Hit and run accident

Wednesday morning Officer Dominic Consoli located three vehicles in the First National Bank parking lot that had apparently been involved in a hit and run accident. Damaged were a 2007 Ford Explorer, a 2004 Saturn Vue and a 1994 Buick Park Avenue. After meeting with the owners of the damaged vehicles, Officer Consoli was told by WSC Campus Security that they had received a hit and run accident report involving a white car that matched the suspect vehicle. Follow up investigation lead officers to a 1996 Chevrolet Lumina with damage to the right front corner parked in the 400 block of East Fourth Street. The driver of the Lumina, Arthur Ford, age 23, was cited for Leaving the Scene of a Property Damage Accident, and Careless Driving. No formal charges have been filed at this time.

Elementary school expanding in technology with purchase of Interactive Smart Boards

By Lynn Sievers Of the Herald

Wayne Elementary School recently purchased two Interactive Smart Boards, two LCD projectors, two USB/Bluetooth and two AV carts. Funding for the technology purchase included approximately \$5,000 from Wayne Elementary WEB and approxi-

mately \$1,000 from the Wayne Community Schools Foundation.

Daryl Schrunk, Wayne Elementary School principal, noted they have been trying to update technology in the elementary school. A technology committee was started awhile back and they traveled to area schools to see what they have in place for technology. Later, the technology person at ESU#1 helped Wayne Elementary School with their technology planning and implementation, as well as Dr. Tamera Worner of WSC. Also, WEB and the Wayne Community Schools Foundation, were

Two men arrested for felony assault

At approximately 1:40 a.m. on April 28, officers of the Wayne Police Department stopped a 1997 Chrysler Sebring near Seventh and Main after receiving a report that a female in that car had been assaulted earlier in the Prime Stop parking lot.

Officers discovered a 20 year-old woman who had obviously been severely beaten. An ambulance was called immediately and the victim was taken to the hospital.

KiJuane Leach, age 20, of Wayne, was arrested for First Degree Domestic Assault and was jailed in the Pierce County Jail. Eighteen year-old Jamel Johnson of Norfolk was arrested for being an Accessory to a felony, and was jailed in the Thurston County Jail.

This investigation actually began shortly after 10 p.m. when the police department received a report of a female being forced into a car which matched the description of the Sebring.

helpful with providing funding for the project.

"Smart Boards are interactive whiteboards, which are like having a gigantic computer in front of the students. Anything that you can do on a computer, can be done on a Smart Board," said Daryl Schrunk, Wayne Elementary School principal.

Schrunk went on to say that Smart Boards have pens that can be used to write on the board or can be written on with your finger. With a cursor, Smart Board pen or finger, a person can move items on the screen anywhere they want. For instance, if you were working on the subject of money with your students, you could have coins (interactive ones) on the Smart Board screen. The teacher would ask a student to come up to the board and show 60 cents. The student could drag two quarters and a dime to another location on the board to show their understanding.

Dr. Tamera Worner, Associate Professor of Physical Sciences and Mathematics at Wayne State College, added that after teachers use the Smart Board for a lesson, it can be saved to a file and sent to students via email who were absent from

class or used again for future review. "Smart Boards are becoming prevalent across the state of Nebraska," said Dr. Worner. "Most teachers I know that have one say they would not, and in some cases could not, go back to teaching without one. The Smart Boards at the elementary school are the first ones, I believe, in Wayne."

Dr. Worner added that WEB used funds raised through the Carnival, candle sales and t-shirt sales to purchase the two portable Smart Boards.

Schrunk notes it's really hard to describe all the possibilities of this amazing technology. He added that the future goal at Wayne Elementary is to have one Smart Board per every grade level to share K-4 (five grade levels, so five Smart Boards... one Smart Board in the library and one in the Resource Room). He hopes that WEB can fund this next year but that any donations from the community would be

welcomed.

"Please stop by the elementary school and check out our new technology," Schrunk said. "We thank WEB for their generous purchase and all their past support. Our students are benefitting from all their work."

Friends and family surprise Concord resident with home improvement project

By Suzy Johnson

Concord correspondent

Friends and family of Gretchen Dietrich gathered last Friday afternoon, wishing the weather was better, but they began scraping, repairing, and planning to side her home and paint her garage in honor of her 60th birthday which is the first part of

This Concord community has a "tradition" of surprising those who leave town for a long weekend or for a special reason.

Sometimes the "surprises" are really surprising, but are meant to do no harm. Little did she know that "turn about is fair play" and that a total of 40+ volunteers, including six excellent carpenters turned her home into a beautiful piece of art.

The wives and women of the area baked and furnished food and helped paint. Breakfast, lunch and supper were provided each day of the entire weekend. Friends and family came from Wayne, Laurel, Concord, Wakefield, and the state of Texas. Gretchen's son, Aaron, and two of her three brothers, Andy Anderson of Wayne, Fred and wife, Janice from Texas, who came just for the occasion, and sister Doris Jones and husband were all present.

Sunday afternoon was a very special time not only for Gretchen, but everyone present. Everyone gathered on the street

just before she arrived home at 5 p.m.... an 18 wheeler blocked her view until the words, "Move that truck" were chanted. Happy tears began to flow as the birthday song was sung. Following, she and her

family's tour around her newly sided home and freshly painted garage, a 'potluck' supper was held at the cafe/firehall for

Committee members reflect on Elderfest

Elderfest has become a tradition in Wayne. What formed from an idea has become a day-long celebration honoring area senior citizens. Next year will mark the fifth anniversary of the event, which will have extra special entertainment and activities.

Looking back, Laurel resident Diane Peterson thought of Elderfest and approached Sandy Bartling. PMC Foundation Director, with the idea. The women looked for committee members who would share their vision and when they were found, the group jelled. The committee continues to share the vision and reminisce, as well as look to the future of the event.

"Elderfest is a celebration that I'm proud to hang my hat on," said Marcile Thomas, administrator of Providence Medical Center. "When the idea of Providence Medical Center being the major sponsor of Elderfest was posed to me four years ago, it was instantaneously something that appealed to me. I couldn't think of a more perfect way to honor senior citizens throughout northeast Nebraska! Nationwide, seniors are the fastest growing body of individuals and they certainly will continue to impact northeast Nebraska. Because of their generational ethics and drive, they have made unbelievable contributions to our area throughout their lifetimes. I'm extremely pleased that Providence Medical Center is positioned not only to provide major sponsorship to an event such as Elderfest, but also to address the healthcare needs of these individuals now and on into the future. We exist to provide quality healthcare in the spirit of Christ and we will continue to be here for these seniors for many years to come. I look forward to the '09 Elderfest celebration, I extend my gratitude to the hard-working Elderfest committee, two of whom are PMC employees and I congratulate everyone involvéd on a job well done."

Susan Wells, administrator of the Oaks Senior Living Community teers of all ages, were on board said, "I'm so honored to be a part of for Elderfest. Can you believe it? the Elderfest committee and so are At a time when volunteerism is our residents and volunteers at the

Oaks. It has become a tradition at year, when we locked the doors of the guests were feeling and experithe Oaks each year for the volunteers and residents to get together to bake 35 pies for the pie and ice cream social at Elderfest. The Oaks residents look forward to spending the whole day at Elderfest to attend all the events and it is the talk of our community for weeks ahead of time. I am amazed at how the event grows every year and without the Providence Medical Center, the PMC Foundation and the tons of volunteers and area businesses that support Elderfest, it would not be possible."

Sandy Bartling, committee member and president of the Providence Medical Center Foundation, notes that the Elderfest committee has been amazed with the volunteerism that exists in putting on such

as event of this magnitude. "This year nearly 100 volunat a supposed all time low? This the city auditorium following the conclusion of the dance and were cleaning the facility, each of us on the committee was in agreement that we absolutely could not have pulled off this year's celebration without our volunteers," Bartling I noticed her singing along and said. "She went on to say that volunteers helped with the documentation of the event by taking pictures throughout the day and evening, set up and took down tables and chairs, acted as greeters, helped guests up and down stairs, assisted with the pie and ice cream social, assisted guests with the signing of the quilt, provided shuttle service (Wayne Rotary Club), and much more.

Bartling continued that the volunteers made it possible for each of the committee members to try to do a bit of mingling and conversing with their guests. They had opportunities throughout the day and evening to visit with individuals and to get a genuine feel for what

Wayne from quite a distance upon the urging of her friends. Her husband had passed away nearly a year ago. I sat down across the table from her during the afternoon and at the conclusion of the entertainment, she took my hand and said 'thank-you...thank-you. Today was the best day I've had in a very long time. Maybe next year I will feel like dancing."

Another Elderfest committee member, dianne Leighty of dianne's Specialty Gifts & Custom Designs, said it is unfortunate that all of the MANY who contribute to the success of Elderfest can't hear the heartfelt words of thanks that the committee receives. The gift of this day is truly appreciated by everyone who attends.

"There were so many moments that warmed my heart, but if I had to pick my favorite, I would say it was the woman who had just finished her dish of homemade ice cream," Leighty said. "When at Wayne State College, had her I asked if she had enjoyed it, she tipped her head up, closed her eyes and in a slow; quiet voice said, 'It was as delicious as my memory told me it would be.' That ice cream made her day and mine. Pastor Pasche made the ice cream for us. I wish he could have been there to witness her appreciation of his talent. The rolls, the pies (oh! the pies!), the vocal talent, Brenda Nissen's harmonica absolutely stunned the crowd into silence (and tears), Cinda Brudigam's quilt display warming the whole event, Gwen and Artie Schmidt were, as always, amazing... I'm not kidding,

down her cheek," said Bartling. I could go on and on. How can we "Another elder friend trekked to properly thank everyone? That is our biggest challenge as a committee. I guess, everyone who volunteers or donates to this event just "gets it." They understand what the day is all about. I'm proud of them for that.

Mick Kemp, committee member and sales account executive at KTCH Radio Station said, "I take satisfaction in a project that's worthwhile to the community and in celebrating the people that formed the community and the way we live today...it's something we should do."

Committee member Cinda Brudigam of PMC noted the elderly have a wisdom through which they show us endurance. At Elderfest, you could look across and see varying degrees of ability; physical and otherwise. They look at life in a positive manner and it's good to see people of all ages interacting.

"Patty Burris, an instructor freshmen class help set up the quilts," Diane Peterson of Peterson Physical Therapy and committee member said. "They were really interested. Last year, Burris had her class attend and put their memories in a book. It is cross-generational and is really neat to see."

Committee member Mel Meyer notes he has gone to surrounding towns in the past to spread the word of the event, but has found he doesn't have to say much anymore as the event has become well known and speaks for itself. Each year, Elderfest is held the third Thursday of April.

Annual Chicken Show, scheduled for Friday, July 11 (Henoween), Saturday, July 12 and Sunday July

Wayne, Nebraska

This fun family event offers "egg"citing activities for all participants. It is also the community's largest tourist attraction, bringing approximately 10,000 visitors to town and is "a great boost for our local economy. The involvement of our entire community is responsible for this success.'

Organizers note that they "look forward to your continued tradition of participation for this years show."

The theme for the 28th Annual Show is "Let the Cluckin' Games Begin," which is a take off from the summer Olympics to be held in Bejing, China.

The task force is in the process of developing this year's brochure. Any group or individual who has an event that they would like to be included, is asked to contact the Wayne Area Economic Development

May is pet registration renewal month

your annual pet registration is

Everyone in Wayne who owns a dog or cat must make the annual trek to the Wayne Municipal Building to renew your pet's registration. The new dog tag will be blue and shaped like a dog's head, and the new cat tags are blue and shaped like a cat.

To renew your pet's registration you will need to bring proof of rabies vaccination that is current until May of 2009. The status of the rabies vaccination is an issue every year because people come in to renew their registration with a rabies vaccination record that is current but will expire before the registration period. Wayne City Ordinance requires that any vaccination be current through the entire registration period. For example, if a pet owner comes in with a rabies vaccination record that expires in impounded.

Yes, it is that time of year again; August of 2008 they will be asked to get a rabies booster.

If you renew your pet registration between May 1 and May 31 the fee is only \$5 per pet. After May 31, pet registration renewals cost \$20.

Anyone who has lived in Wayne more than 30 days and who has owned their dog or cat for 30 days must register their pet. Ordinance allows a person to own up to four dogs and/or four cats. Newborn dogs and cats are required to be registered as soon as they are old enough to be vaccinated for rabies.

Pet registrations are important to the City of Wayne because this process helps insure that our pet population is safe. Pet registration is important to owners as well. If a dog or cat gets picked up by the Wayne Police Department and it has a registration tag on its collar, every effort will be made to contact the owner before the animal is

Wayne golf brings home the gold from Lakeview Invite

By Casey Schroeder

The Wayne Blue Devil golf team used four top 15 finishes, to combine for an overall team score of 323 on Saturday, April 24, at the Elks Country Club in Columbus to return home with their second team title of the season.

"Wow, we were due," Wayne head golf coach Dave Hix said. "The boys did a great job today thinking and managing their way around the course."

Wayne's top performer of the day was Sam Kurpgeweit, who used an overall score of 79 to take third

"Sam is back," Hix said. "Sam suffered a setback with the dreaded 'shanks' for a couple of events,

but he proved today that they have disappeared."

In addition to Kurpgeweit, golfer Andi Diediker found success on the greens as he finished fifth with an overall score of 80.

Wayne was further aided by Shaun Kardell who finished ninth with a mark of 81 and Taylor Racely who scored an 83 to finish 15th

"We had a few let downs on the greens today, but there ball striking is showing signs of confidence," Hix said. "This was our second title of the season and the boys are excited and want more."

Collin Jeffries also participated for Wayne, but failed to place as he finished with a score of 84.

Wayne will look to build upon their recent success as they host the Mac Invite on Thursday at the Wayne Country Club with the invite starting at 9 a.m.

Listed below are the team scores and individual scores of the Lakeview Invite.

Cornhusker State Games Torch Run route announced

The Nebraska Sports Council has announced the 2008 Cornhusker State Games Torch Run route and dates and are encouraging Nebraska residents to participate.

The Torch Run will kick off on June 5 at the South Dakota border north of Chadron. Applicants for the Torch Run will be assigned segments in one-mile increments. Runners will be scheduled on a first-come, first-served basis. There is no fee for the Torch Run, and participants will receive a T-shirt.

Entry information is available at CornhuskerStateGames.com or by calling 800-304-2637.

The Torch Run will reach Lincoln, its final destination, on June 26, but won't officially end until the caldron is lit at the Games' Opening Ceremonies, on July 18. The route will cover over 1,200 miles and involve approximately 1,000 runners and volunteers as it weaves its way across Nebraska.

The Cornhusker State Games will be held July 18-27 and is expected to draw more than 14,000 Nebraska athletes.

For entry information and entry CornhuskerStateGames.com or call 1-800-30-GAMES.

Wildcat track and fields reaps rewards of hard work over weekend

By Casey Schroeder

The Wayne State College track and field team failed to dominate a tough pool of competition at Sunday's University of Nebraska Open in Lincoln. However, WSC did have several athletes who recorded a top five finish or better.

Junior Katie Wilson threw her way to a fifth in the discus with a season-best and NCAA provisional qualifying mark of 146' 6". While she also finished fourth in the shot put with a mark of 46' 4 3/4".

The highest finish in Lincoln for the women's squad came from freshmen hurdler Paige Pollard, who took second in the 400-meter hurdles with a time of 1:03.22.

To further compliment WSC Sarah Thomsen earned a pair of third place finishes in the 3,000meter steeplechase (11:58.52) and 5,000-meter run (19:45.64).

Christina King and Kylie Herian rounded out the Wildcats' efforts in the women's division, as King finished third in the 400-meter dash (59.43) and Herian earned third in the 100-meter hurdles (14.63).

In the men's division junior Nate Preston won two events for WSC, as he won both the 3,000-meter steeplechase (9:26.59) and the 5,000 meter run (15:30.39).

"Nate Preston ran a pair of solid races," WSC head coach Marlon Brink said.

"He didn't have anyone challenge him from the gun in the steeplechase, and he ran a smart race in the 5,000-meter run. I think he is peaking at the right time of the

In addition to Preston, juniors John Sloup and Brett Suckstorf both reached NCAA national provisional qualifying marks in the hammer throw, as Sloup finished fourth (177'9") and Suckstorf took

fifth place with a mark of 177'7". Other top performers for WSC included Garrett Flamig who placed third in then 110-meter hurdles (15.20) and sixth in the 400meter hurdles (54.56) while John Kern finished second in the 5,000meter run with a time of 16:19.42.

With a limited number of athletes making the trek to Kearney Thursday evening, the Wayne State College track and field team made best of the situation and came away with several wins among a field of tough competition.

Wilson won the hammer throw for the Wildcats with a mark of 157' 5" and took second in the discus with a heave of 143' 2".

Backing up Wilson, was Pollard who won the 400-meter hurdles in a new meet record time of 1:03.18 and Lacey Jensen who earned second in the hammer throw with a mark of 155' 8".

"Paige Pollard had two very good races again in the 400-meter hurdles at both the UNK and UNL meets," Brink said. "She is right on the verge of a big breakthrough and getting an NCAA provisional qualifying mark."

Wakefield freshman Shay Tullberg also found success under the stars as she finished fifth with a throw of 141'0".

In the men's division Sloup led

6") while Suckstorf finished eighth mark. with a mark of 170'9".

Rounding out the WSC's effort in the field events* was Jacob High Jump: Misty Rystrom, T8th Mathieson who finished 15th in the hammer throw at 155' 1"

WSC will look for several wins on Friday and Saturday as they compete in the Howard Wood Dakota Relays in Sioux Fall, S.D.

The Cunningham Awards, are named after longtime WSC athletic supporter Bob Cunningham, and are presented to the athletic department's top male and female

Manganaro, a senior first baseman from Laurel, Neb., leads the 18th-ranked WSC baseball team in most offensive categories and currently has a .392 batting average. He also has nine homeruns and 52 RBI's to lead NSIC in RBI's and runs scored with 52.

Academically, Manganaro was a First-Team All-NSIC and Central Region selection as a junior last season and is the only player to start and play in all 42 games this season for WSC.

Schroeder, a senior from Belden, Neb., helped the WSC volleyball

team to a third straight NCAA National Tournament appearance last season. She was a Second Team AVCA and Daktronics All-American selec-

tion for the second straight season after she recorded 591 kills, 487 digs and 205 blocks, which ranked her third in NCAA Division II this season. Schroeder, also carried a 3.86

grade point average and earned back-to-back All-American honors in volleyball.

Wilson, a senior from Glenwood,

Iowa earned All-American honors at the NCAA Indoor Track and Field Championships in March with a fourth place finisher in the shot put. She also earned All-American honors in 2006.

This season Wilson, has established three NCAA provisional qualifying marks, and is currently ranked in the shot put, discus and hammer throw for NCAA Division II this season.

Bruno, a freshman from Miami, Fla., totaled 1,256 all-purpose yards this season for the 7-5 Wildcat football team.

He finished second on the team in receptions with 38 catches for 567 yards and five touchdowns. He also was sixth in the NSIC for kickoff returns with an average of 20.5 yards per return while being ranked seventh in all-purpose yards per game at 104.7.

Boss, a freshman Columbus, Neb., set a new single season record with 90 blocked shots to lead the NSIC while she also ranked fifth in NCAA Division II with 2.81 blocks per game as WSC went 22-10 to earn their second trip to the NCAA Tournament in three seasons.

Winter, a senior from Miller, S.D. had two head coaches and seven offensive line coaches during his five year career at WSC

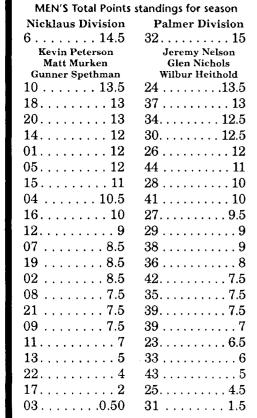

Highlights of his career included that he overcame two in-season hernia surgeries and gave up a no sacks in his final two seasons as a Wildcat.

Rathje, a senior criminal justice major from Watkins, Iowa maintained a 3.90 grade point average and averaged 10.2 points and 6.0 rebounds per game this season.

Last season Rathje recorded a career-highs of 12.2 points and 7.4 rebounds per game that earned him Third Team All-NSIC honors.

The #16 Wayne State College baseball team split a doubleheader against Concordia-St. Paul on Sunday as the Wildcats won the opening game 3-2 and then dropped a 3-1 decision in their second game at the Metrodome in Minneapolis, Minn.

With the split, WSC remains first in the NSIC (20-4) and has an overall record of 34-6.

"We pitched very well in both games," WSC baseball coach John Manganaro said. "Herrick, Schumacher, Snyder and Moreland were extremely competitive and gave our team chances to win both games."

In game one the Wildcats dealt the first blow to the Golden Bears in the first inning as Marc Manganaro connected on a home run to give the 'Cats an early 1-0 lead.

WSC then added another score in the fourth inning after Justin Hemauer tripled and scored on a Manganaro ground out to second.

With the lead in hand, WSC's fate was tested as the Golden Bears scored on a pair of unearned runs to close out the fourth inning with the score tied 2-2.

After the fourth inning surge by both squads, the game went into a scoring recession that saw neither team score until the ninth inning.

In the final inning WSC's Alex Koch doubled and went to third, where Joe Wendte then reached on an error while attempting a bunt. With two runner on base, the 'Cats

then used a Nick Bidroski walk to load the bases.

With the bases loaded, WSC was granted an opportunity to deliver a knockout blow to the Golden Bears but failed to capitalize as Josh Nielsen and Matt Dunn both struck out to keep the bases loaded with two outs.

Brian Sulzman then drew a basesloaded walk that allowed Koch to return home for the score making it a 3-2 game.

The Wildcats then relied upon relief pitcher Nick Schumacher to close out Concordia, and he did not disappoint, as he recorded three straight groundouts that allowed WSC to hold on to the 3-2 win.

"Our pitching was pretty good with only a few mistakes that cost us," Koch said. "This team has a chance to go further then any other team in WSC history if we can put everything together and play a full game of baseball."

WSC had six hits in the game compared to the Golden Bears' five. Hemauer finished 2 for 3 with a triple, single and one run scored while Manganaro was 2 for 4 with a home run, single and two RBI's.

To round out the Wildcat's offensive push, Koch added a double while Sulzman contributed a sin-

Schumacher (10-1) worked 3 2/3 innings of one-hit relief with six strikeouts to not only earn the win from the mound, but to also become the third pitcher in WSC history to record 10 wins in a single season.

Starting pitcher Mitch Herrick pitched the first 5 1/3 innings, and allowed two runs (both unearned) on four hits with five strikeouts and no walks.

In game two, the Golden Bears wasted little time on the Wildcats as Concordia scored all three of their runs on three hits and one error in the fourth inning.

The Wildcats then went on to prevent a shutout in the fifth inning, as Bidroski and Nielsen

With both squads only recording five hits in the game, Nielsen led WSC as he went 3 for 3 with three straight singles while Bidroski and Manganaro both singled.

WSC pitcher John Snyder (4-3) suffered the loss from the mound, as he gave up three runs (two earned) on four hits in 3 1/3

innings. Relief pitcher Chad Moreland WSC closed for the 'Cats and gave up one hit with three strikeouts and one walk in 2 2/3 innings worked.

WSC can next be seen on Saturday, May 3, at 12 p.m. as they host a doubleheader against Bemidji State at the Pete Chapman Baseball Complex.

Wildcats go 0-2 over weekend at Minnesota State Tourney

By Casey Schroeder

team fell to 29-21 on the season after a pair of narrow losses this past weekend at the Microtel Inn and Suites Softball Classic in Mankato, Minn.

WSC was handed a 4-3 loss in their opening game against Minnesota State, and then were defeated 2-0 by St. Cloud State.

"We went into Sunday thinking that we would play okay, but we just weren't prepared," senior first baseman Dawn Spale said.

"We continued to play hard and we tried until the end to win, but sometimes you just run out of time."

Minn. State took an early lead in the first inning over the 'Cats, as the Mavericks used four runs to jump out to a 4-0 lead that WSC failed to answer until the third

After a rough start, the Wildcats used a Blaire Kuhl two-run homer in the third inning to score Sam Earleywine and cut the Mavericks lead to 4-2.

WSC then went on to score in the sixth inning as Kuhl scored on a fielder's choice by Hannah Engelkamp.

With a tie in sight, the Wildcats advanced runners to first and third base with two outs to spare.

However, the 'Cats chances of a win were brought to an abrupt halt as Goetzinger struck out while third baseman Alaina Novotny grounded out to third base that allowed the Mavericks to hold on Minn. St. 40000X-4 for the 4-3 win.

Kuhl led the Wildcat offensive charge going 3 for 4, with a home run, two singles, two runs scored Kuhl (9). SB-Morris 2(18); Decker and two RBI's while Earleywine went 3 for 4 with one run scored.

Goetzinger (22-11) suffered the pitching loss for WSC, as she allowed four runs (one earned) on six hits with one walk in 1 1/3 innings worked.

The Taco's & More team was the winner of the Hits and Misses bowling league for 2007-08 year. Team members include, left to right, Stacey Craft, Cec Vandersnick, Rita Schumacher, Jen Benson, Sandy Park and Sandra Gathje. Wayne East Prime Stop took second place.

Registration open for Cornhusker State Games

What do Orienteering/Land theme for 2008. Navigation, Bocce, Kids Triathlon and Beach Wrestling have in common? Very little, with the exception that all are new events in the Cornhusker State Games.

Organizers met with sponsors, key volunteers and members of the news media in Lincoln April 21 to announce the opening of registrations for the July 18-27 sports festival for Nebraskans of all ages and abilities. More than 12,000 are expected to participate at 70 venues in and around Lincoln.

Athletes now have 60 sports from which to choose, along with a statewide torch run and Olympicstyle Opening Ceremonies to set the mood. Their reasons to participate are as numerous as the sports themselves, according to Executive Director Dave Mlnarik.

"There truly is something for everyone in the Cornhusker State Games, not just in terms of the number of sports, but in the ways to enjoy it," Mlnarik said, explaining the Road-To-Gold marketing

Public service announcements played at the luncheon explain that Gold means different things to different people, from cherished family memories to better physical fitness to the actual gold medal representing first place in the competi-

Athletes can now register at CornhuskerStateGames.com or pick up an entry guide at one of more than 500 outlets statewide. Each registered participant receives a free shirt and free admission to SportFest, which includes dinner, and the Opening

Mlnarik also unveiled the lineup of entertainment for SportFest and Opening Ceremonies. Highlights include appearances by Astronaut Clayton Anderson, MotoX former World Trials Champion Tommi Ahvala, Omaha Recording Artist Heidi Joy and the nationally known "Kid Fiddlers." Annual favorites include fireworks, skydivers, mascot races, the

parade of athletes and the mystery torchlighter.

The 22-day, 1,100-mile Cornhusker State Games Torch Run begins June 5 north of Chadron, marking the first South Dakota border launch since 2005. More than 800 runners are expected to carry the torch, relay-style, in 1-2 mile segments.

The Preview Luncheon, which was sponsored by Leadership Resources, took place at the Holiday Inn Downtown at 9th & P in Lincoln and included the presentation of the 2007 Joe Neal Memorial Volunteer of the Year Award to Opening Ceremonies Chairman Dave Tinius. The award was presented by Tinius' father Frank "Murph" Tinius, who won the inaugural Neal award, and Joey Neal, son of the late Joe Neal, namesake of the award.

Norfolk Archery Club members have banquet, trophy shoot and compete at Nationals

The Norfolk Archery Club held Randolph; its annual awards banquet on April 12, with a catered meal at the indoor range. Following the meal, awards were given for first through fifth place winners in the club's Vegas round and 300-round leagues, high men's and women's handicap and scratch scores, as well as various other achievements. Also named was the archery club's Archer of the Year, voted on by members of the club.

Named as the 2007 Archer of the Year was Jerry Kramer of Norfolk. Kramer was nominated in part because of the amount of work he has done on the club's indoor and outdoor ranges.

Place winners in the fall Vegas round league were: first, Curt Schavee of Norfolk; second, Terry Wright of Norfolk; third, tie between Paige Kramer and Spencer Endorf, both of Norfolk; fourth, Kevin Endorf of Norfolk. Winning men's high scratch was Ron Knoell of Clarkson; women's high scratch, Kacey Eggers of Tilden; men's high handicap, Angel Rosales of Madison; women's high handicap, Paige Kramer.

Place winners in the 300-round league were: first, Paul Loberg of

NECC is site of computer programming contest

Northeast Community College in Norfolk was the site of the recent eighth annual Computer Programming Contest that saw 15 high school and college teams write computer programs in a timed competition.

The 15 teams of two-four students were given eight story problems to solve. They wrote computer programs with the objective of solving the most in the least amount of time.

In the college division, Curtis Belt. Joe Wingrove, Michael Behringer, and Nate Slepicka from Southeast Community College correctly solved seven problems to earn first place and the overall championship. Mike Beddie, Joshua Case, and Tami Coil from Western Iowa Tech finished second by solving six problems. Third place went to Caleb Wederquist, Brad Medinger, Zach Lannin, and Lloyd Hanneman of Southeast Community College.

First place in the high school division went to Western Christian from Hull, Iowa. Shaina Kollis, Rebekah Van Maanen, and Xi Sen Hou took first place by correctly solving five problems in 327 minutes. A team from Pierce High School, made up of Jeramy Dannar, Nick Ussery, and Nate Thun, finished second by solving five problems in a total time of 717 minutes. Third place went to a Norfolk High School team of James Dover, Jesse Meyer, and Cory Caauwe that solved four problems.

The contest was sponsored by Information Technology Inc., an industry leading manufacturer of banking software from Lincoln, and Course Technology, a publisher of computer programming and other educational text books.

According to Richard Chrisman, Northeast information technology instructor, "The support of Information Technology, Inc., and Course Technology helped make this a positive experience for every participant."

second, Mark Christensen of Stanton; third, tie between Terry Wright of Norfolk and Kevin Olson of Stanton; fourth, four-way tie between William Latimer of Pierce, Ed Brogie of Wayne, Mike Noelle of Norfolk and Paul Hansen of Norfolk. In the high men's handicap, there was an eight-way tie: David Smith of Norfolk, Paul Loberg, Kevin Olson, Jerry Kramer, Ken Schneider of Norfolk, Spencer Endorf, Ed Brogie and Austin Smith. Winning high women's handicap was Kacey Eggers; high men's handicap, Adam Lorenz of Osmond; high women's handicap, Jerika Rosales

Traveling Trophy Shoot: The club also held its traveling trophy and

fun shoot recently. The evening began with a family pizza party, followed by the trophy shoot. Competition was tight, mainly between some of the junior members of the club. Winning the traveling trophy was Brian Stuckwish of Tilden. Coming in at second and third place were Jerika and Angel Rosales, respectively.

Following the trophy shoot, a number of fun activities were held, including shooting at balloons, shooting out flames on candles, and a poker shoot.

Nationals were held in Louisville, Ky. Several members of the club traveled to Louisville, Ky., for national competition. Placing in their age divisions were Kacey Eggers, third place, and Spencer Endorf, sixth.

Computer recycling events well received

pate in the Computer Recycling Collections hosted by the Northeast Nebraska Resource Conservation & Development (RC&D) Council. Volunteers were quick to assist by unloading all the old electronic equipment that arrived in cars, pickups and horse trailers. These environmentallyfriendly events were a great way to honor Earth Dav.

The collections at Wayne and Bloomfield brought in 287 monitors and laptops, all of which have hazardous materials in them. Other items recycled were towers, printers, scanners, keyboards, computer mice, VCRs, DVDs, telephones, power supplies, bunches of cords. speakers, copiers and more. They came from 32 communities and served 138 households and businesses

"We would like to thank each donor for donating throughout the years. It's because of what they do that makes a difference in the lives of many patients," said Janette Twait, CEO of the Siouxland Community Blood Bank. "One single donation can save up to three lives. The donors we are applauding tonight have cumulatively given 13,720 pints of blood which have been used here in Siouxland.'

Dorothy Cull, Lonnie Ehrhardt, Kathy Johnson, Charles Maier, Thomas Schmitz, Edward Schroeder and Michael Sievers all of Wayne were recognized as 10 gallon donors. James Rabe of Winside was recognized as a 10 gal-

Arbor Day event

Special guests at the Arbor Day observance held on April 23 were the fourth and fifth grade students from Allen grade school. Arbor Day began in 1872, when J. Sterling Morton promoted the planting of trees in Nebraska and asked that trees be planted on that special day. This particular day is now observed across the United States and in overseas countries as the day to plant a tree. The students were divided into four groups and each group planted a tree. Students were able to take a short tour of the arboretum and see some of the plants found in Northeast Nebraska.

Opinion

Dissapointed in behavior

On the weekend of April 12, my husband and I took a long needed get away to Omaha for the PBR event, leaving our girls with my parents and trusting the 17-year old senior at home.

We had a wonderful weekend, watching the bull riding, going to a movie and having dinner. To my disappointment, we came home on Sunday to a horrific sight.

Beer cans, beer bottles, Schnapps bottles and wine cooler bottles scattered on our property and across the road on our neighbor's property. There were tire tracks through the front yard. On the main floor of the house, beer caps and trash were left around.

Something had been spilled all over the living room table and floor. My four-year old had her bedroom and belongs mistreated. Someone had even tried to break into our locked bedroom.

Downstairs, the door on a pantry cupboard had been broken in half and one of our pool cues is missing. The newly finished family room that we spent two years working on, and which we are still paying for, was trashed.

Every other step taken on the new carpet was met with stickiness. Sticky spots and spill stains

are all over my brand new sectional couch. My nice hardwood floor was covered in sticky spills. Some items of my husband's had been stolen out of the garage.

To those of you involved in this, and I know who several of you are, you have no idea what you have done and what you have put my family through.

For the next week, I felt so violated and so angry, as if someone had broken into my house and vandalized it.

Now I'm just angry. My stepson is ultimately responsible for what happened and is paying for it while you all get away with it.

And to think he wanted to be friends with you. It is sad that this is what the world is coming to. It doesn't matter whether you were just using my stepson because he had an empty house in the country or not. What matters is how you treated my house and my belongings while you were there. It makes me sick that someone could treat someone else's belongings with such disrespect.

I can only hope that someday someone does the same thing to you and your family so you might begin to know how I feel.

Debating housing for illegal aliens

By Ed Howard Statehouse Correspondent The Nebraska Press Association

Someone who is in the United States illegally tries to rent a house or apartment. The landlord turns them down because they are in the country illegally.

Question: Should Attorney General Jon Bruning's office take up a discrimination case, and perhaps prosecute the landlord?

Nebraska Equal Opportunity Commission says "yes."

Bruning says "NO!"

People on both sides are outraged. The view from here: It would be reasonable to suspect, at least, that a thorough survey of Nebraskans would yield a collective majority view supporting Bruning.

What do you think?

Does the situation represent a moral dilemma? Or, something

Bruning says it's ridiculous to pursue housing discrimination complaints, at taxpayer expense, from people who are here illegally. The commission says the law, and common decency, demand representation for any victim of discrimination.

Ultimately, Bruning can expect another round of charges that he is grandstanding on a politically hot topic. His career has been marked by high-profile positions on highprofile cases.

People are people, says the NEOC, and the federal department Housing and Urban Development agrees. HUD is withholding tens of thousands of dollars from the commission because of Bruning's position. The feds prosecute such cases themselves, says a HUD spokesman, when a state won't do it.

HUD acknowledges illegals are ineligible for some benefits, such as food stamps, but they are entitled to protection from discrimination.

Interestingly, HUD indicates there is a simple (at least, it sounds simple) solution. A landlord may refuse to rent to an illegal, but must apply the same standards to

And, how many businesses that employ illegals would oppose the idea, on the record or under the table?

City Council meeting

The next regular City Council meeting will be Tuesday, May 6 at 5:30 p.m. in the council room. Install a programmable thermostat for the summer?

Public power utilities were created to provide service to customers, not profits to stockholders and, with today's rising energy costs, we want you to get the most for your power dollar. Wise energy-use is one way to do that.

This NPPD Energy Smart tip is one of the easiest ways to save energy-install a programmable thermostat. Standard thermostats only save energy if the occupant remembers to turn them up or down. However, a programmable thermostat does the thinking adjusting the performance of the heating and cooling system to maximize comfort, while saving money when possible.

With a programmable thermostat, you program the unit to control the temperature throughout the day. During the summer, set the temperature 5 to 10 degrees higher during unoccupied and sleeping hours. They save energy, and money, since the heating or cooling runs less.

A programmable thermostat costs between \$150 and \$200, but saves about the same amount each and every year. You get the most value for your money.

Debris Management Plan Workshop held in Wayne

NEMA (Nebraska Emergency this program, if a jurisdiction Management Agency) held a Debris case of a disaster. There is no current requirement for the plan, but if a disaster struck, the plan would be beneficial in more than one way.

Wayne State College Bookstore helps Arbor Day Foundation plant 100,000 trees in National Forest

Wayne State College Bookstore, serving the students of Wayne State College, joined 280 other college bookstores across the country in the nationwide "Buy a Book, Build a Forest" campaign throughout this past school year.

The goal of this campaign was to plant 100,000 trees in a national forest. Students at participating schools were asked to go online to buildaforest.com and vote where they felt the forest should be planted. The school with the most votes, as a percentage of enrollment, would have their school's name associated with the forest.

The Arbor Day Foundation announced this year's winner on Arbor Day at buildaforest.com.

During the 2007-08 school year, students across the country participated in this competition by donating a portion of each used textbook purchased or sold at the bookstore to The Arbor Day Foundation. The proceeds for this nation-wide recycling competition will be used to plant trees in the student selected Pike & San Isabel National Forest, located in Central Southeast Colorado.

By partnering with the Arbor Day Foundation, Wayne State College Bookstore has taken a unique approach to engage faculty and students while also helping the environment. The 'Buy a Book, Build a Forest' campaign rewards students for buying and selling used textbooks and faculty for reusing textbooks for an additional

advantages for the environment and help keep textbooks affordable for students. Hagmann explains, "Rising textbook prices are a concern for every college student. One way to help keep textbook prices lower is to offer a strong supply of used textbooks - on average, used textbooks offer a savings of up to 25 percent. The 'Buy a Book, Build a Forest' campaign has helped us communicate with faculty the importance of re-using textbooks both from an environmental perspective as well as a financial benefit to students. It has also encouraged students to sell back their textbooks at the end of the term and make more used textbooks available for the next term."

"The trees planted by the "Buy a Book, Build a Forest" campaign will help fill a need and will greatly benefit the environment," said John Rosenow, Chief Executive of The Arbor Day Foundation. "These trees will add wildlife habitat. clean the air, prevent soil erosion and protect waterways. Students should feel a sense of pride that they contributed to such a great

The 'Buy a Book, Build a Forest' campaign began in August and ran through March at Wayne State College Bookstore. Bookstore manager Liz Hagmann added, "One tree only provides enough paper for 28 new textbooks, so please buy used books and remember to sell (recycle) them back at the end of the term! We're proud to be able to support the environment while also working to keep textbooks afford-

agement. Learning to handle money has very little, if anything, to do with learning math concepts. Or we think that money management means following a budget or teaching kids to save. What we need to teach children is how to get, spend, save and share money.

So when do we begin? We start when children begin to see that money is used to buy things or pay to have someone do something for us. This is often earlier than we realize especially in this day and age when "shopping" is a daily or weekly family activity. Even young toddlers pick up the message that we exchange "money," cash, check, credit card, etc., for things we need

money terms. What is a nickel, dime, quarter, dollar? What does it mean to save? For older kids, what is a bond, a budget, a passbook savings account? Using play activities and games are an excellent way to teach children about money. We all have played "store" at sometime in life. Let children use their imagination. Provide them with simple basics like household items, costume jewelry, toys.....to buy and sell; play money; cash box, etc. Many commercial games can be

used to teach money skills or encourage your children to make their own games. There are also some good websites that have fun activities that teach kids about money. Look for sites that are maintained by non-profit organizations: .gov, .org, .edu. Be cautious about the places that your children visit on the web and the amount of time they are allowed to spend playing computer or video games even if they are learning activities. The Jump\$tart Coalition provides a clearinghouse for educational materials and websites at www.jumpstart.org This week play a money game with your children, help them set up a "store", or check out one of the money resources as part of your family time activities.

Auditioning is tough

seems to be very slow in coming this year, and then, of course, it will be summer! Right now, we are appreciating all the trees that are in bloom, all over town.

I went to the local vineyard on Saturday to hear my favorite duo, Wes and Tom, singing and playing guitar. They do stuff from the 60s and 70s and have acquired quite a following. Then, we usually go to church on Saturday evening.

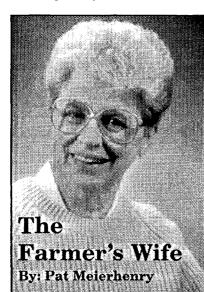

So, since I didn't accomplish anything that day, and I had worked all last week, I had to clean house on Sunday. I'm always amazed at how much can accumulate in a week's time, if it's been thrown on the kitchen table!

Yesterday, we observed my mother's 92nd birthday. She doesn't like big hullabaloos, so my sis brought food and I baked what was left of the Easter ham loaf, remember that?

Last evening, I took Randa to Manley to audition for Sound of Music. The Lofte theater is doing it in July, and I had told her months ago that maybe we both should try out for it. She has a lead in the Junior high musical this weekend, and is stage struck. So, she did not let me forget about the auditions.

We were there right at 7, and

It's Tuesday morning, and the were amazed at the turnout. There remarked that they had worried forecast is for 65 degrees. Spring were all kinds of cars in the parking lot, and all kinds of "kinder" in the theater. 65 kids, ages five to fifteen, tried out for six parts! The director commented that last year, for Joseph, they needed a children's

choir and had twenty total, all of whom were selected.

When he asked "where were all of you last year?" I responded, 'this is Sound of Music." It is rather astounding at its lasting popularity. I recently heard an interview of Julie Andrews about it and she

about it being "corny." I don't think

Anyway, they grouped twenty kids at a time on the stage and each one had one minute to perform. Many did so sans accompaniment, which I would never be brave enough to do. There were a few forgotten words, due to nervousness, I'm sure.

Then, about a dozen were sent home. The rest had to sing some of the stuff from the musical in groups. Each one also read for the director. We didn't finish until after 11! We listened to the tape on the way home, and I was reminded of how much of the music is actually done by the children. They really do make this show. So now, we wait for call backs.

While she waits, Randa has confirmation practice on Wednesday, and two performances of Guys and Dolls on Friday and Saturday. She is confirmed on Sunday, and she ran the 400 in a track meet yesterday before we left! I'm glad it's her schedule and not mine.

Of course, I got to bed at 12:30 and then replayed the music in my head until after 1. I'll probably be in tough shape to see patients today. And then, tomorrow night, I have to audition! I think I would make a great nun, don't you?

A University of Nebraska-Lincoln Extension crop scout training course will provide crop scouts an opportunity to enhance their skills.

The training is designed for entry level scouts who will be working for crop consultants, industry agronomists or farm service centers across Nebraska and neighboring states, said Keith Glewen, UNL Extension educator.

The course is from 9 a.m.-5 p.m. with registration at 8:30 a.m. on Tuesday, May 13 at the university's Agricultural Research and Development Center near Mead.

"Past participants have given the training high marks," Glewen said. "In fact, 95 percent of last year's participants rated the program as above average or one of the best programs of its type available."

LEGAL NOTICE OF MEASURE TO BE VOTED UPON AT A SPECIAL ELECTION OCCURRING AT THE STATEWIDE PRIMARY **ELECTION TO BE HELD ON** MAY 13, 2008

BALLOT TITLE AND TEXT OF CONSTITUTIONAL AMENDMENT PROPOSED BY THE ONE **HUNDREDTH LEGISLATURE**

Also included is Statement of Explanation in Italics Prepared by the Executive Board of the Legislative Council

PROPOSED BY THE 2007 LEGISLATURE PROPOSED AMENDMENT NUMBER 1

A vote FOR this amendment will authorize the Legislature to permit certain cities to invest public endowment funds in the same manner as would a prudent investor. The cities, acting with care, skill and diligence, would be responsible to act exclusively to protect and benefit the public endowment investments subject to limitations as the Legislature may provide.

A vote AGAINST this amendment will retain the existing restrictions that prohibit investments in stocks of private corporations and associations.

A constitutional amendment to allow the investment of public endowment funds by cities authorized by the Nebraska Constitution to establish a charter.

TEXT OF PROPOSED AMENDMENT NUMBER 1

THE MEMBERS OF THE ONE **HUNDREDTH LEGISLATURE** OF NEBRASKA, FIRST SESSION,

RESOLVE THAT: Section 1. At a special election on May 13, 2008, the following proposed amendment to the Constitution of Nebraska shall be submitted to the electors of the State of Nebraska for

approval or rejection: To amend Article XI, section 1: XI-1 No city, county, town, precinct, municipality, or other sub-division subdivision of the state, shall ever become a subscriber to the capital stock, or owner of such stock, or any portion

or interest therein of any railroad,

or private corporation, or association. except that, notwithstanding any other provision of this Constitution, the Legislature may authorize the investment of public endowment funds by any city which is authorized by this Constitution to establish a charter, in the manner required of a prudent investor who shall act with care, skill, and diligence under ne prevailing circumstance and investments as the governing body of such city, acting in a fiduciary capacity for the exclusive purpose of protecting and benefiting such investment, may determine, subject to such limitations as the Legislature may by statute provide.

Sec. 2. The proposed amendment shall be submitted to the electors in the manner prescribed by the Constitution of Nebraska, Article XVI, section 1, with the following ballot language

MINUTES WAYNE BOARD OF EDUCATION SPECIAL MEETING

April 22, 2008 The special meeting of the Wayne Community Schools Board of Education was held at the Wayne High School, Wayne, NE on Monday, April 22, 2008, at 4:43 p.m. Notice of the meeting and place of agenda was posted in the Wayne Herald. The Nebraska Open Meetings Act is posted for the public to read.

The following board members answered roll call: Mr. Mark Evetovich, Mrs. Kelly Kenny, Dr Carolyn Linster, Mrs. Kaye Morris, Dr. Jeryl Nelson, and Dr. Jodi Pulfer

Adoption of the Agenda- Motion by Pulfer, second by Linster to amend the agenda moving VIII and IX together and making this an action item. Motion carried. Roll call vote:

State Aid Based on Certification from the Nebraska Department of Education-

Projection of Calculations of this year's

Budget Decrease-

Dr. Nelson explained how the board came up with the target figure of \$300,000 for budget

List of large future needs for the Wayne Community Schools- Dr. Reinert discussed the future needs of the school district. The high school needs a new elevator or chair lift. The roof on the lecture hall and gym is leaking. The new lot south of the high school parking needs to be graveled. Hopefully we will be able to sale the last modular, and from the sale, the funds will help pay for the graveling. The 15 passenger vans will be phased out in the next three years and we will need to replace them. Distance Education/Sharing with other

Currently providing two sections of Psychology Course from Wayne. Mr. Hochstein is teaching these classes. One section of Small Animal Ag. Course (no

cost to the Wayne School District) Classes that will be lost or increased-When student registration is complete, we will

know what classes will be dropped. Curriculum Director Position (Recommended Changes 1) Curriculum **Position** Director

(Recommended Changes 2) President Morris asked for a motion to accept Recommended Change 1 or 2. Motion by Linster, by second Kenny to recommend change 2. Motion carried.

Mr. Evetovich asked the principals there to voice their opinion concerning the curriculum director's position; They all agree the curriculum director has got us heading in the right direction with standards, assessment and school improvement.

New Business Pender Technology Cooperation Pender has verbally discussed that they would be interested in using Wayne's Technology Staff.

Allen Technology Cooperation Allen has verbally discussed that they are interested in Wayne's Technology Staff **Emerson Technology Cooperation**

Emerson has verbally stated that they want to stay with Wayne's Technology's Staff. SPED - Coordinator - Beginning in 2008-09 School year, we are in the process of replacing the SPED Director position with SPED

Coordinator position.

Old Business Report on changes of classes and/or assignments that were cut or consolidated

Registration is not complete at this time. Appointment of a Committee for the 2008-

09 School Calendar. This year the Calendar Committee will be

made up of the three principals, the athletic director, two teachers from each building, curriculum coordinator and head custodian. Copies have been placed in the teachers lounges in each building for teachers' input. Communication from the Public on

Agenda Items-Lee Brogie- Asked the board how they will replace the recently resigned middle school

Joyce Hoskins- Spoke on her concern with the Monday early outs. She feels on those Mondays she is not an effective to teacher her students and she is rushed for time teaching. As a parent, it is hard to find someone to watch her children.
