Burning laws designed to prevent fires

Both the Nebraska Department of Environmental Quality (NDEQ) and the Nebraska State Fire Marshal's Office have recently received calls and questions regarding open burning in Nebraska.

Because there has been some confusion about these issues, the two agencies would like to remind the public about some important rules regarding open burning.

The most important rule is that only tree limbs, vegetation and non-treated wood are permissible to burn.

Items such as shingles, plastics, tires and wood that has been chemically treated should never be burned. There is good reason for this rule — burning such items can create toxic fumes that contaminate the air. Nebraskans should instead seek safe alternatives, such as sending the materials to a landfill or recycling.

Since 1980, Nebraska state statutes have placed a ban on all bonfires, outdoor rubbish, fires and fires for the purpose of clear-

ing land throughout the state. This may only be waived by the issuance of a burn permit by the local fire chief and his/her designee.

There are numerous safety issues to be considered in the issuance of this permit, including weather conditions and location of the burn to ensure that the fire does not spread or cause harm to the public.

It is therefore essential that a permit be sought from the local fire officials in any situation that involves outdoor burning, excluding cookouts and campfires.

Any law enforcement officer, upon discovering an open burn that has not had a local burn permit issued, may have the responsible party cited for burning without a permit. Burning without a permit carries a fine of \$100 to \$500.

In many situations, a state burn permit is also required from the Nebraska Department of Environmental Quality. NDEQ's primary focus in these permits is to ensure the environment is being

protected. As stated previously, only limbs, vegetation and untreated wood are permissible to burn.

Even if the proper local and state permits have been obtained, the agency can also pursue penalties if non-permitted materials are being burned at the site.

"We have had instances where people believed they could burn whatever they wanted after receiving a local permit," said Todd Ellis, supervisor of NDEQ's Air Compliance Section. "That's not the case. Whether they have permits or not, the state can and will investigate and enforce against people who are burning unacceptable materials."

Officials from NDEQ and the State Fire Marshal's Office emphasized that these rules and the state's enforcement policy are important for the protection of Nebraska's community.

The rules are designed to prevent the spread of fires and to keep Nebraska's air clean and breathable.

Asian lady beetles are a bother this time of year

Asian lady beetles are entering homes and will continue to do so over the next couple of weeks.

The Asian lady beetles are orange colored with black and some are pink and black. The bugs are searching for places to overwinter and will most often be found on the south sides of buildings. They congregate in groups and are looking for shelter for the winter. They will get under siding, under boards, basically anywhere they can get together and huddle.

The reason there are so many beetles is that they built up to very high numbers feeding on the soybean aphids earlier in the year. In fact, in many cases the lady beetles prevented buildup of soybean aphids to damaging levels in soybean fields, and saved farmers a lot of money by controlling the aphid. They are not dangerous but

are a real nuisance when they get into houses. They will also bite.

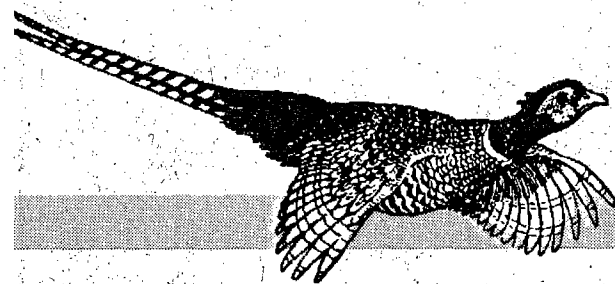

Other insects such as crickets, box elder bugs, leaf-footed bugs, and also millipedes are usually trying to sneak into houses at this time of the year. Spiders are also abundant. The best thing to do is to caulk all cracks in the foundations, windows, etc. and try to leave as little area under doors available as entry points.

"I use a barrier spray around my house to limit the amount of insects that get in," Keith Jarvi, IPM Extension Agent said. "There are over 150 brand names of household and garden insect products available. Some are ready to use (RTU) in 5 gallon containers, and others you must add to a 2 to 3 gallon sprayer and mix with water. The key is to look for the active ingredient, which must be

on the label; usually it is in small print, but it must be there."

Jarvi notes that for crickets and lady beetles the pyrethroids bifenthrin, permethrin, esfenvalerate, and cyfluthrin are all very effective and will keep out most other insects and spiders. Diazinon and Sevin will also work but may leave a little bit of an odor. Apply the spray to the foundation and out away from the house about 3 to 4 feet. Spray to the point where the mixture is starting to run off the building. This will give you several days of residual activity, where the insects will contact the insecticide as they crawl over it.

"If the insects get inside, the best thing to do is just vacuum them up," Jarvi said. "This will be a very annoying period of time until we get a very hard freeze to shut down the insect activity."

Moms know everything

Moms know everything, believe me. I could always tell that mom knew when things were not as they seemed to be.

Dad, well dad relied on me to tell the truth or to do the right thing, but mom always knew when I did not do exactly what I said I did or was to do.

The reason I am confessing to this little part of my life is that I was sent a cute story from a friend of mine. It struck home with me and I thought you would like to read it.

I suggest you let your children hear it from you maybe not in the context as the story was told to me, but in a way that is more suitable for you.

Brian Hester invited his mother over for dinner. During the course of the meal, Brian's mother couldn't help but keep noticing how beautiful Brian's roommate, Stephanie, was. Mrs. Hester had long been suspicious of a relationship between Brian and Stephanie, and this had only made her more curious. Over the course of the evening, while watching the two react, Mrs. Hester started to wonder if there was more between Brian and Stephanie, than met the eye.

Reading his mom's thoughts, Brian volunteered, "I know what you must be thinking, but I assure you Stephanie and I are just roommates."

About a week later, Stephanie came to Brian saying, "Ever since your mother came to dinner, I've been unable to find the beautiful silver gravy ladle. You don't suppose she took it, do you?" Brian said, "Well, doubt it, but I'll send her an e-mail just to be sure."

So he sat down and wrote:

Dear Mother,

I'm not saying that you "did" take the gravy ladle from the house, I'm not saying that you "did not" take the gravy ladle. But the fact remains that one has been missing ever since you were here for dinner.

Love, Brian

Several days later, Brian received a letter from his mother that read:

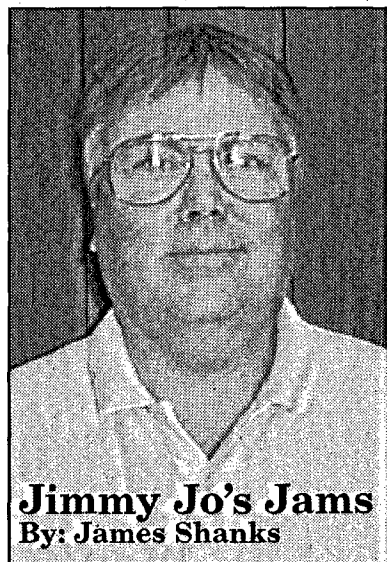

Dear Son,

I'm not saying that you "do" sleep with Stephanie, and I'm not saying that you "do not" sleep with Stephanie. But the fact remains that if she was sleeping in her own bed, she would have found the gravy ladle by now.

Love, Mom

Debate continues over 'do not call' list

By Ed Howard
Statehouse Correspondent
The Nebraska Press Association

The frustrations that come with our form of Democracy are many. Look at the folderol over the "do not call" list, for example.

It would seem that "the people" want it. The Congress wants it because it won't ignore 50-million-plus people. The president wants it because he ain't no dummy, either.

A couple of federal judges, however, have said that it might not be constitutional to tell telemarketers that they can't use the phone you pay for to torment the dickens out of you.

It is an interesting case, partly because it reflects a portion of what Alexis de Toqueville said about the United States. He said, among other things, that the United States could eventually become hamstrung by its own system of government.

One of the ultimate ironies: The top guy at the national telemarketers association put his name on the no-call list.

The view from here (where telemarketers are slightly less popular than hail on the hay crop) is that society does have a compelling interest in restricting use (or abuse) of phone lines for commerce in this case. (The nice thing about not having attended law school is that one can't be expected to roll out a variety of appropriate citations and learned dissertations on the subject.)

The whole business might remind some people of the fuss over

the confidentiality (or secrecy, if you prefer) surrounding LB775.

There are lots of folk, including some lawmakers, who want to know more about the degree to which some companies benefit from the tax incentive package.

That information is needed, they contend, so that the value of

LB775 can be better evaluated.

The notion of some companies taking advantage of LB775 tax breaks with one hand, and exporting jobs from Nebraska to cheap, overseas labor markets on the other, is offensive to lots of folk.

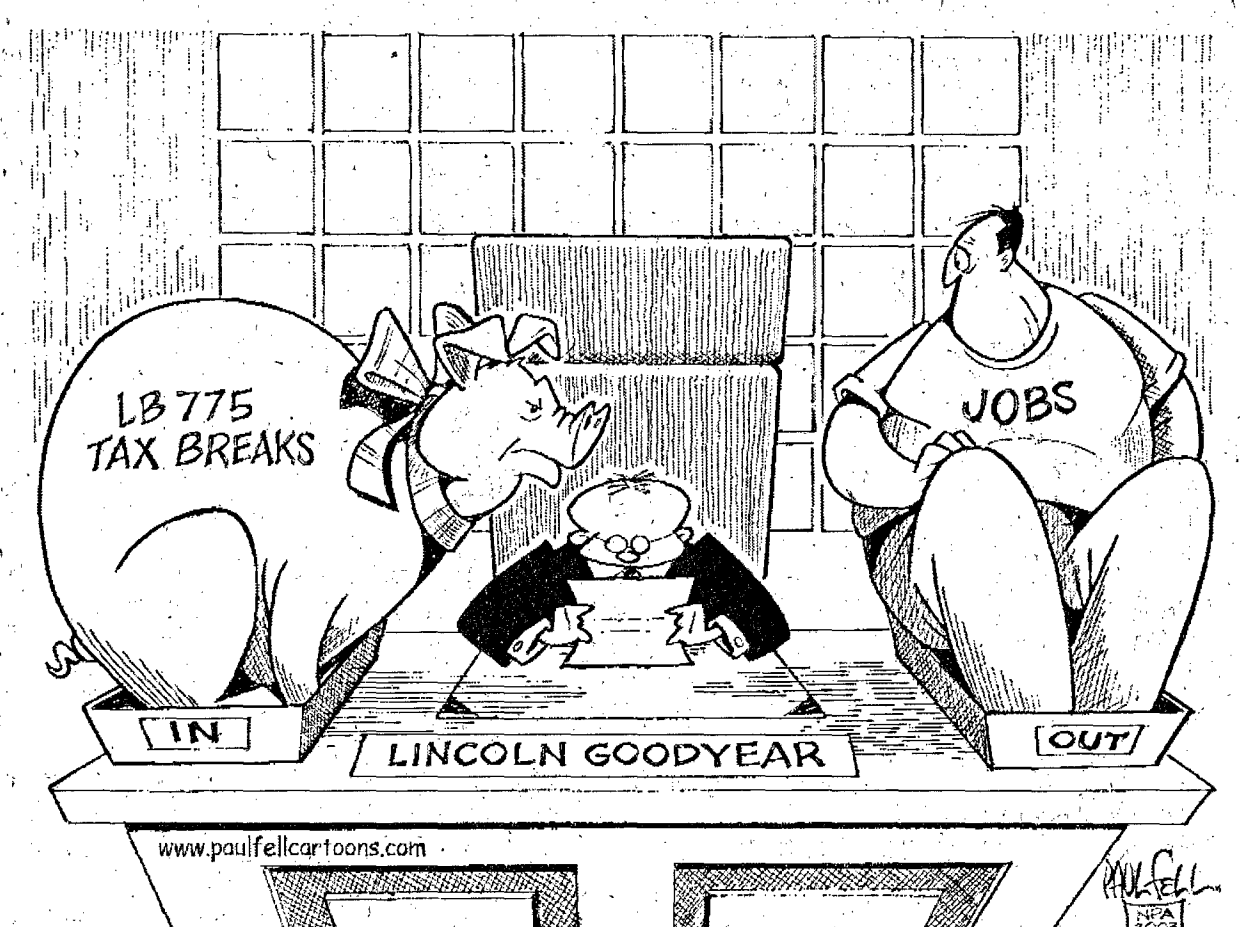

What should be the boundaries of the people's legislatively provid-

ed "right to know"?

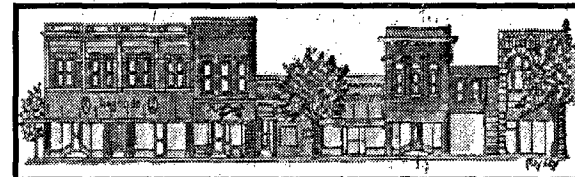

What is a fair balance between confidentiality sought by business and disclosure sought by the tax-paying public?

Hmmmmmm.

Do you suppose someone should hire a telemarketing firm to do a survey on that topic?

Main Street Focus

The holiday season starts for the Main Street Wayne Program in just a month with our "Festival of Wreaths" that we are expanding this year to include crafts.

This is how it works. Merchants and private individuals donate a wreath or craft to the Main Street Wayne Program. The wreath/craft can be homemade/handmade or it can be purchased from a retailer.

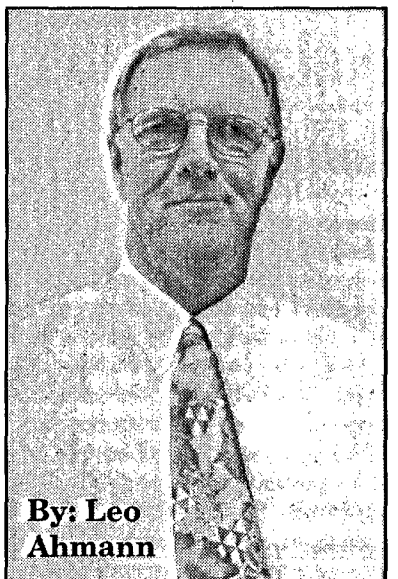

(SHOP WAYNE!). We then display them in businesses for people to make a silent bid. The bidding concludes at our "HOLIDAZZLE" on Nov. 29. (Obviously, you need not be present to win as long as your bid lasts, but . . .). The wreath/craft may be a seasonal or year round display item. If you have questions, call me at 375-5062.

On Nov. 25, we have the "Hanging of the Greens" . . . stores decorate inside and outside their place of business. On Friday, Nov. 28, the Friday after Thanksgiving, "Early Bird Shopping" with the stores open at 7 a.m. There will be an all day cider/cookie/coffee going on at the Main Street Office. Stop on in! On Sunday, the stores will begin to be open for the holiday shopping season. And then . . .

On Saturday, Nov. 29, it is our "HOLIDAZZLE" holiday event at the city auditorium. Food, fun and entertainment, highlighted by the "Celebrity Flower Arranging Contest" of community personalities' . . . followed by an auction of those wonderful arrangements. We'll also have some terrific giveaways . . . just in time for the holidays. Look and listen for more details to come.

blanks early and often.

Congratulations to Tony Kochenash who was voted to become vice-chairperson of our Economic Restructuring Committee. Our other chair for that committee is Dr. Chuck Parker from Wayne State College.

As part of this bi-weekly news column, there will be a portion dedicated to the Highway 15 Project . . . and what the Main Street Program has done to this point, and what we are working on. This marks the beginning of the fourth year of our preparation for the reconstruction. Our committee is called T.E.A.M. - 15 (Together Everyone Achieves More and the 15 is in reference to the highway). Some of the preliminary work we have done is to survey

most of the businesses facing Highway 15 and whether they wanted one phase or a three-phase project. The results of that survey were given to the Nebraska Department of Roads. Another request by the NDOR to us was to consult specifically with the three churches in the Fourth to Fifth Street block of Main Street. They were all satisfied with the work that will be done in their block. That information was then passed on by Main Street to the NDOR in Lincoln as requested.

As we see it, the Highway 15 Project is a two-fold event. One section of the project is to assist the downtown merchants while the highway is closed. That will include alley accessibility and signage and promotions. The other section of the project is the actual streetscape (sidewalks, plantings, decorative lighting, etc.)

One portion we have nearly completed is a booklet which we will present to each business person along the Highway 15 Project area. The booklet will contain a schedule of major activities and events . . . maps . . . form letters for businesses to give to delivery drivers. Promotions that are already defined and refined are "Back Door . . . Alley" promotions

"Construction Cops" . . . "Tool Time" . . . and "Fit Fridays" . . . "Business Bingo" . . . "Best Seat in the House" and finally, "Construction INDEPENDENCE DAY" when the project is completed, just to name a few.

The other portion, the streetscape, is one that we have considerable background on as well. In the spring of 1999 town hall meetings were held to ask members of the community what they wanted downtown to look like after the completion of the reconstruction of the highway. Various plans were submitted and then voted on by those in attendance. I will pick up in my next column what was decided on in those town meetings and how we will work with the city (PROJECT LEADER) to implement to the community's wishes.

There are Wayne Herald subscribers from coast to coast and border to border . . . and overseas as well. In our continuing news coverage, we say Congratulations to Brendon Ehlers, the Class 4A Golf Medalist in the state of Wyoming. Parents Scott and Vicki and Grandma and Grandpa Ehlers, you must be very proud.

It's time to wrap up this column and say . . . until next time.

Local teachers promote reading

The Wayne Elementary Teachers have been promoting literacy through the International Reading Council.

Recently some elementary teachers helped fill bags with books, bookmarks, and literature about the importance of reading to your child.

These items were donated to area hospitals for new infants and their parents by the Northeast Nebraska Reading Association. Each of three hospitals, Wayne, Pender and West Point received 50 bags for approx-

imately a year's supply of births.

Wayne Elementary was also host to the fall Northeast Nebraska Reading Council meeting on Sept. 16 where the Edgerton Explorit Center and Norfolk Library board made informative presentations.

An upcoming event is a free workshop in Norfolk by Jim Trelease, a well known author on the importance of reading aloud. Registration information for the Tuesday, Oct. 28 event is available from Mark Claussen of Norfolk Public Schools.

Kristi Shaw, Director of Nursing at Providence Medical Center, left, accepts a bag of books from Joan Hansen, President of the Northeast Nebraska Reading Council. The hospital will distribute the bags to new parents upon the birth their child.

a school in Arkansas to play college football?

"Coach Dob Grow's dad was pharmacist in Loup City and he heard about a couple players, including myself. He told us if you made the top 33, then we'll pay your expenses."

Maciejewski also talked about several times hitch-hiking from Loup City to Arkadelphia to get to school.

"Those were tough times, it was the late 30's," noted Maciejewski.

Following a successful college career, Mac was offered a tryout contract with the Cleveland Rams in 1942, but that quickly fell through when he served in the military as an Army engineer in Australia and Manila, Philippines from 1943-45.

In 1946, Mac signed another professional contract with the Los Angeles Rams, but instead chose to start a teaching career in Manila, Arkansas because pro players made very little back in those days according to Maciejewski.

Later in 1946, Mac joined the staff in his hometown of Loup City where he was named head football coach and assistant coach for basketball and track.

"I didn't know much about basketball and track, but you had to do everything back in those days so I did," commented Maciejewski.

Mac would stay in Loup City until 1952, then make a move to Wayne where he was with the Wayne schools for 31 years.

He was the school's athletic director for 31 years (1953-85), the head football coach for nine years (1953-61), head basketball coach for 14 years (1953-67), golf coach for 31 years, track coach for nine years (1953-62) and boys cross country coach for 22 years (1962-85).

Maciejewski's football record was 76-44-7 with several conference

championships.

His basketball teams won eight East/West Husker Conference Championships. His record was 246-81. Mac's teams won district championships seven consecutive

Harold Maciejewski was named the most outstanding athlete at Henderson State in 1941 during his senior season. "Mac" was unanimously chosen for the Arkansas College All-State Team by college coaches in his junior and senior seasons.

years and won the State B Championship in 1956 with a 16-1 record.

In the semi-finals, Wayne helped Maciejewski beat his old high school, Loup City.

"They felt confident that they could beat their hometown boy, so it gave me satisfaction to go back home and walk the streets knowing we won," remembered Maciejewski.

Mac also coached Wayne to its first boys state golf championship in 1985.

What made Maciejewski such a successful coach?

"I was a disciplinarian and demanding. If kids were good enough to play, I played them. I also believed in fairness and being in good condition," stated Maciejewski.

Mac also added that success draws people closer together.

"Some of my best friends are people that played for me. There is a lot of respect involved," referring especially to the Class of '56.

Among the many honors handed to Maciejewski over the years include Athletic Director of the Year in 1985, Siouland Basketball Coach of the Year in 1955-56 and Outstanding Service Award from the Nebraska Athletic Directors Association in 1980, just to name a few.

He was also inducted into the Wayne Athletic Hall of Fame in 1998 and is founder of the Maciejewski Invitational boys golf tournament hosted each year.

Maciejewski still resides in Wayne with his wife, Lavah.

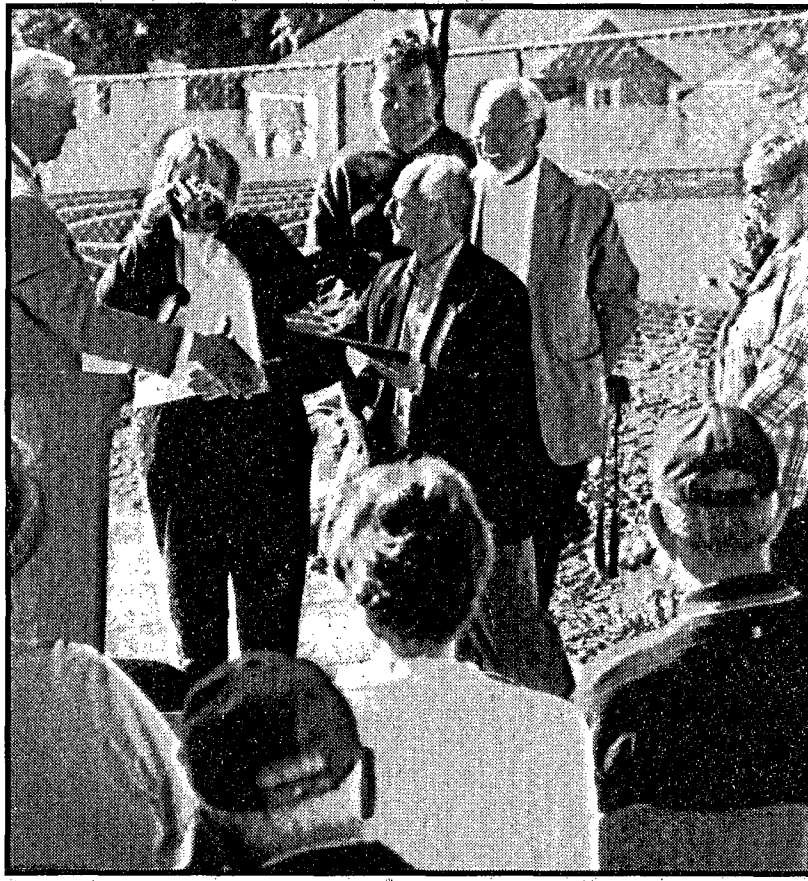

An average sports fan could spend hours reminiscing with Maciejewski about players, teams and coaches he has been associated with over the years.

He has numerous scrapbooks filled with pictures and articles throughout the years on his career, starting from high school to his college playing days, even when he coached military teams in the 1940's.

When notifying Maciejewski of his nomination to the Henderson State Hall of Fame, Athletic Director Sam Goodwin stated in a letter that Mac would have three to four feet of display space for pictures, scrapbooks, awards and jackets.

It will take a lot more space, along with time, to share some of the achievements and stories that Maciejewski has to offer.

Congratulations Mac!!!!

Performances will include a matinee on Sunday, Oct. 12 at 2 and evening performances on Monday and Tuesday, Oct. 13 and 14 at 7:30 in Ramsey Theatre in the Peterson Fine Arts Building on campus.

The play opens in a storm created by an exiled magician, Prospero. He created the storm to

take revenge on several of the nobility on board a ship. The noblemen abandon ship and take refuge on the island inhabited by Prospero and his daughter, Miranda.

As the noblemen wander around the island, Miranda meets one and they fall in love. Prospero pretends to disapprove while he continues to use his magic to seek revenge and his daughter's happiness.

Northern spoils WSC homecoming in 47-10 rout

It was one of those days. We made some bone-headed mistakes. Things fell apart in a hurry.

Those are several phrases that Wayne State head football coach Scott Hoffman used to describe Saturday's 47-10 loss to Northern State in the Homecoming/Hall of Fame game at Cunningham Field. Northern State rolled up 646 yards of total offense in dominating the Wildcats in front of 1,608 fans.

"For some reason, we were out of it mentally," added Hoffman. "Somehow, we have to find a way to put it back together."

Following a lackluster first half, Wayne State was only trailing by a 10-0 score. The Wildcats had two drives move inside the Wolves 25-yard line, but one ended in a missed field goal and the other was turned over on downs to end any scoring threat.

The second half saw the Wolves take control of the game, led by redshirt freshman quarterback Toby Korrdi. The lefthander completed 20 of 29 passes for a career-high 384 yards and three touchdowns.

Trailing 26-0 late in the third quarter, the Wildcats got on the board when quarterback Brett Edwards found running back

Zach Molacek on a 42-yard scoring play, making the score 26-7 with 1:14 left in the third quarter.

But Northern State put the game away with three scores in a span of seven minutes in the fourth quarter to put the game out of reach at 47-7.

Wayne State's Bret Walker connected on a 31-yard field goal with 5:13 left to account for the final Wildcat scoring.

"For as poorly as we played, we still moved the ball against them," remarked Hoffman. He added, "They are vastly improved from last year, but we made them look better than what they are."

Edwards was the top rusher for the Wildcats with 50 yards on 19 carries. Molacek followed with 27 yards on 10 attempts and Mell Holliday finished with 25 yards on six rushes.

Throwing the ball, Edwards completed 14 of 27 passes for 219 yards with one interception and one touchdown.

Molacek topped WSC receivers with five receptions for 82 yards and a touchdown. Eric Kjar followed with three catches for 57 yards.

Defensively, Kyle Lingenfelter, a senior from Plainview, and sophomore linebacker Aaron Rodgers each made 14 tackles to

lead the Wildcats.

Wayne State, 1-4 overall and 1-2 in the NSIC, travels to Minnesota-Duluth Saturday for a 1 pm contest.

Wayne State men place third at NSIC Golf Championships

The Wayne State men's golf team placed third at the NSIC Championships held in Becker, Minn. Friday and Saturday.

The Wildcats finished with a two-day total of 639 (334-305). Winona State won the tournament with a 610 while defending champion Minn.-Crookston placed second at 624.

"I thought our kids really stepped up on the second day," remarked head coach Eric Henderson. "It wasn't that we played terrible on the first day, it was that nobody could get anything going."

Leading the way for Wayne State was junior Kyle Lindstrom from Norfolk Catholic, who tied for fifth with a 155 (81-74) to earn

All-Conference honors. The top nine finishers in the meet were named All-Conference.

Jason Love, a sophomore from Norfolk Catholic, finished 10th at 158 (84-74), missing All-Conference honors by one stroke.

Wayne senior Klinton Keller ended up in a tie for 13th place at 162 (83-79); Tim Hornbeck shot 164 (86-78) to finish in a tie for 15th and Jeff Hasenstaub came in 25th at 185 with rounds of 87 and 98.

"This has been a great fall season and I'm looking forward to the spring season," added Henderson.

This was the final event of the 2003 fall season for the Wayne State men's golf team.

Recob's 16 kills help Wayne State spikers sweep Winona State

The Wayne State volleyball team snapped an 11-match losing streak at Rice Auditorium Saturday evening with a three-game sweep of Winona State.

The 30-25, 20-27 and 30-24 Northern Sun Conference win was a much needed one according to Wildcat head coach Sharon Vanis.

"We were hungry for a win and I thought we played well."

Laurel-Concord sophomore Lani Recob led the Wildcat hitting attack with 16 kills on 28 attacks for a .464 hitting percentage. Chelse Schultz contributed 12 kills with Jacey Kuck adding 11. Schultz also led the team in blocks with three.

Sophomore setter Julie Jacobsen dished out 42 assists in the match and had nine digs along with Heather Schuller.

Vanis added that she is trying to get her team to serve more aggressively in matches.

"We had 11 errors and seven aces in the Winona win, but we also got some easy points due to

our stronger serving."

The Wildcats hosted league-leading Concordia-St. Paul on Friday evening, losing in four games to the Golden Bears. WSC won the first game 30-28, but CSP came back to win the match 30-23, 30-24 and 30-21.

The Wildcats held a slight edge in hitting percentage over the Golden Bears, .224-.222, but had 14 service errors in the match.

Kuck had 13 kills to lead Wayne State. Schultz and Lindsey Boehm produced 11 kills each.

Kristin Linderman had a match-high 18 digs for the WSC defense with Schuller adding 11. Jacobsen distributed 41 set assists.

Wayne State, now 6-13 overall and 1-4 in the NSIC, was scheduled to host Southwest State Wednesday evening. The Wildcats will travel to Topeka, Kansas this weekend for the Washburn Tournament on Friday and Saturday.

Wildcat women's soccer team earns win and tie on the road

The Wayne State women's soccer team earned a win and a tie on their weekend road trip to MSU-Moorhead and Jamestown College of North Dakota.

The Wildcats posted a 1-0 Northern Sun Conference win in Moorhead on Saturday, then battled to a 1-1 tie with Jamestown College on Sunday.

Freshman Mary Anne Liebert (Lincoln Pius X) scored the lone goal of the game in the 75th minute Saturday at Moorhead. Defender Brea Rath assisted on the goal.

"It was an ugly win," said head coach Rollie Bullock. "It shows that good things can happen if you keep on shooting at the goal."

Wayne State outshot the Dragons 10-6. Goalie Erika Mather made five saves for the Wildcats to notch her first shutout of the season.

Sunday's 1-1 tie in overtime at Jamestown was a frustrating

game according to Bullock.

"We dominated, we outshot them 20-5, but had four balls hit the crossbar and we missed two wide open nets," Bullock commented. "It's like missing a layup in basketball, it shouldn't happen but it does."

After trailing 1-0 early, senior forward Amanda Keller scored for the Wildcats in the 37th minute of the first half to knot the game at 1-1. Rath assisted on the goal.

"The girls gave a great effort, I thought we were in better shape but we just couldn't finish them off," remarked Bullock.

Wayne State, now 2-8-1 overall and 1-1 in the NSIC, was scheduled to host Augustana College Wednesday. The Wildcats will also be at home this weekend, hosting Winona State Saturday for Parent's Day at 1pm and Concordia-St. Paul on Sunday starting at 1 pm at the WSC Soccer Field.

Olson leads Wayne State women golfers at NSIC Championships

Wayne State finished fourth out of seven teams at the NSIC Women's Golf Tournament in Willmar, Minn. over the weekend.

For the first time, the tournament was a three-day, 54 hole event.

Southwest State won a fourth straight league title with a score of 1000 with Winona State second at 1022. MSU-Moorhead was third at 1089, followed by Wayne State with 1137.

"We competed better than we ever have at this tournament," commented head coach Jon Misfeldt. "At the same time, the girls left the course disappointed because they know they could have played better."

The top finisher for the Wildcats was Johanna Olson, a freshman

from Broken Bow. She fired rounds of 92-88-90 to finish in a tie for 18th at 270.

Wayne sophomore Monica Novak ended up tied for 22nd with a 277 (87-94-96). Jessi Moss, a junior from Seargent Bluff, Iowa, finished in a tie for 24th at 279 (95-92-92). Lisa Gnewuch was 29th at 335 and Keri Barelis came in 33rd at 402.

Misfeldt added the team accomplished a great deal this year even though it didn't show up in medals and trophies.

"While our effort was greatly improved this year, so was that of our competition. We were 10-20 strokes better as a team this year, but would place fourth or fifth."

This was the final event for the 2003 fall season.

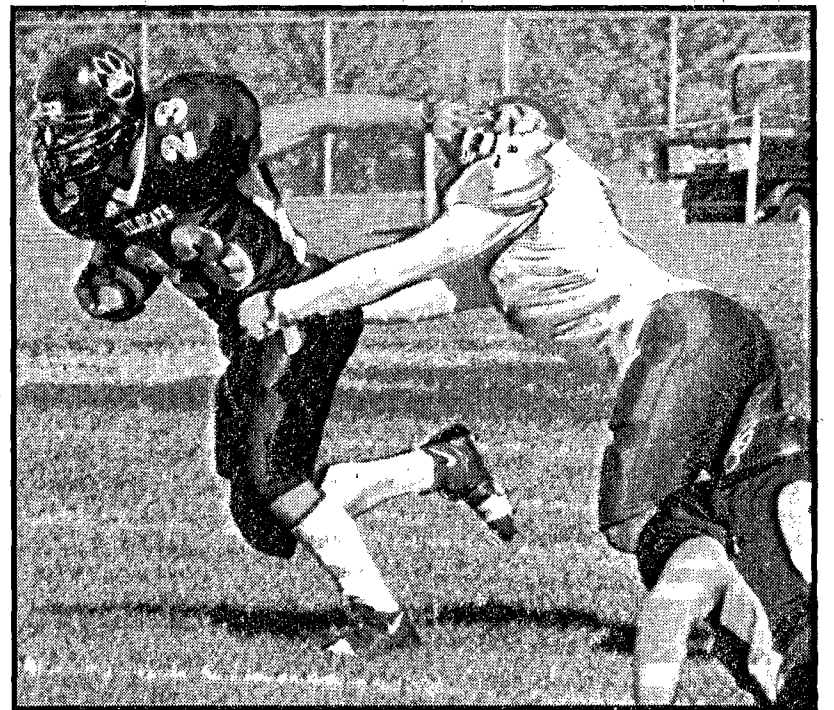

Wayne State fan bus heading to Metrodome for Northern Sun Football Classic

A charter fan bus is scheduled for the Wayne State vs. Bemidji State football game at the Metrodome in Minneapolis for the 19th annual NSIC Football Classic on Friday, Nov. 7 at 1:30 pm.

The bus will leave Wayne on the morning of Nov. 7 at 5 am and return to Wayne the same evening.

Cost of the trip is \$49 per person. Meals and game tickets are not included in the package. A minimum of 35 individuals is needed to make the trip with a deadline of Oct. 31 at noon.

To reserve your seat, contact Deb Harm in the WSC athletic office at (402) 375-7520.

Wayne State running back Zach Molacek, a sophomore from Stanton, stiff arms a Northern State defender to gain extra yardage in Saturday's homecoming game.

Wayne State harriers host Pre-Regional meet

The Wayne State College cross country teams competed at the Wayne State Open on Saturday. The meet was a chance for teams to preview the course for the North Central Regional Championships, which will be held at Wayne State College on Nov. 8.

South Dakota won the women's team title with 45 points, followed by Neb.-Omaha (73), North Dakota State (80), North Dakota (83), Minn.-Duluth (83), Neb.-Kearney (129) and Wayne State College in seventh with 195 points.

The top finisher for the WSC women's team was freshman Ashley Smith of Pender, placing 37th in 25:23 over the 6,000 meter course.

"Ashley was just eight seconds off of her time she ran at UNL, so she is remaining consistent," Brink said. "However, I think we will see her have a real break through race in the near future."

Smith was followed by teammates Nicole McCoy, 42nd in 26:01; Angie Kraus, 45th in 26:21; Erin Norenberg, 46th in 26:46 and Haley Reeves, 47th in 28:43.

North Dakota State captured the men's division with 24 points. Minn.-Duluth was second at 45, followed by South Dakota (65), North Dakota (98) and Neb.-Kearney with 138. Due to several injuries, Wayne State did not field enough runners for a team score.

The top finisher for the Wayne State men was sophomore Ben Crabtree, who placed 13th with a time of 35:07 over the 10,000 meter course (6.25 miles).

"Ben ran a very good race," commented Brink. "He ran smart, which is critical with the longer distance of a 10K. He was just behind a couple of the Duluth runners who I think he has a good shot at beating later in the season."

Following closely behind Crabtree was freshman Jeremiah Herron of McCook, who was 21st in 35:44.

"Jeremiah was very impressive in his first 10K race," Brink remarked. "He was very tough all the way through the finish as he outkicked last year's NSIC 10,000 meter champion from Minn.-Duluth (Ben Kimmes)."

Also finishing for Wayne State was freshman Troy Schaaf, 48th in 42:12.

Coach Brink stated that Saturday's meet was a tough one.

"Several of the teams that competed here are ranked regionally and nationally. Plus, the course was very challenging with a lot of rolling hills and very few flat areas."

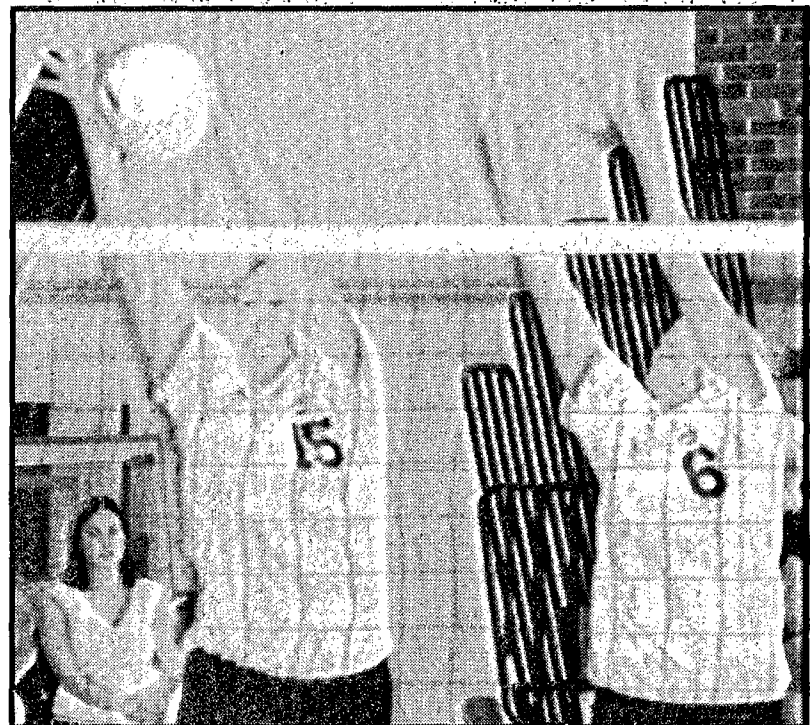

Wayne State will compete again on Oct. 18 at the Mount Marty College Invitational in Yankton.

Wayne girls qualify for state golf with third place finish at districts

Despite a shooting its worst score of the season, the Wayne High girl's golf team placed third at Tuesday's Class B-2 District Tournament in Blair to earn another trip to the State Tournament.

Omaha Duchesne captured the district title with a 392. Elkhorn placed second at 422 with Wayne in third at 443. Blair was the next team closest to Wayne in fourth at 453.

"The course really played tough. There weren't many good scores out of the whole district," stated head coach Dave Hix.

He added, "We didn't play very smart and on this course you have to manage yourself quite a bit."

Senior Mary Boehle led Wayne with a 98 to earn the fourth place medal. Karissa Dorcey came in next at 112, followed by Jenny Nolte with 114, Amy Hyspe at 119 and Keely Reinert shot 120.

"The best news is that we made it to state," commented Hix. "There is no pressure now, we can go out have fun and shoot well at state."

The Blue Devils placed fourth at the Oakland-Craig Invitational on Saturday, shooting a 393.

Omaha Duchesne won the 12-team tournament with a 352. Wakefield posted a 440 to finish seventh.

Coach Hix said he was pleased with the team's performance at Oakland, especially since none of the players had ever seen the course before playing it.

"We went a little early and walked the course to point out some trouble areas, and I think that helped. Plus, the girls had a lot better day on the greens."

Boehle led Wayne with a 92 to earn the ninth place medal. Hyspe followed with a 98 to finish 14th, Nolte shot a season-best 99. Dorcey had 104 and Reinert ended with 116.

For Wakefield, Jessica Wageman placed 15th with a 99. Kelli Lueth fired a 108, Callie Kathol shot 113, Laura Salmon had a 120 and Kelsey Skinner finished with 122.

At the Columbus Scotus Invitational last Thursday played at Quail Run, Wayne finished sixth out of 10 teams with a 422.

"Not a good day on the links. One of our worst showings in an invite this year," stated coach Hix. "The greens were fast and we didn't adjust very well and it is hard to concentrate on your game with all of the homecoming events going on at the time."

Mistakes cost Allen in 36-34 loss to Newcastle

Costly mistakes and turnovers hurt the Allen football team in Saturday's 36-34 homecoming loss to the Newcastle Raiders.

It was the first loss for Allen in five games this season while Newcastle improved to 3-2 with the win.

"We did not play with enough intensity early, allowing Newcastle to get up on top," said head coach Dave Uldrich. "I thought as the game moved on, we started to show signs of taking control, but we made too many little mistakes along the way that took away a great chance to win the game."

With Newcastle leading 8-0 early in the first quarter, Allen responded to tie the game at 8-8 when quarterback Corey Uldrich ran 18 yards to paydirt. Uldrich also found Duane Rahn on a two-point pass conversion.

A score late in the first quarter would give Newcastle a 16-8 lead, but the Eagles answered the call again when Uldrich scampered 35 yards to the end zone with 11:17 left in the second period. Uldrich hit Rahn with another two point pass conversion to tie the game 16-16.

In the third quarter, Newcastle took control with a pair of scores to take a 30-16 lead. But Allen would respond with an Uldrich three-yard run at the 4:48 mark of the third quarter, cutting the Raider lead to 30-22 entering the fourth quarter.

Uldrich connected with Rahn on a 17-yard touchdown pass with 9:53 remaining in the game and Allen, after missing a second straight PAT attempt, still trailed 30-28.

The Eagles would take their first lead of the night on a three-yard run by Uldrich with 7:21 left in the game to go up 34-30 after the two-point conversion failed.

But the Raiders marched down the field and scored, with 2:56 remaining to go up 36-34.

Allen was moving down the field for the potential go-ahead score, but an interception stopped the Eagles' drive at the Newcastle 10-yard line with 1:31 remaining. The Raiders then ran out the clock to preserve the win.

The Eagles were led in offense by Uldrich. The senior quarterback rushed for 163 yards on 23 carries with four touchdowns and was 13 of 18 passing for 168 yards and one score. Aaron Smith contributed 32 yards rushing on nine carries with Bart Sachau adding 23 yards on eight rushes.

Scott Blohm had a big night receiving, catching six balls for 88 yards. Rahn pulled in three passes for 42 yards and a touchdown, Sachau had three receptions for 28 yards. Defensively, Blohm made 18 stops. Rahn was in on 13 tackles, Smith and Andrew Sachau had 12 each.

Allen drops to 4-1 overall and 3-1 in district play and travels to Walthill Friday at 7 pm.

Norfolk Catholic downs Wayne

Class C-1 second-ranked Norfolk Catholic took advantage of several Wayne mistakes to post a 42-7 win in high school football Saturday evening at Cunningham Field in Wayne. Wayne held Norfolk Catholic in check for much of the first half, but the Knights struck for two quick scores in the final 2:07 of the first half to take a 21-0 halftime lead. The Blue Devils put together a scoring drive in the third quarter, capped by a one-yard pass from Nate Finkey to Josh Davis, to make the score 21-7 with 6:50 remaining in the third quarter. But the Knights used a blocked punt and a punt return in the fourth quarter to score three times and put the game out of reach at 42-7. Head coach Kevin Finkey said the team made some positive steps forward in Saturday's game.

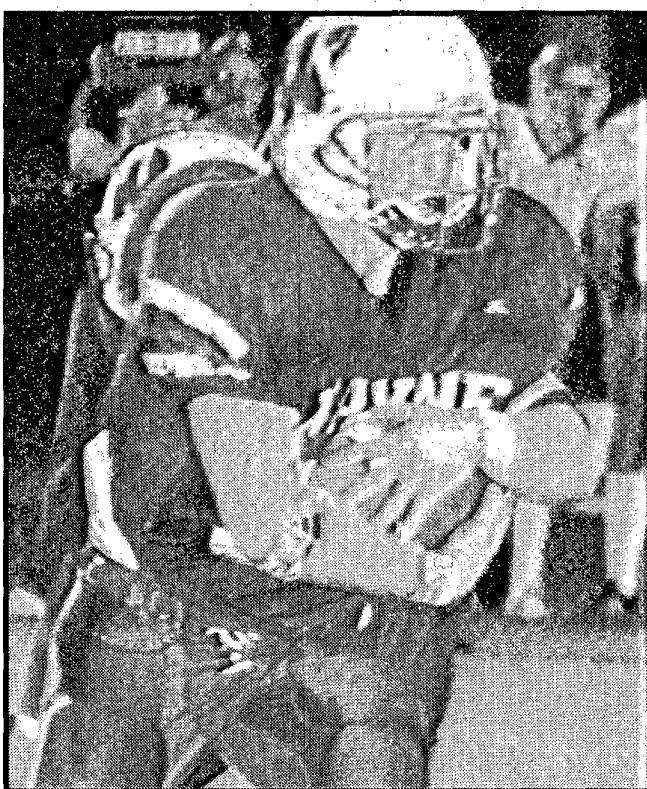

"I felt the game was a lot closer than the score indicated," commented Finkey. "We did some good things on offense and our defense played strong with an impressive goal line stand." Finkey added that special teams play has to improve. "The fumbled punt and punt return accounted for 14 points and it kept us in poor field position most of the night." Quarterback Nate Finkey completed 6 of 12 passes for 80 yards with one touchdown and two interceptions. Josh Davis was the top receiver with two catches for 44 yards. Josh Hartwell added two receptions for 16 yards. Caleb Garvin made one catch for 11 yards with Dan Heithold adding one grab for nine yards. Dana Schuett led the Blue Devils in rushing with 44 yards on

14 carries. Hartwell added 27 yards on 11 attempts, Davis contributed 21 yards on eight rushes and Finkey finished with seven yards on three attempts. Wayne finished with 80 yards passing and 105 yards rushing

while Norfolk Catholic finished the game with 310 yards in total offense. The 0-5 Blue Devils have another tough assignment Friday evening, traveling to Pierce for a 7 pm contest.

Wayne softball team captures Yutan Tournament

The Wayne softball team appears to be at the top of its game heading into the district tournament.

Wayne improved to 27-1 with five more wins in the past week, including two over state-ranked opponents.

The Blue Devils capped the regular season Tuesday evening with a 6-0 win at Boone Central, ranked 6th in Class C.

Wayne jumped out to a 3-0 lead in the first inning, adding two more runs in the fourth and one in the seventh.

Rachel Robins had a triple and single to lead Wayne's nine-hit attack. Jenny Raveling added two singles and scored two runs while Kayla Hochstein chipped in with two singles. Ashley Carroll, Dawn Jensen and Jessica Jammer each contributed a single.

"That's the best we've hit against quality pitching all season," said head coach Rob Sweetland.

Molly Hill was the winning pitcher, notching 12 strikeouts while allowing three hits.

In the JV game, Boone Central plated five runs in the bottom of the seventh inning to edge Wayne 6-5.

Jean Pieper banged out a home run and two singles to lead Wayne in hitting. Danica Carroll produced two singles with Leslie Backstrom adding one hit.

Wayne ends the JV season with a 5-5 record.

The Blue Devils traveled to Yutan Saturday to play in the Yutan-Mead-Waterloo Tournament.

Wayne opened with an 11-1 win over Yutan-Mead-Waterloo. Hill earned the win with 12 strikeouts, allowing just one hit.

Ashley Carroll and Jensen had two singles each to pace Wayne offensively. Robins, Hochstein, Pieper, Jammer and Sara

Frerichs each added one single. Ashley Carroll, Robins and Hochstein each scored two runs.

The next game saw Wayne blank Holdrege in three innings 13-0. Hill tossed a no-hitter and struck out seven in the win.

Danica Carroll had two singles and three RBI's to lead Wayne at the plate. Pieper and Hill added two singles apiece. Raveling, Robins, Hochstein and Ashley Carroll also singled.

In the championship game, Wayne, ranked second in Class C, outlasted third-ranked Ashland-Greenwood 1-0 in eight innings.

Hill allowed one hit and struck out 18 batters in the game.

"Molly pitched her best game of the year against Ashland," remarked Sweetland. "She really had her stuff."

After holding Ashland-Greenwood scoreless in the top of the eighth, Wayne sent Jammer to second base as the courtesy runner. She advanced to third on Danica Carroll's sacrifice bunt and scored on Pieper's bunt, just beating the throw to home plate.

Sweetland stated it was good for his team to face a quality opponent like Ashland-Greenwood right before districts.

"These are the kind of teams we will likely see at state. We executed in extra innings and put pressure on them to make plays and we came out on top."

Wayne had five hits in the game, all singles by Ashley Carroll, Raveling, Robins, Hochstein and Danica Carroll.

Last Thursday, the Blue Devils blanked West Point Central Catholic 4-0 behind the two-hit pitching of Hill. She struck out 14 batters in the game while walking three.

Wayne had six hits in the game, led by Ashley Carroll with an RBI double. Pieper contributed a two-run single and Jammer had an RBI single. Other hits went to

Hill, Jensen and Hochstein.

West Point Central Catholic won the JV game over Wayne 3-2. Wayne had three hits in the game, singles by Brooke Anderson, Sara Frerichs and Hochstein.

Wayne will host the Class C-1 Softball District Tournament today (Thursday) and Friday at the Wayne Softball Complex.

First round games at noon Thursday find Tekamah-Herman playing North Bend with West

Point Central Catholic taking on Logan View. Wayne is the top seed and will play at 2 pm against the Tekamah/North Bend winner.

The double-elimination tournament will conclude on Friday with the championship game at 2 pm with a second, if needed, game slated for 4 pm. The winner of the district will advance to the State Tournament in Omaha on Thursday and Friday, Oct. 16 and 17.

Big second quarter helps Randolph football team defeat Laurel-Concord

A big second quarter lifted Randolph to a 49-7 win over Laurel-Concord in high school football played Friday evening at Laurel.

The visiting Cardinals held a 7-0 lead after one quarter, but Laurel-Concord's Jon Dickey found paydirt on a five-yard run to tie the game at 7-7 following Cassidy Neuhafen's PAT kick.

But Nick Haselhorst of Randolph returned the ensuing kickoff 92 yards for a touchdown, putting Randolph back in front 14-7. It was the first of four touchdowns for the Cardinals in the second quarter, giving Randolph a 35-7 lead at halftime.

Randolph would add a pair of scores in the second half to make the final score 49-7.

"We need to eliminate the fundamental mistakes," said head coach Mike Halley. "We gave Randolph easy opportunities to score by our own mistakes."

Randolph held a 293-196 advantage in total offense over Laurel-Concord. The Bears had 155 yards

rushing and 41 passing. Laurel-Concord had two more first downs than the Cardinals, 12-10.

Dickey led the rushing attack for Laurel-Concord with 114 yards on 15 carries. Eric Nelson added 21 yards on nine attempts, Scot Surber contributed 12 yards on two rushes and Tony Jacobsen had 11 yards on 12 carries.

Backup quarterback Skyler Curry led the Bears in passing, completing 3 of 6 attempts for 28 yards with two interceptions. Nelson was 1 of 10 passing for 13 yards with one interception.

Josh Hart had one catch for 15 yards. Nic Roeder added one reception for 13 yards, Dickey had one catch for eight yards and Nelson hauled in one pass for five yards.

Dickey made nine tackles to pace the Bears on defense. Brent Hoising followed with six stops. Neuhafen had one fumble recovery.

West Nile virus testing ensures safe blood supply

The Siouxland Community Blood Bank in Sioux City, Iowa takes many steps to ensure the safety of your local blood supply.

A few steps include rigorous donor screening and extensive post donation blood testing, both of which follow protocol and standards set forth by the FDA. The

blood bank has been testing all blood donations for the West Nile virus (WNV) since June 29, 2003. This thorough testing process helps to prevent WNV from entering the blood supply.

"During the medical history interview of the blood donation process, we check for symptoms of

the virus," says Janette Twait, CEO. "Symptoms are flu-like, and may include headache, fever, swollen lymph glands, and often a rash." As a precaution, donors with these symptoms are deferred from giving blood for 28 days.

To date, the Siouxland Community Blood Bank has had

four blood donations test positive for West Nile virus. These donors were notified and their units of blood were destroyed. Over 11,000 donations have been tested since implementation of the West Nile virus test.

West Nile virus is transmitted to humans mainly through the bites of infected mosquitoes. In rare cases, the germ can also be spread through blood transfusions, organ transplants, breast milk and in utero. More than 20 incidents of transfusion-acquired West Nile virus were reported in the United States in 2002.

Currently, the Siouxland Community Blood Bank provides blood services to twenty-eight hospitals in Iowa, Nebraska, and South Dakota. The blood bank conducts blood drives in over 120 communities in the tri-state region. More than 1000 individuals need to volunteer to donate blood each week.

To be eligible to donate blood individuals need to be at least 17 years of age, weigh over 110 lbs., and have not given whole blood in the past 56 days to support their local blood supply. If you are in general good health, please bring a picture I.D., and a list of medications you are currently taking to your next community blood drive. You may also make your donation at the 1019 Jones Street location in Sioux City, Iowa.

For more information about the Siouxland Community Blood Bank or blood drives in your area, call 712-252-4208, 1-800-798-4208 or visit their website at www.siouxlandbloodbank.org

The Power of YOUth celebrated during National 4-H Week October 5 to 11

4-H'ers across the nation will celebrate the 4-H youth development movement's nearly seven million members and more than 600,000 volunteers and their commitment to a world in which youth and adults learn, grow, and work together as catalysts for positive change during National 4-H Week from Sunday, Oct. 5, 2003, to Saturday, Oct. 11, 2003.

"The Power of YOUth" is the theme of this year's National 4-H Week. The 4-H youth development movement empowers youth to reach their full potential working and learning in partnership with caring adults.

Youth are powerful, energetic, committed members of society, whose strength as leaders is the core of the 4-H youth development movement. Youth have the power to contribute significantly to com-

munities, to be equal and caring partners, to create positive

change, and to imagine new possibilities and directions.

As young people learn, building their skills and knowledge, their power increases.

The 4-H youth development movement brings young people and their families together with volunteers, community members, and professionals in a powerful partnership through which all learn and grow.

122,694 Nebraska Youth were 4-H members in 2002. Those members along with the 17,254 4-H volunteer leaders, both teens and adults, and staff from University of Nebraska Cooperative Extension, will commemorate National 4-H Week and celebrate the Power of YOUth.

If you are interested in learning more about the program, contact the Dixon County Extension Office 402-584-2234, or the Cooperative Extension Office in your county.

Methodist churches to celebrate

The Wayne and Carroll United Methodist Churches will celebrate "Children's Sabbath" on Sunday, Oct. 12.

"Justice, Kindness and Faith" is the theme for this year's observance.

The Rev. Mary Tyler Browne will share her experiences as director of the WINDO Project (Women in Need of Drug Free Opportunities) in California in the 1990s. The project was a 24-hour treatment facility for women with children under five and/or pregnant who abused alcohol or drugs.

Everyone is welcome for worship at 8:15 or 9:30 a.m. in Wayne and 11 a.m. in Carroll. The 9:30 worship service is broadcast live on Channel 24.

Supporting the cause

Approximately 120 people participated in the seventh annual Life Chain in Wayne. Those participating spent an hour in silent witness to their stand against abortion. Towns represented included Atona, Pender, Laurel, Concord, Carroll, Bow Valley, Allen, Wakefield and Wayne. The event was co-sponsored by Tri-County Right-to-Life and Life Savers, the Wayne State College Pro-life organization. Statistics indicate an average of 10 babies are aborted each day in Nebraska.

The Continentals group will be performing in Wayne at Calvary Bible Church on Monday, Oct. 13.

Thistle control is crucial

Control of musk thistle is a difficult task and there is no easy fix for complete control.

Timing is everything for the most effective control of problem weeds and that's particularly true with musk thistle control. October to early November is one of the best times to use herbicides.

Did you have musk thistles this year? If so, walk out into those infested areas this week. With our recent rains, one should find many thistle seedlings. Most musk thistle seedlings this fall will be in a flat, small, rosette growth form, and they are very sensitive now to certain herbicides.

Spray this fall and get good control of thistles this fall so they will not be a bigger problem next year. Spraying can be done until the ground freezes as the musk thistle plant will withstand the frost temperatures and still be actively growing.

The herbicides 2,4-D and Ally both control musk thistle that is growing actively, so they can be used now. As the weather gets colder, add a little Banvel to the 2,4-D for better thistle control. Another herbicide that works fairly well late in the fall before soils freeze is Curtail.

If the temperatures turn so cold, (less than 50 degrees) that you aren't sure whether your thistle

a lengthy soil residual that will continue to work even next spring if musk thistle plants currently are dormant due to drought or cold. All these herbicide treatments cost between \$4 and \$9 per acre. Redeem and Transline also work like Tordon, but they're a bit more expensive.

Next year, avoid overgrazing your pastures so your grass stands get thicker and compete with any new thistle seedlings.

Give some thought now to musk thistle control during October and November. Your pastures can be cleaner next spring.

Enjoying the good weather

Has this not been a beautiful week for weather? I've had several occasions to drive in the country side the past month and I've so enjoyed watching the colors change. The bean fields were green, then a vibrant yellow, before turning to the ugly gray that means they are ready to harvest. (I think the good price helps them look more appealing!)

We were in Wayne county last week and the leaves were just beginning to show yellows and reds. This week, they are bright. We don't think the red sumac has ever been so red. The red maples just glisten. And the five inches of moisture last month have greened up the pastures and lawns.

I look for all kinds of ways to celebrate my German heritage, even getting to Oktoberfest in Germany in 1990. What a celebration that was. My goal is to get to New Ulm one of these autumns, and maybe Herman, MO. But I was ashamed to admit I had never been down highway 50 from the Farm House to Syracuse. They observe their Germanfest on the last weekend in September.

This year, I finally made it. And I confess I was disappointed. The parade was a lot like the ones I've

seen all year: vehicles and commercial enterprises. This one featured the Corvette Club of Nebraska. What do they have to do with Germany? There were some excellent bands; I'll give

The Farmer's Wife
By: Pat Meierhenry

them that. But the music before and after was provided by a Czech band. I asked the guy I was standing by how that happened. He replied, "We had to pay them!"

There was a fellow straight from New Ulm playing real German music that afternoon, but I had to leave. I did have a brat and kraut, but I was hoping for

strudel.

Meanwhile, we were entertaining a visitor from Germany. A delightful lady named Adelaide who has just retired from teaching and is visiting her daughter in Hastings.

That daughter and her husband spent four days with us, showing her Joslyn, the Omaha Symphony, the zoo, and Fontenelle forest.

After watching the large number of substitute teachers in the Lincoln Public Schools, I asked if she planned to sub. She announced that she could not; it is forbidden. If a teacher is absent, the other members of the faculty are expected to pick up extra periods and cover the classes. I wonder what our educators would think of that plan.

Today, we welcome a visitor from northwest Iowa who plans to board with us during the week for four months. That should help the winter occupancy rate. This coming weekend, we have a bridal party, complete with a Saturday brunch while they open gifts. On Saturday eve, a frequent guest plans to bring her mother and her daughters. That should be fun.

So far, it hasn't slowed down much. I keep telling myself that's a good thing, right?

Local Red Cross chapter participates in conference

A recent multi-state American Red Cross conference was held in Sioux Falls, South Dakota on Sept. 24-26. This was the first multi-state conference to be organized by the American Red Cross as a whole and our local Red Cross chapter was well represented.

Lori Carollo, chapter manager of the local chapter, was one of two representatives from Nebraska who was on the planning committee for this conference. Carollo stated, "we usually have an annual two-state conference with Nebraska and South Dakota. This year, we expanded it to include Iowa and North Dakota - but ended up having three additional states (Minnesota, Kansas and Missouri) sent representatives! I was asked to be part of a seven-person team to plan this conference about eight months ago and it became much more involved with each conference call, but was exciting to see how it all came together!"

The conference opened on Wednesday evening with a banquet for around 225 people, with the guest of honor and evening speaker being Marsha (Marty) Evans, President and Chief Executive Officer of the American National Red Cross.

She assumed her duties on Aug. 5, 2002, following the top staff position with the Girl Scouts organization. Prior to that, she had a long career in the U.S. Navy, retiring in 1997 as a Rear Admiral; one of very few women to reach that rank.

Evans is no stranger to issues facing the Red Cross and scores of other non-profit organizations, among them being the need to recruit volunteers and employees from diverse backgrounds, decreased fund-raising in tough economic times, and seeking to develop new sources of revenue, such as gifts of donors' retirement and pension funds. She lives with her husband, Jerry Evans - a retired Navy jet pilot in the Washington, D.C. area and spoke

of her most recent "close-to-home" threat with Hurricane Isabel and the fact that she was facing the thought of having to evacuate her own home to seek shelter with the local Red Cross. She also focused on the recent publicity regarding the emergency situation with the National Disaster Relief Fund. Following her speech, she accepted questions from the audience.

Thursday began four separate sessions, with three different topics being covered during each session. Registrants chose to participate in one presentation per session.

The highlight of Thursday's activities centered around their noon lunch, with guest speaker Dick Hainje, Regional Director of FEMA's Region VII. He was appointed to this position in October, 2001, and in such, he coordinates mitigation, prepared-

ness and disaster response and recovery activities in Iowa, Kansas, Missouri and Nebraska. Prior to that, Hainje was in South Dakota state legislature, Fire Chief of the Sioux Falls Fire/Rescue Department and was a member of the Board of Directors of the Sioux Falls chapter of the American Red Cross.

Mr. Hainje spoke very highly of the American Red Cross response and the close working relationship they have had with the FEMA organization. This was most recently observed during the many tornadoes that went through the Midwest this past summer.

The local Wayne chapter was involved with the tornado in Coleridge, Nebraska and both Lori Carollo and LeRoy Janssen spent some time talking with him about that incident. Janssen, along with Rowan Wiltse, participated in a

question and answer time with Mr. Hainje following his speech at lunch.

Thursday evening was set aside for individual state meetings and then Friday concluded with one more three-part break-out session (one of which was led by Lori Carollo for Chapter Executives and Chapter Chairs) and the conference ended with the group com-

ing together as a whole and receiving information and updates about the future direction and some restructuring changes that will be occurring over the next year or so.

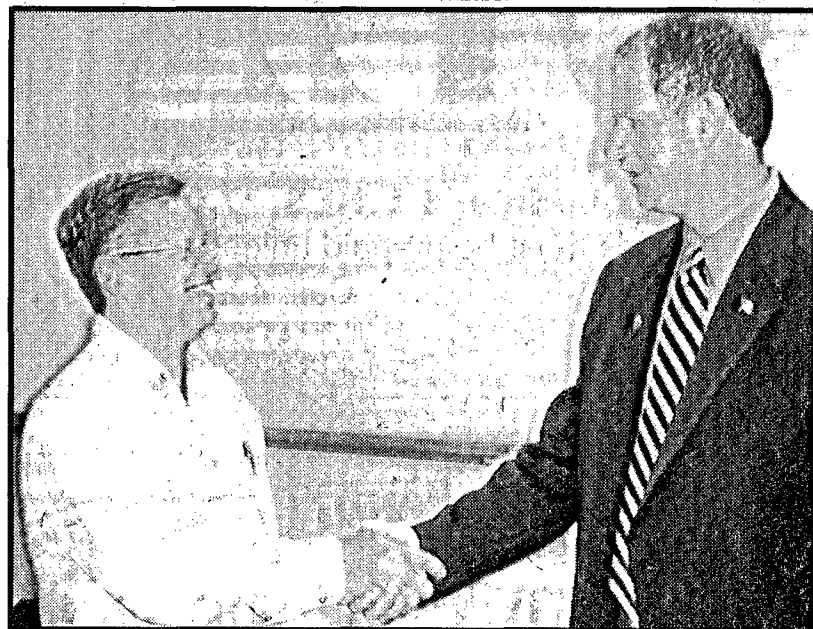

Representatives from the local Red Cross chapter who attended and participated in this conference were: Cap Peterson, Lori Carollo, LeRoy Janssen, Dan Rose, Ilene Nichols, Lu Carter, and Rowan Wiltse.

Left to right, Marty Evans stands with local Red Cross chapter members Lori Carollo, Lu Carter, Ilene Nichols and Dan Rose.

Cap Peterson, Chairman of the Wayne Red Cross Board of Directors, discusses local Red Cross issues with Marty Evans, CEO and President of the National American Red Cross, following a banquet and speech by her at the recent conference held in Sioux Falls, SD.

Left, LeRoy Janssen, State Service Council Representative from the Wayne Red Cross Board, welcomed Dick Hainje, FEMA Director for Region VII to the recent Red Cross conference. Dick was a speaker at the luncheon on Thursday and praised the efforts of the American Red Cross during the many tornadoes that passed through the Midwest this past summer.

October is Domestic Violence Awareness Month

Domestic violence is a pattern of assaultive and controlling behaviors, including physical, sexual, and psychological attacks against the victim as well as against children, property, or pets.

These behaviors spring from the perpetrator's need for power and control. Anyone could become a victim of domestic violence. It crosses all economical, educational, religious, racial, cultural, geographic, and lifestyle lines. It could happen to your mother, your grandmother, your sister or daughter, it could happen to you.

Perpetrators of domestic violence will utilize a combination of the following assaultive and controlling behaviors to establish and maintain control over their partner.

Sexual assault is forced, manipulation or coerced sexual contact. It includes rape, child sexual abuse, same-sex assault, acquaintance rape, harassment and marital rape. The perpetrator uses sex to exert power and control and humiliation on the victim.

The observance of "Unity Day"

in October, 1981, focused attention on domestic violence. The first Domestic Violence Awareness Month was observed in 1987 and only two years later, Congress enacted commemorative legislation acknowledging October as Domestic Violence Awareness Month.

Haven House, crisis intervention and support services for domestic violence and sexual assault victims, has been in existence since 1978, providing crisis intervention and support services for domestic violence and sexual assault victims. The service area includes Cedar, Dakota, Dixon, Thurston, and Wayne Counties (*includes the Omaha and Winnebago reservations).

The staff at Haven House is specifically trained in the dynamics of domestic violence and sexual assault. They are informed and knowledgeable of what local services are available and the procedures for obtaining those services.

Funding for Haven House is provided by the Nebraska Health and Human Services, Nebraska Crime Commission, Nebraska

Homeless Assistance Program, Emergency Food and Shelter Program, Wayne Area United Way, and private donations.

Volunteers are needed and appreciated. Anyone interested in helping through volunteering or by providing items from the "wish list" (or giving monetary donations) can do so by calling or stopping by Haven House (address and phone number listed in last paragraph).

Volunteer trainings are scheduled at Wayne State College, Connell Hall, 129, Tuesday, Oct. 14 at 6:30 p.m. (Cultural Awareness); Tuesday, Oct. 21, 6:30 p.m. (Crisis

Intervention); Tuesday, Oct. 28, 6:30 p.m., (Policies & Procedures); Tuesday, Nov. 4, 6:30 p.m., (Crisis Line). The first class is open to the community so even if you don't want to volunteer, you are welcome to attend.

Haven House is located at 112 W. 3rd Street in Wayne, (402-375-4633) with satellite offices at 112 E. 21st Street in South Sioux City (402-494-7592), and at 101 South Broadway, P.O. Box 482, Hartington, (402-254-2553). There is a 24-hour crisis line: 1-800-876-6238. All services are confidential and free of charge.

Local health director gives information about Nebraska School Surveillance

The Nebraska School Surveillance Program began this fall with the cooperation of the Northeast Nebraska Public Health Department and the local school districts.

Each week the 22 schools throughout the Northeast Nebraska Public Health District (Cedar, Dixon, Thurston, and Wayne Counties) are contacted by a nurse to collect data about school absences.

Only numbers of absences are gathered, never individual stu-

dent's names. This information provides a baseline that is useful in the early detection of physical symptoms associated with naturally occurring disease epidemics.

The State of Nebraska's Department of Education and the Health and Human Services System is using this surveillance strategy to protect the health of residents.

September 11, 2001, and the anthrax attacks that occurred later that fall caused the nation to become more vigilant to early
