Changes planned for recycled goods

Effective this week, the Wayne Recycling Center is undergoing several changes.

The Recycling Building is now closed.

The city of Wayne will still accept the same materials for recycling but they will be delivered to several different locations.

Cardboard should be taken to the baler located on the south wall of the Transfer Station.

Tin/Steel cans should be placed in the orange rolloff container located at the docks just south of the Boy Scout Paper trailer.

Aluminum cans should be placed in the green Boy Scout wagon at the dock.

Plastics need to be placed in the white mesh trailer next to the Boy Scout Paper trailer. These plastics no longer need to be sorted, but Joel Hansen, Public Works Superintendent noted that they must have a No. 1, 2 or 4 in the triangle on the container. This is generally located on the bottom of the container.

"The biggest reason for this change is to make the operation more efficient,"

Hansen said. He noted that the move will help centralize nearly all the items that can be recycled.

In addition to the items collected by the City of Wayne, the Boy Scouts accept newspaper and office paper.

"The blue containers will no longer be available on the north wall of the Transfer Station. Instead, all recycling materials other than cardboard will be located in one place, at the Boy Scout Trailer," Hansen said.

In 2004, the City of Wayne recycled 5,805 tons of tin; 0,975 tons of aluminum; 32,925 tons of cardboard and 6,175 tons of plastic.

The Transfer Station/ Recycling Center is open Mondays and Tuesdays from 9 a.m. to 1:30 p.m.; closed Wednesdays and Thursdays; Fridays from 9 a.m. to 1:30 p.m. and Saturdays from 8 a.m. to noon.

For more information, contact the Transfer Station at 375-1856 or the Street Department at 375-1300.

Groundbreaking

Despite rain and soggy ground, the Vanderlinden family took shovels in their hands on Sunday and broke ground on their future home. The home is the second being built by the Wayne Area Habitat for Humanity. Sunday's activities included a braat/hot dog feed, music, prayers by Pastor Mary Tyler Browne and speeches by Dan Rose, Mayor Lois Shelton and Malisa McCoy, a Habitat for Humanity homeowner.

Evans among teachers attending history trip to Boston area this summer

Michelle Sterling-Evans of Winside was among several local teachers who attended a history trip this summer to Boston and the surrounding area. The trip was sponsored by ESU#2. Evans shared her experience recently by showing a slide presentation to the Wayne Rotary Club.

On the tour, guides were dressed in colonial attire to authenticate the historical aspect. The group went to Boston first where historical preservation is very important. Their guide was dressed like Paul Revere.

They saw the old North Church which

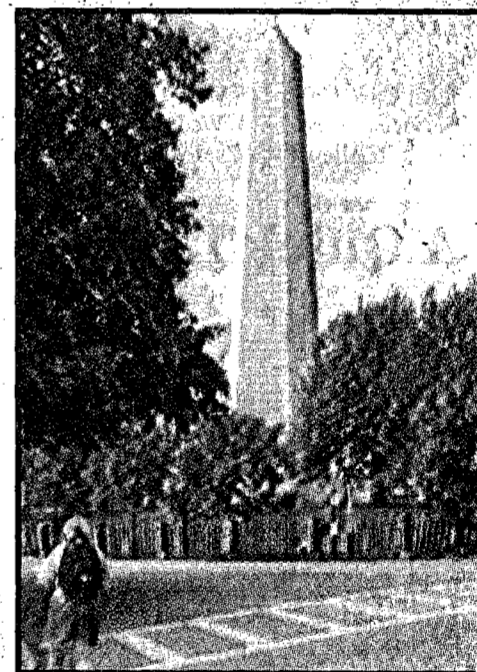

still has the original chandeliers hanging from the ceilings. The tour focused on history vs myth and the teachers found that much of history is tied to myth. The first day ended with a ride on an old time clipper ship.

The next day, the group was shown around Boston by a new interpreter who portrayed Elizabeth Otis, daughter of an American patriot. The teachers followed the Freedom Trail through Boston. Some of the sites they saw included Bunker Hill, Boston Commons, the Massachusetts capitol building, and Park Street Church (where ammunition was stored during the Revolutionary War).

They also visited the cemetery where Paul Revere and Warren Otis are buried. At the cemetery, the group studied tombstones and found the skull and wings design was used often during colonial times.

During the tour, some myths the group found included that Samuel Adams did not own a brewery, his cousin did, and Mother Goose was a real person who is buried in the same cemetery where Paul Revere is buried. They also learned Mother Goose was married and had 16 children. She died, her husband remarried and the second wife was the one who told the stories of the first Mother Goose. The group also visited Funnell Hall where the Boston Massacre occurred, which they found didn't happen as the history books have portrayed.

Other stops made were to the first school in Boston where a hopscotch is embedded into the sidewalk, old city hall where there is a large statue of Benjamin Franklin, and

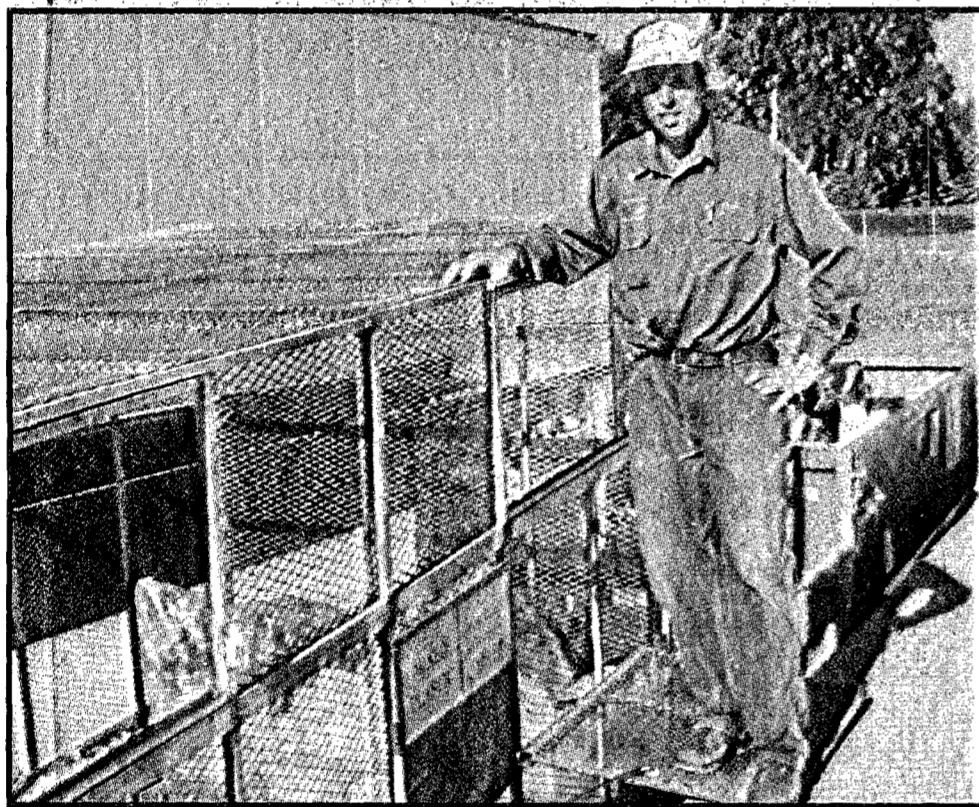

This is the Bunker Hill monument.

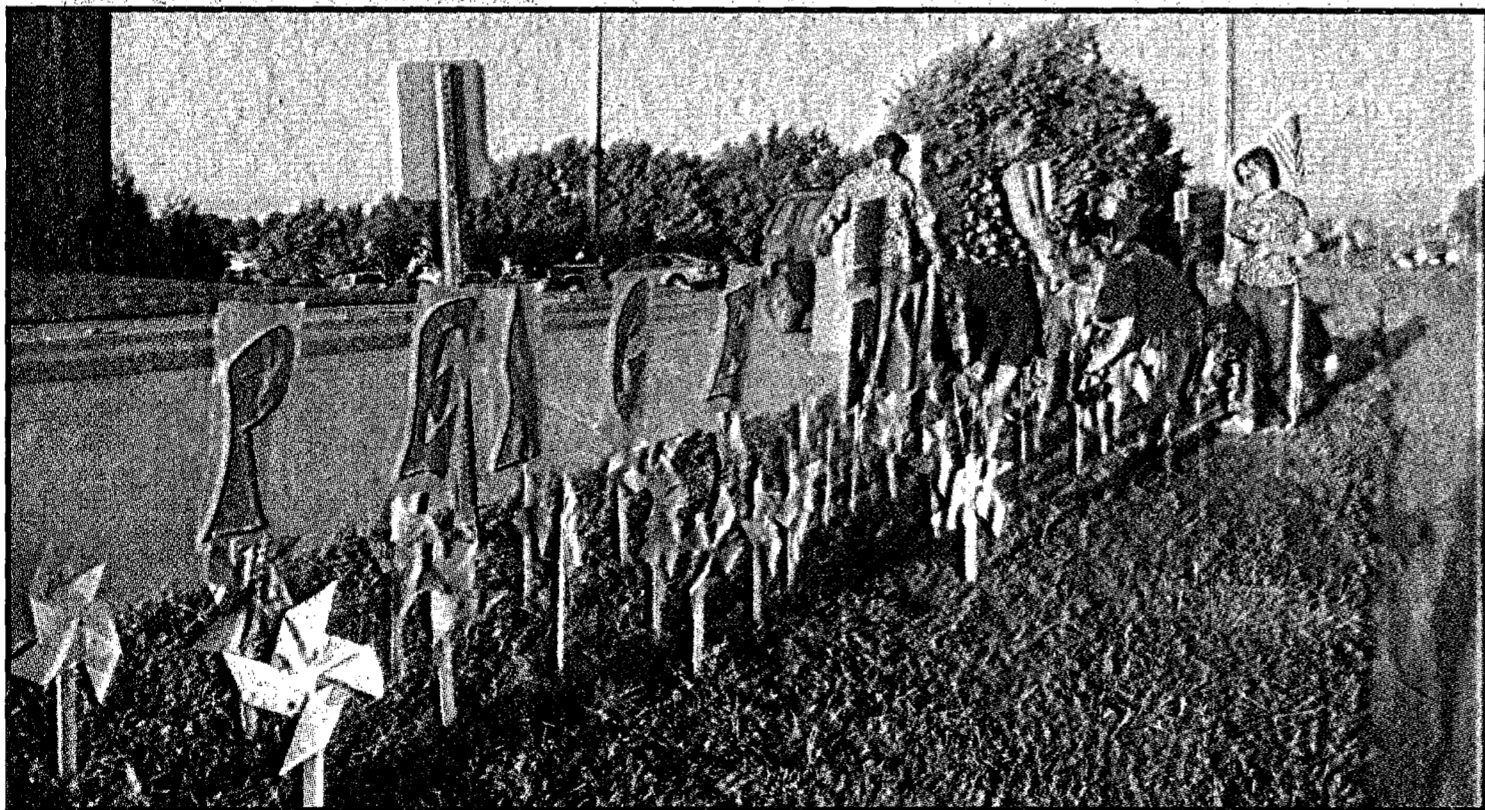

Bunker Hill (which has 293 steps to the top, much to Evans dismay). It was the anniversary of Bunker Hill so there were extra activities going on. One was a fif and drum corp playing and another was a man dressed in colonial garb firing an old rifle, which gave off a lot of smoke.

It was also U.S. Naval week so a lot of ships were in the harbor. The ship, U.S. Constitution, was there. It is taken out to sea twice a year.

Pinwheels for Peace

Wayne High School students lined the lawn in front of the school with their pinwheels last week in observance of International World Peace Day on Sept. 21. The students each wrote about what global peace meant to them or honored the troops serving in the military on one side of the pinwheel and then decorated the other side. Wayne Middle School students were also involved in the project.

Blood Drive sponsored by Rotaract, Biology Club

A blood drive will be held at the Wayne State College student center from 9 a.m. to 5 p.m. on Oct 5 and 6. Students from the Rotaract and biology clubs will be staffing a table outside of the cafeteria during the lunch and supper hours (roughly 11 a.m.-1 p.m. and 5 p.m.-7 p.m.) on Monday and Tuesday, Oct. 3 and 4 to sign up students, staff and faculty members for appointments.

Individuals from the greater Wayne community can e-mail Dr. Patricia Szczys, biology club sponsor, or call her at 375-7344 if they would like to make an appointment for the blood drive. Walk-ins are also very welcome.

"This blood drive will not only benefit our region, but will also be sent as needed to blood banks affected by Hurricane Katrina," said Szczys.

'Paul Revere Tonight' to be performed at WSC Oct. 4

A special performance featuring "Paul Revere Tonight," "The Midnight Night of Paul Revere" and "Casey at the Bat" will be presented Tuesday, Oct. 4, at 7 p.m. in Ley Theatre in the Brandenburg Education Building at Wayne State College.

The program is sponsored by Educational Service Unit #2, a Teaching American History Grant recipient, and Wayne State College. It is free and open to the public.

"Paul Revere Tonight" stars David Conner as Paul Revere. Conner was trained by the Paul Revere Memorial Association and appears frequently at the Paul Revere House in Boston. He portrayed Paul Revere on cable's A and E Biography Series.

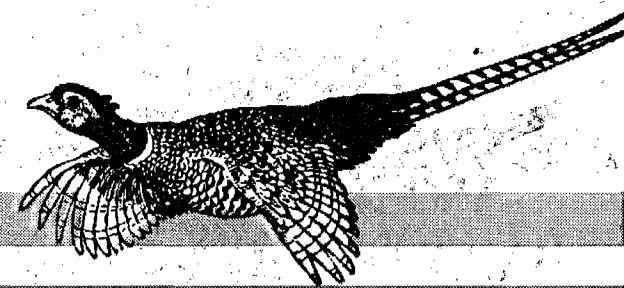

In this exclusive appearance, Paul Revere recounts his life in pre-revolutionary and revolutionary Boston, as well as his youth in the North End of Boston and his first affiliation with Old North Church as a teenage bellringer. He will set the record straight concerning his midnight ride, an event that has been widely interpreted by historians and poets.

Christopher Bing, an illustrator and Caldecott Award honoree, will present his work including "The Midnight Ride of Paul Revere" and "Casey at the Bat." A limited number of books will be available for purchase.

For further information about the program, please contact Dr. Don Hickey at 375-7298 or Dr. Mark Leeper at 375-7035.

Stolen credit card number leads to delivery of unordered pharmaceuticals

A Neligh, Nebraska man was recently surprised by the delivery of a large quantity of unordered pharmaceuticals. The man received 500 Viagra pills delivered to his home by registered mail, with a return address in India. The company that issued the pills had a Canadian telephone number.

The pills had been charged to the man's credit card. It is believed the credit card number was stolen during a recent vacation the family took to Canada. The man contacted authorities and his credit card company. The credit card company cancelled the man's card and credited his account for the loss.

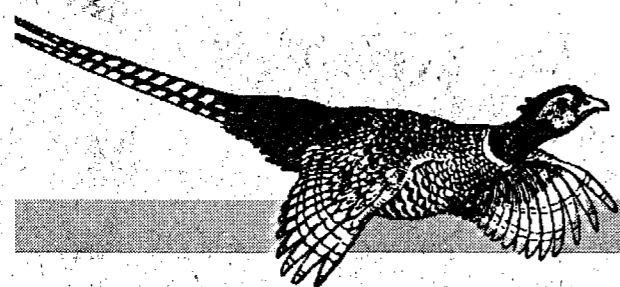

"This is a good example of how easy it is for someone to obtain your credit information and use it for fraudulent purposes," said Nebraska State Patrol Investigator Dennis Ternus. "We urge everyone to pay close attention to their credit card bills and if they notice suspicious activity or receive unordered purchases, to contact their credit card company and law enforcement immediately."

Information gathered was forwarded to the FBI. The unordered pharmaceuticals were destroyed.

Letters

Thanks for donations

Dear Editor,
We would like to thank the 53 donors who came to Grace Lutheran Church on Sept. 13. A total of 53 units of blood were collected.
Congratulations to the following donors who reached milestones:

We also want to thank the ladies who brought and served snacks.

Main Street Focus

Our best wishes go to Wayne State College for another successful Homecoming Weekend and may all the athletic teams have successful weekend games. The volleyball team has been 'awesome' and it looks like the football team may be on a winning streak after the last weekend game which they took handily.

Congratulations go out to all those people being inducted in the WSC Athletic "Hall of Fame." The Wayne community is proud of you and your accomplishments.

Our congratulations go out to Jane Rebensdorf and Mel Meyer. Jane will be opening "Plain Jane" on Friday from 4 to 8 p.m. with an open house that will continue through Saturday. Mel Meyer, who is an active Main Street volunteer, purchased a partnership share in a downtown business building. May you have success in your new ventures. Main Street is proud of you and the faith you have shown in our downtown.

A number of people have asked about putting up banners on the Main Street poles that are on both sides of Main Street in the 200 Block. Since we are without a manager at this time, organizations can arrange to have their banners placed over Main Street by contacting Gary Van Meter who is co-chair of our design committee. Gary then makes arrangements with the city maintenance department to have the banners hung. One of our first Main Street Wayne projects when we organized was to purchase the poles and then have them installed for that purpose. There is no fee for this.

Volunteers are needed on all our Main Street Wayne Committees, but right now the Promotion Committee can use volunteers to help with the upcoming Christmas Holiday events such as Fantasy Forest and Holiday Sounds, Holiday Parade and the Christmas Parade of Lights and Living Windows. The committee meets on Wednesday mornings at 8:15 a.m. in the Main Street Office. If you are interested, but can not make the meetings at this time, call Marie Mohr at Swans or Kate Lutt at Children's Collection. They are willing to look at different times for meetings if it will get more people involved.

The Nebraska Department of Economic Development, a partner with the Nebraska Lied Main Street Program, has slated a meet-

ing for Wednesday, Oct. 26 from 9 a.m. to 3 p.m. in the Elkhorn Room of the WSC Student Center. Department staff will present a department overview at 9 a.m., followed by tips on how to best use the department's programs and services. There is no fee, but registration deadline for the briefing is Oct. 21. To register, contact Christa Kinsley at 1-800-426-6505 or email christakinsley@ded.ne.gov

I mentioned in the last column that another of the partners to the Nebraska Lied Main Street Program is the UNL College of Architecture. We at Main Street Wayne are fortunate that they are partners because they have provided a great deal of help to many of our businesses. Using advanced undergraduate and graduate students along with a supervisory professor, they will design a new store front for you. You need to contact the Main Street office or Gary Van Meter who is co-chair of Design Committee.

You will be asked to complete a "Design Assistance Request Form" and return it to Gary or the Main Street office. Then an on-site visit by the UNL MS Design Team and a meeting with the property or business owner will take place. Photo documentation is necessary at that time and a set of illustrated recommendations will cost the property or business owner \$150. The MS Design Team then completes a written follow-up for the property or business owner to review. If refinements are needed, the MS Design Team will do them and a final copy is given to the property or business owner. If the property or business owner desires additional illustrated recommendations, an additional fee of \$100 per illustration will be added to the contract and invoice. If the project is implemented in accordance with the photo illustrated recommendations, a refund of \$50 of design service fee will be made to the property or business owner upon completion of the project.

To buy such services from an architect or designer would cost you far more than the fee charged by the Nebraska Lied Main Street Program.

Business owners, now is the time to consider looking at your business building and to make a decision to improve your building so that when the Main Street reconstruction is complete, your business building will be complete.

Capitol View

Osborne and Osborn to be on the ballot

By Ed Howard
Statehouse Correspondent,
The Nebraska Press Association

There will be two names on the 2006 primary election ballot that sound just the same.

Representative Tom Osborne will be there. He wants the Republican nomination for governor. He will face incumbent Governor David Heineman and businessman David Nabity.

Shane Osborn will be there, too. The former Navy officer, who recently pondered a bid for the U.S. Senate, will instead seek the GOP nomination for state treasurer. He will oppose incumbent Ron Ross, the man who was appointed by former Governor Mike Johanns in 2004.

Tom Osborne is the former Nebraska football coach. He is regarded as a hero of the Husker program by many. Osborne's teams won several national championships during the final years of his reign. He represents the 3rd District, a sprawling area that covers most of the state outside of eastern Nebraska.

Shane Osborn is the former Navy pilot regarded as a hero by some, including President Bush. Osborn safely landed a spy plane after it was damaged during a mid-air bumper-car incident with a Chinese fighter jet. The Chinese released Osborn and his crew after more than a week in captivity; and after taking the plane apart for some blatant spying of American technology.

Osborn, 31, went on to fly missions in Afghanistan and Iraq. He expressed interest in elective office almost immediately after the China episode. Polls show Shane Osborn has substantial name recognition. Tom Osborne's name is literally a household word.

Osborne and Osborn face at least one common question in their cam-

aigns. Critics question whether being a football coach and congressman qualifies Tom Osborne to be governor. Others question why being a Navy pilot qualifies Shane Osborn to be treasurer. Count on both men to point to their leadership and proven ability to handle stress.

Tom Osborne put up with more stress over a longer period of time. Shane Osborn arguably endured enough stress to last most folks a lifetime between the time that Chinese pilot thumped his plane, the subsequent landing, and then being held with his crew, by the communists.

Tom Osborne recently backed off a previous announcement that he

would serve just one, four-year term if elected governor. If the people feel his first term is worth-while, Osborne said, he will seek another term.

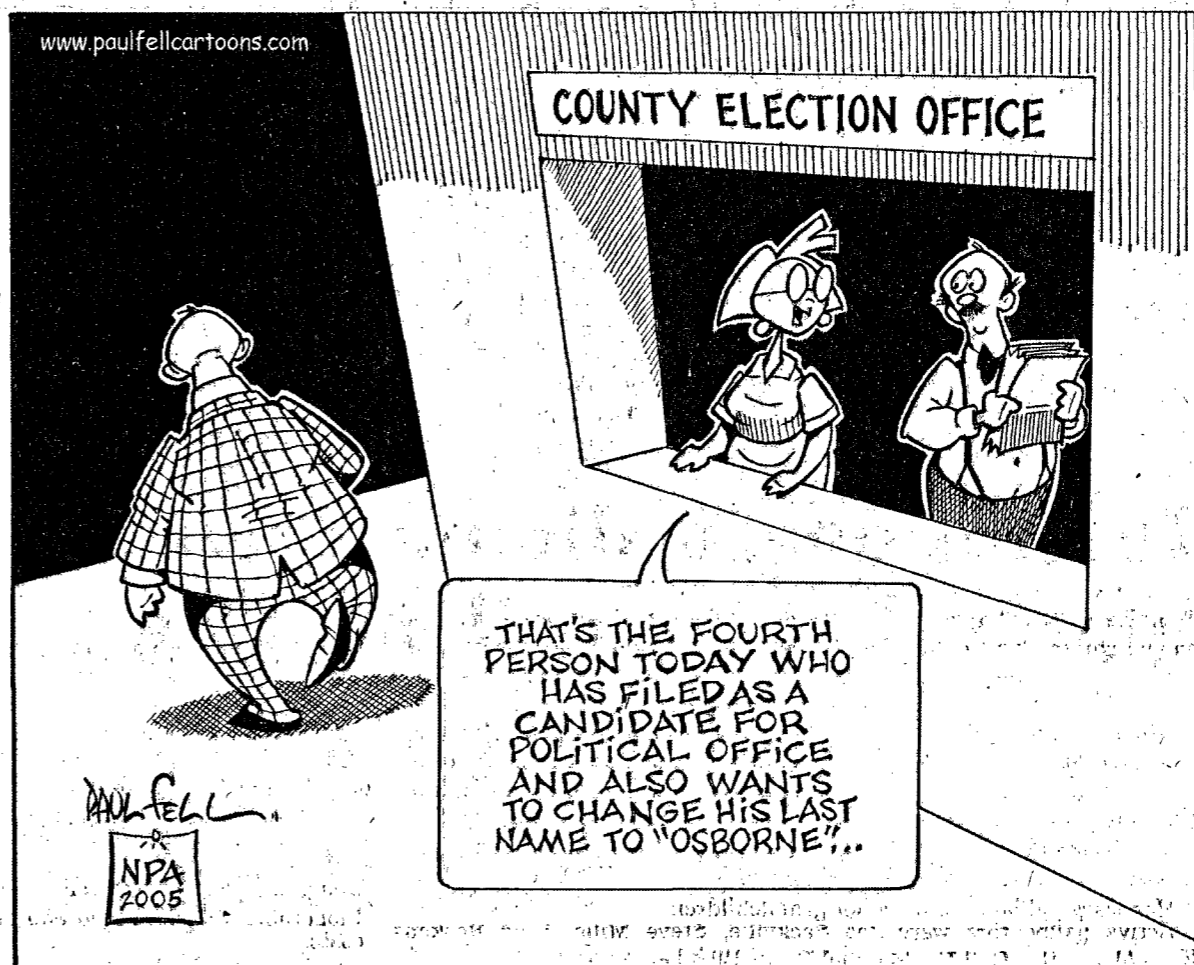

Shane Osborn is a political newcomer. Since he is interested in becoming a United States senator, you can figure that his political career is just beginning.

Ron Ross has his own problems. While director of Health and Human Services, Ross hired a former felon to run a state program. The felon did it again, this time at the expense of the state.

On another matter: Tom Osborne recently wrote to a couple of hundred GOP activists. He pointed to his record in Congress and that he

has done plenty of fundraising for the party in Nebraska and around the country. That move responded to concerns about longtime party regulars lining up with Heineman. The governor held a lot of party jobs and worked for former congressmen Doug Bereuter and Hal Daub before he became state treasurer, then lieutenant governor.

Heineman faces a potential weakness in that he was replaced in the treasurer's office by Lorelee Byrd. She later resigned after being convicted of malfeasance. It might not be fair to draw a line directly from Heineman to Byrd. Of course, "fair" is to politics as rain is to a drought. It happens, but it is not something to be counted upon.

Tribute to 189th Transportation Company of Nebraska

Freedom - The most desired privilege of all mankind, throughout the world, Americans can proclaim it proudly - with their "Stars and Strips" unfurled! But this most desired privilege - is not something that comes to us free!

Keeping our "America the Beautiful" free forever - from sea to shining sea! The U.S. of America - a shining example for the world for Freedom everywhere, whenever a disaster strikes - you'll know that - your National Guard is there.

When the "Mighty Force of Nature" - turns this peaceful scene upside down! and a Friendly Mother Nature's Smile - has suddenly turned into a Frown? Human hands or technology can do very little - to deter this tornado force, but for retuning nature's ravages back to normalcy - this is a source!

No need to face this desolation alone - your despair can turn into a cheer! When gratefully you realize - "This is America," Your National Guard is Here.

When terrorists and freedom hating madmen - try to destroy Our Way of Life, Americans will Fight for Liberty - Not Just Play their Drum and Fife."

They don't fight for World Dominion - or care about the color of the skin!

Only For that sense of Liberty and Freedom - that comes from deep within.

"God Bless America's men and women - as they strive for Freedom everywhere, "So For Freedom Sake" - "God Bless America" - "May This be Your Prayer."

continued from page 1A

The evening ended with the teachers watching the Boston Pops. The following day, the group visited Lexington and Concord. There is a statue of Abraham Lincoln there and also a monument to the men who fought in the Revolutionary War. There were many beautiful old historical houses in this area with a British guard on duty protecting one of them.

The group stayed at the Wilberton Inn, a beautiful old bed and breakfast located in the Green Mountains. On tour again, they saw the Bennington Battle site where a statue of Major Gen. John Stark is located. There was a monument there too but this one, Evans said, thankfully had an elevator in it.

Continuing the tour, the teachers saw a huge metal kettle that was used to cook porridge and meals to feed the soldiers during the Revolutionary War. They also stopped at Fort Mifflin where

the guide was dressed to look like a Native American Indian. Evans said this was an interesting place complete with canons.

"We had a little time so I explored," Evans said. "There is a lake in the distance and the Kings Gardens are below the fort. It is a beautiful place."

Another battle field they visited was Crown Point.

The group spent the night at Fort William McHenry. They visit on duty protecting one of them.

ed West Point, seeing the football field as well as the beautiful cathedral, which Evans said was a humbling experience. The chapel there is still used today. She added that the huge stained glass windows are awesome. The cemetery at West Point was the neatest one Evans had seen. There have been rules and guidelines established regarding the monuments as they were getting extravagant. One of the very ornate monuments is known as the 'Wedding Cake.'

"There are many famous people buried in the cemetery, including

Gen. Custer," Evans said. "But the ones that really touched my heart were the hundreds of markers of unknown soldiers."

The teachers saw the Potomac, complete with the large chains that were used to stop the British from coming up the river. The chains were under the water and the ships hit them and sunk.

Other sites the teachers visited were Washington's headquarters, Newburg, N.Y., Battle of Monmouth and Philadelphia where they saw the National Constitution Center, which Evans said was the neatest experience she has ever had. "It is so moving the way they talk about the constitution," Evans said. "I had tears in my eyes."

The group continued on to Princeton and the tour ended in Newport, R.I.

Also attending from this area were Peg Lutt, Wayne Community District #17; Pat Lutt, Sister Maria Gabriel Moore, Connie Clark, and Don Hickey, Wayne State College - Project Historian, all of Wayne State College; Sue Stingley, Mary Hansen, Clayton Steele, Chuck Potosnyak, and Patti Cunningham, all of Laurel-Concord; and Brad Hoising, Bancroft-Rosalie.

The next week, Evans traveled with a different history group associated with UN-L. The Nebraska Partnership for American History Educators traveled to Colonial Williamsburg, which Evans felt was a very neat place.

Evans ended by saying that the tour was busy but well worth attending. She recommends that if anyone gets a chance to visit Boston and the surrounding area to go as it is quite an experience to see where the democracy of our country took root, was fought for, and grew into what we have today.

Resolutions, ordinance receive approval at council meeting

By Clara Osten
Of the Herald

One ordinance and four resolutions received approval at Tuesday's meeting of the Wayne City Council.

The ordinance will amend the city zoning map and allow for the construction of a laundromat by Dave Zach at Fourth and Logan Streets.

A second ordinance received second reading approval, but the waiving of the third reading was stopped and tabled until the council's next meeting.

The ordinance would amend the city code to establish a charge for false fire alarms.

Curt Frye, Dean of Students at Wayne State College, told the council the college had just received a copy of the ordinance and forwarded it to their attorney for review. He asked the council to postpone the final approval of the ordinance until the college's attorney had time to review it.

Because the ordinance did not receive final approval, action on a resolution establishing a policy to charge \$1,500 per occurrence for false alarms was postponed until the council's next meeting.

Resolutions receiving approval included Resolution 2005-93, 2005-94, 2005-95 and 2005-96. The first renews a facility agreement with the Northern Nebraska Chapter of

the American Red Cross for the use of city facilities in the event of a disaster. The second resolution states the city's intention to the Nebraska Emergency Management Agency (NEMA) to complete tests IS100 and IS700 before Oct. 1, 2006.

Resolutions 2005-95 and 2005-96 both deal with the Nebraska Department of Roads In-Wayne paving project scheduled for 2006. The first provides for the submitting of an application for STP Enhancement Funds for the lighting to be installed with the project. The proposed plan calls for the installation of 70 carriage style lights that are similar to those in use in the city in 1890. These lights would replace the 40-foot highway lighting in the original plan.

Council members voiced concern that if the grant funding is not approved, the city have to find other ways to pay for the lighting which is more expensive than the lighting proposed by the Nebraska Department of Roads.

The general consensus of the council was that if the funding were not received, the city would move forward with the plan to use the 40-foot poles for lighting of the project which were originally proposed for the area.

Resolution 2005-96 approved an agreement with JEO Engineering and Construction Services for the utilities construction of the In-

Wayne paving project.

After considerable debate, the council voted 6-2 to grant an extension of 30 days for the completion of shingling of a house at 1116 Pearl Street. During this time, the city will bid the work out and if it is not completed by the owner in this time, the city will pay to have the work done and file a lien against the property.

The council gave its approval for the demolition and removal of the building at 814 Window Street and granted an extension until Nov. 1 to complete property maintenance code requirements for property at 314 East Fifth Street.

In other action, Mayor Lois Shelton made several appointments at Tuesday's meeting.

They include Pat Garvin to fill the interim position of Dale Alexander on the Recreation-Leisure Services Commission and Laura Gamble, Mark Gansbom, Bob Sherman, John Sinniger, Rocky Ruhl, Doug Carroll, Jeff Zeiss, Todd Hoeman, Don Buryanek and Jon Misfeldt to a committee for a Softball Complex Building. This group is exploratory at the present time with a goal of getting estimates on the cost of a new building and determining sources of funding for the project.

The council's next meeting is scheduled for Tuesday, Oct. 11 at 7:30 p.m. at the council chambers.

Governor declares Oct. 2-8, 2005 as Nebraska's Safe Schools Week

The role Nebraska's schools play in safety and emergency preparedness extends beyond the students, staff and facilities. In many communities, the school plays a key role in the local emergency response plans as well. At the request of The Center for Biopreparedness Education (a joint endeavor of UNMC and Creighton University Medical Center) and the Nebraska Department of Education, Governor Dave Heineman has declared the week of October 2-8, 2005, as Nebraska's Safe Schools Week.

Many of Nebraska's small towns will rely on the use of school facilities as mass vaccination clinics in the event of a public health emergency such as a small pox outbreak or worldwide flu epidemic. Emergency management agencies have included the use of school facilities as shelters or incident command centers in their disaster response plans.

Collaboration between leaders in education, law enforcement, government and business is critical to successful disaster preparedness

planning and the implementation of those plans should the need arise. As a part of Nebraska's Safe Schools Week, The Center for Biopreparedness Education and the Department of Education will honor five school administrators for their exemplary efforts in working with the preparedness community.

Among the honorees are Dr. Joe Reinert, Superintendent of Wayne Community Schools in Wayne; Dennis Berry, Principal, McCook Junior High School and Central Elementary School, McCook, Nebraska; Scott Swisher, Superintendent, Hartington Public Schools, Hartington, Nebraska; Joan Resznicek, Superintendent, Red Cloud Public Schools, Red Cloud, Nebraska; Lisa Sterba, Principal, Lewis and Clark Middle School, Omaha, Nebraska.

These five outstanding school administrators will be recognized with a luncheon at the Governor's Mansion on Oct. 5.

In 2002, in response to Federal and State initiatives to establish and improve the public health sys-

tem's response to biological events, the state's two medical schools - University of Nebraska Medical Center and Creighton University Medical Center - joined forces to form The Center for Biopreparedness Education, which is under the direction of the Chiefs of the Infectious Disease Departments at both medical centers and a multi agency consortium.

Through a variety of workshops and seminars offered at locations across the state, The Center for Biopreparedness Education provides educational opportunities in five areas: First Responder Training, Hospital Preparedness Education, School (K-12) Biopreparedness Programs, Public Health, and Medical Clinician Education.

In addition to providing training and presentations, The Center for Biopreparedness Education houses the nation's only free standing library devoted exclusively to information on chemical, biological, nuclear/radiological, and explosive events.

Wildcats notch their first win

After close finishes the previous two Saturdays, the Wayne State football team got its first win of the season last Saturday.

WSC downed Minnesota-Crookston 45-14 in what was the first-ever win for Wayne State in a Northern Sun conference opener since Wayne State joined the league in 1999.

It also marked the first WSC victory for new head coach Dan McLaughlin.

Wayne State forced six turnovers and used a balanced offensive attack to generate a season-high 337 yards in the win.

"The big difference in this game was execution," coach McLaughlin said. "We had no turnovers on ourselves this game and that was huge. We were pleased with the win."

WSC scored first at the 3:19 mark in the first quarter when freshman quarterback Travis Dietz connected with Josh Peterson on 26-yard pass to give the Wildcats a 7-0 lead.

Dietz completed 11 of 19 passes for 175 yards and three touchdowns to lead the Wildcats on offense.

Junior tailback Zach Molacek added another touchdown for Wayne State on a 10-yard scamper with 4:48 left in the first half.

The Golden Eagles were able to kick a 32-yard field goal in the final 10 seconds of the half to narrow the WSC lead to 14-3.

Dietz produced a second touchdown pass in the third frame as he found Marque McCray on a 28-yard pass play to put the Wildcats up 21-3 with 5:19 left in the quarter.

UMC answered on the final play of the quarter on another 32-yard field goal to give WSC a 21-6 lead after three quarters of play.

Alex Hall added another WSC score with 13:14 remaining in the game to pull the Wildcats ahead 28-6.

UMC once again answered as Chris Zellmer tossed a 16-yard scoring pass to Jordan Grafsgaard at the 9:05 mark, to narrow the gap to 28-14.

WSC preserved its lead with three insurance scores starting with a 13-yard interception return by Adam Peterson at the 7:19 mark.

Dietz put the Wildcats up 42-14 when he threw a 13-yard scoring strike to Jake Robinson with 4:44 left and Oscar Cervantes closed out the scoring with a 40-yard field goal at the 2:20 mark en route to the 45-14 final.

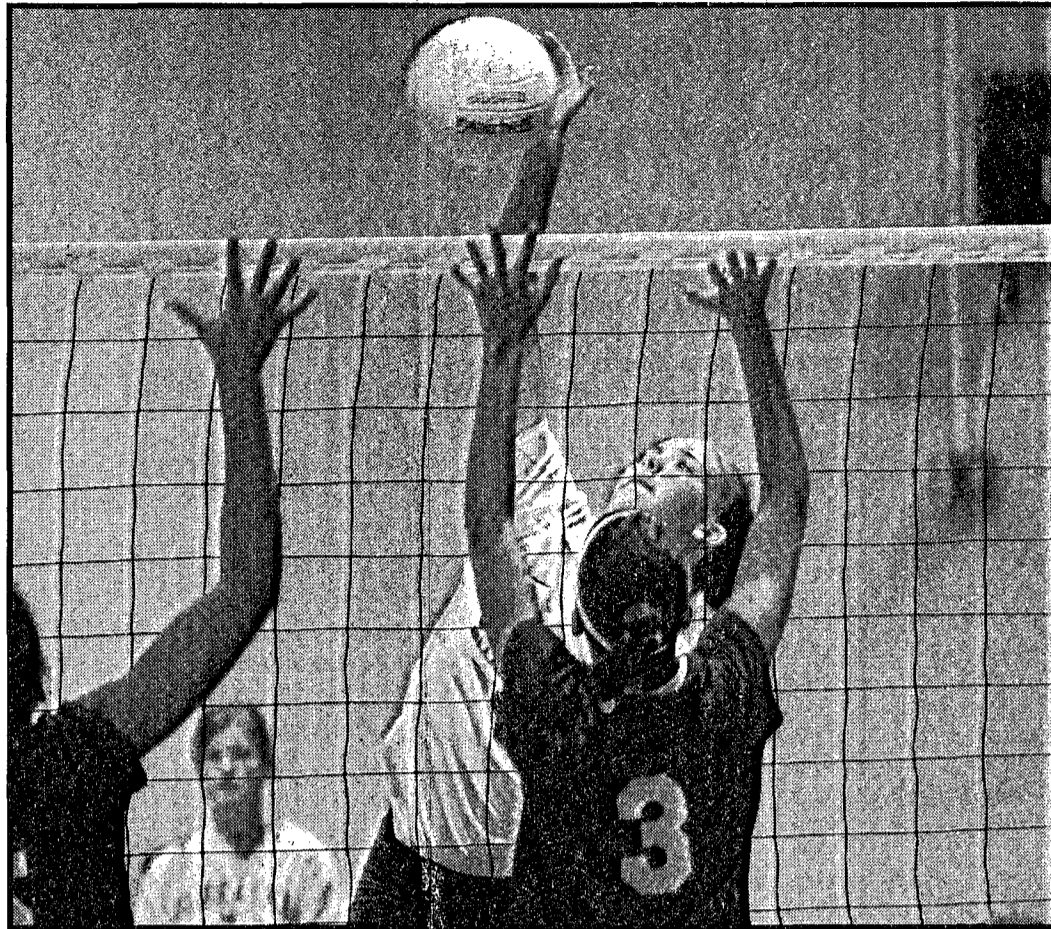

Zach Molacek had 80 yards rushing on 11 carries, while Alex Hall finished with 67 yards on 15 carries.

The Wildcat defensive unit was paced by senior linebacker Jeff Norton with 13 tackles, including one sack.

Wayne High posts impressive wins at home tournament

The Wayne High volleyball team successfully defended its Wayne Tournament title with three exciting wins on Saturday against Madison, Pierce and Wisner-Pilger.

Wayne faced a tough test in its second game against Mid-State conference foe Pierce in a game that saw WHS edge the Bluejays 25-21, 28-26.

The win was a see-saw affair, especially in the second set, but Hoskins credited teamwork with taking control of momentum to seize the win.

Mann also finished with 10 digs to lead the defense.

"Our conference tournament should be very competitive with many strong teams. I think if we are able to stay focused and just go out and play we will continue to be successful," Hoskins added.

Bahe to earn recognition

FREMONT — A Wayne native will receive some special recognition in early December.

Al Bahe, a 1946 Wayne High graduate who went on to become a standout athlete in basketball and football at Wayne State College, will have a gymnasium named in his honor on Thursday, Dec. 8, at a ceremony between basketball games at Fremont High School.

The Fremont Public Schools recently voted to honor Bahe, who served as the Tigers' athletic director for 32 years.

Bahe is the only coach in Fremont High history to have coached three state championship teams — golf in 1958, basketball in 1961 and football in 1968. He attended WSC from 1946-50 and coached at West Point and Central City before coaching at Fremont.

Bahe was inducted into the Wayne State Athletic Hall of Fame in 1979.

To help pay for the permanent recognition of Bahe at the gym and to establish a yearly scholarship in his name to a FHS graduate, a fund designated as the Al Bahe Gymnasium Fund has been set up through the Fremont Area Community Foundation. Contributions are tax-deductible and can be mailed to the foundation at: PO, Box 182, Fremont, NE, 68026-0182.

Wayne State golfer medals at tourney

The schedule said it was to be a two-day tournament, but Mother Nature had other ideas.

The two-day Northwest Iowa Classic Men's Golf Tournament that featured the Wayne State men's golf team was shortened to just one day after heavy rains and thunderstorms cancelled the second day of the tournament Saturday in Storm Lake, Iowa.

In the first day of the tournament played at Landsmeer Golf Club in Orange City, Iowa, Wayne State shot a team score of 313 to finish in a tie for fifth place with

Northwestern College's Red Team. Individually, Scott Cudly, a sophomore from Columbus, tied for medalist honors with a round of 73. Also shooting a 73 was Alex Downing of Buena Vista.

Jason Love fired a 79 to finish in a tie for 20th. Other WSC scores included: Jared Wetovick with an 80, Colin Wilson shot 81 and Alec Rector finished with an 85.

Wayne State was scheduled to play in the NCAA Fall Central Regional Tournament at Detroit Lakes, Minnesota this weekend.

Luke Hoffinan and Dan Kruger each added 10 stops.

Adam Peterson and Mitch Reeves each had one interception, while Jeff Rathman made two fumble recoveries.

Wayne State, now 1-4 overall and 1-0 in the NSIC, will host MSU-Moorhead this Saturday at 1 p.m. in the Homecoming/Hall of Fame Game at Cunningham Field in Wayne.

Two players honored

Two Wayne State players were named as Northern Sun players of the week by Northern Sun coaches on Monday.

Tackle Dan Kruger was named as defensive player of the week, while placekicker Oscar Cervantes was the special teams honoree.

Kruger, a 6-2, 260-pound senior has 10 tackles and two sacks on Saturday and currently leads the conference in quarterback sacks.

Cervantes, a 5-8, 150-pound junior, was perfect on his six extra point attempts and added a 40-yard field goal for WSC in Saturday's win.

WSC currently leads the conference in field goals, point-after-kicks, field goal scoring and kickoff coverage.

Both players also earned recognition as Nebraska Division II Athletes of the Week on Tuesday.

Wayne vs. West Point-Beemer

In what's been a season of major upsets compliments of the Blue Devils, Wayne add another team to its impressive list.

WHS knocked off previously unbeaten West Point-Beemer in Wayne on Tuesday night, 25-12, 25-20 and 25-16.

Dickey recorded 39 set assists and Mann, Hoeman and Heithold led the Blue Devils at the net with nine kills apiece.

Wayne had three double-digit leaders in digs as Jarvi, Mann and Frahm tallied 14, 13 and 12 digs, respectively.

Jarvi and Heithold each provided three ace blocks in the Blue Devil win.

Wayne won both the earlier JV and freshmen matches.

The JV squad posted set scores of 25-16, 25-15 and the freshmen team won 26-24 and 25-16.

Wayne will hit the road this Saturday for tournament play at Wakefield and will travel to Pierce on Tuesday evening for a triangular. The final home match for WHS will be on Thursday, Oct. 13.

Wayne High senior David Loberg attempts a tackle, while Crofton's Brady Arens avoids a facemask penalty in last Friday's home loss to Crofton.

Blue Devils pick up first loss in Crofton shutout

District play continues this week at Pierce

Once the Crofton machine started to roll, it was tough to stop.

Wayne opened District play last Friday with a 46-point shutout to Crofton at Cunningham Field at Wayne State College.

Thing got going on the fast track when Crofton jumped to a quick 14-point lead with touchdowns at the 8:29 and 1:34 marks in the opening quarter.

The Warriors added two more touchdowns in the second frame at 5:19 and 1:38 to hold a 28-0 lead at intermission.

Wayne was able to limit the Warriors to one touchdown in the third period when Crofton scored with 6:34 left in the quarter.

Know Your NASCAR!

WOMEN OF NASCAR
Louise Smith

Louise Smith still has that twinkle in her eye when talking about the "good days of racing."

Known as racing's "Good ol' Gal," Smith experienced life to the fullest, trying her hand at the "good ol' boys," in NASCAR's fledgling days, and she's the first to admit she wishes she was still young enough to strap on a helmet and go fender-to-fender with NASCAR's best.

In an era when no one thought it possible for a lady to get behind the wheel of a race car, Smith, a Greenville native proved everyone wrong. She was definitely ahead of her time. She raced anything that had wheels, from Modifieds to Sportsman cars and the Grand Nationals (now NASCAR Winston Cup). From 1946 through 1956, Smith was widely known throughout the racing world.

"I enjoyed every minute of it," Smith says of her career. "I traveled all over North America, racing everywhere I could, and had fun with it. Didn't make a whole lot of money, but if I could do it again today, I'd do it, and I think I'd make it."

Those who knew her thought Smith was crazy. In the early years of NASCAR, Bill France Sr., NASCAR's founder, used Smith to promote races from the Southeast to Canada. She was a novelty and had talent.

Once when NASCAR was having a race at Greenville-Pickens Speedway -- her home track -- a gimmick was needed to promote the event. Someone suggested that woman driver -- Smith -- because she'd "out-run every highway patrol and lawman in Greenville." Thus, began her driving career.

"They told me if I saw a red flag to stop," remembers Smith. "They didn't say anything about the checkered flag. I wondered what all the cars were and then as I was all alone on the track, I noticed them all in the pits. They finally threw the red flag and I pulled in. I had finished third."

In her career, she captured 28 victories. In the mid-1970s she became involved in the sport again, sponsoring such drivers as Ronnie Thomas, Bobby Wawak and Larry Pearson. She remains involved in the sport today as part of the Miss Southern 500 Scholarship Pageant at Darlington Raceway.

the field."

Nic Roeder paced the Bears with 15 tackles, followed by Ian Engebretsen with 13, Tate Cunningham with 11 and Phil Nelson with 10.

Wayne High golfer Sheree Kathol takes a shot around a tree in last Thursday's Richard Metteer Invitational at the Wayne Country Club.

Wayne High golfers host Metteer meet

Wayne High's golf team continues to improve its play heading into the final weeks of the fall season. The team overcame windy and rainy conditions on Sept. 22 at the annual Richard Metteer Invitational at the Wayne Country Club to finish sixth in the 18-team tournament with a 426.

Jenny Nolte carded a 92 to lead Wayne with a fourth-place finish. Other Wayne scores included: 19. Sheree Kathol 102, Kourtney Schmale 111, Liz Baier 121 and Maddy Moser 141.

"Our girls survived a shaky start and finished off well," Wayne coach Eric Henderson said. "Jenny is really peaking at the right time."

This Tuesday, Wayne competed in the Mid-State Conference tournament in Albion.

Nolte led Wayne with her fifth

place finish and a 91. Wayne placed fifth in the team standings with a 457.

Kathol recorded a 106, Baier improved to 101 and Moser carded a 149 at the conference meet.

In other recent tournament play, Nolte fired a 42 to claim medalist honors at the Cedar Catholic Triangular played in Hartington on Sept. 15.

Wayne placed first in the team standings with 205, while Cedar took second with 210 with the Cedar B team in third with 228 and Pierce in fourth with 260.

Kathol shot a 50 to lead Wayne's other golfers, followed by Schmale's 51, Baier's 62 and Moser with 69.

Wayne will play in the Columbus Scotus Invite on Thursday (today) and the Oakland-Craig Invitational on Saturday.

Rugby to showcase here this Saturday

The Wayne State men's and women's rugby teams will be going for their third straight Great Plains Rugby Conference title on Saturday with a home game against South Dakota State.

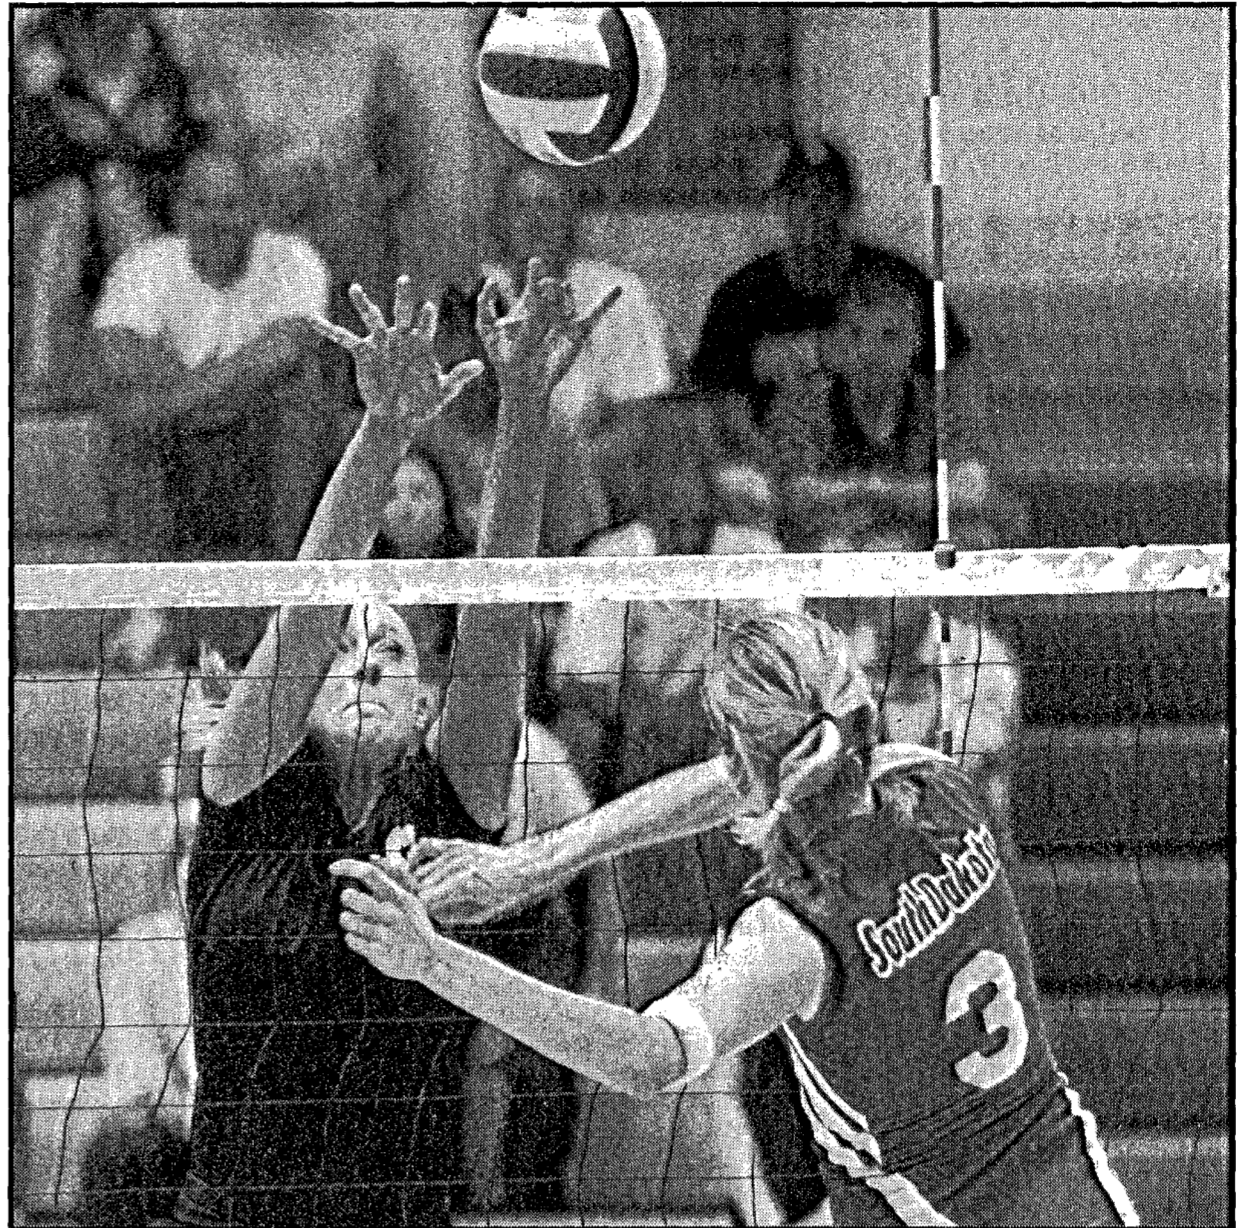

The winners of these games will be looking to get an automatic berth in the USA National playoffs representing the conference.

Last year when these two teams met, the men's game was tied at halftime and the women's team was only ahead by one touchdown until late in the game.

"Both teams are hungry for a three-peat and want to go to the national playoffs for the third straight year," WSC coach Darrin Barner said. "This is going to be a knock down, drag out to the final whistle, this is going to be a thriller."

The Wildcats will defend their title at the Wayne Rugby Complex next to the city softball fields.

The men's game is at 3 p.m. and the women's game will follow at 4:30.

Emily Schroeder jumps for a block in last Wednesday's Wayne State volleyball home opener against the University of South Dakota.

WSC volleyball now 16-4

Big wins and new school records all happened for the Wayne State College volleyball team this past week.

The team downed the University of South Dakota in its home opener last week, added two road wins over the weekend and defeated Concordia College at home earlier this week.

WSC vs. South Dakota

The 640 fans who gathered to watch the home opener for the WSC volleyball team had plenty to cheer about last Wednesday evening.

The Wildcats downed the University of South Dakota in straight sets at Rice Auditorium 30-25, 30-15, 30-20.

Senior middle hitter Jacey Kuck Schwarz nailed a game-high 19 kills, while outside hitter and Laurel-Concordia standout Emily Schroeder pounded 13 kills, along with two blocks to pace the Wildcats.

Winside senior Julie Jacobsen set up the hitters with her 40 set assists.

Jacobsen got the tempo started for the Wildcats when she set up to kills for Kuck Schwarz to allow WSC to take an early 7-3 lead in the first match.

The pair also broke a 14-all tie in the first match to allow WSC to move ahead with a 16-15 advantage.

Jacobsen helped the Wildcats cruise to the first-set win with three consecutive aces at the end of the match.

WSC's 10-2 run in the second set proved to be too much as the Coyotes found themselves down 24-12 and unable to stop the Wildcat momentum.

More kills by Kuck Schwarz and Schroeder helped WSC lead by as many as 13 points in the final set of the evening.

Sophomore libero Laura Dolezal finished with 22 digs, while

Schroeder and Meredy Dubbs each finished with 11 digs.

WSC vs. Northern State

The Wildcats rallied from a two-game deficit, thanks to record-setting outings from two players in a five-set win at Northern State in Aberdeen, S.D., on Friday.

Northern won the first two games 30-28 and 30-21, but the Wildcats got the win with match wins of 30-25, 30-15, 15-6 to snap the Wolves' five-game win streak.

Two Wildcats set new school marks in the win as Jacobsen dished out 73 assists and Dolezal provided 49 digs.

"We had a total mental breakdown in the first two games, but I thought our team showed a lot of character by coming back to win," WSC coach Scott Kneiff said. "We did some really good things in the final three games and played the way we are capable of. Julie Jacobsen and Laura Dolezal had incredible matches, school-record performances. It was just a great comeback win for our team."

Kuck Schwarz pounded 27 kills and 20 digs, while Schroeder tallied 23 kills and 17 digs.

Other Wildcat leaders included Michelle Eckhardt, who finished with 18 kills and 14 kills from freshman Brittany Van Beek.

WSC vs. MSU-Moorhead

The Wildcats rallied in another impressive road win on Saturday.

The team came back from an 11-3 deficit in the fifth game to win 18-16 at 23rd-ranked MSU-Moorhead in conference volleyball action on Saturday afternoon in Moorhead, Minn.

The win improved the Wildcats to 3-1 in Northern Sun conference play.

"It was one of the craziest matches I've ever been a part of," Kneiff said. "Our team showed a lot of heart, trailing 11-3 in the fifth game. They wouldn't give up on

each other. It's the greatest comeback I've been associated with."

Kuck Schwarz paced a balanced Wayne State attack with 17 kills and 23 digs, Schroeder added 15 kills and 22 digs, while Dolezal recorded 22 digs.

Eckhardt finished in double digits as she nailed 12 kills and Jacobsen finished with 42 set assists and 12 digs.

WSC vs. Concordia

The Wayne State College volleyball team improved to 16-4 on the season with a three-game sweep (30-25, 30-23 and 30-22) against Concordia University of Nebraska on a home match on Tuesday evening.

Kuck Schwarz recorded 16 kills and 12 digs to pace WSC, while Van Beek also reached double figures with 10 kills.

Dolezal led the Wildcat defense with 23 digs, followed by Meredy Dubbs with 16 and Julie Jacobsen with 14. Jacobsen also finished with 38 set assists and a pair of ace serves.

The Wildcats resume Northern Sun Conference play this weekend and will host Bemidji State Friday at 7 p.m. and Minnesota-Crookston at 5 p.m. on Saturday.

Jacobsen, Dolezal honored

Julie Jacobsen and Laura Dolezal each earned Northern Sun player of the week honors for volleyball by conference officials on Monday.

Jacobsen, who was named "Setter of the Week" averaged 11.92 assists per game, including her record-setting 73 assists against Northern State.

Dolezal was honored as the NSIC "Defensive Player of the Week" after coming up with 71 digs, including her school record performance of 49 digs in the Northern State game last Friday.

Dolezal was also recognized as the Nebraska NCAA Division II Volleyball Player of the Week.

WSC cross country team continues to dominate

The Wayne State College men's and women's cross country teams got their first look at some conference competition as the teams participated in the Roy Griak Invitational at the University of Minnesota last Saturday.

The WSC men placed 17th out of 43 teams overall and was first among Northern Sun Conference schools, while the women's team only had four runners compete and did not qualify for a team score.

Wisconsin-LaCrosse won the men's division with 80 points, followed by Minnesota State (104), South Dakota (152), Wartburg (186) and Wisconsin-Oshkosh (195) rounding out the top five teams. WSC posted a team score of 520.

Freshman Casey Ide was the top finisher for the Wildcats, as he placed 51st out of 411 runners with a time of 26:49 on the 8,000-meter

course.

Ide was also the top individual among the NSIC schools competing at the meet.

Jeremiah Herron crossed the line in 76th place at 27:10 with Matt Schneider 116th in 27:34.

Other WSC finishers included: Ben Crabtree (119th-27:36); Nathaniel Bergen (245th-29:02); Stephen Lamas (299th-29:48) and Nate McIntire (344th-30:53).

In the women's division, Wisconsin-LaCrosse finished first with 60 points and Black Hills State was a distant second with 141 points. North Dakota (155), South Dakota (156) and Wartburg (161) rounded out the top five teams.

For Wayne State, junior Haley Reeves continued her impressive start to the season with a 50th place finish out of 279 runners.

Her time was 24:16 over the

5,000-meter course.

Other WSC runners included: Erin Norenberg (86th-24:50); Nicole McCoy (118th-25:20) and Ashley Smith (190th-26:52).

The next meet for Wayne State will be this Saturday, Oct. 1 when the Wildcats host the WSC Alumni Invitational at the Wayne Country Club starting with a fun run at 9 a.m.

The men's and women's college races begin at 10 a.m.

KING & QUEEN ARE NAMED

Nathan Sturges and Samantha Bock were named 2005 Homecoming King and Queen at the Homecoming Coronation on Sept. 23. Nathan is the son of LeAnn and Kevin Hoffman, and Sam is the daughter of Rob and Joy Bock.

Following the announcement of King and Queen, the seniors were asked to sit up front in chairs with their mothers standing behind them. In front of them was a table of shoes, where each senior had to choose their shoe or shoes (in the case of Alissa Koester, whose mom just brought a type of shoe from Alissa's closet—several flip flop sandals tied together with a rope). This game was followed by a slide show of the class of 2006 from

membership chairman as Wanda has resigned.

Jean reported she has received 59 membership dues. Members who haven't paid them please do so soon. Sunshine Chairman Donna needs cards to send to members. It was voted to buy them from the Department.

FRIENDs officers posed for a photo during the recent United Way Street Rally. They include, front row, left to right, Hannah Mitiku, Halsey Lutt, Alayna Theobald and Jordan Alexander. Back row, Shannon Jarvi and Ms. Joan Sudmann, advisor.

FRIENDs group begins new year

The Middle School FRIENDs group began the school year with a successful pledge drive.

This year's motto was "Cupcakes Not Drugs." The Kickoff Committee, chaired by Anna Osten, baked a cupcake for each student who turned in a drug-free pledge. To date, 96 seventh and eighth grade students have signed the pledge.

Newly elected FRIENDs officers are: Alayna Theobald, president; Jordan Alexander, vice president; Hannah Mitiku, secretary; Shannon Jarvi, treasurer and Halsey Lutt, historian.

The officers and their sponsor, Middle School Counselor, Joan Sudmann, had a table at the United Way Street Rally on Sept. 23. Informational brochures about tobacco, alcohol and illegal drugs, stickers and FRIENDs buttons, along with a healthy trail mix snack, were given away to passers by.

FRIENDs, formed in 1990 by Wayne Middle School students, stands for "Facts Raising Interest Ending Needless Drugs." The group promotes positive, drug-free lifestyle choices and is funded in part by Wayne United Way.

Ricardo Garcia, a professor of education at UN-L, was the speaker for the Brown Bag Series on Sept. 13 at WSC.

The Wayne State College School of Arts and Humanities, Department of Language and Literature and the WSC Office of Multicultural Affairs hosted Ricardo Garcia on Sept. 13.

While at Wayne State, Garcia visited classes and presented a public Brown Bag Series presentation, "The Art and Practice of Hispano Storytelling," in the Niobrara Room of the WSC student center.

Garcia is a professor of education at the University of Neb.-Lincoln, where he teaches and advises masters and doctoral students.

Scholarships presented at UNL

Sheila Meyer of Wayne and Megan Jensen of Wakefield, graduates of Wayne High School, have recently earned scholarships from the University of Nebraska.

Both are enrolled in the College of Agricultural Sciences and Natural Resources.

Meyer is a sophomore at UNL

and earned the George C McGinnis Scholarship valued at \$1,300. She is the daughter of Mike and Michelle Meyer of Wayne.

Jensen is also a sophomore at UNL and was awarded a Holling Memorial Scholarship valued at \$1,300. She is the daughter of Ray and Theresa Jensen of Wakefield.

UNK Marching Band to perform in Italy

The members of the University of Nebraska at Kearney Pride of the Plains marching band will ring in the New Year in Italy.

The UNK band is scheduled to take a seven-day tour of Italy, performing in Florence, Montecatini and Rome. The marching band will also join bands from all over Europe to participate in Rome's New Year's Parade. The parade will begin at Castel Sant' Angelo

and conclude at St. Peter's Square. The parade music will consist of the Italian National Anthem, the Star Spangled Banner and Beethoven's Ode to Joy.

Emily Brady and Joseph Brumm, graduates of Wayne High School, will be among those taking part in the trip.

Emily is the daughter of Jeff and Mary Brady and Joseph is the son of Mike and Jan Brumm. All are of

Wayne.

While in Italy, students will tour the Coliseum, the Pantheon, St. Peter's Basilica, the Vatican Museums and the Sistine Chapel.

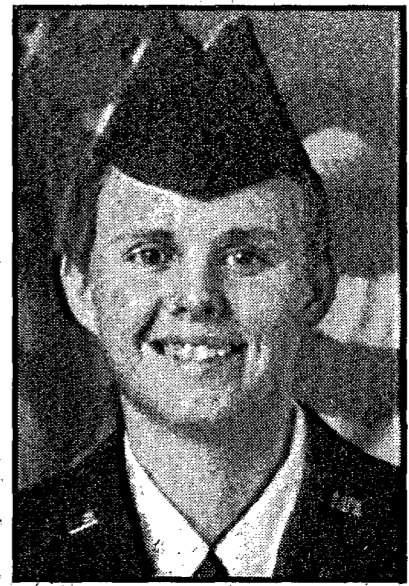

The UNK marching band will sound different than European bands because of the drumline. Although an integral part of American marching bands, the drumline is fairly unique to America, and "the sound will be different from what you will hear over there a lot," said Dr. Neal Schnoor, UNK assistant director of bands.

In addition to the parade, selected members of the band will also perform in smaller ensembles, including the brass quintet and brass choir. In addition, UNK will be represented by several duets and an oboe solo by Lindsay Roper (Elwood). According to Dr. Schnoor, there could be up to 20-30 groups.

"Because UNK has so many music majors, they can perform great music in addition to marching band," Dr. Schnoor said.

More than 50 percent of the UNK band is made up of non-music majors. The university band members represent 20 departments, all four colleges and the UNMC nursing program.

"These are kids who want to be in band," said Dr. Schnoor.

Tymarie Tyrell and Brooke Miller work with an electronic balance to determine the absorbency quality of various fabrics. They also determined the strength and permeability of fabrics. This lab was part of their textile science studies in Fashion Design and Apparel class at Wayne High School. The class is taught by Karen Schardt.

Wayne Lions Club has meeting

The Wayne Lions Club held their September dinner meeting at Tacos & More. Special guests were District Governor Lion Randy Ritterbush and his wife, Karen from Battle Creek.

Lion Ritterbush informed the club that the International Lions Club 2006 Convention that was to be in New Orleans would be at another location.

Would tasks within our community be accomplished without the willingness to serve was the question Lion Ritterbush asked the group. Dr. Ashok Mehta of India is President of the International Association of Lions Clubs. His focus is sight first with a special passion to perform. President Mehta's leadership theme, "Passion to Excel," is for each Lions

club to have a goal to gain at least one new member this year.

Lion Ritterbush presented his personal Lions pin to the members along with the International Lions pin.

A project of the Wayne Lions will be to assist screening elementary and middle school students through the Lions Mobile Screening Unit that will be coming to Wayne Oct. 31 and Nov. 1.

The entertainment for the evening was Lion Russ and Charlene Rasmussen. They gave a synopsis of their trip to Mexico along with many beautiful photos taken on their tour. The tour pictures enlightened the group very much.

Special project

Fifth grade students in Phyllis Trenhaile's classes at Wayne Middle School recently spent several days constructing various landforms as part of their study of geography. Assisting with the project were a number of parents and other community volunteers. Each group made a paper mache' form and then researched the area to determine what color to paint the project and other information about the region.

Blood bank talks about those in need

A six year old is undergoing chemotherapy ... A mother is having a transplant... A worker is severely burned on the job ... Who are they? This is just a small sample of the people in need of blood products - everyday.

What if it were your child? Your mother? Your co-worker? What if it were you? The need for blood can happen at a moment's notice and it could happen to your family, friends or neighbors.

Blood donors are the links to saving lives; they make up our community blood supply that reaches 35 area hospitals in Iowa, Nebraska, and South Dakota. In fact, your one donation can save up to three lives - which makes donating blood truly a "Gift of Life".

The next opportunity to donate in Wayne is on Wednesday, October 5 and Thursday, October 6 from 9 a.m. to 3 p.m. each day at Wayne State College in the Student Center.

To be eligible to donate blood individuals must be at least 17 years of age (16 in Iowa with a signed Siouxland Community Blood Bank parent consent form); however there is no upper age limit as long as the donor is in good health. In addition donors need to weigh at least 110 pounds and have not donated whole blood in the past 56 days. A photo I.D. is required at the time of registration as well as a list of medications you are currently taking.

For more information about the Siouxland Community Blood Bank or blood drives in your area, call 712-252-4208, 1-800-798-4208 or visit their website at www.siouxlandbloodbank.org

Troop support

Local residents had an "outstanding reply to our request" according to Robert "Bud" Neel and more than 500 cookies, bars, muffins and other baked goods were taken to members of the 189th Transportation Company of the Nebraska National Guard this past weekend. The baked goods were then taken to Ft. Riley by Jessica Olson, Diane Roeber, Jo Junck and several others from surrounding communities. At right, Jessica Olson and Bud Neel admire some of the baked goods.

How much do your children need to know about the hurricane?

The news and devastation of Hurricane Katrina has been heard in every home, school, business and community in the nation.

Feelings of helplessness and sadness have overwhelmed us and it is hard to fathom the severity of loss caused by the hurricane. The news of the hurricane damage is overwhelming to adults; it is also overwhelming to children and teens. Your children have heard about the hurricane and should know about it. However, they do not need to

volunteer in a fund-raiser through school, a youth club or religious organization. Help them find a way to help others in order to avoid feelings of despair and sadness.

Talk with your children about their feelings and share your feelings with them. Spend time together and eat some meals together on a regular basis. Allow time for play and fun activities as even in the midst of a national disaster, families must continue having fun times and celebrations.

Routine and consistency help children and teens feel more secure. Assure your children they are loved by your kind words and actions towards them and others. You are their greatest role model. SOURCE: Kathy Bosch, Ph.D., CFLE, Extension Specialist, Family Life Education University of Nebraska.

know every detail. How much they should know will depend a lot on their ages and developmental level. Use common sense in determining how much children should be told and when to monitor their television viewing. They do not need to constantly watch the news as it is depressing.

Watching too much TV coverage about the hurricane can be harmful to mental and physical health as it brings the hurricane right into the living room. When children watch TV it is best to be right there with them so you can answer their questions and make comments. Children may experience feelings of fear, sadness and even anger. These feelings are normal when hearing of such devastation and loss.

Help youth process through their feelings by allowing them to talk about what they have seen and heard. Children may misbehave or withdraw when they feel helplessness or anger and so need appropriate activities to channel their energy. Encourage your children to

Becky Johnson becomes bride of Kevin Lindau

Becky Johnson, daughter of Ed & Irene Fletcher, of Wayne, was married to Kevin Lindau, son of Lorj Lindau of Weeping Water and Bill Lindau of Glenwood, Iowa on July 2, 2005.

The ring bearer for the bride's rubies and diamonds wedding ring, and the groom's gold and diamonds band, was Branden Johnson, son of

Arguello, friend of the bride, and David Danielson, cousin of the groom.

The ceremony took place at First Lutheran Church in Avoca, and was officiated by the Rev. James Lindberg. During the ceremony readings were done by Ashly Evans, Carmen Argello, and Linda Beermann, friends of the bride.

Ashly Evans also sang "Count on Me." Eddie Brown, of the band D-Funk, also provided musical talent by singing "Joyful, Joyful, We Adore Thee." Stephanie Bourek, cousin of the bride, provided piano talents for the ceremony. For the lighting of the unity candle the couple played guitars and sang together the song, "More Than Words."

Following the ceremony the couple, with their wedding party, traveled by limousine to the reception at the Hillcrest Country Club in Lincoln.

The cake was a confetti cake with ivory frosting and ruby red piping. The cake featured a fountain while chocolate-dipped strawberries accented the cake layers and served as the cake topper as well.

The reception was brightened by a grand fireworks display, hosted by the couple, that filled the sky as the attendees gathered around the country club's swimming pool to watch the eight minute show.

Kevin, Becky and Branden are at home in Lincoln, where Kevin is a foreman for Campbell's Nursery, and Becky is the Administrative Assistant and Convention Coordinator for the Nebraska Press Association working as well as part-time weekends at the Outlaw Steakhouse. She is also currently going to school on week-nights to be a Medical Assistant, to eventually become a Physicians Assistant. Branden is in kindergarten in Lincoln.

Mr. and Mrs. Lindau

the bride. Olivia Hill, friend of the ring bearer, was the flower girl.

The Maid of Honor was Marilyn Fletcher, sister of the bride. Bridesmaids were Teresa Lindau, sister of the groom, and Alison Lindau, sister of the groom.

The Best Man was father of the groom, Bill Lindau. Groomsmen were Tony Coppedge, friend of the groom and Aaron Gage, friend of the couple. Ushers were Dan Fletcher, brother of the bride, Tim Danielson, cousin of the groom and Trevor Bickford, friend of the groom.

The bride's personal attendant was Carmen Arguello, friend of the bride.

Approximately 240 people attended the biennial convention of the Nebraska Synodical Women's Organization of the Women of the Evangelical Lutheran Church in America at Kearney Sept. 23-25.

Two of those attending were members of Our Savior Lutheran Church in Wayne.

Conference board representatives chosen were Diana Langer of Osceola, Central; Beverly Keene of Sidney, High Plains; Emily Laaker of Bennington, Metro East; Connie Johnson of Cordova, Midlands; Judy Stahlecker of Spencer, Northeast; Carolyn Schlake of Beatrice, Southeast and Lynn Echtenkamp of Clay Center, Southern Prairie.

The NSWO adopted a budget of \$112,175 for 2006.

A special project entitled, "A Drop in the Bucket," raised more than \$7,000 to assist in providing safe drinking water for people in Argentina and Tanzania, where there are sister churches.

The Mission Offering of nearly \$8,000 was to be divided between the Nebraska mission field and the churchwide Women of the ELCA.

A worship offering received on Sunday morning went to the Vision Fund of the NSWO, which supports woman-to-woman visits with Argentina and Tanzania.

Elizabeth Styfee of Saddleback Church in California was the keynote speaker on the convention theme, "Spirit-Driven Woman." She also led one of the many workshops.

Women of the ELCA is the women's organization of the Evangelical Lutheran Church in America.

The Nebraska convention theme was "Spirit Driven Women." The featured Biblical verse was Proverbs 19:21 (NRRV): "the human mind may devise many plans but it is the purpose of the Lord that will be established."

Keynote speaker was Elizabeth Styfee, a Bible teacher at Saddleback Church in Lake Forest, Calif. and an adjunct faculty member of Biola University in La Mirada, Calif. The pastor of Saddleback Church is the author of "The Purpose Driven Life," which

Alcohol Dependency Drug

The FDA has approved a new drug, acamprosate (Campral), for treating alcohol dependency. It has been shown to be effective in preventing relapse in alcohol-dependent people who've already given up drinking. It is thought to act on certain pathways in the brain related to alcohol abuse, reducing the desire to drink. The advantage of this nonaddicting drug is that it is not metabolized by the liver so less monitoring is required, however, if you have kidney disease, you should definitely discuss possible complications with your doctor.

More than 300 people took part in the 10th birthday celebration at Our Savior Lutheran Church recently. Above, cool weather didn't hinder the barbecue held Sept. 17.

Birthday observed at Our Savior Lutheran Church

Our Savior Lutheran Church's Birthday Barbeque and concert raised \$1800 for Hurricane Relief. Of this total, \$1000 was given to Wayne Area Red Cross and \$800 went to Thrivent Financial for Lutherans, which will provide an additional 50 percent in matching funds (\$400) to hurricane relief, bringing the total amount of aid generated by the event to \$2200.

"We are blessed to be part of the Wayne Community. It was our pleasure to share a wonderful evening with our friends, and our gifts with the hurricane victims who are in such need," according to a statement issued by the celebration's planning committee.

The event was held on Sept. 17 on the grounds south of the church at Fourth and Pearl Streets. Approximately 325 people were served by the barbeque, and many more came to enjoy the music and

the beautiful weather. The concert included performances by the Our Savior Quartet, Ron Lofgren, Emily and Angie Nelson, Elisa Robinson, Karen Kwapnioski and Terry Hypse, the Methodist Singers, Christopher Bonds and Alan Bruflat, Praise Assembly of God Youth Group, Bill and Valerie Koeber, Connie Hanson, For the Master, Ben

Bruflat and Jacob Pulfer, Sawyer Jager, and the Sunday 7 Praise Team.

Darrell Miller and Carolyn Harder acted as emcees for the event.

Generous donations of food and supplies by local businesses and individuals allowed almost all of the money taken in by the event to go to hurricane relief.

The Minerva Club met Sept. 26 at the Wayne Senior Citizens Center with all 12 members present.

President Lois Youngerman called the meeting to order with a reading entitled "A Little Autumn." The birthday song was sung for Donna Hansen, Marilyn Wallin, Hallie Sherry and Lois Youngerman. Singing of the "Minerva Song" followed.

Old business consisted of discussion of the flower beds in front of the Library/Senior Center. The Minervans who planned, planted,

watered and weeded them were thanked for providing such a colorful addition to the community.

Marilyn Wallin distributed the new program books and explained this year's theme: "Poets and their Poetry." Demonstrating the new theme, the executive committee presented the program. Lois Youngerman discussed Charles Wesley, author of over 4,000 published hymns which are actually poetry. Two examples are "Christ the Lord is Risen Today" and "Hark the Herald Angels Sing." She then read another of his writ-

ings, "O For a Thousand Tongues to Sing." A poem entitled "Life" by Edgar Guest was read by Marilyn Wallin.

Connie Glassmeyer read "How Do I Love Thee" by Elizabeth Barrett Browning. Joyce Mitchell shared an original poem called "The Big Day." Connie Glassmeyer shared a humorous reading.

Coffee was served at the end of the meeting.

The next meeting of the Minerva Club will be Monday, Oct. 10 at the Senior Citizens' Center with Margaret Anderson as hostess.

Weatherization expansion project receives funds

Goldenrod Hills Community Action's Weatherization Program received funds from the USDA Rural Development Housing Preservation Grant (HPG). The expansion project will give the program the ability to repair or replace roofs and foundations on area homes.

Guidelines would limit recipients to those who live in 125 percent of poverty in owner-occupied homes. Repair of the roofs and foundations would make the participants eligible for weatherization funds provided by the U.S. Department of Energy and the Low-Income Home Energy Assistance Program. These state and federal funding sources do not cover roof or foundation repair.

If anyone is interested in Weatherization services only Goldenrod Hills Community Action operates a Weatherization program that serves 14 counties in Northeast Nebraska.

The program installs energy saving materials and practices to homes for the purpose of cutting fuel usage year round. It is the long-term solution to the high costs of heating consumption, both for individuals and the environment.

Participants for weatherization services include income-eligible renters as well as home owners. Weatherization services include insulation of sidewalls, attics and foundation, door replacement and repair and window repair. The program also provides furnace repair and replacement for homes that meet requirements.

Weatherization practices may be applied to mobile homes as well as frame and masonry homes. Please contact us if you are interested in applying for the Weatherization

Expansion Project or the Action's Weatherization Program at 402-529-3513.

Goldenrod Hills Community Action (GHCA) strives to work together with area agencies to combat poverty, promote self sufficiency and improve quality of life for residents in Northeast Nebraska. GHCA programs include the Commodity Supplemental Food program; Family Services; Every Women Matters; Immunization; Weatherization; Head Start; Women, Infants, and Children Nutrition; Early Child Services Coordination; and Spanish translation. The agency serves Knox, Antelope, Pierce, Madison, Stanton, Cuming, Thurston, Dakota, Burt, Wayne, Dixon, Cedar, Washington and Dodge counties.

Farm Service Agency announces 'FSA Tomorrow'

Customer service has always been "job one" at the USDA Farm Service Agency, but the agency is looking to improve on its record. FSA state executive directors from across the country met in Washington, D.C. last week to learn about "FSA Tomorrow," a comprehensive plan addressing the agency's national, state and county office structure.

Brian Wolford, state executive director for the Nebraska Farm Service Agency, said, "The goal of FSA Tomorrow is to provide better service to producers by providing better trained employees and offices that are properly equipped and better staffed."

"Timely and efficient service to producers has always been the number one goal of Nebraska FSA employees. I am extremely proud of their accomplishments. Our staff has an unparalleled passion and dedication to serve Nebraska's farmers and ranchers," Wolford said.

dating some of its offices and staffs, the agency will be able to update technology, improve employee skills and improve program delivery in local offices.

FSA Tomorrow used objective criteria to identify offices to be reviewed locally for possible consolidation. The criteria, which were weighted, include distance between offices and office workload. Identified nationally were 1,307 offices that are less than 30 miles from one another and have staffing needs of four or fewer full-time employees. The agency is potentially looking to consolidate 713 offices.

Out of the 81 Nebraska FSA county offices, FSA Tomorrow identified 40 that met the criteria for review.

Each state, Wolford said, has been directed to submit a plan to the national office to reach a targeted consolidation number. Nebraska was asked to provide a plan to consolidate 23 offices. Wolford said he has 45 days to develop a plan that works best for the state. "Each state is allowed the flexibility to analyze each office

and we will develop a plan that best serves Nebraska producers."

The 40 Nebraska county offices that met the national review criteria are:
Banner, Boyd, Burt, Cass, Cheyenne, Clay, Colfax, Dakota, Dawson, Deuel, Dixon, Dodge, Franklin, Garfield, Gosper, Greeley, Hamilton, Harlan, Hayes, Hitchcock, Johnson, Kearney, Keith, Kimball, Merrick, Nancy, Nemaha, Nuckolls, Pawnee,

Perkins, Phelps, Polk, Red Willow, Sarpy, Sherman, Stanton, Thurston, Valley, Washington and Webster.

Wolford explained that while 40 offices met the review criteria, a comprehensive approach will be used to develop the Nebraska proposal and all Nebraska FSA offices will be evaluated to create the best office combinations to serve producers. The national office will approve all state plans and will coordinate this nationwide effort.

Owners encouraged to register wells now to avoid penalties

The Lower Elkhorn Natural Resources District (LENRD) is encouraging well owners to make sure their wells are properly registered before the end of the year, to avoid possible restrictions if the basin's water supply is declared "fully-appropriated" by the State.

Current Nebraska law requires that all water wells must be registered with the State. Exceptions to the law include test holes, dewatering wells with intended use of less than 90 days, or domestic wells constructed prior to Sept. 9, 1993. Water well contractors are now responsible for filing the well registration for newly constructed water wells with the Nebraska Department of Natural Resources (DNR) within 60 days of well completion. Well owners are responsible for registering existing wells which have not been previously registered.

Elkhorn basin will be declared fully-appropriated, said NRD Manager Stan Staab.

"If that's the case, there will be a stay on new drilling for irrigation and other high-volume water uses. The number and capacity of wells and their effect on surface water rights are used to determine when a basin is "fully-appropriated" (at the maximum level of sustainable development).

DNR is currently assessing water conditions in the Lower Elkhorn and the state's other major river basins as part of LB962, a major overhaul to the state's water law that went into effect in 2004.

Under LB962 provisions, a basin's surface water and groundwater are both taken into account when deciding whether the water supply can sustain further development for irrigation and other high-volume water uses. The number and capacity of wells and their effect on surface water rights are used to determine when a basin is "fully-appropriated" (at the maximum level of sustainable development).

"The district feels that there may be a large number of irrigation wells that are not properly registered," said Water Resources Manager Rick Wozniak.

"According to state law, an unregistered well is considered to be an illegal well, and the owner can be required to decommission or plugged. Failure to register a water well is a Class IV misdemeanor," Wozniak said. "So it's very important for owners to make sure their registrations are properly filed before the end of the year. Forms are available at DNR's offices or website."

Well owners can check the registration status of their wells at the Department of Natural Resources website: <http://dnrdata.dnr.state.ne.us/wellsqu>

Well registration, change of ownership and other forms are available at the Department of Natural Resources website: <http://www.dnr.state.ne.us/docs/well-forms.html>

Well owners who would like more information or have questions about well registration should contact the Lower Elkhorn NRD at (402) 371-7313; toll-free at 1-800-937-3077 or email rwozniak@lenrd.org

Thinking about the beauty of fall

On the first day of autumn, the temperature here hit 103 degrees! That's a record I'd rather not see. Fortunately, it didn't last, and we are having some fine fall weather this week. I love it when the nights get cooler.

We took the pickup to the acreage today, and marveled at the amount of harvesting that has already gone on. The green and red monoliths are churning up and down the corn rows. Monoliths: I think that's what I mean. Of course, I'm speaking of combines, but I think monolith says it better.

The sumac is beginning to turn red, sunflowers are about finished blooming, leaves are beginning to turn, and to fall. I think this is the best time of year. My nephew was married in October last year, and his wife chose fall colors for dresses and decorations; it was a beautiful wedding.

The pumpkin farms are gearing up for business. It seems to me there is a new one every year. The one I patronize is on Highway 34 east of Lincoln. They pile them on a hayrack, all priced according to size, and you can leave the money in a locked box. That's true!

I did get some peach pies baked this month. The peaches, from Colorado, were huge and delicious. I had to search all over for the

bread board to roll them out on, but I found it. There is a nice board in the kitchen here, but I hate to mess it up!

This bread board is old. It was in the very first kitchen in the house on the farm at Hoskins. Even

The Farmer's Wife
By: Pat Meterhenry

when we got new cupboards there, complete with a new board which I seasoned with mineral oil, I preferred this one. It has gouges, and has turned very dark from all the bread dough, pie dough, and hot cookies that have been on it.

I took it along to the B and B, and it got a workout there, too. For a while, the experts were telling us to do our cutting and rolling on plastic: because of bacteria, you know. The latest advice is that wood is better and is cleanable. Cleanable: is that a word?!

Anyway, I wash it down with soapy water and put it in the closet until I need it again. The pies and the rolls and the cookies always taste good after they've been on that board. I'd hate to be without it.

We're still having company, just not in such large quantities. Lincoln seems to be a handy place to stop over. A nurse friend from Norfolk has been overnight a couple of times, and another one from Houston got here last Thursday. She had planned to fly out even before the hurricane. But her 11:30 flight did not leave until 2:00, causing her to miss the connection in Chicago, of course. She reports that the security check line was the length of HOBY airport four times!

Though there has been much destruction from Rita, it hasn't been nearly as bad as expected, praise the Lord! She should have a home to return to. Which is more than a lot of folks can say. It makes us count our blessings, bread boards and all.

Fall brings unwanted house guests

Cooler weather sends insects and other creatures in search of overwintering sites. Their presence, especially spiders, raises concerns about bites and possible poisonings.

There are two spiders that are considered poisonous to humans, the black widow and the brown recluse. Both are found in Nebraska and can be identified by key markings. The black widow has a red shaped hour glass on the underside of her abdomen. The brown recluse spider is about 1/2 inch in size and has a violin shaped design on the top of the back. Both spiders have been reported in Nebraska but on rare occasions.

Other large spiders often enter a house in the fall and tend to create more concern. Wolf spiders are large, fast moving spiders that can startle anyone. Their bodies range in size from one-half inch and with the legs, can be up to two inches in length. These spiders are covered with short hairs and appear fuzzy. They are typically brown to gray in color with various markings or lines.

Wolf spider mothers carry their large egg sacs around with them.

Regional workshop planned for everyone interested in bluebirds

fused with brown recluse spiders, but they lack the unmistakable violin-shaped marking behind the head that identifies the brown recluse. Wolf spiders are not poisonous, but as with all spiders, bites may cause reactions in certain individuals.

Wet and cooler weather has

increased the activity of millipedes or thousand-legged worms. Millipedes are dark brown, cylindrical, segmented, worm-like creatures with many short legs that coil up when disturbed. They are often found crawling on the sides of homes or invading basements.

Millipede eggs are deposited in masses in the soil. They mature the second year after hatching and some species live for several years. Populations are encouraged by wet conditions and the overuse of mulch in gardens and landscapes. If millipedes are abundant in mulches in landscape plantings near homes, they may enter the home through cracks and crevices. Once inside, they usually die unless basements are very moist. Entry into homes is most common after heavy spring rains saturate the soil or in fall when they are seeking hibernation sites.

In spite of this fall invasion, wolf spiders and millipedes are not considered house pests and generally do not become established in homes. To reduce their entry into homes, remove mulch or reduce its thickness close to the home's foundation, keep cracks and crevices caulked, and door and window screens tight.

Use a vacuum cleaner to get rid of the invasion of these unwanted guests.

The dairy cattle sale was held Monday at the Norfolk Livestock Market.

The market was steady on the 20 head sold. Crossbred calves, \$200 to \$300; holstein calves, \$100 to \$190.

The sheep sale was held Monday at the Norfolk Livestock Market. There were 388 head sold.

The market was steady on all classes.
