Of the Herald Tuesday's meeting of the Wayne City Council as a noise ordinance was debat-

The ordinance had received first reading approval at the council's April 13 meeting and several changes were made since that time.

Police Chief Lance Webster explained the changes and noted that the changes include a more specific definition of where the noise levels will be measured when a complaint is received.

Chuck Haddad, manager of Rilev's said he is concerned about how the noise ordinance will affect his business and how the police will distinguish noise coming from several sources to 'determine if they are above the levels allowed.

"I have been trying to deal with this issue for years. Riley's is a big contributor to the community and I want you (council) to be fair with us," Haddad

Ashley Nemmers, a Wayne State College student, said that Tuesday's discussion was upsetting and she was concerned about the decibel levels set by the ordinance. She said she felt the ordinance was targeting college students and would drive them out of

Chief Webster noted that the ordinance will actually refine ordinances currently in place and will not be as subjective. Noise levels will be mea-

All programs and activities are free of charge and are held at the Wayne Public Library.

Children may register Saturday, May 1 at the Wayne Community Activity Center from 9 a.m. to 2 p.m. or anytime after that date at the Wayne Public Library during regular Library hours.

Every day a child visits the Library, he/ she may choose a small prize from "The Trading Post." Every time a child reads a book, or is read a book, the child's name goes in a drawing from some special prizes that will be awarded at the end of the sessions in an Awards Ceremony to be held at the Senior Center.

"Our reading goal is to have the children read over 4,000 books during the two sessions, one for every two miles the Corps traveled," said Pam Boehle,

Ground was broken on Tuesday for Phase I of the Wayne Pedestrian Trail. The trail will begin at the south end of Wayne, near the Logan Creek Bridge and continue around the southeast portion of the city. On hand to turn the first shovels of dirt were, left to right, Charles Shapiro of the Bike Club, Mayor Sheryl Lindau, Scott Brummond and Chris Winter with the Nebraska Department of Roads, City Administrator Lowell Johnson and Council member Will Wiseman who has been on the Trail committee since its beginning five years ago. Funding for the project will be provided by the Nebraska Department of Roads (\$478,000), the Lower Elkhorn NRD (\$60,000) and the city of Wayne (\$62,000).

Benefit planned to raise funds for remodeling project

It was 50 years ago in October that the Carroll Auditorium was completed. The facility has been used for many events since then and the kitchen is in need of remodeling. A benefit is planned for Saturday, May 8 from 5-8 p.m. at the auditorium to raise funds to complete that project. The Carroll Women's Club, with the help of the community, is sponsoring the fundraiser.

A meal of hot beef sandwiches, mashed potatoes and gravy, relish and dessert will be served. Hot dogs will be available for children.

A free will offering will be taken.

Baked goods, crafts and a white elephant sale will be part of the fundraiser. (The Women's Club notes they could use donations for the bake sale, crafts and white elephant).

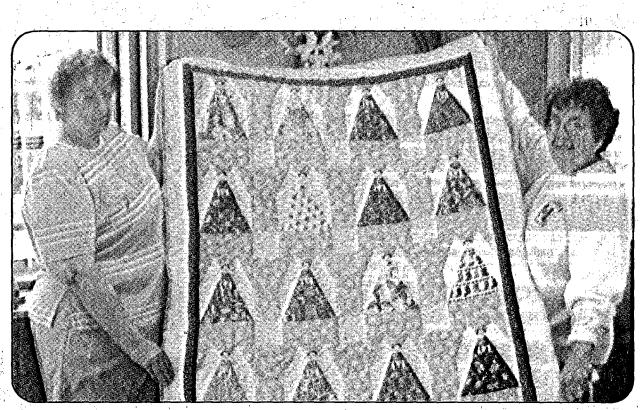

At 7 p.m., there will be an auction of a handmade angel quilt and other items.

May is Dog License Renewal Month in Wayne

It's that time of year! The weather is turning nice, the trees are leafing out, the birds are singing and, yes, it's time once again to renew Fido's dog license.

The month of May is when Wayne residents who own dogs must trudge to the Wayne Police Department and renew their dog's license. From May 1 through May 31 it will cost \$5.00 to license a dog. On June 1 all of last year's licenses are expired and the renewal fee is \$20.00.

Dog owners must present proof that their pet's rabies vaccinations are up to date and in exchange for your \$5 they will receive a shiny new blue dog license tag that is shaped like a dog house.

In addition to a higher fee if the license is renewed after May, dog owners may be subject to misdemeanor charges that could cost an additional \$66.50

Members of the Wayne Police Department and student volunteers of the National Association for Education of Young Children (NAYC), from Wayne State College, fingerprinted dozens of children in the lobby of the Wayne Pamida Store on Thursday. After the youngsters were fingerprinted by Lt. Phil Shear, Sgt. Marlen Chinn and Officer Rick Haase, they got their hands painted by the NAYC students and then put handprints on the front windows of Pamida. In addition to the fingerprinting the officers also gave away free firearms safety kits as part of the Project ChildSafe program. Above, Sgt. Chinn and Lt. Parent Career Day held at Wayne Elementary School

Parent Career Day for fourth grade was held Wednesday, April 21, at Wayne Elementary School.

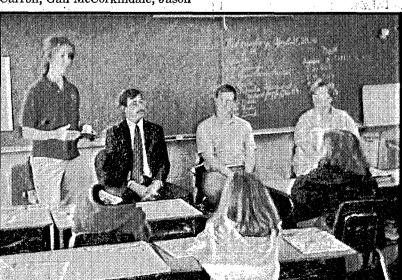

Twelve parents participated in panel presentations giving students information about their jobs. Students asked the parents many questions regarding their training, how they chose their careers, what they like about their jobs, what they would change and what they learned in elementary school that is important in their work today.

Parents who participated were: John Siniger, Kaye Morris, Judy Poehlman, Randy Davie, Ryan Smith, Len Schmale, Doug Carroll, Gail McCorkindale, Jason

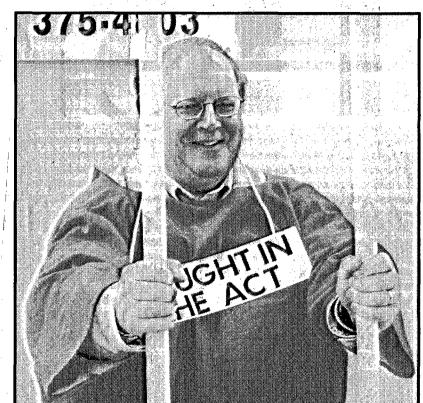

Trenhaile, Kelly Witt, Wendy Vawser and Mike Pieper.

The Career Day was coordinated by Joan Sudmann, K-8 Counselor, as part of the Fourth Grade Guidance focus on "Exploring Our Futures." A broad range of careers was represented, encompassing the six Career Paths that the students have studied: Health Services: Human Services: Agriculture and Natural Resources; Arts

Communication; Business, Management and Technology; and Industrial and Engineering Technology.

Among the parents involved in Parent Career Day at Wayne Elementary School were, left to right, Gail McCorkindale, Mike Pieper, Jason Trenhaile and Kelly

The American Heart Assocation, would like thank everyone for making this event a success. Without the generosity of the residents of Wayne, life-saving research, community programs and public education could not be done to fight the effects of heart disease and stroke. A special 'thank you' has been extended to this year's parole board - Nancy Braden, Angela Flemming, Bob Keating, Bill Dickey, Kevin Hoffart, Terri Beza, Amy Renz and Curt Frye - for their commitment to a successful event.

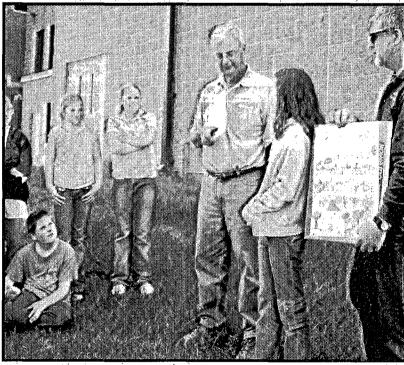

The American Heart Association puts a larger percentage of dollars into research than any other nonprofit health organization. Since 1949, the American Heart Association has invested over \$2 billion in valuable biomedical research leading to such advances as CPR, bypass surgery, the heart-

Some very important citizens lung machine and surgeries to repair heart defects. In 2003, the American Heat Association in Nebraska successfully lobbied for statewide legislation requiring the registration of Automated External Defibrillators (AEDs) located in public places. This facilittated the placement of 258 AEDs in communities across the state.

> The American Heart Association also provides targeted educational programs available for the workplace, schools, healthcare sites and the community at large. In Nebraska, over 2,481 professionals attended local conferences supported by the American Heart Association last year.

Currently, the AHA is funding 17 cardiovascular research projects worth \$1.7 million at Creighton University Medical Center, University of Nebraska Medical Center, University of Nebraska, Lincoln and University of Nebraska, Omaha.

Anyone wishing to make a donation to the American Heart Association on behalf of the Wayne Cardiac Arrest, is asked to contact a Parole Board member.

Poster wins Arbor Day contest

Fifth grade student Taylor Stowater of Wayne Middle School was one of five finalists in the Nebraska Arbor Day Contest.

Taylor is the daughter of Troy and Londa Stowater of Wayne, Dave Mooter, Community Forester for the Nebraska Forest Service and Steve Rasmussen, District Forester, were on hand to help plant an Autumn Blaze

Maple tree at Wayne Middle

School in Taylor's honor.

Taylor had earlier this spring won the local poster contest and her teacher, Ellen Imdieke, submitted it the state contest. This year's contest theme was "Trees Are Terrific . . . in Cities and

Towns." For her efforts, Taylor received a U.S. Savings Bond provided by

Nebraska Public Association. Mrs. Imdieke's fifth grade class will receive \$200 for the purchase of educational materials. The class intends to use the money for the construction of an outdoor classroom.

The Arbor Day National Poster Contest is open to fifth grade students with a designated contest coordinator. The national contest has been held since 1992 to help promote the importance of Arbor Day and tree planting.

More information about the Nebraska Arbor Day Poster Contest is available by contacting Mooter at (402) 444-7804.

Following the discussion, the council gave second reading approval to the ordinance with adjusted decibel levels in all zoning categories. The ordinance will be on the agenda for third reading at the May 11 meeting.

In a related item, the council discussed truck parking in residential areas.

City Administrator Lowell Johnson told the council he had collected information from other communities and asked for guidance in how to pursue the issue. Council member Dennis Linster

variety of functions including wedding receptions and dances, talent shows, banquets, benefits, the annual Carroll Firemen Dance and also their Pancake Feed, the annual Christmas in Carroll Craft Show, and more.

The Carroll Alumni Reunion this year is scheduled to be held there on July 2 and 3.

A number of changes have been made at the auditorium in recent years. Some of the improvements include a new air conditioner and new doors. Also, the ceiling was

lowered to improve acoustics.

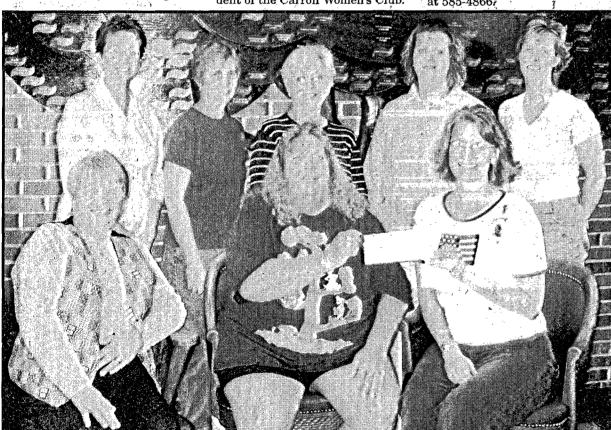

The auditorium has and continues to be the only place in Carroll large enough to hold big events. Before the auditorium was built, the Carroll Pavilion (sale barn) at the end of Main Street was used. The Carroll Auditorium was built from some of the wood from the old pavilion. Community members took down the old pavilion and helped build the auditorium.

A committee was selected to raise awareness and funds for upkeep of the auditorium. Joyce Sandahl is chairman. Committee members are Ruth Paulsen, Eleanor Owens, and Margaret Kenny. Jacqueline Owens is president of the Carroll Women's Club.

The Carroll Foundation was formed in December to manage all funds raised. Members include Ken Gansebom, Scott Hurlbert, and Kevin Davis. Officers of the foundation include Joanie Tietz, chairman; Marlene Dahlkoetter, secretary; Ruth Paulsen, treasurer.

More people are needed to be part of the foundation and/or the committee.

Anyone wishing to donate baked goods, craft and/or white elephant sale items can call Joyce Sandahl at 402-585-4521 or bring them to the auditorium on the 8th. Anyone able to volunteer their services in the remodeling project can call Mark Tietz at 585-4805 or Bob Hall at 585-4866

Because of "need" for specialized seat cushions for wheelchairs, the Providence Medical Center Foundation recently submitted a grant application to the Eagles 'Golden Age Eagle Fund' and received \$1,000 to be used for the purchase of three Quadtro Select Cushions for the Providence Therapy Department.

"Patients will benefit from these cushions; which provide an optimal combination of skin protection, stability and positioning," Michelle \mathbf{said} Dietrich, Occupational Therapist at PMC.

"Using dry floatation technology, the cushions assist in healing and preventing pressure ulcers. Because these cushions use air, they are lightweight and easy to adjust to accommodate each unique shape and posture. Air distribution adjusts as the patient moves around on it. Our elderly senior patients will directly benefit from such cushions," she said.

Korea GSE team visits in Wayne

By Lynn Sievers Of the Herald

Rotary GSE (Group Study Exchange) Team, district 3590, from Korea stopped in Wayne recently after visiting the Norfolk Rotary Club. The five-member team took a tour of Heritage Homes led by General Manager Darrell Miller, a member of the Wayne Rotary Club.

The group later stopped by Tacos & More in Wayne to visit with more local Rotary members. Team member Kim Hyung-gon, an English teacher at a Middle School in Korea, offered information on the Rotary there.

He noted the first Rotary Club was established in 1927. Their club, RI3590 District is the youngest of 17 districts in Korea. There are 45,000 Rotarians in Korea in 1,200 clubs. Korea's Rotary ranks third after U.S. and Japan in contribution to the Rotary Foundation.

The mission of their trip here is to exchange cultures and customs, build international good will, friendship and share information on Rotary.

Hyung-gon's first impression of Nebraska is that it is really big and flat, Korea is 70 percent mountains. Being an English teacher, he also took note of our speaking of the language. He feels we are easy to understand as we have no real

Wildcat baseball team now 34-15 after 4-2 week

Wayne State's baseball team made the long trip north to Bemidji, Minn, last weekend for a four-game NSIC series with the Beavers. The Wildcats won three out of four games to stay in contention for the NSIC regular season title.

Wayne State swept Saturday's doubleheader 5-3 and 25-1 and earned a split on Sunday, losing the first game 8-7 but winning the nightcap 4-0.

"I thought we played very well overall," said veteran WSC Baseball Coach John Manganaro. "It's tough to sweep a team on the road and we were one timely hit away from winning all four games."

Wayne State opened the four game series with a 5-3 win over the Beavers on Saturday. Starter B. J. Wierzbicki (4-3) scattered five hits with five strikeouts in a seven-inning complete game win for the Wildcats. He allowed just one earned run.

Wayne State had only four hits in the game, all singles, but took advantage of seven walks by Bemidji State pitching to come up with five runs. Dustin Jones, Matt Fjelland, Aaron Ligocki and Justin Conley each had one hit.

The second game Saturday saw the Wildcats erupt for 20 hits in a 25-1 rout of the Beavers. Every Wayne State player who had an at-bat in the game scored at least one run as the Wildcats scored in every inning but the fifth.

Senior first baseman Tim Richt hit a three-run homer and a grand slam, finishing 2 for 5 with seven RBI's to lead the 20-hit attack. Fjelland went 4 for 5 with a grand slam and six RBI's while Conley contributed three hits. Ligocki finished with two hits, including a home run, along with Jones and

Freshman Nick Schumacher (4-2) took a no-hitter into the fifth inning and allowed just one hit, a solo homer, in six innings of work to get the win on the hill. He struck out five and walked three. Reliever Matt Foral worked the seventh inning and gave up just one walk.

the bottom of the seventh inning to win Sunday's opener 8-7. Tyler Norland's bloop single into left field scored Tony Klaers with the winning run for the Beavers.

The Beavers outhit WSC in the game 10-8. Hansen was the only player for the Wildcats to finish with two hits. Other big hits by the Wildcats included a solo homer by Brian Disch and an RBI-triple from Jones.

Reliever Joe Wall (1-3) was tagged with the loss. He worked three and one-third innings, allowing two runs on three hits with two strikeouts and one walk. Jon Pitts started the game, working the first three and one-third innings. He was touched for seven hits and six runs, striking out three and walking three.

The Wildcats rebounded in the second game with a 4-0 victory over Bemidji State. Freshman pitcher Nathan Gettler (3-0) was the story of the game, tossing a complete-game one hit shutout. He struck out five and walked

Wayne State, meanwhile, roughed up Bemidji State pitching for 12 hits. Richt and Pedroza both finished with three hits in the win. One of Richt's hits was a home run. Fjelland followed with two hits while Disch contributed a solo homer.

Last Wednesday, the Wildcats hosted Southwest State in a twin-

bill at the WSC Baseball Complex. WSC took the first game 6-1, but dropped a 6-3 decision in the nightcap after taking an early 3-0 lead. The pitching of senior Nathan Miller and the hitting of senior first baseman Tim Richt led the Wildcats in the opener.

Miller improved his season mark to 7-1 by tossing a complete game Bemidji State scored one run in three-hitter. He walked two and struck out two in the win. Richt paced the Wildcats' eight-hit attack by going 3 for 3 with two home runs and a single. Jones accounted for two singles, Conley tripled, Disch doubled and Ligocki singled to round out the offensive attack for Wayne State.

> The second game saw visiting Southwest State rally from a 3-0 first inning deficit to post a 6-3 win over the Wildcats. The Mustangs erupted for five runs in the fifth inning and added an insurance run in the seventh.

> Wayne State lost the game despite outhitting Southwest 8-4, Wildcat starting pitcher Damien Heckelsmiller had a no-hitter until the fifth inning when the Mustangs scored five runs with two outs to take control of the

loss of the season (5-1), working five and one-third innings. He gave up four runs on three hits with two walks and one strikeout. Wall worked one and two-third innings in relief, allowing two runs on one hit with one strikeout and one walk while Schumacher recorded the final two outs of the game for the 'Cats.

Disch provided much of the offensive spark for the Wildcats, delivering a two-run homer in the first inning. He also singled. The other six hits were singles by six different players.

With a 4-2 week. Wayne State sports a 34-15 overall mark and a 14-7 NSIC record (second place) heading into the final week of the règular season. The Wildcats were scheduled to play a doubleheader at third-place Southwest State (26-17, 14-8) on Wednesday, then host fifth-place Concordia-St. Paul in doubleheaders on Saturday (1:30 pm) and Sunday (noon).

Winona State enters the final week of the NSIC season in first place with a 15-5 conference mark. WSC was second, followed by Southwest State, Minn-Duluth (11-8) and Concordia-St. Paul. The top four teams advance to the NSIC Tournament May 6-8.

The Wayne State softball team split a Northern Sun Conference doubleheader with Winona State Tuesday afternoon at the WSC Softball Complex.

Strong pitching by Whitney Wilczynski lifted the Wildcats to a 2-0 win in the opener, but the Warriors rebounded in the second game to blank WSC 2-0.

Wayne State scored both runs in the fifth inning to win the first game. Brea Parks, who was 3 for 3, singled to score Lisa Stewart with the first run. Mackenzie Knoell scored the second run on a Winona State throwing error.

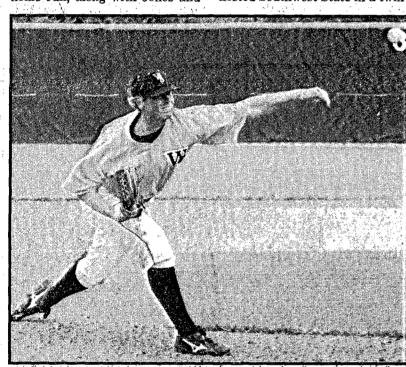

Parks (three singles) finished with half of Wayne State's six hits in the opener. Theresa Garlow added two singles and Stewart had one.

Wilczynski (7-6) allowed just one hit over six and two-third innings to get the win. She struck out five and walked one. Karen Hain came on in the seventh and earned the save, her second of the season. She gave up one hit.

Winona State held Wayne State to just two hits in the nightcap as the Warriors posted a 2-0 win. Kristina Walker and Stewart had the only hits for WSC.

Mindy Guenin (6-8) was the losing pitcher. She allowed only two runs on eight hits with two strikeouts and one walk in six and twothird innings. Hain recorded the final out in relief.

Wayne State, 19-21 overall and 8-8 in the NSIC, will travel to Moorhead, Minn. this weekend for the Northern Sun Conference Tournament. The Wildcats will be the sixth seed in the double elimination tournament.

Sioux City Heelan standout signs with WSC baseball team

Wayne State College Baseball John Manganaro announced the signing of Billy Mousel to a letter of intent Tuesday morning.

Mousel is a four-sport star at Sioux City's Heelan High School. He was a First-Team All Missouri River Activities Conference selection as a junior and earned Second Team All-District honors while serving as the team captain. Mousel helped his team to a state semi-final appearance as a junior and a state championship as a freshman.

822 Main St.

Mousel also starred in football and track at Heelan High School. He was a First Team All-State selection according to the Des Moines Register in football and a four-year state qualifier in track where Mousel holds the city championship in the 200 and 400 meter dash and 4 x 400 meter relay.

"Billy is an excellent all-around athlete who possesses great athleticism, and speed," said Manganaro. "Given the opportunity to play baseball year round, he will have a tremendous baseball future at Wayne State."

Spring seasons winding down

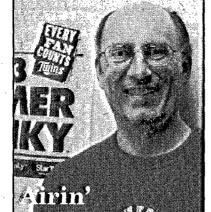

With high school track teams competing in conference meets this weekend, it's a sure sign the spring sports season is quickly winding down. District meets for track are set for May 12-13 while district golf meets will take place May 17-18, to be followed by state meets one week later for both sports.

--Since Caleb Garvin of Wayne has the second-best discus throw in the state of Nebraska, it lead me to think about the following question-Has anyone from Wayne or the Herald coverage area ever topped the entire state in a track event?? Theresa Stelling of Wakefield (1600/3200 meter runs in the late 1980's) would be the first one that comes to mind. I'll have to check with area track experts for an answer.

--- Speaking of track, be prepared for serious parking problems at the upcoming State Track Meet at Burke Stadium in Omaha. As I drove past that area just over a month ago, I noticed that the north side of Burke Stadium had numerous modular homes-sitting in a large area where hundreds of cars ususally park for the State Track Meet. Parking is always a problem at the State Meet and it could really be an adventure this year. Be prepared to get in a good workout walking from a side street far, far away from Burke Stadium.

That takes time, along with dedication, and I'm sure the pay (if any) doesn't cover the many hours it takes to do their job. Keep up the good work. I appreciate what you do very much. Concerned about Shuttle Bus

Dear Editor,

Assuming the Wayne shuttle bus (ARA airbus) is stimulating the economy and solving the transportation problem by hauling a load of conditioned air around town, isn't it about time to add another bus to the fleet? We might get the local economy rolling to the point of reducing

Or, with a more positive twist, would parking the bus after calculating the weekly operating costs be a better solution? Then, once a week only half of that money could be loaded on the bus assuming the axle capacity is sufficient.

Then randomly, preferably on a windy day during business hours, the route could be run until all the money had been shoveled out. Imagine, the excitement, creativity, stimulation... Who do you think gets ahold of this first, Leno or Letterman? It could be a weekly event that in six weeks might even supercede the Chicken Show!

The point is that, if not impossible, it's obviously very hard to eliminate spending in these wellintended situations. We allow it locally. How can it ever be stopped at the State or Federal level?

Statehouse Correspondent

The Nebraska Press Association The Legislature has gone home, and that which was last may now

For some news stories, anyway. When the Gang of 49 is in town, nary a scribe in the Capitol has to look for copy. The Legislature just does one thing after another that is news to someone, somewhere in Nebraska.

When lawmakers go home, there are a few days when the Statehouse atmosphere is akin to that at your place, after the last guest has departed from a party that went on too long.

"Whew! Thank goodness that's

The work load understandably diminishes a bit for legislative staffers.

Then, there is the issue of news. A press release or news conference that might have gone to the bottom of the pile in March can seem a lot more newsworthy in late April.

There is also the primary elec-

The nice thing about that kind of news is that, if a reporter misses a news conference, it hardly matters, The quotes don't change.

"Blah, blah, more agricultural exports.

"Blah, blah, blah, cut spending. "Blah, blah, blah, economic. development.

Not only can those things get you out of the office for awhile, they allow you more than a little leeway in terms of when you show up.

Of course, the 3rd District won't generate a lot of copy. Republican Rep. Tom Osborne doesn't need to coach his supporters. If his name is on the ballot, he wins. The contest is as predictable as the outcome of one of those games where his Husker football teams played New Mexico, or its ilk.

The off season, however, also provides opportunities for reporting that can help to put government in perspective for newspaper

Much reader interest tends to drift away from government news at this time of year, anyway.

First, there is the season of summer; to be enjoyed or dreaded, depending on what you do for a living and how much you enjoy the outdoors. It also provides thousands of Nebraskans with a traditional distraction ~ complaining about the drought, worrying about the crops and trying to figure out what "West Nile Virus" really is.

Then, of course, there is the fact that Nebraska football is just around the corner, even if the corner is at the end of a longish block. When this piece goes to press, there will be approximately 130 days left until NU takes the field.

Thus, the Legislature has once again fulfilled its purpose, as one Capitol wag described it years ago.

"The Legislature is that duly elected group of individuals who give reporters something to write about, and Nebraskans something to talk about, between the end of the NU bowl game and the start of Spring practice!"

Last week I had the opportunity to attend the Heartland Economic Development course in Kansas City (courtesy of Wayne Industries and Aquila). About 80 attendees (chamber executives, city administrators, state and local economic developers) from primarily the upper Midwest states came together to discuss common issues and challenges and share best practices under the facilitation of the faculty of the University of Northern Iowa augmented by marketing and site selection consultants. It was a tremendous learning experience. Based on my conversations with these new colleagues, I have a good feeling that Wayne with its diversified economy is well positioned for

The next city council meeting will be Tuesday, May 11 at 7:30 p.m. when the council will meet in the city council room at 306 Pearl Street.

Planning Commission meeting about rental property May 3 at 7 p.m.

Wayne Planning The Commission is meeting in regular session on Monday, May 3 in the city council room to continue review and discussion of amendments to the city code to change the regulation of single family and duplex type rental property in Wayne.

This meeting is open to the pub-

All proposals to amend the Wayne zoning ordinances are required to be presented at public hearing before being forwarded to the city council. All proposed amendments to the Wayne zoning ordinances are required to be presented at a public hearing before action by the city council.

Truck parking in

residential areas The council and the planning commission have had several informal discussions about restricting truck parking in residential areas. The issues presented tend to be as follows:

1) Residential areas are zoned to be residential in nature and there can be conflicting uses when trucks are parked on streets or private property;

2) Regular parking/ storing of semi tractors and/ or trailers or large straight trucks may devalue neighboring properties in some

3) Police occasionally receive complaints about noise from trucks starting and running during evening or night time hours: 4) Police occasionally receive

complaints about visual obstructions to traffic from large trucks parked on the streets;

5) What is a truck; Is it determined by size, use, licensed capacity, body type?;

6) How many are currently being parked in residential areas; 7) What are other cities doing regarding truck parking restric-

Important Information for 'Self Read - Self Bill' **Customers of the Northeast Nebraska PPD**

The NePPD has some of the lowest electric rates in Northeast Nebraska.* One reason costs can be lower is that rural customers read their own meter and figure their own bill. This system works well, except when customers send their bills in late. When the Power District gets a late payment or doesn't get a reading, then the bill must be estimated and our records won't be accurate. Late payments are also subject to a penalty, which customers could avoid. A late payment will result in the customer receiving a notice of disconnection based on an estimated usage. Full payment must be received each month before the disconnect date listed below to avoid a disconnected service.**

As a reminder, here is the billing schedule for the remainder of 2004:

- May 11 Late payment penalty date and disconnect notices out on estimated bills
- May 18 Disconnection date for non-payment June 11 - Late payment penalty date and disconnect notices out on

The American Red Cross hopes to train over 1,000 people throughout northeast Nebraska on what to do when a person has a heart attack. (Last year they trained just under 800.) The training program was greatly enhanced when the National Automobile Dealers Charitable Foundation and Arnie's Ford Mercury in Wayne presented a Resusci Anne training unit to the Red Cross on Wednesday, April

Pat Sullivan, on behalf of the Foundation and Bill and Betty Reeg from Arnie's Ford Mercury, made the presentation to Lori Carollo and Cap Peterson, representing the Wayne Red Cross and Mary Rastede, R.N. & Carol Kratke representing Michael

In presenting the CPR unit, which is essential for cardiopulmonary resuscitation (CPR) training, Pat Sullivan said, "If the right kind of treatment can be given to a heart attack victim within seconds after he or she is stricken, the chances are good that the life can be saved." CPR training teaches a person how to keep the heart beating while professional help is coming. Sullivan added, "I am proud to be able to come back up to Wayne for the second year in a row to make a presentation of these manikins through the Arnie's dealership. Wayne seems to be a great community that is progressive and obviously proactive in terms of life-saving training."

"Since the massive involvement of Americans being trained in CPR," said Sullivan, "there has been an increase in long-term survivors from ventricular fibrillation. There are many cases where the training is given to citizens showing that many heart attack victims who otherwise die have been saved and returned to normal activities." The training takes from three to five hours of intensive practice, lecture and videos.

For more information on how YOU can be trained in CPR, please contact your local Red Cross chapter at 112 East 2nd Street in Wayne or call 402-375-

In accepting the CPR training unit, Cap Peterson (Chairman of the Board of Directors of the local Red Cross chapter) said, "Qur organization has set a goal to train at least 1,000 persons in the next year. We have done the entire First Aid Response Team at Michael Foods in Wakefield for many years and these new manikins will greatly enhance that training.

presentations and know that they may help save someone's life!"

Left to right, Cap Peterson, chairman of local Red Cross Board of Directors, Pat Sullivan, National Automobile Dealers Charitable Foundation; Lori Carollo, local Red Cross chapter manager; Mary Rastede R.N., and Carol Kratke, Human Resource Director, both of Michael Foods in Wakefield; Betty Reeg, member of the local Red Cross chapter board, and Bill Reeg, both are owners of Arnie's Ford Mercury in Wayne. Sullivan and Rastede are holding the Resusci Anne training unit donated to the local Red Cross chapter.

place during a two-week period every May."

Peterson added that their relationship with Michael Foods, especially with their nurse Mary Rastede and the Human Resource Director Carol Kratke, has been very good and they appreciate the support and confidence they place in our chapter to properly train their employees in CPR and First Aid. They place great emphasis on these important skills in their workplace and are to be commended for the priority they place on these skills.

The CPR unit that was donated to the Red Cross from the National Automobile Dealers Charitable Foundation and Arnie's Ford Mercury gives signals telling when the trainee is applying the right pressure in the right spot or breathing correctly into the victims mouth. "Although there has been some discussion in the news recently about doing away with the rescue breaths, the American Red Cross continues to teach that aspect as they follow the ECC guidelines," according to Lori Carollo, chapter manager. When training on these "Manikins can be left at the new manikins, the students learn the "feel" of giving quick, lifesav-

ing emergency treatment. The National Automobile Dealers Association with headquarters in McClean, Va. Its membership includes over 19,000 franchised new car and truck dealers in the U.S.

Arnie's Ford Mercury in Wayne is a member of that Association and a proud sponsor of the Wayne American Red Cross chapter, with Betty Reeg serving on the chapters Board of Directors. Arnie's also purchases first aid kits from the local chapter and distributes them with new car purchases made at their dealership.

"Arnie's is very supportive of the Wayne Red Cross, but also believes strongly in the importance of CPR and First Aid response training. That is why Bill Reeg decided a few years ago to purchase the first aid kits and give those to customers to keep in the glove compartment of their cars - so they are prepared for emergency situations," said Mrs.

The Wayne Red Cross chapter is very appreciative of this donation from Mr. Pat Sullivan on behalf of the National Automobile Dealers Charitable Foundation and added that he hopes he can return to Wayne again! He said, "It is a great aspect of my job to go out into communities to make these

activity is a key area for improv-ing the health and well-being of Nebraskans. Walking is a preferred activity for many. What a great way to move toward healthier lifestyles!!

Orientation sessions have been set for May 3, 6:30 pm at the Haskell Ag Lab near Concord and May 6, 6:30 pm at the Ponca Senior Center.

The goal of the "Steps for Health" program is to increase walking and decrease blood pressure. This will be monitored by the use of a pedometer which participants will receive (and be able to keep) as they participate in the

walking program. For participants who already have a pedometer, the cost is reduced. Participants will keep a log of their walking activity for

the course of the program. There is no additional work needed in becoming involved with this program. Physical activity throughout the day counts - just put on the pedometer in the morning and record your steps at the end of the day. Those who complete the program will receive a refund that will further reduce the cost of the program.

All interested persons are asked to complete a registration form available from the Dixon County Extension Office by calling, or can be downloaded from the Dixon County Web Site at www.dixon.unl.edu. Make plans now to join others as participants take part in Steps for Health! If you cannot attend an orientation session, you are still encouraged to participate.

Parenting during teen years needs communication, involvement

Teen years can be stressful for need to take time to thing through a Wayne Courthouse, 2:30 p.m. parents and children.

However, this is an important time for teens as they develop into adults. Although parents need to be in control, many feel their control Communication, understanding and involvement are key in coping during teen years.

Part of growing up is learning to make decisions. Often, as children enter adolescence, they begin to push parents away. Although teens to do some things for themselves, they still need their parents. It's important to provide support and guidance without being overbearing.

When conflicts arise, it's important to practice respect. Children are expected to respect their parents, but parents need to remember to respect their children. Teens often are faced with dangers such as drugs and alcohol. Respect and guidance are important in helping children learn to resist these pressures.

At the same time, it's important to set limits and provide structure. Set reasonable rules and be specific so teens understand what constitutes rule-breaking. If possible, set rules and talk about consequences ahead of time. This is important in maintaining the teen's respect for his or her par-

When rules are broken, discipline should teach teens what they should do differently next time - not just punish them for what they did wrong. Be reasonable according to the offense and the difficulty in enforcing the discipline. For example, it may not be a good idea to ground a teen for a month since this takes extensive effort to enforce. Parents may

situation to determine appropriate discipline.

Amy Topp Extension Educator 4-H & Youth

It's also important to talk to children instead of just ordering them to complete homework, chores or other tasks. Many parents communicate with teens for an average of only 30 seconds a day. The rest is giving orders. In developing dialogue, ask questions that allow teens to elaborate on their responses not just give yes or no answers. Parents can express their concerns by using statements with "I" instead of "you" such as "I'm concerned" or "I'm happy." Saying things such as "You make me so mad" only puts more pressure on teens and builds resentment.

Parents also should try to be involved and interested in their children's activities. When children are young, parents often are very involved, but participation can drop off during teen years. Teens may tell parents it's not necessary to attend their activities, but they also need to know their parents care. Little things, like making eye contact at events or going to parentteacher conferences, help teens realize their parents really care. Remember, teens still need hugs and love, even when they don't seem very lovable.

Wayne State senior featured in Young Artists Concert'

Jennifer Gaesser, a senior at Wayne State College, was one of four featured performers at the Cherokee (Iowa) Symphony's "Young Artists Concert" on April 25 in the Cherokee Community

Center. The student performers were selected from recently-held auditions. They were under the direction of conductor Lee Thorson who led the Cherokee Symphony.

A soprano, Gaesser sang "Non piu di fiori" by Mozart and "Una voce poco fa" by Rossini. She is pursuing a degree in K-12 music education at Wayne State. She is the daughter of Ray and Elaine

Gaesser of Corning, Iowa.

At Wayne State, Gaesser is a member of the concert choir, madrigal singers, wind ensemble, percussion ensemble, and the Wayne State Music Educators National Conference (MENC) collegiate chapter. She was in the musical "A Funny Thing Happened on the Way to the Forum" at Wayne State this year. She will graduate in May 2005.

ESL endorsement classes set

Graduate classes for teachers wishing to earn an English as a Second Language (ESL) endorsement will be offered by Wayne State College in several locations this summer. The classes will be offered in South Sioux City, Norfolk, Columbus and Hastings. Four three-credit-hour classes--

"ESL Programs, Curriculum & Assessment," "ESL Methods & Assessment," "Intercultural Communications," and "Studies in Linguistics"--will be offered in Columbus, Norfolk and South

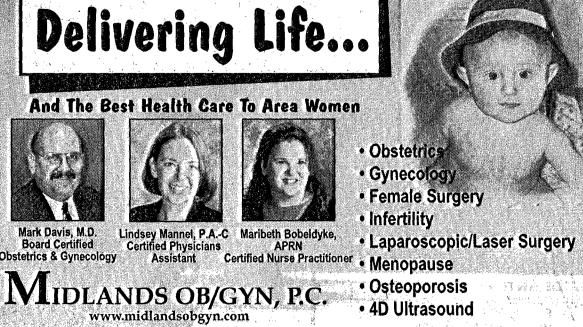

In Hastings, "ESL Programs, Curriculum & Assessment" and "ESL Methods and Assessment" will be offered by Wayne State. The remaining two classes, "Communications" "Linguistics," are offered by Hastings College and transferred to Wayne State. Participants at all sites will complete a practicum course during the fall semester in

the their home school district. "It is not necessary to take all of the course work in one summer," said Roger Feuerbacher, WSC director of continuing education. "However, if teachers choose to complete the entire program during 2004, they will earn 15 graduate credit hours and receive their ESL endorsement." In addition, all credit hours will apply toward a Master of Science in Education in Curriculum and Instruction from Wayne State College.

Space is limited, so those interested in participating in this program are encouraged to register as soon as possible. Each ESL class must have a minimum enrollment of 10 to be held.

For more information about the Wayne State ESL summer program, contact the WSC Continuing Education office at 800-228-9972, ext. 7217, or extcampus@wsc.edu.

National Day of Prayer to be observed in Wayne

"Let Freedom Ring" is the theme for the 53rd Annual National Day of Prayer on Thursday, May 6.

These words are inscribed on the Liberty Bell and are taken from Leviticus 25:10, "... proclaim liberty throughout the land to all its inhabitants." There will be two local obser-

vances on May 6.

At 7 a.m. there will be a prayer breakfast at Tacos & More, sponsored by the Wayne Rotary Club. Police Chief Lance Webster will be the speaker. Following his presentation, there will be time to participate in prayer for the nation, the state and local needs.

Coffee and rolls will be available for a free will offering.

From 7 to 10 p.m. that evening, the National Concert of Prayer will be viewed at the Calvary Bible Evangelical Free Church at 502 Lincoln Streets in Wayne. Participants will join with a simulcast prayer concert from

locations throughout the nation. "It is important for us to appreciate our freedoms as citizens: the freedom to gather, to worship and to pray. We need to exercise these rights in doing this for our country. We need to be vigilant that we do not loose these rights," said Pastor Calvin Kroeker of Calvary

Bible Evangelical Free Church who is working to organize the day's activities. "It is important that we pray:

for the protection of our nation: for our President that he have wisdom in leading us; for our Congress to make right decisions and laws; for our Supreme Court to reflect the intent of our founding fathers and the people of this land; for God's protection of our military; for our state and local leaders and so that our freedoms not be taken away from us. Be involved. Exercise your freedoms. Pray for our nation," Pastor Kroeker added.

St. Anne's Church in Dixon gets face lift

Kevin Diediker of Dakota City and Kenneth Diediker of Dixon, who form the D D KER Construction Co. got a bit closer to heaven during the past several weeks.

The two put steel roofing on St. Anne's Catholic Church in Dixon, restored the steeple and painted the cross on top of the steeple.

"I live right across the street from the church and was able to watch the whole process," said Mary Garvin of Dixon, a member of the St. Anne's congregation.

"I sometimes wondered with the wind blowing whether I would need to call 9-1-1 at some point."

Mrs. Garvin noted that she took a number of pictures as the project was being completed and that several people, including whole families came to watch the

Karel receives recognition for academic accomplishments

The United States Achievement Academy has announced that Allyson Karel of Wayne has been named a United States Award Winner in English.

This award is a prestigious honor very few students can ever hope to attain. The Academy recognizes fewer than 10 percent of all American high school students.

Allyson, who attends Wayne High School, was nominated for this national award by Sylvia Ruhl, an English teacher at the school.

Her name will now appear in the United States Achievement Academy Official Yearbook, which is published nationally. "Recognizing and supporting

our youth is more important than ever before in America's history. Certainly, United States Achievement Academy winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors and other qualified sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit, dependability and recommendation from a teacher or director.

Allyson is the daughter of Steve and Lisa Karel of Wayne. Her grandparents are Susan Ring and the late Gene Ring of Cedar Rapids and Terry and Ronnie Karel of Wayne.

Memories of a country doctor

Even while we were dating, I knew that the Big Farmer had a lot of cousins. Both his parents had 10 siblings; and even if they only had one or two children, that could make for a large extended family. He actually has 50 first cousins; I haven't even met them all. After a while, I knew there were several physicians, a couple of ministers, a few nurses, lots of teachers, and very few farmers; even though the grandparents had all been involved in farming.

One fairly large family, the Knosps, grew up in a parsonage. There was an older daughter, who died before I met her, five sons, and a younger daughter who is just Mike's age. In this family alone were three doctors. One served the community of Elmwood, and I would see him at family gatherings. His wife was involved in starting the Bess Streeter Aldrich Foundation, so. we shared that interest.

After we moved just 10 miles from Elmwood, and Glen was already semi-retired to Lincoln. we got to know him better. They call us the Country Cousins, and they are the City Cousins. The younger sister, though she lives near Phoenix, gets back regularly and usually stays with us. Plus, we stayed with them a few years ago. Consequently, I've learned more about this family.

The Arizona couple is here now. They flew in Friday because Dr. Glen was observing an 80th birthday on Saturday. He is celebrat-

and remembered that they would sometimes ride along on weekend house calls. If they waited patiently in the car, they were rewarded with root beer floats at the A&W stand in Louisville.

I marveled at the stories of interrupted nights, busy days at the office, seeing sick folks in their homes, and rush trips to Lincoln to deliver babies. Lincoln had the nearest hospital. And it was 30 minutes away. So, once in awhile, there were stops by patrolmen.

In fact, we learned that Glen really liked fast cars, and the grandson remembers an especially fast ride when a new Mustang was acquired. Eight years ago, that car was demolished when it was hit at an intersection. The only thing that saved the doctor was the impact was on the passenger

When he went to the garage to retrieve his golf clubs (this guy is an avid golfer) the fellow in the garage would not believe that he had survived the crash. As the guest of honor replied to the toasts, we learned that that was not the only close call he had had in his life.

I think Glen must be an example of someone who wears out his guardian angels. And I came away that evening with gratitude for the life of service he exemplifies. There were many warm fuzzies, in the way of hugs and smiles and loving thoughts. It was a fitting tribute to the small-town doc who is enjoying his retirement.

Tent caterpillar control advised

Tent caterpillars are a common site on apple, crabapple, plum,

cherry, maple, hawthorn and other trees in the early spring period. The presence of tent caterpillars

can be noticed early in the development stage through careful inspection of the tree branches before any leaves begin to emerge.

The insect is best described as small hairy caterpillars with a white stripe down the back, brown and yellow lines along the sides and a row of oval blue spots on the sides. The small worms are found in the tree branch attachments where the larva will develop a web or "tent" for protection. Most often, the worms are not noticed until the webbing becomes large and the worms are up to one inch in size.

The larva will feed on the developing leaves and can completely defoliate a small tree, however, the tree will usually recover and put out a new set of leaves. In a landscape, the worm nests become an eyesore either through removal of the foliage or the presence of the large webbing.

Larvae can also become a nuisance as they travel on sidewalks, wander on other plants or found on " patios. The mature larva that are traveling off the tree cannot be controlled very easily with insecticides because of their size. When the larva are off the tree, they are no longer considered a nuisance for

Management for the tent caterpillars is relatively easy since these insects are not considered a serious threat to the tree or shrub survival. The best method is to remove the "tent" created by the caterpillars by pruning off the branch and throwing the branch into the trash or burying the branch. There are many natural controls by parasites which accounts for the seasonal variations in populations in the tent caterpillar.

A natural disease organism called Bacillus thuringeniensis can be used and is most effective on the young larva. Other commonly available insecticides can be used such as Sevin or Malathion. All chemical labels should be read and followed. Any chemical used should get into the "tent webbing" as if offers good protection against the

Just remember that the hairy caterpillars will turn into butterflies as the season progresses offering the beauty of seeing those insects in their best appearance.

CONCERT AND AWARDS NIGHT The Spring Concert and Awards night will be Tuesday, May 4 at the Allen gym. The Allen Music Boosters meeting will be May 4 at 7, preceding the spring concert and awards ceremony. Parents of vocal and instrumental students grades 5-12 are invited to attend.

CHEERLEADERS ANNOUNCED Try-outs for the 2004-2005 Allen High School cheerleaders were held on April 21. Judges for the try-outs were two Wayne State College cheerleaders. The Allen cheerleaders for next school year will be: Lindsey Swetnam, Carla Rastede, Erin Stewart, Brittney Isom, Amanda Marshall, Amber Rastede, Codi Hingst, and Laura Staum. Sponsors will be Shelly Saxen and Mary Rastede.

STUDENTS VISIT MUSEUM

A group of about 50 students from Allen's 4th, 7th, and 8th grades visited the museum on Tuesday morning. Ponca's 2nd grade visited in the afternoon. Storyteller Alice Dietz of Norfolk, who portrayed Sacagawea, an interpreter for the Lewis and Clark expedition, entertained both groups. The two groups also toured the main building, the old Logan Valley School and the machine shed. Ed Fahrenholz and LeRoy Stark made rope for the morning group.

Roy Stohler told stories about attending a one room school and Shirley Stohler showed them how corn was ground into cornmeal with a mortar and pestle.

EVENTS AT MUSEUM On May 18, Dr. Rudy Daniels will be a guest speaker at the museum. Dr. Daniels is an expert on railroad history and has written books on the subject. The presentation will start at 7:30 p.m. The Community Club will serve refreshments.

Darrel Draper of the Nebraska Humanities Council will be at the museum, Sept. 14, at 7:30 p.m. to portray George Druillard, Lewis and Clark's guide. Both events are free of charge and the public is invited to attend.

Impromptu performance

Members of the Men's Quartet at Wayne High School performed their District Music selection in an impromptu performance during Monday's Music Award event. The four are, left to right, Jeff Meyer, Austin Leighty, Chad Jensen and Blake Lyon. The quartet received a Superior at the **District Contest.**

Dave Bloomfield Legislature 17th Dist. Please **Vote for**

• Property Owner • Tax Payer • Longtime resident of the district • Former School Board Member • American Legion Member • Vietnam Veteran 58 Year Old Father of Four and Grandfather of Eight

I am a candidate for the office of Legislature in the 17th district because there are things that I feel need to be changed. If elected to office, I can not promise that all will be

wonderful, only that I will work toward these and other conservative ideals.

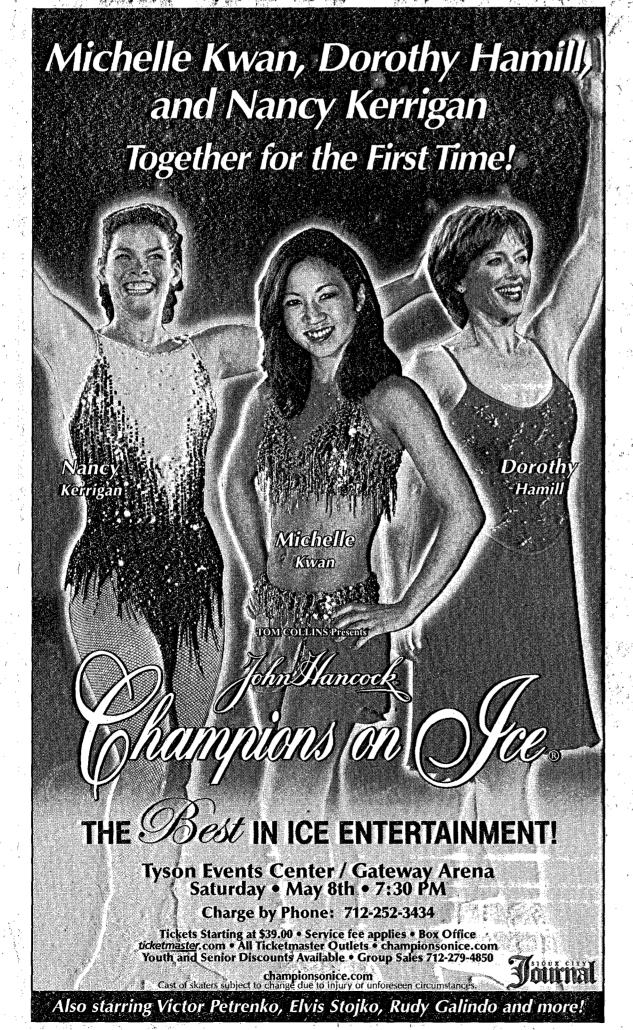

1. PROPERTY TAX RELIEF: We MUST find some way to stop the constant increase in property taxes. 2. BALANCE OF POWER: I think that over the past twenty or thirty years, too much political power has come to rest in our large cities. This has happened at the price of a clear voice for our small towns, our farmers, and small business owners. We need to find a way to assure rural Nebraskans and their small town neigh-

3. TERM LIMITS: I am a firm believer in term limits. The people of Nebraska voted for term limits. Ever since then, there has been an ongoing effort to over turn the wishes of the voters. I will have no part in this

4. RIGHT TO LIFE: I believe that life begins at conception, is sacred, and should not be ended by the hand

of man except to save the life of the mother. 5. JUDGES: I believe that judges should be elected by the people, not appointed for life by the Governor.

A motion to pay all bills as presented was made by Mark Tietz and seconded by Marlee Burbach. All present voted approval.

A discussion was held on this year's street repairs. Suggestions of streets to be resurfaced include finishing the block on Manning Street from Main Street to Court Street and block on Jones Street from Main Street west to Pierce Street.

Cliff Bethune asked the board about a couple of buildings that are to be moved that may need possible building permits. George Ellyson answered his questions.

Merlin Malchow was present before the board to discuss information he had received from George Ellyson regarding the work that has been done on his property on Court Street. Following a discussion and with Merlin Malchow's approval, a motion was made by Bob Hall and seconded by Mark Tietz to dig up the entire sewer line all the way to the main sewer line and replace the 6" sewer line with a line and put sand or gravel under the line All work will be inspected by George Ellyson. The building permit will be re-instated and extended pending submission of building plans. This sewer line will be a private line an no more houses can be attached to it. If additional houses are built in the same area, they

will have to have separate sewer lines. A reminder to all Village residents - any new construction or remodeling work done on property within city limits and extending one mile beyond city limits needs to be approved by George Ellyson, Zoning Administrator/Building Official for the Village of Carroll, Questions can be addressed to any Board members.
