# School Board meets State athletic qualifiers are honored

Honored for excellence in the district, prior to Monday's Wayne Community School's Board of Education meeting, were Wayne High School State Cross Country Meet qualifiers and State Girls Golf qualifiers.

Included in the list of honorees are: Cross Country-Tony Carollo, alternate, Brad Hansen, Brandon Garvin, Roy Ley, Devin Bethune, Nick Lipp, Jeff Ensz, and Jessica Murtaugh. Coach Rocky Ruhl introduced the students and told a little history of the team.

Included in State Girls Golf meet qualifiers are: Monica Novak, Amy Harder, Kari Harder, Karla Keller, and Katie Nelson. Coach Dave Hix introduced his group and offered a few words about his team

Many were on hand to hear the group speak of their experiences and expectations for next year. Member support, hard work, and a knowledge and love of Cross Country and Golf was the overall message stemming from the students and coaches.

Some of the highlights of the Board meeting included approval of the purchase of a mini van to be used for the Special Education department. At this time, the van will be used to transport two students to and from day services provided in Yankton. The van will also be used for other Special Education

functions

Pat Garvin, spokesperson for the Wayne Recreation Leisure Services committee asked the Board to consider a joint effort with the city in providing a location for building a recreation facility. Garvin told the group that they were looking at school property or at the south side of the ball park in Wayne as possible sites for the Rec Center.

It was decided that Marion Arneson, Sue Gilmore, and Bill Dickey, Board members on the facility committee, would meet with Garvin and others on the recreation committee. The issue would then be brought before the Board at an upcoming meeting

Offering a presentation on Elementary School rules and information on the school was Joan Hansen, Elementary Resource teacher, who helped make the video. Assisting her in the video's creation was, Don Buryanek, an instructor at Wayne State College, and also Wayne Elementary faculty/staff. The purpose of the video is that it will be loaned out to parents and others interested in a deeper

# Requests made to Santa

Each year the Wayne fourth grade students meet in December and scribe a letter to Santa for their Kindergarten Pals.

The fourth graders are instructed to ask the indergartners to help spur originality and variety in the letters.

According to fourth grade teacher Roger Reifkowski, "for the most part, the letters are written exactly as they were told to the fourth graders, with only minor grammar and spelling changes." The Wayne Herald will print a

portion of the letters in this week's edition with the remainder of the letters to be published next week.

Other teachers involved are Lori Ruskamp and JoAnn Benshoof, fourth grade and Nicki Tiedtke and Patricia Jenkins, kindergarten.

How are you doing? I'm fine. I want Hot Wheel racing cars for Christmas. My brother Ramsey wants dinosaurs. I want also the

# **Council listens to updated** proposal for fire station

### By Clara Osten Of the Herald

The proposal for a new fire station highlighted Tuesday's meeting of

the Wayne City Council. Robert Woehler, Wayne Fire Chief and Tom Mitzel, Chairman of the Building Committee gave the council an update on plans and cost estimates for a new facility.

Chief Woehler told the council that the department has outgrown the present building, which is also in need of major repairs.

Mitzel outlined the departments' plan in regard to gaining community support for the facility. first is

fire station is \$1.28 million but members of the committee feel that some negotiation of costs can be done

The department is requesting that the building be paid for through the implementation of a one percent city sales tax. The issue of a tax would have to be put before the voters. This could be done during the primary election in May of 2000.

The council made no decision on the request but will consider the issue at a future meeting. Also on the agenda was the pro-

posed 2000 sidewalk improvement project

estimated \$75,000 is available for the project.

The council also heard a request from Dr. Robert Krugman of Wayne Sport & Spine, P.C. for three stalls in front of his clinic to be designated with one-hour parking restrictions. Krugman told the council that the

majority of patients who come to his office have difficulty walking and need to have accessible parking. Council man Doug Sturm asked whether granting Krugman's request would set a precedent. He also stated that the issue ré-

enforced the need to look into parking for downtown employees. Police Chief Lance Webster told

Vern Schulz, Public Works Superintendent, outlined the area in the southeast quadrant that is involved in the project. Establishing the district is the first step in the process of identifying areas of sidewalk that need to be repaired or replaced, getting bids on the project and having the work done.

Each year one fourth of the city's sidewalks are targeted for review. An

request and his department would enforce the restrictions if they were put into effect.

Athe request passed on a 6-1 vote In other business, the council passed three resolutions in regard to unpaid weed removal costs. The city clerk will now forward those costs to the County Treasurer and they will be filed against the three pieces of property.

# New business caters to all ages

By Clara Osten Of the Herald

Wayne's newest business, The Renaissance Coffee House, has been serving customers since Dec. 7.

Owner Mary Burt had been considering opening the coffee house since early this year.

"I felt Wayne needed something like this and I wanted to try my hand at running my own business. she said:

In early October Mary leased the former Daylight Donut space at 212 Main and renovation of the property began.

One of the most prominent features of the coffee house is a large mahogany bar, built by Karl F. Otte

Mr. Otte built the bar in 1932 for a bar in Leigh. That bar has since closed and Ms. Burt was able to purchase the 20-foot structure and have it moved to Wayne.

The coffee house now has its original wood floors, brick walls and wood slat ceiling. In addition to Ms. Burt, nine peo-

are employed at The ple Renaissance Coffee House on a parttime basis.

Most of the tables at The

Renaissance Coffee House were purchased from a diner in Cedar Falls, lowa. Additional furnishings have come from Antiques on Main, Discount Furniture and Mary's home

On the menu at the coffee house are specialty coffees, teas by Tazo, hot chocolate, soda, juice, bottled water, pastries and a limited num-ber of sandwiches. Also available are specialty food items and high-quality coffee beans.

### (continued from page 1A) knowledge of the School Student

Management Program. Parent/teacher attendance records for the school's recent Parent/teacher Conference was dis cussed with the Elementary showing 100 percent attendance and 50 percent attendance at the High School.

The Special Education report showed that a teacher hasn't yet been hired in that department so aides within the school will help fill the need. A search for, a Special Education teacher may resume in the spring if the number of Special Education students is still up.

David Lutt, Elementary School principal, gave an update on All Day Kindergarten. Of the 77 surveys sent out to parents of pre-schoolers scheduled to begin Kindergarten next year, 54 were sent back to the school, Of the 54 received, 32 surveys showed parents in favor of All Day Kindergarten and 22 surveys showed parents not in favor.

Lutt said research on the subject has shown that with savings on bus transportation and with increased state aid for adding full time students, there would be little if any cost to the district for All Day Kindergarten

It was decided due to the margin of those in favor to those not in favor to have an open meeting with the parents in the future before moving ahead further on the issue.

Dr. Reinert, Wayne Community School Superintendent, updated the Board on renovation happenings at the Middle School which are 35 percent completé. A change on the bottom floor shows Commons room being extended to make construction easier to tie in the new and old additions. This will not increase square footage to the project, though.

Electrical needs are also being examined. The fiber optic cable runbing from the Middle School to the High School is being checked to see what condition it's in after being capped for two years. Also in question is if the computer setting in the building will be wireless or installed. More questions include drain situations, plumbing, roof design, etc.

Reinert hopes to finalize the plans soon and meet with the Board in the near future to discuss plans as well as expenses.

The only real change in the High School plans is that the Industrial

south side of the school building. This will give them access in case they want to pre-build something and take it out of the class room.

proof door to be installed on the

The auditor's report, Reinert said, shows three areas needing to be addressed: 1. Utilizing the accounting software, 2. more specific categories and disbursement in the lunchroom menu area, and 3. more specifics mentioned in the Special Building fund.

On Y2K readiness, Reinert noted there are 93 computers in the school system on Windows 3.1 or lower. Of those 93, 63 are clones built/updated by the school. The rest have been updated but are quite old and may not make it through the date change at the end of this year.

Another glitch could be the clock on the boiler in the High School. It has been replaced but now needs to be manually set. This problem may be mechanical rather than Y2K

Everything else in the school system has been checked and is ready for the coming millennium

On the subject of technology proposal, Reinert said they will be examining access to the network systems at the school

Reinert spoke on the Regional Education group to which he belongs. He and Dr. Sheila Stearns, WSC president, met recently on community needs where they com piled concerns and share looking at collaborative efforts in meeting those needs. They have also met with Nebraska State Senator Gene Tyson and voiced their educational concerns.

Reinert mentioned that Dr. Stearns had just returned from a

meeting in Washington, D.C. which focused on these goals. There is a similar meeting in DC in January which Reinert will attend.

Next summer a regional meeting will be held for school and college representatives.

jean Blomenkamp, Board member, reported on the Foundation Alumni data-base update project that is ongoing. Dennis Lipp, Board member, has been helping with the alumni list and there is quite a few names compiled at this time.

On community relations, Phyllis Spethman, Board president, noted that a list of key communicators has been compiled and a meeting to discuss this subject would be upcoming.

New business included local subteaching certificates stitute Working in conjunction with the college, college graduates (not just those majoring in education) completing methods course and special education course (total of 60 hours) would be eligible to become substitute teachers for the district. This move would hopefully increase the number of substitute teachers in the area which is guite low at this time. The Board approved this issue.

Future agenda items include: a follow up on State Board Association Convention attended by all Board members in Omaha in November, a report on All Day Kindergarten, and construction updates

The Board held an emergency meeting on Thursday, Dec. executive session, to discuss possible litigation

The next regular Board meeting will be Monday, Jan. 17 at 7 p.m. at the Wayne High School.

# Capitol News — **Research still** is in the news

### By Ed Howard Statehouse Correspondent

The Nebraska Press Association Who would have thought that this business about research at the University of Nebraska Medical

Center would have such a shelf life? Last week in this space it was suggested that Gov. Mike Johanns took a cheapish political shot by asking NU President Dennis Smith to order a halt to the research. Such an order is not Smith's to give. Besides, the research is federally funded and approved.

The issue centers on tissue from aborted fetuses being used in a search for cures for brain diseases such as Alzheimer's and others. Johanns sincerely opposes abortion. He argued that the research should stop because it is connected indirectly to abortion and because lots of Nebraskans find abortion abhor-

The thought here was, and is, that personal views aren't grounds for changing public policy: At least, not until they get spun through the process of representative democracy and come out as revised public policy.

To Johanns' credit, he was not among those whose first thought was to suggest that NU's budget would be targeted if the research continued. Give him points for leadership in that regard. And for some knowledge of how the state budget system works, too. The way the Nebraska constitu-

tion spells it out, the university is under the general governance of the Board of Regents. The Legislature can give money or not give money to NU. But it cannot, in fact, tell NU what to do with it? Did you know that? Well, it's true. The whole thing was decided back in the 70s when the Regents brought a case that sought an interpretation of the state charter. The high court's

interpretation was that the Legislature can be generous or parsimonious but it can't dictate how the tax dollars will be spent after they are in the hands of the university system.

If you think about it (well, even if you don't) that system is something of a fail safe guard for the state's only public university. Imagine the chicanery and outright political blackmail that could go on if the Legislature had direct control over how money was spent at good old Nebraska U.

How about: "Actually, President Smith, there was a small matter of football tickets for my sister's Godchild's aunt on her brother-in-law's side.

Back to the sensitivity of all matters even remotely related to abortion

It is not hard for any long-time observer of government to imagine such goings on as efforts to corral NU's research projects, directly or indirectly, because of anything from sincerely held beliefs to the convenience of bandwagon politics.

It is not difficult to imagine Darwin being up for debate, if not for grabs, just around that corner. There is an unarguably legitimate public interest, ethical and financial,

in science financed by the public. The right place for that interest to be expressed is through public policy, approved by voters or their elected representatives.

Once a policy decision has been made in law, the losers can go to court and argue their case, if they have one

If they lose and conclude that Nebraska is some sort of intellectual or moral backwater, they can do what Ronald Reagan suggested for those dissatisfied with the state of their state of residence. They can vote with their feet

# **The Library Card**

This column is written occasionally to inform the Wayne area as to what types of reading material and other items are available at the Wayne Public Library.

Congratulations to Professor Donald R. Hickey and his alter ego. Alexander Hamilton. Professor Hickey's living history presentation, "A Visit with Alexander Hamilton," held at the library on Nov. 18, was a resounding success. More than 30 people were on hand to listen while Mr. Hamilton explained his political philosophy and educated audience members as to what day-to-day life was like in 18th century America. We would like to extend our sincere thanks to Mr. Hamilton/Professor Hickey for his fine performance and to the Nebraska Humanities Council for sponsoring the event.

The library's celebration of Children's Book Week (Nov. 15-21) also went quite well. Twenty-five children enjoyed a special storyhour on Nov. 16 and throughout the week, children (and dare we say some adults) picked up hand-made Nebraska wildflower seed packets, picture books, and bookmarks which commemorated this year's "Plant a Seed...Read" theme. While we hope to serve the reading needs of our community's children all of the time, it is nice to have a special week to let them know just how much we appreciate them.

Santa's coming to the library! Santa will be visiting with good girls and boys during our annual "Santa Storyhour" on Dec. 18 at 10:30 a.m. Santa will read holiday stories and treats will be provided.

Preschool children are especially encouraged to attend this event. Throughout the month of December, patrons of the Wayne Public Library are invited to participate in our "Food for Fines" holiday program. The program works this way: for every one item of food donated, a patron may wipe out \$1 worth of fines. For example, donating one can of soup would clear a patron's fines in the amount of \$.01-\$1; two cans of soup would erase \$1.01-\$2; three cans, \$2.01-\$3, and so on. All donations will be given to Wayne's local Food Pantry.

Highly desired items include both food and non-food items; dispos-able diapers, Kleenex, toilet paper, soap, shampoo, hand lotion; canned soups, fruits, carrots, potatoes, mixed vegetables and canned meats like tuna, ham, chicken, spaghetti sauce; dry, boxed items, like rice, jello, muffin mix, Hamburger Helper, hot and cold cereals, etc. Come one, come all. What a holiday deal: wiping out some pesky fines while helping those in need. We would like to thank Randy and Jill Brenner of Quality Foods and Don Endicott of Pac 'n 'Save for kicking off our program with several boxes of donated items.

We would also like to gratefully acknowledge those tenacious volunteers who provided much time and expertise to completing the library's inventory process in the past few weeks. Thank you Lynne Allemann, Marge McCright, Carolyn McEvoy, Karen Parker, and Dorothy Stevenson. We could never have completed the task without you.

The library's Winter hours are as follows: Monday through Friday, 12:30 to 8:30 p.m.; Saturday, 10 a.m. to 6 p.m.; Sundays, 2 to 5 p.m. Our phone number is 402-375-3135; fax number, 402-375-5773 (sending or receiving fax charge is \$1 per page).

Brad joens puts up the one-hander during second half action of the 'Cats win over Morris, Saturday.

Rory Williams and Eric Henderson against Northern State as WSC erased a four-point halftime deficit of 28-24

Henderson scored 18 points and notched yet another double-double with 12 rebounds while Williams poured in 11 of his career-high 16. points in the second half.

Williams hit his first four, threepoint shots. The 'Cats overcame poor shooting in the first half, hitting on just 29 percent from the field

Greg McDermott's squad found the going a little easier in second stanza, hitting 15-of-33 shots from the floor

"Mac's" critical time of each game, the first five minutes of the second half was again won by the 'Cats as they out-scored the Wolves, 21-6 over the first seven-plus minutes

"If you're going to compete in this conference you're going to have to protect your home floor," McDermott said. "I was pleased we were able to get the job done in the second half. We missed a lot of easy scoring opportunities in the first half."

"Mac" relied on his senior leadership from that point on ,and -they delivered. "You like to see your seniors step up and ours did," McDermott added. "Our first three guys off the bench include two seniors and a junior in Rory Williams, Matt VanVoorst and Nathan Mulder which is a pretty good trio."

Mulder also finished in double figures with 13 points and Brad Joens tossed in 11

WSC won the battle of the boards, 48-41 as the 'Cats had two in double figures players in

rebounding with Henderson hauling down 12 caroms and Jon Dolliver, 10. Dolliver also had a career-high five blocked shots.

Saturday at home, WSC shook off a stubborn Morris team mid-way through the first half and led 42-26 at the intermission before rolling to

a 96-58 victory. , WSC had five players in double figures and two more with nine points as Jon Dolliver led the way with 15 points while Kevin Lingenfelter came off the bench to pour in 14.

Jason Herlitzke also scored 14 while Nathan Mulder tallied 13 and Brad Joens, 10, Eric Henderson and Matt VanVoorst each finished with nine points.

WSC out-rebounded the visitors, 40-37 with Henderson leading the way with eight caroms while only playing 23 minutes in a game where all 11 Wildcat players saw at least 10 minutes of playing time.

Henderson dished out a team high five assists and Dolliver notched four steals. WSC had 15 turnovers while forcing 24.

"We were a little disappointed with our offensive execution in the first half," McDermott said. "We had 10 turnovers of our 15 total in the first 20 minutes."

"Mac" was pleased with the way his team responded early in the second half as they pretty much put the game away early.

"I was happy for Kevin Lingenfelter because he is such an intense player in practice and he came in and knocked down four, three-pointers," McDermott added.

WSC will play its last weekend of non-conference action this Friday and Saturday when they host

unbeaten UNO on Friday and Grand View on Saturday.

Game time for both contests is slated for 7 p.m. since there is no women's game preceding.

"This is the best UNO team we'll have faced," McDermott said. "Kevin Lehman has done a really good job and they're off to an 8-0 start.

# Wakefield perfect after five contests

The Wakefield girls basketball team improved to 5-0 on the season with wins over Walthill 74-26 and Wausa, 48-21 along with Emerson-Hubbard, 41-30.

The Trojans led Walthill 37-8 at the half and never looked back as Annie Greve paced the winners with 15 points while Maggie Brownell added 14 and Timarie Bebee, 12.

Amber Johnson tossed in six points and Megan Brown and Kim Hattig added five each while Lacey Brown and Traci Lueth added four each. Erin Salmon finished with three points and Annie Bierhower along with Erica Conner and Kristin Brudigam added two each.

Bebee hauled down a team-high 10 rebounds with Erin Salmon netting eight caroms.

The Trojans made short work of Wausa as well, leading 26-11 at the half and then holding the Vikings to just 10, second half points. Maggie Brownell led the winners with 14 points with Megan Brown, Lisa Potter and Annie Greve added six each. Annie Bierbower and Timarie Bebee added four each and Lacey Brown, Erica Conner, Kim Hattig, Kristin Brudigam and Traci Lueth scored two apiece

Bebee led the team on the boards with nine caroms with Brudigam notching three steals.

Against Emerson-Hubbard on Tuesday night in Wakefield the Trojans led 20-16 at the half but stretched that lead to seven after three quarters of play at 31-24.

Iris Borg's team was led by Annie Greve with 15 points while Maggie Brownell had 11 and Megan Brown. six.

Timarie Bebee scored five points while Annie Bierbower and Erin Salmon added four each and Kristin Brudigam, two.

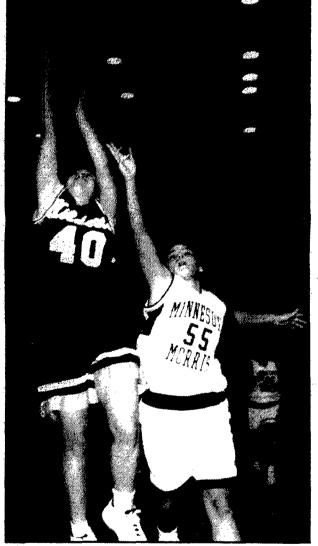

Wakefield will play at Hartington on Thursday before hosting Osmond on Tuesday.

# Wayne State women win one of two NSIC games

Tracy Williamson looks to drive to the hoop in WSC's thumping of Morris, Saturday.

Stephanle Ngirchoimei finger rolls the ball for two after a behind-the-back dribble past a defender.

The Wayne State women's basketball team split their first two Northern Sun Intercollegiate Conference games over the weekend, falling to the top-ranked team in the Region in Northern State, 71-55 before rebounding to cruise past Minnesota-Morris, 78-41.

The 4-3 'Cats hung with Northern State in the first half as Ryun Williams team trailed by just one point at 31-30.

The visiting Wolves connected on nine of their first 10 shots in the second half to build a 10-point cushion and they gradually pulled away from there

"In the first half we did a good job of taking away Northern's primary options but in the second half they did a good job of using their role players," Williams said. "They are a very good ball team who is currently ahead of North Dakota in the Regional rankings."

Williams said Northern really made some big shots in the second half. "All five of their starters finished in double figures," ,Williams added.

Krista Bernadt led WSC with 15 points with Sara Miller adding 13 and Katie Sperling, 12.

WSC was out-rebounded by a 47-36 margin with Sperling leading WSC with nine rebounds with Bernadt hauling down seven car-

oms and Karen Hochstein, six. The 'Cats committed 17 turnovers compared to 12 for the Wolves with Hochstein notching three steals.

Saturday, WSC sprinted to a 33-16 halftime cushion before putting it on cruise control in the second half for a 78-41 victory over Minnesota-Morris.

"It was a big plus being able to play everyone a substantial amount of minutes," Williams said. "Maranda Radke did a real nice job for us, scoring 16 points."

WSC didn't shoot the ball overly well. "It was rather poor for our standards but we were tired and the

Friday

The Wayne boys basketball team was man-handled by second-ranked (Class B) Schuyler, Tuesday night in Wayne, 73-51

The visiting Warriors took control of the game from the onset, scoring the game's first 13 points before Dustin Schmeits erased the goose egg from Wayne's score with a free throw.

Wayne trailed 20-10 after the first quarter and 45-25 at the half before looking at a 58-34 deficit heading to the final quarter.

"We were overmatched and outplayed in every aspect of the game in the first half," coach Rocky Ruhi "The one positive is we only lost the second half by two points Schuyler hit 53 percent from the field including 10, three-pointers." Ruhl said his team just simply

came out flat and did not play like it was a big game.

"The deer in the headlights syn-

girls had no legs left. We need to get healthy," Williams added.

The 'Cats will be with out the services of starting play-maker Erin Aakre the rest of the season with a torn anterior cruciate ligament.

Ami Pendry is still nursing a sprained ankle and is expected to be

back in the lineup by the end of the month. Karen Hochstein also finished in

double figures with 14 points with Beth Skogen pouring in 13 and Tracy Williamson, 10.

WSC out-rebounded the Cougars, 49-43 as Hochstein hauled down 11 caroms for a double-double.

Bernadt recorded four steals and WSC forced 23 turnovers while suffering 18.

WSC will play at South Dakota on Saturday night. The Coyotes will enter the game with a 5-2 record.

The 'Cats will play at Morningside on Dec. 29 to close out 1999 before they enter the meat of the conference schedule in early January.

The Wayne boys basketball-team blasted Logan View, 67-47 last Friday night to improve to 2-0 but Rocky Ruhl's team lost to topranked Columbus Lakeview on Saturday in Columbus, 47-37.

The Blue Devils jumped out quickly on Logan View, building a 23-11 lead after one quarter of play and 36-21 at the intermission.

"We played pretty well from the on-set," Ruhl said. "We played intense on both ends of the floor and we got to play a lot of kids."

Eric McLagan led a group of nine players in the scoring column with 16 points while Klinton Keller scored 12. loel Munson tallied nine points but Ruhl said it may have been Munson's best game ever.

"loel did an excellent job of being the floor general," Ruhl said. "He hit four-of-five shots from the floor and four-of-six free throws while hauling down seven rebounds and dishing out five assists."

Jon Meyer and Brad Hochstein also scored nine points each with Brad Hansen and Shane Baack adding four each. Dustin Schmeits

and Trevor Wright tallied two each Wayne out-rebounded Logan View, 33-22 as Munson and McLagan had seven caroms each.

SATURDAY IN COLUMBUS. Wayne battled top-ranked Lakeview

to the end before falling, 47-37. The Blue Devils led 12-9 after the first quarter and found themselves down by seven late in the second quarter before senior Klinton Keller

pulled off what is most likely the only seven-point play in Nebraska High School basketball history.

Keller drained a three-pointer and was fouled while the ball was in the air. Lakeview was over the limit on fouls which put Keller at the line for a one-and-one.

Meanwhile, a technical foul was called on Lakeview which meant Wayne had two more free throws. Keller drained all four from the charity stripe plus his three-pointer to tie the game at 23.

"We got possession of the ball and then turned it over and we let Lakeview score the final four points before the half," Ruhl said. "That hurt a little bit."

Wayne struggled from the field in the third quarter, scoring just four points as Lakeview built a 10-point

-think we earned their (Lakeview's) respect," Ruhl said. We played physical and intense."

Ruhl said Lakeview played a half court press very well which led to some transition buckets by the host team. "We just didn't attack the press very well," Ruhl said "We shot just 26 percent from the field which was a combination of their defense and just poor shooting."

Keller had a phenomenal night from the field, bitting for 21 of Wayne's 37 points. "Klinton played very well and looked for his shot more," Ruhl said. "We need for him to do that consistently."

ioel Munson and Eric McLagan also scored six points with Jon Meyer and Dustin Schmeits adding two each

The Blue Devils were outrebounded, 23-16 with McLagan netting five boards while Brad Hochstein had four.

Munson dished out three assists and Wayne-committed 16 turnovers compared to 14 for Lakeview.

The Blue Devils will close out the pre-Christmas schedule on Friday

when they host Wisner-Pilger. IN JUNIOR VARSITY play Wayne improved to 3-0 on the season with 64-40 win over Logan View and a 42-40 win over Columbus Lakeview. Duané Blomenkamp's troops had 13 players score in the Logan View victory as Brad Hochstein led the way with a dozen points while Luke Christensen scored nine and Brad Hansen, seven.

Trevor, Wright tallied six points with Ben Meyer, Jeremy Foote and Craig Olson adding five each. Shane Baack scored four and Brett Parker, three while Bart Kubak, Jeff Pippitt, Ethan Mann and Leo Buechter added two apiece.

At Lakeview, Wayne hung on for the win thanks to Craig Olson's free throw attributes

Olson scored 14 of Wayne's 42 points including 10 in the final stanza as he hit eight of eleven free throw attempts.

Trevor Wright scored seven and Ethan Mann, six while Brad Hansen added four. Shane Baack, leremy Foote, and Jeff Pippitt tallied three each and Ben Meyer, two.

A recent study in the Journal of the AMA has raised concern over the use of nasal and inhaled steroids. A 40% increase in open-angle glaucoma was reported in those using more than 1500 mcg per day of inhaled steroids for control of their asthma. Further studies, will be done. Inhaled steroids are normally safe at the usually prescribed doses. However, for those who require high doses over long periods, it would be wise to be screened for glaucoma at least once a year.

THE ALLEN BOYS ARE still in search of win number one after falling to Ponca in the Homer Tip-Off Classic, 93-38. The Eagles trailed 47-14 at the half and 72-27 after three quarters of play.

Joe Sullivan scored 12 points to lead Brian Hoffman's squad with Austen Stewart netting seven and Andrew Purnell, six. Micky Oldenkamp scored five and Brandon Osbahr, four while Adam Gensler and Justin Werner scored two eách.

"Ponca did an excellent job of controlling the tempo," Hoffman said. "Their press forced many turnovers (24) which created easy baskets: We didn't execute in our half-court game.

Allen fell to Emerson-Hubbard, 58-43 in the consolation bracket. "Turnovers again were the story of the game," Hoffman said. "Many of those turnovers were unforced. We did cut the gap to nine in the second half but could get no closer." Allen finished with 31 turnovers

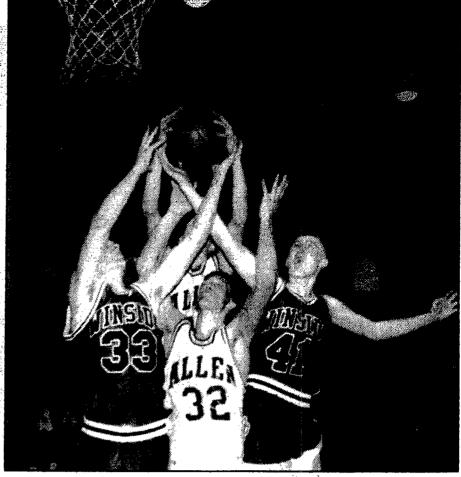

while Emerson-Hubbard had just 12. Andrew Purnell led the Eagles with 11 points and Micky Oldenkamp tailied 10 while Austen Stewart finished with nine and Adam Gensler, eight. Joe Sullivan rounded out the scoring with five points.

'We had a pretty good duel with WPCC but we did not match up well with Pender," Sok said. "They have eight or nine upper classmen and we have eight freshman and

sophomores." Sok said he feels his team has a number of things to work on yet including conditioning and technique along with staying focused.

AT THE NORTH BEND invitational the Wildcats tallied 109 points to place behind North Bend, 176.5 and Wahoo, 128. Wisner-Pilger was fourth with 85.5 and Columbus Lakeview, fifth with 83.5 while Milford tallied 77 and David City, 65. Arlington scored 36 and Tecumseh, 29 while North Bend IV's finished with 13 and Central Christian, 7.

"There were no real surprises as far as some team coming out of the blue and taking the tournament," Sok said. "Most of our guys wrestled pretty well. This was the fourth time in eight days our guys had to make weight which doesn't allow for much technique and conditioning work."

Sok said hopefully his squad will be ready for the Wayne Invite on Saturday after having a full week of workputs

"North Bend and Pender will be there so it will be another tough weekend," Sok added.

The Winside mentor said he was pleased with the way his team wrestled at North Bend's meet. "I do feel we should have scored

better as a team;" Sok said. The Wildcats wrestled in 10 weight brackets with seven earning medals including a trio of champi-

ons Jared Jaeger won his 103 pound eight class with an 8-2 decision of Brandon Suehl, wrestling unattached

# Winside girls defeated by Newcastle

WINSIDE-The Winside girls basketball team was defeated by Newcastle, 47-36 as the Wildcats remained winless on the season Marland Erbst's team trailed 23-12 at the half. Julie Jacobsen led the Wildcats with 14 points while Kim Nathan scored six and Heather Rabe, five. Brooke Boelter tallied four points and Crystal Jensen along with Shannon Bowers added two each.

Jacobsen did record a double-double with 14 points and 12 rebounds "We're still having trouble putting the ball in the basket," Erbst said. "At times we play pretty well but we will have a streak where we have a few turnovers and we get behind and have trouble catching up.

Winside will play at Coleridge on Friday night and at Walthill, Tuesday.

## Allen boys fall to Hartington to fall to 0-5

ALLEN-The Allen boys basketball team fell to 0-5 on the season after losing to Hartington, 61-44 Tuesday night in Allen. Brian Hoffman said his team needs to focus on ball control if they are going to compete. "We can't have 25-plus turnovers each game and expect to win," Hoffman said. "We had 25 against Hartington while forcing just 10."

Allen only trailed by three at the half, 21-18 but fell behind by 10 after three quarters of play at 41-31. "We had some good looks at the hoop but the shots just didn't go down," Hoffman said. "Defensively we struggled to communicate and find shooters."

On the bright side Austen Stewart recorded his third, double-double of the season with 12 rebounds and 11 points while loe Sullivan added 11 points with Andrew Purnell tossing in 10. Micky Oldenkamp finished with eight points and Adam Gensler, four

Allen will play at Newcastle on Friday and host Homer on Tuesday.

# Wakefield boys defeated by Emerson

WAKEFIELD---Mike Clay's Wakefield boys basketball team fell to 0-3 on the season, Tuesday with an 80-42 setback to Emerson-Hubbard. The host Trojans trailed 42-17 at the half and 60-25 after three periods.

"We've struggled in scoring so we attempted to apply more defensive pressure and it helped at times but we also gave up some easy buckets," Clay said

Todd McQuistan led the Trojans with 10 points while Ryan Carson added eight and Ty Nixon, six. Nick White tallied five points and Wyatt Brown along with Brett Brownell added four each. Richie Dutton and Josh Henderson scored two apiece and Joel McAfee added one Wakefield will play at Hartington on Thursday and at Stanton on

BLUE LIGHT

Again this year as it has for the past 27 years a Blue Light Tree shines in memory of many loved ones and friends. The late Bonnie Bressler was instrumental in starting the project for the Wakefield Health Care Center auxiliary and for 21 years coordinated the project.

Mrs. Bressler was inspired by an article she read. The idea is for people to purchase for \$1 each a light(s) in honor of deceased person(s) or someone still living. Each name is represented by a blue light on the tree during the Christmas season. The tree is placed at the Care Center for residents and visitors to enjoy.

Sale of the lights begins at the annual Fall Festival sponsored by the Wakefield Health Care Center Auxiliary and continues through the holiday season. In January, the list of is published in the names Republican to further honor people for whom the lights were purchased.

Members of the Vocational-Industrial Clubs of America have constructed a 8-foot mini barn. The barn has a red Gambrel roof, red trim and white siding..

The project will be a fund raiser for the VICA group. They are currently selling tickets for \$5 each or five for \$20. Industrial instructor Daryl Harrison said the group will deliver the barn within # 15-mile radius of Wakefield free of charge and beyond that for \$1.50 for each mile, one way.

Students working on the project included: Tucker Greve, Kurt Thompson, Ben Sharpnack, Martin Wriedt, Carl Nolte and Josh Vander Veen

### SHOW PRODUCTS

The Quilt Shop of Wakefield has again been accepted into the Genuine Nebraska Market to be held Jan. 23 and 24 at the down town Holiday Inn in Lincoln. The two-day show is open strictly to qualified wholesale buyers.

Artisans must go through a jury process to be accepted into the . Genuine Nebraska Market. "The key thing about jurying is that it saves buyers time because they don't have to search for quality as they shop. It also enhances the image

The next meeting will be jan. 5 at 12:30 p.m for a carry-in dinner Kitchen committee will be Bey Voss Janice Jaeger, and Bev Dangberg.

# lints given from federal government

Governments and businesses have spent billions of dollars to ensure that computer systems will make a successful transition to the next century. Although it is unlikely that the Year 2000, or Y2K issue will create significant problems in the United States, no one can say for sure that there won't be temporary disruptions in some services

Such interruptions are expected to be short-lived, like temporary problems in service caused by storms, and while inconvenient, are not expected to cause long-term problems. The following recommendations will help you and your neighbors prepare for any difficulties that may occur:

Local information: Read Y2K

notices provided by local officials, banks, power and telephone companies; health care organizations and other important service providers. Adapt the recommendations in this checklist to what you lean locally and to your past experiences with local service providers. Food, water, and other sup

plies: Prepare as you would for a long holiday weekend by having at least a three-day supply of food and water (one gallon per person per day.). The food industry is not only ready for Y2K, but it is resilient and accustomed, to dealing with unexpected disruptions (e.g., storms). As always, it is a good idea to make purchases early

Make a personal assessment of

items and services that are critical to your family, including special items or services required by family members with special needs, such as infants; the elderly and persons with disabilities. Make sure that you have adequate clothing, tools and supplies, flashlights, batteries, a battery-powered radio and a first aid kit, as recommended by FEMA and the American Red Cross. Follow all appropriate safety instructions for fuel storage and use of heating and cooking devices or other emergency items

Important, records: Keep copies of important records-particularly your bank and financial statements medical records and prescription

drug information-for before and after lan.1, 2000. When you receive a transaction receipt, check it for accuracy and save it to compare against your statement. Develop a list of phone numbers for hospitals, police and fire departments, and neighbors

Cash: If you decide to withdraw cash, hold only as much as you would for any holiday weekend. Withdrawing large amounts of cash is unnecessary and may invite theft. Remember that financial institutions are well prepared for the date change, and you have more than one payment option (e.g., checks, credit cards, debit cards, travelers checks.).

Medicine: As always, refill pre-

scriptions medications when you have a five-to-seven day supply remaining. The pharmaceutical and health care industries are confident, based on experience, that following this standard practice is all that is needed for Y2K. If you have any questions about your health care needs, talk to your doctor, pharmacist, or other health care provider.

Gasoline: As you would in preparation for a winter storm, keep your automobile gas tank above half full. Service stations are re-supplied regularly-sometimes as often as ever other day.

Consumer electronics: Check with manufacturers to if the essential electronic equipment you use around your home is Y2K ready,

especially personal computers, monitored security systems or programmable thermostats.

Telephones and Internet: Use telephones and the Internet only as necessary on Jan. 1. "Testing" ithe systems to see if they work or engaging in long conversations could create delays greater than those experienced during high volume usage periods such as Mother's Day.

Scams: Beware of Y2K scams. Be skeptical if someone tries to sell you a product, service or investment that is "Y2K safe" or wishes to sell you Y2K insurance. Never give out your bank account, credit card, or Social Security number unless you initiated the call or contact.

# Christmas tree has history

The Christmas tree, a common decoration in many homes during the holiday season, has an interest ing history

Although the Christmas tree orig inated somewhere in the 10th century, "16th century reformer Martin Luther is credited for its popularity; Legend states that after pondering the beauty of the heavens one Christmas, Martin Luther had his family set up a tree decorated with candles to symbolize the beauty of

After a time, decorated German Christmas trees began to get more and more elaborate and could include glass ornaments, candy canes and other confections

Európean immigrants brought their holiday customs to American but Puritan concepts rejected the Christmas tree rustom With a second surge of Germati immigration at the turn of the century, however, the Christmas tree became estab lished as an American tradition. A small table top artificial tree made of painted green teathers attached to limbs of wire was common These trees were mostly imported from Germany

During World War I, fresh kut Douglas fir and other domestic evergreen trees became popular to replace the imported trees. Because of their larger size, these trees were moved from the table to the floor and have evolved into today's contemporary Christmas trees

Noted for its evergreen foliage and bright red berries, holly (liex) has long been associated with Christmas. There are well over 150 species of Holly. Some are deciduous and loose their leaves; others

Yet, a piece of holly kept from church decorations is said to bring good fortune throughout the year. Similarly, if holly is hung in the barn, animals are believed to fatten and thrive. Holly picked on Christmas Day is believed to protect against witches and evil spirits.

For a longer decorative life, treat holly as a cut flower. After removing it from its plastic bag, make a fresh stem cut and place in water. Misting daily may help preserve its freshness. Keep as cool as possible, out of direct sunlight, away from heating sources

Jackson, all of Allen were Dixon County Farm Bureau's voting delegates and Bill Claybaugh and Dave Owens, both of Carroll, were Wayne County's voting delegates to the 1999 Farm Bureau Convention held Dec. 5-8 in Kearney.

Other area citizens attending included Loretta Jackson of Allen and Don and Dorrene Liedman of Garroll.

Convention speakers included U.S. Senator Chuck Hagel who addressed trade issues and the recent meeting of the World Trade Organization in Seattle:

Trade is the "critical, dynamic challenge facing the country and the world," he said, and shouldn't. be regarded as an appendage to other world concerns.

Likewise, he cautioned that the World Trade Organization negotiations will collapse if too many unrelated issues are loaded onto them, such as labor issues.

"Trade is the essence of a better world," he said, emphasizing that global population will reach eight to 10 billion by 2050. In the next 20 years, agricultural production will need to increase by an estimated 40 percent to feed the growing population and 60 percent of that need can only be supplied by the U.S. In his 18th annual address,

Nebraska Farm Bureau President Bryce Neidig also noted the grow-ing importance of trade to Nebraska farmers and ranchers. Rather than return to former supply management programs such as a farmerowned reserve as a response to current low prices, agriculture needs the government to keep its promises-to build trade opportunities,-hesaid.

State Director of Agriculture Merlyn Carlson also addressed the Farm Bureau members. He discussed the department's valueadded initiatives and foreign market development. He said he is very excited about the potential of China as a market for Nebraska products, because it wants to be a world class player. Her mother was a nurse, but she did not plan to be one. So we parted ways at age 18 and she attended St. John's College in Winsfield, Kan Here, she met a boy who was preparing for the ministry. His first call took him to southern United States, and they have lived in Orlando for at least 30 years.

Her father, Erick, was a farmer, like mine. But he was also a carpenter, a self-taught one, who made her a lit tie table and chairs, a doll bed, and such. He was a kind and generous man; one of those folks who lived his christianity every day.

When he left the farm, his son took it over, and he and Irma moved form Waco to York. Here, they became active in a mission congregation, played bridge, raised a huge garden, and took care of a lovely yard. The house was large enough to accommodate grandchildren, there were eight; and included a pool table in the basement.

This was the house I took my kids to visit when Marlyce came home, and we usually were invited to stay for lunch. It was Erick's custom to bless the food with the common table prayer, and our kids remember his booming voice leading us in

"Come, Lord Jesus, be our guest." And, I'm sure Jesus was present at such an invitation.

He'd been a bachelor before his marriage at a bit older age than usual, and had surgery for colon cancer in 1960, at age 59...So, they observed their 40th anniversary with a grand celebration. He loved seeing old friends and neighbors, and greated everyone with a wide grin and a hand so pe

But God was gracious, and Erick lived to celebrate a golden anniver sary and a 90th birthday, and saw the grandchildren grown up, graduate, marry, and present with great grandchildren.

This year, another cancer was discovered in May, they moved from the big house to an apartment near the nursing home. He observed his 98th birthday that month. Marlyce, of course, has made many flying trips and countless phone calls Eventually, he was admitted to

# Feed testing can provide information

By IIII Heemstra Extension Educator

Many producers regularly test their feeds for quality and many more test when they experience problems. Feed testing can provide information about the quality of a feed to help a producer make the most economical feeding decisions.

There are two common ways of testing feed. One is wet chemistry This is the method typically associated with a scientist using glass beakers and bubbling fluids. This method is usually the most expen-sive and takes the longest time to conduct.

Another method is Near-Infrared Reflectance Spectroscopy (NIRS). This method uses the absorption of near-infrared light to determine the different components of a feedstuff Components like protein, water, fiber and oil absorb near-infrared light at different wavelengths, similar to the way we see different col ors

NIRS works a lot like our eyes. If you walk out into your pasture, the grass looks yellow-brown at this time of year but you can still tell the grass from bare dirt. When you look at the pond, you know it is water and not grass or soil. The grass absorbs light at a different wavelength than the soil or the water Your eye can detect those differ ences and your brain processes these differences accordingly.

What makes NIRS popular is the speed and ease of analyzing a feed. wet chemistry, you have to measure chemicals, cook the sample and measure what is left. This can take more than two days. With NIRS, the lab grinds the sample puts it in a class container and places the container into the spectrophometer. A computer calculates the results. Not only is it faster, but cheaper

This may make wet chemistry sound obsolete. That is not true. Simply measuring the near-infrared light absorption is not enough. You need a measuring a stick. To get this measuring stick, thousands of samples need to be analyzed by wet chemistry to create the formulas for the computer. This has been done, and, is continuing all the time for common feedstuffs like hay, corn, soybeans, etc

Thousands of samples are needed to calibrate a machine for just one

type of feedstuff. Every time a new feedstuff is to be analyzed, a new database has to be created. In addition, some feedstuffs like corn silage are more complicated. Variations in quality, like carmelization from overheating make it hard to analyze the protein with the feed, or if it is an uncommon feedstuff, wet chemistry may still be the only way to proper-ly analyze the feed. At this time many different things are analyzed by NIRS. Some of these include cereal grains, hay, milk, animal by products, petroleum, tobacco and chemicals

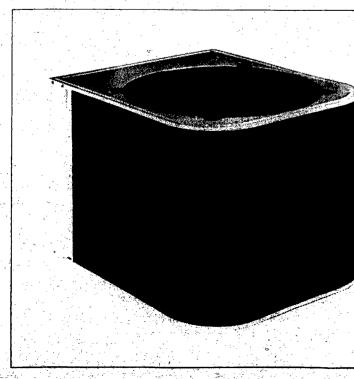

From a meager start of analyzing just wheat for protein 25 years ago, the future of NIRS is promising. Large U.S. companies are creating databases in order to help produc ers select hybrids for superior silage feeding. characteristics Researchers across the world are also creating databases to analyze feeds for amino acid content

BURMOOD'S CELLUTAR RONE

is the US. This medicine is unlike any previously available. I inhibits an enzyme that allows the flu virus to spread from one healthy cell to another. Hence, it stops virus spread in the respiratory tract. If taken at the onset of flu it could reduce the length of illness by up to 3 days - keeping people on the job and preventing thousands of lost work days Moreover, it could save lives. In the US flu resulted in 10 to 40 thousand deaths during the 1989-90 season.

Some European health officials are concerned about Relenza's cost - about \$38 in Britain, \$32 in Denmark. (The proposed US cost was not disclosed.) However, paying \$10 to \$15 per day to resolve flu symptoms and get back to work (or play) seems like a bargain.

# For a Winning Christmas Season, Shop At Home

Smart shoppers know that this busy season which hits hard on the checkbook begins at home. Why not dodge the big city gimmicks and hold the line at home.

10C

The Wayne Herald, Thursday, December 16, 1999

We owe it to our friends and family to keep all of the money we spend at home where it can work for us. If local dollars were spent with hometown merchants, our standard of living would be better and our community would be more prosperous.

REGISTER AT EACH OF THESE PARTICIPATING BUSINESSES TO WIN \$150 (Each Friday) Sponsored by The Wayne Herald and morning shopper

Drawings will be held December 3, 10 & 17. Winner will be notified Friday afternoon and announced in the following Morning Shopper. Need not be present to win.
