

Wayne losing two businesses

By Tom Mullen
Of The Herald

Two Main Street retailers recently announced that they are going out of business.

Both The Four in Hand and T & C Electronics will close sometime after Christmas.

"It was a very difficult decision," said Sheryl Lindau, owner of The Four in Hand and also mayor of Wayne.

"There are a lot of reasons why I am closing, it is something I've been thinking about for a long time.

"I know the other people on

Main Street hate to see this happen, because we all affect each other, and it certainly isn't happening due to a lack of support," she said.

Mrs. Lindau opened her business in 1987, spurred, she said, by the closing of another store, The Rusty Nail.

"Closing the store is a very personal decision. I have a lot of other interests and I want more time for myself and my family.

"My daughter is going to graduate in another year and I feel like I am missing out on too much of her life.

"And my son is a freshman... I've been doing this since Michael

was in first grade.

"The holidays are the hardest time. As a retailer, that's when you really need to focus on business, and that's when you really feel it," she said.

Tom and Cindy Schmitz are the T and the C at T & C Electronics, the store they opened in 1979.

"An opportunity opened up at Wayne State College for Tom as a broadcast engineer," said Mrs. Schmitz.

"It was a hard decision to make because all of the people here in Wayne are so great.

"I want everyone to know that we are staying here. We love

Wayne. The opportunity at the college came open for Tom, and he is a broadcast engineer, so he is taking it. I will continue to manage the VFW.

"We are going to try to be done the first of the year," said Mrs. Schmitz.

Rumors of Stadium Sporting Goods closing are based on a misunderstanding, reported store owner Randy Slaybaugh.

"We will be selling a lot of our merchandise early next year," he said.

"After that, we will close for a short time to reorganize the store," Slaybaugh explained.

New 'family' definition approved

By Clara Osten
Of The Herald

The Wayne Planning Commission held a public hearing Monday to discuss three items, including the definition of family in regard to zoning regulations in the city of Wayne.

The present definition of family is "one or more persons, related or unrelated, living together as a single housekeeping unit.... The term 'family' shall not include occupancy of a residence by persons living in fraternities, sororities, clubs or transient or permanent commercial residential facilities catering to the general public. Also excluded are nursing and convalescent homes."

"The Planning Commission realized that this was such a broad definition and a narrower definition is needed to help deal with density in the city's population," said City Planner Don Siefken.

Opposition to the proposed definition came from attorney Duane Schroeder and others who questioned the legality of the new definition which defines a family as:

(1) one, two or three persons occupying a dwelling unit; or four or more persons occupying a dwelling unit and living together as a traditional family or the functional equivalent of a traditional family.

(2) It shall be presumptive evidence that four or more persons living in a single dwelling unit who are not related by blood, marriage or legal adoption do not constitute the functional equivalent of a traditional family.

(3) In determining whether individuals are living together as the functional equivalent of a traditional family, the following criteria must be present:

the occupants must share the entire dwelling unit and live and cook together as a single housekeeping unit. A unit in which the various occupants act as separate roomers may not be deemed to be occupied by the functional equivalent of a traditional family;

the group shares expenses for

food, rent or ownership costs, utilities and other household expenses and;

the group is permanent and stable and any other factor reasonably related to whether or not the group is the functional equivalent of a family."

THE PLANNING Commission voted to recommend to the City Council that the ordinance be revised as written.

Another public hearing will be held by the Council, possibly in early January for more community input on the issue.

Another item before the Commission was the re-zoning of the

property off Main Street that was the former Wayne Care Centre.

There was discussion and concern from several adjacent property owners concerning parking and other problems that could arise if the property were converted into apartments or a dormitory.

Currently the property is zoned as B-3 and R-2.

A public hearing will take place at a later date for additional discussion as to the use of the property.

The only official action taken by the commission at Monday's meeting was to approve the site of the new Library/Senior Center for "use by exception" in the R-3 zone after a public hearing.

Commissioners mull JDC and ADA

By Clara Osten
Of The Herald

Wayne County Commissioners listened to a proposal by Northeast Nebraska Juvenile Services on the proposed new juvenile detention center to be built and heard options for making the court house handicapped accessible during their regular meeting Tuesday.

Mike Applegate, director of NNJS gave the commissioners a detailed account of the agency since it began in 1992. Currently the NNJS serves 17 counties and two Nebraska Indian Tribes. The facility is

Area shoppers are flocking to Wayne stores

The Chamber of Commerce reports another successful weekend of Christmas shopping in Wayne.

"Our 'Wayne, America Great Cash Giveaway' is doing very well. We had one gentleman complain of there being too many people in the stores and not enough parking, so I guess that's a good sign," said Chamber Executive John Farnan.

"We will have two more \$500 winners the next two weekends, and then two \$1,000 winners on the Saturday before Christmas," he added.

Most Wayne businesses are participating in the promotion. Farnan suggested contacting local businesses to participate.

The Chamber also announced a "Best Decorated Business" contest. Shoppers are encouraged to clip a ballot from next week's Morning Shopper and vote for the best decorated business in Wayne.

Ballots will soon be available at area merchants and completed ballots may be given to any Chamber member.

funded by an assessment from each participating county, along with room and board costs.

The NNJS is considering building a \$2.1 million structure to replace the current structure which does not meet the Nebraska Jail Standards Codes. The structure would be paid for through a service contract with each of the contracted counties.

If the NNJS board votes to go ahead with the project, the building could be complete by October of 1997 and the building would be operational by January of 1998.

Applegate told the commissioners that he felt the Jail Standards would give the NNJS an extension to comply with standards until that time.

COMMISSIONER Dennis Dangberg asked Applegate what options the county had if they did not vote to assist in the construction costs.

Applegate said if the NNJS were closed in Wayne, juveniles would be sent elsewhere and the county would be required to pay whatever rates were set by that particular agency. He said that could be up to

\$300 per day, depending upon what the situation was.

The commissioners took no action on the issue but will consider it further.

IN OTHER action, the commissioners listened to a presentation from Donna Kinney, a representative of Access Elevator Co. on the Garaventa stairlift that could be installed in the courthouse to comply with ADA regulations.

She explained features of the stairlift which would be installed along the inside of the present staircase.

The total cost of installing the chairlift would be \$40,503. However, Ms. Kinney said the State Fire Marshall would still have to approve of the stairlift and that may be a problem because the staircase is not wide enough in some spots to allow for people to go up and down the stairs when the stairlift is in operation.

A second option proposed by Ms. Kinney was to install a small commercial elevator, either inside or outside the building.

She estimated the cost of the elevator at \$45-50,000 for the eleva-

tor and additional money for the shaft and motor room.

THE WAYNE County commitment would be \$1.41 per capita per year through the 15 years of the loan. In addition, counties sending juveniles to the center would pay a fee of approximately \$130.00 per day.

The new facility would house 24 juveniles, up from the 14 that the facility is now capable of holding.

Applegate told the commissioners that the NNJS purchased \$182,000 worth of local services and paid \$333,862 in salaries to Wayne County residents in the last year and is an important asset to the community.

The agency does not have a site for the new building picked out at this time and will meet Dec. 15 to decide whether or not to build.

JOHN FARNAN of Wayne Industries Board told the commissioners, "Wayne Industries thinks this is a good project and would like to work with the board on it."

The commissioners made no decision on either the stairlift or the elevator but will look into the possibilities.

Power plant moves forward

By Tom Mullen
Of The Herald

The City Council voted Tuesday to purchase three generators from a now defunct nuclear power plant on Long Island.

City officials had planned on purchasing two new generators as part of a \$5 million project to double the city's electrical capacity.

The city currently leases its electrical capacity to NPPD. The lease will allow the city to charge

NPPD for the increased capacity in 1997.

"A lot of people don't understand how these buildings, these generators, and all this other equipment will be paid for by NPPD," said Councilperson Verdell Lutt.

Although the city's power plant is used only on a very limited basis, Ken Fairchild, lead engineer for the project, explained why NPPD purchases power capacity.

"NPPD belongs to The Mid-

America Power Pool, along with many other large utilities and one condition of membership is a 15 per cent reserve capacity. The group is a consortia, this gives them greater capacity to purchase the lowest cost power, when they need it.

"As far as leasing the capacity from Wayne, we are part of their reserve capacity," he said. Fairchild is an engineer with Olsson Associates of Lincoln.

Church secretary retires

After 23 years of answering phones, typing bulletins, making phone calls and "whatever else was needed", Dorothy Stevenson will retire at the end of December as secretary of the First United Presbyterian Church in Wayne.

She will be honored at a reception to be held from 2 to 4 p.m. on Sunday at the church Fellowship Hall. Everyone is invited to attend.

"When I took the job in August of 1972, I didn't intend this to be a career, but I have enjoyed it, so I stayed," Mrs. Stevenson said.

SHE WAS the first permanent secretary the church had. She also serves as office manager, ordering supplies and has been responsible for updating church membership rolls and baptismal and confirmation records.

In addition, she was responsible for putting together a program for the Presbyterian Women's annual program.

During her 23 years of service, Mrs. Stevenson has worked with three full-time pastors and two interim pastors.

"I HAVE been here to funnel a lot of information to the pastors, or

Dorothy Stevenson

if they were not available, to make decisions that needed to be made," she said.

"I have also developed a good relationship with other church secretaries. There have been times when I have had to use another church's copy machine because ours wasn't working or another church would use our copy machine because their machine wasn't working," she added.

Mrs. Stevenson said that she

will miss knowing about the lives of the members of the congregation and what is happening in their lives.

"I WILL also miss the computer. When we first got it, I thought I would never get used to it, but it has become so handy."

"When I first started here, I had only an old typewriter and a mimeograph machine, so the computer has definitely made things easier."

Mrs. Stevenson will not retire completely, as she will continue to work part-time at the Wayne Public Library.

"I'd like to be able to take some short weekend trips and relax for a while," she said.

"I ENJOY hand work and look forward to having some time to do that. I like to play bridge and love to read, so I'm sure I'll be able to keep busy."

Mrs. Stevenson and her husband Thomas, a former professor at Wayne State, have two children. Their daughter lives in Omaha and their son lives in San Diego, Calif.

Mrs. Martha Svoboda will take over duties as secretary at the church after Mrs. Stevenson retires.

Capitol News

Does each Senator need a laptop?

By Melvin Paul
Statehouse Correspondent
The Nebraska Press Association

LINCOLN — The public sure gets hot when we print stories about government waste. There's groans when we learn the Pentagon has purchased \$500 toilet seats or when a new jet needs wrenches that cost hundreds of dollars.

A few years ago, Nebraskans all wondered whether state senators really needed those \$1,400 leather and brass chairs for their Capitol committee rooms.

Well, get ready for another round in the "is this waste or not" game: the Legislature is now studying whether to outfit each senator with a laptop computer.

Such computers are the latest craze across the country. Neighboring Iowa is giving each of its state senators a laptop — which cost about \$5,800 each when you count the printers and other affiliated gear. At least a dozen states will have laptops at legislators' desks next

year.

Already, at least two elected bodies in Nebraska provide laptops at their meetings, the Omaha School Board and State Board of Education.

The Nebraska Legislature already has a couple of laptops and recently bought four more (at \$2,800 each) for the use of senators and their staff.

But buying laptops for each senator could cost about \$250,000. That sort of pales beside the \$78,000 cost of all those chairs.

The obvious joke is could most senators even operate a laptop?

But the answer is that some already are using laptops in their personal businesses and to keep track of the voluminous chores of being a state legislator.

State Sen. Ardyce Bohlke of Hastings says she uses hers to leave memos to her staff. Former Sen. Jessie Rasmussen used her laptop frequently to draft amendments and conduct other business.

Laptop advocates say the mini-computers would be a great help when debate gets heated on the floor of the Legislature. Senators could look up past debate on the bill or arguments presented by lobbyists and the public at legislative hearings.

Amendments could be made available almost instantaneously. Now, senators have to wait for a trip to the copy machine. That costs money.

Copying charges would be reduced, as would the mountainous stacks of bill books that now grow beside senators' desks in the chambers.

Detractors wonder about the cost and the need. Senators already have computers in their offices and a phone call can obtain past floor debate or committee records.

There is also a concern about appearance. Legislators have not forgotten the criticism they received over the chairs. The image of the unicameral is shaky enough without another round of that.

But there's another issue here and that's public access to legislative records. Right now, it's pretty poor. You can't even obtain the daily legislative digest through on-line computer networks, a vital document if you want to follow what happened yesterday in the Unicameral, how senators voted or what amendments are coming up.

That sort of stuff is easily obtainable through on-line services for the U.S. Congress. Why can't it be available here? The question is especially critical in a big state like Nebraska.

It will be interesting to see how the public reacts if the Legislature decides to purchase laptops. But that reaction might be cooled if senators decided to provide more public documents through computer as part of the deal.

The views expressed in Capitol News are those of the writer and not necessarily those of the Nebraska Press Association.

Hello, Wayne America

First, let me say, thank you to the many people who have taken the time to welcome me to Wayne, Nebraska. I would also like to thank Les Mann for all the assistance he has given me in getting me settled here at the Herald. Thanks again, Les.

Coming to a new town can be exciting and trying at the same time. The exciting part is that my family & I are moving back to a part of America that we want to live in for many years to come. I feel that our children will enjoy growing up here, rather than in the South. Les has told me how happy his family is here and I'm sure my family will be too. The down side to moving is trying to find a place to live temporarily and learning how to buy a home. I'm a true first time buyer. I am one of those people who want everything done now, not 45-60 days from today. Bank and realtors don't always work as fast as I like for them too. They have their paperwork too. My wife, Pam, keeps telling me my patience is getting better and I'm not as demanding and impatient as I was once. I believe she is the reason for that. My father has always said, she would be the one to calm me down. It will be a few weeks before my family will be settled here, but we already know that living here is going to be an enjoyable experience. Pam visited the area for two days before she had to fly back to South Pittsburg, TN and take care of the kids. My oldest, Sara, is two and my youngest, Michael, is one. Like all kids that age, they are a hand full. I guess now that I'm here, people are going to wonder what the new

guy" is going to do to the paper. Well, I hope to continue to put out a fine editorial and news product as Les has done for many years. I will not be very out spoken in the beginning, since I am new to this community. I would like to choose my battles and not have them thrust upon me at one time. I hope to have a column each week, sometimes serious, sometimes not. But mostly my column will give you a chance to get to know me and for me to get to know you as a community. This latter part is by your comments and responses. I want you, as our readers to feel you can respond to my editorials or stories in the paper with "Letters to the Editor". I take criticism as good as I take praise. I hope you will take an opportunity to do so when the need arises.

I would also like to invite everyone to stop by and meet me, and chat a little. My door will always be open to you. Again thank you for making my first few days here in Wayne so pleasant. I look forward to meeting all of you soon.

To landlords and renters in Wayne

Dear Editor:

On Tuesday, Dec. 12, the city planning commission is proposing to the city council a change in the definition of "family" in the zoning regulations. It will be unlawful to rent to more than three persons who are not related by blood, marriage or legal adoption.

Landlords: If you own a residential house and rent to more than three adults, whether they be students or working adults, you will be in violation of the law. Is this going to affect the return on your investment in rental property and lower the value of your property? You bet!

Renters: If you currently reside with three or more friends in a residential neighborhood, you will be in violation of the law. When one or two of you have to move out, can you expect a rent increase? You bet! Will you be able to find other housing in Wayne? We hope so, but good luck!

To persons with houses for sale: Is someone going to invest in your

home as rental property? Probably not. Who would want to invest in something and not receive a return on that investment.

If you feel that this proposal will affect you, I urge you to attend the council meeting on Tuesday, Dec. 12, at 7:30 p.m. in the city hall and voice your disapproval.

Who decided one should be in a Wayne store if their name is called for the money?

Isn't this unfair to the elderly and those outside Wayne? Don't they want or need our business?

Drawing needs thought

Dear Editor:

What happened this year to the Christmas drawing? Seems the Chamber came up with some idea that needed more thinking about before they put the plan in effect.

I work in Wayne for five days a week. I do a lot of shopping in Wayne, but my Christmas shopping is going to other cities this

year. Reason I'm not coming back to town to see if I had a chance at the drawing. It's my understanding you didn't even have to purchase anything to get a ticket. Let's go back to the way it was done the last few years and give the out-of-towners a chance.

Wayne State's Chad Nelson (#44) shoots for three during the Wildcats 85-77 loss at Augustana Tuesday night.

Cold stretch costs WSC women 76-62

By Korey Berg of the Herald

The Wayne State women's basketball team fell to 2-3 on Tuesday night with a 76-62 loss to Augustana. The Wildcats shot only 23 percent in the first half as the Vikings held a 20-point lead at the intermission. WSC held a 13-12 lead early in the game, but Augie went on a 20-0 run to take command of the game.

'Cats fall short in loss to Vikings

By Korey Berg of the Herald

Wayne State College traveled to Sioux Falls, S.D., Tuesday night and lost a 85-77 decision to Augustana College. The Wildcats jumped out to a 23-12 lead in the first half but the Vikings rallied to tie the game at halftime and took a 13-point lead in the second half.

"In the beginning of the second half we had a few dry spells on the offensive end," said freshman Jason Diaz. "We were playing good defense, but we just couldn't hit the shots."

The Wildcats wouldn't quit however, taking a one point lead with 6:08 left in the game. The 'Cats were down by two with 83 seconds to go when Augie's Tommy Brown hit a three-pointer to make the score 80-75. A turnover by WSC and a layup by the Vikings put the nail in the Wayne State coffin.

"I thought our guys approached the game with an tremendous amount of intensity," said Head Coach Greg McDermott. "We did everything we had to do from an effort standpoint to win the game. We just didn't get the bounces in the last two or three minutes. The number that jumps out at you is the free throw attempts. They shot 32 free throws compared to our 11

and we were outscored by 17 points at the free-throw line. We just can't put a team at the line that many times and not get there ourselves and expect to win the game."

Freshman Chad Nelson led the team with 16 points, while sophomore Craig Phillip added 13 points and seven rebounds. Freshmen Tyler Johnson and Diaz each added 12 points and Junior Mike Fitzner had 10. Junior Curt Woodin led the squad with seven assists and three steals.

Upper Iowa 86, Wayne State 58

Upper Iowa went on a 23-0 run to close the game and defeated Wayne State 86-58 Sunday afternoon in Fayette, Iowa. After trailing by 13 at halftime, the Wildcats cut the lead to five points before the Peacocks shut them out over the final seven minutes. Upper Iowa shot 64 percent compared to 38 percent for WSC and out rebounded the 'Cats 39-18. The Wildcats were outscored at the free-throw line 24-5.

"I didn't think we played with the intensity or enthusiasm that we need to play with to be successful," said Head Coach Gregg McDermott.

"Upper Iowa is a Division III team and we were their biggest game of the year. They were ready to play and we weren't."

Mike Fitzner led the team in scoring with 24 points. The junior from Valley City, N.D. drained eight three-pointers, only one shy of his own school record. Freshman Jaime Jones added 10 points and Jason Diaz added three three-pointers for nine points. Junior Curt Woodin led the team with six assists.

Scoring — K. White 6, A. Check 2, C. Woodin 0, M. Fitzner 24, J. Diaz 9, T. Johnson 10, J. Malcolm 0, C. Phillip 4, D. Anderson 0, C. Nelson 2, G. Ryan 0, G. Knoff 0, J. Jones 10. Totals 20-53 5-10 58.

Minnesota-Duluth 61, Wayne State 35

Wayne State lost 61-35 to Minnesota-Duluth in tournament action last Saturday in Omaha. The Wildcats shot only 26 percent from the field and were outrebounded 44-28.

"Duluth really did a good job defensively in the half court," said Barry. "We didn't get very many good looks at the basket in the second half."

Schultz led the team with eight points followed by Jensen with seven.

Scoring — I. Weeks 1, J. Hume 3, J. Thompson 2, A. Broderson 0, J. Heller 0, D. Grammer 2, K. McElany 0, C. Schultz 8, R. Bell 3, M. Jensen 7, S. Osborn 4, L. Zeimetz 2, P. Diney 3.

Broderson and Osborn each scored 12 points, while Jensen pulled down 11 rebounds. On Saturday, Wayne State plays Northwest-Missouri State. The Wildcats won last year's match-up 85-65. Osborn had 11 rebounds in that game. The 'Cats travel to Maryville, Mo. next Tuesday for a rematch with the Bearcats.

St. Francis 75, Wayne State 73

Wayne State traveled to Joliet, Ill., on Saturday and were beaten by St. Francis 75-73.

"We got off to a slow start in the first half," said Head Coach Greg McDermott, "but we were able to battle back to cut the deficit to three at halftime. We scored on our first eight possessions in the second half to take a four point lead and then unfortunately we went nine possessions without scoring and that was when the game was decided."

Chad Nelson scored 19 points and had five rebounds for the 'Cats. Mike Fitzner hit four three-pointers for 12 points, while Dan Anderson added eight points.

Friday's Results

Battle Creek 82, Wayne 63

The Wayne Blue Devils boys basketball team opened the 1995-96 basketball season with a 82-63 loss to Battle Creek last Friday. The Devils stayed close as the game was tied at 14 after one quarter, but the Braves used a 30 point second period to gain a 15 point lead that they would not relinquish.

"I thought we played like a team with limited experience," said Head Coach Rocky Ruhl. "We have room for improvement and as the year goes on, this will take place. We have to step it up on the

defensive end." Junior Paul Blomenkamp had an outstanding game, scoring 26 points and grabbing 11 rebounds in the losing effort.

Clint Schieffer led the Warriors with 22 points, while Travis Stingley scored 12 points to lead Laurel. Kyle Macklin added seven rebounds and Dan Peters had six assists and three steals for the Bears.

"Crofton is a strong team and should be a contender to win it all in the NENAC," said Head Coach Clayton Steele. "They have height and quickness, two good parts to a

champion basketball team. We hustled and were in the game, but our shots didn't fall in key situations."

Scoring — R. Rasmussen 11, D. Peters 2, T. Erwin 4, K. Macklin 9, T. Stingley 12, R. Kvoles 4, A. Bose 2.

Coleridge 85, Allen 32

"Coleridge is probably one of the best teams in the state," said Head Coach Doug Schnack. "If they stay healthy, they will have an extremely successful season. I thought for being out sized and out matched the whole game, we did okay. We need to cut down on our turnovers and take our time on offense to be more successful."

Scoring — J. Kumm 4, S. Williams 8, B. Smith 10, E. Olson 8, C. Prochaska 2.

Wynot 49, Winside 48

Thursday's Results

Pender 80, Wakefield 57

Wakefield lost their season opener to Pender on Thursday, 80-57. Tyler Nixon scored a team-high 18 points, while Wes Blecke cleared the glass of 11 missed shots.

"We were disappointed with the second half effort," said Head Coach Brad Hoskins. "We were down 37-47 with 4:15 left in the third and eight minutes later were down 48-71. Anything that happens you are not doing too many things well. We obviously need more work on many things, both offensively and defensively."

Scoring — C. Coble 3, J. Dutcher 8, T. Nixon 18, M. Rischmuller 10, W. Blecke 9, R. Hoffman 5, T. Birkley 2, M. White 2, J. Mackling 2.

Winside 54, Allen 30

Winside stopped Allen 54-30 in

the season opener for both teams Thursday night. A 22-9 first quarter deficit was too much for Allen to overcome as they shot only 25 percent and were outscored 38-27 by the Wildcats. Michael Blohm led the Eagles with 14 points, nine rebounds, three assists and six steals. Winside was paced by Chad O'Connor with 14 points.

"I thought we played a good defensive game," said Allen Head Coach Doug Schnack. "The kids played hard, they just made a lot of first game mistakes."

Wakefield 70, Walthill 36

Wakefield got its first win of the year on Tuesday with a 70-36 victory over Walthill. Alison Benson paced Wakefield with 27 points.

Saturday's Results

Pierce 53, Wayne 34

Wayne fell to 0-2 in girls basketball on Saturday night with a 53-34 loss to Pierce. Melissa Weber led the team in scoring with eight points, while Anne Wiseman added five rebounds. Katie Lutt had seven points, three assists and two steals.

"Pierce has a strong, aggressive team," said Head Coach Roger Reikofski. "They controlled the offensive and defensive boards most of the game. That was the key. Our young ladies played better and showed improvement in almost every facet of our game. We just

need to keep improving and get more and more aggressive every time we play."

Scoring — E. Stoltenberg 5, A. Wiseman 1, L. Bebe 4, K. Lutt 7, M. Weber 8, M. Linster 4, L. Baack 3, H. Johnson 2.

Allen 47, Wakefield 41

Allen improved to 2-0 and Wakefield fell to 0-2 on Saturday as the Eagles overcame 26 turnovers and handed the Lady Trojans a 47-41 loss.

"We were disappointed in our turnovers," said Allen Coach Lori Koester, "but Wakefield really played defense and forced a lot of them. We had a big fourth quarter with some key buckets by Abbey Schroeder, Shanyan Moran, Amanda Mitchell and Mindy Plueger. It was a great total team effort."

Moran had 21 points and eight rebounds, Plueger had 14 rebounds and nine points, and Schroeder had 12 points. Mitchell added four assists and three steals.

"It was a typical Allen-Wakefield game - very competitive," said Wakefield Head Coach Gregg Cruickshank. "The difference in the game was Allen made a few more plays down the stretch. They hit a couple of key shots and grabbed a key offensive rebound. Our kids showed improvement offensively, but we need to be more consistent. We took a 31-26 lead in the third quarter and then turned it over three times in a row."

Alison Benson led Wakefield with 10 points and 11 rebounds, while Kristin Preston, Susan Brudigan, and Jennifer Simpson each scored nine points.

Scoring — Wakefield: A. Benson 10, J. Simpson 9, S. Brudigan 9, K. Preston 9, J. Haglund 4.

Friday's Results

Laurel-Concord 39, Crofton 36

The Lady Bears of Laurel improved to 2-0 with a 39-36 come from behind victory over Crofton. points and nine rebounds. Becky Schroeder added a dozen points, six rebounds, and two blocks. Megan Adkins had nine rebounds and four assists and Mohr had six steals.

"Our players put forth a great effort," said Head Coach Rick Petri. "Despite being down by nine points early in the fourth quarter, the girls never quit. Our defensive pressure forced 10 Crofton turnovers in the fourth quarter and allowed us to get back in the game."

Scoring — T. Ankeny 14, B. Schroeder 12, C. Mohr 6, S. Ehlers 4, A. Krie 2, H. Cunningham 1.

Winside 50, Wynot 43

"We played solid defense," said Head Coach Lisa Schroeder. "We need to take better care of the ball and run our offense. We are trying to force too much and turning the ball over way too many times."

Scoring — W. Miller 16, A. Brugger 12, J. Miller 6, E. Deck 7, J. Miller 5, M. Topp 2, M. Sievers 2.

Thursday's Results

Sioux City West 39, Wayne 26

"It was a tough night shooting the ball," said Head Coach Roger Reikofski. "We had good shots, they just wouldn't fall. West had played three games before this one, so they didn't have the first game jitters to deal with. Our girls played hard and showed some very promising things."

"We were happy with the effort our girls gave for the first game of the season," said Allen Coach Lori Koester. "Mindy Plueger had an exceptional game. She drove hard to the basket and really made things happen."

Winside was led by Ann Brugger, who poured in 14 points and had 14 rebounds. Emily Deck led the team with six assists and two steals, while Jessica Miller added two steals and five blocked shots.

"The differences in the game were our missed free throws and layups," said Winside Head Coach Lisa Schroeder. "If we would have converted on those, we may have had a different outcome. Scoring — Allen: M. Plueger 21, A. Schroeder 19, J. Kluever 9, S. Moran 4, A. McGrath 4, A. Mitchell 1; Winside: A. Brugger 14, E. Deck 9, W. Miller 7, J. Miller 7, J. Miller 6, M. Sievers 5.

Ask Karen...

Q: I only wore my gown one time. Does it need to be cleaned before I put it away?

A: Only time will tell if the garment is stained, and then it's often too late. We often get prom dresses, bridesmaid's gowns and other formal wear several months after they've been worn. Stains, especially perspiration, can be harder to find and remove from delicate clothing. The sooner you have it cleaned, the better your chances of wearing the dress or perhaps selling it second hand.

SECTION B

Benefit scheduled

A soup dinner, auction and Bake sale will be held Sunday, Dec. 10 at the Pender Legion Hall for Ray Buchholz of Pender. The event is a kick-off of a \$50,000 fund raiser for the Pender resident who was diagnosed several years ago with Chronic Myelogenous Leukemia (CML) a form of cancer which affects the blood and is fatal if not treated.

Recently Buchholz's doctors at the University of Nebraska Medical Center in Omaha determined that in order to survive, he must have a bone marrow transplant as soon as possible. The transplant will give him more than a 60 percent chance of a complete cure.

Buchholz's health insurance through IBP and additional insurance he has purchased through the state of Nebraska will pay for the transplant itself. However insurance will not pay for the testing of potential donor, called "tissue typing" or for the actual "harvesting of bone marrow" once the donor is located.

Ray Buchholz

There is currently a 1.8 million member bone marrow donor pool in the U.S. and a computer check has located 49 possible matches. Tissue typing these 49 people and the actual harvesting of bone marrow once a donor is found will cost approximately \$50,000.

Buchholz's parents and other members of his family have already been tissue typed, but none of them were a match. This is not surprising because on average, one bone marrow match is found per 20,000 persons.

The kick-off chili and chicken soup dinner will be held from 11 a.m. to 1 p.m. Dec. 10 with a bad weather date of Dec. 17. In addition to the dinner, there will be a bake sale and an auction of donated items with Mert Nixon serving as auctioneer. Organizations, businesses and individuals are encouraged to donate good, salable items for the auction as well as baked goods for the bake sale. These may be brought to St. Mark's Lutheran Church on Saturday, Dec. 9.

Up to \$1,200 raised by this benefit will be matched by Aid Association for Lutherans-Branch 1456 of Pender. Monetary donations may also be given to the "Ray Buchholz Benefit Fund" which has been established at the Pender State Bank.

Kristine Kopperud

Receives scholarship

Kristine Kopperud, a Wayne High School senior, received the Nebraska Music Educators Association/Nebraska Music Dealers Association Memorial Scholarship, valued at \$200 and renewable for up to four years.

The factors used in selecting the recipients were grade point average, class rank, musical involvement and an original essay describing what music meant to the applicants.

Forty-nine applications were submitted and seven students were selected to receive scholarships. The scholarship stipulates that recipients attend a Nebraska state college or university and participate in a performing musical ensemble.

Eyewitness ID

Marysa Bleich of Winside will present "Accuracy of Eyewitness Identification: Effects of Gender and Time Lapse" during Wayne State College's fall Senior Honors Colloquium. The presentation will be held on Dec. 13 at 4 p.m. in Benthack Hall, room 103.

The focus of this presentation is on the accuracy of eyewitness identification. Bleich will discuss the methods used, and review previous studies of eyewitness memory. The study of eyewitness identification is useful in the search for factors related to accuracy and error in identification. This topic serves as a basis for an experiment which Bleich conducted to determine whether gender, and time lapse between viewing an accident scene and answering questions about the accident affects eyewitness identification accuracy.

The Honors Colloquium is an opportunity for seniors who have been conducting research through independent study to present their projects. They have achieved an overall grade point average of 3.3 or above, and a 3.3 or above in their major field of study.

Bleich is majoring in psychology at Wayne State with minors in criminal justice and sociology. She plans to graduate in December 1995. Bleich is currently a member of Psi Chi National Honor Society, and in the past has been a member of Wayne State Criminal Justice Club, Psychology Club and presented a paper at the Great Plains Convention.

Learning is important for students

Q. It is my understanding that we forget 80 percent of everything we learn in three months' time and a higher percentage is forgotten as time passes. Why, then, should we put children through the agony of learning? Why is mental exercise needed if the effort is so inefficient?

A. Your question reflects the viewpoint of the old progressive education theorists. They wanted the school curriculum to be nothing more than "life adjustment." They placed a low priority on intellectual discipline for the reasons you mentioned. Even some college professors have adopted this "no content" philosophy, reasoning that the material learned by students today may be obsolete tomorrow, so why ask them to learn it?

I strongly disagree with this approach to education. There are at least five reasons why learning is important, even if a high incidence of forgetting and obsolescence do take place:

1. Perhaps the most important function of school, apart from teaching the basic literary and mathematical skills, is to foster self-discipline and self-control. The good student learns to sit for long hours, follow directions; carry out assignments and channel his mental faculties. Homework, itself, is relatively unnecessary as an educational tool, but it is valuable as an instrument of discipline.

Since adult life often requires self-sacrifice, sweat and devotion to causes, the school should play a role in shaping a child's capacity to handle this future responsibility. Certainly, play is important in a child's life, too. He should not work all the time; the home and school should provide a healthy balance between discipline and play.

2. Learning is important because we are changed by what we learn, even if the facts are later forgotten. No college graduate could remember everything he learned in school, yet he is a very different person for having gone to college. Learning produces alterations in values, attitudes and concepts that do not fade in time.

3. Even if the learned material cannot be recalled, the individual knows the facts exist and where he can find them. If we asked a complicated

Dr. Dobson Answers Your Questions

question of an uneducated man, he would likely give a definite, unqualified response. The same question would probably be answered more cautiously by a man with a doctoral degree—he might say, "Well, there are several ways to look at it." He knows the matter is more complex than it appears, even if he doesn't have the full answer.

4. We don't forget 100 percent of what we learn. The most important facts take their place in our permanent memory for future use. The human brain is capable of storing 2 billion bits of data in a lifetime; education is the process of filling that memory bank with useful information.

5. Old learning makes new learning easier. Each mental exercise gives us more associative cues with which to link future ideas and concepts.

I wish there were an easier, more efficient process for shaping human minds than the slow, sometimes painful experience of education. I'm afraid we'll have to depend on this old-fashioned approach until a "learning pill" is developed.

Q. Can the late bloomer who is not retained or held out of school be expected to catch up with his class academically after he has matured physically?

A. Usually not. If the problem were simply a physical phenomenon, the slow-maturing child could be expected to gain on his early developing friends. However, emotional factors are invariably tangled in this difficulty. A child's self-concept is amazingly easy to damage but exceedingly difficult to reconstruct. Once a child begins to think of himself as stupid, incapable, ignorant and foolish, the concept is not easily eliminated. If he is unable to function as required in the early academic setting, he is compressed in the vise-like jaws of the school and the home, and the conflict is often deeply ingrained.

These questions and answers are excerpted from the book "Dr. Dobson Answers Your Questions." Dr. James Dobson is a psychologist, author and president of Focus on the Family, a nonprofit organization dedicated to the preservation of the home. Correspondence to Dr. Dobson should be addressed to: Focus on the Family, P.O. Box 444, Colorado Springs, CO 80903 (c) 1982, Tyndale House Publishers, Inc.

Special entertainment was provided by Gene Jorgensen, Jerol Rademacher and Harlin Brugger. Jane Rademacher served as Master

of Ceremony. Gene Jorgensen provided special music. A decorated cake was made by Daisy Janke.

All four of Norm and Mary's children were present as well as their four grandchildren. Their children and their families are Missy and Mark Harms of Fremont and their girls, Alicia and Erika; Lori and Steven Stock of Lincoln and their girls Allison and Kayla; and the two Jensen sons, Matt and Andrew, both of Winside.

Logan Homemakers hold Christmas party

Logan Homemakers Club had its Christmas party Dec. 1 at Geno's for a 6:30 dinner.

All members and guests, Ardene Nelson, Lois Heggemeyer, Mike and Berniece Rewinkel, Gilbert Rauss, Ron Penlerick, Reuben Meyer and Wilbur Nolte attended. Thirteen point pitch was played.

Ron Penlerick, Alma Weiershauser, Reuben and Alta Meyer, Eleanora Rauss and Berniece Rewinkel won prizes.

Cookies and coffee were served after cards.

Next meeting is Jan. 4 with Alma Weiershauser.

Dear Dan Rather,

I abhor violence: from hockey and boxing to child and spouse abuse, from Ireland to Bosnia, to Rwanda to Chechnya. Even when I watch a football game, I flinch at sacks and hits, but enjoy the finesse of passes and long runs and maneuvers.

I've lived in Nebraska all my life, and followed the football teams since Bobby Reynolds. I've been embarrassed by some of the players, starting with Johnny Rodgers. But I cheered long and hard when he returned a kickoff for a touchdown against Notre Dame in the Orange Bowl. I was actually there, Dan; quite an accomplishment for a farmer's wife and mother of four kids.

I wasn't into Devaney's methods, but he did produce back to back national championships. Folks finally started to notice. You know, the typical Easterner has no idea where Lincoln, Nebraska, is; let alone that there is a university there. (They also filmed Terms of Endearment there, at my alma mater, Lincoln General Hospital.)

After the Devaney era, there was Tom Osborne, Tom's a Nebraskan, you know, an English prof. He's been a role model for coaches; quiet, calm, some say bland. He doesn't cuss, he teaches Sunday school and he wrote a book called "More Than Winning."

He kept meeting Florida teams in Miami; and even when he wasn't in Florida, his teams did not have a good record in bowl games. There were jokes about it.

Nebraska is many things, Dan; it's corn fields and hay stacks, the Missouri and the Platte rivers, the sandhills, pheasants, cows and steaks (the best you will ever eat). They filmed a movie down the road from us last year, and the folks from Hollywood were taking pictures of the sunsets!

I've been upset about guys like Christian Peter and Laurence Phillips, I've discussed them with my friends and neighbors and even my dentist. If I were coaching, they wouldn't be playing. I still have the notion that training rules preclude beer drinking and bars, which seem to be a factor in the episodes. In fact, maybe CBS should do a segment on booze and violence!

But I remember the absolute euphoria that gripped this state last Jan. 2. Dr. Tom finally had a championship. Even my 90 year old patients had stayed up to watch the game. And my dentist says we can trust Coach Osborne's decisions about who should play.

He's been compared to Father Flanagan. You know, the man who founded Boys' Town, the orphanage? Something else Nebraska's famous for. The speaker of the house visited there this year.

In other words, he appears to truly care about his players. Unfortunately, I guess he thinks can reform them with the discipline of football. It does take discipline to play football at this level, right?

Also, unfortunately, television reporting seems to prove whatever the producer sets out to prove these days. Images on the screen are powerful, and you can always find folks willing to say what the reporter wants them to say. We watched that same technique earlier this year, when one of your competitors looked into a lawsuit against county authorities by a local couple.

It has Nebraskans upset, you can imagine. If your thought feedback was voluminous after Goldberg's segment, you ain't seen nothin' yet!

The Fiesta Bowl committee has what they wanted: the prospect for a heck of a game. Win or lose, there really is no place like Nebraska. I operate a Bed & Breakfast called The Farm House. Come visit, without your preconceptions, and I'll show you. Yes, we're proud of the football team, but Nebraska is so much more. How did it merit 35" of the entire segment?

We always beat the book!

Vacancy on Corn Board

Nominations are being sought to fill an upcoming vacancy on the Nebraska Corn Board.

Chairman Leland Klein of Battle Creek will resign his District 4 seat on the Corn Board effective Dec. 20, following his recent appointment by Gov. Nelson to the Nebraska Legislature.

District 4 on the Corn Board covers 14 counties in Nebraska, including Burt, Cedar, Colfax, Cuming, Dakota, Dixon, Dodge, Knox, Madison, Pierce, Stanton, Thurston, Washington and Wayne.

Corn Board Executive Director Don Hutchens said persons interested in having their names placed on a candidacy list for gubernatorial appointment should file a petition with the Corn Board signed by 50 corn producers by Jan. 12.

Candidates must be at least 21 years old, derive a substantial portion of their income from growing corn, and have been actively engaged in growing corn in Nebraska for five years, Hutchens said.

To obtain a petition or for more information, call the Nebraska Corn Board at 1-800-632-6761.

The Nebraska Corn Board collects and disburses funds generated by the one-quarter of a cent per bushel checkoff on corn. The money is invested in programs of market development, research and education.
