceptance speech as new Nebraska Cattlemen President, Logan McClelland of Wayne, challenged members of the organization to be more willing to look for alternatives that could better improve their bottom lines.

"I believe that with concentration and focus, you can accomplish any goal. I believe in stretching to learn to do different things. I think there are many areas in which the cattle industry needs to challenge itself," McClelland said in addressing cattlemen attending the organization's annual convention last week.

The Cattlemen's new president, who operates Logan LTD Feedyard near Allen, said many of his business philosophies decisions are based in his experiences of the cattle market wreck of 1973.

IN OUTLINING his priorities for the coming year, McClelland said, "I want to emphasize education programs which will provide opportunities to eliminate biases and outdated traditions and learn how to test and widen boundaries. I think too often decisions are made in this business based on what grandpa did. Too often we know only that there is a positive cash flow and stop short of searching for changes that would boost the rate of return on investment and improve our lifestyle."

McClelland said he will actively promote Total Quality Management (TQM) procedures and will propose seminars coordinated with the University of Nebraska-Lincoln on basic business principles.

He added, "I hope to encourage packers to communicate to us what we're doing right and wrong so we can incorporate that feedback into our management."

McCLELLAND SAID he plans to work with specialists at UN-L and the Technical Ag College at Curtis to strengthen ag programs to provide greater opportunities for cattlemen and prospective employees to get together.

Regarding education opportunities for those outside the industry, Logan believes there is work to be done to make sure state and national

legislators are aware of what the cattle industry means to the state. "I believe that you cannot legislate appropriately if you don't know how the industry works. And I think we are darn close to that situation."

Born in Illinois, McClelland has a masters degree in beef nutrition and managed feedyards in Texas and Oklahoma before he set up his business in Allen in 1984. After he served three years in the Army as a Vietnamese interpreter, he returned to school and received a bachelors in animal science at Western Illinois University. While there, he also became a commercial pilot (a skill he uses to buy cattle and attended association functions). Continuing his education, Logan received a masters degree in ruminant production and nutrition from the University of Missouri.

HIS FARM AND formal education was first put to use working for Moorman Manufacturing Company in the Texas panhandle. He began his feedyard management career in 1973 by being hired as an assistant manager of 1,000-head facility near Guymon, Okla. The yard was able to survive the market wreck of 1973 for two years before losses from unhedged cattle forced it to close. After working at a small yard for six months, Logan was hired as assistant manager of the

25,000-head Pitman Feedyard near Hereford, Texas. That operation included a retail beef outlet, which Logan managed for two years.

In 1981, he began work as a consultant for Moorman's and was based in Yankton, S.D. In 1984, he leased the yard he currently operates near Allen. Logan LTD Feedyard has a one-time capacity of 17,000 head and normally operates with between 14,000 and 15,000 head. He estimates that commercially fed cattle average between 50 and 70 percent of occupancy. Steers are almost exclusively fed because of their predictability, an element Logan relies on for making risk management strategies work.

Elaborating on lessons he learned from the cattle market wreck of 1973, McClelland said, "The industry was extremely bullish, to the point that participants weren't following business principles. I saw operations fall apart because they had no risk management. I sometimes feel it's unfortunate that a negative has been the shaper of the future, but it's a reality in this business and we can use it to avoid repeating mistakes."

The Nebraska Cattlemen association serves as the spokesman for the state's beef cattle industry and represents nearly 5,000 cattle breeders, producers and feeders, as well as 50 county and local cattlemen's associations.

## Kiwanis speaker talks about industry change

Technology and general economic conditions are two of the main business concerns for Automatic Equipment Mfg. Co. of Pender as the firm approaches its 70th anniversary, according to owner and CEO Jay Hesse, Hesse's remarks

were made as part of the program portion of Monday's Wayne Kiwanis meeting.

Also high on the list of company activities is product quality and "flex" hours and day care facilities for employees, Hesse said.

"Our business has been growing dramatically," Hesse said. "We receive about 750 in-coming telephone calls each day and 1,200 faxes per week. Computers and other technology is changing very rapidly. It's hard at times to keep up with all the innovations," he said.

Automatic, an ag products and consumer products manufacturer, was founded in 1925 by Hesse's grandfather, Rollie McQuistan. The company currently is located in a 120,000 square foot facility but has million dollar plans to expand into facilities up to 160,000 square feet. Its \$3 million payroll includes 165 employees mostly working out of the Pender plant, although others are scattered in other states as part of an expanding sales force.

Annual sales are approaching \$13.5 million with much of the growth coming in the past five years through the acquisition of related companies, according to Hesse. Some of Automatic's larger corporate customers are Harvester, John Deere, Gehl, Vermeer and Ford-New Holland.

## Ask me about SANTA CASH

**Larry Magnuson, O.D.**  
Magnuson Eye Care

"We are pleased to be participating in the Santa Cash program. This enables our patients who need eye care and/or eyewear during the holiday season to obtain these goods and services and defer payment on an interest free basis. The program is also a plus for the participating providers of goods and service as the cost is comparable to accepting a credit card and the program encourages the consumers to seek what they need locally. This should be a win/win program for everyone."

**Sheryl Lindau**  
The Four-in-Hand

"If you use your bank cards over the holidays interest keeps piling up. One great thing about Santa Cash is you can make your purchases and you don't have to pay interest on the monies borrowed. It helps you avoid the interest payments and it keeps dollars in town."

**Dr. Robert Krugman**  
Chiropractic Physician  
Wayne Sport & Spine Clinic

"The end of the year is such a busy time with social events, family gatherings, traveling and Christmas shopping. These all include added expenses that the monthly budget may not absorb. Health care is one of the things that gets delayed. Participating in this promotion would be a good way to allow people to get the care they need before their problem progresses."
