A pickup collided with a grain cart Tuesday morning south of Wayne. The accident occurred approximately one and one-half miles south of Wayne on Highway 15 and involved a pickup driven by Robert L. Maise of Pender and a tractor and grain cart owned by Duane Lutt and being driven by Randy Rubendall of Wayne. The Wayne Fire and Rescue teams used the Jaws of Life to free Maise from the pickup. They were aided by the Winside Jaws of Life. Maise was transported to Providence Medical Center for treatment of his injuries. He was wearing a seat belt.

## Japanese student learning Nebraska ways

by Clara Osten  
Of the Herald

"I want to learn more English while I am in America so please speak to me!" is the request of 17-year old Emi Otsuka, a Japanese student spending the year in the Wayne area.

Emi is being sponsored by Rotary International and is currently staying with Kent and Cathy Blaser and their daughters Rachel and Caitlin on an acreage south of Wayne.

The adjustment to rural America has been made somewhat easier for Emi because Rachel spent the 1995-96 school in Tokyo, Japan and the two girls are able to communicate with each other.

"Emi's English is improving every day and with the help of her dictionary, we are able to communicate relatively well," Cathy said.

Emi's family includes her parents and an older sister and a younger brother. Her father is employed as the president of a company that makes car seats.

She has known since last winter that she would be coming to the United States and found out in May that she would be coming to Wayne.

Her hometown, Hikone, has a population of approximately 100,000 people and attracts a large number of tourists because of castle and a lake in the middle city.

The Blasers were able to visit Japan last spring when Rachel was there. They toured Hikone but were unable to visit Emi's family.

Emi is taking Keyboarding, Biology, Choir, German, Art, Junior English, Government and Pre-Calculus at Wayne High, which is considerably different from her class load in Japan.

"In Japan, the high schools are run much more like our colleges because students go to certain classes on one day and different classes the next," Rachel said.

"In Japan I had four finds of Math, Classic Japanese, Japanese, World History, Japanese History, Japanese Government, Biology, Physics, two kinds of English, Sports, Health, Home Economics, Chemistry, Art and Geography," Emi said.

"We had more time between classes also. We go to school from 8:30 a.m. to 3:50 p.m. and have school on Saturday mornings also," she added.

The English that Emi learned in Japan is for reading and writing, not for speaking, which is why she encourages people to talk to her while she is here.

Emi likes her Math classes here and added that computers are not

used in schools in Japan, but are available in businesses.

In her spare time, Emi enjoys playing the piano and is involved with the Drama Club at Wayne High. She also plays tennis.

American influence is very evident in Japan. One of the most popular items is used American clothes. Rachel said that while she was in Japan, she saw someone wearing a David City, Neb. shirt.

A number of American fast food establishments are also available in Japan, although the Blasers said that food is very expensive in Japan.

Japanese also watch American movies and Emi said she enjoys watching variety shows on television.

Emi said she does not have a favorite American food, but does like

## General election could produce top voter turnouts

By Kevin Peterson  
Of the Herald

Next Tuesday's general election could produce some top notch numbers in the way of voter turnout in Wayne County.

Wayne County Clerk Deb Finn said a lot of different issues have people interested in voting which could lead to a high percentage turnout. "There are a lot of people talking about the senate race between Ben Nelson and Chuck Hagel and of course there is a lot of talk on the initiatives and referendums on the ballot," Finn said.

As if that weren't enough, voters in the county will decide upon a fire station bond issue in Winside, a school bond issue in Wakefield and the city council race in Wayne.

Finn said based on absentee ballots being sought, the percentage of voter turnout in Wayne County could be as high as the 1992 presidential race on the ballot which brought out 71 percent of the registered voters in the county.

"There are 5,844 registered voters in the county," Finn said. "If we got 70-plus percent of those to vote that would be outstanding."

The city council race in Wayne has three spots to be filled with two of the three incumbents running including Doug Sturm in Ward One and Jane O'Leary in Ward Four. Sturm will be running against Nic Sieler while O'Leary faces Pat Arneson.

There will be one new face on the council for sure as Ward Three incumbent Ralph Barclay decided not to re-run. The ballot has Galen Wisner and Robert Stanley's name on it but Wisner has made it public that he no longer wishes to be considered for the position.

However, should Wisner receive more votes than Stanley he would have to resign from the post and the council would have to appoint someone to fill the term rather than take the person who finishes runner-up in the voting.

Darrel Fuelberth is running unopposed in Ward Two on the city council ballot.

The airport authority position will be between Bob Sheckler and Mitchell Nissen. The school bond in Wakefield is for \$2.795 million and the Winside fire station bond is for \$150,000.

The voting polls will open at 8 a.m. and close at 8 p.m. The 14 polling places in the county and the place to vote is as follows: First Ward—Villa Wayne; Second Ward—National Guard Armory; Third Ward—Methodist Church Fellowship Hall; Fourth Ward—Wayne City Auditorium.

Brenna/Plum Creek—School District #57; Chapin—Winside Village Auditorium; Deer Creek/Sherman—Carroll Village Auditorium; Hancock—Winside Village Auditorium; Hoskins/Gardfield—Hoskins Fire Hall.

Hunter—National Guard Armory; Leslie—School District #25; Logan—Education Service Unit #1; Strahan/Wilbur—School District #51; Winside—Winside Village Auditorium.

## Fashion store opens

The Wardrobe, a women's fashion store targeting junior and missy females from junior high age and beyond, "the young at heart," will open its doors with a ribbon cutting ceremony at 10 a.m. on Friday.

The Wayne Area Chamber of Commerce and the Wayne Ambassadors will assist in the ribbon cutting and grand opening ceremony.

The Wardrobe partially fulfills a dream of Marie Kocheffash and Sonja Hunke to fill the vacant store fronts of downtown Wayne and to help the retail community become more viable and diverse.

"It is our hope that The Wardrobe can be the impetus to reverse the tide of closing businesses and that we can once again make downtown Wayne a fun place to shop and be able to provide a vari-

ety of businesses to satisfy the buying public's needs," Ms. Kocheffash said.

"Small town shopping offers an alternative to city malls—convenience, friendly service, safe environments, but we as a business community must be more aggressive in providing the businesses and merchandise selection that will keep more people at home.

Ms. Hunke, a Wayne State College fashion merchandising graduate, says The Wardrobe is a casual sportswear store featuring brand names such as Karavan, Z. Cavarrici, Union Bay, Liz Authentics, Lawman, Focus 2000, Babesball and others.

"We want to provide for our customers a fun atmosphere with

## Council approves bid for generator work

By Clara Osten  
Of the Herald

The Wayne City Council approved the bid for the electrical portion of the mechanical and electrical phase of the power plant expansion project at Tuesday's council meeting.

A bid of \$424,400 was received from the H.K. Scholz firm for the work to be done. This figure was under the engineer's estimate.

The council, however, did not award a bid for the mechanical phase of the project.

A bid that had been submitted by Professional Engine Service was not signed and did not have a performance bond so was therefore not responsive to the bid requirements.

The council did authorize City

Administrator Joe Salitros and Electrical Supervisor Gene Hansen to negotiate an agreement with Midstates Erectors, Inc., a firm that had expressed interest in the project but was unable to meet the time frame set forth in the bid.

The council passed a resolution allowing for a use by exception for DJR Rentals to convert a single-family dwelling to a two-family dwelling at 110 Pearl Street.

## Accident claims lives

A Hoskins woman and her daughter were killed and a man critically injured in a two-vehicle accident Saturday near Dixon.

Karen Tiedtke, 42 and her daughter Cindy Faith, 14, died in the accident at the intersection of Nebraska Highway 16 and U.S. Highway 20, four miles north of Dixon.

Neither was wearing seat belts. The women were riding in a small pickup driven by Warren Tiedtke of rural Hoskins when it collided with another truck at about 5:30 p.m.

The truck, driven by Wayne Lunz, 42 of rural Dixon, apparently turned into the path of Tiedtke's vehicle.

Tiedtke was transported to Marian Health Center in Sioux City, Iowa where he was listed in critical condition.

Lunz was treated and released.

## Who are you going to vote for?

sandwiches. She also likes Mexican food.

Through the Rotary program, Emi will move to another Rotarian home in December. She will stay in the United States for one year, spending several weeks next summer touring the country.

When she returns to Japan, Emi will have one and one-half years of school left.

"I don't like the cold and the flies

here but I am enjoying my stay," she said.

The region where Hikone is located is more damp than Nebraska, but "not as windy."

Emi's high school in Hikone had approximately 1,200 students in grades 10-12. Many students in Japan attend private schools, some of which are quite expensive. Students must pass exams to get into the school of their choice.

Farming in Japan is different than in Nebraska.

"For the most part, farming consists mostly of rice, soybeans and large scale gardening," Kent said.

Emi has been able to visit Norfolk, Omaha and Lincoln with the Blaser family and will continue to improve her communication skills during the remainder of her stay in Wayne, America.

**Council**

(continued from page 1A)

League Association of Kick Management presented a proposal to the council concerning insurance coverage for the city and city employees. Vuchetich represents Unico Insurance, a 15-member group of cities which are involved in an agreement to purchase insurance.

The council rescinded its former approval of the Gary Donner First Addition Preliminary and Final Plats and gave unanimous approval of a broader addition.

Donner had come before the council in 1994 with plans for developing an area west of Oak Drive. Since that time, more property has become available and Donner is now requesting the conditional approval of the Gary Donner Addition.

Council also waived the three readings and gave final approval to an ordinance which will remove a stop sign on East 10th Street and Lila Lane and place a stop sign on Pine Heights Road at 10th Street.

The move was made to improve safety at the intersection and improve the flow of traffic on that street.

Mayor Sheryl Lindau congratulated Council person Jane O'Leary

### Is it worth it?

Remodeling plans including the installation of a new elevator at the Wayne County Courthouse have reached a semifinal stage. A tentative proposal outlining floor plans and repositioning of offices is now ready for submitting to the State Fire Marshall's office for approval. Result: most offices will have less working floor space.

All interior wood, the giant roof rafters, window frames, doors, floors, and stairways are approximately 100-years old. When a new courthouse was voted on in May 1984, taxpayers turned down the \$1.3 million bond issue (spread over 15 years with a \$170,000 annual payment) requiring a levy of 6.5 cents per \$100 of tax base. Thousands of dollars were spent later remodeling offices which, due to increasing work loads, continue providing inadequate space. Now, the new elevator will occupy even more of the coveted space.

A more important concern remains: the old building's potential of being a fire trap. An exterior fire escape, accessible through the upstairs district court room, was installed June 1985 at a cost of \$15,200.

There is no fire-extinguishing sprinkler system, and no smoke detectors in the offices of clerk, treasurer, county court, clerk of district court, judge, jury room, veteran's service, county superintendent or county extension. None.

Four smoke detectors guard the district court room, two in the upstairs hallway, two on the first floor and two in the basement. Officials close all office doors and lock them overnight.

A wing short or blaze in an office would be well underway before the smoke would drift through doorway cracks into the vicinity of a smoke detector. And with no one in the building overnight, who would hear the detector anyway? There is no automatic fire alarm, such as other institutions have, which would notify the police. Would all irreplaceable records be in vaults? The computers and backup data would without doubt be trashed.

Another problem: accessibility for the handicapped. The "lift" installed in September 1990 at a cost of \$15,000 carries a person to the first floor, or to the basement level. If you're going to the district court upstairs, friends must carry your wheelchair up and down.

Let's say you're halfway through court when nerves give you need to use a restroom. Your friends must carry you downstairs to the lift, help you on, and then you ride to the basement. Your friends must then help you back up four flights of stairs to the courtroom.

For this reason the elevator is being installed at an approximate cost of \$194,000. But imagine yourself being in a wheelchair in the courtroom when a fire envelopes the stairwell. You have two options: (1) try to get to the elevator (good luck when frightened people are all wanting out) and (2) hope your friends can get enough people out of the way to carry you down the exterior fire escape.

A question: how long will county taxpayers want to continue spending hundreds of thousands of dollars remodeling a century-old partially-wood building trying to meet increasing Federal mandates, and trying to establish a realistic safety net for county employees? Looking back to 1984, the \$1.3 mil bond issue looks like a bargain.

Commissioners aren't to blame. It was the voters who said "no" in '84.

Perhaps as 1997 looms on the horizon we may want to review the way we're spending our tax monies.

Are we going to ask the next generation to do what we have thus far failed to do?

## Oh, those ghostly thoughts of ours!

Pretend your mind is a jug you fill daily. What thoughts would it contain?

We're fortunate our brains aren't transparent! Could be embarrassing.

Like a police officer who might like to describe your erratic driving to you!

Or having a neighbor admiring the scene the night you didn't pull the curtains.

Would you like to know what

your shoe clerk is thinking? After you've tried on a dozen styles, perhaps your clerk's ghoulish thinking is "O.K., pumpkin head, buy something! Was there no lifeguard at your gene pool?"

Do florists worry? Errors could be catastrophic! Some corsages may eventually be pressed in a scrapbook, while bouquets go to weddings and funerals. Sorting what goes where, and for which occasion: Ah! that is the question! How awful to attach a sympathy card to a wedding bouquet! Others might, however, deem that appropriate.

Grocery clerks think a lot, filling their mind jugs. What might the clerk think when you arrive? In large stores, "Oh oh, a stranger, wonder if he's a helper-yourselfer shoplifter! He's putting his hand in his pocket! Oh, just getting his shopping list." Or does a checker

# We may see some election surprises

By Melvin Paul  
Statehouse Correspondent  
The Nebraska Press Association

Unlike most political campaigns, your faithful Lincoln correspondent doesn't have a staff of computer whizzes to compile, distort and mutilate polling results.

My best answer when people ask me who is going to win in next Tuesday's election usually is a solid: "I dunno."

But my unscientific query of friends, pundits, news sources and just plain good folks I run into across these fruited plains tells me we could be in for a few surprises come election day.

Ben Nelson and Chuck Hagel keep pounding it out over who follows Jim Exon to the U.S. Senate. And the folks for and against Initiatives 411 and 412 are still slamming each other via the airwaves over those controversial property tax/quality education measures.

Two things:

-- if voters chose Hagel over Nelson, a lot of conventional wisdom over how Nebraskans vote and how they choose their politicians goes out the window. The "Democratic governor goes to Washington" streak will be broken and Nebraska will have its first GOP U.S. Senator for, well, a long time.

The broken-down boat that is the Dole-Kemp campaign, however, may give Hagel some tough water skiing. That's something else he'll have to overcome.

-- if Initiative 412 (the property-tax part) passes, the 1997 session of the Legislature will be dominated by tax and state aid issues.

That one, according to my meandering sampling, has a chance.

A school board member from the Hyannis area thought so when we talked recently. People are sick of paying property taxes, he said, and 412 offers them a way to show it.

He figured that Initiative 411 (to put "quality education" in the state constitution) also had a shot. People don't want to gut their schools, was the rationale, so they will vote to retain some insurance that spending on schools won't be dramatically cut.

The 411/412 backers, primarily, the state teachers' union and the Nebraska Farm Bureau, have added another reason to vote for the two measures: big corporations hate them.

Businesses, they say, aren't paying their fair share of taxes and the passage of the two initiatives would make them do that.

That's always been a great campaign tactic. If you can make big corporations, especially those in Omaha, the bully, Nebraska voters, especially rural voters, get riled up. Remember Initiative 300.

But the trouble this time is if both Initiative 411 and 412 pass, the Nebraska Legislature will be put in charge of finding a replace-

ment -- in the form of a state sales or income tax increase -- for the estimated \$500 million in property tax revenue that would be cut.

State businesses haven't struck out in Lincoln when they really wanted something for, well, a long time.

People would have to keep their senators' feet to the fire to pass new taxes that don't hurt the common guy and are fair to everybody.

OK, so even without an office building full of pollsters, I'm a bit cynical. But if we'd kept after our state senators, school board members, town board officials, etc., about spending then we wouldn't have such high property taxes.

So we may see some surprises next Tuesday, but one vote will not come close to solving this state's property tax problems.

The views expressed in Capitol News are those of the writer and not necessarily those of the Nebraska Press Association.

## Chamber needs a few good volunteers

The Chamber is looking for a few good volunteers!

These volunteers will be people who have the desire to make a difference in their community, the Wayne area.

Volunteers are needed for Community Builders, a process to help create global communities.

This newly formed group will train people to become leaders back home in their own communities. Community Builders will be encouraged in a community strategic planning process, and help grown new businesses by identifying res-

nology and training and identification of new markets are among those identified areas.

As a result of this community building process, volunteer participants will think more positively about their community and its future. People will understand appropriate development programs and be able to identify providers of various services. In turn, this will lead to citizen's involvement in economic development and cooperation with near-by communities.

Actually, when you look at these objectives, you realize the goals are strikingly similar to many of those held by the Chamber. The difference, however, is that there are numerous people throughout the community who have no connection to the Chamber, people who personally have much to contribute to the life of their community, people who have a strong desire to make a difference.

The Wayne Area Chamber is, in fact, committed to Community Builders and therefore, is looking for a few good volunteers.

You might be one of those few good volunteers! You might be a home-based business person, or someone who would like to start a business. You might be a business owner, or you might be a local employee, student or resident.

Community Builders will meet in Laurel at Pizza Ranch at 5:30 p.m. on Nov. 14. To represent Wayne or for more information either contact the Chamber office or call Lynda Cruickshank, Wayne County Extension Office at 375-3310.

### Remember to vote!

Once again the political season is upon us and every one who says they can help is running. Don't get me wrong. I think anyone who has enough guts to run for office should be allowed the opportunity and respect by all voters. They must certainly like the abuse. Usually that is what comes with the office they are running for. Politics has become not such a pretty word in recent years. Voters in a lot of cases can't seem to find flowery words to associate with it. Poison Ivy comes to mind.

What bothers me the most about politics are the promises that won't be kept. I guess Hebert Hoover's "chicken in every pot" really caught on in the early 30's because that is how I see most races run. Promise them anything, but deliver just enough for the next time around to get elected. Whatever happen to telling people what you want to see done and fight with your best effort to serve your voters. Many politicians are coming around to that thinking, many have always thought that was the way to run a campaign but many do not.

As the presidential election is about to come to an end I must admit it was probably one of the best run by both camps in many years. I take my hat off to G.O.P. candidate, Mr. Dole, for running a hard fought campaign and not reverting to the smear tactics of candidates in the past. Believe me, he had plenty of ammo. President Clinton had some too.

In our own state elections, the single most important vote cast could be to the amendments issue. Fourteen different issues are on the ballots this year to change our state's constitution. Whether I believe these are good or bad for us, I would encourage you to vote "NO" for all of them, especially Amendments 411 & 412. I can see only increased taxes on personal income and a real nightmare for the courts.

So why do I believe we should let the lawmakers in Lincoln decide for us? First, that is what we elected them for. Second, when we change the constitution, it's very difficult to change it back. These changes in our laws should be done by the legislators only. If the law the legislators recently enacted does not do what it is suppose to do, then it can be changed quickly. Otherwise signatures need to be collected and a state referendum needs to be called. It takes a lot of time to overturn a constitutional law and it is expensive.

Our constitution should be used as a guideline, not a political agenda for a special interest group. When we change the constitution it should be for the right reasons. One of the best examples was giving women the right to vote. That was a worthy change. It corrected an injustice.

I hope you have taken the time to look closely at each candidate and issue. I have. On Tuesday November 5, 1996 I'll be entering the polling place with a clear understanding for who and what I am voting for.

Remember to go vote. It's your hard earned right, don't take it for granted.

### My memory must be failing me

Dear Editor,

My memory must be failing me. I don't recall years in the past when there's been so much negative "politicking"--digging in to the past, mudslinging, taking "facts" out of context, etc. as in this fall's election--relative to candidates for about every office.

It's a wonder that we still have candidates willing to endure this scrutiny, even abuse.

It is becoming increasingly difficult to conceive why anyone would choose to vote for our incumbent President (or his wife), irrelevant to what political party he might be.

Our LIBERAL news media are beginning to report signs of another Watergate if Clinton and Hillary are

re-elected. This possibility is no surprise, but it is surprising that the LIBERAL news media are reporting such!

Documentation of immoral and unethical actions occurring in the White House these last four years should be enough to deter anyone for voting for Clinton (& Hillary) to say nothing about about the politics involved. The President of the United States should be a role model for our children, all of us!

Dole and Kemp are not perfect, (no one is or ever has been), but they will come a lot closer to restoring truth, high esteem, ethics, morality and character to the White House than Clinton!

## Wayne girls repeat as state champs; Boys place fourth

By Kevin Peterson  
Of the Herald

The Wayne girls cross country team captured back-to-back state championships after beating the field in last Friday's annual state meet at the Kearney Country Club.

The girls edged the team they defeated at Districts, Arlington by a 55-63 margin with Imperial placing third with 76 and Kimball, fourth with 80. Broken Bow rounded out the top five teams with 93 points followed in order by Auburn, Syracuse, Minden, Fairbury, Logan View, Centura and Wood River/Shelton.

Sara Kinney was gunning for her second consecutive state individual championship but the junior settled for third with a 16:16 clocking. Imperial's Monica Barger won the title with a 16:01 effort followed by Arlington's Jessi Brown, 16:14.

Amy Close placed 15th in 17:06—one second ahead of Anne Wiseman while Jessica Ford placed 34th of the 83 total runners in 17:56. Tara Hart was timed in 19:00 and Ellie Jones, 19:17.

"The girls experienced both ends of the emotional table," coach Rocky Ruhl said. "There were feelings before the standings were announced that we had gotten third or fourth but when we found out we had won it again, it was indescribable."

Ruhl said Arlington gave the Blue Devils a major scare but the total team effort put forth by Wayne was the difference. "Amy Close and Anne Wiseman's ability to pass other girls down the stretch to medal and almost medal was excellent," Ruhl added. "Jessica Ford battled and clinched the title for us with a solid fourth position for us."

Ruhl said he was pleased the girls fought off the pressures of repeating all season. "They went undefeated in all scored meets of the season," Ruhl added. "They showed they had both the mental and physical toughness to repeat as state champs."

**THE BOYS** came into the state meet hoping for a top five finish after placing third in a strong district. The Blue Devils succeeded

in that quest with a fourth place team effort of 94 points.

District champs Elkhorn Mt. Michael was a repeat state champ winner with 35 points followed by Grand Island Central Catholic with 52 points and Pierce with 63.

Hastings Adams Central was fifth with 100 followed in order by Auburn, Fairbury, Gothenburg, Hershey, Broken Bow, Minden and Centura.

The top individual finish for Wayne came from senior Spencer Bayless with a 20th place time of 18:04. Steve Einspahr of Gothenburg won the title in 16:41. Sophomore Brian Hochstein placed 23rd in 18:07 and David Ensz was 41st in 18:36 in the 88-person field.

Brent Tietz was clocked in 18:51 for 52nd while Brandon Gunn and

Matt Meyer finished with times of 19:01 and 19:06, respectively.

"Placing third at the district meet meant no one gave us much of a chance to place where we hoped too," Ruhl said. "Our district teams, however, placed first, third and fourth. We ran really well as a team."

Ruhl credited the running of Andy Bayless. "He had a career day finishing his senior season as our number one runner," Ruhl said. "Brian Hochstein fought hard and did a great job. David Ensz had a rough day but he battled hard and Brent Tietz also ran very well."

The Wayne coach said Brandon Gunn gained some state experience and Matt Meyer blocked out his bad back to run his best race in several weeks. Five of the top seven runners for Wayne return next season.

### Winside falls in tourney

WINSIDE-The Winside volleyball team was defeated by Newcastle in the first round of the Lewis & Clark Conference Tournament, Monday night in Newcastle, 3-15, 11-15.

Lisa Schroeder said her team played poorly on defense. "We did not control the net all," Schroeder said. "Last time we played Newcastle, we shut off their hitters and had 15 ace blocks. This time their hitters dominated the match and we only had three ace blocks. We were very slow and tentative throughout the match."

Amy Riley led the team in setting with 11 assists while Mandi Topp had eight while Jess Miller had 10 kill spikes to pace the hitters. Jodi Miller added six kills and Sara Marotz, five.

Jess Miller was also the top server, 8-8 with Riley going 5-5 and Mindy Janke, 3-3.

### Wayne State's Bishop honored

WAYNE-Wayne State running back Marcus Bishop was named the Nebraska NCAA Division II Player of the Week after his stellar performance against Nebraska-Kearney last Saturday.

Bishop, a 5-7, 175-pound running back from Vallejo, Calif., rushed for three touchdowns and set WSC's single game rushing record with 231 yards on 35 carries. His touchdowns came on runs of 15, 20 and nine yards and led WSC to a 43-14 victory over the Lopers.

## Blue Devil spikers end regular season

The seventh-ranked Wayne volleyball team will take a 19-6 record into Monday's sub-district tournament to be hosted by the Blue Devils.

Wayne defeated O'Neill and Hartington Cedar Catholic last Thursday in O'Neill in triangular play and then returned home for the final regular season game on Tuesday and breezed past South Sioux.

At O'Neill, Wayne disposed of the host team in quick fashion, 15-3, 15-4. Katie Lutt was 19-19 in hitting with nine kill spikes to pace the attack while Gayle Olson was 16-16 with four kills. Lutt was also the leading server with a 9-9 performance and two aces with Brooke Parker nailing nine of 10 serve attempts with two aces. Olson and Katy Wilson each had one service ace as well.

"We played dominating volleyball," coach Joyce Hoskins said. "We didn't let up after a solid first game." Melissa Weber finished the match with 16 set assists.

Wayne then played Cedar Catholic immediately, and won by identical scores of 15-11, 15-11. Lutt slammed 16 kill spikes to lead the way while Olson had seven kills.

Lutt also had two service aces for team tops with Olson and Alycia Jorgensen each notching one

service ace. As a team the Blue Devils were 64 of 65 in serving.

Weber was 82-85 in setting with 21 assists. "This was the first time we played back-to-back matches this year," Hoskins said. "I thought our team looked a little tired in the Cedar match. Their timing was a little off but they still got the job done."

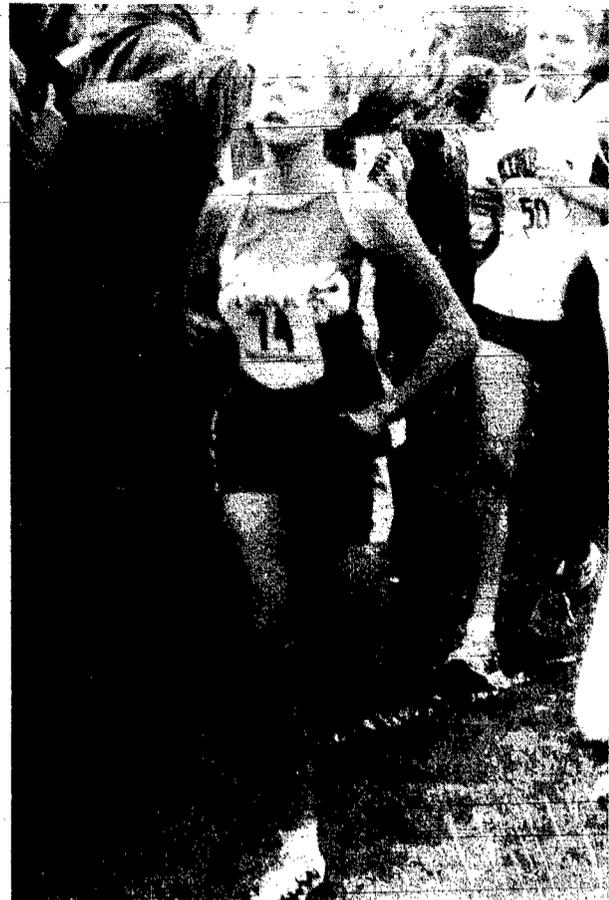

**TUESDAY IN** Wayne the Blue Devils wasted little time in dominating South Sioux with a 15-1 first game victory. The host team let down some in the second game but held on for a 15-12 straight games victory.

Katie Lutt was 17-19 in hitting with 11 kill spikes and Gayle Olson was 8-9 with five kills. Molly Linster was 6-8 with four kills and Jenni Beiermann was 8-8 with four kills.

Katy Wilson was the leading server at 10-10 with two aces while Melissa Weber also had an ace. Wayne was 47 of 52 in serving. Weber was 42-44 in setting with 24 assists.

Wayne will play West Point in the first match of sub-districts at 6 p.m., Monday and the winner will square off against the winner of Crofton and Cedar Catholic around 8:30 p.m.

The winner of the sub-district will advance to the district championship match on Thursday in Norfolk at the community college at 7:30 p.m. The other sub-district consists of Battle Creek, Norfolk Catholic, Pierce and Madison.

Amy Close looks to finish the state cross country meet strong in helping the Blue Devils to a repeat state title.

### WSC spiker honored

WAYNE-Wayne State's Erin Pick has been named the Nebraska NCAA Division II Volleyball Player of the Week for her performance against Augustana.

The 6-0 junior hitter for Wayne led WSC in hitting against the number eight ranked Vikings with 14 kills on 21 attacks with no hitting errors for a .667 hitting percentage.

Melissa Weber sets the ball for a Wayne spike attempt during the Blue Devils sweep of South Sioux, Tuesday.

# 'Cats travel to New Mexico, Saturday WSC thumps rival UNK

By Jeremy Buss  
for the Herald

Wayne State overcame history and windy conditions Saturday to post a dominating victory over the University of Nebraska-Kearney 43-14. The win marks only the second time in 24 years that the Wildcats have topped the Lopers.

The victory saw WSC pile up 625 yards of total offense, including 336 through the air and 289 on the ground, with 231 coming from Marcus Bishop to set a new single game rushing record for the Wildcats. The defense allowed the Lopers only 289 yards on the day.

The 'Cats got things going early, scoring on their first possession of the game on a 32-yard field goal by Dirk Boe.

WSC would strike again on their next series as Marcus Bishop scrambled 15 yards to cap an 80-yard drive by the Wildcats.

The Lopers would close the quarter, getting on the board with a 3-yard run by Shane Hatcher.

Dirk Boe would again be called

on to post the next Wildcat points. After missing a 47-yard field goal try, he would nail a 39-yarder to put WSC up 13-7, midway through the second quarter.

Wayne would close the quarter with a bang. A 40-yard reception by Dameon Porter would help set up a 56-yard touchdown grab by Kevin Swayne from Jarrod DeGeorgia, five plays later.

The second half would be more of the same with Wayne State dominating and getting on the board early, again on their first possession, this time off a 20-yard scamper by Marcus Bishop for the second of his three touchdowns on the day.

The defense would then take its turn in the spotlight, stopping the Lopers in their tracks and forcing them to punt. On the punt Jesse Wavrunck broke through the Loper line to block the kick which rolled into the end zone where Gabe Toft put the hit on the Kearney receiver for the safety to put the 'Cats up 29-7.

With six minutes left in the quarter, UNK would strike again, scoring what would prove to be their final points on a 6-yard run by Chad Rutar.

Marcus Bishop would strike again for Wayne State however, this time running up the middle for a nine-yard touchdown, to close out

the third quarter with a score of 36-14.

The 'Cats defense would continue to be impressive, stopping the Lopers on four downs on their next two series.

Redshirt freshman quarterback Jamie Jones would take his turn next, connecting with Dameon Porter for a 23-yard touchdown reception to open the fourth quarter to set the score at 43-14 where it would remain for the remainder of the game.

"We played like we were capable of," WSC coach Dennis Wagner said. "It was as close to playing a complete game as we've come all

season. Both the offense and defense played well and we scored in all four quarters."

Wagner said the 'Cats got up early and used the extreme windy conditions to their advantage with field position. The victory by WSC was the largest margin of victory over the Lopers in history.

"It was a great win but we have

to move on and focus on what is at hand this weekend which starts with a 14-hour trip to Silver City, New Mexico on Friday morning," Wagner added.

Wayne State was led on the day by Marcus Bishop with 35 carries for 231 yards while Jarrod DeGeorgia was 21-37-278 yards through the air. Kevin Swayne was on the receiving end of 11 catches for 192 yards.

## Wakefield spikers go 1-1 in conference tourney

The Wakefield volleyball team won their opening round contest of the Lewis & Clark Conference Tournament, Monday in Wausa over Wyfot, 11-15, 15-9, 15-8.

Alison Benson paced the attack with a dozen kill spikes on 23 of 27 attempts while Bree Oswald was 10-10 with eight kills. Susan Brudigam finished with 27 set assists while Jennifer Simpson led the serving corp with seven aces on 15 of 17 attempts. Oswald and Amanda Wirth each had two aces as well.

Benson and Kristin Preston each had five blocks to lead the defense at the net. Wynot came out ready to play, Wakefield coach Marty Slaughter said. "We were not doing a good job of stopping their outside

attack." Wakefield was defeated in the second round on Monday against Wausa, 6-15, 9-15 leaving the Trojans with a 13-11 record heading into sub-district play on Tuesday against Homer in Wakefield at 7:30 p.m.

Slaughter said Wakefield's defense struggled against Wausa. "Our defense had been the best part of our game until this match," Slaughter said. "We need to re-focus and get ready for sub-districts on Tuesday."

Brudigam finished with 17 set assists and Oswald led the hitters with seven kill spikes while Preston had six. Preston also had four blocks for team honors and Kristin Eaton was the leading server with four aces on a perfect 12-12 outing.

## Allen volleyball team wins two tourney games

Allen's volleyball team defeated Ponca and Winnebago before falling to Homer in the Lewis & Clark Conference Tournament on Monday and Tuesday.

Allen hosted action on Monday, downing Ponca, 15-4, 15-12. Jaime Kluser notched 12 set assists and Amanda Mitchell was 7-7 in serving with three aces to pace the winners.

"We played pretty well," coach Scott Kneiff said. "Ponca is a much improved team but I thought our defensive play was the difference."

Allen then defeated Winnebago, 15-8, 12-15, 15-13 and in doing so, avenged an earlier loss to the Indians. Mindy Plueger slammed 14 kill spikes and Amanda Mitchell

finished with 10 kills while Kluser was 81-82 in setting with 27 assists. "Jaime really made some nice decisions on getting the ball to the hot hitters," Kneiff added.

The Eagles were handed an 8-15, 7-15 setback at Homer on Tuesday against the Knights, leaving Allen with an 11-10 record heading into sub-district play next Monday night in Beemer against Wynot at 7:30 p.m.

"Our serve receive wasn't very good and Homer really never let us in the match," Kneiff said. "We have to work hard the next few days and be ready for sub-districts."

Shanyn Moran led the Eagles with six kill spikes and one ace block against Homer.

## Winside wins sixth straight

The Winside Wildcats won their sixth consecutive football game with a 39-14, first-round district playoff victory over Ponca last Friday in Winside.

The Wildcats, 6-2 got a chance to take revenge on one of the season losses with Thursday's game at home against Wakefield but at press time the game was not completed.

Randy Geier's Wildcat's disproved the old coaching theory that it's harder to beat a team the second time around as Winside struggled some a couple weeks ago before

downing the Indians, 44-40.

Landon Grothe's first quarter six-yard scoring run gave the 'Cats a lead they never relinquished. Grothe, who led all rushers for the night with 130 yards on 16 carries also added a third quarter touchdown to his season totals.

Robert Wittler scored on an 11-yard run and added second period touchdown passes of 11 and 60 yards to Chad O'Connor. Wittler's third touchdown pass of the night came in the third quarter on a 50-yard strike to Jamey Holdorf.

"Our defensive intensity was a lot better this time around against Ponca," Geier said. "The kids won their second Lewis & Clark Conference in the last two years against Homer last week with great efforts from the offensive and defensive lines and continued that effort this week."

Brock Shelton with 11 tackles led the Winside defensive effort and Joe Schwedhelm finished with eight tackles while Wittler and Shaun Magwire had seven each.

"We set the flow of the game early when the defense sat them down three-and-out," Geier said. "We had the ball most of the first half. Ball control was a key factor."

Wittler finished with 205 yards passing on 10 completions and no interceptions with Holdorf catching five passes for 105 yards. Grothe paced the ground attack with his 130 yards in a game Winside tallied 425 total yards.

Holdorf also aided the defense with a blocked punt to his credit.

## Allen gridders blast Walthill

For the first time in school history, the Allen Eagles football team advanced to the state playoffs after a 52-6 win over Walthill last Friday in Walthill.

The 3-5 Eagles will travel to play Coleridge on Thursday at 7 p.m. "The boys really played a great game at Walthill," coach Doug Schnack said. "It was probably the best all around performance of the season."

The Eagles scored the only points of the first quarter as Brett Sachau plunged over from one yard out. Jeremy Kumm connected with Michael Blohm on a 35-yard scoring pass in the second quarter before Walthill scored its only points of the game.

Allen led 16-6 at the half but broke the game wide open by scoring 36, third quarter points to end the game due to the 45-point rule. Sachau scored two more touchdowns from one yard out and Cory Prochaska scored on runs of 40 and four yards and Kyle Crogrove added a one-yard scoring run to account for the Eagles scoring blitz.

Allen racked up 342 rushing yards led by Sachau's 253 yards and three scores. "Brett isn't a very big kid and he isn't the fastest guy on the team but he plays with intensity and never quits until the game is over," Schnack said.

Defensively, Allen was led by Brad Smith with 16 tackles while Blohm and Prochaska had eight each and Sachau, seven.

### Women's hoop team heads honor roll

WAYNE-The Wayne State women's basketball team was recognized by the Women's Basketball Coaches Association (WBCA) for having the nation's highest team grade point average among NCAA Division II schools for the 1995-96 season.

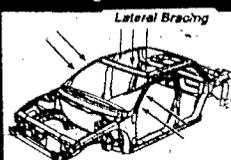

The Wildcats had a team GPA of 3.57 to head the WBCA's inaugural Academic Top 25 Team Honor Roll for Division II. Abilene Christian University was second with a 3.545 team GPA.

"We've always had good kids who work hard in the classroom," former coach Mike Barry said. "The academic support system we have here is incredible. This is a real tribute to a lot of different people."

The women's basketball team is the third WSC team to be recognized for its academic successes last season. The 'Cats men's and women's track and field teams were recently named to the U.S. Track Coaches Association national All-Academic team for the 1996 outdoor season.

The men's track team had the top GPA at 3.290 while the women's team had a 3.32 team GPA which was third.

# Wayne season comes to an end after loss to Crofton

The Wayne football team struck quickly in the scoring column against Crofton last Thursday night as senior Paul Zulkosky raced 80 yards for a touchdown on a punt return after the Blue Devils defense had held the host Warriors on their first possession on three plays.

From there, however, things deteriorated quickly and it was Crofton advancing to the district semifinals with a 39-7 win over Wayne which ended its season with a 3-5 mark.

"I'm very disappointed with the way the season ended," coach John Murtaugh said. "I take full responsibility for this loss."

Wayne's defense gave up 238 rushing yards and nearly 360 total yards while the Blue Devil offense managed just 127 total yards. Despite the disappointing loss Murtaugh was pleased with what he saw in freshman running back Joel Munson who notched his first start in the backfield.

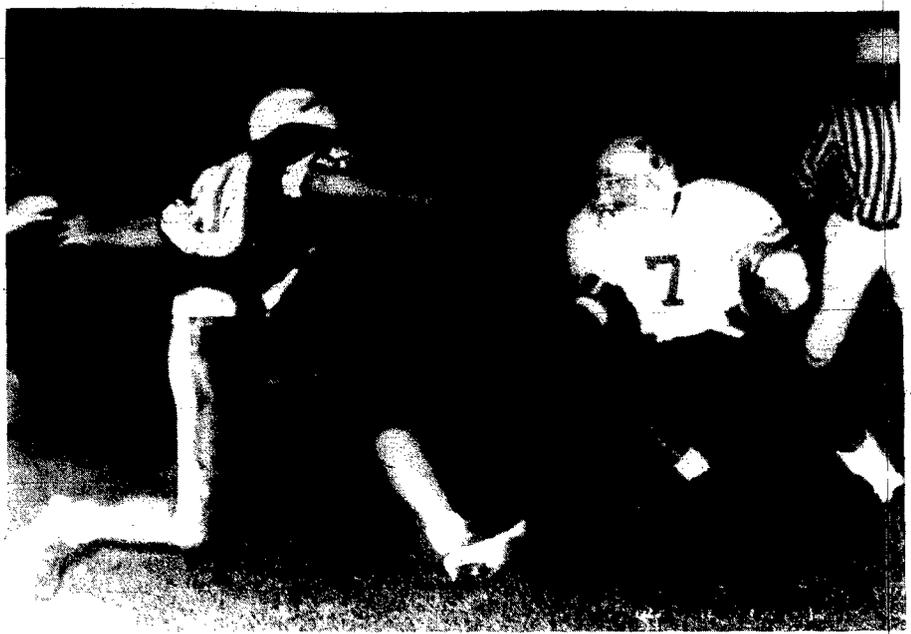

"I was impressed with what I saw from Joel," he said. "He gave a great effort and he gained yardage after he was hit on many plays." Munson rushed for 110 yards on 16 carries and accounted for nearly all of Wayne's offense.

Paul Blomenkamp finished his

career at Wayne in a football uniform with a 3-9 outing and 30 yards while Robbie Sturm was 2-15 for 19 yards. Zulkosky caught two balls for 29 yards while Adam Endicott, Darin Jensen and Munson each caught one ball.

Defensively, Wayne was led by Jeremiah Rethwisch with seven tackles while Jeremy Lutt and Tyler Endicott notched six apiece. Zulkosky intercepted a Crofton pass.

"I appreciate the efforts our kids gave all season," Murtaugh said. "Things may not have gone the way we would have liked but the effort was there all year."

Wayne senior Paul Zulkosky looks to make a Crofton defender miss during the Blue Devils first round district playoff game last Thursday night.

# Laurel defeats Wisner-Pilger in first round district action

Tom Luxford's Laurel Bears football team raced to a 37-0 lead over Wisner-Pilger in first round district action last Friday night in Laurel and the Bears snapped a three-game losing streak with a 37-6 victory.

Laurel plays in Emerson on Thursday night against the Pirates in the semifinal round with the winner advancing to the championship game on Wednesday, November 5th.

The Bears enjoyed their finest offensive performance of the season against the Gators, racking up 509 total yards with a balanced effort of 318 on the ground and 191 through the air.

"We played very well early," Luxford said as he defeated his alma mater in Wisner-Pilger in the first ever meeting between he and the Gators. "Our defense was very stingy."

Vince Ward started the scoring stampede with a 27-yard run in the opening stanza and Ryan Kvols followed suit with an 18-yard scamper before Kvols hooked up with Ward on a 57-yard scoring pass to give the Bears three, first quarter touchdowns.

Kvols connected with Ward again in the second quarter on a 65-yard pass play and he closed out the half with a 25-yard field goal for a 31-0 cushion. Mark Patefield added a one-yard scoring plunge in the third quarter before the Gators broke into the scoring column in the fourth quarter.

Ward rushed for 132 yards on just 12 carries while Patefield gained 761 yards on 10 attempts. Kvols was 7-9 through the air for 191 yards with Ward catching two balls for 122 yards to lead the way. Travis Stingley and Chad Jorgensen each caught two passes and Andy Bose, one.

Defensively, the Bears were led by Kvols with 14 tackles while Seth Harder and Ryan McCoy had 11, each. Ward finished with 10 stops while Bose and Stingley had nine each.

Laurel-Concord quarterback Ryan Kvols looks to find an open receiver during the Bears first round district playoff game with Wisner-Pilger last Friday night in Laurel. The Bears had no trouble advancing to the next round to be played Thursday night in Emerson. Laurel's win over the Gators snapped a three-game losing skid.

## WSC harriers host meet

WAYNE-The Wayne State men's and women's cross country teams hosted the LeRoy Simpson Invite on a windy Saturday over the weekend.

The men and women each placed second of three teams. The men tallied 50 points to finish well behind Nebraska Wesleyan and ahead of York College.

Mark Beran placed second in 20:18.4 while Jeremie Lippman finished 10th in 32:29.9. Dan Heiman was 12th in 32:51.2 and Dustin Schroeder and Ryan Meek finished 13th and 14th, respectively. Gabe Musselman finished 13th.

The women were led by Kathy Dalton, placing fourth in 21:01.5 and Stefanie Sean was ninth with a 22:43.3 clocking. Anne LaBrayere, Marsha Krienke and Michelle Baatz placed 12th, 13th and 14th, respectively and Amy Wintz was 17th.

# Wakefield beats Pender

It was a tale of two halves in the Wakefield-Pender football clash last Friday in Wakefield in the first round of the district playoffs.

In the first half there was a scoring explosion as the host Trojans maintained a 20-14 lead. The second half, however, was all defense as neither team scored leading to Wakefield's advancement to the district semifinals at Winside, Thursday afternoon while Pender's season came to an end.

The difference in the outcome was two defensive stands by the Trojans. "In the first half we held

them on the one-yard line as time expired," coach Dennis Wilbur said. "In the fourth quarter we held them again. The defense really rose to the occasion."

Wakefield scored first in the contest on a 36-yard pass from BJ Hansen to Josh Hohn with Tyler Peters converting the point after kick. Pender bounced right back to tie the game on a five-yard scamper by Jeremy Renz but the Trojans led 14-7 after one quarter of play as Shaun Hammer darted in from two yards out.

Pender tied the game at 14 early

in the second quarter on a two-yard run by Chris Leisinger but Hammer's second score of the night on a three-yard run proved to be the game winner in the middle of the second quarter.

Justin Mackling led Wakefield with 85 yards on 20 attempts while Hansen had 61 yards on 10 carries. Hansen was 1-5 for 36 yards, in passing with Hohn catching the touchdown pass in the opening stanza.

Defensively, Justin Mackling had 14 tackles and Lance Jacobsen, 13 to lead the winners.

The Blue Devils were the only band in Class B and C to receive a Superior rating.

## Winside students holding election

Winside elementary students have been getting a taste of what the adults do to prepare for a presidential election. Students in the sixth grade classes of Lynne Wacker and Lisa Schroeder held voter registration last week for all students in kindergarten through sixth grades. Students from each class were given forms and instructed how to fill them out. They were drafted from official voter registration forms. Doris Marotz, one of the Winside election board workers, came to the sixth grade classes and spoke to them regarding elections and the procedures. The classes then made posters on the two major party candidates, Bill Clinton and Bob Dole. They used information obtained from the Jr. Scholastic Weekly Readers, which only covered those two candidates. "We will be holding our own elections at the school on Nov. 5," said Mrs. Wacker. "We will include Ross Perot on the election ballots, even though the Jr. Scholastics have only been teaching us about the democratic and republican candidates."

## Quilt Raffle

## Arboretum to honor 13 locals at award ceremony

The Nebraska Statewide Arboretum (NSA) will honor 13 individuals or organizations during an awards ceremony Nov. 2 at the Joslyn Castle in Omaha.

The annual event recognizes contributions of individuals and groups statewide to beautifying their communities through tree planting, landscaping and plant conservation.

"We hope that the program encourages others to do these types of activities and that people will find it worth their time to become involved in things like plant conservation and horticulture," said Jim Locklear, NSA director.

Award recipients from this area include Charles Maier of Wayne and Anna Marie White of Dixon.

Maier is the recipient of the

President's Citation. He is the curator of the Wayne State College Arboretum. He has been involved in many aspects of the arboretum, from leading tours to establishing a seedling nursery and planting trees on campus. Maier has served on NSA's executive board and committees. He has also been a mentor for curators of other NSA affiliate sites in northeast Nebraska.

White, an Honor Award recipient, has planted and mulched trees and hosted tours of the Northeast Arboretum in Concord since 1988. Each year, she creates a quilt donated to the arboretum as a membership recruitment incentive. White is a board member and secretary/historian of the Friends of the Northeast Arboretum.

## Euthanasia is discussed at workshop

This was a week for weather! I was in Humboldt on Tuesday and started home at 4 o'clock, in the middle of a wet snow. It was scary, with cars in the ditches all the way home.

Then, on Friday, the wind got very strong. They were harvesting south of us, and there are corn shucks all over our yard. And gobs of elm branches. At least we didn't have a tornado!

I mentioned a workshop on physician-assisted suicide I attended last month. It was co-sponsored by the Neb. Medical Association and the Neb. Nurses Association.

One of the speakers was one of Dr. Kevorkian's lawyers who did a good job of painting a portrait of his client as a humble man who only wants to help suffering folks and is a poor poker player because he doesn't bluff well. He doesn't accept any money for his "services" and lives quite simply on Social Security.

Defending the AMA position against physician-assisted suicide was a female instructor in family practice at Texas A&M. She did say there is a distinct difference between passive and aggressive euthanasia, and that there are times everything possible should not be done, but everything appropriate.

There was even a physician who is a national president of the Hemlock Society. Every speaker mentioned hospice as an appropriate alternative.

For me, it boils down to the preface in the book *Final Exit* by Derek Humphry—the book that gives instructions for committing suicide. It says, among other things, "if you consider God the Master of your fate, then read no further; seek the best pain management available."

Plus, I'm convinced that Jack Kevorkian is obsessed with death. His license to practice medicine was revoked several years ago. During his residency, he asked for the night shift because more people died then.

He paints and his paintings are filled with detached heads and organs. Religion is a favorite target.

He experimented with transfusing blood from corpses into live patients. He even mixed cadaver blood with his own and used it to paint a picture frame.

He hasn't worked in a hospital since 1982 and was turned down for a job as a paramedic in 1989.

Many of his patients do not have terminal diseases and only half were in severe or constant pain.

Using a carbon-monoxide machine in the back of an old van is not my idea of "death with dignity."

We are concerned that acceptance of assisted suicide will lead to involuntary euthanasia. The Netherlands has legalized physician-assisted suicide for years.

A study in 1990 found nearly 6,000 cases in which patients died at the hands of doctors—without the patient's consent. Hollanders now carry cards in their wallets saying "do not euthanize" instead of "may transplant organs."

It is, indeed, a slippery slope.

## Initiative 411 & 412 would:

- Shift local control of your school to the state and courts with forced school consolidation.
- Create the biggest income and sales tax increase in the history of Nebraska which could include a sales tax on services and food.
- Make most Nebraskans pay more taxes overall with no guarantee of property tax relief.
- Make funding education the "paramount duty" of the state meaning it is a higher priority than funding for anything else including: **police and fire protection, medicaid, services for the disabled and children.**
- Put all exemptions on the table including the over \$400 million/year in agriculture exemptions now granted by the state (Including: Livestock, feed, seed, machinery and vet supplies).
- Cause a \$550 million dollar shortfall in funding to local government.

## Are you in favor of changing schools?

**Q: Do you ever favor removing a child from one school to transfer him to another?**

**A: Yes, there are times when a change of schools—or even a change of teachers within a school—can be in the child's best interest.**

Educators are reluctant to approve these transfers, for obvious reasons, although the possibility should be considered when the situation warrants.

For example, there are occasions when a young student runs into social problems that can be resolved best by giving him a "clean start" someplace else. Furthermore, schools vary tremendously in their difficulty; some are located in higher socioeconomic areas where a majority of the children are much more intelligent than would ordinarily be expected. The mean IQ in schools of this nature may fall between 115 and 120.

What happens, then, to a child with average ability in such a setting? Although he might have completed successfully in an ordinary school, he is in the lower 15 percent at Einstein Elementary.

My point is this: success is not absolute, it is relative. A child does not ask, "How am I doing?" but rather, "How am I doing compared to everyone else?" Little Johnny may grow up thinking he is a dummy when he would have been an intellectual leader in a less competitive setting.

Thus, if a child is floundering in one academic environment for whatever reason, the solution might involve a transfer to a more suitable classroom.

**Q: I am an adult who is not coping so well with the problems of self-doubt. I feel ugly and unrespected and unworthy. What encouragement can you offer?**

**DR. DOBSON:** Isn't it about time you made friends with yourself? Aren't there enough headaches in life without beating your skull against the old brick wall of inadequacy, year after year?

If I were to draw a caricature that would symbolize the millions of adults like you with low self-esteem, I would depict a bowed, weary trav-

eler. Over his shoulder, I would place the end of a mile-long chain to which is attached tons of scrap iron, old tires and garbage of all kinds.

Each piece of junk is inscribed with the details of some humiliation: a failure, an embarrassment, a rejection from the past. He could let go of the chain and free himself from that heavy load which immobilizes and exhausts him, but he is somehow convinced that it must be dragged throughout life. So he plods onward, digging a furrow in the good earth as he goes.

You can free yourself from the weight of the chain if you will but turn it loose. Your inferiority is based on a distortion of reality seen through a child's eyes. The standards by which you have assessed yourself are themselves changing and fickle.

Dr. Maxwell Maltz, the plastic surgeon who authored Psycho-Cybernetics, said women came to him in the 1920s requesting that their breasts be reduced in size.

In King Solomon's biblical love song, he asks his bride to overlook his dark skin that had occurred from exposure to the sun. In his day, right meant white. But now bronzed Solomon would be the pride of the beach. False values!

Modern women are ashamed to admit that they carry 10 extra pounds of weight, yet Rembrandt would have loved to paint their plump bodies.

Don't you see that your personal worth is not really dependent on the opinions of others and the temporal, fluctuating values they represent? The sooner you can come to accept the transcending worth of your humanness, the sooner you can come to terms with yourself.

I must agree with the writer who said, "While in the race to save our face, why not conquer inner space?" It's not a bad idea.

## Changes in IRA Rule benefits homemaker

Effective in 1997, non-wage-earning spouses may now set aside \$2,000 per year in an IRA (individual retirement account). The law used to only allow \$250 in an annual IRA for the non-wage-earning spouse.

This means the non-wage earning spouse can now set aside more money for retirement. The main benefit of an IRA is that your investment grows tax deferred. This means it is not taxed until it is withdrawn in retirement and consequently will grow fast and larger. Also, the Contribution is tax-deductible which reduces your current taxable income.

### The Benefits of IRA's for Wage Earners:

IRA's are still an excellent method to set aside money for retirement. Wage earners can contribute up to \$2,000 per year into an IRA and deduct this amount off their income taxes if you do not have a retirement plan through work.

If you do have a retirement plan at work, you may still claim the deduction off your taxes based upon your adjusted gross income. There is a phase out income level.

The amount you deduct decreases as your income goes up. For example as single or head of household you can deduct \$2,000 in income taxes on \$25,001 of income, \$1,000 on \$29,999 and less than \$100 at \$34,499.

Married filing joint get the full \$2,000 deduction at \$40,001, \$1,000 on \$44,999 and less than \$100 at \$49,999.

There is no IRA tax deduction on incomes above \$35,000 for sin-

Karen Wermers Dixon County

gles or \$50,000 for married filing jointly if the wage earner has an employer retirement plan.

If you have a retirement plan at work and have income that exceeds the deductible phase out amount, you can still set aside \$2,000 per year into an IRA and it will grow tax-deferred until retirement. This type of tax-deferred only IRA is not deductible off your income the year it is deposited into an IRA.

### Tax Deferred Growth:

The power of tax-free growth on money is a major plus for using IRA's and other retirement plans.

If you set aside \$1,000 per year for 25 years growing at 10 percent, you will have \$67,676 if it is taxed at the 30 percent level and \$108,182 if grown tax-deferred. The \$108,182 taxed in retirement will end up being \$75,727 if taxed at the 30 percent level in retirement. That is more than \$8,000 in additional assets in retirement. In addition, you would have had additional spending money during your earning years if the retirement plan is tax-deferred.

## Partners in Planning offered in Wakefield

Jeff Hart, Planning Specialist with the Juvenile Justice Division of the Nebraska Crime Commission will be certifying community leaders to be "Facilitators" of the "Partners in Planning" process during a workshop to be held on Nov. 15 at the ESU #1 in Wakefield.

The "Partners in Planning" program is a model process for community-based comprehensive planning for children, youth and family programs and services. Many state agencies have helped develop this process which is now a pre-requisite for receiving a variety of grant funds.

The training also provides an excellent background for community leaders on how to develop community collaboration around an important issue and how to establish coalitions and task forces.

Youth and family service providers, students and grant writers will also find it useful in developing job skills such as planning, goal setting, communication and evaluation.

For registration information contact the UN-L Extension Office in Wayne at (402) 375-3310 or contact Jeff Hart at the State Crime Commission at (402) 471-3998.

## THANK YOU

The Wayne Community School District extends a hearty THANK YOU to all community volunteers helping move

the middle school contents to the new modular buildings. Your help not only provided a wonderful service to the teachers and administrators, but your assistance actually saved tax dollars since the District did not need to hire a moving company. Your willingness to help and your positive attitudes demonstrated during the move will be fondly remembered by all staff and those connected with the District.

WHAT A MARVELOUS DEMONSTRATION OF A SCHOOL AND COMMUNITY WORKING TOGETHER TO HELP CHILDREN!

THANK YOU AGAIN.

Dr. Dennis Jensen & Mr. Richard Metteer

Thank you friends and family for your prayers, your gifts, your visits and your calls in memory of Julie Murphy. We sincerely appreciate the warm gestures and we are lucky to be surrounded by such a caring community.

Ken, Jim, John & Angela Murphy  
Gina and other family members

A SIMPLE "Thank you," cannot begin to express our gratitude to our many friends, relatives and neighbors for all the cards, food, prayers, flowers, memorials, calls and visits during the illness and death of our beloved husband, father, and grandfather, Ernest Goewe. Special thanks to Dr. Martin, Sister Gertrude, the staff of PMC and the Wayne Care Centre for their excellent care, to Pastor Russell and Pastor Koerber for their many visits and prayers and to the ladies of Our Savior for the delicious lunch. Everything was very much appreciated and will always be remembered. Florence Goewe DeAnn and Bob Behlers, Annette Joe and James Ping 10/31

CARD OF THANKS Perhaps you sent a lovely card, Or sat quietly in a chair. Perhaps you sent a funeral spray, If so we saw it there. Perhaps you spoke the kindest words, As any friend could say. Perhaps you were not there at all - Just thought of us that day. Whatever you did to console our hearts. We thank you so much whatever the part. Duet 33/27 The eternal God is a dwelling place and underneath are the everlasting arms. In loving memory of our brother Myron Olson. LaVerne, Maxine, Vendra & Elvis Olson 10/31

### TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

THE MEMBERS OF THE NINETY-FOURTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT

Section 1. At the general election in November 1996 the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection.

To amend Article III, section 24. III-24 (1) Except as provided in this section, the Legislature shall not authorize any game of chance or any lottery or gift enterprise when the consideration for a chance to participate involves the payment of money for the purchase of property, services, or a chance or admission ticket or requires an expenditure of substantial effort or time.

(2) The Legislature may authorize and regulate a state lottery pursuant to subsection (3) of this section and other lotteries, raffles, and gift enterprises which are intended solely as business promotions or the proceeds of which are to be used solely for charitable or community betterment purposes without profit to the promoter of such lotteries, raffles, or gift enterprises.

(3) The Legislature may establish a lottery to be operated and regulated by the State of Nebraska. The proceeds of the lottery shall be appropriated by the Legislature for the costs of establishing and maintaining the lottery and for other purposes as directed by the Legislature. No lottery game shall be conducted as part of the lottery unless the type of game has been approved by a majority of the member of the Legislature.

(4) Nothing in this section shall be construed to prohibit (a) the enactment of laws providing for the licensing and regulation of wagering on the results of horseraces, wherever run, either within or outside of the state, by the parimutuel method, when such wagering is conducted by licensees within a licensed racetrack enclosure at such locations and by such means as are authorized by the Legislature or (b) the enactment of laws providing for the licensing and regulation of bingo games conducted by nonprofit associations which have been in existence for a period of five years immediately preceding the application for license, except that bingo games cannot be conducted by agents or lessees of such associations on a percentage basis.

#### PROPOSED BY THE 1996 LEGISLATURE PROPOSED AMENDMENT NO. 2

A vote "FOR" this proposal (a) will provide for the merger or consolidation of counties or other local governments such as municipalities with the approval of a majority of the people in each county or municipality to be merged or consolidated; (b) will allow such merger or consolidation to be initiated by petition; (c) will allow the Legislature to provide for differences in tax rates within and outside municipalities and on different classes of property so long as the differences in tax rates and classifications are reasonable and are required by an agreement between local governments, governing such mergers or consolidations; (d) would change the allocation of proceeds from the motor vehicle tax; (e) would exempt from taxation property of the state and its governmental subdivisions to the extent that it is used for a public purpose, and to the extent such property is not used for a public purpose, will allow the Legislature to classify it, exempt it, tax it, or provide for payments in lieu of property taxes; and (f) repeal provisions in the constitution relating to towns and township organizations.

A vote "AGAINST" this proposal will deny the Legislature the power, to provide for the merger or consolidation of counties and municipalities or other local governments under the procedures and conditions outlined above, or to provide for the undertaking of other activities set forth above relating to tax rates, the allocation of motor vehicle taxes, the exemption or not of public property, and the repeal of those provisions relating to towns or townships.

A constitutional amendment to authorize legislation relating to mergers and consolidations by local governments, to authorize the Legislature to provide for differences in tax rates within and outside municipalities, to change a restriction on allocation of proceeds from motor vehicle taxes, to provide that property of the state and its governmental subdivisions is exempt from taxation to the extent such property is used for public purposes and to authorize classification and taxation of such property, and to repeal and eliminate provisions dealing with township organization and towns.

### TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

To amend Article III, sections 2 and 3, and to add new sections 1 through 8 to a new Article XVIII.

XVIII-1 "The people of the State of Nebraska want to amend the United States Constitution to establish term limits on Congress that will ensure representation in Congress by true citizen lawmakers. The President of the United States is limited by the XXII Amendment to the United States Constitution to two terms in office. Governors in forty states are limited to two terms or less. Voters have established term limits for over two thousand state legislators as well as over seventeen thousand local officials across the country. Nevertheless, Congress has ignored our desire for term limits not only by proposing excessively long terms for its own members but also by utterly refusing to pass an amendment for genuine congressional term limits. Congress

has a clear conflict of interest in proposing a term limits amendment to the United States Constitution. A majority of both Republicans and Democrats in the 104th Congress voted against a constitutional amendment containing the term limits passed by a wide margin of Nebraska voters. The people, not Congress, should set term limits. We hereby establish as the official position of the citizens and State of Nebraska that our elected officials should enact by constitutional amendment congressional term limits of three terms in the United States House of Representatives and of two terms in the United States Senate.

The career politicians dominating Congress have a conflict of interest that prevents Congress from being what the founders intended, the branch of government closest to the people. The politicians have refused to heed the will of the people for term limits; they have voted to dramatically raise their own pay, they have provided lavish million-dollar pensions for themselves, and they have granted themselves numerous other privileges at the expense of the people. Most importantly, members of Congress have enriched themselves while running up huge deficits to support their spending. They have put the government nearly 5,000,000,000,000.00 (five trillion dollars) in debt, gravely threatening the future of our children and grandchildren.

The corruption and appearance of corruption brought about by political careerism is destructive to the proper functioning of the first branch of our representative government. Congress has grown increasingly distant from the people of the states. The people have the sovereign right and compelling interest in creating a citizen Congress that will more effectively protect our freedom and prosperity. This interest and right may not effectively be served in any way other than that proposed by this initiative.

We hereby state our intention on behalf of the people of Nebraska, that this initiative lead to the adoption of the following amendment to the United States Constitution: CONGRESSIONAL TERM LIMITS AMENDMENT TO THE UNITED STATES CONSTITUTION

Section 1. No person shall serve in the office of United States Representative for more than three terms, but upon ratification of this amendment no person who has held the office of United States Representative or who then holds the office shall serve for more than two additional terms.

Section 2. No person shall serve in the office of United States Senator for more than two terms, but upon ratification of this amendment no person who has held the office of United States Senator or who then holds the office shall serve for more than one additional term.

Section 3. This article shall have no time limit within which it must be ratified to become operative upon the ratification of the legislatures of three-fourths of the several states.

Therefore, we the people of the State of Nebraska, have chosen to amend the Constitution of Nebraska to inform voters regarding incumbent and nonincumbent federal and state candidates' support for the congressional term limits amendment provided for in this section.

XVIII-2 We, the voters of Nebraska, hereby instruct each member of our congressional delegation to use all of his or her delegated powers to pass the congressional term limits amendment set forth in Article XVIII, section 1, of this Constitution.

All primary and general election ballots shall have printed the information "DISREGARDED VOTERS INSTRUCTION ON TERM LIMITS" adjacent to the name of any United States Senator or United States Representative who

III-2 "The first power reserved by the people is the initiative by which laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. To initiate the enactment of a law or the adoption of a constitutional amendment, a petition shall be circulated which contains the entire proposed law or constitutional amendment. The petition shall be filed with the Secretary of State. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall submit the proposed law or constitutional amendment to the electors of the state at the first general election held not less than four months after the petition is filed. The required number of signatures for a law is seven percent of the votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a petition for a law or a constitutional amendment shall include signatures equal in number to five percent of the votes cast for Governor at the general election next preceding the filing of the petition from each of two-fifths of the counties in the state. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election are approved, the one receiving the highest number of affirmative votes shall become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative."

III-3 "The second power reserved is the referendum which may be invoked against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. By refer to an act or part of an act of the Legislature, a petition shall be circulated which sets out the title of the act against which the referendum is invoked and, if only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. The petition shall be filed with the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed has adjourned sine die or for more than ninety days. If the petition is signed by the required number of registered voters appropriately distributed, the Secretary of State shall refer the act or the part of the act to the electors for approval or rejection at the first general election to be held not less than thirty days after the filing of the petition. The required number of signatures is five percent of the votes which were cast for Governor at the general election next preceding the filing of the petition. The distribution of the registered voters signing a referendum petition shall include signatures equal in number to five percent of the votes cast for Governor at the general election next preceding the filing of the petition from each of two-fifths of the counties in the state. Each actual property tax rate levied for a governmental subdivision shall be the same for all classes of taxed property and franchises. Taxes uniform as to class of property or the ownership or use thereof may be levied by valuation or otherwise upon classes of intangible property as the Legislature may determine, and such intangible property held in trust or otherwise for the purpose of funding pensions, profit sharing, or other employee benefit plans as defined by the Legislature may be declared exempt from taxation. Taxes other than property taxes may be authorized by law. Existing revenue laws shall continue in effect until changed by the Legislature."
