## New mayor sworn in at council meeting

By Clara Osten  
Of the Herald

Wayne's new mayor, Lois Shelton, took office following swearing in ceremonies at Tuesday's meeting of the Wayne City Council.

Judge Robert Ensz presided at the ceremony. Shelton, who had previously served as President of the Council, assumed the position following last week's resignation of Sheryl Lindau.

Prior to the ceremony, Shelton read a letter of resignation from former Mayor Lindau. She noted she was resigning for personal reasons and was confident the council and city were in capable hands.

Considerable discussion was held during the meeting on the Pedestrian Trail, both on the portion of the project that is completed and the phase scheduled to be completed in 2006.

During the meeting a set of rules and regulations for use of the trail was adopted.

These include — use caution when crossing streets; stay on the trail and off of private prop-

erty; don't litter; leash all pets and pick up their waste; no motorized vehicles are allowed on the trail except for motorized wheel chairs, emergency and maintenance vehicles; use of alcohol or drugs is prohibited on the trail; and dawn to dusk usage of the trail in unit portions.

Considerable discussion was held on the issue of when the trail could be used. It was the consensus of the council that these regulations would be put into place and reviewed periodically to see if adjustments need to be made.

Mark Christensen, a property owner near where the current portion of the trail runs, voiced his concerns about both the current trail and the planned Phase II. He noted that people have been cutting across his yard to use the trail and there have been instances of littering. He also has concerns with the safety of those crossing the highway on the trail.

Several people also spoke during a public hearing on the construction of Phase II of the

## Anderson family full of veterans

By Clara Osten  
Of the Herald

On this Veteran's Day, Fern Test of Wayne has more than her share of veterans to thank for America's freedom.

All seven of Fern's brothers, Wallace, Harlan, Alvin, Clayton, Kenneth, Curt and Earl, have served in the military, as has her husband, Larry and brother-in-law, LeRoy Koch. In addition, two nephews, Kevin and Craig Anderson, have completed military service.

The Andersons, children of Arthur T. and Laura (Carlson) Anderson, were raised on a farm south of Concord and are now scattered throughout the country.

A brief history of their military service follows. Wallace Anderson was inducted into the Army on April 25, 1951 in Omaha at the age of 22. He received his basic training at Fort Leonardwood, Mo. and was sent to Fort Lewis, Wash. where he was deployed to South Korea.

He served in the 5th Army Area as an ammunition supply truck driver.

He returned to the United States in August of 1952 and

later spent five years in the Army Reserves.

He and his wife Jeannine are the parents of four children, Melinda, David, Dwight and Dennis.

In 2001, just before his death, Wallace received a medal of appreciation from the South Korean Government.

Harlan Anderson entered the military on Aug. 2, 1952.

After eight weeks of Basic Training and eight weeks of trucking school in Ft. Riley, Kan., he reported to Camp Stoneman, Calif. He was loaded on a ship and after 15 days, landed in Yokahama, Japan.

He later took a ship to Korea and ended up in Seoul. He filled a 1st Base Post Office position where he spent 16 months handling and working with insured and registered mail, all air mail and parcel post mail.

After obtaining his orders to return to the U.S., Harlan was given an honorable discharge with the rank of Specialist E-4.

He returned to Nebraska and farmed on the same farm for more than 50 years. He and his wife, Verlyn, have three children, Steve, Kay and Dana.

Alvin Anderson entered the army from Dixon

County on April 13, 1954 in Fort Omaha. He received his basic training at Ft. Leonardwood, Mo. for eight weeks and received another eight weeks of clerk typist training at the same camp. In October of 1954 he was sent to Patrick Air Force Base in Florida, which is now known as Cape Kennedy Space Center.

He was sent from there to the Bahamas as a company clerk for the 385th Engineer connected with the Air Force. He spent six months on Eleuthera and six months on San Salvador Islands. He returned to Patrick Air base in September of 1955. In October of that year he was sent to Beale Air Force Base in Maryville, Calif. and was discharged from the service on Feb. 16, 1956 with the rank of Specialist Fourth Class.

Alvin and his wife, Janet, live in Wayne. They have four children, Reed, Cinda, Janelle and Michael.

Clayton Anderson drove to Ponca on Dec. 11, 1954 to volunteer for the draft. On Jan. 11, 1955 he traveled to Omaha to be inducted into the Army.

## Book signing scheduled

A book signing for the recently published book, "In The River Province," has been scheduled in Wayne on Wednesday, Nov. 17.

Authored by Wayne State College associate professor Lisa Sandlin and published by the Southern Methodist University Press, "In the River Province," is Sandlin's third story collection.

The book, which has received enthusiastic reviews by the Dallas Morning News, the Santa Fe New Mexican, the San Diego Union-Tribune and others, is comprised of eight stories centering around the daily lives of characters in northern New Mexico.

Most of the stories take place in or around Santa Fe, depicting the area's history, topography, cultural complexities, and blended languages. The Santa Fe New Mexican proclaims that the stories are "immaculately rendered to cre-

ate a wholly formed world in itself, whose characters, images and narratives remain with us long after the story has ended."

Sandlin joined the Wayne State College faculty in 1997. She earned a B.A. at Rice University in Houston, and an M.F.A. at Vermont College. Winner of a Pushcart Prize and a Dobie Paisano fellowship, Sandlin's previous collections of short stories have won the Violet Crown Award from the Austin Writers' League, and the Jesse H. Jones Award from the Texas Institute of Letters.

The book signing for "In The River Province" will begin at 4:30 in the Humanities Building lounge on the Wayne State College campus. For additional information contact the WSC Department of Language and Literature at (402) 375-7395.

## Tour of Homes to be held in Wakefield

Wakefield Music Boosters will be offering a Holiday Tour of Homes on Sunday, Dec. 5 from 1 to 5 p.m. Six homes, including the Gardner Senior Center, will be featured. Special Wakefield High School musical small groups will share their talents.

The five families offering their homes to guests will be Tim and Leslie Bebee, Mike and Carla Clay, Jim and Lisa Lunz, Dallas and Janice Roberts, and Jerel and LeAnn Schroeder.

Two homes will be featured each week in the Herald beginning with the Senior Center and Tim and Leslie Bebee's home.

Wakefield Senior Center at the Haskell House, 320 Johnson Street, was completely restored in 1992. It was given to the Senior Center in December of 1998.

For more historic information about the Haskell House, feel free to ask for one of their brochures. Either an organization or individual decorated each room for this holiday season.

Coffee, cider and cookies will be served in the conservatory

after the tour.

Tim and Leslie Bebee's home at 1008 Winter Street: the Bebees had this colonial style house built in 1990 and it is home to Javanah, Timarie and Garek. The basement is where the kids like to hang out because there is a true game, TV, exercise and a refreshment center there.

On the basement wall, there is a unique wall sized mural which was a 25th anniversary gift from Leslie to Tim. The mural signifies their dating memories, children, and cars owned.

Also in the basement, a tree is decorated with ornaments the children have received over the years from their grandparents and parents.

Over 500 collections are found in the Bebee home. Leslie started a Santa collection in 1989 when a girl scout gave her the first one. Javanah's room is home to a doll and crystal collection while Timarie collects Precious Moments and Beanie Babies. Garek packed up his Cherished Teddy collection a couple of years ago and started on license plates.

Tim collects car memorabilia of any kind.

Christmas is their favorite holiday and Leslie enjoys decorating for it. In her free time she likes to read in the sunroom, soaking up the sun, while Tim seems to enjoy his garage the most.

Thanks to a number of generous area crafters, Music Booster raffle tickets will also be offered at the Senior Center during the

Tour of Homes.

Tour tickets (in a brochure format) will be available beginning Nov. 18 from Wakefield Jr. high and high school music students; advance tickets will be \$7 and will also be offered at the Gardner Foundation, Iowa-Nebraska State Bank, and the Gardner Senior Center. Tickets may be purchased the day of the tour for \$8 at the Senior Center.

## Board of Education approves staff hiring, and requests

By Lynn Sievers  
Of the Herald

The Wayne Community Schools Board of Education held their meeting at the high school Monday.

Approved was the hiring of a part-time custodian, Elizabeth Blankers.

The Board approved the guidelines for classified staff employment and related materials. SPED Director/A+ Coordinator Kelly Ballinger discussed the number of special education students, the A+ school improvement goal of reading improvement and the reorganization of the committee. Ballinger provided updates on the numbers of students in English Language Learner Program and introduced the ELL Staff: Jessica Sebade, Kalenna Sayer, and Enrique Guevara.

The board approved the She-Devils Dance Squad and also the Industrial Tech Club to be board neutral organizations which means they can use the facilities but the groups have to pay for

things themselves. Later, the Board made an exception by approving an amended motion so the dance squad can go to a competition at South Dakota University on Nov. 20. The board approved them to use a school van and gas for the trip but the squad is paying for the admission price themselves.

Executive session was held with discussion on classified staff employment request and approval for college credit for a faculty member. Following executive session, Board President Bill Dickey asked for a motion on classified staff employment request. No motion was offered so it died for lack of a motion. The Board approved college credit for a faculty member.

(Note: the school board held an honor coffee prior to their regular meeting. Due to space shortage, a story and photographs will be run in next week's issue).

The next regular meeting of the School Board will be Monday, Dec. 13 at 7 p.m. at Wayne High School.

Time to be thankful

Dear Editor,  
As we all enter this Thanksgiving and holiday season, we should be mindful of the bounty that is Nebraska and America.

We can look around at the bounty of harvest that is occurring and be thankful for it. Some people may feel inconvenienced about the large piles of corn, but remember there are many countries where people spend all their waking hours trying to find enough food to survive, let alone satisfy their hunger.

So when we see the stockpiles of corn, say a prayer of thanksgiving for those who produce, store and truck a vital portion of our lives and economy.

This is what has made America great and the country that others look to for help and food.

Celebrating, remembering our nation's veterans every day

By U.S. Sen. Chuck Hagel

Almost 25 million living Americans have served in the United States Armed Forces. These quiet heroes came from diverse backgrounds and were united by their common duty and uncommon courage. In 2000, the U.S. Congress voted unanimously to create the Veterans History Project - a nationwide volunteer effort to honor veterans by recording and preserving their stories.

Over the last four years, these recordings have been taking place in communities all across America, with grandchildren interviewing grandparents, veterans interviewing each other, and students interviewing veterans for classroom assignments.

The voices of men and women who served in defense of our nation tell the stories of almost a century of service - through two World Wars, Korea, Vietnam, the Gulf War, and the Balkans Conflict. These are personal stories told through the voices of those who served.

Through the Veterans History Project we capture each veteran's story and preserve them for future generations. The book, *Voices of War*, will be released this Veteran's Day by National Geographic and the Library of Congress to help chronicle individual stories of service from the front lines to the home front. I am honored to have my story archived in the Veterans History Project and *Voices of War*, as both gave me the opportunity to record my thoughts on what I experienced during the Vietnam War.

Recounting and sharing memories of war presents an opportunity to share an appreciation for the sacrifices made by our veterans and their families. It is important that Americans never forget this legacy and those who fought and died for our future. Thousands of organizations and volunteers, including AARP state offices, veterans organizations, local schools, historical societies, and Congressional offices have partnered with the Veterans History Project to collect stories from Americans whose heroic deeds and wartime efforts preserved our freedom. To date, the Veterans History Project has received more than 25,000 submissions and over 80,000 items.

This Veterans Day, I urge you to interview a veteran. If you are a veteran, record your story. Preserving personal stories from veterans who have served ensures a better understanding of our individual and collective struggle for democracy and freedom. Vietnam veteran Rod Hinsch put it well in his interview when he observed, "only the veterans, his-

tory and God ever know the real truth about ... war fought long ago and so very far away." We cannot lose this enduring piece of our national history. Take time this Veterans Day to experience the history of America through the voices of those who lived it.

To learn more about how to participate in the Veterans History Project and about the Voice of War, visit [www.loc.gov/vets](http://www.loc.gov/vets).

Happy Veterans Day!  
U.S. Sen. Chuck Hagel (R-NE) sponsored the legislation that created the Veterans History Project in 2000. He serves on the Project's Five Star Council.

Hall County needs jail space

By Ed Howard  
Statehouse Correspondent

The Nebraska Press Association  
There was a scene in a very old western film wherein the local lawman wanted to use the local stable for a jail.

It worked out okay, although the fellow who owned the stable objected. The sheriff calmed him with a reminder that: "Heck, these fellers ain't horse thieves. They's bank robbers!"

The good people of Hall County might one day wish they had a stable big enough for conversion into a confinement facility for errant characters.

Hall County is home to the dynamic city of Grand Island. Jobs, growth, increased population and multicultural diversity have benefited the community in recent years. They also brought with them the problems normally associated with such change. A need for more jail space is commonly among those problems.

Of course, a need for more jail space is commonly among the things that require bond issues and/or the need to increase local taxation: Property taxes. Sales taxes. Fees. Something.

In Hall County, voters sent a clear election day "No" to county government's proposal for a \$29.8 million bond issue. Revenues were to go for a new county jail. Costs were to go to the taxpayers. What to do?

A need for government services and a public that is reticent to shell out more tax dollars is not uncommon. But, what do you do when the need is for a place to lock up people who need locking up?

Give a local park to the city and pocket the savings? Use keno revenues for jail money instead of local improvements? Outsource the housing of inmates? Reduce other services for the law-abiding citizenry?

There are a lot of possibilities. There is also one thing that the people of Hall County - and citi-

zens of every other Nebraska community - need to remember. When a service is mandated, it will be provided in some form, and it will be paid for by some taxpayers.

It is just a matter of determining which pocket will have to give it up.

Check 21 legislation takes effect

I'm writing today to notify Nebraska consumers of a new federal law that recently took effect throughout the country. The "Check 21" legislation, as it is referred to, will affect how your checking account is handled by your bank and how quickly your money changes hands.

Under the new law, all checks will be handled electronically through the creation of a new instrument called a substitute

check. The substitute check, which will be imaged from the original paper version, has the same legal status as the original check. Merchant written information such as driver's license number or phone number will also be included in the image.

Check 21 will affect your account in the following ways:

- There will be no time between writing your check and the money leaving your account. The money

will be taken from your account immediately as if you were using a debit card. It will also make it more difficult to stop payment on a check.

Blood donors are always needed

With the Thanksgiving holiday quickly approaching, we can be thankful for many things such as friends, family and neighbors. Without the continuing support of blood donors, patients would not have a chance for another tomorrow. People live such busy lives and yet taking time to give one unit of blood can make the difference between life and death to a patient in the hospital.

It is vital that blood and blood products are available when they are needed. Not only for treatment of accident cases, hemophiliacs and cancer patients, but for the use of routine surgeries. These occurrences do not stop or slow down during the holiday's they continue to occur. Your friends, family, neighbors and community, are depending on you to help

maintain your community blood supply.

The Siouxland Community Blood Bank needs to collect over 1000 units of blood each week to keep up with the needs of the 32 area hospitals they supply blood to in Iowa, Nebraska and South Dakota. The need for blood affects all of us. Nine out of 10 of us will need blood some time in our lives, and one out of every 10 hospital patients requires a transfusion.

To be eligible to donate blood individuals must be at least 17 years of age; however there is no upper age limit as long as the donor is in good health. In addition donors need to weigh over 110 pounds and have not donated whole blood in the past 56 days. A photo I.D. is required at the time of registration.

The council took no action to change parking restrictions in the City of Wayne.

Craig Tiedtke spoke to the council on the need to look at the possibility of making changes in the city ordinances in regard to parking.

He told the council that the present ordinance came into effect in 1970 and "there have been extreme changes since then."

He noted that Wayne is one of only two communities in the state with this type of ordinance and the city has "more cars than the current ordinance allows for."

Several council members indicated the possibility of considering individual street situations rather than completely eliminating the ordinance.

The parking issue will be discussed at a future meeting.

In other action, the council approved the application for membership to the Wayne Volunteer Fire Department from Justin Hagg and accepted the manager application of Doug Manz for Uncle Dave's.

Mayor Shelton appointed Doug Sturtm to the Collective Bargaining Team.

The Browns will present several concerts at The Barn east of Wayne on Saturday and Sunday, Dec. 4 and 5.

## The Browns to perform at The Barn, Dec. 4-5

A Christmas music special is planned at The Barn, four miles east and a half-mile south of Wayne on Highway 35, Saturday, Dec. 4 and Sunday, Dec. 5, for afternoon and evening performances.

This year, Merle and Donna Ring are bringing the Browns, a family from LeMars, Iowa, who perform at Branson, Mo., as well as in concerts throughout the United States at least 150 times a year.

Singing southern gospel, hymns of faith, inspirational and patriotic tunes, the Browns bring music from the heart - family style.

Tickets are available starting Monday, Nov. 15, at all four Wayne banks or by calling the Rings at 375-3599. No tickets will be sold at the door.

The Browns are also performing their Christmas show in Branson at the Americana Theatre

throughout November and December.

This two-hour family Christmas show is expected to bring a full house at each performance at The Barn. Seating is limited (160) so don't miss out on a chance to see this first-rate Branson Christmas show. (Rings note their barn is heated.)

More information can be found on the Browns at [www.brownfamilyings.com](http://www.brownfamilyings.com)

Madrigal Christmas Feaste tickets available

Reservations for the 33rd annual Madrigal Christmas Feastes at Wayne State College are now being accepted. The dinners will be presented in the Frey Conference Suite in the Wayne State student center on Dec. 3 and 4 at 7 p.m., and on Dec. 5 at 5 p.m.

Clad in sixteenth-century attire, the WSC Madrigal Singers transport those attending the feastes back to Renaissance England in the time of Queen Elizabeth I. An opening procession, wassail toasts, the procession of the bear's head, and flaming pudding will all be part of the evening's festivities. A three-medallion pork loin with all the trimmings is featured on this year's menu.

Other highlights of the evening will include carolers strolling through the audience singing Christmas carols, and an all-new play entitled, The Saga of Mordrick the Foul and the Great Chicken Coup.

"With Wayne hosting the Chicken Show and Henoween each year, I thought this play was particularly appropriate," said direc-

tor Ron Lofgren. "It's all good, clean fun, cleverly written, with lots of puns and 'corny' jokes." The evening will conclude with a concert of holiday music ranging from Elizabethan and German Renaissance carols to modern arrangements of holiday favorites.

Serving as lord and lady of the feasts this year are Rod and Loreta Tompkins, Wayne, Dec. 3; WSC President Richard and Marilyn Collings, Dec. 4; and Mark and Jane Ahmann, Wayne, Dec. 5.

Tickets for the dinners are \$18.00 per person. They may be purchased by mail or in person at the music department office located in Peterson Fine Arts, Room 109. Phone reservations are not accepted. Group discounts are available; please contact Lofgren at 402-375-7358.

## Council

continued from page 1A

The public hearing was continued to the Nov. 30 meeting. Ordinance 2004-15 received first reading approval.

The ordinance would amend sections of the city code relating to size of accessory structures in serval zoning areas. It will allow the collective area of all accessory structures to be up to 1,064 square feet.

Discussion was held on the requirement that the combined area of all existing and proposed structures not exceed 50 percent of the entire lot area.

Council member Doug Sturm voiced his concern that the ordinance would prohibit any type of storage shed being built on some of the smaller lots in the city.

The ordinance will be read again at the next meeting.

The council also heard a report from City Planner George Ellyson on several properties in the city that were on the 2003 and 2004 Property Maintenance Code list.

Ellyson told the council progress is being made on the two properties that were on the 2003 list but several items remained to be completed. Following his presentation, the council voted unanimously to take legal action on one of the properties if the work is not completed by the council's Nov. 30 meeting.

John Carhart spoke in favor of the trail in that area of town and said "there are lots of opportunities for a nice trail."

City Administrator Johnson said the city is still talking to property owners who would be affected by the trail.

## Molly Hill signs on as a Husker

Wayne High senior signs national letter-of-intent to pitch for the University of Nebraska women's softball team; credits success to team and community

### Touched by Hill

Wayne High senior Molly Hill's accomplishments go hand-in-hand with the many lives she's touched as a dedicated athlete and student. The following are but a few thoughts shared from those who have been involved with Hill's softball and personal life:

"Molly is such a role model for kids of all ages. She's so focused in games as a part of the game and not to herself. She's truly a player that works to improve herself, but is a team player like no one I've ever seen."

**Ronnie Wobken**  
Logan View softball coach; one of Molly's first pitching coaches

"Molly is one of the most unique athletes I've had the privilege of watching. She's not only a gifted athlete, but she's also a great person, too."

**Carrie Pitzer**  
Sports writer  
Norfolk Daily News

"Molly has a sincere commitment to excellence. Many athletes dream of being the best, but very few have the desire and dedication to make it become reality. Molly is among a select few who has stayed on course to perfection, not only as an athlete, but far more important, as a young lady with unbelievable characteristics."

**Todd LaVelle**  
Molly's former softball coach  
Teacher/coach at Seward

"She's a once-in-a-lifetime young lady who is so dedicated, yet so humble, and she strives for perfection and excellence."

**Rocky Ruhl**  
Athletic director  
Wayne High School

"She is an amazing athlete and an amazing person."

**Dr. Donald Zeiss**  
Retired principal,  
Wayne High School

"Molly shows that if you work hard, you can get every thing you work for. It's a credit to her being able to set goals and be able to achieve those goals."

**Rob Sweetland**  
Wayne High softball coach

"Molly is the hardest working student I have ever coached. She compares very favorably to Peaches James and should be an impact pitcher for the Huskers."

**Mike Smith**  
Mike Smith Academy  
Montclair, Calif.

"Her parents are what every sports parent should strive to be. Molly has this joy when she steps on the field and I think her parent's are responsible for that."

**Diane Kenny**  
Molly's first softball coach  
from Carroll

"Even back in kindergarten, they were a team and bonded well."

There was never a doubt in the mind of Molly Hill.

She was going to a Cornhusker and that was it.

On Wednesday morning, it became official as the pitcher for Wayne High's two-time state champion softball team signed a national letter-of-intent to play softball for the University of Nebraska-Lincoln.

Watching Molly sign the letter at Wayne High were her parents, Melody and Kevin, brother, Jesse, and coach Rob Sweetland, along with a gathering of students and friends.

After the signing, Hill reflected on her early days of dreaming about becoming a pitcher and how she asked her dad to give her a few pointers.

"I watched an older girls' game in Carroll when I was eight," she said. "I wanted to pitch so I told my dad that and we started practicing."

Working with Kevin, Molly later improved her game with several more pitching coaches including noted pitching coach Mike Smith from California and she played league ball there last summer.

"My parents have taught me a good work ethic and the community support has been fabulous," Hill added. "I've been so lucky to be on this great team, you can only go so far without a great team. They always came through and they always scored, you can't ask for more than that."

Molly plans to continue to stay on top of her pitching until college begins and will play this summer for the Omaha Finesse softball team.

## Wakefield stopped short by Warriors

Five-set marathon determines bid for state volleyball tournament

By David W. Carstens  
Of the Herald

Wakefield was so very close to making an appearance at the state volleyball tournament this week.

The Trojans (23-6) were edged in a five-set shootout 21-25, 25-21, 25-23, 25-16, 13-15 in the C2-4 district final last Thursday at Norfolk High School.

Neligh-Oakdale and Wakefield traded leads in the first set that saw the Warriors pick up steam down the stretch for a 25-21 win.

Wakefield found itself down early in the second set, but managed to keep things close and went on a 6-0 run late in the set, fueled by a pair of Jaimy Albrecht ace serves to pull away with a 25-21 win in the set.

Both teams played close in the third set, and a 12-6 Trojan run allowed Wakefield to take a 2-1 advantage.

The Trojans played a strong fourth set that would have clinched a trip to state,

however, three late Neligh-Oakdale kills during a 10-2 Warrior run turned away the Trojans in a 25-16 loss in the fourth game.

Neligh-Oakdale opened the fifth game with a 10-4 run, but Amanda Nelson nailed an ace serve to spark the Trojans on a six-point run for a 13-10 Neligh-Oakdale lead.

Two late Trojan errors allowed the Warriors to earn a trip to state for a game against Blue Hill this Friday.

Katie Jensen paced Wakefield with 17 kills, while Alissa Bressler added 10. Nelson dished out 36 set assists and Jaimy Albrecht finished with 15 digs for the Trojans.

"I am so proud of this group of girls," Coach Cheryl Greve said. "They played with hearts full of intensity. We just came up a little short."

Thursday's game was the last contest for four seniors: Nicki Greve, Jaimy Albrecht, Sara White and Katie Jensen.

## WSC football shut out by BSU

By David W. Carstens  
Of the Herald

It was a game of missed opportunities for Wayne State in last Saturday's season finale at the Northern Sun Metrodome Classic at Minneapolis, Minn.

The Wildcats fell to Bemidji State 24-0 as the WSC offense came up short after getting inside the Beaver 20 yard line four times.

Three costly turnovers and a missed field goal silenced the Wayne State offense.

"We're disappointed," Wildcat coach Scott Hoffman said. "We were calling our plays, we had people open, we just didn't make the plays."

After a scoreless opening period WSC's Dustin Fouch missed a field goal from 27 yards out and Bemidji State grabbed the lead on a 22-yard field goal by Michael McDonald in the second quarter.

The Wildcats responded to the score and moved the ball again and advanced to the BSE three yard line, but WSC quarterback Brett Edwards was intercepted on a pass in the endzone to stop the drive.

The Wildcats were able to put together another drive just before halftime, but another interception stopped WSC from putting any points on the board.

The Beavers added another score to extend the lead to 10-0 when Mike Nordyke scored from six yards out.

WSC put together another drive that was stopped on the BSU nine yard line when a fumble by Zach Molacek near the goal line denied another Wildcat score.

Bemidji State drove the ball 91-yards on its next possession to take a 17-0 lead with just under nine minutes left in the contest.

Beaver quarterback Nathan Sannes connected with Nordyke on a 49-yard pass play to seal the 24-0 win with 3:57 left in the contest.

Bemidji State outgained Wayne State in the contest with 478 yards compared to 253 by the Wildcats.

WSC picked up 112 yards on the ground, with 141 through the air.

Molacek ran for 105 yards on 24 carries to wrap up his season with 1,041 yards.

He became the sixth running back in school history to rush for 1,000 yards in a single season and the eighth time the college has had a 1,000-yard rusher.

Edwards completed 16-of-28 passing with three interceptions for 131 yards. He wrapped up his WSC career with

WSC defensive lineman Sean Tili helps Bemidji State quarterback Nathan Sannes to his feet after a tackle in last Saturday's season finale at the Metrodome Classic in Minneapolis, Minn.

5,813 passing yards to rank third all-time among Wayne State passers.

Edwards was just a touchdown shy of tying Ed Jochum's record of 44 career touchdown passes while at Wayne State.

Freshman punter Josh Armon averaged 39.2 yards on five punts to finish the season with an average of 36.8 yards per kick which ranked him the best in the Northern Sun conference.

For the season, WSC finished sixth overall in the Northern Sun standings with a 2-5 conference record and 3-8 overall mark.

As a team, the Wildcats finished third in the conference in punt returns with 9.9 average yards per return and its defense garnered first in sacks-against with 12 sacks for 109 yards this season.

WSC also ranked second as a team in kickoff coverage with an average of 17 yards allowed in the 41 kicks against the team this past season.

The Wildcats also picked up several individual conference honors including Molacek, who finished third overall in rushing with 1,041 yards and a 94.6 yards per game average. He was also

the conference's seventh-leading scorer with 54 points this season.

Josh Peterson was second in punt returns in the conference this season with 11.8 yards per return.

In all games, Aaron Rodgers and Jeremy Neill placed second and third, respectively in defensive stops this fall.

Rodgers was credited with 59 solos (first in the conference) and 57 assists (second in the conference), along with four quarterback sacks (fourth) this season, while Neill had 58 solos (second in the conference) 42 assists and two sacks.

Rodgers led the conference in tackles for losses with 12 solo and five assists for total losses of 48 yards and a 14.5 lost-yard average.

Neill finished in a four-way tie for second in the NSIC for fumbles recovered with three recoveries this season.

Saturday's game was the final one for 10 seniors listed on this season's roster including: Brett Edwards, Tony Manning, Eric Wells, Josh Hopwood, Stephen Turner, Jeremy Neill, Jake Martoz, Vahn Schumacher, Arthur Robinson and Jake Robinson.

### Three players named to All-Conference squad

A trio of Wayne State players were named to the 2004 Northern Sun Intercollegiate Conference All-Conference Volleyball Team earlier this week.

Chelse Schultz, Julie Jacobsen and Jacey Kuck Schwarz were all selected to the 12-member First Team unit.

# Winside football falls to Flyers

By David W. Carstens  
Of the Herald

The Humphrey St. Francis Flyers played inspired football Thursday night as Spencer Eisenmenger ran for two touchdowns and passed for two more to help St. Francis advance into the state semifinals with a 54-8 defeat of Winside in Winside last Thursday.

St. Francis (9-1) took only four plays on Thursday night to make its point when Eisenmenger ran a sweep for a 46-yard touchdown in the opening series.

After a quick three-and-out against the Wildcats, the Flyers put together another strong series capped by a 10-yard scoring strike from Eisenmenger to Jason Priestler.

The turnover bug bit Winside on its next series and Anthony McPhillips scooped up a Bo Brummels fumble to add another flyer score with about a minute left in the first quarter.

Two more of those turnovers came in the second quarter and

both yielded scores for the Flyers.

Early in the quarter, Scott Huettner ran in a three-yard TD after a fumble deep in Winside territory.

The Wildcats gained composure to put together a six-play drive that ended with Winside's only touchdown of the evening when quarterback Taylor Suehl connected with Justin Nathan from 30 yards out.

St. Francis (9-1) put together another drive that ended when Eisenmenger scored on a 21-yard counter sweep play to increase the flyer's lead. He followed up with an interception for the flyer defense to set up the last score for St. Francis with five seconds left in the half.

It only took four offensive plays in the third quarter to conclude the game with the 45-point rule.

Wildcat coach Mark Koch said Winside (6-4) gained some newfound postseason pride in what's been the first playoff appearance for the team since 1997 and the school's first-ever second round appearance in eight-man play.

"We're coming along and hopefully we will build off this," Koch said. "I'm proud of my kids' efforts throughout the year." Eisenmenger led all rushers with 112 yards on 10 carries, while

Wegener gained 97 yards of his 14 carries. Suehl paced the Wildcat offense with 21 yards rushing, while going 6-of-12 passing with one interception for 89 yards.

Senior Angie Peters, pictured in recent conference action, finished with eight kills against Cedar Catholic in the C2-5 subdistrict semifinal last Tuesday.

## Laurel-Concord ends its volleyball season

Laurel-Concord ended the volleyball season by falling to Hartington Cedar Catholic in Class C2-5 subdistrict semi-final action at Wayne High School last Tuesday with the scores of 23-25, 15-25 and 23-25.

"Even though it was disappointing to end the season with an 11-14 record, the athletes worked hard in practice on a daily basis and were willing to learn," Coach Patti Cunningham said.

Makayla Hansen stepped up to the serving line with four ace serves and dished out 19 set assists. Angie Peters accounted for eight kills, with Kayla Neuhalfen adding four and Brittany Thompson recording

three. Defensively, Rath had a team high of eight digs with Lori Pritchard adding seven.

It took four sets before LCHS eliminated Ponca in first round action on Monday with the scores of 25-17, 25-21, 23-25 and 25-15.

Peters' 19 kills paced the Bears at the net. LCHS recorded 10 ace serves in the win, led by Rath and Hansen with three each. Hansen also contributed 30 set assists and Rath had 12 digs to lead a balanced defensive attack. Pritchard and Sadie Schantz followed with 10 and eight consecutively.

Four seniors, Makayla Hansen, Lori Pritchard, Amy Rath and Angie Peters wrapped up their season in last week's games.

## Allen falls short in subdistrict finals

Allen advanced to the D2-3 subdistrict final in play last week and lost to eventual state qualifier, Newcastle, in games played at Laurel-Concord High School on Monday and Tuesday.

The Lady Eagles defeated Wynot in five sets 22-25, 25-13, 15-25, 25-20, 18-16 in Monday's matchup.

The first set was a close match with the lead going from team-to-team, before Wynot pulled away for the win.

Allen set up a solid offense and defense in the second game to take the 25-13 win. Both teams traded off wins during the third and fourth game.

The Eagles rallied from a 11-1 deficit in the fifth set to advance to Tuesday's final.

The team was paced by Alissa Koester who had five ace serves while Samantha Bock and Diana Diediker finished with 21 and 23 set assists, respectively.

Alyssa Uldrich led with 18 kills followed by Erin Keitges with 11. In digs, Keitges led with 14 followed by Uldrich with eight.

On Tuesday, the Eagles advanced to play Newcastle and Allen fell to the team it had defeated twice during the regular season. The Eagles lost in four sets: 16-25, 26-24, 16-25 and 21-25.

Koester again led in ace serves with three, while Diediker set up 15 set assists and Bock had 14. Keitges led with nine kills followed by Bock with six. Defensively, Codi Hancock led with 15 digs followed by Keitges with 11. In blocks, Uldrich led with six blocks, including three ace blocks.

Tuesday's game was the final contest for five Eagle seniors: Alyssa Uldrich, Codi Hancock, Lindsay Swetnam, Shannon Woodward and Diana Diediker.

The WSC men's team placed 19th at the meet, while the Wildcat women's squad finished in 21st place.

## WSC runners finish up 2004 season at regionals

The Wayne State College cross country teams wrapped up the fall season last Saturday with an appearance at the NCAA Division II North Central Regional meet at Vermillion, S.D.

The WSC men's team placed 19th at the meet, while the Wildcat women's squad finished in 21st place.

Sophomore Jeremiah Herron was WSC's top finisher on the 10K men's course with 35:18 to take 82nd place in the 141-runner race.

Nicole McCoy, a junior, finished 77th to lead the WSC women with a time of 25:03 on the 6,000-meter women's course.

The meet marked the end of the 2004 season for both teams.

## Diversity Visa Lottery Scam warning issued

Attorney General Jon Bruning issued a fraud warning to Nebraska's Spanish-speaking consumers regarding an e-mail scam purporting to be from the United States government have been circulating throughout Nebraska.

The e-mails congratulate the recipient as the lucky winner of the national visa lottery program. The e-mail also requests that the recipient mail in a passport photo and acceptance fees that can range from a few hundred dollars to several thousand dollars.

Individuals who receive DV Lottery e-mails should keep in mind the following:

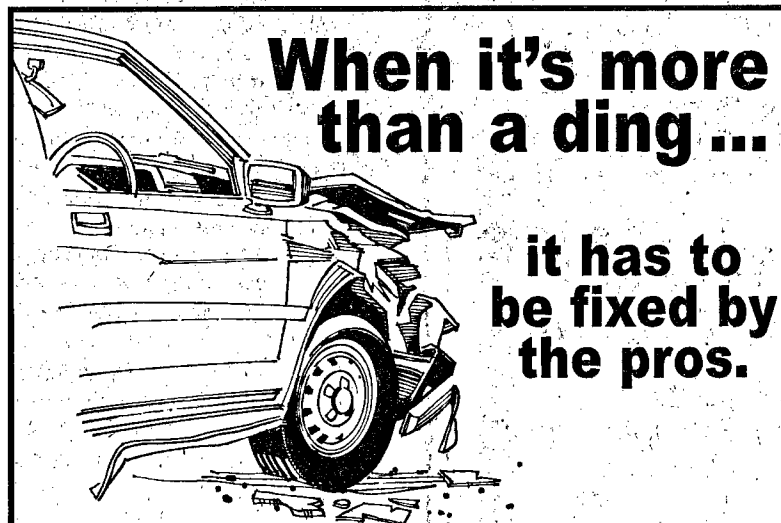

- Diversity Visas are NOT available to people from countries that have sent more than 50,000 immigrants to the United States in the last five years. This includes Canada and Mexico, among others.

- Applicants selected in the Diversity Visa random drawing are notified by regular mail by the Department of State Kentucky Consular Center to proceed to the next steps in visa processing. No other organization or office is authorized to send notification.

- For information about the legitimate Diversity Visa Lottery

or other visa and greencard programs, visit [www.uscis.gov](http://www.uscis.gov), [www.travel.state.gov](http://www.travel.state.gov) or contact your country's Consular office.

Consumers who believe they have been a victim of this scam should contact Renee Martinez-Junck, Latino outreach coordinator for the Nebraska Department of Justice, at (888) 727-6432 or [espanol@doj.ne.gov](mailto:espanol@doj.ne.gov). ## WSC radio station receives national recognition

The Wayne State College radio station, KWSC-FM (91.9 on the FM dial), was recently selected to participate in a national cybercast during the National College Media/ College Broadcasters Convention in Nashville, Tennessee, on Nov. 4.

The featured programming from K92 on the cybercast was "The Outlaw Country Show" and "The Best of the High Road." The station staff and its faculty advisor, WSC faculty member Maureen Carrigg, also attended the convention which drew over 3,000 students, advisors, and media professionals from throughout the U.S.

KWSC-FM received the invitation to participate in the cybercast in recognition of its designation as "Radio Station of the Year" in the Nebraska Collegiate Media Awards in 2004. "The Outlaw Country Show" was also awarded first place in the 2004 Nebraska Collegiate Media Awards, for air personality talent, and comprised the first hour of WSC's portion of the cybercast.

The second hour of WSC's participation in the cybercast was a compiled broadcast of "The Best of the High Road," a political public affairs radio show.

Other college and university radio stations invited to participate in the cybercast in Nashville were Loyola College (Baltimore, Md.), Ithaca College (Ithaca, N.Y.), Illinois State University (Normal, Ill.), and Saddleback College (Mission Viejo, Calif.).

KWSC-FM delivers music and newscasts to the campus and Wayne community.

As an extension of curricula in mass communication studies at WSC, much of its programming is developed by students through classes taught by WSC professors. The station is also student managed with the guidance of its faculty advisor, and provides the opportunity for students to acquire experience in radio programming, production, and engineering.

Our Savior Lutheran Church of Wayne will host its second installment of "Music and Muffins" at 2 p.m. on Sunday, Nov. 14.

All are invited to attend this hour of wonderful music. Admission is free and no offering will be taken.

Musicians for the afternoon will include the Wayne State Madrigal

Dr. Ron Lofgren

Singers, under the direction of Dr. Ron Lofgren and pianists Dr. Linda Christensen, Sister Maria Gabriel Moore and Emily Bruflat.

Dr. Lofgren, Associate Professor of Music, has been the director of choral activities at Wayne State since 2000. The Madrigal Singers are a select group of Wayne State College choral students who perform Elizabethan music. Dr. Lofgren said, "we have a fine group of singers this year and we are happy to have the opportunity to participate in this event."

Dr. Christensen has been Assistant Professor of Music at Wayne State since 2001. She teaches piano and music technology courses.

Sister Maria Gabriel is a full-time student at Wayne State, majoring in Elementary Education and K-12 Vocal Music Education. She is currently a student of Dr. Christensen's and a vocal student of Dr. Lofgren's.

WSC Madrigal Singers

Emily Bruflat is a junior at Wayne High School and has been a piano student of Marcile Uken's for over 12 years. She accompanies the Wayne High School Concert Choir and numerous other school and church vocal groups.

Piano music is featured in this

program to celebrate the completion of major restoration to the church's 1926 Steinway grand piano. Dedicated in the 1970's, this piano has been an integral part of worship at Our Savior. Sherie Lundahl, Director of Music Ministry at Our Savior, said, "we are really blessed to have people in

this congregation who want to see this instrument continue to be a vital part of worship."

She added, "We have phenomenally talented people who make magic out of the ivories."

Following the program, refreshments will be served in the Social Room.

## TOPS group holds meeting

TOPS #NE 200 Wayne met at Providence Medical Center on Nov. 3 with Chapter Leader Sheryl Doring presiding. One KOPS and 13 TOPS members recited their respective Pledges and answered roll call with "your favorite pie."

The secretary's report was accepted. The treasurer's report was not available.

The weekly "Best Loser" was TOPS member Joanne Kneifl. KOPS had a turtle, which means they maintained their weight from the week before. Joanne earned a coupon towards a charm. After collecting five coupons, members may exchange them for a charm provided by the Chapter.

The monthly "Best Loser" for October was TOPS member Carolyn Seier, who gets to keep the TOPSI statuette as she earned TOPSI for three consecutive months. A new statuette will be purchased by the Chapter. KOPS member Dorothy Nelson was "Best Loser" for the month. Carolyn and Dorothy earned a charm from the Chapter.

Statistics for the Chapter note that from Jan. 1 - April 30, 2004 there was an average member loss of 3.56 pounds; Jan. 1 - July 31, 2004, there was an average per member loss of 4.475 pounds and

from Jan. 1 - Oct. 2004, there was an average per member loss of 7.28 pounds.

It was noted that with commitment, fellowship and sharing, the members should be able to come through the holidays with a net loss. Members are continuing to have success with the "Steps for Health" pedometer program offered through UNL Cooperative Extension Service - Dixon County. Area Captains Kathy and Ron Young from Sioux City, Iowa were to be guests at the Nov. 10 meeting. A special program was presented at that time regarding the new food pyramid and low carb eating.

The Chapter is always looking for new members and new ideas. The group is encouraging anyone interested to "consider dropping in and seeing how we are 'losing' and still being 'winners.'"

The group meets every Wednesday at Providence Medical Center with weigh-in at 5:30 p.m. and the meeting at 6:10. Annual dues are \$20 which includes a monthly magazine from the national organization, weekly dues of 25¢; a charge of 50¢ if no food or calorie chart is kept and 10 cents per pound or fraction of a pound for a gain.

Each week a "Best Loser" and each month a "Best Loser" are recognized.

## Wants her America back!

It's Tuesday, Nov. 9, and it looks as if it will be a windy one. The weather bug on my computer is predicting 68 degrees, which I find no fault with. It also says it will get cooler as the week progresses. I guess it's truly Fall.

The election is over, thank goodness! And the "silent majority" has spoken. We suspected they were out there, but you certainly wouldn't know it from the media. They are still in shock that "moral values" trumped the economy and Iraq. We "religious types" are being examined and ridiculed as being more concerned with the words "under God" in the flag salute than the fact that our dollars don't buy as much and the nation is again in debt. I submit they are all a part of the same package.

You know I don't watch TV, but the Big Farmer does, especially the news. I caught a gentleman from Florida standing in line to get a flu shot, complaining "This is the United States of America, and I expect to get my vaccine!" A few weeks later, I saw Sharon Stone announcing "I want my America back!" So do I!

They both exemplify the sense of entitlement that has become pervasive in America today. A few years ago, we were having a hard time convincing folks to take a flu shot. And Sharon Stone's America probably doesn't match mine.

I doubt that she understands what represents America to me. It is the freedom to worship on Sunday, and hopefully, to live out my faith the rest of the week. It is football playoffs in November, on grass fields, with most of the locals watching on the sidelines.

It is soup suppers at the local churches, where folks from all the denominations converge for food and fellowship.

**The Farmer's Wife**  
By: Pat Meierhenry

It's Veteran's Day observances in the local schools. It's a benefit at the local tavern for a teacher with cancer. Boy, does this community know how to have a benefit! Ron at Round the Bend donates the use of his party room, which can accommodate at least five hundred. Food is donated, volunteers serve it (last weekend, it was the local volunteer fire department), and there is a silent auction of all kinds of donated items. The event last fall for another young man with cancer netted thousands of dollars.

It's the local service organizations whose sole purpose is to do charitable deeds. They open their meetings with prayer and the flag salute. I've been the speaker lately at the Optimist Club and the Association of Business and Professional Women. They are all

alike, in that they are carrying out service activities and fund raising for scholarships and the like. The meeting last night was in an Italian restaurant in Bellevue, where the party room has a totally patriotic décor. There are flags and stars all over, all in red, white, and blue.

A Dr. Kurt Senske has written a book that shows how doing good can relate to doing well in the business world. It's called "Executive Values" and the author was a finalist for the 2004 Ethics in Business Awards. I firmly believe a return to ethics and values would greatly enhance the economy and even guide us in international relations. I'm also realistic enough to know it's an uphill battle, but it won't stop me from trying. Let's get our America back!

## County elections begin

Farmers and rural landowners in Wayne County have until Dec. 6 to vote in local elections for USDA Farm Service Agency county committee members, according to Debra J. Pieper.

"Electing county committee members is an exercise in democracy," said Pieper, county Executive Director for the Wayne County FSA. "The locally elected committee shoulders primary responsibility for making national farm programs fit the needs and situations faced by local farmers. The members bring local expertise and knowledge to USDA's daily delivery of programs and services."

Ballots are being mailed to all eligible voters in those parts of the county where a committee member's term will expire Dec. 31, 2004.

Pieper said ballots must be filled out, signed and returned to the county FSA office by Dec. 6, 2004 to be counted. "It is important that producers sign their ballots. Without a valid signature, the ballot doesn't count."

Ballots will be counted publicly on Dec. 8, 2004. Elections may be challenged by nominees within 15 days after the results of an election are posted. Newly elected committee members and alternates take office Jan. 1, 2005.

Eligible voters who have not received ballots can acquire them from their administering FSA county office. Eligible voters must participate or cooperate in FSA programs.

FSA county committees make decisions on commodity price-support loans; payment eligibility; establishment of allotments and yields; conservation programs; incentive, indemnity and disaster payments for some commodities and other farm disaster assistance. The FSA county committee system, established in the 1930's, gives local farmers and ranchers a much-needed say in how farm programs are administered at the grass-roots level.

For more information about the county office committee and the election process, interested people should contact the Wayne County Farm Service Agency Office, located at 709 Providence Road, Wayne, Neb. 68787.

## Fall is a good time for soil testing

Soon it will be time to decide on the fertility program for 2005 in order to get those fall fertilizer discounts.

This will be very important this

year because of projected higher energy costs which will increase nitrogen costs for 2005. A change could occur after the November elections to reduce those energy costs, but that is very uncertain.

One of the key fertility management techniques is knowing what the 2005 crop will get from the soil. This is critical to develop a sound fertility program. Soil sampling becomes an even more important tool in order to determine the best fertility program for each field rather than just a farm sample. When to sample the field is often one of those decisions that needs to be made.

Proper sampling depth, proper number of acres per sample, topography and soil types are other important considerations to obtain correct nutrient status of the soil.

Check with your local extension office for additional information.

## Topp receives Chester I. Walters 'Extra Mile Award'

Amy Topp, Extension Educator with the University of Nebraska at Lincoln Cooperative Extension in Wayne County was recently awarded the Chester I. Walters "Extra Mile Award" at the Cooperative Extension's Fall Conference in Kearney on October 21, 2004.

The prestigious Chester I. Walters "Extra Mile" award is intended to recognize staff members who show evidence of "going beyond the call of duty" in carrying out the responsibilities of their particular assignment.

The award was presented to Amy by Elbert Dickey, Dean and Director of UNL-Cooperative Extension. A \$500 stipend is attached to the award.

The award citation letter said, in part, "Amy has a huge, aggressive, and inclusive extension program and there is not a person on this planet that cares more, works harder, or spends more time with youth and families as an engaged representative of UNL-Cooperative Extension in Youth Development. She is one of the best "hands on" youth Educators in the system. Parents trust her competence and her maturity and know she is willing to take the extra time and patience with their youth. She is a 3-time citizenship Washington Focus sponsor and many parents will wait on committing their kids until Amy commits to be the sponsor."

Amy is married to Trevor Topp, and they live near Winside. Her parents are Doug and Gail Malchow of Pender.

Amy Topp, left, accepts the "Extra Mile Award" from Elbert Dickey of UNL Cooperative Extension.

## What is the message the mass media is sending to children?

By Jennifer Mayfield,  
BNF Extension Educator.

In a society that is overly concerned with body size and conforming to the "one size fits all" slim size, it is no wonder our youth are succumbing to eating disorders,

**Amy Topp**  
Extension  
Educator  
4-H & Youth

depression, and drugs to be thin and fit in.

We all know by now that we do have a childhood obesity problem in this country, but there is and has been for a long time an effort by the money makers to make us believe that what we see in a magazine or on television is the ideal height and weight we should be striving for.

It has only been in recent years that models and other people of

fame have admitted that what we actually see is a trick of the new age of super computers designed to lengthen legs and make people look thinner.

When shopping for clothes you will find in stores targeted at young people, not all sizes are created equal. What used to be a size 8 is now actually a size 6 or less, some clothing lines do not even make clothes that go past a size 12 or 14. There is also the low jeans and shrunken tops that require a thin person with a flat stomach, and trying to find clothes that are not so revealing for young people is very difficult.

The media plays a sort of tug-of-war with all of us by promoting high fat and calorie foods while telling us thin is the cultural beauty norm. As an adult, a person has the ability to distinguish between what is realistic and what is not, but youth do not always understand that the images are not real.

One study of 4,294 network television commercials found that 1 out of every 3.8 commercials send some kind of attractiveness message, telling viewers what is attractive and what is not. The average adolescent sees over 5,000 attractiveness messages per year. Another survey showed that 40 percent of girls ages 9 and 10 years have already tried to lose weight and cite that the media is their main source of information on women's health issues. Studies also show that in girls ranging from grades 5-12 over half are dissatisfied with their body shape.

Approximately one in 100 adolescent females has the eating disorder anorexia nervosa. This disorder involves dieting to the point of self-

starvation. Death occurs for 10 to 25 percent of hospitalized cases. Bulimia nervosa is an eating disorder that involves the practice of binge eating or consuming very large amounts of food that may be followed by purging through vomiting, laxative use or excessive exercise. Bulimia affects 4 to 10 percent of adolescent girls and young women.

It is not just our young girls who are being targeted and at risk, males are also bombarded with images of the ideal man. There has been a steady increase in eating disorders for young males over the past few years as technology has increased the mass media outlets.

The bigger picture in this is that, as parents and consumers, we need to take a more active role in what we allow to come into our homes through media. Become media literate; know how to decipher what you see, hear and read, and then take time to talk to your children about the images that are out there. Promote a healthy lifestyle for the whole family that includes exercise, eating a variety of foods, and family time to help children feel confident and secure with who they are.
