School board resumes talks on bond issue

By Les Mann
Of the Herald

Wayne School Board members reopened the school building issue during their meeting Tuesday and candidly discussed the process which may result in another bond issue vote.

A new steering committee is being organized to restudy the building needs of the district and make recommendations for board action. A similar citizen committee formed over a year ago, recommended a \$9.4 million building project. The board pared that proposal down to a \$7.9 million bond issue proposal which voters rejected by an 80-vote margin in December.

THE SCHOOL board members Tuesday debated whether the first step in the process to readdress the building needs of the district should be a professional survey of residents to determine what the public sees the facility needs of the district and what the best approach would be to address those needs.

"I'm opposed to playing a guessing game," said board member Jean Blomenkamp. She said many questions could be answered from a survey of residents and the cost of gathering those answers would be

money well-spent in helping the board know which direction to go.

A survey would cost from \$4,000 to \$6,000 based on estimates from two Nebraska Companies which do such work said Superintendent Dennis Jensen.

A FACILITY subcommittee of the board will study the survey proposals more closely and report back to the full board. The committee will also present names of those willing to serve on the steering committee. A plea is being issued for anyone interested in the building issue to join the committee and help direct the proposal. Those interested should call the high school at 375-3150.

The school board voted unanimously Tuesday to retain the architectural consultant which worked with the district through the first bond issue proposal. Citing the fact that Jim Dyck, with Architectural Partnerships was one of the leading school building designers in the state and that he had experience in both remodeling and new construction of school buildings, the board elected to maintain its relationship with his firm.

"Winter is for the birds and it is time for spring," these starlings seem to be ready to announce as they perch on a Wayne City emergency warning tower Thursday. The birds were catching some warming sunshine on Thursday and were calling brightly for more of the same in the next few days. The Weather Service is forecasting the first hint of spring-like weather for this weekend with temperatures expected to reach into the 50s.

Wayne police chief stepping down

By Clara Osten
Of the Herald

After 30 years as Wayne Police Chief, Vern Fairchild will retire effective August 13, as announced at Tuesday's city council meeting.

Fairchild has had a long career in law enforcement, having served with the Plattsmouth Police Department, the Nebraska State Patrol and as Chief of Police in Louisville prior to coming to Wayne in 1965.

"WHEN I CAME to Wayne there were four officers on the force.

Today, we have seven full-time officers, two part-time officers, three full-time police dispatchers and four part-time dispatchers," said Fairchild.

"When I first came here, there were a lot of college students here because they didn't want to go to Vietnam. At that time, it was possible to get a draft deferment by going to college. These people didn't want to go to college and seemed to get into trouble regularly," he said.

"We had a few sit-in and sit-downs but we managed to escape

most of what was happening in other parts of the country. For the most part, Wayne has always been a pretty quiet town," he said.

FAIRCHILD is also proud of the fact that in the time he has been in Wayne, the city has not had a pedestrian fatality. "The last time a pedestrian was killed in Wayne was in April of 1965, just before I came here," he said.

Fairchild feels that today's young people have less respect for people's property and sometimes vandalize for the sake of vandalizing. "Today

we have kids stealing Christmas decorations just for the fun of it. This is something that didn't happen 30 years ago," said Fairchild.

"It also seems that the young people are more open with things like drinking. It used to be that they would get someone to buy for them and then go out in the country and drink. Now, we find that the kids get their alcohol and drive up and down Main Street. That, and the fact that we have more officers on the street has led to a lot more

New commissioner enjoys the job

By Stacy Schaller
For the Herald

As the elections draw to a close and the new year becomes old hat, most voters forget the people they voted for and go on with their lives. The issues that were once front page news can now be found only in the archives, and the names of one-time political celebrities are now forgotten.

Voters take for granted the officials who quietly serve their con-

stituents. Take, for instance, the men responsible for the allocation of county funds and the maintenance of the county's roads: the County Commissioners.

DENNIS Dangberg, the new Commissioner for District 3, is just such a man. Tall but unimposing, Dangberg quietly does his job the best he knows how.

Knowing how, however, is not a difficult problem for Dangberg. With 20 years experience with

heavy equipment and business management, Dangberg is well qualified to oversee allocations of the county's funds and road maintenance.

Dangberg, raised on a farm three miles east of Winside, graduated from Winside Public School. After that he obtained degrees from Wayne State and the University of Nebraska at Omaha.

HE CONTINUED to live and work in Nebraska until 1975, when he moved to California. During his last two years in California, Dangberg split his time between Denver and California, maintaining his real estate business.

After 15 years of California, Dangberg decided he needed a change and returned to the more comfortable pace of rural life. He moved back to Winside and bought an acreage right across the road

from where he grew up. Now as County Commissioner, Dangberg maintains the roads in the Brenna, Hancock, Hoskins, and Chapen precincts, and represents

No apology necessary says the school board

By Les Mann
Of the Herald

"We have nothing to apologize for," was the message the Wayne School board delivered following claims that there were improprieties in the campaign for the school bond issue last December.

Wayne Resident Mark Griesch had asked the board for a public apology and admission of wrongdoing along with a promise that the claimed wrongs would not be repeated.

Citing a letter from school attorney Chris Connolly, the school board did nothing wrong in the campaign, said Superintendent Dennis Jensen. Alluding to claims that political commercials ran without the proper attribution to the individuals who purchased the advertising, Jensen said "if mistakes were made, they were made because of inexperience in running a campaign and were not intentional."

HE SAID FEWER problems

might have been encountered if the district's fiscal agent had guided the campaign more closely.

School Board Member Jean Blomenkamp said she thought the district could best avoid hard feelings by going ahead with an apology.

"If a simple apology will take care of the matter I'm willing to apologize," she said, adding that whatever mistakes may have been made were honest mistakes. Her motion to apologize died for lack of a second.

"I'd be reluctant to cast those people (campaign volunteers) in any kind of negative light," said Board President Phyllis Spethman.

"PERSONALLY, I don't think we have anything to apologize for," said Board Member Marion Arneson.

"To me the big issue is legalities,"

Planners hold hearing

The Wayne County Joint Planning Commission will meet at 7:30 p.m. on Thursday, Feb. 23 to hold a public hearing on the proposed zoning and subdivision regulations for the county and the villages of Carroll, Hoskins and Winside.

The agenda for the meeting calls for the commission to take action on the proposed zoning documents following the hearing. If approved by the commission next week, the proposed regulations will be sent to the individual village boards and to the Wayne County Commissioners, all of whom must also hold public hearings on the regulations before they can be finally enacted.

Among the proposed regulations are rules which limit the size of subdivision lots in rural areas of the county to a 5 acre minimum and prohibit certain types of agricultural operations within close proximity to villages. Limits on residential development close to intensive livestock operations and location of livestock operations close to residences in the rural areas of the county were removed from the regulations last month following protests from farm interests. Limits on livestock expansion were also removed from the proposed regulations.

The hearing will be in the Wayne County Courtroom at the Court-

WAYNE POLICE Chief Vern Fairchild announces his retirement to be effective, Aug. 13 of this year at the City Council meeting last Tuesday.

Fairchild

continued from Page 1

Minor in Possession cases," he said.

WAYNE HAS been fortunate to not be facing some of the crimes that are prevalent on the east and west coasts. "We are isolated somewhat from what happens on the coasts but this does not mean that it can't happen here," said Fairchild.

During the 30 years Fairchild has been in Wayne, he has never had to shoot anyone, although he has had to draw his gun on several occasions. He has not been wounded but has been involved in a number of close calls.

Domestic violence cases have also risen in the last 30 years, but Fairchild believes this is due, in part, to the fact that people can now openly discuss the issue. "We have received a tremendous amount of support from Haven House in dealing with providing support and a safe place for victims of abuse," he said.

AFTER August 13, Fairchild

and his wife plan to travel around the country. "There are lots of place in North America that I haven't seen and a lot of fishing holes I haven't sunk my fishing pole in. My wife enjoys fishing also so we plan to check out lots of fishing areas. We also would like to spend more time with our family," he said.

Fairchild likes the size of the Wayne community and feels it has a lot to offer. He admits that he will miss the daily regiment of law enforcement and the people he works with. "We have become close over the years, almost like a family," he said.

The city of Wayne will now begin looking for a new chief, a process that could take four to five months. City officials will meet with the civil service commission to set up a list of qualifications, then advertise the position. After that the interview process will take place and qualified candidates will be required to take several exams including a civil service test.

education and the fact that he knew about the curriculum needs of the children," said board president Phyllis Spethman. Other board members said they were impressed by the architect's concern for what was best for the students in the district.

"He did not try to steer the committee or the board in any one direction," said board member Marion Arneson, who added that Dyck prepared the plan that was authorized by the committee and the school board. "It wasn't his fault that he was not authorized to prepare any alternatives," said Arneson.

When it came to discussion of the fiscal agent which was hired to help win passage of the bond issue and ultimately market the bonds, the board was not as willing to praise his performance. In fact the board decided to look at possibilities for replacing the fiscal agent.

"I DON'T THINK he performed as well for us," said Board Member Sid Hillier.

Board members indicated they wanted to move quickly with a new proposal to correct the building problems which include space and facility shortages at the High School, a 80 year old middle school which does not meet Americans with Disabilities Act requirements and problems with both the elementary buildings in Wayne and Carroll.

The earliest the voters will be able to vote on a new building proposal will be May 15, which is six months from the last bond issue election.

Apology

(continued from page 1)

He later told the Wayne Herald he believes he accomplished some of the goals he originally set out to accomplish. He said he wanted to make sure the same mistakes were not repeated in the future.

Mrs. Spethman said she did not like the ultimatum that was given to the board by Griesch to either apologize or face legal action. "I don't like to operate like that and it's a pretty dangerous precedent to set," she said.

Griesch, who attended the meeting Tuesday, listened to the board debate but said nothing.

HE SAID HE was not going to proceed with filing a complaint against the district under the state political campaign overseers The Accountability and Disclosure Commission--at this time. He said he was reserving his right to do so in

the future however. "I'm not saying I might not do it next month," he added. He said the way the school district campaign was run was "sloppy" regardless of what the board says. Griesch said the arrogance which was displayed at the board meeting Tuesday left him depressed. "Those silly little mistakes that they said weren't worth apologizing for are still \$1,000 misdemeanors," said Griesch. He said he doesn't think the school's attorney was fully informed about the charges he leveled against the campaign.

with school materials and equipment making the promotional tapes. He also questioned the campaign spending limits which say the district could not collect or spend over \$2,000 on the campaign without filing disclosure reports.

"These are serious things, not simple mistakes," said Griesch. He said he doesn't want to harm the district by filing official complaints which might end up costing thousands of dollars in fines.

He added he wants to make sure the district has a serious action plan for the next campaign and follows the rules.

He said he understands something needs to be done with the school buildings but he wants to make sure what they do will be practical and affordable.

BESIDES CAMPAIGN advertising attribution, Griesch said the schools were wrong to use children in campaign commercials without the approval of their parents and

The weather is one factor in how much work Dangberg has to do. He commented that, during snow storms, "it can be a 24 hour day." However, he feels fortunate that the weather has been fairly cooperative so far this winter.

Wayne County on the Region IV board. He noted the job keeps him busy; "[By] the job description, it's...probably 30 hours a week, but it's probably closer to 60."

DANGBERG chose to run for County Commissioner because he knew the area, and wanted a job with flexible hours that was interesting and challenging. Now, he divides his time between office and location work, periodically driving the snow plows.

As for Dangberg's periodical spare time, he enjoys skiing, dancing, and tinkering with his truck.

Parenting: Raising ethical, moral child

Part 3 of 3 Part Series WHAT WORKS AND WHAT DOESN'T — PARENTING STYLE

The maturity and reasoning abilities of the child are key factors in determining the techniques most likely to be effective.

Preschool. During preschool years, parents should establish and enforce basic rules of behavior and concentrate on modeling positive character traits rather than pronouncing principles along with extensive discussions, lectures, sermons and the like. In fact, there is some evidence that building up a child's ability to verbalize about ethical issues at this early stage can be counter-productive. One study showed that children who talked the most did themselves in with rationalizations. They yielded to improper temptation more frequently than the less verbal.

Preschoolers observe keenly, and often ask the ubiquitous "why?" Short uncomplimentary answers, even if not complete or fully accurate, are best. When young children transgress, the same rules hold: a brief description of why the behavior is not acceptable, an immediate sanction that fits the offense and it is over. Long-term or delayed punishment is simply ineffective.

Pre-Teen. During the pre-teen elementary years the picture changes quite dramatically when compared to preschool. The children are capable of concrete reasoning. Because they can tell the difference between intentional versus accidental harm, we can apply reasons and explain why it is wrong to steal,

cheat or lie. Unfortunately, this does not mean that such a process will always eliminate bad behavior. Literally all normal children under temptation conditions will fib, tell stories or conveniently forget to get out of a jam. They say George Washington couldn't lie. Don't believe it. Research has shown that about 80 percent of children and early adolescents exhibit at least a moderate level of cheating when it appears as if no one is monitoring their work. This reinforces the point. The development of ethical consciousness and appropriate behavior is a long slow process which continues during childhood and early adolescence.

During this pre-teen phase, parents would continue model positive characteristics and discuss reasons for fairness. While the poet Ralph Waldo Emerson has suggested that consistency may be the hobgoblin of little minds, it is not for parenting. Consistency and even-handedness provide the child with a framework to encourage stability while developing.

Adolescence. It is during adolescence, however, that parents have both the greatest opportunity and the greatest challenge. The naivete of childhood gives way to an ability to think and feel at increasingly more complex levels. The scales fall away from the eyes during adolescence. The challenge is from their new-found ability to not only spot adult hypocrisy but comment upon it as well, and comment may be a euphemism, indeed. Yet the growing ability to understand reasons behind actions and principles as opposed to simple rules represents the major opportunity for

Cooperative Extension

growth toward personal and civic responsibility.

This means parents need to discuss controversial issues openly, including different sides of the issue at hand to help teenagers develop their own understanding. A famous educator, Horace Mann, put it more eloquently: "We can't educate for democracy by methods of slavery." Discussion can take place at the dinner table, riding in the car, walking along the beach; almost any place where the atmosphere is relaxed. Also parents need to discuss the "other side" of a controversial issue. It is far better for teenagers to hear the line that a drug pusher is going to use, or the words in advance of a seduction scenario, or how a con-artist can convincingly rationalize cheating or stealing during a discussion with you. This also gives you the chance to discuss the reasons and consequences for not yielding. Both reasons and consequences to them as individuals are important.

The research here is both positive and negative. Families who discuss such issues openly and help adolescents to accept ethical princi-

ples have a noticeably positive effect. The negative aspect is that, more often than not, the moral educator in the family seems to be the mother. Too many fathers may not make the time available and become impatient since the discussions must be slow-paced. Also parents need to learn not to turn such discussions into a debate. Ethical reasoning is not learned through verbal humiliation.

The final point is that adult wisdom in ethical reasoning can develop in greater depth as a result of the suggestions we are offering. For these suggestions clearly imply that a key dimension at any state of childhood and adolescence is the actual modeling of behavior by the parents. In any arena of human conduct, actions speak louder than words. In ethics they shout. Yet it takes more than modeling. Growth in understanding the reasons for the ethical principled of care, fairness, honesty, integrity and the like is just as important as the behavior. We need both. Such education by parents is ultimately and most importantly interactive. Parents too will improve on their own standards and character. The challenge of parenting adolescents forces us to re-think many controversial issues. Our own consciousness can be raised when we honestly examine difficult dilemmas not only in our homes but also in our workplace. We can learn through discussions with our teenagers the meaning of Shakespeare's line, "To thine own self be true."

Lesson on fitness given for Wayne Womens Club

The Wayne Womens Club met Feb. 10 at 2 p.m. in the Woman's Club room. There were 14 members and one guest, Linda Carr, in attendance.

Helen Beckman introduced the guest, Linda Carr. She then told about the physical fitness center and how we might benefit from it. A balanced exercise program increases flexibility and helps prevent muscle soreness and injury while improving overall fitness.

Marian Jordan talked about Presidents Month and Valentine's.

Orvella Blomenkamp talked on the patriotic anthems "America" and "The Star Spangled Banner." The group then sang "America" and "The More We Get Together." Orvella then had a reading "Popular Music" by Craig Sathoff.

The minutes and treasurer reports were read and approved.

Roll call was "who do you think was the greatest president and why."

Helen Beckman made a motion that all officers remain in office for one more year. Kay Kemp seconded, motion carried.

Orvella brought up about having a big fan installed in the club rooms. It was decided to have one installed.

Mrs. Uken and her pupils will not be able to have the program in April.

The Womens Club will host the Chamber coffee on March 10 at 10 a.m. in the Woman's Club room. All are invited to attend. Hostesses are Ardyce Reeg, Ailene Sievers and Eleanora Heithold.

The birthday song was sung for Barbara Sievers.

The annual Men's City League Bowling Tournament was held at Melodee Lanes, Sunday with winners being crowned in four events.

Wakefield Bowl made it two straight championships in the team event with a 3213 while Pac-N-Save placed runner-up with a 31-41. Only the top two teams were money winners based on a one-in-five prize base and nine teams participating.

Members of the winning team include Dale Zeisler, Todd Martin, David (Sparky) Warren, Steve McLagan and Rick Dicus. Members of the runner-up team were Bob Oborny, Jeff Flood, Dan Egging, Ron Brown and Shane Guill.

The doubles champs were Steve McLagan and Rick Dicus as the two teamed up for a 1377 followed by Todd Oborny and Shane Guill with a 1350 and Doug Rose and

Tom Schnitz with a 1314.

Jeff Flood captured top honors in the singles event with a 704 while

Kim Baker placed runner-up with a 684. Todd Oborny placed third with a 682 and Dale Zeisler finished fourth with a 679. The final two placers were Dan Egging with a 670 and Kevin Peterson with a 657.

The all-events champion was Steve McLagan with a nine-game total of 2095 after a team series of 686, a doubles series of 757 and a singles series of 652. Jeff Flood

placed second in the all-events with a nine-game total of 1978 with a team series of 640, a doubles series of 634 and a singles series of 704.

Dale Zeisler placed third in the all-events race with a 1964 nine-game total following a team series of 684, a doubles series of 601 and a singles series of 679.

STEVE MCLAGAN was crowned the all-events winner after a nine-game total of 2095.

State Wrestling Tournament continues; Hamer, Bowers and Mohr advance to semis

The Nebraska State High School Wrestling Tournament began in Lincoln on Thursday with five Winside grapplers and four Wayne wrestlers competing in classes C & D.

Wayne's first round ended with the Blue Devils advancing one to the quarterfinals as Jeff Hamer at 215 pounds defeated Chad Fries of Minden, 3-1. Hamer upset the number three ranked wrestler in Class C on Thursday night in the quarterfinals with a 3-2 win over Omaha Flanagan's Hascal James.

Hamer was behind 1-0 going to the third, two-minute period but he earned an escape point early in the period and then recorded a takedown for a 3-1 lead. James earned his final point with an escape with 25 seconds remaining but he was unable to notch a takedown of Hamer.

Hamer will wrestle fourth-ranked Ray Bridger of Fullerton in the semifinals on Saturday night. The Wayne senior will take a 29-7 record to the semis while Bridger

sports a healthy 23-1 record.

The heartbreak of the first round came at 172 pounds where Wayne's Dusty Jensen lost a double-overtime match with Mike Camenzind of Valley. The score was tied at three after regulation and following the two-minute overtime period it was still tied at three.

The 30-second double-overtime period has one wrestler choosing the down or top position. If he chooses the down position he has 30 seconds to earn an escape point or he loses and Jensen was in the down position and he was unable to get free.

Jody Campbell lost a 7-0 decision to Jay Berryman of Hershey in the first round at 112 pounds and Ryan Brown at 185 lost to Burt Thomas of St. Paul in the first round by a 15-0 margin. Campbell, Jensen and Brown wrestled in first round consolation on Friday morning.

THE WINSIDE Wildcats ad-

vanced two, to the semifinals on Friday night as fifth ranked Justin Bowers at 106 pounds, won his first two matches on Thursday.

Bowers beat Dusty Beck of Friend, 10-5 in the first round and he won by pin in 3:21 over Danny Harms of Amherst in the quarterfinals. Bowers will now face fourth-

ranked Stephen Vaughn of Bertrand in the semis. Bowers will take a 29-7 record into the semis while Vaughn is currently 24-4.

The surprise of the tournament for Winside is Lucas Mohr at 142 pounds. Mohr, not ranked advanced to the semifinals with a pin of Cam Miller of Garden County in the first round in 4:25 and by man-handling the fifth-ranked wrestler in Class D, Jeff Barga of Hebron by a 16-7 margin.

Barga was 33-1 coming into the quarterfinals but it was Mohr who advanced to the semifinals with a 35-9 record. Mohr will face Brock Henn of Elgin/Petersburg in the semifinals who sports a 33-3 record.

Jason Wylie at 119 pounds won his first round match, 9-3 over Jeremy Obermiller of Blue Hill but Wylie was pinned in 3:34 to second-rated Cole Willnerd of Rushville in the semifinals. Willnerd is a two-time state runner-up for Ward Wacker's squad and with top-ranked and defending state champ Del Hawkins being upset in the quarterfinals, Willnerd appears to be on track for a state championship.

Scott Jacobsen is Winside's heartbreak story of the tournament. The senior 126-pounder and four-time state qualifier won his first round match by pin in 5:56 over Shane Boss of Lincoln Christian but lost a 1-0 decision to Joe Bob Atkins of Arnold in the quarterfinals.

Atkins scored an escape point with under 30 seconds left in the match and Jacobsen was unable to record a takedown for the 2-1 victory. Winside's fifth wrestler at state, Josh Jaeger lost an 11-3 decision to Kenny Nordhues of Greeley in the first round at 134 pounds.

Nordhues and his cousin Donny Nordhues are seeking to become the first wrestlers in 45 years in the State of Nebraska to win state championships all four years of high school.

Incidentally, both Nordhues boys advanced to the semifinals on Friday night with the closest match for either coming with Kenny against Jaeger in the first round.

Jaeger wrestled in the first round of consolation on Friday morning and with a win, he'd join teammates Wylie and Jacobsen in the second round of consolation on Friday afternoon.

RICK DICUS AND Steve McLagan teamed up to win the doubles portion of the men's city bowling tournament at Melodee Lanes last Sunday. The winning score was a 1377.

JEFF FLOOD won the men's singles title at the city bowling tournament with a 704.

Allen girls upset in sub-district finals

The Allen girls basketball team had their season end in the D1-6 Sub-District championship by Bancroft-Rosalie, Thursday night in Homer, 42-35.

It was the third meeting between the two schools this season and coming into the finals both teams had split the two games which were both held in Rosalie.

Allen's cold shooting spelled doom for the Lady Eagles in the rub match as Lori Koester and Gary Erwin's squad connected on just 20 percent of their shots from the field, 14 of 69.

"I went through and looked at our shot chart after the game and we missed 31 shots with in five feet of the basket," Koester said. "Needless

to say, this was a very disappointing loss because we felt we had plenty of chances."

In the game's final minutes the Eagles were in a must-foul situation and they sent Bancroft to the line five different times and all five times the Panthers missed the front end of the one-and-one, giving Allen even more chances to close the gap.

"I really can't explain what happened," Koester said. "I felt we were ready to play but maybe we were a little too keyed up and tried too hard." Bancroft led 11-6 after one quarter of play and 23-14 at the half before Allen closed the gap to six after the third period at 29-23.

Jaime Mitchell led the Eagles with 10 points while Abbey Schroeder and Mindy Plueger each scored six. Holly Blair netted five points and Deb Plueger along with Shany Moran closed out the scoring with two each.

Allen did win the battle of the boards, 37-33 with Tanya Plueger, Mitchell and Mindy Plueger hauling down nine caroms each. The Eagles committed 17 turnovers but forced 22 and Allen was 7-14 from the foul line while the winners were

13 of 28. Allen advanced to the championship game with a dominating 63-28 win over Walthill, Tuesday in Homer. The Eagles were simply too much for Homer as they opened up a 29-15 halftime lead and never looked back.

"It was a complete team effort again," Koester said. "We played well on both ends of the floor." Abbey Schroeder paced the Eagles

with 21 points and Tanya Plueger tossed in 18 while Jaime Mitchell finished in double figures with 10.

Holly Blair and Shany Moran each scored six points and Amanda Mitchell rounded out the attack with two. Allen owned the boards, 33-20 with Tanya Plueger leading the way with nine caroms.

The Eagles committed just 12 turnovers but forced 27 and Allen was 9-16 from the foul line compared to 6-11 shooting by Walthill. "We had a great season," Koester said. "It's just too bad it had to end like it did and where it did."

Allen closed out the year with a 16-6 record.

WAYNE'S JEFF Hamer walks off the mat after a first round pin at the district meet in Wisner last weekend. Hamer advance to the state semifinals, Friday night.

Men improve to 13-10 with 63-48 win WSC sweeps Chargers

Before the 1994-95 men's basketball season began, Briar Cliff practically owned the Wildcats on the hardwood, winning 11 straight dating back to the late 80's.

This year, however, WSC hit the courts under a new regime and Greg McDermott's squad made it a clean sweep of Briar Cliff with a convincing 63-48 victory in Sioux City, Wednesday night.

The 'Cats pounded the Chargers back on January 18, by 16 points in Rice Auditorium, 86-70. This contest saw the 'Cats tenacious defense set the pace for its offense as WSC never trailed in the contest.

"We did an excellent job of executing our match-up zone defense," McDermott said. "The key to any good match-up zone is communication and I thought our kids did a great job of talking to each other."

The WSC mentor said he felt the key to the game coming in was rebounds and the 'Cats dominated that statistic nearly as much as the final margin of score, 42-29.

"When we played Briar Cliff at our place I was concerned with the number of offensive rebounds we gave up but we didn't allow that this time and Briar Cliff didn't get

many second chance points," McDermott added. "I'm very proud of our team. When they (Briar Cliff) would happen to make a run, we'd answer with a run of our own and the score never got closer than 12 in the second half."

The offense was well-balanced with Billy Patterson leading the way with 14 while Dan Anderson tallied 11 and Kyle White, nine. Craig Philipp and Greg Ryan each netted eight and Mike Fitzner settled for seven while Omar Clark finished with four. Curt Woodin rounded out the attack with two points. The 'Cats dominated the

Chargers with points in the paint, 32-16.

Patterson also led the team on the boards with nine rebounds while Woodin and Anderson netted six caroms apiece. Woodin dished out a team-high six assists and Patterson recorded three steals. WSC had 15 turnovers in the game compared to 10 for the host team but the 'Cats hit 26 of 52 shot attempts for 50 percent while Briar Cliff was 20 of 60 for 33 percent.

The win improved WSC's record to 13-10 with the 'Cats hosting Minnesota-Morris in Parent's Night on Saturday in Rice Auditorium.

WSC women escape victoriously

Mike Barry's Wayne State women's basketball team improved to 15-10 with a narrow come from behind 63-61 victory over Briar Cliff, Wednesday in Sioux City.

"This was a big win for us," Barry said. "Briar Cliff hadn't been beaten at home since December and we haven't been playing very well the last couple weeks so I was obviously worried about this game."

The game was also the third for the 'Cats in five days with the fourth game in seven days slated for Saturday evening in Rice Auditorium against Minnesota-Morris at 5:30 p.m.

The WSC mentor was not far off by saying his squad hadn't been

playing well as of late, especially when you consider that the same Wildcats team beat the same Chargers team back on January 18th in Wayne by 29 points, 86-57.

When the game was on the line Barry called for the aid of sophomore play-maker Amy Brodersen and the O'Neill native delivered in a big way, scoring 25 of her career-high 37 points in the second half including a stretch in the last six minutes of 12 straight.

"Amy played a great game," Barry said. "Her 37 points ranks her, unofficially fifth on the all-time chart for most points in a game. I thought the rest of the team

did a good job of getting her the ball by setting screens for her or whatever it took."

WSC was down by six points at the intermission, 30-28 after going through a tough spell to open the game where they scored just six points in the first 10 minutes of the contest.

Brodersen hit the shot to put WSC ahead and Danyel Grammer knocked in a pair of free throws to give the visitors a three point advantage with under a minute to go in regulation.

Briar Cliff came down and missed a shot and fouled WSC right away. The 'Cats failed to make the front end of a one-and-one, however, and in the process, they fouled a Briar Cliff player on the rebound attempt.

The Chargers made both free throws to tighten the gap to one point with 12 seconds left. WSC was fouled quickly by the Chargers

and Brodersen hit one of two free throw attempts.

The host team called a timeout with five seconds to go and set up a play which was blocked at the buzzer by Wisner native Mindi Jensen to preserve the two-point win.

Jensen scored 11 points to follow Brodersen's 37-point performance while Deb Kostreba tossed in nine. Marla Stewart, Susie Osborn and Grammer each tallied two.

WSC was out-rebounded by a couple, 39-37 with Brodersen leading the way with eight caroms from her guard position while Jensen hauled down six. The 'Cats suffered 17 turnovers but forced 24 and Jensen blocked four shots.

Barry's crew hit 42 percent of their shots from the field, 26 of 61 while the host team was 18 of 50 for 36 percent. WSC was 10 of 16 from the foul line and Briar Cliff was 21-29.

Athlete of Year Award

Former Wayne State football defensive lineman standout Brad Ottis returned to Wayne last week and accepted his Athlete of the Year Award given by the Omaha World Herald. Ottis was drafted in the NFL by the Los Angeles Rams and recently completed his rookie season. Wildcats head football coach Dennis Wagner presented the award on behalf of the Omaha paper prior to the 'Cats game with Southwest State.

Blue Devils, Trojans and Wildcats lose in first round of districts

Three Wayne Herald area coverage girls basketball teams were eliminated from district tournament action Monday night, thus ending their respective seasons.

Roger Reikofski's Wayne Blue Devils fell to Tekamah-Herman, 53-42 in South Sioux in C-1 Sub-District action while Gregg Cruickshank's Wakefield girls lost a 63-51 decision to Pender in C-2 Sub-District action in Lyons. Finally, Lisa Schroeder's Winside girls fell to Clarkson in Sub-District action in Columbus, 51-34.

At South Sioux the Blue Devils led early but Tekamah came on strong towards the end of the first quarter to take an 18-11 lead and they never trailed from then on, leading 31-21 at the half and 38-31 after three periods.

"We were defeated at the free throw line and on the boards," Reikofski said. "Tekamah hit 17 of 26 free throw attempts and we went to the line just four times, making one. Also, we were out-rebounded, 34-23 and they (Tekamah) out-scored us 18-6 in the paint."

Reikofski said poor field goal shooting led to his team's early exit from post-season play. "It's been the same story all year long," Reikofski said. "We just didn't get the ball to go in. We were 7-28 from the field in the first half and 18 of 56 for the game for 31 percent. That's not going to win you a lot of games."

Wayne was led by seniors Jenny Thompson and Carrie Fink with 13 and 12 points, respectively in their final games while Katie Lut scored nine and Molly Linster, six. Katy Wilson rounded out the scoring with two points.

Thompson also led Wayne in rebounding with eight caroms and both teams had 20 turnovers. Wayne ended the season with an 11-9 record.

AT LYONS, the Lady Trojans ended the season with a 13-8 record following a 9-11 campaign a year ago. Pender led by four points at the end of the first quarter, 14-10 and they expanded that margin to nine by halftime, 28-19 and 13 by the end of the third stanza, 45-32.

"We couldn't contain Pender's post players," Cruickshank said. "They scored 38 of their 63 points. They (Pender) has an awful lot of talent and we didn't help ourselves with poor shooting early."

Cruickshank said instead of his defense picking up the intensity

because the offense wasn't clicking, it appeared the offense decayed the defense. "We got killed on the boards," Cruickshank said. "Pender got a lot of second-chance field goal opportunities and they made the most of it."

Kristin Preston paced the Trojans with 14 points while Jaime Paulson tallied a dozen. Stacy Preston scored six in her final game as a Trojan while Alison Benson, Jenny Haglund, Mary Torczon and Amy Hattig netted four each. Andrea Carson and Carly Salmon rounded out the scoring with two and one points, respectively.

Pender dominated the boards, 39-25 with Torczon leading Wakefield with six caroms. Wakefield had 17 turnovers compared to 14 for Pender and the Trojans were 4-8 from the foul line while the winners were 12 of 20.

"We had a fine season," Cruickshank said. "We got some great senior leadership from Stacy Preston, Mary Torczon, Amy Hattig and Carly Salmon and the kids worked very hard all year and they were a good bunch to coach."

IN COLUMBUS, the Winside ladies ended a disappointing season with a 3-15 record as Clarkson handed them a season-ending 51-34 loss. Clarkson doubled the score on the Wildcats in the first quarter, 16-8 and they virtually put the game away in the second quarter after a 22-5 run for a 38-14 halftime cushion.

"We got off to our familiar slow start," Schroder said. "Clarkson scored 14 of its 22 second quarter points from the free throw line and that's where we were hurt most of all."

The winners were 18 of 37 from the charity stripe while the Wildcats went to the line just six times, making three. "It was a combination of our shots just not falling and Wendy Miller being held scoreless for the first time in her career," Schroder said.

Jodi Miller led Winside with 10 points while Melinda Mohr tallied eight and Stacy Bowers, five. Ann Brugger finished with four and Kristi Oberle netted three while Sarah Painter and Mindi Marotz rounded out the scoring with two apiece.

Winside did out-rebound Clarkson, 59-55 with Wendy Miller leading the way with 13 while Mohr had 12 and Brugger, eight. The Wildcats had 17 turnovers but forced 20.

Laurel girls defeat Randolph for crown

Rick Petri's Laurel girls basketball team captured the C2-8 Sub-District championship with a 46-31 win over Randolph, Thursday night in Crofton. The Bears advanced to the championship game with a 46-22 win over Ponca on Monday.

Laurel led Randolph by a slim one-point margin at the half, 14-13 but the Bears doubled the score on the Cardinals in the third quarter, 14-7 to take an eight-point cushion into the fourth period.

"It was kind of a conservative first half on both sides," Petri said. "We didn't shoot the ball very well in the first half but we played some good defense."

In the second half the defense continued its strong showing and the offense followed suit. "We did a much better job of executing our offense in the second half," Petri said. "We were patient by looking for the good shots but when we had them, we made them."

Petri said he felt the key to the win was Laurel's rebounding. "We did not give up any second chance points," Petri said. "We did a great job of preventing Randolph from getting offensive rebounds."

Tracy Ankeny led a balanced attack for the Bears with 13 points while Becky Schroeder tossed in a dozen. Cathy Mohr was also in double figures with 10 while Alissa Krie scored nine and Dawn Wickett, two.

Laurel out-rebounded Randolph, 35-24 led by a trio of Bears. Schroder, Krie and Ankeny with 10 caroms each. The Bears had 16 turnovers but forced 20 and Laurel connected on 14 of 20 free throw attempts while the Cardinals were 6-12.

In Monday's game with Ponca the Bears jumped out to a 9-2 lead and never looked back as they ended Ponca's season. Laurel led 15-9 at the half and 30-16 after three quarters of play.

"Ponca only got off 11 shots in the first half," Petri said. "Our defense did not give up any offensive rebounds and we forced 16 turnovers. Our problem in the first half was just not hitting our shots."

Alissa Krie led the winners with 12 points and Becky Schroeder tossed in 10 while Gina Monson scored eight. Tracy Ankeny and

Dawn Wickett finished with six each and Heather Cunningham tallied four.

The Bears out-rebounded Ponca, 30-27 with Krie hauling down seven and Schroeder, six. Laurel had 20 turnovers but forced 30 and the Bears were 6-11 from the free throw line while Ponca was 2-6.

Laurel will now take a 12-9 record into the district championship game with Emerson-Hubbard on Thursday at Wayne High.

Wakefield boys fall in overtime

The Wakefield boys basketball team lost to Randolph in overtime, Tuesday night in Randolph, 60-56. Brad Hoskins team fell to 10-8 and will close out its regular season schedule on Friday at Homer before playing Homer in a rematch on Monday night in the first round of sub-districts in Lyons.

The Trojans got off to a very slow start in Randolph, trailing the Cardinals by a 16-5 margin after the first quarter. Wakefield got the margin trimmed to single digits by halftime, 31-22 and they cut the gap even further after three quarters

of play, 44-38.

The Trojans comeback efforts netted them a lead late in the game but Randolph tied the game with about 45 seconds left in regulation. Wakefield went for the last shot and with six seconds remaining they got a point blank attempt but the shot drew iron.

"We got the offensive board but we were called for traveling with four seconds left," Hoskins said. "They (Randolph) never got a good shot off before the buzzer sounded."

Wakefield's troubles on the night came from Randolph senior Erich

Arens who poured in 33 of the Cardinals 60 points including all eight in the overtime period. "We couldn't stop him," Hoskins said. "He came off his screens and beat us in a couple different ways. In fact, he scored 19 of Randolph's final 23 points."

Randolph shot the ball extremely well from the field, 21-37 for nearly 60 percent while Wakefield was 22-42 for 52 percent. Cory Brown paced the Trojans with 16 points while Wes Blecke and Justin Dutcher scored 11 each. Tory Nixon was also in double figures

with 10 and Mike Rischmueller added four while Luke Tappe and Travis Birkley scored two apiece.

Both teams hauled down 26 rebounds with Brown leading Wakefield with 11 caroms. The Trojans had just 10 turnovers while forcing 16 and Wakefield was 3-7 from the foul line while the host team was 9-11.

"We ended up shooting 52 percent from the field for the game but in the second half we hit 13 of our 14 attempts," Hoskins said. "Unfortunately, in the first half we were just nine of 28."

Wakefield boys defeat Coleridge

WAKEFIELD-The Wakefield boys basketball team defeated Coleridge, 75-64 last Friday night in Wakefield leaving Brad Hoskins crew with a 10-7 record heading into Tuesday's game at Randolph. The Trojans will close out the regular season schedule on Friday when they play at Homer.

The Trojans led 23-15 after the first quarter and 39-33 at the half before taking an 11-point lead into the final stanza. "We were up the whole game," coach Brad Hoskins said. "We got off to a good start and played good, aggressive defense."

The aggressive defense did have one drawback as Wakefield was whistled for quite a few fouls which resulted in Coleridge scoring 21 points in the game from the charity stripe including 10 in the second quarter.

"Free throws kept the Bulldogs in the game," Hoskins said. "We got a little over-aggressive at times but I was pleased with our effort." Tory Nixon enjoyed his best game of the season, scoring 23 points including a perfect 5-5 outing from 3-point range.

Cory Brown tallied 18 and Justin Dutcher tallied 11 while Luke Tappe finished in double figures with 10. Wes Blecke netted seven points and Mike Rischmueller rounded out the attack with six.

Both teams hauled down 23 rebounds with Brown leading the Trojans with 10 caroms while Blecke hauled down seven. The host team had 11 turnovers while forcing 15 and Wakefield was 9-15 from the foul line compared to 21 of 28 shooting by the visitors.

The "Word" for the Week An approved addiction

We live in an adrenaline driven world. This is true in our work and when we wind down. It is true in our vocations and athletics. Adrenaline enters our blood streams to heighten our awareness and focus our energies to help us through the fights of life. We depend on adrenaline at work and at play. In fact, we can easily become addicted to the sense of well-being and euphoria this chemical induces. We get accustomed to the high it brings. When the reaction is gone, we are flat, down, depressed.

We therefore fill weekends with excitement. We need the thrill of skiing down snow packed mountainsides with the wind in our faces. We seek the high of jumping out of an airplane and plunging thousands of feet before the parachute cushions our landing. We need the excitement of fast paced basketball thrillers. Church is especially boring. We have to sit still. We have to sing. We have to listen to a sermon. We'd rather be sailing. Weekends aren't for rest. They're for diversion. Church is boring. Who wants to think about eternity when there is so much life to live now?

Church may be boring because we are hooked on adrenaline. We've forgotten the biblical principle, "The Sabbath was made for man" (Mark 2:27). We need the rest. We're steps from crashing without it.

Class to be held for step-parents and remarried parents Feb. 23

There are many special challenges for parents who remarry and form a step family situation. The class Parenting in Blended Families will help parents and other family members understand the stages family members go through to blend into a strong, happy family unit.

Some of the topics covered will be 1) the pitfalls of living in a step family, 2) how to be effective in your role as a step family and 3) the step child's dilemma.

The course is taught by UN-L Extension Educator, Carol Larvick who is a step parent herself and is being offered through the Wayne High Adult Education Program. The one session class is scheduled for Thursday, Feb. 23 from 6:30 to 9:30 p.m. in room 204 of the Wayne High School building.
