Mash to lead University of Wisconsin-EAU Claire

The President of Wayne State College, Dr. Donald J. Mash, will be recommended to the University of Wisconsin System Board of Regents for the position of chancellor at the University of Wisconsin-Eau Claire.

The Regents will take formal action during their monthly meeting May 7-8.

"Leaving Wayne State after 10 wonderful years will be bitter-sweet. I am so proud of what we have been able to do here. Personally, it has been a labor of love for me. I am most grateful for the outstanding cooperation and support I have received. Wayne State is a great place with a bright future," Mash said.

"The opportunity for the challenge of another outstanding experience was compelling. The University of Wisconsin-Eau Claire is an outstanding university in an outstanding system. It enrolls 10,500 students, is primarily undergraduate, has a beautiful campus and has been ranked No. 3 in the Midwest by *U.S. News and World Report* in the best regional public universities category," Mash commented.

Mash has been president of Wayne State College since 1989. Under his leadership, enrollment has grown to nearly 4,000 students and more than 35 full-time faculty positions have been added. The physical campus has undergone numerous enhancements including the construction of the Gardner Business Building, the renovation and addition to the Student Center and the renovation of an obsolete power plant

into a studio arts teaching learning facility.

The college also completed its first-ever national fund-raising campaign, which raised more than \$13.5 million. During the last 10 years, the assets of the Wayne State Foundation have increased nearly five times as a result of the campaign and the leadership of Dr. Mash.

A strategic planning process has focused teaching and learning and the enhancement of the classroom experience, as priorities of the College. The college's public-service activities have also increased.

Prior to coming to WSC, Mash served as executive vice-president for administration (1985-1989) and as vice-president for student affairs (1975-1985) at George Mason University in Fairfax, Va.

From 1968-1975 Mash was dean for student services at Ohio Dominican College in Columbus, Ohio.

He began his career in higher education as a geography instructor at the University of Pittsburgh-Bradford in Bradford, Pa., teaching both physical and cultural geography.

Under destruction

The Milo Meyer Construction Company was responsible for the destruction of a barn on the Frank and Jean Wood farm southwest of Wayne last Friday morning. The barn, which was beyond repair, was demolished, pushed into a hole and burned to make way for a new metal building.

Polling locations announced

The 1998 Primary Election is set for Tuesday, May 12. Polls will be open from 8 a.m. to 8 p.m. to allow for residents to vote for candidates on the state and local level, as well as for a number of incumbents to state constitution.

In Wayne County, voters will cast their ballots at 10 sites. Those who are unsure of where to vote may contact the Wayne County Clerk's office.

Voting locations are as follows: First Ward, Villa Wayne; Second Ward, National Guard Armory; Third Ward, Methodist Church Fellowship Hall; Fourth Ward, Wayne City Auditorium; Brenna/Plum Creek School District #57; Chapin, Winside Village Auditorium; Deer Creek/Sherman, Carroll Village Auditorium; Hancock, Winside Village Auditorium; Hoskins/Garfield, Hoskins Fire Hall; Hunter, National Guard Armory; Logan/Leslie, Education Service Unit #1/Strahan/Wilber, School District #51 and Winside, Winside Village Auditorium.

Wayne County Clerk Debra Finn reminds voters that the county is again using optical scan ballots. If a voter changes his or her mind about a particular race, he or she should ask poll workers for a new ballot, as election officials are no longer able to determine the voter's intent.

During the Primary Election, voters may vote only for candidates from the political party they chose when they registered. For a write-in vote to be counted, the voter must blacken the oval and write in the name of an individual who is of the same political affiliation as the ballot.

New parking sites at Wayne High School

With the approaching close of Highway 35 north of Wayne High School, school officials have announced new parking areas for both students and staff members.

"It is incumbent on all of us to cooperate to the fullest to minimize congestion around the area both before school begins and after school dismisses each day," said Dr. Donald Zeiss, principal at the high school.

The parking lot west of the high school will be used by teaching staff, allowing the school to clear all vehicles south of the high school. This will enable the Middle School students a wider area to exit or enter the school grounds.

Middle School parents will enter

the area south of the high school as they have in the past, proceed into the west parking lot, turn around and exit the lot, using the same south drive.

High School students will park their vehicles in the following designated areas:

Freshman and Seniors: parking south and east of the old Middle School; Sophomores: south side of the courthouse; Juniors: west side of the courthouse.

There is to be no parking on Sherman Street, Sixth Street or Fifth Street.

The starting date for the new parking designations is Monday, May 11. They will continue through Friday, May 29, the final day of school.

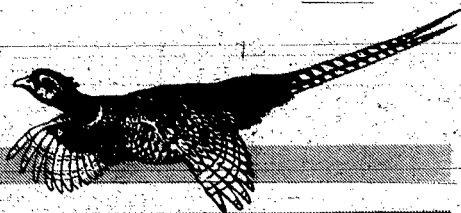

Temporary road work

Dobson Brothers Construction Company continues to pave a temporary road east of town on highway 35 in preparation for Monday's closing of one of the two main lanes. Both lanes of traffic from Pac-N-Save east, through Seventh and Main Streets will close on Monday with detour routes taking effect. Construction will continue through most of August before the road is open completely to traffic. Drivers are asked to pay special attention to flaggers since construction will be ongoing on both sides of the road. Sherman Street and Lincoln Street will alternate being open throughout the project. Access to 7-11, Dairy Queen, First National Bank Drive-In and D&N Service will be accessible.

Capitol News

Session was 'deja vu'

By Leslie Boelstorff Reed
Statehouse Correspondent
The Nebraska Press Association
In retrospect, the 1998 Legislature seemed a "little schizophrenic." Spurred by more than \$200 million in excess revenue, lawmakers cut taxes with one hand and created new spending obligations with the other.

To some folks in the Capitol, it was *deja vu* all over again. Back in 1980, during the administration of Gov. Charles Thone, state government had accrued a \$100 million general fund balance. It had far more money in the bank than it needed at that time, the State Board of Equalization set income and sales tax rates, based upon Revenue Department forecasts and the spending amounts approved by the Legislature. Although revenue forecasting has never been an exact science, the tax board was supposed to set tax rates that would cover the budget and leave a reserve of no more than 7 percent.

Tax rates before 1980 had generated more money than needed, so the board slashed income tax rates from 18 percent to 15 percent of federal liability (at that time state income taxes were piggybacked as a percentage of the amount due the federal government on tax day).

At the same time, the Legislature approved a \$40 million per year increase in state spending on the public schools. State aid went from \$55 million per year to \$90 million per year, a 70 percent increase.

In a controversial decision in 1981, the Board of Equalization kept the income tax rates at 15 percent, in spite of accusations that the Thone Administration had "cooked the books" to keep tax rates low.

By election time in 1982, however, the chickens were coming home to roost. After President Ronald Reagan cut federal income taxes, forcing the state to raise its income tax rate to 20 percent just to generate the same amount of revenue. Some experts said 20 percent wouldn't be high enough, because the 1981 rate had been artificially low.

State government ran short of cash, was forced to borrow from the highway trust fund to pay its bills. Bob Kerrey, then a little-known Lincoln businessman running for governor, pounded Thone for the mess and won the election.

Besides initiating a very successful political career for Kerrey — now a U.S. Senator —

president — the dilemma sparked a number of reforms that we in the Capitol press corps take for granted. A board composed of private-sector economists, not the Revenue Department, now makes the economic forecasts used to predict the amounts of money to be generated by current sales and income tax rates. The Legislature, not the Board of Equalization, now sets the tax rates. When tax revenues do exceed forecasts, the extra money is transferred into a special cash reserve fund instead of being left in the general fund to be spent. Gov. Nelson calls it the "rainy day" fund.

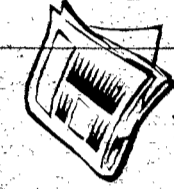

In the past two years, the

Legislature has authorized more than \$130 million per year in additional aid to local governments, while at the same time slashing sales and income tax rates to reduce revenue by more than \$150 million per year.

Meanwhile, a group of business leaders has filed an initiative petition designed to limit budget growth in state government. Republican candidates for governor are stepping on one another's toes with promises to slash state spending.

If all these opposing forces finally converge, I predict a turning point for Nebraska taxing and spending policy that could equal or surpass the changes of 1982.

Nebraska Consumer News

Attorney General Don Stenberg

"SLAMMING" AND "CRAMMING" Terms Consumers Need to Know

"Slamming" and "cramming" are two of the newest scams occurring in Nebraska, and if you are the victim of one of these actions you could find hundreds of dollars in unexpected, unauthorized charges added to your telephone bill.

"Slamming" is the term used to describe changing a consumer's telephone service provider — whether for long distance, or local calls — without his or her permission. Most consumers don't realize they have been slammed until they receive a telephone bill and discover unfamiliar company names have placed charges on their bill. The "slamming" could have come about by a simple error, such as the result of a misread number, or it could be the action of unscrupulous marketing techniques.

Being "slammed" may mean that you could pay higher than normal rates for your telephone service. You may receive poor quality service, and you may also be denied the special benefits and rates you were receiving from your previous telephone carrier.

"Cramming" occurs when unwanted telephone services such as personal 800 numbers, paging and voice mail are added to your phone bill without your permission. These services are provided by third-party companies and are billed on the statement you receive from your local carrier. They may be billed under such confusing names as "enhanced services." It may appear that you are being billed for services provided by your local telephone company, but your local carrier is merely acting as the billing agent for the third-party company.

Consumers need to be on the lookout for companies trying to trick them into purchasing something they don't want. Here are some tips to avoid being "slammed" or "crammed":

- If you receive a telemarketing call asking you to switch your telephone service, get the name of the company and the name and number of the person calling you. Request any offer be sent to you in writing.
- Read the fine print before filling out and signing contest entries or surveys. Be sure your signature is not authorizing an unwanted phone service.
- Review your telephone bill carefully each month. If you see unfamiliar company names, logos or charges, ask your telephone company for an explanation.

If you have questions about this or any other consumer issue, contact the office of Attorney General Don Stenberg, Consumer Protection Division, 2115 State Capitol Building, Lincoln, NE, 68509, or phone 1-800-727-6432.

Unseen people are important

Chamber Corner
By: Gaila Gilliland
Executive Director

A friend from Morton, Ill. sent me this reminder of how important the unseen people who do their jobs with excellence are to our successes.

Charles Plumb, a U.S. Naval Academy graduate, was a jet fighter pilot in Vietnam. After 75 combat missions, his plane was destroyed by a surface-to-air missile. Plumb ejected and parachuted into enemy hands. He was captured and spent six years in a communist prison. He survived that ordeal and now lectures about lessons learned from that experience.

One day, when Plumb and his wife were sitting in a restaurant, a man at another table came up and said, "You're Plumb! You flew jet fighters, in Vietnam from the aircraft carrier Kitty Hawk. You were shot down!"

"How in the world did you know that?" asked Plumb.

"I packed your parachute," the man replied. Plumb gasped in surprise and gratitude. The man pumped his hand and said, "I guess it worked!"

Plumb assured him, "It sure did, if your chute hadn't worked, I wouldn't be here today."

Plumb couldn't sleep that night, thinking about that man. Plumb says, "I kept wondering what he might have looked like in a Navy uniform — a Dixie cup hat, a bib in the back and bell bottom trousers. I wondered how many times I might have passed him on the Kitty Hawk. I wondered how many times I might have seen him and not even said 'Good morning, how are you,' or anything because, you see, I was a fighter pilot and he was just a sailor."

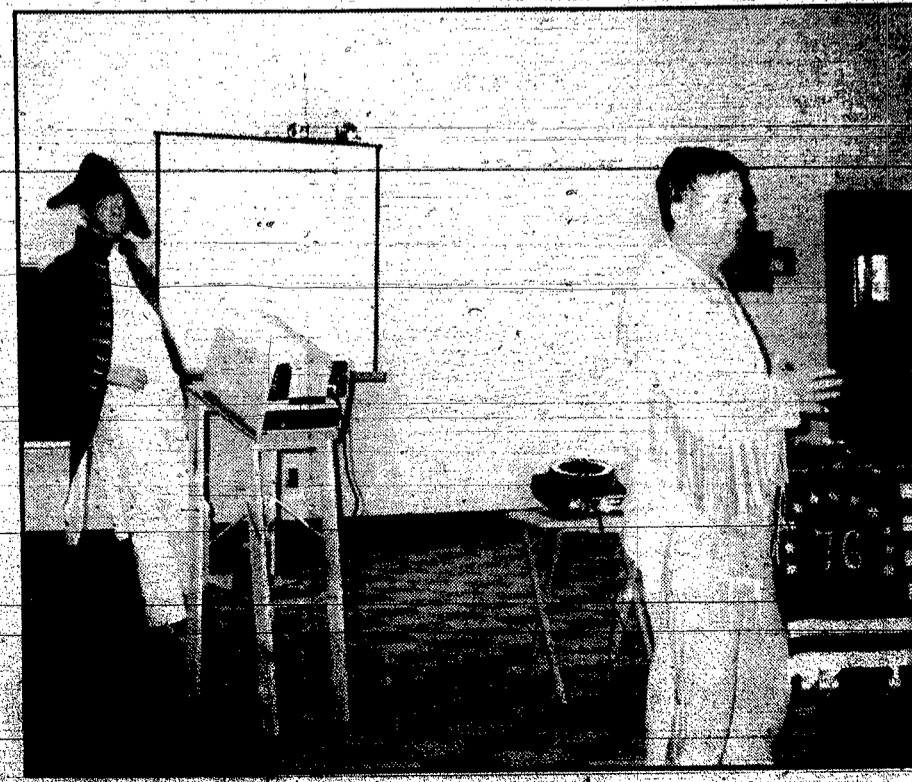

Plumb thought of the many hours the sailor had spent on a long wooden tale in the bowels of

the ship, carefully weaving the shrouds and folding the silks of each chute, holding in his hands each time the fate of someone he didn't know. Now, Plumb asks his audience, "Who's packing your parachute? Everyone has someone who provides what they need to make it through the day."

Plumb also points out that he needed many kinds of parachutes when his plane was shot down over enemy territory. He needed his physical parachute, his mental parachute, his emotional parachute and his spiritual parachute. He called on all these supports before reaching safety.

His experience reminds us all to prepare ourselves to weather whatever storms lie ahead.

Who packs the parachutes at your place of business?

History lesson

Captain Merriweather Lewis (Dan Johnson) explained to fourth graders at West Elementary how he and his men explored the Louisiana purchase in 1805-06. Johnson used slides to show the students some of the territory and some of the dangers faced by Lewis and Clark during the expedition. He also had a variety of items on display from a replica of the keel boat used by the party to the pipes smoked by Indian tribes encountered along the way. Following his presentation, the students were able to ask questions about Clark's life and the trip. Johnson makes a number of Lewis and Clark presentations throughout the area each year.

Wayne State honors four athletes at annual banquet

Four standout Wayne State College student-athletes were recognized as the athletic department's Athletes of the Year.

The awards were presented at an honors banquet at the WSC Student Center last Friday night.

James McGown, who participates on the cross country and track and field teams, was named the Male Athlete of the Year, while volleyball player Renee Fuhr was selected as the Female Athlete of the Year.

The Male Freshman of the Year award went to men's basketball player Brad Joens, and the Female Freshman of the Year was awarded to women's basketball player Krista Bernadt.

McGown, a Cairo, Neb., native, has enjoyed a tremendous senior season. Last fall, McGown placed 28th at the NCAA Division II Cross Country National Championships to earn All-American honors. He is the school's first NCAA cross country All-American. McGown also earned NCAA indoor track and field All-American honors by placing fourth in the 5,000 meters. He also is an automatic qualifier for the 10,000 meters and a provisional qualifier for the 5,000 meters at this spring's outdoor championships.

Fuhr, a junior outside hitter from Columbus, Neb., has been a three-year starter for the Wildcats. This

past season, she led the team in kills (490), digs (626), and ace serves (46) and was named to three all-tournament teams. Nationally, Fuhr ranked in digs per game (4.7) as she broke Wayne State's school record for digs in a single season (626) and career (1,226). Besides her honors on the court, Fuhr earned GTE Academic All-District honors.

Joens, a shooting guard from Cedar Rapids, Iowa, started the final 12 games of the season and helped the Wildcat's to a 10-2 mark during that span. He averaged 10.0 points

per game this season, reaching double figures eight times. He also was one of the team's top shooters, shooting 44 percent overall from the field and 39 percent three-point range.

Bernadt, a point guard from Hebron, Neb., played in all 29 games this season, including 10 starts. She averaged 6.4 points and 3.5 rebounds per game, and led the team in three-point field goal percentage, making 44 percent of her attempts. She also made 95.8 percent (23-of-24) of her free throw

attempts. Bernadt also tied for the team lead in assists with 66, and ranked in the top three in minutes played.

Wayne golf team enjoying four-invite winning streak

The Wayne golf team won the Columbus Lakeview Invite last Thursday at the Elks Country Club in Columbus with a 325 team score.

The Blue Devils won by three strokes over runner-up Scotus on the same course where the district tournament will be held.

"We had perfect playing conditions on a very difficult golf course," coach Terry Munson said. "We trailed Scotus by two strokes after the first nine holes but we out-scored them by five on the more difficult back nine."

Seward placed third with a 329 with Columbus Lakeview placing fourth at 330. Norfolk Catholic rounded out the top five teams with a 335 and Lakeview's B's were sixth at 348 while Scotus was seventh at 353.

Scotus B's were eighth at 356 led by Central City, 361 and Edinboro, 363. Norfolk JV's were 11th at 369 and Madison was last with a 392.

"I was very pleased to have four golfers in the top 14," Munson

added. "With the field as close as it was and with four of these teams in our district, this will serve as a good motivator to continue to work hard the remainder of the season."

Ryan Sturm placed runner-up in the field with a 77 while Clinton Keller was fifth with an 80. Joel Munson placed 14th with an 84 while Jason Parks also carded an 84 but lost a score-card playoff. Ryan Dahl was the fifth player on the varsity but his 92 was not included in the team total.

"Ryan Sturm continues his steady play as captain of this team," Munson said. "It was also good to see Joel Munson back healthy and playing better golf."

ON SATURDAY, the Blue Devils ran their string of consecutive varsity invitational championships to four with an 18-stroke victory at the 18-team Oakland-Craig Invite.

The conditions were anything but favorable to golf but Wayne had the lone two scores below 80 as Ryan Sturm was crowned champion with a 76 while Clinton Keller placed runner-up with a 78.

All five of Wayne's varsity golfers medaled, which was a first this season. Joel Munson placed eighth with an 83 while Nick Muir won a playoff for 12th place with an 85. Jason Parks placed 14th with an 85.

Valley placed second to Wayne with a 340 while Stanton and Blair tied for third with 347's. Pender rounded out the top five with a 352.

The rest of the field in order included: Oakland-Craig, 364; Fremont-Bergan, 369; West Point-Central Catholic, 371; Wisner-Pilger-Beemer, 374; Lyons-Decatur, 383; Blair JV's, 384; Oakland-Craig JV's, 388; Tekamah-Herman, 391; Scribner-Snyder, 397; Logan View, 401; West Point, 402; Ponca, 424; Bancroft-Rosalie, 490.

"My concern with this tournament was getting the team to Oakland by 7 a.m. on a cloudy, cold and very windy Saturday," Munson said. "We not only competed, we totally dominated the field of 88 players. I am very proud of the effort."

Wayne will host Laurel-Concord on Monday and Stanton on Thursday to close out the regular season.

Wildcats baseball team closes out year with 22-17 record

By Wes Lueth for the Herald

Wayne State won its 20th game of the season last week by sweeping USD in a doubleheader in Wayne. It was the third time the Wildcat's have won at least 20 games in the last five years.

In the first game WSC scored five unearned runs in the third inning to cruise to a 9-0 win.

Tate Meier pitched his second complete game of the season and his first shutout.

Matt Luckett and Pat Carey each tripled for Wayne State. Josh Stolpe and Dustin Driever doubled and Adam Bealle went 2-for-3 to pace Wayne State. Mike Olmedo, Joe Rozz and Eric Arch each singled in the Wildcat's nine hit barrage.

In the nightcap both teams scored in the first inning. But in the

third Olmedo made USD pay for a three base throwing error. Pat Carey singled scoring Olmedo for the game winning run.

Mike Benson picked up his third win of the season with the 2-1 win. Adam Walkenhorst got the save, his third.

Adam Bealle went 3-for-3, Josh Stolpe 2-for-2 including his second double of the afternoon. Pat Carey went 2-for-3 with a double.

Last weekend the Wildcats traveled to Waterloo, Iowa to play in the University of Northern Iowa Classic.

First up for the 'Cats would be St. Ambrose. The Wildcats scored three in the first inning, three in the third and added five in the top of the ninth for an 11-7 win.

The 'Cats had 12 hits including five homers. Clint Brown, Pat Carey, Matt Luckett, James Mansell and Josh Stolpe all went deep for the WSC.

Mike Olmedo, Brian Zimmerman, Adam Bealle and Dustin Driever rounded out the Wayne State offense with hits.

Bo Baker scattered eight St. Ambrose hits to come away with the win. Adam Walkenhorst picked up the save.

Wayne State lost its second game of the Classic when they played host UNI.

Aaron Garmon took the 8-3 loss when the game was called in the 7th inning because of weather conditions. The Wildcats were only allowed five hits in the game. Matt Luckett, Mike Olmedo, James Mansell, Adam Bealle and Pat Carey hit safely for WSC.

The Wildcats got the bats going in their final game by collecting 13 hits in their 6-4 win over St. Andrews College.

Olmedo and Carey went 3-for-4 and each doubled. Adam Bealle also doubled and went 2-for-4 from the plate. Brian Zimmerman had a 2-for-5 performance and Matt Luckett, Josh Stolpe and Pat Clark rounded out the hitting for WSC.

Brady Borner pitched eight innings of 10-hit ball to get the win. Adam Walkenhorst came in to get his fifth save of the year.

Wayne State finishes the season with a 22-17 record.

Chick is a 6-1, 190-pound linebacker from Grand Island Northwest High School. Last season Chick led Class B schools in tackles, in addition to averaging 5.85 yards per carry as a running back. He finished his career with 231 total tackles. In the process, Chick earned All-Central Conference honors, as well as being named all-state honorable mention and All-Heartland honorable mention.

"Justin is a very quick and active linebacker," Haslam said. "His greatest asset is his speed, and he should provide quality depth at linebacker."

Bowman is a 6-3, 285-lb. offensive lineman from Cedar Rapids Prairie High School. A four-year starter on offense and defense, Bowman helped his squad to the 1997 Class 4A state playoffs.

A first-team All-Mississippi Valley Conference and all-state selection as a senior, he was chosen to participate in the 1998 Iowa Shrine Bowl game. In addition, Bowman was named to the Des Moines Register First Team and the Iowa Newspaper Association First Team All State.

"Casey is a very strong and tremendously gifted young man who could make an immediate impact along the offensive line," Haslam said.

Johnson, a 6-4, 200-lb. punter/placement kicker, graduated from Pioneer High School in Los Gatos, Calif., where he was an All-Blossom Valley Athletic performer in 1993. Last season, Johnson averaged 42.3 yards per punt at Foothill College, a junior college in Los Altos Hills, Calif. There, he earned all-conference and all-state honors.

Brian has great leg strength and is very mature coming from a junior college," Haslam said. "I expect him to come in and handle our place-kicking duties, and to compete for punting duties."

Haslam said the signing of the three latest recruits completes a successful recruiting season, which saw 19 players sign with the Wildcats.

"I feel these three young men will be very valuable additions to our current program," Haslam said. "Combining them with our previous signees, I think we have an outstanding recruiting class."

Last season, the Wildcats won three of the final four games to finish with a 3-7 record in Haslam's first year as head coach.

Bike Rodeo promotes safety

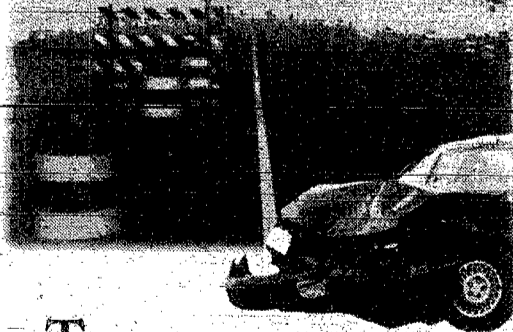

The Wayne Cycle Paths sponsored a Bike Rodeo for Wayne fourth graders, recently with an emphasis on safety. Jean Pieper tries her luck at the paper toss in which riders were asked to throw a newspaper into the box while exercising caution in riding their bike.

Robyn Heithold (left) rides her bike between cones in a timed event while Rusty Parker donated his time to make bike licenses for the fourth graders because they had completed the bike safety course. The Bike Rodeo is an annual event put on by the Cycle Paths.

New Toothpaste Prevents Gum Disease

According to a *Remedy Report*, the U.S. Food and Drug Administration (FDA) recently approved the first toothpaste shown to prevent gum disease. The toothpaste contains *thymol* and the antibacterial agent *triclosan*. The latter ingredient is found in many antibacterial hand soaps.

According to the FDA, in controlled clinical studies, the toothpaste performed "significantly better than a standard toothpaste in helping to prevent both plaque and gingivitis in adults." The new toothpaste was identical to standard fluoride toothpastes in preventing cavities. Use of the new toothpaste to prevent gum disease in children under age six years has not been studied.

In the U.S., the toothpaste will be marketed under the name *Colgate Total*. According to the manufacturer, it is now available in 103 countries following its introduction in 1992 in international markets.

NEW! GINGRICH CAN'T HAVE IT BOTH WAYS

He can't continue to starve millions more of North Korean people to death by legislated sanction to deny aid and at the same time continue to have Doug Bereuter as the chairman of the Subcommittee on Asia and the Pacific.

Either he gets adequate direct U.S. humanitarian aid flowing into that country immediately or the voters of the First District will not return Doug Bereuter to office to continue that genocide.

Accident injures three near Winside

A two car accident near Winside on April 30 sent three persons to Faith Regional Hospital in Norfolk. The accident occurred at approximately 4 p.m. on Highway 35 at the Winside (90B) spur.

A car driven by Shariyn Lemke, 49, of Osmond was turning left into Winside when a car driven by Kelly Gunderson of Fremont passed two other vehicles that had also stopped to turn into Winside.

The Gunderson vehicle struck the Lemke vehicle just behind the driver's door and caused it to land in the field southeast of the intersection.

Taken to Faith Regional Hospital were both drivers and a passenger in the Gunderson vehicle, Jill Grasshorn of Valley. All three persons were transported by the Winside Rescue units.

All parties have since been treated and released from the hospital.

The Wayne County Sheriff's Office is investigating the accident and was assisted at the scene by both the Winside Fire and Rescue Teams.

Delmar Holdorf Republican Candidate for Wayne County Dist. #1 Commissioner

I feel that I am qualified for the position of the Wayne County Commissioner seat in Dist. #1. I have approximately 30 plus years of experience in County Road Maintenance, and presently employed and have been for 22 years by Wayne County Dist. #1.

I feel that I have the knowledge, ability and honesty to do a good job. I like helping and working with the "public." This is a challenge I've always wanted to accomplish. To keep on improving our county roads as well as our local government at a minimal cost and still maintain the same or better quality. I will do my best to serve the people of Wayne County, by improving the roads, keeping taxes down, looking each issue over at every angle thoroughly before making any final decisions, and repair or replace county bridges as funds permit. I also believe in preventive maintenance and cleanliness of equipment to eliminate costly and time consuming repairs.

I will take into consideration the public's opinion, as "They" are "Our local government," and every effort will be made to keep our county government at a "Local level." Some of the upcoming issues to be dealt with are: Consolidation and hog confinements.

I am 63 years old, married 44 years and have two married children. Family & council member of Immanuel Lutheran Church N.E. of Wayne.

"Your vote and support is very important and will be appreciated"

Superior — Mark Kanitz and Chris Stuberger; Excellent — Sarah Brumm and Deniz Rudin. Mark Kanitz also received a Superior in the Hymn playing (with music) event.

Ten students will perform at least one piece from the National Piano Playing Auditions held at the South Sioux City United Methodist Church on April 24.

These auditions are sponsored annually by the National Guild of Piano Teachers, which was founded in Texas in 1929 and has its headquarters in Austin, Texas. This year, at 843 music centers throughout the nation, 119,931 piano pupils will participate in auditions.

Guild certificates and pins will be presented at the recital as follows: National (seven memory pieces, three musicianship phases such as transcription, major scales/cadences/arpéggios);

Jessica Kranz, Deniz Rudin and John Whitt; State (five memorized, two musicianship); Deron Connolly, Genelle Gardner and Joseph Whitt; District (four-five memorized and one musicianship); Morgan Campbell, Shannon Connolly and Sarah Replogle; Hobbyist (five pieces with music, a balanced program of classical and modern and musicianship); Jessica Johnson and Jazz Hobbyist: Pat Cook.

A judge provided by national headquarters filled in letter grades at Guild Auditions for the two hobbyist entries and filled out elaborate 42-category year-end "report cards" for the memory programs.

Categories included such things as rhythm, legato and staccato touches, arm/hand/wrist technique and pedaling technique.

Results included: Jessica

Johnson, A average and Mrs. Cook, A average.

First year student Jessica Kranz placed at the beginning of the Top Talent Circle rating and the rest of the memory program students placed somewhere in the wide range of the Citywide Circle Rating. They included Morgan Campbell, Shannon Connolly, Deron Connolly, Genelle Gardner, Deniz Rudin, Sarah Replogle, Joseph Whitt and John Whitt.

Other Guild ratings are Family, (Home) Room and School.

Seven of the Federation and Guild students also gave a recital in preparation for these events on March 8 to family members and residents at the formal dining room of The Oaks. The recital was well-received, even though one student was not informed that the event was being held in spite of the blizzard.

Should kids be left home alone during summer?

Each summer, working parents face decisions about where their kids should spend their time. Some kids will think that they are mature enough for them to stay home alone. But are they?

Unless they've built up to it gradually, leaving pre-adolescents or early teens alone full time isn't a good idea. Starting with just an hour or two and increasing the time kids spend on their own allows parents an opportunity to determine the kids' level of maturity.

Even youngsters who are responsible enough to be on their own will need some guidance and structure. Parents need to help them schedule enjoyable activities, some of which should be educational as well. It's better to err on the side of structure; doing so gives the parent more peace of mind and the kids aren't as easily bored. Whatever a child does in summer ought to be challenging and interesting — not all work either.

Youngsters can do some chores at home. They can clean the garage or paint a shed for pay, perhaps, or do something just as a service to the family.

Parents might look for summer camps, or involve kids in 4-H scouts. Trips to the local swimming pool might require some planning with a neighbor or friend to provide transportation.

The Library Card

This column is written occasionally to inform the Wayne area as to what types of reading material and other items are available at the Wayne Public Library.

Let's twist and shout about this summer's reading program for kids! This year's theme is ROCK 'N' READ! There will be music, song, rock hounding, crafts, stories and games. If you want to escape the summertime blues, the library has the rhythm for you.

ROCK 'N' READ begins the first week in June and ends the first week in July. The program is open to children age four through sixth grade. To register, roll on down to the library the last week in May. Come and see how reading really rocks!

Speaking of children's programs, the Murder in the Library mystery was finally solved April 17. The winning sleuths were Alexander Austin, Joshua Austin, Tiffany Frerichs, Rachel Jensen, Sarah Jensen and Marissa Ronney. We thank the following businesses for their generous donations: D&N 66 Service, Farmers & Merchants Bank, Nebraska Medical Group, Office Connection, Pamida, Stadium Sporting Goods, Swans Apparel, Wayne State College and Wayne State College Bookstore.

And speaking of successful programs, "Choices for the 21st Century" has just completed its run at the Wayne Public Library. The program was coordinated by Brown University and sponsored by the Humanities Council and other agencies. Discussion for "Choices" was led by Gretchen Ronnow of WSC's Humanities department.

There were approximately 20 individuals involved in each of the four discussions on public policy and the role of the U.S. in an ever-changing world. Thanks to Gretchen, Jan Dinsmore, the Nebraska Humanities Council, the Nebraska Center for the Book, the Nebraska League of Women Voters, the Public Policy Institute of Wayne State College, the Cooper Foundation, Secretary of State Scott Moore, Wayne Community High School and the Wayne Area Chamber of Commerce.

Calling all graduates: we have recently added a number of area college/university catalogs to the collection. Stop if you are planning to further your education.

First Baptist Church is site of May 1 Friendship Day

Two of Wayne's rings in the widening "circles of hospitality" (befriending and helping a wide range of people as Jesus commanded) were described to approximately 60 persons at the May Fellowship Day breakfast on May 1 at the First Baptist Church in Wayne.

Robert Uhing told about the Tower School where some children are trained until they are ready to be mainstreamed. These children, for whatever reason, require more time than the ordinary classroom teacher of 25 students can give them without neglecting the other students. Very specific goals must be accomplished before the child can succeed in the regular classroom.

Jean Kinney oversees the Hospice volunteers who serve people considered to have less than six months to live. Sometimes the volunteers provide respite for family members or other primary care givers. They may visit with or play games with the patient, read to him or her, bring pets for them to play with or just do whatever the patient would enjoy that doesn't upset their health routine. Volunteers receive training so as to best keep up the patient's morale.

Maria Brown sang several solos including "Sweet Jesus," based on Matthew 25:40.

Month full of activity

It's been a gorgeous day with no wind, fortunately, I had to attend a care conference in Tecumseh, so did not have to sit in the office all afternoon.

We ate fish at the Murdock Bar & Grill and now we're watching Roger Welsch interview Ed Swanson of the Cuthills Winery at Pierce. I am fascinated by anyone growing grapes in northeast Nebraska. As Rogers says, his Grandma used to make wine but she did not raise grapes. My mom has made wine from cherries, mulberries, chokecherries and rhubarb. This guy is growing his grapes, making his wines and winning competitions. There are many interesting entrepreneurs in this state.

I'm kind of glad to see April come to an end. Besides the fact that the weather has been cool and damp and windy, we've been busy at work and I've been back to 40 hours a week instead of the 30 I'm actually supposedly doing.

We had to miss Danny Mundill's wedding because of one at Waco, but Kay attended and reports a good time. Then, the next weekend I headed to Grand Island to present at the post-polio conference. From there to the Lutherans for Life Rally in Lincoln, to talk about Hospice.

On Sunday we observed my mom's birthday by "pigging out" at Country Buffet. And this past Wednesday, we surprised Kay with an early birthday party here at the Farm House. We served lasagna to 25 people and had another good time.

For that event her friend Chris provided a Dairy Queen cake. But for Mom's, I baked an angel food. As I frosted it in a hurry last Sunday morning, I reflected on the art of decorating cakes. I made a basic powdered sugar/sour cream frost-

By: Pat Melroy

ing and simply slopped it on. When the kids were little, I used diatoms and cut up cakes and used colored frosting and coconut. They looked okay, but were definitely not works of art. I order those for the grandkids from a gal down the road named Doreen.

Cake decorating is something I don't do. And when I'm trying to get powdered sugar to stay on, I ladies who do. Thank goodness for Doreen, Yvonne Wittler, Daisy Janke, Lorraine Prince and Rochelle Sellin. They can not only get the darned stuff to stick, they can actually make it look like something: dinosaurs, Big Birds, hearts, flowers, you name it.

Now, it's on to Mother-Daughter stuff and graduations. We have five announcements, all on black paper. Black is definitely the color. The wedding at Waco was all black and gold, candles, harp and violin.

On Sunday, the Big Farmer and I will take a road trip to Shawnee Mission, Kan. to check out our new granddaughter. There have been many blessings this month, in spite of the weather and we're grateful.

Record modifications made

Nebraska Farm Service Agency County offices recently issued letters notifying farm operators and farm owners on multiple tract farms of farm record improvements that have been made on their farms," said State FSA Director Mark Bowen.

"The record modifications are being made so that farm tract owners can identify the specific farm program information that applies to their tract."

Notification letters are being issued by County FSA offices. They include a general explanation and Detail Crop Tract Information that applies to each producer. Farm operators and farm owners are asked to carefully review the information to ensure that they are satisfied with the data that applies to their particular tract(s).

Questions on the letters and tract information should be directed to County FSA personnel. County offices can explain the farm and tract data and how it applies to Federal farm program benefits available under Production Flexibility Contracts and Conservation Reserve Program contracts.

Production Flexibility Contracts are commonly known as the "Freedom to farm" contracts available to farmers and landowners under the 1996 farm bill. The improvement of record

maintenance from a farm to a tract basis will not affect the current farm program payments under existing contracts. The policy to place contract data at the tract level will make it easier for farmers and landowners to understand the acreage and yield information that exists on each tract of land owned by a different landowner.

Farmers and landowners who are dissatisfied with the way the data has been assigned to the tract level have until June 12, 1998 to request a review by the County FSA Office. If a written request for review is not filed by June 12, 1998, the acres and yields will become final with no additional options for review. If a producer requests a review, they should provide reasons for the review in writing to their local FSA office.

Nebraska State Director Bowen added, "Initially, we expect this record keeping improvement to cause some confusion. We want to stress that the development of contract data at the tract level has no impact on any Federal program payments because program payments are still issued on a farm basis, not a tract basis. Farmers and landowners are encouraged to review this information and discuss their concerns with their local FSA office no later than Friday, June 12, 1998.

Weich recognized nationally

CK Weich of Hoskins has been recognized nationally by the American Angus Association for having one registered Angus cow included in the American Angus Association's 1998 Pathfinder Report.

Only 1,833 of the more than 30,000 members of the American Angus Association are represented in this year's report, according to Richard Spader, executive vice president of the American Angus Association with headquarters in St. Joseph, Mo.

The Pathfinder Program identifies superior Angus cows based upon recorded performance traits that are economically important to efficient beef production. These traits include regular calving

and heavy weaning weights, reports John Crouch, director of performance programs for the American Angus Association. All registered Angus cows that meet the strict pathfinder standards are listed, along with their owners, in the Pathfinder Report that is published annually by the American Angus Association.

The 1998 Pathfinder Report lists 7,225 individual cows. It is published in the May issue of the Angus Journal and extra copies are available from the American Angus Association.

The largest number of Pathfinder cows from a single herd this year is 83, and several hundred breeders have a single cow that qualifies for the listing.

Extension board to meet

The Wayne County Extension Board will meet Tuesday, May 12 at 8 p.m. in the courthouse meeting room in Wayne.

The meeting is open to the public and an agenda for the meeting is available at the Extension office.

4-H'ers compete

Ten 4-H'ers from Wayne and Dixon Counties were among 83 4-H members from 16 counties in the Northeast Extension District who competed in the 1998 4-H District Public Speaking Contest held April 17-18 at the Lifelong Learning Center in Norfolk.

The 4-H Public Speaking Program is designed to give young people the opportunity to speak before groups and tell the 4-H story. In the process, 4-H'ers improve their speaking skills and their gestures, posture and movement becomes natural. This experience allows members to learn about speech development and components involved in the art of public speaking. All contestants qualified for district competition by being selected at their county 4-H Public Speaking Contest.

This year, there were 12 senior contestants from nine counties in the Northeast District. There were 24 junior contestants from 14 counties and 18 intermediate contestants representing 17 counties. Junior and intermediate contestants do not advance to state competition.

In addition, 31 contestants in junior, intermediate and senior divisions had the opportunity to compete in developing and presenting 30 or 60 second Public Service Announcements.

Contestants are judged on the basis of subject matter, organization, physical behavior, gestures, voice, effect and how well the subject is related to 4-H.

The top two senior winners at the 1998 contest were Traci Coover of Madison County and Joanie Wrede of Pierce County. Traci and Joanie will represent the Northeast Extension District at the State Contest which will be held during the 1998 Nebraska State Fair. Alternates were Jenny Warriner of Knox County, Lacy Loy Leifeld of Boone County, and Kellie Carr of Antelope County. The contest is sponsored by KRNV Radio in Lexington.

Participants, and their ribbon placings, in the speech category from Wayne and Dixon Counties were: Intermediate Division: Purple-Karissa Dorcey, Wayne Junior Division: Purple-Kim Deck, Winside; blue-Katie Osten, Wayne and Carla and Kelli Rastade of Allen.

Participants and their ribbon placings in the Public Service Announcement category were Senior Division: Purple-Leah Dunkelau of Wayne; Blue-Greg Schardt of Wayne. Intermediate Division: Purple-Tamara Schardt of Wayne; Red-Carol Ann Barnes, Laurel. Junior Division: Red-Abby Anderson of Hoskins.

THANK YOU

Mother's Day Special Words for Mrs. Monica Jensen

We'd like to thank our Mom for all she's done for our family. She deserves not just one day of recognition, but for each of the 365 days of the year. She's done more for us now than some people get in a full life time. She is great. We Thank our Mom for all her sacrifice and for putting up with us! No matter what happens, she is always there with love. We can't say everything she's done for us in this small space, but we can say this - she's a wonderful person and we think she deserves more than we or the world can give.

John, Rachel, and Sarah Jensen

We would like to extend a sincere thank you to all our friends and neighbors who were there with comfort and kindness after our fire. At a difficult time your thoughts and actions made all the difference. A particular thanks to the Wayne Fire Department for their prompt and efficient response to the call, and to Pastor Main and the United Methodist Church for remembering us with prayer.

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT

Section 1. At a special election on May 12, 1998, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article IV, section 2, IV.1 "The executive officers of the state shall be the Governor, Lieutenant Governor, Secretary of State, Auditor of Public Accounts, State Treasurer, Attorney General, and the heads of such other executive departments as set forth herein or as may be established by law. The Legislature may provide for the placing of the above named officers as heads over such departments of government as it may by law establish.

The Governor, Lieutenant Governor, Attorney General, Secretary of State, Auditor of Public Accounts, and the State Treasurer shall be chosen at the general election held in November, 1974, and in each alternate even-numbered year thereafter, for a term of four years and until their successors shall be elected and qualified.

In the general election one vote shall be cast jointly for the candidates for Governor and Lieutenant Governor nominated by the same party. The Governor shall be ineligible to the office of Governor for four years next after the expiration of two consecutive terms for which he or she was elected.

The records, books, and papers of all executive officers shall be kept at the seat of government. Executive officers shall reside within the State of Nebraska during their respective terms of office, and such officers, excepting the Lieutenant Governor and members of boards and commissions when the board or commission is the head of an executive department, shall reside there during their respective terms of office. The heads of all executive departments established by law, other than those to be elected as provided herein, shall be appointed by the Governor with the consent of a majority of all members elected to the Legislature, but officers so appointed may be removed by the Governor. Subject to the provisions of this Constitution, the heads of the various executive or civil departments shall have power to appoint and remove all subordinate employees in their respective departments.

THE MEMBERS OF THE NINETY-FIFTH LEGISLATURE OF NEBRASKA, FIRST SESSION, RESOLVE THAT

Section 1. At a special election on May 12, 1998, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for approval or rejection:

To amend Article III, sections 2 and 3, III-2 "The first power reserved by the people is the initiative, whereby laws may be enacted and constitutional amendments adopted by the people independently of the Legislature. This power may be invoked by petition wherein the proposed measure shall be set forth at length. If the petition be for the enactment of a law, it shall be signed by seven percent of the registered voters of the state, and if the petition be for the amendment of the Constitution, the petition therefor shall be signed by ten percent of such registered voters. In all cases the registered voters signing such petition shall be so distributed as to include five percent of the registered voters of each of two-fifths of the counties of the state, and when thus signed, the petition shall be filed with the Secretary of State who shall submit the measure thus proposed to the electors of the state at the first general election held not less than four months after such petition shall have been filed. The same measure, either in form or in essential substance, shall not be submitted to the people by initiative petition, either affirmatively or negatively, more often than once in three years. If conflicting measures submitted to the people at the same election be approved, the one receiving the highest number of affirmative votes shall thereby become law as to all conflicting provisions. The constitutional limitations as to the scope and subject matter of statutes enacted by the Legislature shall apply to those enacted by the initiative. Initiative measures shall contain only one subject."

To amend Article III, section 3, III-3 "The second power reserved is the referendum which may be invoked, by petition, against any act or part of an act of the Legislature, except those making appropriations for the expense of the state government or a state institution existing at the time of the passage of such act. Petitions invoking the referendum shall be signed by not less than five percent of the registered voters of the state, distributed as required for initiative petitions, and filed in the office of the Secretary of State within ninety days after the Legislature at which the act sought to be referred was passed shall have adjourned sine die or for more than ninety days. Each such petition shall set out the title of the act against which the referendum is invoked and, in addition thereto, when only a portion of the act is sought to be referred, the number of the section or sections or portion of sections of the act designating such portion. No more than one act or portion of an act of the Legislature shall be the subject of each referendum petition. When the referendum is thus invoked, the Secretary of State shall refer the same to the electors for approval or rejection at the first general election to be held not less than thirty days after the filing of such petition."

ELECTION PREVIEW

EDITOR'S NOTE
Nebraskans will be voting on seven issues when they go to the Primary Election polls on May 12. So that voters can better understand these important proposed changes to the state constitution, the Nebraska Press Association in cooperation with this newspaper has prepared a series of reports on each of the issues. Each report deals with a few issues, briefly defining them, explaining their purpose and finally stating the arguments for and against. This is the third report in the series.

Lieutenant Governor Would Not Preside Over The Legislature

PROPOSED CONSTITUTIONAL AMENDMENT 6: The Lieutenant Governor would be stripped of legislative duties under this amendment. Adoption by voters would mean the Lieutenant Governor would not preside over the Legislature, cast deciding votes in case of a tie or settle procedural disputes. Voters rejected a similar proposal in 1976.
SUPPORT: There is no need for a member of the executive branch (the lieutenant governor) to preside over the legislative branch.
OPPOSITION: Critics have said the lieutenant governor may be a more objective presiding officer.

Eliminating Requirement For Session Laws in Book Form

PROPOSED CONSTITUTIONAL AMENDMENT 7: This constitutional change is in three (3) parts. Part "A" would strike the constitutional requirement that all laws passed by the Legislature be published "in book form" following each legislative session. It recognizes technological advances. It would allow publication of laws in computer text. Part "B" would simply move, from one part of the constitution to another, the words: "The Legislature shall pass all laws necessary to carry into effect the provisions of this constitution." Lawmakers would still be bound to enact statutes to make constitutional provisions effective. The words would simply be moved from Article 17 to Article 3, which specifies other existing legislative authority. Part "C" would erase a constitutional requirement that the actual Constitution be kept in the office of the Secretary of State. The change would allow for the Constitution to be preserved at the State Historical Society. It would also eliminate a requirement that copies of the Constitution be prefixed to books containing state laws. This change resulted from research by the Constitutional Revision Commission, which learned that the state charter was already located at

A Day in the Life of WAYNE AMERICA

From 12:01 a.m. to 11:59 p.m. April 2, 1998,
a pictorial essay of ordinary life in
Wayne, America as Wayne State College
photojournalism students see it.

7:10 a.m. - Faye Peck and her companion Muffin, take their early morning constitutional in the shadow of the famous Wayne, America water tower. The photographic angle makes the tower appear to lean more severely than it actually does. The City of Wayne has hired engineers to right tower which was discovered last year to be slightly off-plumb.

12:05 a.m. - Wayne State College students, Mitch Tracy (left) and Jessica Knobbe find the atmosphere at Riley's much more conducive to studying than the library. (Michael Rittershaus photo)

10:54 a.m. - Zachary Martin may have an early jump on what he wants to be when he grows up, but for the time being the hard hat is just a little too big. Zachary is one of about 30 children who attend Rainbow World, a childcare center in Wayne. He is the son of Jonathan and Alexis Martin of Wayne. (Kim Hansen photo)

Students get first hand experience in telling the "real" story photographically

Serious students of photojournalism learn that there is a story in everything. And photojournalism is a way to tell those stories in words and pictures.

The main role of a photojournalist is not chasing celebrities and recording the human suffering at accident and disaster scenes. Photojournalism more commonly involves telling the myriad stories of everyday life.

Every individual has a story to tell and one of the joys of a career in photojournalism is the opportunity to continually meet new people and tell their stories both in words and through the viewfinder.

The publication of the popular series of Day in the Life... coffee table books starting with *Day in the Life of America* in 1986 proved again that the public is interested in seeing the photographic stories of everyday people doing everyday things.

Members of the photojournalism class at Wayne State College this semester elected to emulate the Day in the Life project right here in Wayne, America. The assignment to tell the story of a day in the life of Wayne from the perspective of college photographers was a natural outgrowth of class discussion about the difference between the so-called paparazzi and ethical photojournalists.

"We are not paparazzi," the students decided. They selected April 2 as the day to feature, mostly because it fit everyone's schedule. Students decided which specific activities they wanted to show as part of an around-the-clock assignment list. Each class member took on a list of specific scenes to capture and everyone kept their camera with them all day, basically "shooting everything that moved."

Upon hearing about the planned project, the

staff of the Wayne Herald agreed to publish the student work in the special section which you now hold. The Herald and the advertisers which supported this effort should be commended for giving this learning project a more "real world" appeal.

Students have not only benefited from practical experience in story telling with a camera but also in photo editing, ethical decisions, production techniques and seeing their work in print presented to a mass audience. Professional photographers are often graded by the audience which views their work. I hope you will agree with me that the students deserve a good grade

for their efforts.

From the critic's standpoint, there are not as many scenes from the end of the day as were taken in the enthusiastic early hours of the project. Fatigue was a factor. Additionally, some might complain that the story is dominated by college scenes, and we would have to plead guilty. But, remember, the assignment was to project a view of Wayne from the student journalist's perspective. Space limitations forced the students to be very selective in the images chosen for publication. Less than one out of every ten photos taken that day ultimately made it through the class' rigorous collective photo

editing process.

Students learned to cast a critical eye on their own work as well as that of their peers.

A portion of the proceeds from the sales of advertising in the section will benefit the Dick Manley Scholarship fund at Wayne State College. Manley was a long time journalism and photography instructor, public relations specialist and student newspaper advisor at Wayne State.

Your student photographers are:

Michael Rittershaus, a senior mass communications major who will be graduating next week and has accepted a new job as assistant executive editor of the Midlands Business Journal in Omaha.

The intense Albers went on to win this match. (Michael Rittershaus photo)

1:48 a.m. - Kizzetta 'Kizzy' Holmes, K-92 disc jockey, is getting ready to sign off the air after K-92's broadcast day. K-92 is the college's radio station and serves Wayne State and the Wayne community. (Michael Rittershaus photo)

12:14 a.m. - Poet Guru Colin Jensen quietly works on a poem unmindful that dorm neighbor Ryan Berg is observing the collegiate poet at work. (B.J. Lofquest photo)

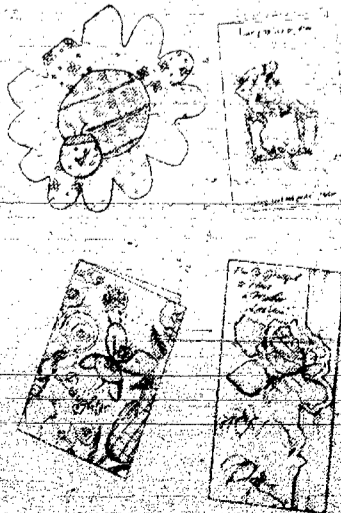

2:10 a.m. - Susan Jacobson works on her nightly duties as the night desk supervisor at Super 8 Motel. While thousands sleep, a handful throughout the community remain alert to serve when called. (Michael Rittershaus photo)

The Leathers girls and dozens of other news carriers make sure two of the three daily newspapers circulated in the community get to their customers in time for their morning coffee. The top of the news this day is word out of Arkansas that federal judge Susan Webber Wright has thrown out the Paula Jones sexual harassment lawsuit against President Bill Clinton.
