City Council discusses sidewalks

By Clara Osten
Of the Herald
Several citizens were at a public information meeting Tuesday to voice their concerns about the city's proposed sidewalk district.
The meeting, held prior to the regular council meeting, was designed to outline the proposed areas where replacement sidewalk as well as new walk would be installed.
The southeast quadrant of the city is scheduled to have sidewalk work done this year.
Vern Schulz, Public Works Superintendent, presented a map of the area to have work done this year. He told those in attendance that after the sidewalk improvement district is designated, the city will go out for bids and after a bid has been accepted, those property owners in the district that wish to do the sidewalk work themselves or have a private contractor do the work have 60 days to have the work completed.
Several property owners on South Nebraska Street voiced opposition to the project, stating that sidewalk in that area would not go anywhere and that installing sidewalk would

take away parking space as vehicles cannot be parked across a sidewalk.
Schulz said that before any work is done on sidewalks, members of his department will meet with property owners to discuss what can be done.
He also indicated financing is available through the city which allows for property owners to pay for the sidewalks over a six year period.
During the council's regular meeting, members voted to move forward in the creation of Sidewalk District 2000-1. The final reading of the ordinance will take place at the council's next meeting.
Phil Lorenzen of Kirkpatrick Pettis spoke to the council on several concerns regarding ballot language for the proposed community activity center.
Among the issues addressed by Lorenzen was that of indicating on the ballot that the facility would be a single building on a single site. He told the council that site did not have to be determined at this time but the ballot needed to state that the building would be on a singular site.
He also addressed the issue of having a specific date on the ballot when the city sales tax would end.
"Because we have no control over sales in the city, should they decline, we would lose the ability to repay the debt if we have a time limit on the tax. The ballot language needs to be open ended to allow for collection of the entire bond amount and to make the bonds marketable," Lorenzen said.
Following his presentation, the council passed Resolution 2000-13 which will submit to the voters of the City of Wayne the question of

Town hall meeting held at District 57

A town hall meeting was held at Dist. 57 south of Wayne on Monday night with around 30 people in attendance.
Board members for District 57 were on hand along with their attorney, Dave Ptak of Stratton & Ptak, P.C., Attorneys At Law of Norfolk to answer questions. The meeting was set to give out information to those interested. There has been nothing final done at this time.
Some background information on District 57 includes: there are eight children attending school there at the present time, and there is one full-time

Renovation plans nearly complete

Discussion on Middle School renovation and construction started off the meeting of the Wayne Community Schools Board of Education. Plans for this project are 95 percent complete.
Dr. Joe Reinert, superintendent of Wayne Community Schools noted the present amount of middle school renovation and construction is over budget due to having more demolition and abatement costs than originally planned. Also, due to the fact that costs have risen since the initial budget was figured.
Buster Beckenhauer of Beckenhauer Construction of Norfolk explained to the Board that as plans have become more developed, it has helped them to become closer to exact dollar amounts. He went through an estimated budget report with them on various areas needing improvements at the Middle School and whether costs in each area have stayed the same, risen or went down. Some of the areas involved include demolition,

concrete plans, metals, framing, waterproofing and insulation, doors and windows, finishes, equipment, conveying system, mechanical, and electrical work.
Beckenhauer noted that costs could be cut in some areas. An example of savings is installing a standing seam metal roof which would reduce costs by around \$10,000.
He noted that a storm sewer needs to be addressed which would add around \$25,000 to the project, and a drain tile/system also needs addressing and that will add around \$7,000 to the project. He added that there are alternates that can be taken on some of the needed items in order to stay within the budget.
Gary Bowen of Bahr, Vermeer, Haecrer of Omaha asked the board to give Beckenhauer and himself a few days after bids are in to analyze everything so they can get back on budget. He noted Beckenhauer is looking at three weeks to bidding so he asked the board to give them until around the first of April to make some decisions.
Some alternates mentioned include changing windows selected

Sheriff's office gets grant

The Wayne County Sheriff's Office is receiving grant funding assistance for obtaining two in-car video camera systems, according to Fred Zwonechek, Administrator for the Nebraska Office of Highway Safety.
"This highway safety grant funding in the amount of \$5,216.90 will aide the Wayne County Sheriff's Office in purchasing the two camera systems," Zwonechek said.
The State of Nebraska has qualified for additional highway safety alcohol incentive funds for the past six years. The Nebraska Office of Highway Safety has used this funding primarily to aide local area law enforcement in obtaining in-car cameras and alcohol testing equipment used to assist in the apprehension and conviction of drinking drivers.
"The continued availability of these funds, along with the commitment and dedication of local law enforcement agencies to aggressively enforce alcohol driving violations, has kept Nebraska's alcohol-crash rate well below the national average," Zwonechek said.
During the past three years, the agency has awarded funding to purchase 498 in-car camera systems and 659 preliminary alcohol breath testing units.

Police investigate forgeries at bank

The Wayne Police Department responded to a report of suspected forgery at a local bank on Feb. 16.
Officer Matt Hoffman conducted the criminal investigation that lead to multiple arrests for forgery, attempted forgery, conspiracy and aiding and abetting.
In addition, Officer Hoffman's investigation led to the recovery of property stolen during a burglary of a rural Stanton County residence, the identity of the suspects of that burglary and the recovery of a vehicle stolen from the same residence.
Larry Jenkins, Jr., 24, of Wayne, was arrested for one count of Forgery, two counts of Criminal Attempt, Forgery, three counts of Conspiracy to commit Forgery and Possession of Stolen Property.
Jenkins was jailed in the Pierce County Jail. He posted bond and is awaiting the filing of formal charges.
Also arrested was 22-year old Stephanie Doescher of Wayne. Ms. Doescher was arrested for Conspiracy to Commit Forgery and Aiding and Abetting the commission of a felony. She was jailed in the Pierce County Jail and has posted bond. She is awaiting the filing of formal charges.
A third suspect is under investigation for possession of stolen property.

Heart Association to hold cardiac arrest

The American Heart Association will hold a Wayne County Cardiac Arrest in Wayne on Thursday, March 23 at the Women's Club in Wayne.
Cardiac Arrest Parole Board members say a group of very important local citizens will go to jail to raise funds of the American Heart Association. The members of the Parole Board are Leslie Schulz, Dianne Leighty, Stan Stednitz, Ron Gentrup, Dorothy Wert, David Lutt, Rod Hunke, Lesa Backstrom, and Nancy Heithold.
In order to be released, they will have to post bail. They will raise bail by asking their colleagues, friends or neighbors for donations. The arrestees will have two weeks prior to their "court appearances" to collect their bail. If arrestees are unable to attend that day, they can turn their bail money into a Parole Board member prior to the event.
Cardiac Arrest is a mock court-

Mission Sunday planned

Pastor Willie Hunter, from Gospel Chapel Church in Newcastle, is the featured speaker for this month's Mission Sunday at Calvary Bible Evangelical Church at Fifth and Lincoln Streets.

The event will begin at 6 p.m. on Sunday, March 5.

Hunter will share information about Gospelink and how God has called him and his family to be a part of this ministry.

This month's Mission Sunday is a potluck dinner and is open to all. Everyone is welcome to attend and encouraged to bring a friend.

When you think about Christian Missions and Christian Ministries what comes to mind? Do you see young people packing their bags to spend a few weeks in a remote area of the world? Do you see families selling their home, car, and personal belongings to take up residence in a foreign country?

For most of us, the words Missions and Ministries bring up images of Americans leaving the United States to share the Gospel with others. This is not a complete picture.

Worldwide, there are about 6,000 indigenous ministries. Ministries that are led by Christians who are native to that region. Half of these indigenous ministries are in nations closed to American missionaries. They represent over 200,000 missionaries who carry out 90 percent of all pioneer evangelism among unreached people.

One ministry that works with indigenous ministries is Gospelink. Established as a mission organization in 1998, Gospelink's goal is to advance the gospel throughout the world. Gospelink works with national preachers who are actively involved in church planting and discipleship. Through prayer and financial assistance, national preachers are empowered, their evangelistic outreach is enhanced, and their church planting efforts are accelerated.

"Supplement" May Increase Size of Men's Breast

Androstenedione is the much discussed "dietary supplement" used by baseball player Mark McGwire to promote strength. However, a study published in *Journal of the American Medical Association* suggests that this naturally occurring hormone has no effect on strength - and may even promote heart disease and breast enlargement in men.

During a 8-week weightlifting program, 10 men received 300 mg daily of the hormone, and 10 men received a placebo. All 20 men were new to weight training and achieved rapid strength gains with no difference between the two groups. However, the men who received the hormone supplement had a significant decrease in levels of HDL cholesterol, the type that protects against heart disease. The men who received the hormone also had increased estrogen levels, which over time could lead to breast enlargement.

Weather related fire

The Winside Fire Department responded to a grass fire southwest of Winside Monday afternoon. The fire started on a vacant farm and later jumped across the road. A large area of land was burned. The Winside Department was assisted by firefighters from Hoskins, Carroll and Wayne. Gerhold Concrete of Wayne also supplied water to bring the fire under control.

Letters

Thank you for help and support of rally!

Dear Editor,

On behalf of the Wayne "True Love Waits" Committee, I would like to thank many in our area who were very helpful and supportive of the Rally on Feb. 13.

We first of all thank the over 1,600 youth and sponsors who participated in the Rally. Nine hundred and thirty of these teens pledged to sexual abstinence till marriage.

Thanks goes to Crosspoint Student Ministries for helping sponsor this event. Thanks to Wayne State College for allowing us to use Rice Auditorium. Thanks to the Wayne State Athletic facility staff including managers, security janitors, for helping take care of the building needs.

Thanks to the many volunteers who worked over a year to help plan, promote and produce the Rally. Thanks to many churches and individuals who financially supported this event.

Thanks to these local businesses: Pamida, Dollar General, Sav-Mor Pharmacy, Copy Write Publishing, Chartwells Food Service, Pepsi Cola, Western Office Supply Plus and Target Stores for their help and discounts offered for materials.

Thanks to staff of Wayne Chamber of Commerce for their help.

Thanks for the support of the Wayne Herald newspaper and KTCH Radio for helping promote the event.

Thanks for all the clergy and lay people that helped promote the event throughout northeast Nebraska.

And most of all, I thank the Lord Jesus Christ for how He showed his blessings to all of us through the event! Let us continue to be supportive of our youth, who have evidenced that they want to make wise decisions for their lives.

Respectfully,
Cal Kroeker,
Coordinator for Wayne True Love Waits Teen Rally

Penny collection appreciated

Dear Editor,

As president of the Wayne Community Theatre, I would like to take this opportunity to thank the Wayne Elementary School class that adopted our organization during their millennium celebration.

The check that we received from the penny collection drive is very much appreciated. This money will help allow us to continue to give back to the Wayne area community.

The cost of putting on a quality play and having a place to perform it, is higher than most people realize.

As the students get older, I

encourage each of them to get involved in the theatre in one form or another. This is an opportunity not all communities can offer their families for entertainment and enrichment so please take advantage.

Please plan to attend our next performance scheduled for mid-April at our theatre located in the Mineshaft Mall.

If you have any questions or comments about the Wayne Community Theatre, feel free to call me any time.

Mick Kemp,
Wayne

Your opinions are needed

Here it is time again to ask the voters (citizens) what they think. From time to time an issue comes up that the council must decide on and would benefit from more input from the citizens.

This time the subject of repainting the water tower has come up. The wording WAYNE AMERICA currently is on the water tower. In consideration of repainting which we are told is necessary due to age, it has been suggested that the wording be changed.

No decision was reached in the last council meeting and it was

agreed to allow more time for citizen input.

This is YOUR chance to speak your piece. If you feel one way or the other then make that feeling known. Coming to the Council Meeting and speaking up is definitely the best way but short of that, calling your councilperson is better than remaining silent.

A decision will no doubt be made at the upcoming council meeting, March 14, 2000.

Handwriting contest to be held

Beginning March 1, entries can be submitted for the Tenth Annual Nebraska Handwriting Contest which will be judged April 1.

The contest is open to all Nebraska residents to promote legible handwriting as an effective means of communication.

Prizes will be awarded in four categories: ages 12 and under, ages 13-16, ages 17-49 and

ages 50 and over.

Conducted by the Annual American Handwriting Competition, the contest is an activity endorsed and supported by the Nebraska Department of Education and the Nebraska State Education Association with prizes sponsored by Follett's Campus Bookstore in Kearney. Winners will be announced to the

press by the end of April. The Nebraska Handwriting Contest was created in 1991 by Tom Hutson of Red Cloud in memory of his mother Eva.

For rules and texts to be copied, please send a self-addressed stamped envelope to: Nebraska Handwriting Contest, Attention: Julie Agard, University of Nebraska at Kearney, College of Education, Kearney, NE 68849. If you wish to receive the results of the contest, please include two (2) self-addressed stamped envelopes.

The rules and texts are also posted at the following locations: <http://www.nsea.org> and <http://coe.unk.edu/contest>

EXPERT ANSWERS TO TAXING QUESTIONS

What if I can't pay my entire tax bill?

If you cannot pay the full amount due with your return, you may ask to make monthly installment payments. Even if your request is granted, you'll still be charged interest and a late payment penalty on any taxes not paid by April 15th. Therefore, before choosing this option, you may want to consider less costly alternative such as a bank loan.

which could save around \$40,000, selecting different cabinetry, and choosing concrete block instead of face brick in some places in building.

A couple more added costs include additional lockers. Also, engineers are having to install enlarged footings on the southwest corner because very poor soil was found from the core sample taken.

Bringing the Middle School down to bare walls, ceilings and floors has helped everyone involved to make closer estimates as to what kinds of costs will be expected as nothing is hidden then.

The board approved the 95 percent complete plans and agreed to discuss the bids on Monday, April 3 at 4 p.m. at the high school which will be received by then.

In regards to District 57, the board at District 57 is looking to act on a petition at their next meeting which is planned for March 7 at 8 p.m. at the school south of Wayne. Wayne School Board is looking to

act on that petition at their next board meeting, March 13 at 7 p.m. at the high school in Wayne. The goal for completion on this project is June 1.

The consensus on the town hall meeting held Monday night was that two major concerns of those attending seemed to be a change in taxes and about land issues.

Bill Dickey, Wayne School Board member, along with other Wayne School Board members, attended a convention of school board members recently. Dickey gave the Board a presentation on a HOSTS workshop he attended while there. School board members are taking turns at board meetings giving presentations on workshops that they have attended.

HOSTS (Help One Student To Succeed) is a peer mentoring program which has been incorporated into eight sites in Nebraska. Those sites include Boys Town Schools in Boys Town, Grand Island Public Schools in Grand Island, Kearney Public Schools in Kearney,

Lexington Public School in Lexington, Millard Public Schools in Omaha, Ralston, Public Schools in Omaha, Westside Community Schools-District 66 in Omaha, and Hillside Elementary in Omaha.

By volunteers working one on one with students, average reading levels have risen at the HOSTS sites as well as levels in other academic courses. Presently there are 700 mentors at the eight sites contributing 35,000 hours of volunteer service helping children.

Gov. Ben Nelson, and Tom and Nancy Osborne are among many others endorsing the HOSTS program. HOSTS works well with the Team Mates Mentoring Program as Team Mates focuses on socialization improvement of children and HOSTS focuses on academic improvements.

The board agreed the program was worth looking into and that a grant could possibly be obtained to help start it in the Wayne Schools system.

Ending the meeting was discus-

sion on the recent board retreat held recently at Wayne State College.

Some highlights of the retreat include goals of informing media and faculty of upcoming board agendas, giving timelines for completion of projects, more news releases on how projects are progressing, more self-evaluation and feed back to the community, strengthen community relations through key communicators, seeking and sharing ideas from other school boards, setting and accomplishing goals, becoming more visible in community functions through attendance and speaking engagements, promoting public education and developing closer relations with the community, especially with parents of children attending Wayne Schools.

The board dismissed and no executive session was held.

The next regular school board meeting will be Monday, March 13 at 7 p.m. at the high school in Wayne

Town

continued from 1A

teacher and one part-time teacher. The school is considering closing because of changes in state aid and low student members.

Other affiliated districts involved in the possible closure are Pender, Winside, and Wisner-Pilger, and Wayne. Wayne Schools have 96.4 percent interest in the division and the others divide the remaining amount. These percentages were agreed on about five years ago when landowners requested their land to be affiliated in whatever district they chose.

According to Ptak, several issues that have to be dealt with include a personnel issue which means one of the districts should provide a job for the District 57 full-time teacher. He mentioned that the Wayne School system (District 17) has indicated they would consider hiring the full-time teacher, Chris Main of Wayne.

Another consideration involved includes that if and when school is no longer held in the building, the land reverts back to the original land owner. The building, though, belongs to District 57 and those involved would need to sell the building either to the land owner or another interested party. If the building is sold and moved, then there will be quite a bit of concrete that will have to be hauled away and an auction may have to be held to disperse school equipment such as desks, tables, chairs, etc. The money from such sales would be used by District 57 to pay outstanding bills and then the rest would go to the affiliated districts.

There are two legislative statutes dealing with school closure, #79-413 and #79-415 and there is a procedure for closing a school. A petition dealing with closure has to be prepared and approved by District 57 and then circulated to affiliated districts. There will be two committees appointed dealing with the closure. Each county has a county reorganization committee that meets and reviews school closure situations, then makes recommendations to the state. Then the issue goes to the county commissioner. County and state levels each have 40 days to deal with the issue. After that period of time, each affiliated district involved has to meet and talk about the issue.

Ptak notified the audience that everything needs to be done by the first of June because a law goes into effect July 17 which would end negotiation freedom of involved

parties and the state would then tell patrons what to do.

"The sand is running out of the hour glass fast on what we can or can't do," said Ptak. "The Board of District 57 is being told what to do by legislation; it's not a pleasant thing to do, it's slow strangulation."

Baier noted that Wayne Public Schools has not made any firm decisions yet either. More discussion is needed between the involved parties.

According to Baier through legal advice, District 57 can pay none of the bond, all of the bond, or anywhere inbetween.

Chris Connolly, attorney for District 17, told the group that they want an open process so everyone knows what is going on.

Dr. Reinert, District 17 superintendent, spoke on the impact the dissolution may have on taxes. He noted that the figures given are only estimates as the numbers will change for next year.

"Last year we had to exceed budget so we had to request other districts for extra money to stay open," said Michelle Meyer, District 57 board member. "With all of the affiliated districts receiving state aid cuts this year, we knew they wouldn't be able to help us stay open."

"There would be 28 students total able to attend school in District 57 if some hadn't optioned out," said Baier. "No one is pointing any fingers but if they hadn't left, we wouldn't be in the financial state we're in."

Connolly stated that a number of reorganization statute changes have been made in the last eight years and the District 57 Board is trying to pick the best route for everyone.

A patron attending asked if there were any other options. Connolly noted that there are no individual options that can be taken as landowners can not move their land to whatever district they want to as they did in the past. Legislation passed five years ago ended that option.

As far as other options that could be taken on the whole, there would be legal complications and it could be costly. Plus, time would likely run out before the July law goes into effect.

Ptak reminded everyone that this is an emotional issue as several of the parents of the children attending District 57 also attended there when they were children.

"We want this to be a positive process," Meyer said.

Baier reminded everyone that they are welcome to attend the next regular board meeting on March 7 at 8 p.m. to be held at District 57. The upcoming petition is on the agenda and the board is expecting to act on it.

The main portion of donations made to the American Heart Association are used to fund research projects in our state. However, in Wayne County this year they will also be funding the "Search Your Heart" Program. This program will be coming to area churches in March.

Since 1949, the American Heart Association has funded more than \$1.6 billion in cardiovascular research leading to such advances as CPR, bypass surgery, the heart-lung machine, artificial heart valves, life-saving drugs and surgeries to repair heart defects. The American Heart Association has also developed useful educational programs

targeted toward all ages in order to teach them how to combat heart and blood vessel diseases.

In the last 10 years the death rates from cardiovascular diseases and stroke have declined over 30 percent. But it continues to be our number one killer-taking one life every 34 seconds.

Anyone who wishes to participate may contact a member of the Parole Board or the American Heart Association office in Omaha at 1-800-642-8400.

Considerable discussion was held on a request from Harold Reynolds, Water/Wastewater Superintendent, to remove the word "America" from the East Water Tower. The water tower is scheduled to be repainted this summer and Reynolds said he had received a number of negative comments about the word being on the tower.

The council will make a decision on the issue at its next meeting.

Alley Poyner of Omaha was selected as the Architect/Special Engineer for the Auditorium Renovation project.

Ken Kwapnoiski, Building Committee Chairperson, told the council his group felt that Alley Poyner had the most experience in renovation of historic buildings and gave the most detailed estimates in a proposal submitted.

The transfer of the cable television franchise was approved during the meeting from TelePartners to HunTel.

Russ Gifford of TelePartners introduced Michael Mines, Vice President of HunTel who explained that HunTel will assume ownership

of 10 cable systems in this area. He said the transfer would be effective mid-March.

Keith Jarvi, representing the Softball Association, appeared before the council to give an update on the amount of additional funding needed to complete work on the four fields of the softball complex.

Several councilmembers expressed concern about the use of aglime on the fields with younger players and the possibility of injury occurring.

Following discussion, the council voted to approve the spending of \$13,234.09 to finish improvements on all four fields. Earlier this year, the Associations had received a grant of \$50,000 from the Gardner Foundation for the majority of the work.

Two public hearings will be held at the council's March 14 meeting. A hearing at 7:35 p.m. will discuss a request to rezone property in Wacker Administrative Subdivision to correct a mistake made in 1995.

The second hearing is scheduled for 7:45 p.m. to discuss a non-domestic well application from Dave Zach.

Also, during the meeting annual reports were presented by the Electrical Distribution Department, the Recreation-Leisure Services Department and the City Treasurer.

Priority bill deals with the senior community

During each session each Senator is allowed to designate one bill as a priority. This measure ensures that this proposal will be heard on the floor during the current legislative session.

My priority bill designation, LB 1101, deal with issues concerning the senior community in Nebraska and giving individuals the option of staying in their own homes. I am extremely excited about LB 1101, the creation of the Nebraska Senior Companion Program Act.

The Senior Companion Program is a service initiative through which people age 60 and older provide

such problem that I see on the horizon is the growing number of people entering the latter years of their life —

- The Midwest is the only region in the United States in which expected nursing home use is longer than the national average.

- Within 50 years the number of nursing home residents will more than triple. At the same time, the size of the work force will decrease proportionately.

- Facts show that three out of five people will need long-term care at some point in their lives, and that one in five over the age of 50 is at risk of needing long term care within a year.

This program provides a pro-active low cost solution to these upcoming problems. One SCP volunteer can provide assistance to five senior clients for the cost of \$3,850 a year! If those same five clients were to be placed in an assisted living facility or full time institution the cost, at an average of \$38,000 a year, the cost would be \$190,000. An astounding savings of \$186,150. If these clients were not able to pay for their care, you the taxpayers would pick up the tab via Medicare.

As our elderly population grows, so will our need for Senior Companions. Americans are living longer than ever before. As our population ages, a growing number of older Americans will need long term care. Most seniors and their families prefer home based care rather than nursing home or hospital care. This program provides this option for many that cannot afford the type of care to stay in their homes. That is why Senior Companions are so valuable! This program is a solution to problems that we need to address now.

Your input, as always, is very important to me. If you have any comments or concerns on this or any other legislative matter, please contact my office at (402) 471-2801 or e-mail me at bddickey@unicam.state.ne.us

volunteer assistance and friendship to elderly individuals who are homebound and generally, living alone. In exchange for their service, these volunteers are paid a modest tax-free stipend of \$2.55 an hour.

These volunteers are very special people. They are companions to homebound elderly clients. They are maids or medical care professionals, they service the companionship needs of homebound individuals by being a friend, someone who can be counted upon to be there at a scheduled time and day.

Senior Companions do work in coordination with health care professionals and social service agencies to fulfill the needs of their clients. Those they help enjoy the independence of being in their own home and a deep sense of maintained dignity. Today, nearly 15,000 volunteers are serving 50,000 individuals in communities across the United States.

Originally a Federal initiative that began in 1973, the Senior Companion program has now been in existence for over 25 years and currently has 220 programs that receive Federal assistance, including Omaha and Lincoln. I want to see this program in the rural communities of Nebraska, who have a hard time gaining federal funding, so they may benefit from his great program.

As a legislator I am continually looking for pro-active low cost solutions to ongoing problems. Especially to problems I foresee becoming larger in the future. One

Daycare made more fun by PSEA

The Peru State Education Association (PSEA) continued its involvement with the Peru Day Care by donating playground equipment to the center, located on the Peru State College campus.

Ann Brugger of Winside, a senior early childhood development major from Winside, is vice president of the PSEA chapter at Peru State College.

The donation of the outdoor equipment was made with money from the PSEA's savings, according to Deb Weizenkamp, sponsor of the Peru State College student group.

Last year, PSEA paid for an accountant to help with the day care with its bookkeeping. This year, the day care board of directors asked the student group for help with playground equipment.

According to Weizenkamp, the goal of the group is promotion of education and literacy and improving education opportunities in the area.

PSEA has around 20 active members on campus. It's affiliated with the Student Education Association of Nebraska. The PSEA chapter at Peru State College, was founded in the fall of 1958.

WSC men advance to NSIC semifinals

By Kevin Peterson
Of the Herald

The Wayne State men's basketball team wrapped up a conference championship in its first year in existence in the Northern Sun with a pair of wins over the weekend.

Greg McDermott's 'Cats shared the crown with Winona State as each had 15-3 NSIC marks but when it came to tie-breakers for the conference tournament it was 'Mac's' 'Cats getting the nod for the top seed.

WSC took advantage of that seed by dismantling Minnesota-Morris for the third time this season on Tuesday night in Wayne, 100-63.

The 'Cats will now advance to Friday's semifinals of the NSIC Championships in St. Paul, Minnesota where they play Southwest State at 8 p.m.

The winner advances to Saturday's championship at 7:30 p.m. against the winner of the other semifinal with Winona State and Minnesota-Duluth.

WSC, 22-5 and 16-3 in the NSIC is currently ranked 23rd in the country and has won 11 straight games and 15 of its last 17 contests.

The 15-0 record in Rice Auditorium this season was a record for most wins in a season at home.

After downing Morris by big numbers twice this season, WSC started a little sluggish against the Cougars on Tuesday, trailing 10-8 at the 14:39 mark of the first half.

The tenacious 'Cats defense stepped things up a little and the offense started rolling and WSC built a 49-34 halftime lead.

"The first five minutes of the second half is always a critical point in a game," McDermott said. "We came out and went on a 23-5 run in the first five minutes to put the game away at 72-39."

A very balanced Wildcat attack was paced by Nathan Mulder with 14 points including a four-of-five performance from three-point range which didn't hurt his standing in the NCAA-Division II ranks where he was among the elite in percentage from three-point land.

Jon Dolliver, Brad Joens and Kevin Lingenfelter each scored 12 points and Matt VanVoorst tallied 11 while Eric Henderson and Rory Williams scored 10 each.

"Hendo" notched his ninth, double-double of the season with 10 points and a game-high 13 rebounds.

WSC won the battle of the boards, 48-37. Henderson also dished out five assists and had three steals.

THE WILDCATS defeated a very solid Minnesota-Duluth team last

Friday night in Wayne, 98-88 as the showdown featured NSIC leading scorer Josh Quigley of Duluth.

The game gave the 'Cats a chance to earn some revenge for a 94-88 overtime loss in Duluth earlier in the season and it would at the same time eliminate the Bulldogs chances of a share of the conference title.

"It was a great atmosphere for a big game," McDermott said. "With everything we had on the line with it being the last regular season weekend for our seniors, a chance at the conference title and a chance at keeping our bid in good standing for a regional invite."

Duluth came in to Wayne playing very good basketball but the 'Cats efforts at home have been phenomenal all season.

Both teams battled to a 46 all tie in the first half but WSC stepped it up on the defensive end in the second half and went on to post the 10 point win.

"We played with a little more urgency on the defensive end in the second half," McDermott said. "Duluth is a very good ball team and we had to step it up."

Senior Eric Henderson went head-to-head with Josh Quigley and the Wildcat leader won the battle by scoring 28 points and hauling down 13 rebounds while Quigley garnered 24 points and six boards.

Five 'Cats were in double digits as Jon Dolliver added 18 points and Matt VanVoorst tossed in 17 with Brad Joens scoring 14 and Nathan Mulder, 10.

Both teams managed 32 rebounds with "Hendo" notching 13 caroms. Henderson and Brad Manley had five assists each.

Brad Joens surpassed the 1,000 point barrier for a career, becoming the 22nd Wildcat to do so.

SATURDAY IN WAYNE the 'Cats shook off a stubborn Bemidji State

team in the second half, posting a regular-season ending 89-66 victory.

"Our backs were against the wall at one point during the season when we were 6-3 in the conference and three games behind Winona State," McDermott said. "I'm very proud of the way our team responded with nine straight NSIC wins, five of which came on the road."

WSC led Bemidji State, 41-30 at the half but shot 63 percent from the field in the second half while out-scoring the Beavers, 48-36.

The 11-point lead in the first half was aided by Brad Joens' efforts. The junior scored eight points in a 42-second span to break open a 21-18 contest. He scored 15 of his game-high 21 points in the opening

stanza. "We may have been a little too excited at the beginning of the game," McDermott said. "Once we took a deep breath we got going."

Joens led the winners with 21 points with Matt VanVoorst and

Nathan Mulder scoring 13 each. Jon Dolliver added a dozen and Eric Henderson scored 10.

WSC owned the boards, 33-23 as Dolliver led the way with eight caroms. Brad Manley dished out six assists.

WSC TO HOLD NCAA BASKETBALL SELECTION SHOW GATHERING

The Wayne State College athletic department will hold a gathering to watch the NCAA Division II Men's and Women's Basketball Championship selection shows Sunday at Rice Auditorium.

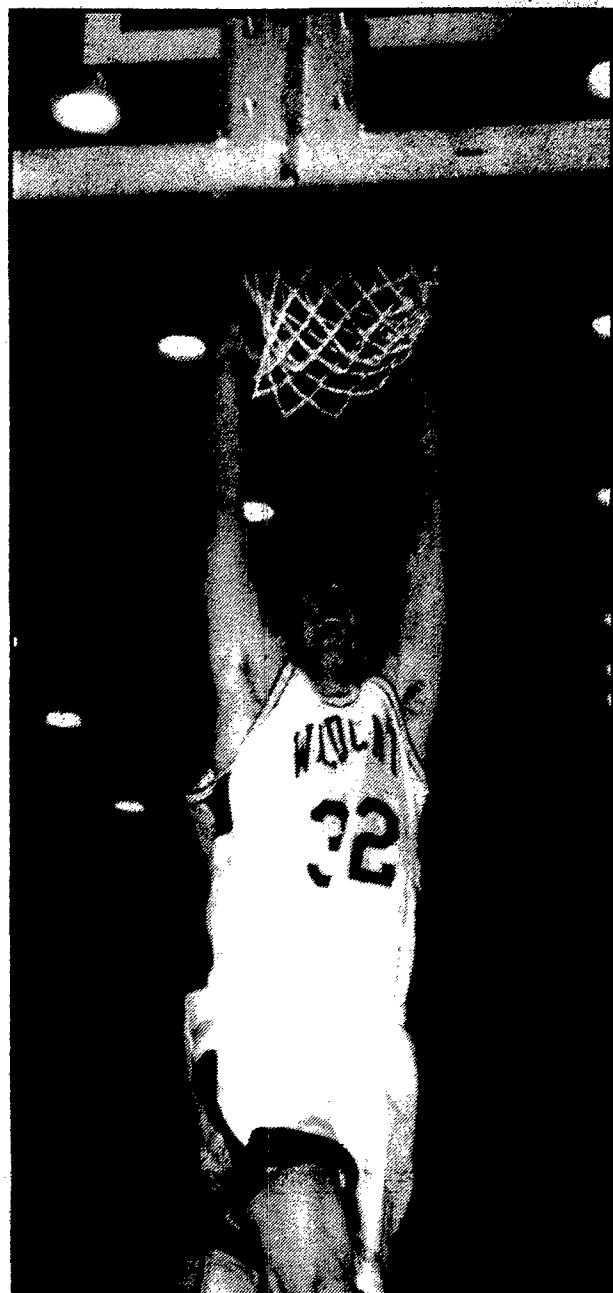

The pairings for the women's tournament will be aired at 3 p.m. (CST), while the men's bracket will be shown at 4:30 p.m. (CST).

Wayne State's men's team is in strong contention to receive at least an at-large bid to the regional tournament. The Wildcats are 22-5 on the season and are ranked in the top four in the North Central Region. The top six teams advance to the regional tournament.

However, Wayne State could clinch an automatic tournament berth by winning the Northern Sun Intercollegiate Conference Tournament, which plays Southwest State Friday at 8 p.m. in St. Paul, Minn., with the finals scheduled for Saturday at 7:30 p.m.

Greg McDermott's squad is searching for its second straight postseason appearance. The Wildcats were the top seed and host school for last year's regional tournament.

Rory Williams' women's team will need to win the NSIC Tournament to qualify for the regional championships. The Wildcat women are 19-8 overall and play 24th-ranked Minnesota-Duluth Friday at 6 p.m. in the semifinals of the NSIC Tournament. The NSIC championship game is scheduled for Saturday at 5:30 p.m. Wayne State defeated Minnesota-Duluth 77-74 last Friday at Rice Auditorium.

Jon Dolliver slam dunks the ball during action against Minnesota-Duluth last Friday.

Brad Joens drives the lane during second half action of the 'Cats contest with Minnesota-Duluth.

WSC point guard Brad Manley glides in for the shot against Duluth last Friday night. The junior guard has paced the Wildcats tenacious defense this season and will lead his team into the NSIC Championships this weekend with a 22-5 record. WSC will face Southwest State on Friday at 8 p.m. in St. Paul, Minnesota.

Eric Henderson goes head-to-head with Duluth's Josh Quigley. "Hendo" won the scoring battle 28-24.

Baseball squad begins year 1-2

The Wayne State baseball team opened season play last Friday at Missouri Western in St. Joseph.

The 'Cats won the season-opener by a 15-7 margin but WSC would go 1-2 on the three-game stretch as they dropped a twinbill on Saturday.

Brady Bomer got the pitching win in the opener with Jason Sloger earning the save.

WSC fell behind 1-0 after the first inning but scored six times in the third inning and added five in the fourth and four in the fifth.

WSC belted out 18 hits in the contest with the host team earning just half of that total.

Brian Zimmerman, Joey Baldwin and Eric Fitch had three hits each with Joel Tremblay, Andy Schultz and Mike Blohm notching two hits apiece.

David Mury, Rob Watt and Joe Hartman had one hit each.

In the extra base hit category WSC was led by Mury with a homerun with Zimmerman blasting a triple and two singles.

Fitch had a double and two singles and Baldwin laced three base hits. Tremblay doubled and singled with Schultz and Blohm netting two singles apiece.

Watt and Hartman each doubled once.

Bomer pitched the first five innings and gave up eight hits and seven runs with six strikeouts to his credit.

Sloger allowed just one hit in four innings of play while striking out seven and walking none.

The 'Cats lost a 7-5 decision to Missouri Western in the first game of a double header last Saturday with Tate Meier taking the loss from the mound.

WSC out-hit the host team, 12-7 but Western scored four times in the first inning after back-to-back errors by the 'Cats to begin the inning.

The 'Cats would fall behind 7-1 before scoring twice in the sixth and seventh innings.

Wayne State women upend Duluth; Advance to semi's

By Kevin Peterson
Of the Herald

Ryan Williams Wayne State women's basketball team etched win number 19 on Tuesday night in the friendly confines of Rice Auditorium after disposing of Winona State, 92-56 in the first round of the Northern Sun Intercollegiate Conference Tournament.

WSC advances to Friday's semifinal with Minnesota-Duluth in a 6 p.m. tilt.

The 'Cats had a perfect regular season-ending weekend with one of Williams' biggest wins in his young tenure (two years) coming on Friday with a 77-74 win over nationally-ranked and league-leading Minnesota-Duluth.

"It's definitely one of our bigger wins but we're playing very well right now on both ends of the floor," Williams said. "I thought it was our zone that hurt Duluth in the second half. Our defense did a great job of blocking out on the boards and limiting them to just one shot and offensively we just shot the ball well."

The 'Cats, arguably one of the hottest teams in the NSIC as the season winds down, found themselves down by 10 to the visitors at the half, 46-36.

"We look at that half and see we scored 36 points which is a good half for us," Williams said. "We just needed to turn up our defensive intensity a little more in the second half and we did that."

The 'Cats went on a 19-5 run in the second half to lead 55-51 at the 11:47 mark.

Karen Hochstein keyed the run with eight of her 15 points in that stretch. Hochstein's two free throws at the 14:11 mark put WSC up 50-49.

Duluth's last lead of the game came at the 8:48 mark at 60-59. The lead lasted 16 seconds as Sara Miller drained a three-pointer (one of six for the game) to give WSC a 62-60 lead.

WSC's Katie Sperling hit one of two free throws with 58 seconds left in regulation to give WSC a 77-74 lead and nobody scored from that point on.

Miller led all scorers with 25 points with Krista Bernadt pouring in 17 and Hochstein, 15.

The 'Cats were out-rebounded, 38-30 with Hochstein hauling down a team-high six caroms. Despite being out-boarded for the game, WSC enjoyed an 18-13 advantage on the boards in the second half.

Miller also dished out five assists with Ami Pendry dishing out four assists. WSC hit 53 percent of its shots from the floor.

SATURDAY THE 'CATS defeated Bemidji State, 81-72 to close out the regular season at 18-8 and 14-4 in the NSIC.

They tied with Southwest State for third place in the standings.

Junior Krista Bernadt sparked WSC against the Beavers with a career-high seven, three-pointers and a 23-point performance.

The 'Cats held a 39-35 halftime lead and despite Bernadt's hot hand in the second half, hitting five-of-six from behind the arc, Bemidji stayed

close.

At the 2:09 mark of the second half it was a one point game but Bernadt scored the next five points and WSC's final 10 points of the game came from the charity stripe as they won by nine.

"I thought we may have had an emotional letdown a little in the second half," Williams said. "I don't think we played bad, scoring 81 points. We executed on offense very well. We need to credit Bemidji for playing hard and they shot the ball pretty well."

Bernadt's 23 points paced five Wildcats in double figures as Sara Miller poured in 17 while Karen Hochstein scored 14. Tracy Williamson and Katie Sperling tossed in 10 each.

WSC was edged on the boards, 34-33 with Hochstein leading the winners with eight caroms.

Sara Miller dished out a career-high nine assists. The 18 wins by WSC was the most since the 1993-94 team went 22-5.

TUESDAY IN WAYNE during first round conference tournament action the 'Cats blew open a six point lead at the half by out-scoring Winona State, 51-21 over the final 20 minutes for the 92-56 blowout.

The 19-8 'Cats got a game high 21 points from Krista Bernadt while Maranda Radke tossed in 14. Ami Pendry and Tracy Williamson scored 13 each and Sara Miller added 12 while Karen Hochstein and Katie Sperling were near double digits with eight each.

WSC won the boards battle as well, 45-39 as Maranda Radke led the way with nine caroms while Kristene Strait hauled down seven.

Strait also dished out six assists while Pendry notched three steals.

The 'Cats will go up against Minnesota-Duluth on Friday at 5:30 p.m. in the semifinals of the NSIC Championships.

The game will be played on the campus of Concordia-St. Paul.

Sara Miller led WSC with 25 points against the Bulldogs. Miller drained six, three-pointers against Duluth.

WSC picked third

The Wayne State College baseball team has been picked to finish third in the Northern Sun Intercollegiate Conference this spring, as selected

by the nine league coaches.

Wayne State collected 77 points to finish one point behind Winona State, who was chosen second with 78 points. NSIC Tournament champion Southwest State was tabbed as the favorite to win the conference title. The Mustangs received 87 points.

Wayne State is coming off a 27-22 overall record last season, including a 15-7 conference record in their first season in the Northern Sun. WSC finished third in the league in the regular season, but placed second at the NSIC postseason tournament.

Head Coach John Manganaro, who enters his eighth year with the Wildcats, welcomes back 16 letter-winners from last season's squad. Headlining the group are three players who earned All-NSIC honors

Wayne boys fall to Pierce in sub-district championships

By Kevin Peterson
Of the Herald

The Wayne boys basketball team had their season come to an end last Thursday in the sub-district championship against Pierce in a contest played at Randolph High School.

The Blue Devils lost a 49-40 decision to the Bluejays less than a week after they had defeated the same team by 10 at Wayne High.

The loss also snapped Wayne's six-game win streak and ended the Blue Devils season at 12-9.

After taking an early 5-2 lead, Pierce went on a 14-0 run to lead 16-5 early in the second stanza.

Wayne did managed to cut the gap to eight by halftime at 28-20 and midway through the third peri-

od the Blue Devils erased a 33-22 deficit with a 10-1 scoring run.

Wayne had possession of the ball late in the third quarter and trailing 34-32 but suffered a critical turnover which resulted in points for Pierce. The Bluejays scored four points in a matter of seconds to take a 38-32 lead in to the fourth quarter.

Wayne made another run midway through the fourth quarter and cut the gap to two at 42-40 and again had possession of the ball but an errant shot led to a fast break by Pierce and the Bluejays scored the game's final seven points.

Wayne coach Rocky Ruhl said the biggest difference in the game was the play of Pierce's Matt Herrian—a non-factor when the two teams met

a week earlier.

"We know he's a great athlete but we didn't step up and challenge him in the first half," Ruhl said. "Herrian played aggressive on the offensive end and he hurt us."

Herrian poured in 24 of Pierce's 49 points with point guard Travis Test adding a dozen.

The first time the two teams clashed Herrian had just four points.

"You take 20 points away from his game so he finishes with just four points again and Pierce nearly has

the same point total they did the first time we played them when we held them to 27 points," Ruhl added.

Eric McLagan paced Wayne with 16 points including a fourth quarter

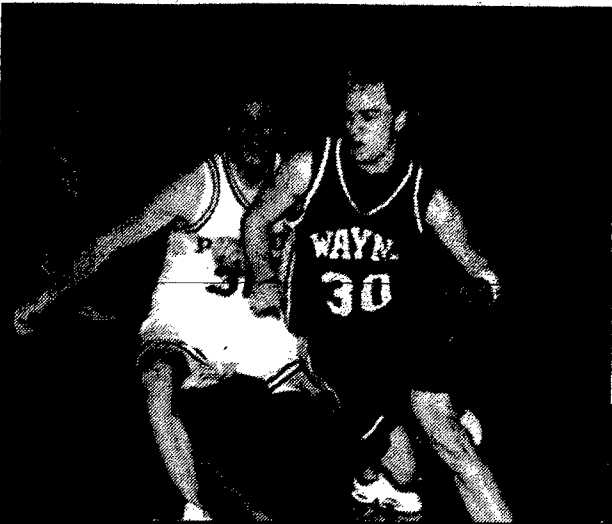

in which he scored all eight of the Blue Devils points.

"Eric really stepped up and played aggressive on the offensive end of the floor," Ruhl said.

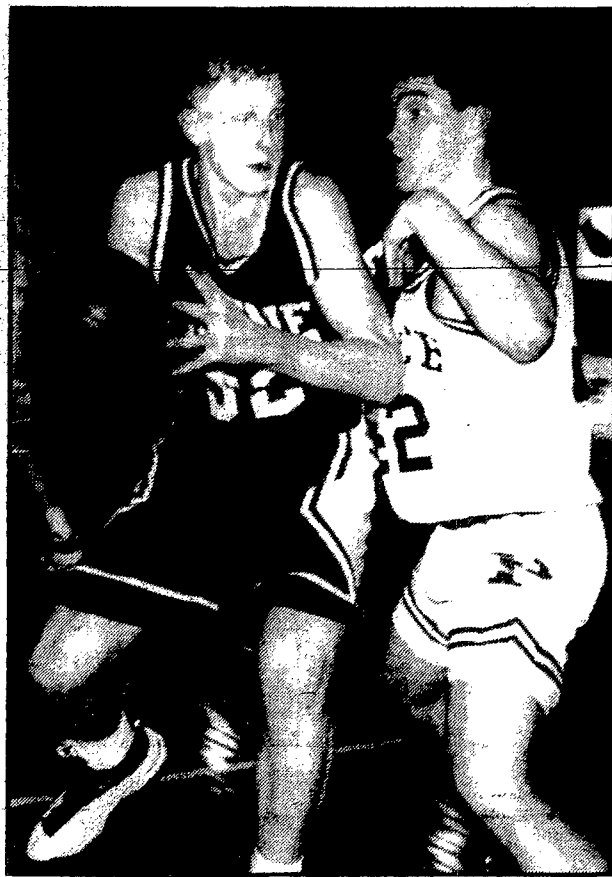

Joel Munson scored nine points in his final game as a Blue Devil and Trevor Wright tossed in seven. Klinton Keller ended his final game as a Blue Devil with a pair of three-pointers for six points and Dustin Schmeits closed out his high school career by adding two points.

The game was well played in the turnover department as Wayne had 11 while Pierce had just nine.

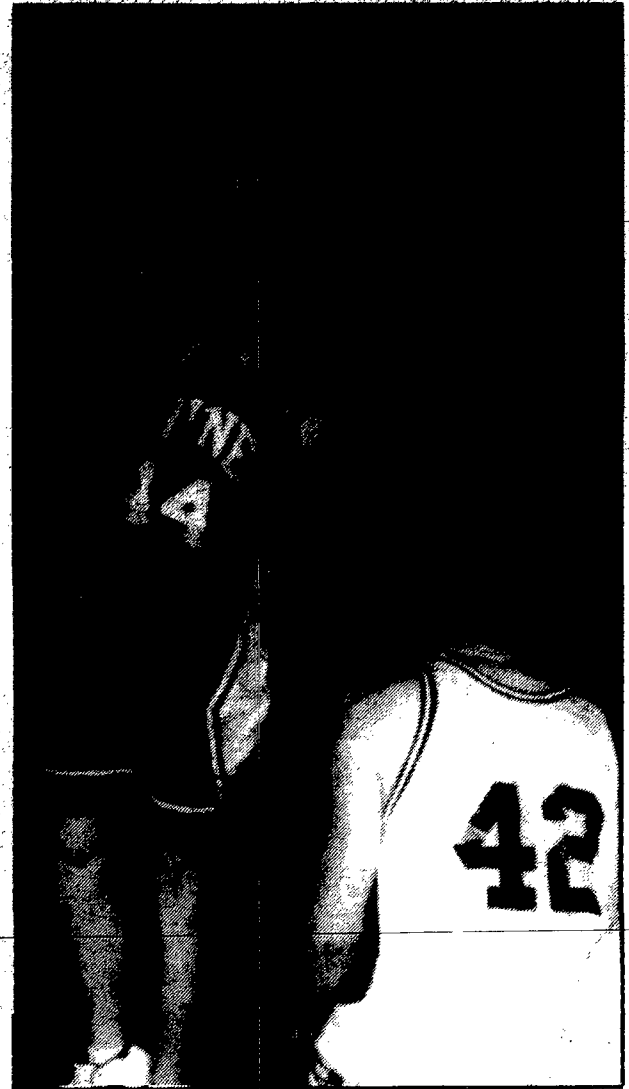

Pierce went on to defeat Ainsworth in overtime on Monday night to advance to next week's State Basketball Tournament where the Bluejays face Syracuse in the first round.

Joel Munson drives past his Pierce defender during second half action of the Blue Devils sub-district finals.

Eric McLagan led Wayne with 16 points, mainly with one-on-one offensive moves against Pierce's top gun Matt Herrian.

Trevor Wright goes up strong for two of his seven points during Wayne's sub-district final game with Pierce.

Klinton Keller looks to beat his Bluejay defender off the dribble.

Other Wayne competitors included Bryce Owens, Todd Wical, Brandon Pilger, Dan Reinhardt, Andrew Lowe, Adam Lutt, David Gangwish, Brent Jones, Jacob Kay, Justin Modrell.

At the Wisner-Pilger Invite Wayne had three champions including Matt Roeber, Matt Nelson and Dana Schuett.

Justin Modrell, Dan Reinhardt and Brent Jones each placed second with Josh Widner, Andrew Lowe and David Gangwish each placing third. Dustin Lutt and Brandon Pilger placed fourth.

Bryce Owens, Jacob Kay, Todd Wical and Adam Lutt each competed but did not place.

Wayne Youth compete at Osmond tourney

WAYNE—The Wayne Youth wrestlers competed at the Osmond Invite last weekend. In fourth grade action, Derick Dorcey and Brett Dorcey each placed second while Sheldon Onderstal placed third and Cody Henderson, fourth.

In fifth grade action, Josh Fink placed first with Chris Shultheis, Adam Reinert and Tyler Murtaugh each placing second. Bren Vander Weil and Brian Zach each placed third with Chris Woldt, Larry Grashorn, Jerry Gibbs and Curtis Pilger each placing fourth.

Derek Carroll placed first in sixth grade action with Nick Klassen adding a second. David Loberg and Charles Holm each placed third and Todd Parker, fourth.

WSC's Krista Bernadt honored again

WAYNE—Wayne State College women's basketball player Krista Bernadt was named the Nebraska Division II Player of the Week for the fourth time this season for her efforts last weekend.

In WSC's 77-74 win over Minnesota-Duluth, Bernadt scored 17 points to go along with three assists. She made four of eight shots from the field and all seven free throw attempts.

The next night against Bemidji State, Bernadt poured in 23 points, grabbed five rebounds and had five assists. She hit a career-high seven, three-pointers including five in the second half during the 'Cats 81-72 win.

WSC men's cage team ranked in top 25

WAYNE—The Wayne State men's basketball team cracked the NABC/Division II Bulletin Top 25 Poll for the first time this season at the 23rd spot, in the poll that was released on Monday.

WSC, 21-5 overall, has won 10 straight games and 14 of its last 16 contests. The 'Cats won a share of the NSIC Conference Championship with a 15-3 league record.

WSC enters the NSIC Tournament as the top seed which concludes this weekend in St. Paul, Minnesota.

Florida Southern is the top team in NCAA-Division II with a 28-1 record. Other Regional teams in the top 25 include Metro State of Denver in fifth and South Dakota, which is ninth.

WSC cagers earn post season GTE honors

Wayne State College Basketball players Brad Joens and Krista Bernadt have been named to the GTE Academic All-District VII Basketball Teams, as selected by the College Sports Information Directors of America (CoSIDA).

Joens, a junior guard from Cedar Rapids, Iowa, was named to the men's second team, while Bernadt, a junior guard from Hebron was selected to the women's third team.

Joens maintains a 3.66 cumulative grade point average with a major in business administration. He leads the men's team in scoring at 15.3 points per game, and has made a team-high 75 three-point baskets. He is fourth in the Northern Sun Intercollegiate Conference in scoring (15.8 ppg), second in three-point field goals made (3.00 per game) and 15th in three-point field goal percentage (40.3 percent).

Joens, a three-year starter, has

helped the Wildcat men to a 19-5 overall record and a 13-3 mark in the NSIC. Wayne State, competing in its first season in the NSIC, is in a first-place tie with Winona State heading into the final weekend of the regular season.

Bernadt is a chemistry major with a 3.78 grade point average. Bernadt is the leading scorer on the women's squad, averaging 15.2 points per game. She also leads the team in three-point percentage (54.7 percent) and free throw percentage (89.8). Bernadt is second on the team with 72 assists and 33 steals on the season. In the NSIC statistics, Bernadt is fourth in scoring (14.4 ppg), first in free throw percentage (91.1 percent) and ninth in assists (3.38 apg). She is also second in three-point field goal percentage (55.1 percent), 10th in steals (1.75 spg) and 11th in field goal percentage (47.2 percent).

Weekly Health Tip

Daily Dose Of Produce Cuts Risk Of Stroke

Eating fruits and vegetables can lower your risk of the most common type of stroke. In a study at Harvard, they found those who ate five servings a day had a 30% lower risk of ischemic stroke than those who ate two or fewer servings. On a typical day, a large glass of orange juice, a lunchtime apple, and a vegetable at dinner might constitute five servings. Vegetables such as cauliflower and broccoli appear to be most effective.

in 1999. Junior pitcher Brady Borner of Chaska, Minn., and senior outfielder Brian Zimmerman of Omaha were named to the all-conference team, while junior outfielder Josh Stolpe of McCook earned honorable mention recognition.

Borner was the ace of the Wildcats' pitching staff, posting a 5-4 record with a 1.68 earned run average. He also set a single-season record with 90 strikeouts. In 11

starts, Borner tossed six complete games, including three shutouts. Of his 49 hits allowed, only seven went for extra bases. Opponents had a .186 batting average against the left-hander Borner.

Zimmerman was the Wildcats' top run producer. He recorded a .292 batting average while hitting a team-high 12 home runs. He also drove in a team-best 44 runs.

Stolpe, who will also pitch this season, had a .299 batting average in 1999. He also hit six home runs, drove in 20 runs and scored 32 runs.

Dancing for the cause

Members of the Wayne State Aristocats entertained in front of a crowd Sunday during Extravaganza 2000, a fund raiser for the American Cancer Society. On display were a number of different colored ribbons depicting different forms of cancer. The program was dedicated to several individuals who have been affected by cancer. Also performing were members of the Pender Dance Squad, the Wayne State Cheerleaders, Men of All Men 2000 and the Wayne High School Dance Squad.

base hits with Brian Zimmerman notching his second triple in two days while adding a double. David Muryn doubled with Joel Tremblay and Joey Baldwin each netting two base hits.

Andy Schultz and Eric Fitch each had one base hit.

Meier went three innings from the hill and allowed five hits and six runs (two earned) while striking out two and walking two.

Adam Walkenhorst pitched the final three innings and scattered two hits and one run with three

strikeouts and three walks.

WSC left two base runners stranded in the final inning.

WSC led the host team 6-1 after four innings of play in the second game of the double-header only to have Missouri Western scored five in the fifth to tie the game at six.

The 'Cats took a 7-6 lead after the top half of the sixth inning but the host team tied the game in the sixth and then won the game in the bottom of the final inning, 8-7.

Jason Sloger suffered the loss from the mound. Once again WSC out-hit the host team, 15-11 only to

suffer a setback.

The 'Cats pounded out 45 hits over the three games while limiting the opposition to 27.

WSC scored six times in the third inning to take a 6-1 lead. Four of the runs came with two outs.

Seven of WSC's 15 hits came in that inning including doubles hit by Brian Zimmerman and Gary Redden.

Joel Tremblay led WSC with three base hits with Zimmerman and Redden hitting a double and single each. Joey Baldwin, Andy Schultz and Mike Blohm had two singles

each with David Muryn and Joe Hartman each lacing a single.

Aaron Hyde started on the mound and went 4 2/3 innings, giving up six runs on five hits (one earned run). He struck out five and walked three.

Patrick Coghlan went 2/3 of an inning and gave up three hits and one run and Jason Sloger went one full inning, allowing three hits and the deciding run while walking two.

The 'Cats will compete in Georgia over Spring Break. The first home games are slated for Saturday and Sunday, March 25-26 against North Dakota.

Rural tourism conference is scheduled

Richard Buck, founder and manager of AgriTours North America, Inc., will be the featured workshop presenter at the Regional Tourism Conference, "UP on the Farm," sponsored by the Northeast Nebraska Travel Council on Thursday, March 23, at Wayne State College in Wayne.

Buck's workshop will focus on defining "agri-" and "rural" tourism, and will provide ideas about how rural communities and agriculture-related businesses can provide a rich, "agri-" cultural experience for tourists and other visitors. Buck, whose firm markets specialty agricultural-related tours for groups coming to Canada and the United States, is from Guelph, Ontario,

Canada. He was a presenter at last fall's Nebraska Travel Conference in Lincoln.

Buck has been involved in agriculture and tourism throughout his life. He has assisted in the development of agri-tourism projects, advisory groups, and agri-tourism associations in Ontario and elsewhere in North America. His role as founder and manager of AgriTours North America, Inc., has taken him all over the world to market his specialty tours for groups coming to North America. He has also scouted new international destinations for North American agricultural customers to visit on their vacations.

The conference, which will begin with Buck's workshop at 8:30 a.m.

will conclude with a noon luncheon. Guest speaker for the luncheon will be Hal Stearns, Ph.D., a nationally-known scholar and expert on the Lewis & Clark Expedition. Dr. Stearns, a brigadier General in the Montana Army National Guard, coordinates and teaches in the University of Montana's School of Education graduate program in Butte and Dillon. His wife, Dr. Sheila Stearns, is the president of Wayne State College.

The conference is open to the public. Registration fee per person for the workshop and luncheon is \$30 if paid by March 15, 2000. After that date, the cost is \$35. Everyone pre-registering by March 15 will also receive a one-day

Wayne State College parking pass. To receive a registration brochure, or for other information, please contact Judy Johnson, Northeast Nebraska Travel Council, 917 Centennial Road, West Point, NE 68788. Her telephone number is: (402) 372-2290.

The Northeast Nebraska Travel Council is also sponsoring a group leaders' travel show on March 23 from 1-4 p.m. at WSC. Around 30 Travel Council members wishing to reach the group tour market will have booths and will be on hand to promote their attractions or events. Group leaders from Nebraska, South Dakota, Iowa, Missouri, Kansas and Colorado have been invited.

The show is open to all group leaders (bank clubs, senior centers, travel agencies, etc.) who would like to learn more about destinations and events in Northeast Nebraska. There is no cost to attend, but pre-registration is required in order to

quality for the grand prize drawing of \$500 toward a motorcoach tour in Northeast Nebraska, presented by the Travel Council and Allied Tour and Travel of Norfolk.

To receive a registration brochure, please contact Judy Johnson

Local student graduates from area beauty college

Tanya Urbanec of Wayne recently graduated from Joseph's College of Beauty in Norfolk.

Urbanec is the daughter of Nancy Johnson and Leonard Urbanec, both of Pender. She is a graduate of Pender High School.

A student must complete 2,100

hours and 2000 credits in this cosmetology program in order to become licensed in the state of Nebraska.

While in college she attained high retail sales.

Her future plans include working at ESP in Norfolk.

NEW PROGRAM FOR CHILDREN

Wakefield Family Resource Center in collaboration with Wakefield Community Schools will begin a new program next month for 12-15 preschool children.

The primary goal of this program, for 4-5 year-old children of migrant families, will be to achieve competence in English as a second language. The Gardner Foundation and the M.G. Waldbaum Company have provided funding for this project. Thanks to their generosity, these children will participate in this program at no cost to them.

Following both the Head Start guidelines and the design of other programs in the state, the children will qualify for this program based on criteria determined by Wakefield Family Resource Center and the Wakefield School. The first of these will be income followed by special needs, parental status and other which may mean referral from another agency, high risk family, serious health problems, etc.

The new program will be fully

integrated into the current preschool program, which includes childcare children, special needs children and preschool children. Currently there are only two such programs in the state, one in Fairfield and one in Crete. Both of these facilities will serve as mentoring agencies for the Wakefield Resource Center in fully developing the program, according to Director Erelene Stubbs.

To meet state requirements for the migrant funding currently provided by the state to Wakefield Community Schools a survey must be done each year to identify preschool age children of migrant families. The federal definition of migrant is very specific. A migratory agricultural worker means: a person who, in order to obtain temporary or seasonal employment in agricultural activities (including dairy work as well as poultry egg production and processing) as a principal means of livelihood.

Last spring 45 children were identified as qualifying. "Obviously we're not going to be able to serve all of these children at this time," said Stubbs. "We are so pleased that the Gardner Foundation and Waldbaums saw the need and have helped us to address it." The goal of both the Resource Center and the school is to seek federal funding by fall so these children and their parents can receive continued training.

"We can help them now, or we can wait until these children get into school and help them when the costs will be much higher," said Mike Moody, superintendent of Wakefield Community Schools. "We think the time to help is now and we thank The Gardner Foundation and Waldbaums for helping do it."

For more information about this program, contact Erelene Stubbs at Wakefield Family Resource Center and Mike Moody at Wakefield Community Schools.

BANQUET

The annual banquet and meeting of the Wakefield Community Club will be held Friday, March 17. Tickets are currently on sale and

may be purchased at The Gardner Foundation office, Nebraska State Bank or at The Republican Office. Anyone in the community is welcome.

The event will be held at the American Legion Hall with a Social Hour from 6-7 p.m. and the meal served at 7 p.m.

COUNCIL APPROVES

The Wakefield City Council approved the transfer of the local cable television franchise to HunTel Cable Vision, Inc. of Blair at its meeting Feb. 16. The transfer moves ownership of the franchise agreement to HunTel Cable Vision, a wholly owned subsidiary of the HunTel Systems, Inc.

HunTel Cable Vision is in the process of acquiring the cable television systems in 10 other Nebraska communities. Additionally, HunTel is transferring each of its five existing cable franchises to HunTel Cable Vision. When the transfers and acquisitions are completed, HunTel Cable Vision will serve more than 4,500 local cable television subscribers across eastern and north-central Nebraska.

Because the date of the transfer has not been finalized, customers will be notified officially through their monthly billing.

HunTel is a diverse family-owned business headquartered in Blair. HunTel's affiliates provide local exchange telephone service, cable television, internet access, business forms, portable concrete equipment, communications engineering, business telephone systems and cabling, software development, consulting and service bureau administration. Additionally, HunTel is a partner in a number of national and international cable television and telecommunications ventures.

NEBRASKA PRODUCT MARKET

Janet Sievers of the Quilt Shop in Wakefield participated in the third annual Genuine Nebraska Market in Lincoln. Sponsored by GROW Nebraska, a non-profit marketing and training program, the juried market show-cased over 60 lines of Nebraska made products. Buyers from Nebraska, Colorado, Iowa, Illinois, Missouri and Kansas attended the show.

"This market just keeps getting better and better. It is amazing how many new product lines I was able to find at the Genuine Nebraska Market. It was well worth my time to attend," stated Mike Krikac, owner of Nebraska Food and Gift in Hastings.

"I know this market is really becoming established as a quality show carrying all Nebraska products," said Janell Anderson-Ehrke, director of GROW Nebraska. "We brought in a lot of new artisans this year and they had a great market. Our buyer interest is up and providing this wholesale opportunity promotes our great Nebraska products. Our goal is bold and brazen, we want to get Nebraska made lines in every gift store not only in Nebraska but the surrounding states," Anderson-Ehrke said.

Highlighting the wholesale market, the Editor of Country Business, Susan Wagner, provide free buyers seminars each day. Additionally, Wagner spoke to the artisans prior to the show on advertising opportunities. In addition to the two-day wholesale market, the artisans hosted the second annual senators breakfast. "We are really creating excitement with the quality of products," Anderson-Ehrke commented.

If you would like to receive a buyers guide or more information on the Genuine Nebraska Market, please contact Janell Anderson-Ehrke at 888-476-9632, ext. 102, or visit website: www.grownweb.com

GRANT

Educational Service Unit #1 was awarded a grant in the amount of \$6,000 from Nebraska Department of Environmental Quality's Litter Reduction and Recycling Grant Program. Altogether, the state received 61 applications requesting more than \$2.2 million for litter

reduction and recycling projects. A total of \$1,042,500 was awarded to 47 projects throughout Nebraska.

The grant program provides funds annually to Nebraska projects in three areas: public education, clean up and recycling. The funds awarded to ESU #1 through Litter Reduction funds will be used for community cleanup projects involving regular and special education students.

"The grant funded projects provide innovative ways to educate the public about litter reduction and recycling and will reduce the amount of material sent to Nebraska's Landfill," said Mike Linder, director of NDEQ.

ARTISTS OF THE MONTH

Art Instructor Kirby Mousel has named 15 elementary and six secondary students as artists of the month. They are: Leonardo Vega, McKenna Hancock, Tyler Bodlak, Cody Henschke, Brock Soderberg, Jake Lundahl, Andrea Lueth, Amber Johnson, Lane Foote, Taysa Hingst, Alex Anderson, Wes Erickson, Steth Alleman, Zach Blessing, Sarah Mousel, Sheldon Morris, Eric Klein, Anthony Storm, George Gonsales, Marcello Manjurrez and Israel Cruz.

The students' art work is currently on display in the new media center.

CHARITY SHOW

The Future Business Leaders of America Community Charity Show was a huge success. The night started off with the opening from President Ellie Dutcher. Erin Salmon and Brittany Peters were mistresses of ceremony. They filled in with commercial jokes about local businesses between the different acts. Erin and Brittany were project managers and helped pull the event together, stated FBLA Sponsor Jennifer Goos.

While the acts were being presented, the judges took notes and had to decide the top winners which was a tough decision.

In the Instrumental/Vocal category, the Wakefield Swing Choir won. They sang and danced to "He Nebers Failed Me Yet."

In the Lip Sync category, Andrea Lurth and Nicole Peters won with their comical presentation of "I Got You Babe." They dressed like Sonny and Cher and presented a dance to the song.

In the dance category, The Coop Troop won with their Hawaiian Luau called Tiny Bubbles. The overall winners of the grand prize went to Andrea Lueth and Nicole Peters.

The purpose of this event was to work together with the community. The FBLA asked local businesses to donate prizes and expertise for the talent show. The money earned was given back to the community.

The FBLA donated money to various non profit organizations in the Wakefield community. Recipients included Wakefield School Barn Project, The Wakefield Family Resource Center, The Wakefield Fire Department, the Wakefield Library Fund, and the Playground Project.

On a higher level, the FBLA donated to the FBLA Scholarship Fund and MADD, (mothers against drunk driving).

SCHOOL BOARD MEETS

The Wakefield Board of Education held a special meeting on Jan. 31 in the board room. Chairman Johnson called the meeting to order. Visitors were Phil Lorenzen, Dan Zulkosky and Leslie Bebee.

New Business: Mr. Moody presented the estimate received from Carlson West Provoindra for a new Community Recreation facility to be used by the school district and the community. The estimate ranged from \$1,200,000 to \$1,400,000. This facility is a one story facility with the walking track on the same level.

Discussion was held concerning a possible bond issue for the community recreation facility. Phil Lorenzen of Kirkpatrick Pettis presented the necessary steps that needed to be taken for a special election if the

board decided to go forward with a bond election for the new facility. The board then discussed the amount that would need to be bonded for the new facility. With the passage of the bond issue, the district would receive a grant from the Gardner Foundation for the amount of \$500,000.

They approved the board to authorize Wayne County School District 0560 (aka Wakefield Public Schools) to submit to the registered voters of the district at the statewide primary election of May 9, 2000, a ballot initiative authorizing the issuance of bonds in the amount of \$795,000 for the purpose of constructing an addition to and remodeling the existing school building to provide a recreation and community facility.

Principals report: Mrs. Widner informed the board that Janelle Eaton and Lynette Haisch represented the elementary at a mathematics curriculum session held recently at Education Service Unit #1. These teachers will attend another mathematics curriculum session at ESU #1 in June.

She also reported on a one-hour computer training session elementary teachers attended in January. Lee Brogie, who returned to the school on Feb. 23, led the workshop.

In addition, Widner reported on several activities taking place involving elementary students, including the fifth grade business fair being planned in conjunction with the annual Wakefield Institute; free dental screening conducted by Dr. Bierbower on Feb. 2 in which 178 students took part; Family Fund Night on Feb. 8 for Title families, Valentine's Day parties on Feb. 14, a vocal music contest in Allen on Feb. 15 for fifth and sixth graders, along with the 7-8 grade chorus, and a Science Fair on Feb. 16 which included presentations by fifth and sixth grade students.

In closing, Widner reported that WSC partner students will be visiting the school during the second semester to work with teachers. This is the first classroom experience for sophomore level students working toward a teaching degree.

Mr. Heimann reported on the staff inservice training on computers, led by Lee Brogie on Jan. 26, with additional training on Feb. 23 and on the Science Fair involving students in grades 5-7 on Feb. 16. Several WSC partner students are once again working with high school teachers during the second semester of school.

He reported that the ninth period study hall has begun for students in grades 7-12 who are failing one or more classes. 17-12 teachers have voluntarily stepped up to assist at 9th period for a week. Parent/teacher conferences will take place on March 7 and 9 from 6-9:30 p.m. each evening. There will be no school on March 10.

Wakefield Institute scheduling is underway and Heimann recommends the schedule stay the same as last year, with school dismissing at 2:45 p.m. daily during the week of March 20-24 to allow cooperative planning time for the staff. An exhibition night will take place March 24.

Moody and Heimann attended a school safety workshop at ESU #1 on Jan. 24.

Heimann reported that scheduling for distance learning courses is being completed for 2000-01. He also announced that Mrs. LaVonne Carson has requested permission for the National Honor Society to hold a fundraising golf tournament during the summer. A copy of proposal was included.

Superintendent's report: Moody reported on meetings he attended recently, including the Labor Relations Conference held Feb. 8-9 in Kearney and the School at the

Center Conference held Feb. 10-11 in Aurora.

He also reported on the possibility of hiring a Wayne State student as a para-educator to assist the school's Spanish speaking students. Wakefield Community School has been selected to participate in the "America Redsa" program next year. The program will pay college students with federal work study dollars to assist students in reading.

Moody informed the board that he and Daryl Harrison are working on modifications in the school's vocational offerings. They are looking at ways to train students and staff in maintaining the school's desktop operation and assisting with network management.

He reported that the administration has met with the school's personnel committee to work on the 2000-01 school calendar.

Committee reports: Policy: Keim presented board members with the revised board policy book and asked them to bring their suggestions for changes to the March board meeting with final approval anticipated in April. Chairman Johnson thanked members of the policy committee for all their work.

There was no old business.

New business: They approved to continue membership in the Nebraska Association of School Boards (NASB).

They approved to name Nebraska State Bank of Wakefield as the official depository for school district funds.

They approved to designate The Wakefield Republican as the official news publication for the school district.

They approved request for Sunday afternoon travel to Kearney so students may participate in the Student Extravaganza.

They approved to donate \$5,000 to the school playground equipment fund.

A discussion was held concerning a request from Pender Public Schools for the Wakefield Board of Education to provide an indication of the extent of their consolidation or unification of the two school districts. It was the consensus of the board that they see no significant benefit to Wakefield Schools at this time regarding unification or consolidation of the two school districts.

They approved the School's instrumental and vocal students (seniors) to leave Sunday afternoon, March 12 to travel to Branson, Mo. returning on March 14. Board members directed Mr. Jordan, instrumental director, and Ms. Servis, vocal director, along with Principal Heimann to prepare a proposal for the board regarding charges for future music trips.

They approved to grant Janyce McQuistan one day of personal leave.

They approved Jennifer Goos one day of personal leave.

They approved to offer a two-year contract to Jennifer Widner as elementary principal.

They approved to offer a two-year contract to Bill Heimann as secondary principal.

Invest some of your extra dollars to accumulate and earn interest

When you've got a little extra money in your pocket, the temptation to spend it is strong. Things you usually refrain from buying—a new outfit, that album you've been wanting—become suddenly indispensable. But be realistic—you're only going to wear the outfit once, and you're only going to listen to the album a few times.

So instead, think about investing some of the extra dollars you earn. By allowing your wealth to accumulate and earn interest over time, you can have what many people only fantasize about—money for nothing.

Beginning investors have several options to consider, each with its benefits and drawbacks. Most familiar is a savings account, which usually yields between two to four percent interest per year. Money in savings accounts usually is insured; still, many require a minimum balance. Money market savings accounts, while involving a small amount of risk, can also be profitable for a novice investor. Money market accounts are like a traditional savings account in many ways, except that the money invested in them may not be insured. However, if the money is invested with a sound company, the chance of any losses is minimal, and the accounts tend to earn a slightly higher interest rate than regular savings accounts.

Most banks also offer CDs, or Certificates of Deposit, which have a higher interest rate than savings accounts—usually around five percent per year. With CD's though,

money is tied up for a fixed period of time, and the investor is charged a penalty if it's taken out early. CDs are sold in denominations, typically starting around \$100.

All fixed return accounts—that is, saving accounts, money market accounts and CDs—require that tax be paid on any profits on the year they're received. After taxes, the interest received will be somewhere between 1.5-2.5 percent. With fixed return accounts, you're guaranteed a profit; unfortunately, it's not much.

Although mutual funds involve some risk, the potential gains also can be much greater. Prices of mutu-

al funds vary, though some may be started at a price comparable to that of a CD.

Cooperative Extension

Sally Ebmeier
Cedar County

al funds vary, though some may be started at a price comparable to that of a CD.

The easiest way to explain mutual funds is to compare them to traditional stocks. If you invest in a company's stock, the value of that stock fluctuates, depending partly on how well that company's business is at the time. With mutual funds, you pay a professional to invest your money for you. Through a mutual fund, your money is pooled with

that of thousands of people, and invested simultaneously in a variety of companies. Because your money is divided among those companies, the risk is less than if the money was invested in a single business. Mutual funds can be cashed in at any time, but based on the market at that time, you may not get back what you initially invested.

Mutual funds aren't a "get-rich-quick" investment, and shouldn't be viewed as such. Any money left in a mutual fund for more than 12 months can benefit investors in another way—it's taxed at a lower rate. Due to the ever-changing stock market, all mutual funds have lost money at some point.

For investors concerned about stock instability, another option in mutual funds is balanced mutual funds. With balanced mutual funds, your money is invested in both stocks and bonds. Because bonds tend to be more stable than stocks, the overall value of balanced mutual funds tends to be more stable as well. The downside, of course, is that with less risk comes the potential for less profit.

Another wise place to put your money is in a 401 K plan through your workplace. 401K plans are, essentially, retirement plans that invest money directly from your paycheck. It's never too early to think about retirement—the longer you invest your money, the longer it works for you.

In addition, many employers will match at least part of an employee's contribution to a 401K plan. Depending on the number of years an employee stays with a company, the employee is allowed to gradually take more of the employer's contributions with him if he decides to seek employment elsewhere. After employees have been with a company five to seven years, they generally can take 100 percent of their employer's contributions with them if they decide to seek employment elsewhere.

Unfortunately, the money in a 401K plan is effectively locked up until retirement. Any money taken out of a 401K plan before age 59 and one half is subject to an extra 10 percent penalty tax in addition to regular federal and state taxes. If you leave your 401K money invested until you retire, though, its value will be sizable.

Before investing any money, stop and think about what you hope to accomplish with it. Individual reasons for investing should simplify the decision of a particular savings option. With wise investing, you'll be making money long after you've forgotten about Calvin Klein or Barry Manilow.

Our Savior announces Lenten season services

Our Savior Lutheran Church will observe Ash Wednesday, March 8, with a worship service at 7:30 p.m. Ash Wednesday marks the beginning of the season of Lent.

"During the special time in the life of the church, the people of Our Savior invite all to worship with us each weekend and on Wednesday evenings," Pastor Russell said.

Throughout the season of Lent, Our Savior Lutheran Church will have mid-week Lenten services on Wednesday evenings at 7:30 p.m.

On Wednesday evenings, March 15-April 12, a supper will be served prior to each Wednesday evening service from 6 to 7:15 p.m. with all proceeds supporting the congregation's youth who will attend the National Lutheran Youth Gathering this summer in St. Louis.

In addition to the special Lenten services, Our Savior Lutheran

Church offers four weekend worship opportunities: Saturday evenings at 6 p.m., Sunday mornings at 8 and 10:30 a.m. and Sunday evenings at 7 p.m.

On Sunday evenings at the 7 p.m. worship service during the month of March, Pastor Russell will be preaching a message series titled, "The Power to See It Through," which will examine some of the significant challenges we face in life such as failure, loss, betrayal and disappointment. This message series lifts up these experiences so that we can look at them through the light of God's grace.

For more information on the ministry of Our Savior Lutheran Church, contact the church office at 375-2899. Our Savior is located at the corner of Fifth and Pearl Streets in Wayne.

Shriners help kids

Shriners Hospitals for Children provide quality medical care with problems of the muscles, bones, and joints. Care is available at no charge to any child, with a correctable orthopedic disability.

Sesostri Shrine of Lincoln is sponsoring a free screening clinic on March 24 at Bryan LGH West, 2300 S. 16th St., Lincoln, NE from 10 a.m. to 2 p.m. Doctors from the Twin Cities Shrine Hospital in Minneapolis, MN will be conducting the screening clinic.

For more information, call Rhonda at Sesostri Shrine Office in Lincoln at 402-474-6890.

VISIT RELATIVES

Larry and Jan Bruggeman of Hoskins left on Jan. 26 and drove to Ventura, Calif., where they visited Jan's daughter and family, John and Kim Adair.

They spent a week there before going to Apache Junction, Ariz. to visit Larry's parents Ruth and Gerald Bruggeman. They returned home Feb. 12.

HOSKINS GARDEN CLUB MEETS

Hoskins Garden Club met on Feb. 24 at the Hoskins Community Center.

President Esther Rechtermann opened the meeting with a reading by Henry Van Dyke, entitled "An Optimistic Beginning." The group sang the song "America," and Esther read a prayer which was written by George Washington.

Hildegard Fenske read the poem "Hearts, Old and New."

Roll call was answered by naming one of the United States Representatives from Nebraska, and paying annual dues. Seven members were present.

Christine Lueker read the minutes of the December meeting, which were approved.

President Esther Rechtermann thanked last year's president, Christine. She also thanked Hildegard for making the year books.

Plans were discussed for the April 27 Guest Day. Beverly Henkel of Norfolk will be the guest speaker for the occasion with a salad bar luncheon following the program. An invitation will be sent to the Town and Country Garden Club.

Entertainment consisted of quizzes and work games supplied by Esther Rechtermann, Rose Puls and Hildegard Fenske.

Nona Wittler chose the articles "Weird Journey" and "Smart Home" for the comprehensive study. Esther Rechtermann gave the lesson on the Whip-poor-will. The group had decided on studying not-real-common birds again this year.

The watchword for February was: "Life is short and it's up to you to make it sweet."

Following the meeting, a no-host lunch was enjoyed by the group.

COMMUNITY CALENDAR

Tuesday, March 7: Senior Citizens meet at the Hoskins Community Center, 1:30 p.m.

Abbey book store is sold

Bob and Kay Marshall of Norfolk are the new owners of the Abbey Christian Book Store in Norfolk.

On March 1, they purchased the store from Gene and Theresa Shermers of Norfolk. The Shermers have operated the Abbey for the past 12 years.

Bob Marshall has been a staff pharmacist at Sav-Mor Pharmacy in Wayne since July of 1999. The Marshalls moved to Norfolk from Sacramento, Calif. where Bob had served as CEO of the California Pharmacists Association. Bob is originally from Verdigré and has also served as the Executive Director of the Nebraska Pharmacists Association.

Bob's wife, Kay, is a specialty nurse at Faith Regional Health Systems in Norfolk.

While the Marshalls will manage the Abbey on a full-time basis, they will also continue to work in pharmacy and nursing. Bob expects to be at Sav-Mor a few days each month.

Immanuel Ladies hold February meeting

The Ladies Aid of Immanuel Lutheran of Wakefield met Feb. 21. Twelve members welcomed two guests, Betty Lessman and Bernita Sherbahn.

Pastor Handrich led the group in the Bible study of the Fourth Petition, "Give Up This Day Our Daily Bread." Hazel Hank conducted the business meeting.

Hazel and Bernice Rewinkel told about their visiting the shut-ins. Hazel read the minutes of the Zone LWML Executive Board meeting.

Beverly Ruwe will write to the two area seminary students, Kim Kanitz and Stuart Rethwisch.

The District LWML ingathering is accumulating nicely. The group voted to Spring clean the church themselves this April rather than hiring to have it done. The committee were set up for serving lunch at Lenten services.

Hazel Hand and Beverly Ruwe explained the Christian Growth Workshop scheduled for March 25 from 9 a.m. to 1 p.m. at Immanuel

Lutheran in Laurel. This year's theme is "Taking Care of Business—Our Children."

A gift was presented to Alice Roeber for her special birthday and a card was signed for Merle and Donna Roeber's 40th anniversary. The group acknowledged the birthday of Mrs. Merle Roeber and Diane Roeber.

Hostesses were Bonnie Schriber and Mrs. Lloyd Roebor.

The next meeting is planned for Thursday, March 16.

Sixth grade students winning were, left to right, Chris Shulties, Brandon Foote, Clark Koppelman, Emily Brufat and Emily Buryanek.

Heart Hoops

Fifth grade students from Wayne Middle School recently played a 3-on-3 Basketball Tournament as part of the annual Hoops for Heart Event. Students raised more than \$550 to help fight heart disease and learned about the importance of regular exercise and heart healthy living. Carol Novak was the coordinator. Fifth grade winners included, Chris Sandmann, Crystal Woldt, Larry Grashorn and Matt Sharer.

SPAGHETTI SUPPER
The Senior Citizen Center is holding a Spaghetti Supper Thursday, March 9. They will be serving from 5-6:30 pm. The monthly card party will be held after the dinner.

COMMUNITY CLUB

The Allen Community Club met on Feb. 21, 2000 at the Village Inn. President Dale Strivens called the meeting to order.

Old business was discussion of the dance to be held in conjunction with the June 10 Low-a- Lop Exotic Animal Swap Meet. Dale and Valeris will make more plans for date, time, and costs. Marcia Rastede reviewed the Family Friendly Community Award application which Joy and Elizabeth Bock and she completed and sent in.

As the organization begins the new year, all former members and

any new members who wish to join are requested to give their dues to Rita Mattes. Dues are \$25 for individual/couple, \$35 for a small business, and \$50 for a large business.

Everyone is invited to join and attend meetings held the third Monday of each month with dinner at 6:30 pm (optional) and 7 pm meeting. This organization is actively involved in promoting activities for all ages in the town and financially supporting worthwhile projects.

ASH WEDNESDAY SERVICES

The United Methodist Church will hold its Ash Wednesday Service at Dixon at 7 pm. First Lutheran Church members are invited to the Ash Wednesday Service in Concord or Pastor John Plowman's service in Ponca.

BLOODMOBILE

The blood mobile will be in Allen Monday, March 6 at the Allen-Waterbury Fire and Rescue Building. The hours are noon until 4 pm. Be sure to stop in and donate. You never know when someone you love will need it!

APPRECIATION BREAKFAST

The Allen-Waterbury Fire and Rescue will be holding an appreciation breakfast on March 5, 2000 from 7 am until 1 pm. They have recently received an ambulance donated to them by Siouxland Paramedics. In turn, the Allen-Waterbury Rescue Squad is donating a unit to the Martinsburg First Responders.

Also, the Martinsburg First Responders are donating a unit to the Concord Volunteer Fire Department.

At 11 am on Sunday, March 5, 2000, representatives from Prudential will make a presentation to the Allen-Waterbury Rescue Squad. Recently the squad became certified and purchased their first defibrillator with the help of a grant from Prudential.

DIXON COUNTY SPELLING BEE

Students in grades five through eight participated in the first round of the Dixon County Spelling Bee by taking a written test of twenty selected words.

Those who qualified for the second round of an oral spell down were eighth graders: Duane Rahn, Bart Sachau, Kelli Rastede, Justin Hough, Corey Uldrich, Andrea Liebsch, Brittany Klemme, and Jennifer Keitges, seventh graders Lindsay Swetnam, Alyssa Uldrich, Diana Diediker, David Rastede, and Brett Koester, sixth grader Vicky Green, and fifth grader Ross Rastede.

The top five winners at this level were Jennifer Keitges, Corey Uldrich, Brett Koester, Lindsay Swetnam, and Ross Rastede. These students will now compete against qualifiers from other Dixon County schools on March 6 at 1:30 pm at the Haskell Ag. Lab. Relatives and friends are welcome to attend this event.

PARENT-TEACHER CONFERENCES

School will be dismissed at 1:50 pm on Tuesday March 7 for Parent-Teacher Conferences. The conferences will be from 2:00 until 8:30 pm. Dinner break will be taken from 5-6 pm. The Annual Staff will be holding a Bake Sale during the conferences. Be sure to stop at their table!

SPRING BREAK

There will be no School Friday, March 13. Students will be enjoying Spring Break. Classes will resume on Monday, March 13.

DISTRICT SPEECH CONTEST

Allen will be the host for District Speech Contest. The event is Monday, March 6 from 1:15 to 4 pm. School will dismiss at 12:50.

Connie Roberts is the contest director. Several of Allen staff will be on hand to be timers and Marcy Roebber will compute the scores. The National Honor Society is also participating. They will provide several students to be door monitors.

EAGLE SPIRIT SHIRTS

The ACE group is now selling Eagle Spirit Shirts. All the profits will go back into the school system, the classroom, and to future ACE events. Events are: The March Read-In, plans to purchase classroom supplies, Eagle store prizes, Field Trip assistance, Athletic department,

Music department, and teacher appreciation activities. These profits will enable them to do more in the future. The shirts are royal blue and the screen is a yellow eagle located in the upper left hand corner of the shirt. Polo shirts, T-shirts, and sweat-shirts are available. Contact Mary Schoning to order.

A T & T POINTS FOR SCHOOL

Allen School can receive five points for every dollar you spend on qualifying AT&T services at no additional cost to you. The program is free and automatic. The school can then redeem points for free educational technology products that will help our students prepare for the future.

To enroll in the AT&T Points for School program call: 1-800- 232-8200. With your support our school can earn a color printer. Our school name is Allen Consolidated Schools and our account number is 00812318.

Now is time for input into dialogue on poverty

How much income does it take to live in your community? What is housing situation where you live? Are your basic needs and those of your neighbors being met?

If these questions are concerns of yours, you will soon be able to participate in discussion which can send a message to policy makers about the kinds of programs and policies you think will be most effective in meeting basic needs.

Goldenrod Hills Community Services (GHCS) will be a guiding force in the Dialogue on Poverty 2000, a series of forums/town hall meetings at which people from Northeast Nebraska communities will be asked for their input into questions about the quality of life in their state and nation.

Discussion will center around jobs, health care, welfare, childcare and many other issues. The focus is on hearing citizens' solutions to local and national problems. The meetings are open to the public, and people of all ages, income levels and occupations are encouraged to attend.

Dialogue on Poverty 2000 is a nationwide effort being conducted from January through May 2000 about public policy issues and their impact upon low-income and working poor Americans. The goals of this national Dialogue are to raise the awareness of the American people about issues of poverty and the need to address them effectively, to give a voice to low-income people in the policy-making process, and to identify and mobilize the local, state

and national resources and opportunities that low-income individuals, families and communities need to become more self-sufficient.

The public policy goal for Dialogue 2000 involves the agreement or disagreement with this public policy statement:

"Everyone who can work, would work;

*those who do work should earn sufficient income to provide for their families' basic needs;

* and those who are unable to work or who work but do not earn enough to provide for their families should be assisted by policies and programs to meet their basic needs and secure safe and decent housing.

If you would like to be involved in discussion about living conditions in your area, or to fill out a Dialogue on Poverty 2000 survey, feel free to attend one of the following meetings:

Norfolk Head Start Center, 301 East Omaha Avenue, Norfolk, on Tuesday, March 21, at 5 p.m.;

Hartington Head Start Center, 313 Broadway, Hartington, on Tuesday, March 7, at 7 p.m.;

Pender Library, South Thurston Avenue, Pender on Wednesday, March 29, at 7 p.m.;

Wisner Fire Hall, 1005 Avenue D., Wisner, on Thursday, March 9, at 11 am. and at 7 p.m., and Friday, March 17, at noon.

For additional information or to receive a Dialogue on Poverty 2000 survey call Goldenrod Hills Community Services at (402) 529-3513.

Ag committees have different agendas

By Roy Frederick

In the U.S. Congress, the House and Senate eventually must concur on most everything they do. The president cannot sign a bill into law until both legislative bodies have approved it.

However, starting points sometimes are far apart. I'm reminded of that as I look at this year's agendas for the House and Senate agriculture committees. It appears the committees don't even agree on the most important issues as the second session of the 106th Congress leaves the starting blocks.

The House Committee on Agriculture is aiming its fire at potential revisions in the price and income support provisions of the 1996 farm act. A series of 10 field hearings begins March 6 in Lubbock, Texas. This announcement indicates the committee wants to hear only from agricultural producers. The key question will be whether the current farm income safety net is appropriate and suffi-

cient.

The hearings will continue into May. After that, the committee may consider revising the current law. Alternatively, the committee may decide not to make any changes until the law expires in 2002. Even if the committee decides to make mid-course changes, they likely would not apply until 2001.

The U.S. Senate Agriculture, Nutrition and Forestry Committee says nothing about the 1996 farm act in its plans for the year ahead. Rather, its top agenda item seems to be structural changes occurring in agriculture.

In particular, the committee is interested in small and mid-sized farmer difficulties. Many are "commodity farms" that do not have contracts with processors. Operators of such farms simply sell corn, cattle and other commodities to the highest bidder after the commodity has been produced.

Traditionally, commodity farms have been the dominant type in Nebraska. Many farmers and ranch-

Fun Day in the pool

More than 50 4-H'ers from Wayne and Dixon County spent Sunday afternoon at the Wayne State College Recreation Center as part of the annual 4-H Fun Day. The youth were able to swim in the college pool, play basketball and use other Rec Center facilities. Above, several young boys found the pool to be an enjoyable location to play basketball.

Wishing for a snow day!

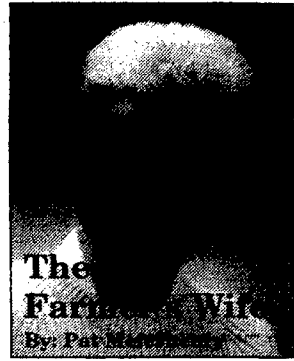

The Bainter grandsons are here today because both parents have Saturday workshops. They are busily fashioning various devices out of the green mesh plastic containers I get strawberries in. I have found these little freebies to be great kid entertainment. They have already watched a video of the adventures of Madeline and challenged Grandpa to a dual chess game.

I think going all winter without at least one snow day is very difficult. I heard the forecast last week with anticipation and watched the announcements of school closings with glee. Of course it was snowing; it was state wrestling time. I did all Saturday's chores on Friday and settled down with a good book that evening.

I've become a fan of Nicholas Sparks and Richard Paul Evans. This was 'The Timepiece,' a prequel to 'The Christmas Box.' I've also read 'The Longest Walk' this month, the latest love story by Sparks. Both are old-fashioned love stories, and there aren't many of those around. I found Evans 'The Locket' in the LA airport, and read it on the flight to Honolulu.

Speaking of love stories, I guess I wasn't the only one amazed at the show 'So You Want to Marry a Millionaire.' It definitely did not turn

out to be a marriage made in heaven. When I learned the bride was a nurse, I declared, "Nursing these

days is so stressful, it drives us to insanity!" The whole thing was a fiasco.

The rain this week was a blessing. We just hope and pray for more. Although, with agricultural prices as low as they are, it might be better if there wasn't any crop produced this year. The executive director for

Nebraska Pork Producers told me yesterday that 1000 pork producers went out of business in this state alone last year. One of these was my room mate and her husband and their son and former son-in-law. The young men are working at the new prison being built in their community. A sad commentary: farmers to guards.

The only folks who seemed to do okay last year were the cattle feeders. Per capita beef consumption in our state last year was as high as it has ever been. Before we wring our hands about the health implications, I want to throw this out.

You've all heard of the Atkins high protein, high fat diet. I've never been a fan of it because I can't believe it's healthy to put yourself into ketosis. But: a man in our community lost 50 pounds last year on this diet and --his cholesterol level went down 50 points. Go figure.

I think we still don't understand all we know about diet and its relation to cholesterol and heart disease. Meanwhile, I think we can all eat some pork chops.

Local breeder recognized for owning bulls in report

Liska Angus Farms of Wayne owns one bull listed in the 2000 Spring Sire Evaluation Report published by the American Angus Association which is headquartered in St. Joseph, Mo. Issued in both the spring and fall, the new report features the latest performance information available on 4,720 sires.

"The American Angus Association has the most complete and comprehensive beef cattle database in the world," says John Crouch, American Angus Association director of performance programs. "Of the sires listed in the main report, 62 percent have expected progeny differences (EPDs) for carcass traits, which should assist cattlemen in choosing genetics that will produce a more

consistent, higher quality beef product." EPDs are generated from performance data submitted by breeders through the Angus Herd Improvement Records (AHIR) program.

Traits in which EPDs are available include birth weight, weaning weight, milk, yearling weight and height, mature daughter weight and height, and scrotal circumference, as well as carcass traits including carcass weight, marbling, rib eye area, external fat thickness and percent retail product. The analysis for the sire evaluation report is done in cooperation with Iowa State University, by Doyle E. Wilson and Dr. Abebe Hassen.

ers want to continue to do business without using contracts or marketing arrangements. But will they be able to do so, given changes under way in the market system?

Retailers and processors have more clout than ever before. They can demand that specific quantities and qualities of farm products be delivered to them. Usually, it's easier for large farms to operate in such a system. It seems appropriate for the Senate committee to consider what this means for everyone else who wants to farm.

Even though the House and Senate committees are headed in different directions, eventually they may converge. It could occur when this question is raised: Have commodity price and income supports contributed to undesirable structural change in agriculture? If so, the committees may want to take both concerns into account in the next major agricultural bill.

THANK YOU

I WANT to thank everyone for the flowers,
 plants, balloons, gifts, cards, visits
 and phone calls I received while I was
 hospitalized at Providence Medical Center
 in January. Thank you to Dr. McCord,
 kindale and the staff as well as to Sister
 Gertrude, Pastor Holstedt and Pastor
 Anderson for their visits and prayers. I
 also want to thank Dr. Martin, the ER
 staff and the staff of 6SE at Mercy Medical
 Center in Sioux City and Dr. Hartje.
 All of the expressions of love, support
 and concern from my family, friends
 and coworkers helped to brighten my
 days. I am most thankful for everyone
 remembering me in prayer. I really ap-
 preciated the visits and prayers of Rev
 Koerber, Pastor Tino and the hospital
 chaplain. I want to express a special
 thank you to my best friend, next to our
 God, my husband, Richard, who was al-
 ways by my side and to my mother-in-
 law, Zita Jenkins, for preparing special
 meals for several days when I returned
 home. The food that was brought in by
 neighbors and friends and members of
 our church community and school com-
 munity were greatly appreciated also.
 There is a saying that goes, "God touches
 our lives when we make a friend." I
 am truly blessed to have so many won-
 derful people touch my life. May God
 Bless All of You. Sincerely, Patricia Jen-
 kins.

NATURAL GAS RATE

ORDINANCE NO. 2000-2

AN ORDINANCE OF WAYNE, NEBRASKA, ESTABLISHING CLASSES AND RATES TO BE CHARGED FOR NATURAL GAS SERVICE WITHIN WAYNE, NEBRASKA; REPEALING RATE ORDINANCE NO. 96-2; AND PROVIDING FOR AN EFFECTIVE DATE.

BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL/VILLAGE BOARD OF WAYNE, NEBRASKA

SECTION 1 That Natural Gas Rate Ordinance No. 96-2, and any amendments thereto, of Wayne, Nebraska, be amended to read as follows:

Section 1. Rate Schedule, Monthly Charge, Heat Value, Basis Of Adjustment, Penalty For Delinquency, Adjustment For Cost of Purchased Gas and Taxes. Grantee, its successors or assigns, shall file and make effective initially a schedule of rates for gas service and shall furnish gas at the schedule of rates hereafter set forth or at such other reasonable rates as may be hereafter established from time to time under the Nebraska Municipal Natural Gas Regulation Act, Neb. Rev. Stat. §§ 19-4601, et seq. (1943)

(1) Firm Gas Service Rates

Availability - These rates are available only to domestic and commercial customers whose maximum requirements for natural gas are less than one hundred thousand (100,000) cubic feet per day. Grantee shall not be required to serve any customer at the following rates whose requirements amount to one hundred thousand (100,000) cubic feet or more per day. Grantee may negotiate price and other contract terms with customers whose natural gas requirements exceed fifty thousand (50,000) cubic feet per day.

Residential Customers Account

Monthly Customer Charge \$8.25 and Rate per Therm \$ 1153170

Commercial Customers

Monthly Customer Charge \$13.26 and Rate per Therm \$ 1567016

The foregoing rates apply only when bills are paid on or before twenty (20) days after the monthly billing date. When not so paid, a one percent (1%) per month late fee will apply on the unpaid amount.

The above and foregoing rate shall be understood to be based upon natural gas of the British Thermal Unit (BTU) heating value of 1,000 BTUs per cubic foot of gas. If in any monthly period the average heating value of gas sold and delivered to the customers shall vary from 1,000 BTUs, then the volumes of gas billed to the customers during that month shall be multiplied by the factor of average heating value in BTUs - 1,000 to adjust for the variance.

Turn-On and Reconnect Fee

In addition to the other rates set forth in this Ordinance, Grantee may charge a \$26.00 fee to initiate service ("turn-on fee") for each customer account and a \$30.00 fee ("reconnect fee") to reconnect service that has been discontinued or terminated for non-payment.

(2) Adjustment for Cost of Purchased Gas

In addition to the Firm Gas Service Rates set forth in Sub-Section (1) of this Ordinance a separate charge per Therm may be made for the monthly cost of purchased gas in the Purchased Gas Cost Adjustment, if the Grantee (or any predecessor of Grantee) has property filed a natural gas supply-cost-adjustment rate schedule pursuant to Neb. Rev. Stat. §19-4609(1).

Any refund including interest thereon, if any, received by the Company from its supplier in respect of increased rates paid by Grantee subject to refund and applicable to natural gas purchased on a firm supply basis for resale in

Rate Area Three shall be refunded to its gas customers in the form of credits on such customers' bills, or in cash, to the extent that such increased rates paid by the Company were passed on to its firm gas customers.

(3) Adjustment for Taxes

If, after the effective date of this ordinance, the business of Grantee in this Rate Area Three Municipality shall be subjected to any taxes measured by its gross revenues from the operation of such business or the volume of such business or constituting a fee for carrying on such business, or in the event that (a) the rate of any such tax or (b) the amount of any such fee shall be increased after the effective date of this ordinance, the gas distribution company shall be entitled to increase its charges under the aforesaid rates so as to offset such imposition of impositions or such increase.

(4) General Rate Adjustment

The above provided for cost of purchased gas and tax adjustments are apart from and shall not in any manner limit or abridge either Grantee's right to request or the Mayor and City Council's authority to grant general rate adjustments increasing or decreasing such rates.

(5) Interruptible Gas Service Rate

Availability - This rate is available only on a contract basis to commercial or industrial customers whose use of natural gas is subject to interruption and periods of curtailment for reasons including but not limited to protecting the service of Grantee's firm gas users.

Rate - The rate of interruptible gas service shall be such rate as may be mutually agreed upon between the customer and that gas service company.

(6) Environmental Cost

Grantee may defer expenses reasonably incurred after December 1, 1999, as a result of monitoring, testing, clean-up, and the cost of reasonable efforts made by Grantee to recover remediation costs (hereinafter referred to generally as "manufactured gas plant" costs), if any, at the five manufactured gas plant sites allocated to Rate Area Three. No carrying costs will be calculated on any such balance of deferred manufactured gas plant costs. At the time of its next general rate case, Grantee may request recovery of any deferred manufactured gas plant costs and, if recovery is sought, must demonstrate in its rate application or sixty (60) days prior to the deadline for filing the Municipal Report that the manufactured gas plant costs were prudently incurred and reasonable, and that Grantee made reasonable efforts to recover remediation costs from potentially responsible third parties (which may include, but are not limited to, Grantee's predecessors in interest).

In any future rate application, Grantee will reduce any deferred manufactured gas plant costs by the proportional amount of manufactured gas plant costs previously recovered (i.e., \$62,846 per year from December 1, 1999) from Rate Area Three as a credit to the deferred expenses allocated to Rate Area Three. Issues as to whether the deferred remediation costs were prudently incurred and reasonable, and whether the length of the amortization period for "past" manufactured gas plant costs requested by Grantee for recovering any such deferred remediation expenses is reasonable will be determined in the next rate case following the incurrence of such deferred manufactured gas plant costs.

Seventy-five percent (75%) of any funds (or the value of any other benefits) recovered from third parties by or on behalf of Grantee which are attributable to the remediation of any or all of the five manufactured gas plant

sites allocated to Rate Area three shall be credited to the deferred account. Grantee may keep twenty-five percent (25%) of any funds (or the value of other benefits) recovered from third parties.

(7) General Terms and Conditions

The General Terms and Conditions and associated Rate Schedule Tariff Sheets applicable to the natural gas service subject to the Municipal Natural Gas Regulation Act and provided for under this ordinance will be kept on file with the Municipal Clerk. The General Terms and Conditions and associated Rate Schedule Tariff Sheets may be changed from time to time by Grantee unless contrary provision is made by an ordinance adopted in the course of a future rate proceeding.

(8) Findings of Fact and Conclusions of Law

The Findings of Fact and Conclusions of Law, which were made a part of the official record at an Area Rate Hearing, are hereby adopted.

SECTION 2 Ordinance No. 96-2 of Wayne, Nebraska, and all other ordinances and parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

SECTION 3 This ordinance shall be in full force and effect from and after its passage, approval, and publication as required by law introduced by Furbenth.

Passed and approved this 8th day of February 2000
