a new concession stand/bathroom facility at the Summer Sports Complex.

Members of the fundraising committee have announced two new, sizable donations and plans for additional fundraising in the near future.

Don and Nancy Endicott of Pac 'N' Save and Pepsi Cola of Siouxland each contributed \$20,000 toward the project.

As a result of these contributions, both will be allowed naming rights at the complex.

The Endicotts will name the concession stand and Pepsi Cola of Siouxland will name the southwest field of the complex. Representatives of the company have indicated that the field will be named Pepsi Cola of Siouxland Field in memory of G.I. Willoughby. G.I. Helen Jones, 92, of Lake Elizabeth, Calif. died Saturday, Sept. 8, 2007 at her home.

A Celebration of Life gathering for her friends and family will be held in spring 2008, at Pleasantview Cemetery in Winside.

Helen Rosalie (Iversen) Jones was born in Winside on Feb. 21, 1915. She was the youngest of eight children and grew up on a Winside farm before attending Wayne State Teachers College to obtain her teaching certificate. She followed her sister Irene into the teaching profession and taught in a one-room country school. She moved to California in the early 1940's where she married, had four children; Shirlee Cathey, Gary Martin, Trina Wierman and Judi Griffin. After a divorce she met and married John J. Jones. The couple lived in West Covina, Calif. for more than 30 years until they sold their business and retired to Winside where they resided for nine years before moving to Lake Elizabeth,

Calif. in 1999. The couple had a son Raymond. She loved to bake and can fruit from their trees. She was an avid word game player and master of crossword puzzles.

In addition to her husband and children, she is survived by one brother, Raymond, 13 grandchildren and 17 great-grandchildren.

The family requests that a donation be made in Helen Jones' name to the Pleasantview Cemetery Association, 85234 568th Avenue, Winside, Neb. 68790.

Commissioners approve office space for Rasmussen

By Lynn Sievers

Of the Herald Wayne County Board of Commissioners met in regular session on Tuesday. Among agenda items was Steve Rasmussen, Nebraska District Forester, who discussed space availability in the extension office. He told the commissioners that he has been asked to be coordinator for a four-state project with the Great Plains Tree and Forest Invasives Initiative. so he would like to put an office in the back room of the extension office. The project Rasmussen will be working with is a multi-state coop-

cancelation of a general fund check due to credit and a check to the special police fund, due to a duplicate payment.

Commissioners discussed bids for leasing one or more motor graders. They noted only one bid was received and that was from

erative effort to address Emerald District 2 for \$2,241.92 for 36 to sign a certification to the Board months and District 3 for \$1,238,53 for 36 months. Both leases take into account a trade-in allowance. The bid was approved.

Other discussion was held and action was taken on a bid received for the sale of Unit #113, 1968 Chevrolet, half-ton pickup. The bid was for \$101.01, which the commissioners rejected.

Bridge inspections for 2007 were discussed and it was noted that all of them in District 3 are completed except one.

Other action included the com-Nebraska Machinery Company for missioners approving the chairman

Wayne holds off Cards for win

Wayne found success on both the ground and through the air in securing the team's second win of the season,

The Wayne High football team posted a 39-21 win against winless South Sioux City on Sept. 14 to highlight the Blue Devils' Homecoming Week celebration.

Wayne (2-1) was able to rack up 432 yards of offense on the night with 231 coming on the ground and 201 from the arm of Blue Devil quarterback Jesse Hill to Wayne's stable of four different receivers.

It took a while for both teams to settle in as the first quarter ended scoreless after failed drives by both teams.

WHS got in track in the second period starting with a tough eight-yard TD run by Matt Poehlman, who was Wayne's leading groundgainer on the night with 113 yards. Hill connected with Cory Harm,

who led the receiver corps with 164 yards, on a 35-yard scoring strike to record Wayne's next touchdown. Hill found Sam Kurpgeweit on

the subsequent two-point conversion to open the Blue Devil lead to 14-0 advantage.

After stopping the Cardinals cold on the next series, Hill selected Drew Workman as his selected target on the next Wayne touchdown and WHS extended its lead to 20-0. South Sioux was able to put its first successful drive of the evening together on its next possession and Angel DeLao put SSC on the board with under a minute in the half with a nine-yard touchdown run.

Wayne was able to record only one successful series in the third quarter on a touchdown that saw Hill hit Shaun Kardell on a 15-yard pass play.

South Sioux City running back Ben Cardwell has the ball stripped by Wayne's Taylor Racely in first half action in Wayne last Friday night.

South Sioux kept things interesting in the third frame as DeLao reached the end zone with runs of 14 and 33 yards, respectively, to narrow the Wayne lead to 27-21 heading into the final quarter. The heroes of the fourth quarter were members of Wayne's defen-

I cannot say enough about the tremendous job, even though it was a parttime gig, I had while I've been here that past 3 1/2years.

Everyone made it a fun job and I'm going to miss many things here.

Having the opportunity to see so many games and meet outstanding readers, athletes, coaches, fans and parents made this job one I was happy to have.

With all the college and high school events I've been to. I've often said I felt I was the luckiest newspaper sports editor in the state.

Now I'm putting my faith in God and my abilities to allow me to continue at the next level. I feel confident that whatever plan is in the works, that things will be fine for both myself, my family and the continued success of the sports department here. Kevin Peterson, my publisher, has been an amazing friend throughout all of this. We've known each other since our college journalism days at Kearney State College and to be able to work with "Pete" has been something I will be thankful for.

For fear of leaving out someone that deserves my sincere gratitude. I hope a blanket "thank you" to those who allowed this sports section to thrive and grow will suffice. All of your efforts have been appreciated folks, and together we've had a wonderful run. 🥵 🐘 👘

Take care and thanks for your ongoing prayers and support. It's been a pleasure to give you the View from the Pressbox.

Sept. 12 to South Dakota and played two more home matches in league play last weekend.

Recaps from last week's contests include:

WSC vs. USD

The South Dakota volleyball team improved to 14-0 with a 3-1 win over Wayne State in college volleyball played on Sept. 12 at Rice Auditorium in Wayne.

The host Wildcats won the first game 30-24, but USD came back to win the next three games 30-28, 30-28 and 31-29 to win the match in four games.

Emily Schroeder had a game-high 23 kills to go with 18 digs to lead Wayne State. Freshman Jennifer Hefner added 14 kills, followed by Brittany Van Beek with 13 and Meredy Dubbs 11.

As a team, WSC hit .177 in the match to South Dakota's .165.

Senior libero Laura Dolezal had 34 digs and freshman setter Jenna Jansen accounted for 58 set assists for the Wildcats.

WSC vs. University of Mary

Wayne State overcame 30 hitting errors and rallied from a 2-1 deficit to beat the University of Mary 3-2 in Northern Sun Conference play on Sept. 14. in Wayne.

The evening saw Mary play what had been their fourth straight five-game match.

The Marauders responded in the third game, recording 19 kills to just three errors, and topped the 'Cats 30-21.

Wayne State rebounded with 21 kills and just two errors in the fourth game to win 30-18 and send the contest to a fifth game where the Wildcats prevailed 15-12. Schroeder led Wayne State with 22 kills, 17 digs and eight blocks. Hefner added 14 kills for WSC, who hit .183 in the match. Dolezal had 34 digs with Meredy Dubbs accounting for 22

Jansen and Erin Dostal split time distributing the ball with Jansen recording 34 set assists and Dostal 29.

WSC vs. Northern State

WSC had three players record double figures in kills as the Wildcats swept Northern State in another league match on Sept. 15.

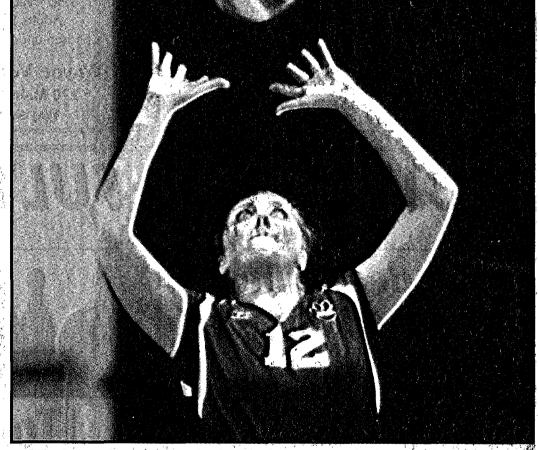

Scores of the match were 30-24, 30-24 and 30-27.

Van Beek had 11 kills to lead Wayne State in hitting followed by Schroeder and Hefner with 10 kills apiece. Schroeder also finished with 17 digs and

10 blocks. Dostal handed out 36 set assists and

Dolezal recorded 37 digs for the Wildcats WSC hit .076 for the match while holding Northern State to .061.

WSC improved to 1-2 overall and 1-0 in the NSIC while UIU slipped to 1-2 overall and 0-1 in league play.

The Wildcats scored on their first three possessions of the game to take a 17-0 lead in the first quarter.

Silas Fluellen found the endzone on a twoyard run on the opening series that covered 69 yards on seven plays to put WSC ahead 7-0 with 12:20 left in the first quarter.

Nick Hope added a 23-yard field goal on the next series, highlighted by a Travis Rhone 56-yard run, to put the 'Cats in front 10-0 with 8:52 remaining in the opening stanza.

Later in the quarter the 'Cats got the ball back following an interception by B.J. Campbell and Fluellen tossed a two-yard scoring pass to sophomore tight end Brian Locke to increase the Wildcat lead to 17-0

Following a scoreless second quarter, WSC opened the scoring in the third quarter on a Nick Hope 23-yard field goal, pushing the Wildcat lead to 20-0 with 6:34 left in the third quarter.

Upper Iowa scored on the ensuing drive with Ryan Hudgins on the receiving end of a 21-yard scoring pass from Jay Lehman, making the score 20-7 with 4:21 remaining in the third quarter.

WSC responded with a score later in the quarter as Fluellen and Locke hooked up for the second time in the game on a two-yard scoring play with 1:13 to go in the third quarter, giving WSC a 27-7 lead.

But UIU scored the first of two touchdowns in a span of 53 seconds to start their rally. Lehman hit Allen Conrad on a 11-yard pass play with :16 seconds left in the third, quarter and then TC Hicks broke loose on a 76-yard run with 14:37 remaining in the game, making the score 27-21.

Later in the quarter, WSC got the ball

by senior Nile Legania.

The 'Cats drove 27 yards in seven plays with Fluellen finding Brian Chapman on a eight-yard scoring pass, putting WSC in front five catches for 66 yards while Frederick 34-21 with 5:59 left in the game.

The Peacocks would not go away as Upper Iowa drove 68 yards on nine plays on the ensuing drive to cut the Wildcat lead down to six points at 34-28 as backup quarterback Kevin Linnell hit Kyle Hosch on a six-yard play with 2:35 left in the game.

The Peacocks held WSC to a three and out and had the ball at their own 41-yard line with 1:17 left in the game.

But the Wildcat defense stepped up as Darius Davis recorded a six-yard sack followed by three straight incomplete passes, giving WSC the ball back at the UIU 35 yard line and WSC ran out the clock to preserve the win,

UIU had one more yard in the game than Wayne State, 396-395.

Fluellen completed 20 of 32 passes for 218 back and started a drive at the Upper Iowa yards with three touchdowns and one inter-

27-yard line following a 33-yard punt return ception. Junior running back Travis Rhone accounted for 95 yards rushing on 17 cars ries.

The top receiver was Logan Masters with Bruno added five receptions for 45 yards. Defensively, Troy Pribnow, Matt Greenway and Nick Baldetti each finished with eight tackles. Pribnow had 3.5 tackles for loss while Greenway added an interception for 13 vards. Darius Davis added seven tackles, including two sacks for minus 16 yards.

Allen 83, Winnebago 22 ALLEN — It may be somewhat of an understatement to say that the Allen Eagle rushing attack was hitting on all cylinders in the team's last home contest on Sept. 14.

Allen made Homecoming 2007 a night to remember as the Eagles handed Winnebago an 83-22 loss to improve to 3-0 on the season.

AHS racked up 470 yards on the ground, while finishing with 539 yards of total offense on the night.

"The team answered the challenge tonight of improving even more," Allen coach Dave Uldrich said. "Our hitting is getting pretty good, our physical play has elevated and our offensive execution still continues to improve."

Scott Wilmes got things started for Allen when he carried the ball from six yards out for a touchdown.

Winnebago answered the score after the Indians' punt block rush overran the punter who ducked in the middle of the line and scampered 56-yards for a score. Allen then led Winnebago 7-6 and that would be the closest the teams would be on the scoreboard.

Bock added a fumble recovery and an interception, while Diediker picked off a pass and Cole Bathke added a fumble recoverv.

The starting defense gave up only its 100th yard of the season when the punter scored Winnebago's first touchdown.

District play begins this Friday as the Eagles travel to Wynot.

Laurel-Concord 32,

Plainview 15 LAUREL — Laurel-Concord delivered a similar result in a rematch of two of last season's state football playoff teams.

The Bears improved to 3-0 after disposing of Plainview 32-15 here on Sept. 7.

L-C quarterback Heath Erwin was credited with four touchdowns as he ran for two and passed for a couple more en route to the win. Plainview tallied the only scor-

ing in the opening period with a touchdown and extra point kick.

The Bears' then piled on 33 unanswered points, including 23 in the second quarter to overtake the Pirates.

"We had some challenges in the beginning of the game," L-C head coach Terry Beair said, "The kids stayed focused and played very well on both sides. Plainview is a yery good ball team and it was nice to see the team respond when they were behind."

Erwin scrambled for a one-yard run and Andrew Gothier added a two-point conversion to give L-C

344 yards.

Ian Miner's 5-yard run and a 76 yard footrace by Trojan quarterback, along with an extra point kick by Usvaldo Reyes gave Wakefield a 13-0 lead after the opening stanza.

The running game continued to shackle the Bulldogs in the second quarter when Nixon added his sec-, ond rushing TD (14 yards) and Miner added another (5 yards) along with a pair of Reyes PATs to round out the first half.

Nick Curnyn also added a fourth quarter score with a big run of 51 yards to paydirt.

Wakefield will travel north to Ponca (1-2) on Friday, Sept. 21.

Newman Grove 34, Winside 29

WINSIDE — Winside scored too little too late on Sept. 14, dropping a 34-29 decision to the host Bluejays of Newman Grove. The Wildcats took a 7-6 lead into halftime before giving up 28 unan-

swered third quarter points. Winside made a valiant fourth quarter effort, keeping the Bluejays scoreless, while scoring 22 points in the last minute and 15

seconds of the contest. A Jordan Brummels to Tucker Bowers 10 yard pass completion started the Wildcats late game effort with a minute and 13 seconds on the clock followed by back to back successful onside kicks that gave the Wildcats a chance to win the game.

Brummels hooked up with Bowers on a 37 yard completion on the first play after the initial on side kick off and then accounted for 28 yards and a pass completion to Jake Kander with thirteen seconds left on the clock

The Bluejays recovered the ensuing on side kick with Newman Grove quarterback Ryan Nathan taking a knee to end the contest.

Kander and Bowers each recovered an onside kick with Bowers adding a fumble recovery and 6 tackles to his night's effort.

Kalin Koch intercepted a pass while Garet Hurlbert with 12 tackles, Matt Peter (11), Brummels (9), Anthony Nelson (8) and Chase Langenberg (8) led the Wildcat defensive effort.

Brummels, with 22 carries good for 106 yards and touch down runs an 8-7 advantage with just under of 3 and 4 yards, led the Winside

Courtney Sturges provided 33 set assists for the Eagle offense.

Sarah Sullivan and Codi Hingst led the team with 15 and 9 kills, respectively, and Hingst added 12 digs in the Allen win.

Winside def. Bloomfield WINSIDE — It took five games for Winside to earn its fifth win of the season in a home matchup with Bloomfield on Sept. 13.

The Wildcats - turned by Bloomfield 25-21, 20-25, 21-25, 25-14 and 15-12 to move to 5-8 on the) season.

Hillary Lienemann led the Wildcats with 20 kills at the net and added eight solo blocks.

Audrey Roberts aided the offense with 51 digs, while Jordyn Roberts added 17 and Sally Schwedhelm tallied 18 for the 'Cats.

Jorday Roberts notched a doubledouble as she also contributed 17 set assists.

Northeast board approves 2007-08 budget

Taxpayers in the 20-county service area of Northeast Community College will see a reduction in their Northeast property tax levies this year. The reduction comes following a re-write of the community college funding formula by the ADA/Hazardous Material Budget Nebraska Legislature last session. This year's tax levy will be

\$.08230, compared to last year's \$.090421. This reduction in taxes is the direct result of the new formula and the additional \$12,000,000 in state aid the Legislature appropriated to help provide property tax relief through the formula. Under the new formula, Northeast will receive approximately \$3,651,000 in addional state aid.

According to Steve Schram, vice resident of administrative serrices, the owner of a home with a taxable value of \$100,000 would pay \$82.30 per year to support Northeast, compared to \$90.42 last ear.

ferent budgets for fiscal 2007-2008 at the meeting. The General Operating Budget was set at \$27,835,000, Capital Improvement Budget at \$2,445,306, at \$29,188, and Other Funds Budget at \$22,597,887.

Schram said the total for all budgets for 2007-2008 is \$52,907,381, compared to \$48,911,052 last year. "After several years of seeking a remedy in the distribution of state aid to community colleges, the new funding formula now provides better funding equities among the community colleges in Nebraska,' said Dr. Bill Path, President of Northeast Community College. "The additional state-aid dollars allow us to provide relief to our property taxpayers and at the same time allow us additional funds to address workload/staffing problems that have plagued the

According to Board of Governors Chairperson Don Oelsligle, Tilden, "we are very grateful to our area senators, especially Pat Engel and Mike Flood, for helping push this legislation forward. The community colleges came together to provide a united appeal to the legislature and all of the hard work finally paid off."

Recent Rotary Club speaker discusses upcoming **Career Day**

Jane Armstrong, Cedar County UN-L extension educator, was a recent speaker at a Wayne Rotary Club meeting in Wayne. Her presentation was on the upcoming third annual Career Day for area high school sophomores, which will be held at Wayne State College on Monday, Oct. 15. Around 100 careers will be represented.

Last year, there were 25 area schools that sent a total of 762 students to Career Day. Volunteers are needed to be building hosts to direct students from one building to another on campus.

Armstrong noted the workplace is changing as people used to have only one or two careers through their lives but now, a person may have 10 to 15 different careers. In the 4-H program, there is opportunity and challenge helping children prepare for careers but it's not easy as many careers are not even developed yet. She added that 4-H is a good way to help children decide what they want to choose for a career as fair projects can be tied to career education.

Armstrong ended by saying that Career Day is an important tool in experience learning that was missing in northeast Nebraska. Career education needs to be provided to students at an early age because by their junior year, they need to choose what they're going into so they can take the correct courses in school.

Anyone who has questions on the upcoming Career Day or who would like to be a volunteer that day can contact Armstrong at (402) 254-6821.

The Wayne Herald, Thursday, September 20, 2007 2C NHC seeking communities to host statewide tour

The Nebraska Humanities Council (NHC) is seeking communities interested in hosting the 2009 statewide tour of "New Harmonies: Celebrating American Roots Music," a traveling exhibit developed by the Smithsonian Institution Traveling Exhibition Services (SITES).

"New Harmonies" will explore the cultural process that has made America the birthplace of more music than any other place on earth. It's the story of people in a New World, places they have left behind and ideas they have brought with them. It is the story of people who were already here, but whose world is remade.

The exhibition provides a fascinating, inspiring and toe-tapping listen to the American story of mul-

ticultural exchange. The story is full of surprises about familiar songs, histories of instruments, the roles of religion and technology and the continuity of musical roots from "Yankee Doodle Dandy" to the latest hip hop CD.

If your small-town museum, library or other community organization is interested in hosting "New Harmonies" in 2009, contact NHC Program Officer Mary Yager 402-474-2131, ext. 103 or \mathbf{at} mary@nebraskahumanities.org for more information about the application process.

The application deadline is Nov. 15. An application form can be viewed and downloaded from the NHC website at www.nebraskahumanities.org.

To host "New Harmonies" a com-

munity must have a facility with at least 800 square feet of floor space and eight-foot ceilings. Each hosting organization is required to develop public humanities programming that will coincide with the theme of "New Harmonies," such as lectures, displays, exhibits and contests. Sites also will develop events and activities to encourage public participation during the exhibit. The exhibition will tour

Nebraska between March 2009 and December 2009.

Part of the SITES Museum on Main Street (MOMS) program, "New Harmonies" is designed for rural audiences and small museums that do not have access to traveling exhibits because of space and cost limitations,

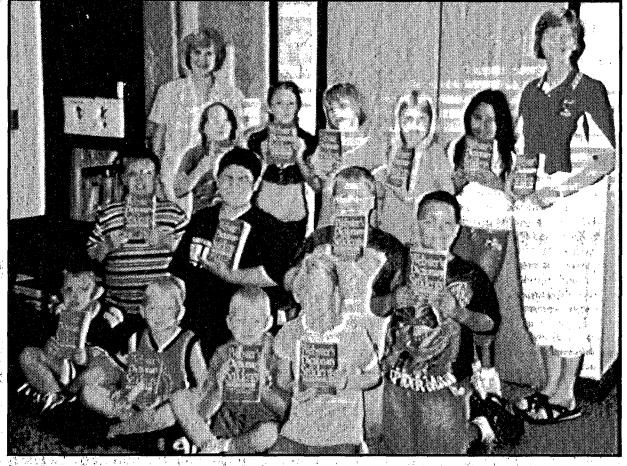

This year and next, the MOMS exhibit "Between Fences" is touring six Nebraska communities and the State Capitol. In 2005-06, the NHC brought the exhibit "Key Ingredients: America By Food" for statewide tour of six communities. In 2003, the exhibit "Yesterday's Tomorrows: Past Visions of the American Future" toured six towns and in 2001-02, the exhibit "Barn Again! Celebrating an American Icon" visited 10 communities and the Nebraska State Fair.

AMPI distributes cash to dairy farmer-owners

The dairy farmer-owners of Associated Milk Producers Inc. (AMPI) are sharing a \$1.1 million disbursement this month as a result of their cooperative's 2006 earnings. Cash will be paid to individuals based on the amount of milk they marketed through AMPI during 2006.

The AMPI Board of Directors approved the payment, which is 25 percent of the \$4.3 million in earnings. The balance of those earnings will be allocated to member equity accounts.

"This cash payment is another example of how AMPI delivers on its mission of adding value for our farmer-owners," said Mark Furth, AMPI president and chief executive officer. "The cooperative's strong performance in 2006 sound and provide a return on our owners' investment in their milk marketing business."

In addition to the \$1.1 million, owners anticipate receiving payments totaling \$9.2 million in and 10 a.m. - 4 p.m. on Sunday, November and December. These payments are from previously allo-

As the oldest service club in the world, Rotary Club members represent a crosssection of the community's owners, executives, managers, political leaders and professionals - people who make decisions and influence people.

Service opportunities: Club members have many opportunities for humanitarian service, both locally and internationally. Service programs address such concerns as health care, hunger, poverty, illiteracy and the environment. Rotarians experience the fulfillment that comes from giving back to the community.

International awareness: With more than 32,000 clubs in over 200 countries and geographical areas, Rotarians gain an understanding of humanitarian issues through international service projects and exchange programs. One of Rotary's highest objectives is to build goodwill and peace throughout the world.

Friendship: Rotary was founded on fellowship, an ideal that

There are many reasons to bership today. Club members enjoy the camaraderie with like-minded professionals and club projects offer additional opportunities to develop enduring friendships. Rotary Club members who travel have friendly contacts in almost every city in the world.

Good citizenship: Weekly Rotary Club programs keep members informed about what is taking place in the community, nation and world and motivated to make a difference,

Family foundations: Rotary sponsors some of the world's largest youth exchange, educational exchange and scholarship programs. Rotary Clubs provide innovative training opportunities and mentoring for young leaders and involve family members in a wide range of social and service activities.

Entertainment: Social activities give Rotarians a chance to let loose and have fun. Every Rotary Club and district hosts parties and activities that offer diversions from today's demanding professional and personal schedules. Conferences, conventions, assemblies and social events provide entertainment as well as Rotary information, education and service.

respect for all worthy vocations has been a hallmark of Rotary from its earliest days. In their business and professional lives, Rotarians abide by The Four-Way Test: Of the things we think or say or do: 1. Is it the TRUTH? 2. Is it FAIR to all concerned? 3. Will it BUILD GOODWILL and BETTER FRIENDSHIPS? 4. Will it be BEN-EFICIAL to all concerned?

Leadership development: Rotary is an organization of successful professionals. Team building, fundraising, public speaking, planning, organization and communication are just a sampling of the leadership skills that club members can exercise and enhance. Being a Rotary leader provides further experience in learning how to motivate, inspire and guide others.

Diversity in membership: Rotary's classification system ensures that a club's membership represents a variety of the community's professional men and women, including leaders in business, industry, the arts, government, sports, the military and religion. Rotary clubs are nonpolitical, nonreligious and open to all cultures, races and creeds.

Wayne State College students participate in service learning trip to Ponca

More than 170 Wayne State Missouri River that is designated College students participated in a Wild and Scenic by the National service-learning field trip to Ponca Park Service, and is home to three State Park on Sept. 7.

The field trip was part of the BIO 110 Biology Concepts course, the introductory biology course for freshmen science and pre-health majors. Four faculty members, Drs. Mark Hammer, Barbara Hayford, Shawn Pearcy and Mark Zink, teach sections of the course and accompanied students on the trip. While at the park, students

spent half of their day learning about the ecology of the park and the environmental issues related to the Missouri River. Ponca State Park is located on a portion of the teers to help maintain the park,

of Nebraska's threatened and endangered species.

Wayne State College students participated in learning activities presented by college faculty and by Jeff Fields, Ponca State Park superintendent; Steven Rasmussen, District Forester for the Nebraska Forest Service; and Gene Bormann of the United States Army Corps of Engineers.'

Students spent the other half of their day weather-proofing cabins and other structures at the park. Ponca State Park relies on volunand the Wayne State College students made a significant contribution to that effort. Students applied 50 gallons of stain to 12 cabins, 50 picnic tables and other wooden campground structures.

time was mushroom farming, which was located in big warehouses that were hot and dirty. The immigrant families there had strong family ties and wanted their children to stay near them and not go on to college as they were afraid they would leave, so college enrollment for the minority was low.

The student base at WSC is from out-of-state tuition. northeast Nebraska and western Iowa and the numbers have been dwindling as the number of farms decline so recruitment must go further away to get more students enrolled. When Dr. Collings came to WSC,

he found there wasn't much advertising being done to promote the college. He had a marketing study done and found WSC was almost unknown in Omaha. Dr. Collings started a campaign of extensive advertising (radio, television and print) and revised ads to make them more student, not adult, friendly. Omaha's Douglas County is now third in WSC enrollment.

When he was working in North Carolina years ago, he was in charge of enrollment management and found shifting to more photographs and less text was a good move, so WSC uses that concept. He added that word of mouth is very important too. Dr. Collings went on to say that

urging citizens to be aware of a scam targeting individuals who advertise puppies for sale.

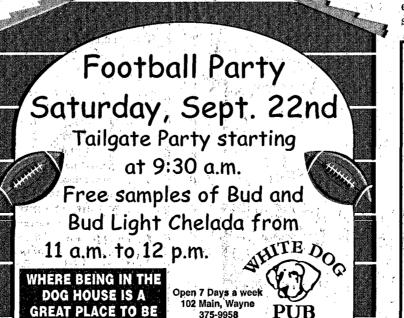

Investigators with the Nebraska State Patrol report the fraud begins with a phone call from the party interested in buying a puppy. Often times the person initiating the fraud uses a TTY system, giving the appearance they are hearing impaired. The individual advises they are buying a puppy for a ranch or facility that caters to the hearing impaired. The individual may then ask for an email address so they can communicate better.

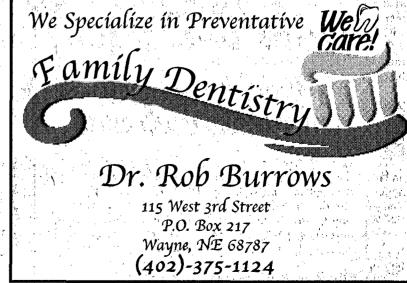

The individual perpetrating the scam will then typically send a money order or check to the person they wish to buy the puppy from. Northeast Nebraska RC&D to **Celebrate National RC&D Week**

unteers serving with the Northeast Nebraska Resource Conservation and Development (RC&D) program have focused their time, talents and energy on improving this area of the state through community and agricultural development, job creation, tourism promotion and environmental protection.

Many of the area's most innovative projects, including the St. James Marketplace near Wynot and Shannon Trail promotion in Cedar County, have their roots with this program.

And next week, the residents of the six-county region served by the Northeast Nebraska RC&D --including Antelope, Cedar, Dixon, Knox, Pierce and Wayne -- get the opportunity to show their appreciation for all of the hard, behind-thescenes work this group has done through the years.

To help celebrate National RC&D Week, a special exhibit highlighting the Northeast Nebraska RC&D will be on display at the Corps of Discovery Welcome Center, located three miles south of Yankton, S.D. From 9 a.m.-6 p.m., Sept. 21-29, the public is invited to visit the Welcome Center to learn more about the RC&D and visit with various project sponsors.

"We are looking forward to sharing and promoting what the RC&D has to offer for Northeast Nebraska, said Rhonda Kneifl, director of the Corps of Discovery Welcome Center, itself a successful project of the Northeast Nebraska RC&D.

"I'm excited to have the RC&D on board because it has been such a major part of getting the Welcome Center started," she added. "With the Welcome Center being a nonprofit organization as well, it's good to be able to have the RC&D's support."

For more than 15 years now, vol- to be featured next week at the Welcome Center exhibit include: •Farm to Family Connection this project helps local farmers and

The Wayne Herald, Thursday, September 20, 2007 8**C** Action filed against alleged predatory lender

Attorney General Jon Bruning families face a very real threat of sheet to borrowers to demonstrate and John Munn, Director of the Nebraska Department of Banking and Finance (NDBF), recenity announced the State is suing Omaha-based Advantage Mortgage Service, Inc., a mortgage brokerage firm, and its principal owners and operators for predatory lending practices. The NDBF is also instituting license revocation proceedings.

"Advantage Mortgage preyed on Nebraskans who dreamed of providing better lives for their families," Bruning said. "Instead, those

losing their homes. We will not tolerate predatory lending in this state." Munn stated that this investiga-

tion and the ensuing legal action should alert Nebraskans to the importance of dealing with reputable lenders. "Loan applicants must feel comfortable shopping for a loan and seeking assistance so that they know what they are signing and understand the terms of their proposed loan," Munn said.

Advantage Mortgage originates and refinances loans for private individuals, often targeting those with adjustable rate mortgages whose interest rates are rising dramatically. After the company originates the loans, a third-party lender actually secures them. Advantage Mortgage collects fees from both the consumer and the third-party lender for originating the loans.

NDBF investigation found Advantage Mortgage engaged in unfair and deceptive business practices in the origination and refinancing of home mortgage loans on behalf of its customers. Based on the Department's investigation, the complaint alleges that Advantage Mortgage employed tactics such as falsifying closing documents, forging borrowers' signatures on loan documents, and charging hidden and excessive brokerage fees to borrowers. The complaint also alleges that Advantage Mortgage loan officers made false representations to consumers concerning the length, duration and cost of refinancing their mortgages and that Advantage Mortgage failed to disclose material facts to its customers before it refinanced their loans. Bruning and Munn allege that the company presented a deceptive promotional spread-

the "savings" consumers would see upon enrollment in Advantage's programs. Instead, consumers were subjected to higher interest rates and paid as much or more per month to reduce their debt.

The State further alleges that Advantage Mortgage knowingly and illegally employed an individual convicted of felony financial crimes as one of its loan officers, The State claims that Advantage Mortgage authorized the loan officer to arrange over \$11 million in mortgage loans between January 2004 and January 2006 and unjustly profited from the loan officer's fraudulent behavior. The Department's investigation discovered that, on at least one occasion, the suspect loan officer is believed to have forged a customer's signature on a check and deposited the funds into his own personal account.

Advantage Mortgage is headquartered in Omaha, with branch offices located in Lincoln and Council Bluffs, Iowa. The civil complaint, filed in Lancaster County District Court recently, alleges that Advantage Mortgage and its owners and operators violated Nebraska's Mortgage Bankers Registration and Licensing Act, Consumer Protection Act and **Uniform Deceptive Trade Practices** Act. The corporation was served with the lawsuit. Advantage Mortgage is subject to fines in the amount of \$2,000 per violation under Nebraska's consumer protection laws, not including damages and injunctive orders.

Assistant Attorneys General Jeff Gaertig and Abigail Stempson are handling the case, along with Nebraska Department of Banking and Finance attorney Mike Cameron.

It is among the very best of being "hardcore" is important. Nebraska political stories from days of yore. It deserves high station because it is a true story.

Anytime truth in politics can be confirmed, it's a special thing.

Readers of this column might be familiar with it, but it is worth the occasional retelling as posturing for some elective office is soon to begin, or has begun.

It was in Omaha, and a local candidate blessed with Irish ancestry was telling a crowd that he was the man for the job,

He reasserted his ability to do the job, and added: "Furthermore, I have come down on all sides of all issues in this campaign!"

Whether it came from a tangled tongue or an outburst of honesty, it's tough to beat that one.

The politician at the heart of the story happened to be a Democrat. No matter. Some degree of "all things to all people" has always been a staple of political campaigning, regardless of party.

Some exceptions are found when contemporary hot button issues come up, and a definitive image is useful: Absolute opposition to abortion, opposition to abortion with the understanding that it should be legal, safe and rare. Nebraska awarded **\$1.1 million to fight** methamphetamine

Nebraska's Senator Ben Nelson announced that the Department of Justice Office of Community Oriented Policing Services (COPS) has awarded nearly \$1.1 million to Nebraska to fight methamphetamine.

"The use and abuse of methamphetamines has poisoned our communities and served to destroy the health and security of many people within the United States," said Senator Ben Nelson. "This severely needed funding is welcome news, as we all know just how damaging these drugs are to so many families and individuals."

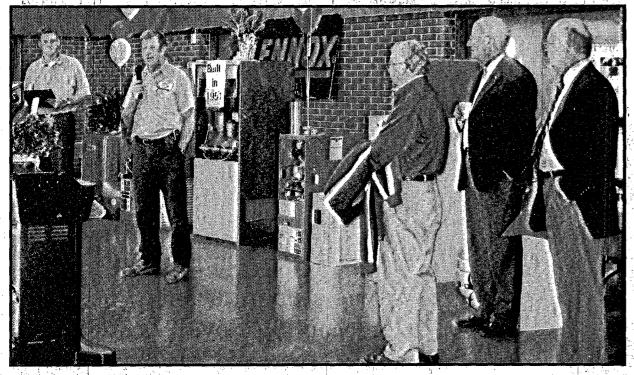

Nebraska's grants are intended to combat the use and effects of methamphetamine in communities statewide. This is a targeted program that focuses on supporting communities with the most significant meth problems based on data from various government agencies and groups. These projects encourage and promote the use of community policing and problem-solving strategies to combat meth and its' harmful criminal, social, and environmental impact. Priority was given to projects that reflected the best capacity for having a national impact,

The COPS Office is a federal agency responsible for advancing community policing nationwide and supporting state, local, and tribal law enforcement agencies. Since 1995, COPS has invested \$12.4 billion to advance community policing, including grants awarded to more than 13,000 state, local, and tribal law enforcement agencies to fund the hiring of more than we take for granted. They are 117,000 officers and provide a variety of knowledge resource products including publications, training, technical assistance, conferences and webcasts. National Anthem Day

Students at Wayne Elementary and Wayne Middle School observed National Anthem Day last week on the anniversary of the writing of the song. Students from the Music Educators National Conference (MENC) visited the schools, showed a video on how the song came about, performed activities and sang the song with students in third (above) and fifth (below) grades.

Melissa Ehrhardt ordained in Wayne ceremony

The Rite of Ordination was performed for Melissa Ehrhardt during ceremonies at Our Savior Lutheran Church on Sept. 8.

A number of pastors who have had an influence on Melissa's decision to join the ministry were part of the ordination ceremony, including Pastor Bill Koeber, Pastor David Halaas, Pastor Daniel Munson, Pastor Justin Wiese and Pastor Martin Russell.

Bishop David deFreese performed the ordination ceremony. Melissa's brother, Jon, and sister,

Amy, and parents served as communion assistants during the service.

Members of the congregation of Our Savior Lutheran Church also took part in the ceremony by providing music and reading prayers. The Charity Circle hosted a reception following the ceremony.

During the service a special offering was collected to assist those in the seminary.

Melissa graduated on June 2 from Trinity Lutheran Seminary in Columbus, Ohio with a Master of the Northwestern Minnesota Synod of the Evangelical Lutheran Church in America (ELCA) and has been in the call process since graduation.

How do youth learn sportsmanship?

are starting to hear about being a good sport. Good sportsmanship is something that most of us would like to see children develop as a result of taking part in a sport or other extracurricular activities. We all know the experience becomes more enjoyable when everyone shows respect to each other. As we've seen on and off the playing

Fall sports have started, and we field, civility, fair play and teamwork do not automatically happen; it takes effort and a plan.

> Parents play an important role in the experience of their child in competitive events. Their involvement is key to a successful outcome. Showing interest and support can lead a child to greater enioyment and greater participation in the activity. At the same time, walking the fine line between. being supportive and becoming over-involved can be a challenge. Here are some ideas to help encourage good sportsmanship with your children:

> •Expect and reinforce good sportsmanship with your child. Point out and reward good sportsmanship. Have a plan for dealing with poor sportsmanship.

In the 1960's high school students in Rome founded "The Community of Sant' Egidio" which offered prayer and friendship with the homeless in the streets. They offered food, shelter, clothing and medical care to these people. This has spread to over 60 countries. 'So, a few can do a lot."

Officers were elected for the next

They include Dorothy Wert, president; Ruth Grone, vice president; Arlene Ostendorf, secretary and Donnella Johnson, treasurer. Hostesses for the meeting were Phyllis Rahn and Margaret Anderson.

Bargholz were seated at the registration table. President Jensen presented all of Trinity's WELCA members with a

carnation in appreciation for all the help she has received as president from the entire group. Greta Grubbs introduced her sis-

tër-in-law, Marilyn Iversen, who ws the guest speaker. She spoke on her Dental Mission Trip to Honduras. She also shared numerous pictures of her trip.

After the speaker was finished, all enjoyed a dessert luncheon in the church basement. The kitchen committee included

Mary Ann Soden, Arlene Rabe, Lois Krueger and Peggy Krueger. After everyone had finished eat-

ing, a drawing was held for 12 fabric pumpkins. There were numerous September

birthdays so the birthday song was sung for all those celebrating birthdays.

The day closed with The Lord's Prayer and fellowship.

Trinity's WELCA will next meet on Thursday, Oct. 11 with Greta Grubbs serving.

Sign-up dates set for disaster programs

The Wayne era

The U.S. Department of Agriculture today announced signup dates for the new Livestock Compensation Program, Livestock Notice directly associated with a Indemnity Program and Crop disaster declaration made by Disaster Program, The three ad hoc disaster programs provide benefits to farmers and ranchers who suffered losses caused by natural disasters in recent years.

Eligible ranchers and other livestock producers can apply to receive benefits under the Livestock Compensation Program (LCP) and Livestock Indemnity Program (LIP) beginning Sept. 10. Eligible farmers can sign-up for the Crop Disaster Program (CDP) beginning Oct. 15 if they suffered quantity losses to their crops. USDA will announce and conduct CDP sign-up for quality losses as soon as possible. LCP compensates livestock producers for feed losses occurring between Jan. 1, 2005, and Feb. 28, 2007, due to a natural disaster. This can include producers who suffered losses resulting from blizzards that started in 2006 and continued into January 2007. Livestock producers may elect to receive compensation for calendar year 2007 grazing season losses that are attributable to wildfire natural disaster occurring during the applicable period as determined by the Secretary of Agriculture. Producers in primary counties declared secretarial disaster areas or certain counties declared presidential disaster areas between Jan; 1, 2005, and Feb. 28, 2007, are eligible as are producers located in counties contiguous to those counties.

Also, producers in a primary (or losses in 2005, 2006 or 2007 must contiguous) county that received an Administrator's Physical Loss President Bush may also be eligible. Producers incurring a loss in more than one of the 2005, 2006 or 2007 calendar years must choose only one year for which they want Disaster Assistance Program to apply for benefits.

LIP compensates livestock producers for livestock losses between Jan. 1, 2005, and Feb. 28, 2007, that resulted from natural disasters, including losses due to blizzards that started in 2006 and continued into January 2007.

Producers in primary counties declared secretarial disaster areas or certain counties declared presidential disaster areas between Jan.1, 2005, and Feb. 28, 2007, are eligible as are producers located in counties contiguous to those counties. Also, producers in a primary (or contiguous) county that received an Administrator's Physical Loss Notice directly associated with a disaster declaration made by President Bush may also be eligible. Producers incurring eligible livestock losses in more than one of the 2005, 2006 or 2007 calendar years must choose only one year for which they want to apply for benefits.

CDP provides benefits to farmers who suffered quantity and quality losses to 2005, 2006 or 2007 crops from natural disasters if the crop was planted before Feb. 28, 2007, or, in the case of prevented plantings, for crops that would have been planted before Feb. 28, 2007. Producers who incurred qualifying posted online.

choose only one year to apply for benefits. Producers may apply for benefits for losses to multiple commodities as long as the losses occurred in the same crop year. Only producers who obtained crop insurance coverage or coverage under the Noninsured Crop (NAP) for the year of loss will be eligible for CDP benefits. Producers must have suffered quantity losses in excess of 35 percent to be eligible for CDP.

On May 25, 2007, President George W. Bush signed into law the "U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007" (2007 Act). The 2007 Act authorizes LCP, LIP and CDP. It also authorizes funding for the **Emergency Forestry Conservation** Reserve Program (EFCRP), Emergency Conservation Program and Dairy Disaster Assistance Program III (DDAP-III), USDA recently announced sign-up for EFCRP and the distribution of funds to 18 states under ECP. USDA will announce and conduct sign-up for DDAP-III as soon as possible. USDA's Farm Service Agency (FSA) is charged with administering the programs.

More information about LCP, LIP and CDP is available in a fact titled, Agricultural \mathbf{sheet} Assistance Act of 2007, found on FSA's Web site, http://www.fsa. usda.gov; click on Disaster Assistance Programs. USDA is developing individual fact sheets about these programs that will be

it needs to mish filling the grain, said Tamra Jackson, UNL plant pathologist.

"These weakened stalks are then more likely to become infected by stalk rot fungi surviving in past year's crop residue," Jackson said. "Corn that has fallen down will be exposed to longer periods of high moisture or humidity and require more time to dry."

Contact with soil and crop residue exposes the ears and stalks to more pathogens than normal. This results in ear and stalk rot diseases in the damaged corn.

Ear rotting fungi also can cause problems after harvest during storage if good storage conditions are not maintained, Jackson said. "Remember, grain quality does not improve during storage," she said. "Under the best conditions, grain will maintain its quality but is more likely to decline as fungi continue to grow in the bin." The UNL Plant and Pest Diagnostic Clinic has seen corn with Fusarium stalk rot and

anthracnose stalk rot. Fusarium stalk rot often can be recognized by the presence of cottony white, pink

vive a long time in the field and take advantage of wounds or favorable weather conditions to colonize in ears.

"The same fungi that infect these ears can continue to grow very quickly in the humid conditions of a grain bin and substantially reduce grain quality," she said. This corn also is at higher risk for mycotoxins. Mycotoxins are tox-

ins produced by the fungi. "To manage this, first dry grain to less than 15 percent moisture within 48 hours of harvest to slow the growth of grain molds," she said.

To further minimize mold and mycotoxin contamination, it's important to:

• plant tolerant hybrids, • ensure proper storage conditions,

• minimize mechanical damage,

• minimize insect damage,

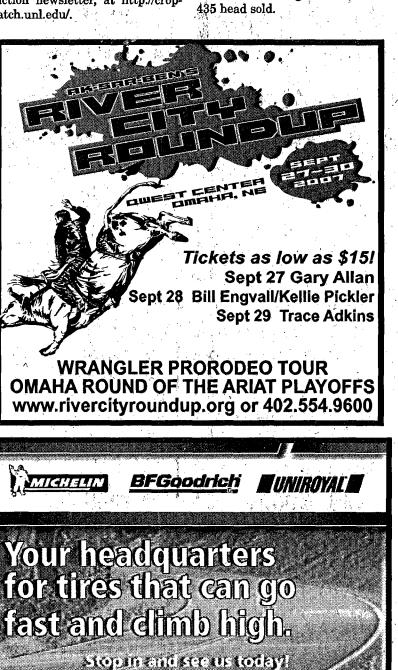

• sanitize storage facilities,

• test moldy grains for mycotox-

ins, and • segregate, blend or destroy contaminated grains according to FDA regulations.

TARTICONAL FARMERANCH SAFETY & HIEALTHI WIELEK September 16-22, 2007

National Farm and Ranch Safety and Health Week is a great opportunity to stress the importance of keeping our farm families safe and healthy. The agriculture industry is unique in that so many of its members live, work and play at the worksite. This often increases the level to which farmers and their families are exposed to dangerous chemicals, machinery and livestock. Because of this potentially hazardous environment, it's essential that each and every person on the farm is experienced and knowledgeable in the area of farm safety.

Handle cattle with respect and awareness. They have the strength and speed to cause serious injury.

Never allow more than one rider on a tractor at one time, and never allow young children to ride on tractors.

Remember to clearly label and store all pesticides in a lockable, well-lighted and well-ventilated area.

Wear appropriate clothing, including protective footwear, masks and a hat for sun protection.

Never operate machinery when you are fatigued, stressed or highly medicated.

Always read and follow owner's manuals and safety decals on all equipment.

Always inspect machinery and complete any necessary repairs before operating.

Outfit all farm buildings with smoke detectors and fire extinguishers.

to complete some additional tasks and integrate them into STARS.

A Design Team for #653 has been established and three Advisory Committees: Standards Advisory, Assessment Advisory and Reporting Advisory. Additionally multiple work groups will be gathered from educators and policymakers across the state. An initial analysis of the law has resulted in an implementation plan that will be brought first to the State Board for approval and clarification. NDE will provide additional information as it becomes available. Mr. Hanson - Mr. Hanson was absent but gave a written report that updated the board on distance education. Mr. Hochstein is teaching Psychology on Distance Ed this year. There have been several changes to distance ed, there is new equipment and the process for registering students has changed significantly. Mr. Hochstein teaches psychology to Wayne students both 2nd and 8th periods. There are seven Wayne students, three West Point students, and eleven Logan View students enrolled. Psychology is a one-semester class

that is offered for dual credit through NECC. Mr. Krupicka — Mr. Krupicka reported the MASH (Monday After School Study Hall) is going well. There have been paras from the middle and elementary school supervising the study hall. Students have to contact their parents for permission to leave the study hall early if they have their studies completed. In Power School they have been importing different report cards from different schools to customize for our schools need. Lee Brogie attended the ANGEL software training at the ESU #1. She learned how to incorporate this software to help students with their science fair projects.

Mr. Schrunk - Mr. Schrunk reported on enrollment. The elementary has a net gain of eleven new students. Mr. Schrünk and his staff have weekly CARE/SAT meetings to identify students in need of extra help with their school work or help with other problems. On Tuesday's they get together as Learning Web Team. They go over curriculum and other computer programs to incorporate them into their curriculum. The 3rd grade will be involved in America Reads. This involves Wayne State College students working with third grade students in reading. The new staff members will be attending A.P.L. training September 24-26 at the ESU #1. Mrs. Ballinger - Mrs. Ballinger handed out a breakdown of the summer ESU bill, She states that is the lowest summer bill. With students transfer in and out she has been busy evaluating new students: Wayne State College students will be working with ELL students.

Mr. Ruhl --- Mr. Ruhl reported that fall sports are off and running. This is Homecoming week. He is presently looking for a cheerleading coach. It was asked if male students can play girls volleyball this was denied as boy's footbal is available:

Superintendent: Dr. Reinert - Dr. Reinert reported that

State aid is down with lower numbers in enrollment. We will receive from October 2007 through June 2008 \$191,757,16. Enrollment for 2007-08 at Wayne Community Schools is down 14 students from 2006-07. Board Committees:
