Board members road plans

By Clara Osten
Of the Herald

Wayne County Commissioners discussed the one-way road improvement project during a discussion held at the regular meeting.

Glenn Mann, commissioner, discussed plans to install secondary exits in the courthouse. He explained to the commissioners that the building appeared to be sound and told them that a decision on the amount of money that should be spent on other exits should include discussion on the number of years the building would still be in service.

Mannes also discussed with the commissioners the two options available, including installing a stair lift or the installation of an elevator.

Boy Scouts troop awards

The Boy Scout troops and Explorer posts in Antelope, Cedar, Dixon, Knox, Madison, Pierce, Stanton and Wayne counties will participate in special ceremonies and award presentations designed to help the public better understand the aims and objectives of Scouting.

National activities include the Boy Scouts of America's annual "Report to the Nation," to be delivered in Washington, D.C. to members of Congress. Both adult and youth Scouting members will take part in several days of meetings with political and military dignitaries.

Our 86th birthday is an excellent time to celebrate both the tradition and the future of Scouting. For more than eight decades, Scouting has helped young people in this country prepare for their lives as adults. Scouting's goals and purposes form the guideline in which our youth meet today's challenges. The Boy Scouts originated in Great Britain in 1907. Two years later, William Boyce, a Chicago publisher traveling to London became lost in a London fog. A young boy offered to help and led him to his destination. When Boyce thanked the boy for his graciousness, the boy explained that as a Boy Scout it was his duty to help others and declined a tip.

Impressed with the boy's actions, Boyce met with Britain's Boy Scout founder, Robert Baden-Powell, and laid the groundwork to bring the Scouting program to the United States.

Henry, the persnickety food critic, always worked (ate) alone. But, when he supped at Riley's he discovered a place worthy to take his Mother

Henry knew his beloved mother was partial to finely prepared chicken dishes and copious amounts of fine wine. He knew her delicate sensibilities would be thrilled with the quality of the wine list at Riley's. He knew she would marvel at Riley's Chicken Marsala, a tender chicken breast sauteed with fresh mushrooms and onions and served beautifully on a cradle of linguine pasta with marinara sauce. He sent a note of compliment to Chef Terry at Riley's and asked that several bottles of their excellent Sonoma-Cutrer Chardonnay be set aside for Tuesday next, when he and Mumsie would be back.

The politics begin

Time to put on the gloves as we enter the arena of political la-land.

According to the Omaha World-Herald, Sen. Bob Kerrey said Monday that he has received no criticism from Democratic Party leaders, or the White House, for saying in a magazine interview that President Clinton was "an unusually good liar."

In case you missed it, Kerrey's comment was discussed on NBC's "Meet the Press" telecast last Sunday. His critical comment appeared in the January issue of Esquire.

The magazine article quoted Kerrey as saying "Clinton's an unusually good liar. Unusually good. Do you realize that?"

Then in a story written by David C. Becker, Kerry supposedly commented that he has "never met anyone who doesn't tell lies."

On Tuesday, the Omaha World-Herald editorialized saying it is curious as to why the national media did not pick up on the bickering between Kerrey and Clinton since the media had made considerable ado when William Safire called Mrs. Clinton a "congenital liar."

We Americans have a fantastic way of governing ourselves, and a freedom of speech that is the envy of the world. However, Sen. Kerrey's reported observation that he has never met anyone who doesn't tell lies may well disturb more than a few of his constituents.

Put the comment into perspective by measuring your feelings had such a statement been made by President Clinton, a local school teacher, minister, or city official.

Either Sen. Kerrey was: (1) having a bad day, (2) was misquoted, or (3) has never met a lot of his constituents out here in Northeast Nebraska.

For a leader to say he has never met anyone who doesn't tell lies implies he hobnobs in the wrong Washington crowd.

Senator, next time you're in town, perhaps we can convince you we are not all liars.

And that's the truth.

No such thing as a sure bet

By Melvin Paul
Statehouse Correspondent
The Nebraska Press Association

LINCOLN — Old Melvin has learned several lessons about gambling over the years.

One is, don't bet if you don't have the money. An old friend taught me that one after begging me to loan him \$100 to bet on football games. He gave me his double-barrel shotgun as collateral. I still have that shotgun.

Another lesson: there is no such thing as a sure bet. Everybody learned that one after all those bowl games involving Nebraska and Florida State.

But there's one bet that's almost a sure-winner, if you ask me.

That is that the Nebraska Legislature is not going to allow casino gambling in this state.

That's bad news for you folks that think it's crazy that you must drive to South Dakota or Iowa to roll some dice or pump a slot machine. But that's the way Mel sees it after the first roll of the gambling dice in the 1996 session.

An armada of well-paid lobbyists had more than a week to round up 25 votes to advance the proposal to allow a statewide vote on expanding legalized gambling but couldn't

saddle up a winner.

In fact, more votes were jumping off the gambling bandwagon than jumping on last week.

Things could change this week. Pro-gambling forces could scratch up 25 votes to keep Legislative Resolution 43 alive. However, that would still be far short of the 30 votes necessary to put the issue to a vote.

I just don't see that happening. Why?

Because the more people read about gambling, the less appealing it gets. And because pro-gambling forces are greedy and can't get along well enough to put together a decent coalition.

Robert Goodman, an East Coast author, came to the Legislature recently and told senators that casinos — in non-tourist destinations like Iowa — act like economic black holes, sucking up dollars that would have been spent otherwise on refrigerators, shoes, restaurant meals and car payments.

Yes, there would be some tax benefits from gambling, but Goodman said costs for welfare, crime and broken homes also rise.

Sen. Jan McKenzie of Harvard said she switched to a "no" vote on gambling after hearing several tales

of woe at a national conference of state legislators recently.

Sen. Jim Jensen of Omaha said he used to be pretty noncommittal about gambling until a friend told him he was broke and owed \$14,000 to a bookie. It nearly ruined the guy's life.

Sure, Omaha and some other border communities have a problem. Dollars are leaving their towns to casinos across the border.

But as Goodman asked, "If you fight fire with fire, don't you end up with a bigger fire?"

Nationwide, the momentum is turning against expanding gambling. You can feel that momentum turning in Lincoln, too.

The views expressed in Capitol News are those of the writer and not necessarily those of the Nebraska Press Association.

Hurry, move fast

Run, run, run!
Alarm! Out of bed! Everyone at the starting gate! We're off!

Hurry, hurry, hurry! Faster, faster, faster!
Everyone finished with bathroom duties and breakfast? Hurry! You'll be late for school!

Need to take Bobby to preschool and drop Betty off at the day school. Hurry!

Go dad, go! Go mother, go! Go child go!

Time is wasting, we've got to get a move on!

Did you call Harry about that noon lunch meeting? And cancel our dinner at Fudsbury's Friday!

Run to school, run to work, run to Scouts, church, clubs, lodges! Don't forget you've got music, lessons and vocal practice, baseball, football, basketball, get the groceries, put gas in the car, do the laundry, wash the dishes, mow the lawn, wash the car, and remember to vacuum, dust, sew and iron! Hurry! Run!

Did you call Gram last night? Is she taking Grandpa to the doctor today?

Did I get Auntie Mame a birthday card yet? Did anyone feed the cat and dog this morning?

Be sure to get the mail, dear, as our utility, rent, insurance, and telephone bills are all due!

No, I didn't have time to shine your shoes! Polly, that blouse doesn't match that skirt! Step on it or you're going to be late to choir!

You don't need the car today do you? I told Henry I'd drive the pool to work! Remember when I told you that Monday?

Does this scenario sound familiar?

Merlin Wright

Living on an endless racetrack?

Do we run so fast because we're afraid of having one minute without activity, or that we'll get bored? With kids, it's "Mom, there's nothin' to do!"

When was the last time your family all sat down together and had nothing to do? Obviously, if that happened, the first thing on the agenda would be to find something to do.

As you read this you know you only have a certain number of hours left on earth. But how to spend them? We spend money and we spend time. We're always running out of both.

You must even rush to finish reading this short essay because there are so many urgent jobs to finish before you turn out the light! Permanently!

Name of the game is running! Where are we all going in such a hurry? Pursuing happiness? Maybe.

Will our gravestones read: "Died in a hurry?"

Then what?

Don't know! Faster!

Warning: Know
The Signs of Stroke

American Heart Association

There's no such things as a stroke of luck. Strokes don't always occur suddenly. And even when they do, sometimes your

body has tried to warn you. So listen when your body tells you of the signs of stroke:

- Sudden weakness or numbness of the face, arm or leg on one side of the body.
- Sudden dimness or loss of vision, particularly in one eye.
- Loss of speech, or trouble talking or understanding speech.
- Sudden, severe headaches with no apparent cause.
- Unexplained dizziness, unsteadiness or sudden falls, especially along with any of the other four symptoms.

If any of these signs occur, don't wait. Call 911 or your emergency medical service immediately. If you can get to a hospital coronary care unit faster by car, have someone drive you.

There are four major kinds of stroke. The two most common are caused by clots or other materials that plug an artery supplying

blood to a part of the brain. Ruptured blood vessels cause the other two.

How quickly you respond to any of these types of stroke can determine whether it takes a few weeks to recover from or takes your life. Drugs can successfully slow or prevent blood clots from forming. Meanwhile, a surgical treatment can relieve severe blockage in the neck arteries restoring blood supply to the brain. And new rehabilitation procedures can help you adjust to any lost skills. But these methods won't matter if you don't get help fast. That's why it helps to know the warning signs of stroke.

During its annual American Heart Month campaign this February, the American Heart Association is promoting the importance of knowing stroke signs.

Call AHA at 1-800-AHA-USA1 for more information. Learning about the warning signs of stroke is safer than relying on luck. ©1992, American Heart Association

Balloons drop this Saturday

The merchants of Wayne had gotten together and devised a fun afternoon for Saturday afternoon shoppers. This year to kick off the Valentine Day shopping, a balloon drop will be held at three different locations at 12:30 p.m. this Saturday in Wayne.

Approximately 2,000 balloons will be released with money saving coupons attached. Each of the 18 participating stores will have 100 coupons attached to 100 balloons. It will be a big event and you don't want to miss it. And while you are here, do some valentine shopping for that special someone in your life. Remember it all takes place at 12:30 p.m. at three different locations: Wayne Herald building, corner of 6th and Main and Sav-Mor parking lot.

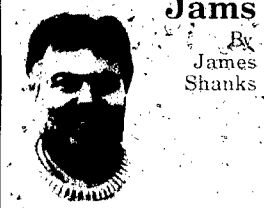

Thanks

Since I wrote my column last week, I have had a number of people make comments concerning the "criminal" that lives at my family's home. Most have been about the frequent sightings of Thomas on his nightly and morning walks around the neighborhood. I would like to say "thank you" for those who took the time to call me. Let-

ting me know where Thomas likes to roam at times is a big help. It will make my attempts at finding him a little easier when he fails to come home after 30 minutes or so.

I also had some people comment if I knew about the dog laws here in Wayne. Yes, I do. Believe me, Thomas doesn't run loose all the time, just 30 minutes to 1 hour a day for his "walks". A lot of times we're with him, but just a ways back. It's hard to keep a labrador penned up all the time and if he doesn't bother anyone I'll try to keep this routine up for him.

Thanks again for all of your comments. I look forward to hearing more about where he goes in the weeks to come.

Bears win in overtime

Laurel-Concord, Wakefield each win conference tournaments

By Korey Berg
Of the Herald

Travis Stingley put in the game-winning basket with one second left as Laurel-Concord defeated Coleridge 62-61 in overtime Tuesday night. The win was the twelfth in a row for the Bears, who improved to 15-2.

The game was close throughout, as Laurel held a 16-15 lead after one quarter, but Coleridge tied it at 28-28 at the half. The Bulldogs rallied to take a 47-42 lead after three quarters, but the Bears regained the lead in the fourth before Chris Graham scored at the buzzer for Coleridge to send the game into overtime.

Stingley paced the Bears with 20 points and 10 rebounds.

Scoring — R. Rasmussen 2, D. Peters 9, T. Erwin 10, K. Macklin 8, T. Stingley 20, R. Kvoles 5, V. Ward 8.

Tuesday's Other Games

Winside 60, Wynot 59

Winside (3-11) outlasted Wynot 60-59 in a nailbiter Tuesday night. The Wildcats jumped on top 17-6 in the first quarter, but the Blue Devils came back to cut the lead to 26-24 at halftime and took a 44-43 lead into the fourth quarter. With

six seconds left in the game, Wynot made a pair of free throws to take a 59-58 lead, but Jaimie Holdorf put back a missed shot by Chad O'Connor with two seconds left to give Winside a one-point lead. Mike Kollath pulled down the rebound on a missed Holdorf free throw to seal the victory.

"We jumped out to a nice lead early, leading by as much as 11 points in the first quarter," said Head Coach Jim Hoyt. "The second quarter really hurt us as it took us four minutes to score and by that time Wynot had tied the score. The score was back and forth down the stretch, but we were able to hold them off and score when we needed to."

Holdorf scored 16 points and handed out six assists, while O'Connor added 16 points and Greg Mundil recorded 10 rebounds.

Scoring — J. Holdorf 16, C. O'Connor 16, B. Shelton 12, G. Mundil 7.

Macy 67, Allen 51

Allen (0-15) played their best game of the year Tuesday night, but fell short of the first win, losing 67-51 to Macy. The Eagles fell behind 37-22 at halftime and trailed 50-32 after three quarters. Allen pulled within nine points with three minutes left, but Macy held them

15 points and 11 rebounds. Curt Woodin dished out 13 assists, only two shy of the Wayne State record.

Scoring — C. Philipp 12, C. Nelson 6, G. Ryan 10, M. Fitzner 13, T. Johnson 10, K. White 19, C. Woodin 9, J. Diaz 15, J. Malison 2, D. Anderson 2.

Wayne State hosts the Chargers of Briar Cliff on Saturday at 7:30 p.m. The 'Cats swept BC last season, winning 86-70 at home and 63-48 in Sioux City. Next Tuesday, WSC travels to Kearney where the Lopers will certainly be looking for revenge. On January 20, the Wildcats upset UNK with a 103-91 victory.

off for the victory.

The outsized Eagles forced 26 turnovers and got a huge performance from Michael Blohm. Blohm poured in 18 points, grabbed 13 rebounds, dished out six assists and had six steals.

"This was the best team effort we've had all year," said Head Coach Doug Schnack. "We worked hard the whole game. If we play that way on Friday, we'll beat Beemer. The Beemer game is our Super Bowl. Beemer is also winless and we match up very well. It should be an exciting game."

Scoring — M. Blohm 18, S. Williams 10, C. Prochaska 9, B. Smith 9, J. Stalbaum 3, J. Kumm 2.

Saturday's Games

Wakefield 72, Bancroft-Rosalie 71

Wakefield pounced on Bancroft-Rosalie in the first quarter, outscoring them 24-17, and held on for a 72-71 win in the championship game of the Lewis & Clark Conference tournament on Saturday. The Panthers cut the lead to 37-34 at halftime, but the Trojans held off Bancroft in the second half to win the title.

"We got a big lead in the first quarter," said Head Coach Brad Hoskins, "and I think we were lucky we had that lead because they slowly chipped away at it. I don't know if we relaxed or if they just got better, but our kids played hard. In the last five years, it was the best Lewis & Clark Conference final that I've seen. Usually both teams are so tired from the previous games that they have nothing left."

Justin Dutcher poured in 27 points and added seven rebounds and six assists, while Wes Blecke added 25 points and 20 rebounds to the winning effort.

Scoring — J. Dutcher 27, T. Nixon 9, M. Raschmuller 6, W. Blecke 25, T. Birkley 2, M. White 2, J. Snyder 1.

Elkhorn Valley 78, Wayne 52

Wayne (5-10) dropped a 78-52 decision to Elkhorn Valley on Saturday. The Falcons jumped out to a 17-8 first quarter lead, but Wayne battled back to tie the game at 26-26 at halftime. Elkhorn Valley outscored the Blue Devils 23-11 in the third and 29-15 in the fourth to blow the game open.

"We played well in the second quarter on both ends of the floor," said Head Coach Rocky Rubl. "Our defensive intensity in the second half hurt us." We allowed them to do what they wanted and they went on to score 52 points on us."

Paul Blomankamp led the Blue Devils with 18 points and nine

rebounds.

Scoring — P. Blomankamp 18, N. Vanbom 7, R. Junck 5, N. Hagnann 7, R. Dahl 8, J. Theede 7.

Friday's Game

Wakefield 55, Coleridge 48

Wakefield won the Clark Division crown and advanced to the Lewis & Clark Conference Finals by upending previously unbeaten Coleridge 55-48 on Friday.

The Trojans led 22-17 at the half and opened up their lead to 39-25 after three quarters. The Bulldogs tried to rally in the fourth, outscoring Wakefield 23-16, but the deficit was too great.

"We knew they were a good team and a talented team," said Head Coach Brad Hoskins, "but I think our schedule helped us. I think playing a tough schedule prepared us for playing another very tough team. We did a super job defensively for three quarters."

Justin Dutcher led Wakefield with 20. Tory Nixon added 16 for the winners.

Scoring — J. Dutcher 20, T. Nixon 16, M. Raschmuller 8, W. Blecke 6, T. Birkley 1, M. White 4.

Thursday's Games

Laurel-Concord 67, Crofton 63

Laurel-Concord avenged a season opening loss and won their second straight NENAC Conference championship with a 67-63 win over Crofton last Thursday.

The Bears, who lost 58-44 to Crofton on December 1, jumped out to a 21-7 first quarter lead. The Warriors tried to claw their way back into it, but the Bears managed to hold them off.

"We jumped out to a 21-7 lead, but Crofton closed the gap to five for six points several times," said Head Coach Clayton Steife. "The fourth quarter saw us up by 12 with six minutes to go, but Crofton closed to within four several times before their long three-pointer ended it at 67-63."

The Bears shot 72 percent from the field (23-32) and edged the Warriors in rebounds 25-20.

Rich Rasmussen led Laurel with 22 points and seven rebounds, while Kyle Macklin added 20 points and seven boards.

'Cats rally for overtime road win

By Korey Berg
Of the Herald

The Wayne State College men's basketball team (9-11) went on the road this past week and came away with a win on Saturday over Bemidji State, but lost to Southwest State on Wednesday.

Southwest State 88, Wayne State 80

Wayne State lost an 88-80 decision on the road at Southwest State Wednesday, snapping a three-game winning streak.

The Wildcats fell behind 17-8 and trailed most of the first half before knotting the score at 34-34 and taking a 45-43 lead at halftime. The 'Cats led for 14 and a half minutes of the second half before the Mustangs regained the lead. Southwest State held an 81-74 lead with just under one minute to play, when Kyle White tried to rally the 'Cats with a pair of three-pointers. The Mustangs held on by connecting on all six of their free throws down the stretch.

"There were two stretches in the game where we struggled offensively and didn't execute defensively," said Head Coach Greg McDermott. "Those two stretches cost us the game. For the most part we played well enough to win. Some guys didn't rise to the

occasion tonight like they have been doing the last three or four games. Kyle White and Chad Nelson played well offensively, but we didn't execute defensively at the end."

White nailed six three-pointers and led WSC with 18 points, while Nelson added 14 points and seven rebounds. Tyler Johnson added 11 points and Greg Ryan, Mike Fitzner and Jaimie Jones each scored eight.

Scoring — C. Philipp 4, C. Nelson 14, G. Ryan 8, M. Fitzner 8, T. Johnson 11, K. White 18, D. Anderson 7, C. Woodin 2, J. Jones 8. Rebounds — WSC 39 (Nelson, Anderson 7), SSU 33. Assists — WSC 19 (Woodin 6), SSU 21. Halftime — WSC 45, SSU 41.

Wayne State 100, Bemidji State 91 (OT)

The Wayne State Wildcats rallied from 12 points down at the half to post a 100-91 overtime road victory over Bemidji State on Saturday. The 'Cats trailed by as many as 15 in both halves, but took the lead with 7:30 left in regulation. The Beavers came back to knot the score at 82-82 at the end of regulation, but WSC scored on their first three possessions in overtime and went on to the nine point win.

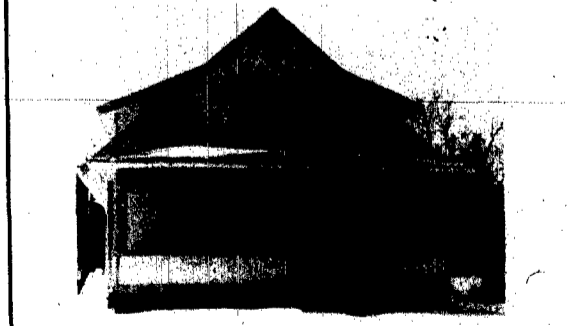

The Wildcats continued their hot shooting streak. After setting a new school record with 16 three-pointers in their last game

against Northern State, the 'Cats drained 14 three-pointers against the Beavers. Wayne State shot 52 percent from the field, including 50 percent from three-point land. The 'Cats also outbounded the Beavers 48-29 and broke the 100-point barrier for the third time this season.

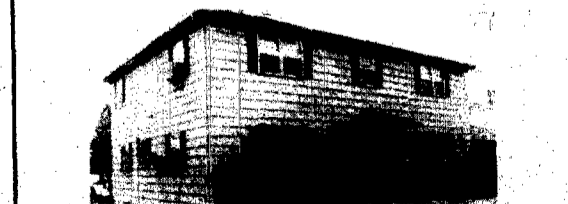

"It was nice to get a road win," said Head Coach Greg McDermott. "We had won on a neutral floor once this year, but this was our first victory on an opponent's home floor. I wasn't pleased with our defensive effort in the first half that allowed them to race to a 15 point lead, but I thought we executed a trapping zone defense in the second half that was probably the difference in the game. Combine with that zone some great three-point shooting in the second half from Kyle White and Mike Fitzner and we were able to get back in it and then execute in overtime to pull out a victory."

White hit five of seven three-pointers to lead the 'Cats with 19 points, while Fitzner hit three of five from behind the arc to finish with 13. Jason Diaz was three for three from three-point land and had

"Overall, it was our most complete game of the season," said Head Coach Lisa Schroeder. "I was very pleased with our defensive intensity throughout the game. Everyone played within their roles and this resulted in a total team effort."

Wayne's Katie Lutt and Heidi Johnson try to trap an Elkhorn Valley player during Saturday's game against the Falcons.

WSC women suffer pair of setbacks

By Corey Berg
 Of the Herald

The Wayne State women's basketball team went on the road this past week and came home with a pair of losses against two tough Northern Sun Conference opponents.

Southwest State 87, Wayne State 59

Wayne State came into Marshall, Minnesota Wednesday night and were rudely greeted by the Southwest State Mustangs, who handed them an 87-59 loss.

The Wildcats shot only 27 percent from the floor in the first half and trailed 48-27 at the intermission. It didn't get much better in the second half as the 'Cats shot just 29 percent and were outscored 39-32. For the game, Southwest State held a 59-46 rebounding advantage.

"Southwest State's intensity was the big difference in the game," said Head Coach Mike Barry. "They took us out of our half-court offense with their aggressive defense and they beat us down the floor on just about every possession of the first half."

Freshman Carla Schultz scored 10 points and had seven rebounds, while classmate Megan Pilakowski

added nine points and nine rebounds. Juniors Amy Brodersen and Mindi Jensen each scored eight points.

Scoring — A. Brodersen 8, M. Jensen 8, S. Osborn 2, M. Stewart 2, L. Weeks 4, C. Schultz 10, M. Pilakowski 9, J. Thompson 6, L. Zeimetz 4, K. McLary 3, S. Sjua 3.

Rebounds — WSC 46 (Pilakowski 9), SSU 59

Assists — WSC 12 (Brodersen 3), SSU 27

Halftime — SSU 48, WSC 27

Bemidji State 94, Wayne State 65

Wayne State came up on the short end of a 94-65 decision on the road against Bemidji State Saturday. The 'Cats trailed 40-34 at the half, but the Beavers shot well in the second half. BSU scored 54 points in the second half and shot 59 percent, including 62 percent from beyond the three-point arc. The Wildcats dipped to 37 percent shooting after halftime and made just one of five three-pointers.

"We came out in the second half and there were eight straight possessions that they didn't score and we didn't score," said Assistant Coach Jeff Goldstein. "We made steals and didn't convert on them, so we didn't take advantage of some

opportunities early in the second half to get us in the game. After that, I think our defense just broke down. We lost a little bit of emotion and we didn't switch out of some picks and they got some good open looks. At this level if you get good open looks, usually you're going to put it down. They did a good job of taking advantage of that."

Amy Brodersen led the 'Cats with 18 points and three steals, while Carla Schultz came off the bench to score 15 points and grab six rebounds.

Scoring — A. Brodersen 18, M. Jensen 4, S. Osborn 2, J. Heine 2, L. Weeks 9, J. Thompson 5, K. McLary 6, C. Schultz 15, M. Pilakowski 4

Rebounds — WSC 37 (Schultz, Pilakowski 6), BSU 39

Assists — WSC 13 (Stewart 4), BSU 26

Halftime — BSU 40, WSC 34

WSC host Briar Cliff College on Saturday at 5:30 p.m. The Wildcats beat the Chargers twice last season, winning 86-57 at home and 63-61 in Sioux City. In the game at Briar Cliff, Amy Brodersen scored a career-high 37 points. Next Tuesday, the 'Cats visit Nebraska-Kearney. WSC dealt the Lopers a 78-69 loss on January 20.

Cruickshank. "It was our best game in terms of effort since the Wayne game. Defensively, we played with tremendous intensity and overall we competed very well. Give credit to Tonya Kneifl (27 points for Newcastle). She stepped up and made some tough shots in the fourth quarter. She's an outstanding athlete and a hard nosed competitor. Win or lose, if we give this kind of effort the rest of the year, our girls can be proud of their team."

Monday's Game

Laurel-Concord 51, Wisner-Pilger 50

Laurel-Concord (15-3) rebounded from Thursday's loss to Randolph to squeak past Wisner-Pilger 51-50 Monday night. The Lady Gators had 18 steals and forced Laurel into 24 turnovers, but the Lady Bears dominated the boards 44-21.

Wisner led 10-9 after one quarter and 28-22 at the half. Laurel rallied to tie the score at 38-38 after three quarters. Sarah Enters free throw with nine seconds left in the game gave the Lady Bears a three point lead before a Wisner basket at the buzzer narrowed the final margin to one point.

Wisner is a well coached team and came ready to play," said Head Coach Rick Petri. "Although we trailed for much of the game, the girls continued to work hard and it eventually paid off with a victory. As we approach sub-district play, we need to work on taking care of the basketball."

Alissa Krie led Laurel with 20 points, while Becky Schroeder added 17 points; eight rebounds, two steals and three blocked shots.

Scoring — A. Krie 20, B. Schroeder 17, S. Ehlers 8, C. Mohr 4, M. Adkins 2.

Saturday's Game

Elkhorn Valley 44, Wayne 39

Wayne lost a 44-39 decision to Elkhorn Valley on Saturday. The Blue Devils led 14-6 after one quarter and 24-17 at the half, but Elkhorn Valley cut the lead to 33-28 after three quarters and outscored Wayne 16-6 in the fourth.

"The ladies played a pretty good game," said Head Coach Roger Reikofski. "Our defensive and offensive execution was as good or better than it has been all year. We just didn't get our shots to fall, and they were mostly open shots."

Katie Lutt led the Devils with 12 points, 15 rebounds, four assists and three steals.

Scoring — K. Lutt 12, M. Linster 6, C. Langenfeld 5, G. Olson 4, E. Stoltenberg 4, H. Johnson 3, A. Wiseman 2, L. Bebec 2, M. Weber.

Thursday's Game

Randolph 39, Laurel-Concord 35

Laurel-Concord lost to Randolph 39-35 in the championship game of the NENAC Conference tournament on Thursday. It was the second time this season that the Cardinals had knocked off the Lady Bears.

Laurel led the contest 16-14 after one quarter, but Randolph tied the game 18-18 after a defensive second quarter. The Lady Bears took a 32-29 lead into the fourth, but scored only three points in the final period as Randolph came away with the win. Heather Scott and Kristy Dominisse each nailed a pair of free throws in the final two minutes to seal the victory for the Cardinals.

"It was an exciting contest," said

The Trojans fell behind 17-11 after one quarter, but a 28-point outburst in the second gave them a 39-34 lead at the half. Wakefield outscored the Vikings 8-7 in the third and 18-14 in the fourth to advance to the Clark Division Finals.

"It was a really pleasing win because they really stuck it to us

earlier this year in Wakefield (67-53)," said Head Coach Brad Hoskins. "Our kids didn't want that to happen again. We came out with a really balanced attack and the 28 point second quarter set the tone for the rest of the ballgame."

Dalton, Senn eclipse WSC mile record

Wayne State junior Kathy Dalton and freshman Stefanie Senn took the top two places in the mile at the University of South Dakota Invitational track meet on Saturday. They were clocked in 5:21.6 and 5:23.5 respectively, smashing the existing school record by nearly eight seconds. The old record was 5:29.2, set by Dalton last year.

"Both ran really smart races," said Head Coach Brian Kavanaugh. "They settled into the lead pack until the final 400 meters, then took off. Stef is more of a strength runner, so she couldn't quite keep up with Kathy on the final lap. Still, it wouldn't surprise me if both run 5:10 outdoors."

This also was a personal best for Stefanie, whose previous best of 5:23 for 1600 meters (about 32 feet less than a mile) outdoors was from three years ago.

Also taking first place was freshman Dan Peed in the shot put, throwing a personal best of 49-7 1/2."

"My best throws felt really easy," said Peed. "That's how they should feel," noted throws coach Carter Bull. "I think he's ready to pop one next week."

Getting into the (golf) swing of things

As the temperature begins to climb, now with spring approaching, golfers will be asking "when does the course open and when can we play?"

Unfortunately, as spirits rise in the anticipation of golf activity, so does the possibility of damage to turf if traffic is allowed too early in the season.

It has been the policy in past years at Wayne Country Club and at most other golf courses to restrict play in the spring until the golf course is officially open. This year is no different and the same policy applies.

Why do golf courses restrict winter/spring play?

1. Direct wear injury - thinning of turf - Winter hails turf growth. Grass is continually thinned throughout the winter in direct proportion to traffic. Results: Encourages establishment of weeds during spring and summer.
2. Soil compaction - Saturated soil conditions can persist for weeks or longer due to cold winter temperatures. Wet soils are easily prone to compaction, especially during spring thawing. Results: Collapses good soil structures which limits drainage and root growth during the summer, weakens turf, encourages weeds, facilitates wilt during periods of heat stress and creates susceptibility to diseases.
3. Future playability - Greens are slower to develop in the spring. Footprinting is often a problem. Reduced health of turf makes the close cutting of greens and intense grooming desired by golfers difficult or impossible.

The weather conditions in the summer of 1995 were the most brutal in the last 40 years, causing the greens to experience the loss of turf and put them in a weakened condition going into the winter, another period of stress.

We would therefore ask everyone from this point on until the course is officially opened to respect our decision to keep the golf course closed to all traffic. We will do our utmost to open the course just as soon as conditions warrant allowing traffic.

Understanding medications

Some older persons tend to make use of more medications as they age due, naturally, to increased medical problems. However, it is important that they understand some of the risks of taking more than they need. They may be particularly prone to risks involving over-the-counter medications.

Prescription medications, which are written by a doctor and dispensed by a pharmacist, are potent. They are usually for the treatment of a specific medical problem, and are more powerful than over-the-counter medications. They have more side effects than over-the-counter medications and some can be habit-forming or unsafe.

Over-the-counter medications can be bought without a prescription and are intended for relief of minor ailments. Because they are less powerful than prescription medications, we usually consider them safe to use. However, they can be dangerous if misused.

The problem comes in if they are used in large quantities. While the ingredients are of less strength than prescription medications, they could be very powerful if taken in large quantity. We need to keep in mind, also, that some medications once available only by prescription are now available as over-the-

counter medications.

Laxatives are an example of a medication that older people sometimes misuse. A tendency for the functioning of the body to slow down somewhat with age sometimes leads them to take more laxatives. They need to understand that over-use of laxatives can interfere with the body's natural functioning to the extent that the body loses its ability to perform normal bowel movements. This can lead the person to try an even greater dose of laxatives and the cycle just becomes worse.

Antacids are taken by many older persons. They need to understand that antacids add considerable magnesium and sodium to their diet. Excess magnesium can lead to toxicity in a person with kidney problems as it cannot be flushed out of the system quickly enough. And a person on a low sodium diet does not need the additional sodium that comes from antacids.

Some pain relievers tend to cause gastrointestinal distress and this can actually lead to blood loss which in return can lead to anemia. They may also cause a loss of vitamin C.

Another very serious problem associated with over-the-counter medications is that they may inter-

fer with the action of other medications. A prescription may not be as effective. Or in some cases they may actually make the prescription medication stronger, which would lead to other problems.

Over-the-counter medications can also mask the symptoms of a disease, so that the person does not get the medical help they need. An example would be taking antacids over a long period of time for an upset stomach, which may cover the warning signals of an ulcer.

What to do about temper tantrums

Q. My 3-year-old daughter, Nancy, plays unpleasant games with me in grocery stores. She runs when I call her and makes demands for candy and gum. When I refuse, she throws the most embarrassing temper tantrums. What should I do?

A. If there are sanctuaries where the usual rules and restrictions do not apply, then your children will behave differently in those protected zones than elsewhere. I would suggest that you have a talk with Nancy on the next trip to the market. Tell her exactly what you expect, and make it clear that you mean business. She'll get the message.

As a way of example, let me tell you about a 10-year-old boy named Robert, who was a patient of my good friend Dr. William Slonecker. Dr. Slonecker said his pediatric staff dreaded the days when Robert was scheduled for an office visit. He literally attacked the clinic, grabbing instruments and files and telephones. His passive mother could do little more than shake her head in bewilderment.

During one physical examination, Dr. Slonecker observed severe cavities in Robert's teeth and knew that the boy must be referred to a local dentist. But who would be given the honor? A referral like Robert could mean the end of a professional friendship. Dr. Slonecker eventually decided to send him to an older dentist who reportedly understood children.

Robert arrived in the dentist's office, prepared for battle.

"Get into the chair, young man," said the doctor.

"No chance!" replied the boy.

"Son, I told you to climb into the chair, and that's what I intend for you to do," said the dentist.

Robert stared at his opponent for a moment and then replied, "If you make me get in that chair, I will take off all my clothes."

The dentist calmly said, "Son, take them off."

The boy removed his shirt, undershirt, shoes and socks, and then looked up in defiance.

"All right, son," said the dentist. "Now, get in the chair."

Dr. Dobson

Answers Your Questions

"You didn't hear me," sputtered Robert. "I said if you make me get in that chair, I will take off all my clothes."

"Son, take them off," replied the man.

Robert proceeded to remove his pants and shorts, finally standing totally naked before the dentist and his assistant.

"Now, son, get into the chair," said the doctor.

Robert did as he was told, and sat cooperatively through the entire procedure. When the cavities were drilled and filled, he was instructed to step down from the chair.

"Give me my clothes now," said the boy.

"I'm sorry," replied the dentist. "Tell your mother that we're going to keep your clothes tonight. She can pick them up tomorrow."

Can you comprehend the shock Robert's mother received when the door to the waiting room opened, and there stood her son, naked as the day he was born? The room was filled with patients, but Robert and his mom walked past them and into the hall. They went down a public elevator and into the parking lot, ignoring the snickers of onlookers.

The next day, Robert's mother returned to retrieve his clothes, and she asked to have a word with the dentist. However, she did not come to protest. These were her sentiments: "You don't know how much I appreciate what happened here yesterday. You see, Robert has been blackmailing me about his clothes for years. Whenever we are in a public place, such as a grocery store, he makes unreasonable demands of me. If I don't immediately buy him what he wants, he threatens to take off all his clothes. You are the first person who has called his bluff, Doctor, and the impact on Robert has been incredible!"

The sheep on the Dan Sukup farm recently got their wool sheared. In the photo above, Dave Olson of Bloomfield shears one of Sukup's ewes. After the wool is sheared, Connie Sukup places it in a large sack (bottom left photo). In the bottom right photo, Jeff Sukup climbs into the back of wool to pack it down. Sheep are generally sheared once a year.

Beef Council plans meeting

A Nebraska Beef Council Board of Director Meeting has been scheduled for Friday, Feb. 16 at the Nebraska Beef Council office in Kearney. The meeting will begin at 8 a.m. and adjourn at noon that same day.

The directors will set priorities, goals and objectives for fiscal year 1996-97 along with preliminary budget guidelines for specific program areas.

The Nebraska Beef Council is a nonprofit organization served by a nine-member board of directors. These voluntary directors oversee Nebraska's beef checkoff and checkoff funded programs. Programs for marketing and promotion of beef are funded by the beef \$1 checkoff.

Flying in January causes Florida friend problems

Thankfully, the temperature is going up. These cold days are not my idea of winter fun.

Remember Marlyce, the friend from Orlando? She arrived in Omaha the night of the -50° wind-chill, and ended up at our house. Her brother got here the next evening, and she's been in Nebraska through all of the snow and cold. She finally scheduled her departure for Friday morning, the 2nd.

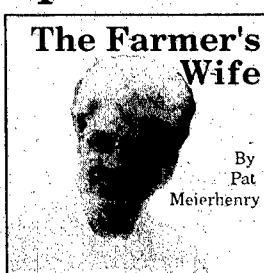

She was flying Air Tran, the economy airline based in Orlando, doing daily direct flights from Omaha, Kansas City and other Midwest spots. It's the way we went in May, and we were more than satisfied.

Wouldn't you know, there was a record-setting low on Thursday night? But visibility was good, and they got her to the airport in plenty of time. I remember saying a prayer for her safety about 8:30 a.m., as I drove to Auburn in the cold.

On Saturday's 5 p.m. news, the cameras were once again at Eppley. Lots of unhappy people standing around. The reporter told of an Air Tran plane, leaving Omaha at 8 a.m. on Friday, that had been forced to turn back with mechanical problems. It was still there!

I immediately dialed my friend's Florida number, and got the answering machine. One hour later, she called. She had just arrived at her home.

Guess what the mechanical problem was. An oil leak, resulting in no hydraulic power. Sounds familiar. The fellow sitting next to her had done clean-up in Sioux

City. Together, they gazed at the snow-covered Iowa corn fields, and thought about the crash of the 727. The pilot was able to turn around and land.

She spent the rest of Friday at the airport, then to the Days Inn for the night. On Saturday, still no repair. Other flights averaged \$600. They finally put her on an American Express to K.C. for \$100, where she caught another Air Tran to Orlando.

In spite of these problems, I'm planning another little jaunt by plane. This time, to the Mall of America, with Sue.

When she called a travel agent about prices, quotes were for Lincoln and Omaha. Sue asked her to check for Norfolk. Puzzled, the agent asked, "Norfolk, Virginia?" "No, Norfolk, Nebraska," she replied. The agent responded by asking if there was an airport at Norfolk, Nebraska! Anyway, the best price was from Norfolk. Karl Stefan would have been proud.

COMBINATION KIDS 4-H CLUB

The Combination Kids 4-H Club met Jan. 22 at the Dick Nolte home.

New officers elected were Kim Nolte-president; Wendy Spahr-vice-president; Jill Fleer-secretary; Kaleena Spahr-treasurer; Anne Temme-news reporter and Traci Nolte-pledge leader.

New members this year are Jennifer Nolte, Josh Ruwe and John Temme.

Members filled out enrollment forms and watched demonstrations by Kim and Danny Nolte.

The club's goals are to make tray favors for the care center or the hospital for March/St. Patrick's Day and to clean roadsides in May.

A committee was appointed to check on a video from the extension office about cheating at livestock shows by drugging animals. The committee will also be in charge of inviting other clubs and finding a spot to view the video. The committee will start the calling tree to inform members of the date and time.

A meeting will be held before or after the video. Members of the Combination Kids Club will bring \$1.00 for dues.

Tree program offered

Each year the Lower Elkhorn Natural Resources District makes available low cost tree and shrub seedlings to landowners through their conservation tree sales program.

The state of Nebraska has a long history of encouraging landowners to plant trees by offering real estate tax relief through exemptions on forested acres. Other programs such as the Timber Culture Act of 1873 provided additional land for settlers that planted trees. However, our present-day Conservation Tree Program has its roots in the Clarke-McNary Act.

The Federal government, in an effort to encourage tree planting for conservation purposes, passed into law the Clarke-McNary Act of 1924. The Clarke-McNary Act allowed states to sell tree seedlings and seeds for conservation purposes and directly reimbursed states up to 50 percent of their losses for operating a conservation tree program. Although the Federal Government repealed the Clarke-McNary Act in 1978, Nebraska, like many other states, continues to provide low cost tree and shrub seedlings for conservation practices through their conservation Tree Program.

Last year the Lower Elkhorn NRD sold more than 146,000 tree and shrub seedlings to nearly 1,000 landowners throughout the district for conservation purposes; we hope to exceed that number this year. Some changes in the Lower Elkhorn NRD's conservation tree program that potential buyers should be aware of include: •The addition of new tree and shrub species, including Eastern white pine, concolor fir, swamp white oak, Harbin pear, Manchurian apricot, gray dogwood, and Juneberry. These species have been field tested by Natural Resources Conservation Service and each has been approved for use in Nebraska. •The price of seedlings has been increased to \$44.00/100 seedlings. This increase was necessary to cover increased charges by the Nebraska Forest Service. •The minimum planting charge for machine planting has been raised from \$50.00 to \$75.00. While this is a fairly large increase this is the first increase that the NRD has granted its contractors in more than five years. •The addition of 3' by 3' tree mats. These mats, which are made of the same material as the water conservation mulch (weed barrier), will provide excellent weed control around the base of each seedling. The mats are available in lots of 25 (including staples) for the cost of \$20.00. These mats were popular last year in limited testing and we have decided to make them a regular part of our tree program.

Lower Elkhorn NRD Forester, John DuPlissis, says "The conservation tree program is an important part of the Lower Elkhorn NRD's commitment to the conservation and wise use of our natural resources. However, for our efforts to be successful we need landowners who are willing to plant trees to benefit both this generation and those yet to come." DuPlissis added, "Plant a tree, if not for yourself then for your children. Our parents and grandparents did it for us. Just take a look around and see."

For more information on the Lower Elkhorn NRD's conservation tree program or if you need assistance with designing a conservation tree planting project, stop by our office or contact your county NRCS office. Make it a point to stop in today.
