School Board accepts bid

By Kevin Peterson
Of the Herald

The Wayne School Board voted to accept the bid of \$239,706 from Landis and Staefa on heating and ventilation modifications for the K-4 Elementary Building during Monday's meeting.

The Board voted not to include the capitol improvements in the project since it was not recommended by the school attorney, Chris Connolly.

Connolly did not support the inclusion based on his interpretation of statute and his conversations with other bond counsels.

The bid from Landis and Staefa will include the replacing of the boiler, repiping of the existing heating loops (north and south), replacing the existing unit ventilators, replacing heating controls in all rooms with digital controls and technical support.

The Board was approached by four eighth grade students for a request of funding for a trip to National History Day, June 14-18 at Maryland University—just 12 miles from Washington, D.C.

The students, Jodi Stowater, Jessica Agler, Faith Kroeker and Ann Temme won the district competition on March 13, at Wayne State College.

The foursome then won the state competition at Nebraska Wesleyan in Lincoln on April 18.

The presentation: Ellis Island—One of the Greatest Migrations in History, depicts the standard procedure immigrants went through, and the terrible disappointments and pain that some endured.

It also emphasizes one of the

cherished values of our country, freedom and the opportunity to find a better life.

The Board could not take action on the request since it was just introduced but it is expected to be on the May 11, agenda.

The students are looking to raise nearly \$3,000 for the trip.

Dr. Jensen talked with the Board about the passage of Legislative Bill 1175 which was passed.

"With the Governor's (Ben Nelson) veto of special education funding, there is a risk that special education reimbursement will not happen for 1999-2000 due to the veto," Jensen said. "That would mean the last reimbursement would come this school year."

Jensen talked about LB 532 which provides more benefits for those already retired for at least five years and have had 25 years of creditable service.

LB 1104 reduced the sales tax from 5 percent to 4.5 percent—for one year. The expected reduction in revenue is \$91 million.

"For schools, it means a transfer of \$80 million to input into the state aid disbursement formula," Jensen added. "For ESU's, it means a \$9.7 million core services fund—but limit its ESU property tax collection from 3.5 percent maximum to 1.5 cent maximum and categorizes how the dollars must be spent."

"The \$9.7 million does not offset the loss to the ESU's," Jensen said. "According to ESU administrator Rod Garwood, ESU must still find \$70,000 in cuts for the coming year just in administrative costs."

LB 1129 is an energy project

Plans under 'coop'struction for annual Chicken Show

The 1998 Chicken Show T-shirts will be available to be purchased Friday, May 1. This year's design was again created by Marla McCue who did an "eggcellent job."

Lori Salberg is the chairperson for the t-shirt committee. She will also be selling previous years' t-shirts on the day of the Chicken Show (July 11) at Bressler Park. Lori is encouraging everyone interested in purchasing t-shirts to

do so as soon as possible due to selling out of all 1997 t-shirts by the end of last year's show.

Lori can be reached at 375-1502 or (402) 585-4570 with questions regarding the sale of the t-shirts.

Stadium Sports printed the t-shirts and according to Lori, "the Chicken Show Steering Committee is 'eggstremely"

Council debates ordinance

By Clara Osten
Of the Herald

A group of people were on hand again at Tuesday's Wayne City Council meeting to speak against the proposed change in the city code regarding supervision and hours of public entertainment.

Rod Tompkins, Terry Poland, Dianna Langemeier and Amber Robinson all spoke against the ordinance.

Tompkins, owner of Riley's, said the passage of the ordinance would end the no alcohol dance held on Thursdays during the school year.

"We have tried changing the hours and the rules but it was not profitable. In recent months we have made changes and haven't noticed any problems at the dance," Tompkins said.

Dianna Langemeier, who lives near the college said that several years ago she had to call the police on a regular basis for noise. Since the implementation of the dances at Riley's, her neighborhood has been much quieter.

"If the kids don't have Riley's,

they will party elsewhere. The kids should have a place where they can have non-alcoholic parties," she said.

Terry Poland, manager of Riley's said that some of the noise being created on Thursday nights is coming from the trailer court and is being blamed on Riley's.

Amber Robinson, who also works at Riley's said having the dances until 2 a.m. is good economically and "kids will drink and party until 4 a.m. They need a place to dance off the alcohol."

Several people spoke in favor of limiting the time of the dances.

John Redel, who lives east of Riley's said that every time there is a dance, he has to call the police for the noise. He also said that two years ago several promises were made by Riley's and they have not been kept.

Council persons Jane O'Leary and Verdel Lutt both spoke in favor of amending the ordinance. Mrs. O'Leary said that she has spoken to students who did not feel safe attending dances at Riley's. Lutt said the ordinance

would not close the dance, but adjust the hours.

"(By keeping the extended hours) We are providing an extra opportunity for kids to get into trouble," he said.

No action was taken on what would have been the third and final reading of the ordinance.

In other action, the council passed two ordinances directing the sale of two pieces of land, one near Logan Creek and the other west of Main Street. In both instances, the third reading was waived.

Water well permits were approved for, Bill Kinney and Dr. Robert Krugman and Tamra Krugman. Kinney is putting in an irrigation well and agreed to give the council the results of all findings sent in for state evaluation.

The Krugman's are installing a domestic well which will be subject to state standards for the protection of the aquifer and those using the well.

A proposal was accepted from Western Consulting Inc. in Fort

Collins, Colo. for a retail electric cost of service study. The cost of this study is \$9,800. The study will begin in May and could take up to 120 days to complete.

A sub-committee has been appointed to consider a request from the Wayne Country Club to rebuild the #9 green and the practice green at the Country Club.

The estimated cost of the repair is \$40,000. The work would begin in late summer and be completed before the course opens next spring.

Officials from the Country Club said that Marty Johnson of South Sioux City would be hired to do the work with some portions being done by local contractors.

Ken Dahl, Superintendent of the Wayne Country Club, said the golf course is part of the total recreation program for Wayne and the desire is to keep golfing affordable.

Patty Weiland, Darrel Fuelberth and Galen Wiser will make up the sub-committee studying the issue.

Four Wayne Middle School students have qualified to go to the National History Day Competition on June 14-18 at the University of Maryland at College Park.

The girls then went on to Nebraska Wesleyan University in Lincoln on April 18 to compete

Is Legislature in a 'pickle'?

By Ed Howard Statehouse Correspondent The Nebraska Press Association You have to wonder if there is a Nebraska lawmaker out there who, in a moment of candor following the 1998 session, would like to quote the manager of a former prizefighter who got walloped by Joe Louis.

Then, the ship hit the sand. Lawmakers were asking if they knew what they had done. Should they have done it? Should they undo it?

because, at this point, it might not matter if the Wickersham amendment represented the very best public policy. That stupid Andre Agassi commercial of a few years back was on target: sometimes image is everything! That stinks, but that's true.

A final question (and if Attorney General Don Stenberg is reading, perhaps he can respond) Is everyone, or anyone, certain that the Legislature really can call itself into special session?

Genealogy Corner

How to go about securing records

By Maureen M. Lee Last month's column addressed the importance of not overlooking civil (or non-church) vital records in genealogical research. Securing these records is relatively simple, however, one must first locate the correct entity holding the records.

about \$10 for a certified copy, \$3 for a photocopy, non-certified. The charge for a will can be a flat rate, a by-the-page charge (for example 10 cents per page) or a minimum charge of, say, \$3.

And now a bunch of pretty much big deal business types are backing a petition drive that would give voters the chance to put spending lids on the Legislature via the state Constitution.

Naturally the Nebraska State Education Association and a bunch of school districts want to keep the plan in place.

Another important question. How much of this stuff could have been avoided if Wickersham had simply put a price tag on the amendment? Would he still have had the 25 votes needed for its initial adoption?

And if the attorney general opines that the Legislature might not be able to call itself into special session, will anyone notice before Ms. Reed authors another informative, Sunday story?

Fortunately, the U.S. Department of Health and Human Services publishes a 30-page booklet titled "Where to Write for Vital Records." This publication details how vital records can be obtained.

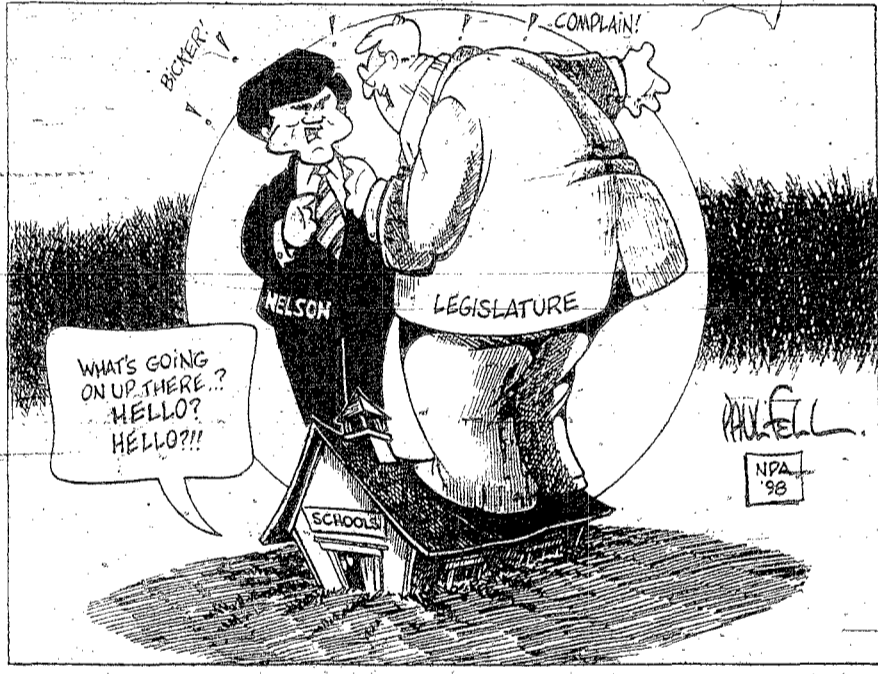

There are cases where a record will not be available. Some states have imposed a "waiting period." For example, New York will not release a death record for a period of years, or a recent birth record unless the person is known to no longer be living.

Two questions. How did the Legislature get into this pickle? Is the Legislature really in a pickle?

And against that backdrop, the aforementioned Business leaders said they would back the petition to put before voters the Constitutional amendment that would limit the spending authority of Legislators.

At this writing, Sen. Ernie Chambers is calling for the Legislature to call itself into special session to deal with a variety of issues related to the bill that carried the Wickersham amendment.

Thanks for reading. I consider it a favor. Now, do yourself a favor and think about all this and ask some questions and then participate in this not-always-pretty-but-nonetheless-representative democracy.

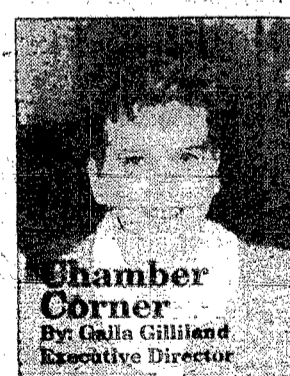

Easy. The only thing surprising about the latest tempest in the Tower on the Plains is that such a rhubarb was hatched without the machinations of a John DeCamp.

First, the Legislature adopted the now-famous amendment offered by Sen. Bob Wickersham of Harrison. It could boost state aid (sales and income tax dollars) to school districts by some \$70 million annually.

Group gathers development ideas

A group of nine people traveled recently to Walnut and Corning, Iowa to look at their community development efforts. While each community focused on a specific method, the result was the same. Both small towns are thriving examples of capitalizing on tourism dollars to enhance and develop their communities economically.

Chamber Corner By Gaila Gilliland Executive Director

YOU might be a property owner or contractor. YOU might be a retired person or a winner of the Citizen of the Year awards. YOU might be in business on Main Street... and then again, YOUR business might be located elsewhere in town.

April plans to return to Corning sometime in June. The actual date has yet to be confirmed, but you will be given ample "Lied Time" to make arrangements. If you're interested in going, contact the Chamber/Industries office at 375-2240.

From 1900 or so, birth and death records are, in almost all cases, on file at the state level. Records prior to this are generally found at the town or county level, depending on the state.

When corresponding with an agency, keep it simple. Provide them with the name of the person you are seeking information about and the date of the event.

Marriage and divorce records are generally found in the county in which the license was issued, or the divorce granted. This usually applies, regardless of the year that the event occurred.

For all records, provide the location of the event; town, county, state. If an exact town is not known, include the county name as this will narrow the field.

Wills are generally on file in the county where the will was registered and filed. There are many different names (Probate Court, Registers' Court, Surrogates' Court, to name a few) for the entity housing probate records, but essentially their function is the same.

Due to the volume of requests these agencies receive, you are much more likely to get a prompt response by keeping it simple. A busy clerk does not have time to read a three page letter about your family history. One paragraph, no more than two, is sufficient to provide them with the information they need to find a record, if it exists.

Fees involved vary widely and from entity to entity. I've paid as little as \$1.50 for a certified birth or death record (West Virginia) and as much as \$15 for each (New York.) Marriage licenses can run

Small town living is being praised

Dear Editor: As a high school student I have done my share of traveling throughout the years. I have seen places from the beaches of Florida to the mountains of Colorado, and of all these memorable places one constantly sticks in my mind. The place I am speaking of is the hometown of my parents and still today the home of my grandparents. It is a small town in Nebraska called Wayne. It consists of 3,000 people and it is a place where everyone knows everyone. Wayne is everything that pops into a person's head when he or she thinks of small towns. Of course there is a Main Street that has every-

thing one could possibly ever need or ever want. Wayne's red brick roads that lead from Main Street to the homes have seem to become so uncommon in the contemporary cities of today. The homes of Wayne, Nebraska are big and old and creak when one descends down the large staircases. The houses have that smell that has become extinct in the homes of today. The smell of fresh apple pies baking in the oven, the aroma of polish that stains the antique furniture that has been passed from generation to generation, and even the occasional

Walnut, on the other hand, has chosen to revitalize the community of under 1,000 population by attracting antique dealers to vacant buildings on Main Street. The key component in what Walnut has done, and continues to do, is to develop a vision. Now, some might say the vision is "pie in the sky," or "totally unrealistic," or "unreachable." But the fact of the matter is that without a vision, nothing much is going to happen. Walnut, Iowa, enjoys a unique location on an interstate highway, but Corning and Wayne do not. Nothing will change that geographic reality. Consider, however, the population within a 60 mile radius of Wayne. We're only 45 miles from an interstate, lots and

The next step is for those of us in Wayne to replicate Walnut's development of shared vision. Yes, this means YOU need to be a part of the process! Yes, this means YOUR ideas are important! Yes, this means YOU are needed to work on a committee! Yes, this means YOU need to commit to revitalizing your downtown area! To whom do I refer when I say "YOU"? YOU might be in finance, retail, service, city or county government, extension, college, media or the restaurant business.

LB 1219 provides for unification of school districts. "It would take three years and a superboard would be organized," Jensen said. "One board member would represent

each affiliated district." It also provides for procedures to reduce property tax requests and limits Class 1's levy for building repairs from 17.5 cents to five cents.

LB 1219 also provides state-aid funding for schools that have to reduce their revenue budget by over 10 percent.

"The facility report was discussed on happenings at the April 21 meeting. "It was another in a series of consensus meetings held to gain as

much input from all factions of the community before defining the project," Jensen added. The final meeting will be on Thursday night.

"The Board voted to purchase a permanent lift to be installed at the east end of the high school theatre at a cost of \$13,000.

"The Board also voted to approve the 59 graduates for the Class of 1998 as listed by Principal, Dr. Don Zeiss.

According to the 1998 Wayne Chicken Show Chairperson, Karen Shattuck, this year's brochures have been printed and are ready to be distributed. Chairman of this year's brochures is Shellyn Sands.

"Shellyn has spent several volunteer hours coordinating the information on events to be held this year and she did a fantastic job," Ms. Shattuck said.

According to Mrs. Sands, there are some new and exciting events that the public will want to attend with their families such as

the Hard-Boiled Egg Eating Contest.

Jason DeWald of Wayne State College is the current champion of the contest.

The group performance earned a first place rating and qualified them to compete in national competition.

"History Day is an annual event that involved many students from

the area. It is an excellent way to learn more about history," said Scott Lepke, history teacher at the Middle School.

This year's theme was "Migration in History: People, Ideas and Cultures." The girls chose to do their performance on Ellis Island and the immigrant

experience.

"The girls are also looking for places to perform to polish up on their presentation before the national competition," Mr. Lepke said. Anyone who would like to have them perform for their group or organization should contact Mr. Lepke at the Wayne Middle School at 375-2230.

Witkowski named to Academic Team

Northwest Community College Student Teresa Witkowski of Wayne is one of 17 community college students from across the state who has been named to the first Nebraska All-State Academic Team and was honored on Tuesday, April 21 at a noon ceremony in the East Chamber of the Capitol Building in Lincoln.

Phi Theta Kappa (PTK), an international honor society for two-year

institutions and the Nebraska Community College Association (NCCA) sponsored the event to provide recognition to outstanding students from each of the state's six community college areas. The celebration also recognized the 25th anniversary of the founding of the community college system in Nebraska.

Each community college president was allowed to nominate two students per campus to the academic team. Nomination was based on the student's eligibility to graduate during the 1997-98 year and a cumulative grade point average of at least 3.25. The students did not have to be PTK members to be selected.

smell of mothballs wafts through the rooms and hallways. From the front yard I can hear the sounds of a junior league baseball game or kids swinging down the street at the town park and I can't forget the splashes of children as they play in the public pool when the weather is just unbearable. All of these characteristics make Wayne, Nebraska the most beautiful place in America to me.

Thanks to my parents I have been blessed to have the small town of Wayne, Nebraska as a part of my past. I would love to pass on this cherished gift to my husband and my children in the future. Wayne is a place for families and it is a place where there are no worries and no expectations one has to live up to. Reliving one's child like spirit is something that just seems to happen when he or she walks down the back roads to the ice cream parlor.

on sunny Sunday afternoons. This town is a part of my past that I am very proud of and introducing it to my future family would mean bridging the gap from my past to our future. Hopefully, Wayne would come to mean the same thing to my children as it does still to me.

In the future I will continually visit Wayne, Nebraska. To me and my family it will become an escape from the ever changing and increasing bustle of city life. Passing it on to my children will mean passing on the meaning of small town simple family life, and showing them this meaning will encourage them to educate their family the same way. No matter how much life changes around me and within me, I know there will always be a place for me in Wayne, Nebraska - a place where I can sit on an old front porch swing and simply enjoy the life I have been so blessed with.

Praise to WSC athletes

Dear Editor:

On behalf of the people of Our Savior Lutheran Church, I would like to express sincere appreciation to Head Coach Kevin Haslam and the members of the Wayne State College football team and the coaching staff for their recent valuable volunteer service in the community.

Members of the football team and coaching staff donated their time on Saturday afternoon, April 25, to help improve the exterior

landscape of the Our Savior Center (the former city library). Moreover, they also went through the community picking up trash and volunteered their time to help various individuals.

While many people might not be aware of their efforts, public appreciation is well deserved for their generous contribution to our community.

Thank you!

Diet and medical care can lower high blood pressure Engagements

Hypertension (high blood pressure) is the major risk factor for stroke, a serious health concern in Nebraska. Up to 50 million Americans have hypertension—and 35 percent don't even know it!

The good news is hypertension is easily identified and can be reduced with proper diet and medical care.

An average blood pressure reading is 128/78. The first number is systolic, or when the heart beats. The second number is diastolic, or when the heart rests between beats. The higher the numbers, the harder the heart has to work to pump blood through the veins and arteries and the more at risk a person is for a stroke.

Typical ways to reduce high blood pressure include reducing salt and alcohol intakes, losing weight and quitting smoking. Recently, a new approach that in-

Sally Ebmeier
Cedar County

cludes eating a diet rich in fruits, vegetables, low-fat dairy products and reduced saturated fat has been identified as one more healthy step to reducing high blood pressure.

When eaten for eight weeks, the following dietary plan signifi-

cantly lowered both systolic and diastolic pressures in persons with mild hypertension, according to a National Heart, Lung and Blood Institute study. The title of the study was DASH — "Dietary Approaches to Stop Hypertension."

The DASH diet includes these daily servings: seven-eight servings of grains and grain products; four-five servings of vegetables; four-five servings of fruit; two-three servings of low-fat or nonfat dairy foods; two or less servings of lean meats, poultry and fish and one-half serving of nuts and legumes.

The study results suggest that diligent adherence to this diet could have the same effect of lowering blood pressure as do some hypertensive medications.

For more details, check the DASH World Wide Web site at <http://dash.bwh.harvard.edu>.

Meeting time is changed for VFW Auxiliary

Veterans of Foreign Wars #5291 auxiliary met in the home of Neva Lorenzen on April 13.

President Glennadine Barker presided at the meeting with eight members present.

General orders No. 3 and 4 were read and filed. Order No. 4 deals with election of officers and installation of these officers. All officers should be installed within 60 days.

Members were reminded to send in the names of those who have been members 40 years or more.

The Department Convention will be held at the New World Inn in Columbus June 19-21, 1998.

A notice of the District III meeting scheduled for April 19 at Bloomfield was given. Arlene Pietz is the new District III President.

A thank you card was read from Clone Zach's family for a memorial gift.

Eveline Thompson, Cancer Aid and Research chairman, reported that the cancer aid pins had arrived and distributed to those who had purchased them.

The group is \$14 short in the Cancer Aid and Research Fund. Auxiliary members who have life memberships fail to meet these obligations. The auxiliary is required to meet this goal each year based on past year's membership. The difference will be made up from the Lunch Fund.

Ruth Korth, Legislative chairman, reported that brochures from Senator Pat Engel's office will be brought to the District III meeting and will be distributed at the next meeting.

Neva Lorenzen, Rehabilitation chairman, reported that a Christmas gift was given to Helen Sommerfeld.

Leona Kluge, Safety chairmen, warned members of be aware of telephone slamming and advised them to check phone bills. She also informed members that colon cancer kits are available from Providence Medical Center.

The group voted to pay the \$9 delegate fees to the State Convention. They also voted to change meeting times from the evening to afternoons. Beginning with the May meeting, the group will now meet the second Monday of each month at 2 p.m.

All officers currently holding an office will retain that position for another year. Leona Kluge was appointed Assistant Guard.

Installation of officers will take place at the May meeting with Frances Doring as the Installing Officer.

A memorial service for Clone Zach will be held.

Tara Hart was selected to go to Girls State and Trisha Hansen as alternate.

The next meeting will be Monday, May 11, at 2 p.m. at the Neva Lorenzen home.

Darlene Helgren and Elaine Draghu will serve.

Claire Rasmussen, a native of Wayne and senior at Coe College in Cedar Rapids, Iowa, is one of four Coe students who presented papers at the Midwest Student Research Conference in political science in Omaha April 17-18.

Ms. Rasmussen, the daughter of Russ and Charlene Rasmussen, is a 1994 graduate of Wayne High School.

Her paper, entitled, "Deconstructing Politics: Post-Structuralism and Radical Democracy," was based on research completed for advanced political science courses at Coe.

Arbor Day celebration

Sarah Jensen, center, shovels dirt around the tree that was planted in her honor as part of Arbor Day activities held last Thursday. Sarah received the tree for being the Nebraska Poster Contest Winner. The purple leaf ash was planted by Extension Forester Steve Rasmussen and Dave Mooter, Community Forester for the Nebraska Forest Service. In addition, the group planted a Kentucky Coffee Tree to honor this year's foreign exchange student, Lina Margarita Santisteban Rojas.

There were 87 ladies and five pastors present at the event. Pastor Ricky Bertels, zone counselor, led the hymn singing and Pastor Richard Tino of St. Paul in Winside led the opening devotion. Pat Janke, zone president, greeted the ladies and pastors and introduced the guest speaker, Cindy Salzmann from Omaha.

Cindy told the group how she had tried many ways to find time to pray and nothing worked until she began keeping her prayer journal. She explained what she

TRAIN DERAILMENT

A train derailed west of Allen on Friday afternoon.

The Nebraska Northeastern Railroad train was heading west and derailed in the deep cut southwest of the long trestle approximately two miles southwest of Allen.

Ten large trucks with heavy equipment arrived on Saturday to upright the cars. Huge lights allowed the crew to work through the night. However, over two inches of rain fell, causing mudding conditions on minimum maintenance roads in the area.

Several trucks were pulled out by caterpillars on Sunday, across the dirt road which emerges at the old bulk plant at the south edge of Allen.

By Monday, the trucks were lined up on the gravel road just west of Allen, awaiting their heavy equipment loads when the work was completed.

CHURCHES UNITING

The Allen/Dixon United Methodist Parish and the South Sioux St. Paul's United Methodist Church will become a larger parish at appointment time this year.

The three churches will be co-pastored by the Reverends Terry and Nancy Tomlinson. Each church will retain its own unique identity and ministries but will have the abilities and giftedness of two pastors rather than one.

Terry and Nancy are excited about this move and said, "It will enable us to have a much longer pastorate in the northeast Nebraska area and remain connected to people that we have grown to love."

The merger will allow each church to offer more diverse ministries to its community since the two pastors have different areas of special interest and training.

The change will become effective in July. Interested individuals are encouraged to speak to Pastor Nancy or Pastor Terry about the change.

FFA BANQUET

The annual FFA Banquet will be held Friday, May 1 in the school gymnasium beginning at 6:30 p.m.

Ron Otte of the Village Inn will prepare the food and members will furnish salads and desserts.

Those needing tickets can contact any member or FFA Advisor Tom Wilmes.

The program features speaker Julia Soukup, a past State FFA officer, a review of the year's activities, a history of the woodshop, recognition of past FFA members, awards and officer installation.

New officers include Kenneth Rahn, president; Jeremiah Strelow, vice-president; B.J. Robinson, secretary; Austen Stewart, treasurer; Jessica Bock, news reporter; Melissa Wilmes, sentinel; and Jennifer Smith, parliamentarian.

BIRTHDAY CELEBRATION

The Senior Citizen Center will be celebrating May birthdays on Friday, May 1 at 9:30 a.m.

Seniors with birthdays this month include: Ardith Linafelter,

Earl Potter, Lillian Davenport, Jimmie Woodward, Alvin Rastede, Court Roberts, Donna Stalling, Carol Jackson, Larry Lanser, Ralph Osbahr and Clair Schubert.

MEET THE CANDIDATES

A letter has been sent by Allen Community Club members inviting Allen's eight people running for the Board of Education to a "Meet the School Board Candidate" public forum planned for Thursday, May 7 at 8 p.m. at the school.

This year's primary election candidates for school board are Wayne Rastede, Barry Martinson, Rob Bock, Jeff Sievers, Dave Rahn, Jerald Stewart Jr., Jane Keitges and Aldon Klaassen.

At the primary election, this slate of names will be narrowed to six who will be on the ballot in the fall election. The deadline to register to vote in the primary is May 1. Those needing to register may do so at the Village Office during weekday mornings or at the Dixon County Courthouse in Ponca.

SUMMER HELP
The Village of Allen is taking applications for summer help. Applicants must be at least 16 years of age. Applications must be picked up at the Village Office and will taken until May 4.

ALUMNI MESSAGES
Allen alumni classes meeting this summer can send their classmates a message in the next alumni mailing currently being compiled. Anyone wanting to amend their last message or include a new one on the Alumni Message Board in the newsletter, please contact Kathy Boswell immediately.

HOUSE FIRE
Allen firefighters were called out April 23 to a possible house fire reported by a neighbor at the Clair and Fran Schubert home. No fire or smoke was evident from inside the building. A nearby burn barrel and possible reflection explained the false alarm. The Schuberts were not at home at the time.

CHILD ABUSE CLINIC
Allen DayCare Director Vicki Bupp, DayCare workers Carol Jean Stapleton and Carol Chase and Pastor Nancy Tomlinson and Colleen Farnick, RN attended a Child Abuse Clinic presented at the Life Long Learning Center in Norfolk. The presentation by Dave Pelzer was one of the clinics which child care workers must attend to ensure the center retains its license.

ARBOR DAY
Tree Board member Marcia Rastede announced the Arbor Day Assembly held April 22 that Allen had once again been named a Tree City USA. This is the fifth consecutive year the community has received this award. Mrs. Rastede added that replacement trees have been ordered for the Historical Tree Grove and new linden, ash and maple trees ordered for the Allen Nature Grove project. She also recognized the fourth

grade class members who collected \$94 in pennies this school year. Their money was used by the Heritage Mini-Park committee to purchase a Canada Red Cherry and a Whitespire Birch, displayed at the assembly, to be planted near the gazebo. Guest speaker Forester Steve Rasmussen gave a brief history of Arbor Day and noted at April 22 was also Earth Day. He showed a video "It's Arbor Day Charlie Brown." Following the assembly, Rasmussen accompanied the fourth grade students to the Heritage Mini-Park to assist in planting the trees.

TREES ORDERED
Bundles of 10 Norway Maples, Littleleaf Linden and Seedless Ash trees have been ordered to be planted in the Allen Nature Grove by adult community members and fourth and fifth grade students. Funding for the trees came from Pheasants Forever and the Lewis & Clark NRD's Community Assistance Program. A planting

date will be set when the trees arrive. Adult community volunteers to assist will be needed. Allen Nature Grove is a joint project of the Allen Consolidated Schools, Pheasants Forever and the Village of Allen.

SENIORS GATHER
Twenty-three members of the Ponca Senior Center ate lunch at the Golden Eagle Nutrition Site in Allen on April 23.

COMMUNITY CLUB
The Allen Community Club met April 20 at the Village Inn for dinner and a meeting. John Werner presided at the meeting. Four vendors have purchased tables for the June 13 Flea Market. Anyone interested in purchasing a table should contact Ken Linafelter. If there is enough interest, it was suggested to have a consignment sale on June 14. Santa's visit and Christmas Drawing was set for Saturday, Dec. 19. Replacement trees for the Historical Tree Grove have been ordered.

A work night at Heritage Park was set for the following Wednesday, May 13 is Community Clean-up Day. President Werner states that monies may be available for distance learning center equipment. He noted that the school may be interested in coordinating school and community educational services and equipment sometime in the future. Faith Keil reported that the Dixon County Historical Society will meet and decide on a time for volunteer painting at the Nyen House. The next Community Club meeting will be Monday, May 18.

SADDLE CLUB
The Allen Golden Spurs Saddle Club met April 19 at the home of Carl Domsch. Twenty-six riders enjoyed the first trail ride of the season.

After the ride, a short meeting was held, followed by a finger food lunch. The next trail ride will be Sunday, May 31 with the Dwaine Oswald family sponsoring.

Pet therapy works

All that talk about pet therapy in nursing homes reminded me of the Eden Alternative.

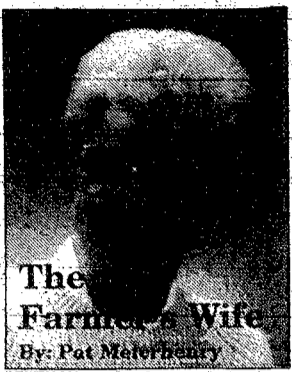

Interesting name, don't you think? It's also an interesting concept. With the Eden Alternative, the birds aren't just in the aviary. They are in resident's rooms and cared for by residents. So are the cats and dogs.

As with almost everything medical in America, this began in the East. It was the brain child of an MD or a DVM. I'm not sure, who concluded nursing homes should be less institutional and more like real homes. This isn't a new idea, but turning animals loose and letting residents adopt them is.

The Eden Alternative uses plants all over and music and dancing and I don't know what all. I haven't actually seen it, I've just read about it. But the facilities that have converted to it are using less sedatives and sleeping pills, even fewer antibiotics because this environment boosts the immune system. Amazing!

There are some homes in Iowa that have converted and the Thomas Fitzgerald Home in Omaha is working on it. As you can imagine, it isn't cheap. I'm sure there isn't any Medicare reimbursement for it, nor should there be.

The corporation I work for has a large nursing home in Lincoln. They will be doubling the size of their special-care unit this year and it will incorporate the Eden Alternative. There will be an office, a kitchen, workbench and paths to wander around in. The idea being to provide as many reminders of past lives as possible.

The Farmer's Wife
By: Pat McElhenry

As our Foundation director announced plans for this project, I nudged Mike and said, "Sounds like Jessie's house and that was one on one."

His mother never lost her personality, got belligerent or used profanity, thank goodness. But she did lose her memory and it wasn't safe for her to be alone.

Jessie took her into her home and treated her like another sister. There was a cat, a dog, a yard with birds and squirrels; a big kitchen with potatoes to peel and plenty of worth-while projects to keep them both busy.

Mom lived there for five years. She had one fall during that time, with a resulting fracture. Otherwise, she was healthy and happy in her own little Eden. Jessie has a birthday this week and I'll be sending a special card. She deserves our deep appreciation. We were very fortunate to find her.

TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT

Section 1. At a special election on May 12, 1998, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection.

To amend Article IV, section 1 IV-1 "The executive officers of the state shall be the Governor, Lieutenant Governor, Secretary of State, Auditor of Public Accounts, State Treasurer, Attorney General, and the heads of such other executive departments as set forth herein or as may be established by law. The Legislature may provide for the placing of the above named officers as heads over such departments of government as it may by law establish.

The Governor, Lieutenant Governor, Attorney General, Secretary of State, Auditor of Public Accounts, and the State Treasurer shall be chosen at the general election held in November, 1974, and in each alternate even-numbered year thereafter, for a term of four years and until their successors shall be elected and qualified.

In the general election one vote shall be cast jointly for the candidates for Governor and Lieutenant Governor nominated by the same party. The Governor shall be ineligible to the office of Governor for four years next after the expiration of two consecutive terms for which he or she was elected.

The records, books, and papers of all executive officers shall be kept at the seat of government. Executive officers shall reside within the State of Nebraska during their respective terms of office, and such officers, excepting the Lieutenant Governor and members of boards and commissions when the board or commission is the head of an executive department, shall reside there during their respective terms of office. Officers in the executive department of the state shall perform such duties as may be provided by law.

The heads of all executive departments established by law, other than those to be elected as provided herein, shall be appointed by the Governor, with the consent of a majority of all members elected to the Legislature, but officers so appointed may be removed by the Governor. TEXT OF PROPOSED CONSTITUTIONAL AMENDMENT

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT

Section 1. At a special election on May 12, 1998, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection.

To amend Article III, section 2 III-2 "The first power reserved by the people is the initiative whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition be for the enactment of a law, it shall be signed by seven percent of the registered voters of the state, and if the petition be for the amendment of the Constitution, the petition therefor shall be signed by ten percent of such registered voters. In all cases the registered voters signing such petition shall be so distributed as to include five percent of the registered voters of each of two-fifths of the counties of the state, and when this signed petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition shall have been filed. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election be approved, the one receiving the highest number of affirmative votes shall thereby become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative. Initiative measures shall contain only one subject."

Sec 2. At a special election on May 12, 1998, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article III, section 3 III-3 "The second power reserved is the referendum which may be invoked, by petition, against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. Petitions invoking the referendum shall be signed by not less than five percent of the registered voters of the state, distributed as required for initiative petitions, and filed in the office of the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed shall have adjourned sine die or for more than ninety days. Each such petition shall set out the title of the act against which the referendum is invoked and, in addition thereto, when only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. No more than one act or portion of an act of the Legislature shall be the subject of each referendum petition. When the referendum is thus invoked, the Secretary of State shall refer the same to the electors for approval or rejection at the first general election to be held not less than thirty days after the filing of such petition.

When the referendum is invoked as to any act or part of act, other than emergency acts or those for the immediate preservation of the public peace, health, or safety, by petition signed by not less than ten percent of the registered voters of the state distributed as aforesaid, it shall suspend the taking effect of such act or part of act until the same has been approved by the electors of the state."

PROPOSED BY THE 1997 LEGISLATURE PROPOSED AMENDMENT NO. 6

ELECTION PREVIEW

Nebraskans will be voting on seven issues when they go to the Primary Election polls on May 12. So that voters can better understand these important proposed changes to the state Constitution, the Nebraska Press Association in cooperation with this newspaper has prepared a series of reports on each of the issues. Each report deals with a few issues, briefly defining them, explaining their purpose and finally stating the arguments for and against. This is the second report in the series.

Putting fraud in its place

PROPOSED CONSTITUTIONAL AMENDMENT 3: The constitution currently bars putting people in jail because of debt in any civil action, but makes an exception for cases of fraud. The amendment would eliminate the exception, since fraud is covered by criminal statutes.

SUPPORT: Since fraud is dealt with in criminal statutes it does not need to be included in the Constitution to cover civil matters.

OPPOSITION: If the amendment is rejected, the Constitution would still provide that people can be imprisoned for debt in civil cases.

Updating Habeas Corpus

PROPOSED CONSTITUTIONAL AMENDMENT 4: Currently the constitution allows courts to deny a request for a writ of habeas corpus (seeking release of someone detained by the government) in cases involving "rebellion or invasion or where the public safety requires it as prescribed by law." The amendment would eliminate this exception, deemed by lawmakers to be antiquated.

SUPPORT: The current language is outdated and unneeded.

OPPOSITION: Rejection of the amendment would keep the current language in the Constitution.

Initiative and Referendum Petitions: One subject only

PROPOSED CONSTITUTIONAL AMENDMENT 5: This amendment is in two (2) parts. Part "A" would require that initiative petitions, those proposed and qualified for the ballot by registered voters, contain just one subject. Critics of the current system say those sponsoring initiative petitions can currently piggyback proposals and thus, at least potentially, require voters to vote for something they might oppose in one part of the plan, in order to vote for something they like in another portion. Part "B" of the amendment would specify that referendum petitions, those aimed at repealing an enactment by the Legislature, could target only one such enactment at a time. A referendum petition could be used to seek the repeal of one law, but the same petition could not be used to seek repeal of two or more laws.

SUPPORT: Putting two or more subjects in an initiative petition can create situations where the electorate might have to vote for something it does not want enacted to ensure adoption of something it wants in the law or the Constitution.

OPPOSITION: Failure of the amendment means sponsors of initiatives and referendums could continue to piggyback issues in a single petition.
