## WSC officials work quickly on H1N1 flu case

By MICHAEL CARNES  
Of The Herald

Officials at Wayne State College wasted no time in its efforts to prevent the spread of the H1N1 virus after a student came down with a case of the flu last week.

Jay Collier, director of college relations, said Monday that the student who came down with the illness left campus Thursday afternoon to recover. The student is one of 1,500 students currently living on campus, and the college worked quickly to inform students and families about the situation.

"We sent out a notice Thursday letting the community know we had a confirmed case," Collier said. "We had family weekend this past weekend, and we let everybody know ahead of time so any family members who were coming could use their own judgment on whether or not to attend."

"Family Day" was an opportunity for families of students to spend a day at the college to learn more about their child's new surroundings, with open houses in all of the academic buildings, a tour of the Fred G. Dale Planetarium and a tail-

gate party before Saturday's Wayne State-St. Cloud State football game among the events planned.

Collier said the planned family weekend went off as scheduled, and news of the virus did not have an effect on attendance. "Judging from the numbers, it didn't appear to be affected at all," he said.

Collier said the college is following a Centers for Disease Control guideline in asking students who feel ill and have symptoms that match up with the H1N1 virus to not come to class and to isolate themselves until 24 hours after the fever subsides.

Collier said the school has rooms available on campus to isolate students who are unable to isolate themselves, and will deliver meals and take care of them until they are no longer contagious.

Regina Korh, the school's director of student health, said the treatment for H1N1 is the same as for influenza A, as the vast majority of positive influenza A tests have been found to be H1N1 cases. Rather

## School board approves 2.9 cent levy increase

By MICHAEL CARNES  
Of The Herald

The Wayne Board of Education set their budget and tax request for the 2009-2010 fiscal year, approving a 2.9 cent increase in its overall levy.

The tax rate of just over \$1.18 per \$100 of valuation will support an \$11.3 million budget that addresses some unexpected issues, superintendent Mark Lenihan said.

"We had some expenditures that were outside what we were expecting, including the boiler and the roof, but we've come up with a solution that makes sure we can get that work done and not put too much of a burden on the taxpayers," he said. "I feel confident that we've put together a good budget that will support the teaching and learning that goes on at the school."

The levy is the first increase seen by the school in three years, but is still lower than the levy of just over \$1.20 per \$100 used by the school three years ago. The 2008-2009 fiscal year's levy was 3 cents lower than the levy used during the 2007-2008 fiscal

year. The district's valuation of almost \$496.8 million is up more than \$28.4 million from the previous fiscal year.

"It's pretty much within range of the last four years," Lenihan said. "We don't want it to spike too high or drop too low, and that was a bit of a challenge this year. But I think it's something where we can keep things steady and not make the levy too high."

The district's numbers for state aid certification put Wayne in pretty good position when compared to school districts of similar size. Wayne's per-pupil costs are at \$7,557.70 per student, lower than similar-sized districts such as O'Neill, Hastings Adams Central, Falls City and Fairbury. Of the 10 school districts on either side of Wayne's number, O'Neill's per-pupil costs of more than \$10,397 is by far the highest, while Gothenburg's, at just over \$6,810, is the lowest.

Some of the major costs that the district will face involves replacement of the boiler system and the roof at the high school. Lenihan told the board that replacement of the roof on the west corridor of the high

school will begin in a couple of weeks, and bids will be let out for the rest of the roof project so that it can be completed before Dec. 1.

The old boiler has been removed from the high school, and two of the five units will be in place later this fall, with the remaining units installed before winter.

With the flu season upcoming, school nurse Carolyn Harder told the board of the school's plans to deal with the possibility of students and staff contracting the H1N1 flu virus.

"The fever is the kicker with this," she told the board. "If someone has flu-like symptoms and a fever, we're going to assume, as a precaution, that they have H1N1. There is a mathematical probability that someone who tests positive for influenza A will have H1N1, so unless they are hospitalized in critical condition, there will not be any testing."

Harder said the district has been proactive in getting the word out to staff and parents. Staff members have been e-mailed and flyers provided by the public health department have been sent home

with students throughout the district, she said.

Harder said it is school policy to send staff or students home if they have a temperature over 100 degrees, and they are to stay home until 24 hours after the fever has gone away without the use of medication. That will be emphasized as the flu season approaches, she said.

In other action, the Board: - heard from Lenihan that the district's total enrollment is up slightly from last year. There are 874 students in the district, compared to 849 students in the district last year. Those numbers are still well below the 953 students who were in the district during the 1998-1999 school year.

## State officials to meet with area residents on expressway

State Sen. Bob Giese has set up a meeting between area landowners and the Department of Roads to address concerns about the future of the Highway 35 expressway project.

The meeting will be held at the Gardner Senior Center in Wakefield on Saturday, Oct. 3, beginning at 10:30 a.m. Representatives from the Department of Roads will be on hand to discuss the project with area residents.

The Department of Roads sent out 117 letters last week to property owners who have land in the proposed project, and are contacting residents about the issue.

Giese asked the Department of Roads to meet with area residents after concerns were raised about the future of the project during Giese's monthly legislative town hall meeting, held in Ponca. He said he hoped to have had a meeting scheduled this month, but Department of Roads officials were not available until the first of October.

Giese, in his first year as the District 17 representative in the Legislature, has previously expressed support for the expressway, saying it would help area businesses and create jobs.

## Van Delden sworn in for Council seat

By Clara Osten  
Of The Herald

Jim Van Delden was sworn in and became the newest member of the Wayne City Council during its meeting on Tuesday.

Van Delden replaces Verdel Lutt, who resigned last month with 15 months of his term left to fill. He will represent Ward I.

Van Delden has been a resident of Wayne for three years and is semi-retired. He is a physician, working on the Indian Reservation two days each week. He is a graduate of Creighton Medical School and has served 30 years in the military and U.S. Public Health Service.

His nomination was approved on a 7-0 vote from the council. Mayor Lois Shelton had submitted Van Delden's name for consideration to Council President Doug Strum as she was unable to be at Tuesday's meeting.

The council spent a considerable amount of time discussing the rental fee policy for the Wayne City Auditorium.

At the present time, those wishing to rent the facility are required to pay an additional rental fee if they wish to clean up the day following an event.

Council members felt that it was not necessary to pay an additional fee if the building is not rented for the following day. City staff will draw up changes in the policy to be brought to the council for a vote at a future meeting.

In other action, the council gave its approval to close off 10th Street from Providence Road to Hillside Avenue on

Saturday, Sept. 19 for an Electric Car Rally, hosted by Wayne State College.

Ordinance 2009-20 received final approval. The ordinance allows for the collection of a hotel occupation tax. It was noted that many cities already have such a tax and no objections to the tax have been received.

The council also unanimously approved four resolutions during Tuesday's meeting.

The first approves an engineering agreement with Kirkham Michael for the Windom Street from Third to Seventh Streets Project. The project has been in the city's one and six-year plan for some time. It was noted that 80 percent of the project will be paid for with Surface Transportation Project funds.

Resolution 2009-86 approves the plans, specifications and estimate of cost for 2009 Water Distribution Projects.

Public Works Superintendent Garry Poutre outlined the projects set to be completed with \$150,000 in stimulus funds. They include work near the Wayne County Fairgrounds, at the west edge of Pac 'N' Save, work in the Sherman Street/Grainland Road area and on Sixth Street from Heartland Physical Therapy to McDonalds and then southward.

Resolution 2009-87 was passed, allowing for an application for assistance from the Transportation Enhancement Program for the Wayne Highway 35 Underpass project.

The final resolution passed will amend the city's sewer service and use rate policy to extend the summer rate discount season

from mid-April to mid-October.

As a Community Development Agency, the council approved the payment of \$40,864.50 for paving in the Kardell Subdivision.

Also approved was CDA Resolution 2009-6, which allows for the issuance of Tax Increment Revenue Bonds and the

sale of the bonds in regard to the Benscoter project.

The CDA also approved a change order in the Kardell Subdivision paving project in the amount of \$42,625 for paving and a sanitary sewer main.

The council will next meet in regular session on Tuesday, Oct. 6.

## Obituaries

### Wilfred Gehner

Wilfred Gehner, 66, of Wayne died Wednesday, Sept. 9, 2009 at his home.

Services were held Monday, Sept. 14 at Grace Lutheran Church in Wayne. The Rev. Carl Lilienkamp and the Rev. John Pasche officiated.

Wilfred Gilbert Gehner was born January 29, 1943 at Wayne to William and Alvina (Ramm) Gehner. He received his education from Wayne County Country Schools. In 1957, Wilfred was in a motor-scooter accident that resulted in a disability. He was employed at M & S Oil Radiator Shop in Wayne. Later, he opened his own shop Gehner Repair which he operated for many years. He loved his dogs, camping, fishing, NASCAR, and traveling. He enjoyed his trips to the Black Hills in South Dakota. Wilfred had a talent for working with his hands and also plotting the weather forecast. Most of all, he enjoyed his daily visits from family and friends.

Survivors include his brother, Alvin (Linda) Gehner of Wayne; nieces and nephews, Renee (Robin) Turner of Marquette, Mich., Colette (Scott) Anderson of Laurel, Terri (Lowell) Heggemeyer of Wayne, Todd (Christine) Gehner of Sioux City, Iowa, and Kelly (Barry) Dalglish of Dakota Dunes, SD.

He was preceded in death by his parents and brother, Gerald. Pallbearers were Marlin Schuttler, Dean Mann, Arlin Kittle, Bill Young, Larry "Butch" Carlson and Willard Malchow.

Memorials may be made to Grace Lutheran Church in Wayne. Burial was in Greenwood Cemetery in Wayne. Hasemann Funeral Home in Wayne was in charge of arrangements.

### Richard Francis

Richard Francis, 60, of Portland, Ore. died Sunday, Sept. 6, 2009. Private family services were held in Oregon.

Richard Francis was born Sept. 24, 1948 in Blair to Verlin and Elaine (Downing) Francis. He lived in Blair, Elkhorn and then Lyons where he graduated from the Lyons High School in 1966. He graduated in 1971 with a BA from Wayne State College in Wayne. He attended graduate school at the University of Waterloo in Ontario for two years. In 1973 Richard moved to Omaha where he worked at the Omaha World Herald for four years as a proofreader and typesetter. He moved to Portland, Ore. in 1977 where he was an office manager and typesetter. Most of his spare time was spent as a volunteer at a community radio station, KBOO, where he produced his own weekly radio show "A Different Nature," for 30 years, as well as many special programs. Although on disability for several years, Richard continued to perform volunteer work and find time to assist others in need.

Survivors include his parents, Verlin and Elaine Francis of Wayne; one brother, Mark (Deana) Francis of Lincoln; two sisters, Carol (Jeff) Larsen of Bancroft and Lori (Robert) Peterson of Grand Island; seven nieces and nephews.

## Voters say no to fluoride for Wakefield water

Residents of Wakefield overwhelmingly voted against adding fluoride to the city's water supply.

In a special election Tuesday, the unofficial vote count for 135 votes for prohibiting fluoride in the water and eight votes to move forward with fluoridation.

Nebraska state statute 71-3305 requires that all cities with a population over 1,000 to add fluoride to the water supply unless residents

of the city vote against it.

This was the second time the fluoride issue has failed in the city of Wakefield. This vote means the city will not be adding fluoride to the city's water.

According to City Administrator Jim Litchfield, the city of Wakefield has now met its legal requirements in regard to the issue and no further action is expected.

## Successful benefit

A large crowd was on hand for Sunday's benefit for Jennifer Sievers and her family. Above, Sievers (at the end of the table) visits with those enjoying a spaghetti dinner. Sievers was seriously injured in an auto accident earlier this summer and has recently returned to work part-time.

# New driver's license system focuses on reducing fraud

The Department of Motor Vehicles (DMV) has announced that its Fraud Unit has initiated 41 cases for investigation of fraud or identity theft since launching the state's new driver license system on July 22.

"Based on a fraud review the Department conducted in 2007, it was clear that we needed to adopt the latest technologies that would help us mitigate fraud," said DMV Director Beverly Neth. "I want to thank Governor Heineman and the Legislature for supporting the new system and the process changes."

The DMV's new driver license system uses facial recognition technology to identify potential fraud suspects. The system is capable of conducting a 1-to-1 review of images at the time of application and a review of every image in the driver license system each night. The DMV has approximately 1.5 million records in its database.

Neth said, "As part of the application process, DMV licensing staff have the opportunity to review each applicant's photo and compare it against the most recent image stored under that name. Each evening we compare the images taken that day against our entire database. We are encountering fraud in both instances. The technology we've installed is a powerful tool that can help combat fraud and identity theft in Nebraska."

So far, the reviews done at the time of application have involved the victim of identity theft as that individual applies for a new license. Most cases involve a younger sib-

ling or acquaintance who has stolen the necessary identity documents to assume the victim's identity. In most instances, the fraud was committed by the younger person in order to purchase items such as alcohol. The youngest person to commit fraud to date is 16 years old.

The nightly review is netting individuals who are engaged in financial crimes or other felony activities. One instance involved an individual using three different social security numbers, including one that belongs to a deceased individual. In another instance, when the DMV Fraud Unit contacted the identity theft victim, she informed the investigator that the person who stole her identity has racked up a \$100,000 bill for unpaid taxes with the IRS. The DMV is working with the victim as part of the investigation.

The new requirement that applicants provide proof of residence is resulting in increased activity for the DMV Fraud Unit, as driver licenses and identification cards marked as undeliverable by the postal service are returned to the Nebraska DMV.

Neth said, "We are seeing five to 10 bogus addresses each week. As a result, we're running criminal histories on these applicants and finding many that have outstanding arrest warrants or who are on probation or parole. In those instances we are making contact with probation or parole officers whenever possible to report the fraud."

"I know Nebraskans are spending more time at the DMV to get their new license than they are used to. We are working to reduce the wait to the greatest extent possible, and the tradeoff is that the DMV can now do more to help stop fraud and reduce the chance of Nebraskans becoming victims of identity theft. We hope spending a bit more time at the front end will help eliminate headaches down the road."

As a reminder, Nebraskans are encouraged to check the DMV website, [www.dmv.ne.gov](http://www.dmv.ne.gov), for a list of accepted proof of resident documents and other materials needed before applying for a new license at one of the DMV offices.

## Q125 event will feature WSC grad

The public is invited to the final Humanities Series at the Wayne Public Library that is part of Wayne's Q125 events.

On Sunday, Oct. 4 at 2:30 p.m. at Wayne Senior Center, the library will host Dr. Kent Blaser, Emeritus professor of history, who retired after 30 years teaching world and US history at Wayne State College.

Dr. Blaser's program is entitled, "How Wayne Got a College: The Early Years of Wayne State." Blaser is currently working on two versions of a centennial history of WSC. The college will celebrate its centennial in 2010.

Dr. Blaser is a native of Kansas. He received his PhD from the University of North Carolina and taught two years at UNO before coming to Wayne State. He and his wife, Cathy, have three grown daughters.

After his presentation there will be a time for questions from the audience. Light refreshments will be served. This program is free and open to the public. For information call 375-3135.

## Wall breaking

Mark Klassen took the first swing at breaking the wall that separated the theaters in the former Twin Theatre building. The event was part of last week's Chamber Coffee. Reggie Yates, a member the committee working to bring a theater to town, spoke during the coffee and encouraged all in attendance to get involved in the project.

## Travel Council to meet Sept. 24

The Northeast Nebraska Travel Council will hold their regular bi-monthly meeting on Thursday, Sept. 24 at Cuthills Vineyard in Pierce.

Tours of the vineyard will begin at 5:30 p.m. with the meal and business meeting to follow at 6.

President Irene Fletcher is issuing an invitation to those connected with any local tourism attraction or event to attend the meeting to learn how the council can benefit their organization.

Other agenda items include a review of the 2010 Northeast Nebraska Discover Guide which will be printed in November.

RSVP's should be directed to Fletcher at [info@wayneworks.org](mailto:info@wayneworks.org) or by phone at 402-375-2240.

The Northeast Nebraska Travel Council is a non-profit, membership organization that promotes and develops the tourism industry in Northeast Nebraska. It represents businesses, tourist attractions and communities in 20 counties

of Northeast Nebraska: Antelope, Boone, Boyd, Burt, Cedar, Colfax, Cuming, Dakota, Dixon, Dodge, Holt, Knox, Madison, Nance, Pierce, Platte, Stanton, Thurston, Washington and Wayne.

Membership is \$50 per year and available to any individual, businesses or organization that wishes to grow the tourism industry in Northeast Nebraska.

## Moving forward

Stan Stenwall, representing the Winside American Legion Post #252, left, and Ken Hall, representing the Carroll American Legion Post #165, present checks for \$500 respectively to Dennis Otte, chair of the Wayne County Memorial Committee. Donations continue to be sought as approximately \$140,000 is still needed to complete the memorial located at the Wayne County Courthouse. Donations can be mailed to P.O. Box 96, Wayne, Neb. 68787, dropped off at Farmers & Merchants State Bank, State National Bank and Trust in Wayne or given to any committee member.

## Providence campaign focuses on immunization

Recognizing that influenza infection in health care workers can lead to outbreaks with serious consequences for patients, Providence Medical Center has embarked on a campaign to increase influenza immunization rates among its staff.

Health care workers can acquire influenza and unwittingly transmit the virus to patients, other health care workers, and members of their household and the community a day or two before symptoms appear.

Influenza kills approximately 36,000 people and causes 226,000 hospitalizations each year in the U. S. The most vulnerable patient populations are those who are very old (65 years or older) or young (less than 2 years of age) or who

have certain medical conditions that increase the risk of complications.

Annual influenza immunization is recommended for health care workers by the Centers for Disease Control and Prevention to minimize the risk of infection of workers and transmission of infection to vulnerable patients.

Influenza immunization of health care workers at Providence Medical Center will help protect the health of patients and members of the community as well as the workers themselves and their family members.

Public health campaigns such as the one undertaken by Providence Medical Center are the first line of defense against a potentially deadly illness.

## Special allocation

Members of the Wayne United Way made a special allocation presentation to the Wayne Association of Congregations and Ministers (WACM) at last week's meeting. WACM provides assistance to area residents throughout the year, including utility and rent assistance. Pictured are members of the group, which includes representatives of all local churches, and members of the United Way.

# Northeast board approves budget for 2009-2010 year

The Northeast Community College Board of Governors has approved the institution's 2009-2010 budgets following a budget hearing on the Northeast campus in Norfolk.

According to Lynne Koski, vice president of administrative services at Northeast Community College, the total levy for 2009-2010 is .09354. Koski said the owner of a home in Northeast's 20-county service area with a taxable value of \$100,000 would pay \$93.54 per year to support Northeast Community College, compared to \$90 last year.

The 2008-2009 tax levy for Northeast's 20-county district was \$.090000.

The Board approved four different budgets for fiscal 2009-2010 at its meeting Tuesday afternoon. The General Operating Budget was set at \$34,470,604, Capital Improvement Budget at \$5,042,694, ADA/Hazardous Material Budget at \$26,572, and Other Funds Budget at \$44,702,457.

Koski said the total for all budgets for 2009-2010 is \$84,242,327, compared to \$70,186,967 last year. "As it was last year, the vast majority of the increase is in the Other Funds budget," she said. "That budget has a \$7.79 million increase for next year. These are restricted, non-tax-supported dollars that come from the capital campaigns for new building projects and proceeds from revenue bonds issued by the Facilities Corporation for the new College Welcome Center that is nearing completion, as well as restricted grants and contracts."

## NECC, teachers at an impasse

Northeast Community College officials announced Wednesday that faculty negotiations for the 2009-2010 contract year have reached an impasse.

"Unfortunately, Northeast Community College has been unable to reach an agreement with the Northeast Community College Faculty Association and has reached impasse over the

issues of salary and benefits making up the faculty's total compensation package for 2009-2010," Dave Ptak, general counsel and vice president of human resources, said.

"As a consequence, the College has filed a petition with the Commission of Industrial Relations to resolve the industrial dispute," Ptak said.

recently completed an \$11.9 million capital campaign for a facility to house all Northeast nursing and all University of Nebraska Medical Center College of Nursing Northern Division nursing programs on the Northeast campus in Norfolk. A capital campaign for the College Center in South Sioux City, a joint facility with Wayne State College, continues.

"It is anticipated that a majority of the funds raised through the two campaigns will be expended during 2009-10 for the construction of the two facilities," Koski said. "An additional \$1.1 million is an increase in Restricted Funds due to anticipated expenditures from a federal grant program."

"We must be sure our budget is high enough to provide us adequate budget authority. Because we cannot exceed that budget authority, we estimate as closely as possible so we do not over-expend, which is a violation of state statutes," she said.

"When we were preparing the 2009-2010 budgets, we were unsure

about the final enrollment figures for the academic year," said Dr. Bill R. Path, president of Northeast Community College. "But now we know we have a healthy enrollment increase for the fall semester and potentially another increase for the spring semester."

"In view of the increase in student numbers, I believe this budget shows a reasonable increase," Dr. Path continued. "We never consider raising taxes lightly but this increase in enrollment could possibly mean tax relief in future years as our state aid is based on enrollment growth."

"The budgeting process at Northeast Community College is long and arduous," said Nanci Lingenfelter, Plainview, Board of Governors chairperson. "It takes many months to prepare the final 2009-2010 budget. The budget writers know it is a fine line between absolutely necessary and excessive spending."

"I am confident that this budget is a necessary budget with no excessive spending allowances."

# Grace Lutheran Church to celebrate organ's birthday

By Clara Osten  
Of the Herald

Thirty years ago Pastor John Upton, pastor of Grace Lutheran Church in Wayne had a vision.

The accomplished musician wanted to "get an organ perfectly sized to the church to play traditional, classical church music."

His dream became a reality and the Casavant "tracker organ" was dedicated on Sept. 9, 1979.

Thirty years later the congregation at Grace Lutheran Church has scheduled a number of activities to "give thanks and celebrate the fact that the organ is here," according to Senior Pastor Carl Lilienkamp.

On Saturday, Sept. 26 an all-day Church Musician Workshop will be led by Dr. J. Gordon Christensen from St. Paul Church in Council Bluffs, Iowa.

The workshop, open to all organists, is designed to instruct organists on how to better use the organ. Dietze Music Company will have a full display of worship music available.

In addition, a vocal clinic will be held at the same time.

On Sunday, Dr. Christensen will play the organ for both the 8 and 10:30 worship services.

At 3 p.m. that afternoon he will present an organ concert, playing classical music designed to highlight the organ at Grace Lutheran Church.

"This is a celebration party. We want to invite the public to be our guests in giving thanks to God for this instrument," Pastor Lilienkamp said.

Following the concert, an ice cream social, featuring Pastor Pasche's homemade ice cream, will be held at the church.

Pastor Lilienkamp said that the organ at Grace Lutheran is "a very unique organ and one of the finest in the Midwest. It was built by one of the top organ builders in the world."

The organ was built specifically for Grace Lutheran Church and its congregation and one of the first of its kind in the Midwest. It was constructed by Casavant Freres Limited, located in St. Hyacinthe, Quebec, Canada. The approximate

cost was \$135,000.

With a "tracker organ," every key has a direct mechanical linkage to the pipes. Pastor Lilienkamp noted that this type of construction was the way organs were built 500 years ago. It is well-suited for classical church music.

"Pastor Upton and the members of the organ committee invested in the future of our church and purchased an organ that will last. In fact, in the past 30 years, the organ has had no repairs and has only been 'tuned,' Pastor Lilienkamp said. "God led these people to make a good decision."

Pastor Lilienkamp also noted

that the organ is "a step back in technology. This organ could be played without electricity."

In addition to the Sept. 27 celebration of the organ, a second special event has been planned for Sunday, Oct. 4.

Mark Kanitz, formerly of Wayne will play for worship services that day. Kanitz is a graduate of Concordia University and currently a church musician in Hastings. He has played extensively in his career.

"We truly want to invite everyone to give thanks and celebrate the fact that the organ is here," Pastor Lilienkamp said.

## Identity theft program begins Nov. 1

Beginning Nov. 1, 2009, a policy creating an Identity Theft Prevention Program will officially go into effect at Providence Medical Center.

At that time, according to Marci Thomas, Administrator, Providence Medical Center will begin taking steps to further put into effect and provide for controls to protect the identity of patients.

"I want to express our gratitude to our patients and their families as we adopt this new policy at Providence Medical Center. Patience and understanding will be greatly appreciated as we move forward," said Thomas.

Thomas went on to explain that medical identity theft is very serious because, in addition to causing financial issues, identity theft may lead to inappropriate medical care when incorrect information is included in a patient's medical record.

Beginning Nov. 1, the following is the informa-

tion you must provide at the time of check-in at Providence Medical Center:

- Driver's license or other photo ID (e.g., military ID, state identification card, passport);
- Insurance card, if available;
- Physical address and phone number;
- If a photo ID is not available, you will be requested to produce two forms of non-photo identification including: a. A Social Security card; b. A utility bill, or any other form of correspondence which shows your name and physical address, not just a post office box.

Thomas added that "it has always been the intent of our facility to follow the laws that exist, as well as all the reporting requirements. These laws regarding fraud and abuse in healthcare are no different. We will do what we need to do to protect the identity of each and every one of our patients."

### How good are 'Cats, Huskers? We will find out

Another week, another round of thoughts and observations, both locally and on other planets:

— How good are the Wayne State and Nebraska football teams?

We'll have answers this weekend...the Wildcats head to Mankato to take on the Angry Purple Cattle while the Huskers head east to meet Virginia Tech, who had aspirations of a national title run until they realized one small problem...they play in the Atlantic Coast Conference.

— I'd like to directly quote the reaction the O'Neill High football coach had when he realized five of the six teams in his team's district are either ranked or contenders for the rankings in the latest Lincoln Journal-Star poll...but this is a family newspaper and I promised my mother I'd never use that word in public.

Norfolk Catholic, Pierce and Crofton are listed in the paper's Class C1 top 10 this week, while Battle Creek and Wayne are contenders. If you have O'Neill picked in the "Which team in this district will be the odd man out at playoff time?" pool, your odds are looking pretty good right about now.

— From the "Boy, they've got pretty high standards" department...Frederic Bruno accounts for 236 yards in total offense and three touchdowns in Wayne State's 41-20 win over St. Cloud State, and can't even get NSIC Offensive Player of the Week honors for his efforts.

Fortunately, it went to his teammate, quarterback Silas Fluellen, who was darn-near perfect in going 29-of-32 for 312 yards and three touchdowns to lead the Wildcats.

— How insignificant is the WNBA, you are asking yourself?

OK, so you're not asking, but I'm going to tell you anyway...the Atlanta Dream's home games for their playoff series with the Detroit Shock will be played in a suburban Atlanta arena because their home facility, Phillips Arena, was already booked for a weekend's worth of Sesame Street Live shows.

Sesame Street beats the WNBA. The league should change its catch phrase to "We got next...right after Ernie and Bert."

Even the two old codgers in the balcony think that's funny.

A great week for my picks last week, going 8-2 to bring the overall record for the season at 13-7 (thanks to Colorado for laying another egg, and I should've known better than to pick Notre Dame on the road at Michigan).

Here's 10 more gimmes for the weekend (for entertainment purposes, of course):

Wayne High 30, South Sioux City 24 (Blue Devils shake off late Cardinal comeback.)

Wayne State 31, Minnesota-Mankato 28 (Wildcats win a huge one on the road.)

Nebraska 27, Virginia Tech 24 (Alex Henery kicks the game-winner.)

Boise State 38, Fresno State 31 (Might be the best game on this list.)

Texas 52, Texas Tech 17 (No chance of a last-second upset here.)

BYU 27, Florida State 24 (BCS busters will get a Seminole scare.)

Florida 127, Tennessee 3 (UT coach Lane Kiffin accused Gator coach Urban Meyer of cheating earlier this year. Expect Tim Tebow to throw 15 touchdown passes.)

Oregon 42, Utah 38 (Can you hear Brent Musberger's pregame teaser? "It's the Ducks and the Utes on ABC's College Football Saturday." I just laughed and shot a nasal cavity full of Mountain Dew 25 feet while typing that.)

Michigan State 34, Notre Dame 31 (Notre Dame is 1-3 against the Spartans under Weis. 1-4 anyone?)

Minnesota 28, Cal 27 (Upset special of the week in honor of Wayne superintendent Mark Lenihan, who celebrated his birthday this week and publicly admitted to me that he's a Gophers fan. Now THERE is a guy who is comfortable with his fanhood.)

## Quick start lifts Wildcats to 41-20 win

Coach Dan McLaughlin was pleasantly surprised with how his Wayne State football team jumped on visiting St. Cloud State Saturday afternoon.

The Wildcats got a 72-yard run from Frederic Bruno, turned a Husky turnover into another touchdown and scored 21 points in the first 13 minutes of the game to post a 41-20 win at Cunningham Field, improving Wayne State's record to 3-0 overall and 2-0 in the Northern Sun Conference.

The hot start by the Wildcats offense got the Wayne State coach's attention.

"We got that first drive, then got the fumble and punched that in and Silas was phenomenal and the receivers made some great catches," he said. "We just got everything going right away."

The Wildcats' offense was outstanding, led by senior quarterback Silas Fluellen. The Bellevue, Neb., native was on fire in the first half, completing 20 of his first 21 passes. He finished the day with a 29-of-32 effort, throwing for 318 yards and three touchdowns.

"He had a tremendous day, and part of that was the receivers making some great catches," he said. "We got great protection up front that allowed him to sit in the pocket and deliver the ball, and there were some passes that might have been incomplete were it not for some of our receivers making some great catches."

The Wildcats needed just three plays to get in the end zone for the first time, as Frederic Bruno raced 72 yards for the game's first score. Bruno handled the ball just four times, but made the most of it with

122 yards, another 44 coming on his second touchdown run of the day late in the first half.

Fluellen threw two of his three scoring strikes in the opening period, hitting Mit Montgomery on a 13-yard pass after a St. Cloud turnover, then finding Logan Masters

from 19 yards away to make it 21-0 with 2:15 to go in the first period.

Wayne State led 28-7 late in the first period when St. Cloud made its last major threat. Moving the ball deep into Wildcat territory, the Huskies had the ball at the Wayne State 10-yard line when

Matt Greenway picked off a pass in the end zone with 1:20 to go in the half. Wayne State moved the ball up field quickly, and Nick Hope drilled a 27-yard field goal to give the Wildcats a 31-7 halftime lead.

"They're on our 10-yard line looking to make it 28-14, and we have

to kick the ball to them to start the second half, so it could have gotten tight there," McLaughlin said. "Matt made that pick in the end zone and we came down and got a field goal, and it's a lot different

## Tie-breaker helps Blue Devil boys beat Norfolk Catholic

By MICHAEL CARNES

During the first two meets, Wayne's boys cross country team has been hot on the heels of three-time defending state champion Norfolk Catholic, falling one point short of the Knights each time.

On Tuesday, the Blue Devils caught up to the perennial Class C power and beat them on a tie-breaker to win the Wayne Invitational at the Wayne Country Club, marking the first time in more than three years that a Norfolk Catholic cross country team has not taken home the top trophy.

Both teams finished the meet with 23 points, easily outdistancing third-place Pierce by 17 points. And while the Knights claimed three of the top four places individually, it was the finish of their fourth runner that ultimately

## Wildcat volleyball win streak hits 10

KANSAS CITY, Mo. — Wayne State's volleyball team is on a roll after another weekend sweep ran their winning streak to 10 straight matches.

The Wildcats went 4-0 on the weekend at the Rockhurst Tournament to improve to 11-2 on the season. On Friday, they beat Fort Hays State in a three-game sweep (25-10, 25-18, 25-20) and won a four-set thriller over the host team (19-25, 25-22, 25-22, 27-25). On Saturday, Wayne State posted sweeps of Illinois-Springfield (25-16, 25-6, 25-12) and Missouri Western (25-9, 25-19, 25-19).

"We've been playing some pretty solid defense and not making many errors on offense, so we're doing all right," coach Scott Kniefel said. "We learned a lot about our team this weekend and found some issues that we need to address, and I hope we can address them."

Jennifer Hefner had another solid weekend, leading things off with a team-high 12 kills and four

blocks in the win over Fort Hays State. Lea Hartigan added nine kills, Diedra Artz had 30 set assists and three service aces and Leigh Connot had 12 digs.

Wayne State won three close matches over the tournament hosts after dropping the first set, getting a balanced attack with Hefner's 18 kills leading the way. Hartigan added 14 kills, Tali Fredrickson put down 12 kills and Artz dished out 50 set assists. Connot had 31 digs and Tess Wietfeld added 16 digs to lead the defense.

On Saturday, Hefner had 16 kills and Hartigan put down nine in the easy win over Illinois-Springfield. Hartigan added a team-high three blocks and Fredrickson had four service aces. Artz put up 34 set assists to aid the offense.

Against Missouri Western, Hartigan had 11 kills and six digs to lead the way, Fredrickson added 10 kills and 11 digs and Hefner put down 11 kills while hitting at a .550 percentage.

## Blue Devils hang on for 29-24 home win

By MICHAEL CARNES  
Of The Herald

Wayne had an answer for Wakefield's comeback effort, but needed its defense to shut down a Trojan rebuttal in the final minute.

Jake Zeiss picked off a desper-

ation pass by Wakefield quarterback Chad Clay with 1:25 to go, allowing the Blue Devils to end a four-year losing streak to their cross-county rivals with an exciting 29-24 win Friday at Wayne State College's Cunningham Field.

The Trojans put themselves in position to pick up a come-from-behind win on a nifty double-reverse flea-flicker, but found themselves in a fourth-and-31 situation after a bad shotgun snap sailed over Clay's head. Clay tried to make a play out of it, but was sacked by Drew Loberg for a 24-yard loss.

"We have a freshman at center and it was his only bad snap the whole night," Wakefield coach Mike Clay said after the game. "Our quarterback probably should have thrown it away, but he tried to run it. We all make mistakes and we just want to try and minimize them as much as we can."

The Blue Devils, playing at home for the first time, turned the ball over on their first two possessions and took some time getting in a groove offensively.

"We didn't practice well this week and weren't as mentally prepared as I would have liked," Wayne coach Rich Rethwisch said. "I think the kids understand now what we mean when we talk about doing the little things. We had a super effort, but we had some mental letdowns at critical times."

Once the Blue Devils got going, they were able to jump out to a 17-8 lead after quarterback Gage Rethwisch threw a pair of second-quarter touchdown passes. His first, to Derek Poutre, came on a fourth-down situation from the Wakefield 27-yard line. He found Keegan Dorcey in the back of the end zone later in the period to give Wayne the nine-point lead.

But the Trojans were not going down quietly. After Clay found Brock Soderberg on a 10-yard strike midway through the period, he connected with Tyler Bodlak on a 6-yard pass with time running out in the first half. A two-point conversion pass from Clay to Wyatt Jacobsen pulled Wakefield within a single point at halftime, 17-16.

"That was a big lift for us, because we had gotten into the red zone a couple of times last week and couldn't punch it in," the Wakefield coach said.

(Photo by Michael Carnes)

Wakefield running back Brock Soderberg tries to find a gap during the Trojans' 29-24 loss to Wayne Friday night.

The Blue Devils took a 23-16 lead late in the third quarter when Rethwisch found Tory Booth on a 4-yard pass, but the Trojans battled back and took their first lead of the game early in the fourth quarter when Clay threw his third touchdown pass of the night, an 8-yarder to Dusty Sherer. Clay and Bodlak connected on the two-point pass that gave Wakefield a one-point lead with 10:30 to go.

Wayne had an answer, though, set up by a 42-yard kickoff return by Zeiss that put Wayne in position at the Wakefield 36-yard line. Five plays later, Poutre found the end zone to score the winning points with 7:54 to go.

But Wakefield wasn't done yet. Taking over at their own 38-yard line with 3:24 to go, Clay reached deep into the playbook for a little trickery. His quarterback took a pitch off a double reverse, found Jacobsen wide open and hit him with a pass in the Wayne secondary. Jacobsen made a move to side-step a couple of tacklers and moved the ball to the Wayne 35-yard line.

"Our student assistant, Mychal Lanik, drew that one up," Clay said. "We got them sucked in and our receiver got us a first down."

determined the outcome.

Wayne put all six of their varsity runners ahead of Norfolk Catholic's fourth runner, and the ninth-place effort of Zach Thomsen provided the tie-breaker needed for the Blue Devils to claim first-place honors, sending the Knights home with an unfamiliar runner-up finish.

Coach Rocky Ruhl said the finish Tuesday was just what his team needed.

"We've been looking for that, and this gives the kids confidence to know that we can compete with them," he said.

Ruhl said the runners' times were down a little from Friday's meet at Norfolk Catholic, but the strategy of running for a place proved to be the right formula.

"It was a tough course with a lot of hills, and I thought the kids did a good job running for a place, and we just need to keep getting better," he said. "Now we have to figure out how to get our runners closer to Norfolk Catholic second and third runners."

Cory Foote found himself between those two Knight runners, as he placed third with a time of 17:31. Seth Onderstal was fifth at 18:11, and Jordan Barry and Quentin Jorgensen placed seventh and eighth, respectively, to account for Wayne's team scoring.

As the race wound down, Wayne was hoping the Knights' fourth runner would finish far enough behind to allow the Blue Devils to outscore Norfolk Catholic. Although their finishes didn't count toward the team scoring, Zach Thomsen placed ninth and Taylor Carroll was 12th, giving them both individual medals and adding points to Norfolk Catholic's team total. Ben Uhing of Norfolk Catholic finished six seconds behind the 15th place runner, leaving the two teams deadlocked and requiring Thomsen's tie-breaking result to determine the team title.

The girls' team race was not quite as exciting, as Pierce edged out Wayne by 12 points to take the team title. The individual honors went to a local runner, though, as Laurel-Concord's Katie Jacobsen won with a 19-second cushion to take medalist honors.

"Katie ran really well today," Laurel-Concord coach Megan Meyer said. "She was a little disappointed with her time, but she's developed a good pace and I thought she ran really well. She built up a good lead throughout the race, and this was her second win in three races."

Three of Wayne's four scoring runners finished in the top 10, with Megan Stalling taking fourth, Martha Mitku fifth and Jordan Alexander finishing eighth.

"The girls competed hard," Ruhl said. "Martha ran very well and it was nice to see that competition among the girls, and that's going to help us improve. Megan keeps working away and we keep getting a little better each week and we need to just keep climbing the ladder."

Laurel-Concord had two girls finish with medals, as Jacobsen was joined by Sammie Camenzind, who placed 15th overall.

"Sammie is a go-getter and has the potential to do really well," Meyer said. "This really boosts her confidence, and I think she could be a contender to make it to state this year."

Peter Hansen led the Winside boys with a 22nd-place finish, while Natasha Jensen placed 21st to lead the Winside girls.

"The kids haven't run competitively since Wisner, so it almost seemed like the first meet all over again," Winside coach Jennifer Kesting said. "I thought our kids

did pretty good. Peter keeps pushing himself in practice and meets, and he should be doing really well when districts roll around; and Natasha did a good job pushing herself today and she's starting to run as well as she did last year."

game being up 31-7 than it is 28-14 and kicking off."

The Wildcats' defense played well in helping Wayne State to its first 3-0 start since 1993, limiting the Huskies to 268 yards in total offense.

"The defense is coming along," McLaughlin said. "We're still young and there are things we can do better, but they made some crucial stops Saturday."

Bruno had a big day for the Wildcats, accounting for 236 yards in total offense as he added 114 yards on six catches, including a 6-yard touchdown pass from Fluellen that gave Wayne State a 38-13 lead going into the final period.

The Wildcats now turn their attention to a very good Minnesota State-Mankato team, and they will travel north to face the Mavericks in a 6 p.m. battle Saturday.

"They do a lot of things out of multiple sets and their offense poses some problems for us," McLaughlin said. "We're going to have to be sound and tackle well

defensively, and we're going to have to make sure our execution is good on offense because they matchup well against us defensively.

"If we do that, then we have a shot, but it's going to be a tough ball game."

Sophomore Taylor Burke chips on to the number five green at the Pierce Invite last Saturday. Burke finished with a personal best 18-hole score of 104.

## Wayne takes sixth at Pierce, Trojans 10th

PIERCE - The Wayne girls golf team traveled to take part in the annual Pierce Invitational Saturday, with Josh Johnson's troops placing sixth in the 12-team field with a 424.

The Blue Devils closed the first nine holes at 221 before posting a solid 203 over the final nine holes. Boone Central captured first place with a 359 with Norfolk Catholic notching the runner-up spot at 396, one stroke ahead of Crofton. O'Neill was fourth at 407 followed by Pierce at 418.

Boone Central's Brooke Bohlin was medalist on the day with a 76 with Amy Ahlers of Boone Central placing second at 81. Wayne had one medal winner of the 20 that were handed out as Brittney Peterson grabbed the ninth place award with a 96 with rounds of 50-46.

Sophomore Taylor Burke however, had a personal best 18-hole score of 104, tying teammate Lauryn Braun. Burke fired rounds of 54-50 while Braun shot 56 on the front nine and rebounded nicely with a 48. Lisa Temme finished fourth

for Wayne at 120 with a 61-59 and Burgandy Roberts was fifth at 131 and rounds of 70-61.

"I was actually pleased with the team score since it was below the goal I had set," Johnson said. "The girls know we can shoot lower, we just need to keep working hard."

Placing behind Wayne was Stanton at 427 and Atkinson West Holt at 439. Plainview was ninth at 440 and Wakefield 10th with 465. Battle Creek posted a 471 and Oakland-Craig, 496. Elkhorn Valley and Pender also had golfers at the meet but did not field a full team.

Katelyn Tuttle shot a 109 to lead the Wakefield girls, and Victoria Nelson and Hannah Paxton both shot their lowest rounds of the year.

"I thought we played better, and we improved by 30 strokes from last year, so I was happy with that," Wakefield coach Jaime Manz said. "The girls seemed more comfortable finding their place, and Kaitlin shot well for this being her first time to travel to a meet."

## Eagles fall to Ewing

ALLEN - Allen had the numbers advantage, but Ewing made the most of their 14-man roster and showed why they are the defending Class D-2 state champions.

The Tigers used their strength and speed to open up a big lead and cruise to a 37-14 win over the Eagles Friday in Allen's 2009 home opener.

"Wow, they were very talented for only having 14 on their roster," coach Dave Uldrich said. "We forced them to play and play hard, but when your best starting position is your own 30 yard line against a quick, strong and experienced defense, we really never got to open the playbook. They are very good."

The Tigers got a pair of touchdown passes to open up a 12-0 lead in the first period, then doubled that lead with a pair of scores in the third period. Allen was able to put two touchdowns on their side of the ledger in the fourth quarter, but it was too little and too late against the top-rated team in Class D-2.

A.J. Williams found the end zone on a 3-yard run with 4:29 left to help Allen avoid the shutout. Heath Roebor galloped 30 yards in the closing seconds to round out the scoring.

Ewing racked up 408 yards in total offense on the night, in spite of a 22-tackle effort by Cody Stewart.

The effort was a good measuring stick for where the team stands, Uldrich said.

"This was a great measuring tool for where we are, and I think we have progressed," he said. "We'll get better and better and prepare hard for Emerson-Hubbard."

## Soccer team wins two

The Wayne State women's soccer team found their way into the win column twice last week, posting a pair of impressive victories to improve to 2-4 on the season.

On Wednesday, Sept. 9, the Wildcats got a hat trick from Valerie Robinson and two more goals from Samantha Mueting to post a 5-1 win over Mount Marty College in nonconference action.

Robinson found the net early in the game with a 10-footer from the left side, giving Wayne State a 1-0 lead just 12:27 into the game. Mount Marty would tie the game 14 minutes later, but the Wildcats quickly responded when Mueting launched a rocket from 20 yards out to give Wayne State the lead for good.

In the second half, Wayne State put it out of reach with three goals in the final 20 minutes. Mueting scored her second goal in the 71st minute, while Robinson scored her second four minutes later on a penalty kick. She finished off the hat trick 15 minutes later, scoring from the top of the box.

Wayne State outshot Mount

Marty 34-4 in the game. Emily Walker picked up her first win of the year in goal for the Wildcats.

On Sunday, the Wildcats kept Westminster College away from the box and got goals from five different players to shut out Westminster on the road, 5-0.

Megan Dias scored in the 11th minute to put Wayne State in front for good, and Kayleen Loveless added the game's second goal two minutes later with an unassisted effort. Rachel Fuchs put Wayne State up 3-0 at intermission with a shot off a pass from Tiffani Kellerman.

## WSC athletes earn weekly honors

It was good week to be on offense for Wayne State College, as a player earned national honors and three Wildcats snared Offensive Player of the Week honors from the Northern Sun Conference this week.

In volleyball, junior middle blocker Jennifer Hefner earned the Sports Imports/AVCA Div. II National Volleyball Player of the Week award, in addition to the conference's offensive honor. The Archer, Neb., native had an out-

standing week that saw her average 4.38 kills and 0.62 blocks per game while hitting .468 in five Wayne State wins. She had 11 or more kills in all five matches, including a team-high 18 in a win over Rockhurst.

Senior quarterback Silas Fluellen earned the honor among conference football players this week after an outstanding performance in the Wildcats' 41-20 win over St. Cloud State. The Bellevue, Neb., native was 29-of-32 for 312 yards and

three touchdowns and completed 20 of his first 21 passes in the first half of the win.

On the soccer pitch, Valerie Robinson earned the conference's offensive award after recording a hat trick in the Wildcats' first win of the year, a 5-1 victory over Mount Marty. She added a goal and an assist later in the week during a 5-0 shutout of Westminster College. The two wins eclipsed last season's win total for the Wildcats, who went 1-18-1 last year.

## Jarvi pitches Wayne to victories

Wayne softball coach Rob Sweetland said his team was frustrated with its third-place finish at the Omaha Mercy Invitational on Saturday, so they took their frustrations out on the next few teams on the schedule.

"Our goal this week was to end each game early and get the shut-out, and the girls are playing pretty well right now," he said.

At the tournament, Wayne opened with an 8-0 win over Omaha Mercy, as Shannon Jarvi tossed a one-hitter and slapped a pair of doubles for the Blue Devils. Carly Fehringer and Riley Hoffart each had two hits.

Wayne's lone loss came against Wahoo Neumann, as the Cavaliers posted a 3-0 shutout. Wayne left five runners on base in the last three innings, and Neumann took advantage of a couple of walks in the sixth to score two runs.

The Blue Devils came back in the third-place game, hanging on for a 5-4 win over North Bend. Wayne led 5-0 before the Tigers came back to make things interesting. Jarvi pitched out of a bases-loaded jam in the seventh to seal the win for Wayne, and Lindsay Frahm knocked home two runs with a single in the fourth to score what proved to be the winning runs.

Jarvi had a solid three-game run to open the week, throwing a no-hitter and limiting opponents to two hits in 13 innings of pitching over three games.

On Monday, Jarvi tossed a one-hitter with 10 strikeouts as Wayne jumped on Schuyler early for an 8-0 win. Bayli Ellis was 3-for-3 with two runs scored and Jessica Calhoun had two hits and two RBIs to highlight the win.

On Tuesday, Wayne won both ends of a triangular with Boone Central and Battle Creek, beating

Shannon Jarvi threw a no-hitter Tuesday to highlight Wayne's week on the softball diamond.

the host Cardinals 13-0 and dominating the Bravettes 10-0.

In the Boone Central game, Jarvi threw a one-hitter and went 2-for-3 with two RBIs, Caitlin Fehringer hit a two-run homer and Calhoun scored three times off walks.

Jarvi tossed a no-hitter in the nightcap against Battle Creek and Caitlin Fehringer hit a homer to highlight a 10-hit attack Jarvi, Hoffart and Carly Fehringer each had two hits.

On Thursday, the Blue Devils picked up a win on the road,

beating Tekamah-Herman 11-3. Calhoun had two hits and scored three runs and Cassidy Miller struck out six and scattered three hits to pick up the win.

In JV action, Wayne beat Tekamah-Herman 8-4 behind the two-hit, 11-strikeout pitching of Kristin Carroll, who also went 2-for-4 at the plate.

The Blue Devils JV also beat Schuyler 13-1, as Katelyn Matthes went 2-for-2 and scored two runs. Hannah Gamble also scored two runs for the winners.

## Wildcats fall to Howells

By LEE KOCH  
Special to the Herald

HOWELLS — Howells showed why they are the Class D1 No. 1-rated football squad, as the Bobcats scored on seven of their eight first half possessions to beat Winside 54-16 Friday night.

The Wildcats held the seven-time eight-man champions to nine yards on the first three plays of the game before all-state running back Clint Belina broke loose on a 37-yard run to give the hosts a lead with 9:36 remaining in the first quarter, a lead that was never in danger for the remainder of the evening.

The Wildcats' deepest penetration in the first half came after consecutive 15-yard penalties by the Bobcats for pass interference and illegal contact, giving Winside the ball on the Howells' 29-yard line. Winside was held to minus-11 yards rushing and 11 yards passing during the first half by a Bobcat defense that is arguably the best in eight-man football in Nebraska.

The Wildcats' first score came with 7:32 left in the third quarter on a seven-play drive, with Kalin Koch scoring on a 40-yard run to paydirt. Michael Lage added Winside's final touchdown with 38 seconds left in the contest on a 10-yard run.

Koch led the Wildcat offense with 140 all-purpose yards, including 41 yards rushing, 31 yards passing and 68 yards in kickoff returns. Lage was the leading rusher for the Wildcats with 42 yards on five carries. Zach Brokaw led the Wildcat receivers with three catches for 30 yards. Jaret Harmer led the Wildcat defensive effort with eight tackles and Brad Doffin added six stops to the Winside defensive cause.

## Bears run to 35-0 shutout

LAUREL — Johnny Saunders had a huge night for the Laurel-Concord Bears in leading them to a 35-0 homecoming win over Plainview Friday night.

Saunders had 270 yards on 17 carries and scored three touchdowns to help the Bears improve to 2-0 on the season. He had scoring runs of 63 and 41 yards in the first quarter to stake the hosts to a 21-0 first-quarter lead.

"The offensive line really opened up some nice holes for John, and he did a good job to capitalize on it," coach Terry Bear said. "The kids played really well. Our defense was outstanding and we were able to shut down their running game." Laurel-Concord's defense was solid, limiting the Pirates to 54 yards on the ground and 123 yards in total offense.

Ezra Schantz caught a pair of touchdown passes from Travis Nelson and had 13 tackles to lead the Laurel-Concord defense.

## Winside rolls in own tournament

By MICHAEL CARNES  
Of the Herald

WINSIDE — After going 2-3 at the Wakefield Invitational over the weekend, the best thing for the Winside volleyball team to do was run the table at its own four-team tournament.

Consider the mission accomplished after the Wildcats buzzed through Coleridge (25-10, 25-13) and Osmond (25-12, 25-13) in straight sets to take top honors

Tuesday night.

"The girls played very well tonight," coach Teresa Watters said. "Our serve receive was very solid and our hitters were on tonight, so I thought we played well."

Winside wasted no time in the final game of the night, racing out to a 10-3 lead in the first set behind the serving of freshman libero Nazya Thies. She served up back-to-back aces as part of a six-point run to start the set, and the Wildcats were never threatened in

the first set.

"She came in and served a bunch in a row for us, and I thought she played very well stepping in at libero," Watters said of Thies' effort.

Jordyn Roberts set up Shelby Lienemann for three kills early in the match, and Erin Gray nailed a solid cross-court shot to make it 9-2 in the first set. Audrey Roberts added a nifty ace serve later in the set and Lienemann's ace ended the first set.

Winside served up a total of 13 aces in the match and continued serving well in the second set. Erin Gray had back-to-back aces, and benefited from some nice sets by Roberts on her way to a team-leading eight kills. She also dominated at the net with four of the Wildcats' seven blocks.

Osmond took an early lead in the second set, but Winside went on a 7-2 run to turn a 4-3 deficit into a 10-6 lead and never looked back.

Jerae Doffin had six kills and three blocks, Lienemann added five kills and Thies recorded five ace serves for the 7-5 Wildcats. Roberts finished with 15 set assists.

In the opener, Winside dominated from the start with Gray recording seven kills and two blocks, Roberts adding five kills and Doffin contributing four kills and three blocks. Roberts had 17 set assists and Lienemann had 11 digs.

## JV netters 1-2

The Wayne High JV volleyball team went 1-2 during a day-long tournament at Wisner-Pilger. The JV Devils lost to the host Gator JV and Pierce in three sets before beating North Bend.

## Frosh netters play

Wayne's freshman volleyball team posted a 1-2 mark in a quadrangular at Pierce on Thursday. Wayne dropped straight-set

matches to Madison (25-8, 25-21) and Pierce (25-20, 25-20), but came back to beat Plainview in three sets (25-15, 18-25, 15-9).

## JV football loses

The Wayne JV football team dropped a 20-7 decision at Pierce. Trent Beza scored on a touchdown pass from Gage Rethwisch and Keith Hobza kicked the extra point to account for the Wayne scoring.

Justin Anderson was the leader on offense, while Joey Dunklau and Luke Trenhaile led the defense.

## Frosh lose, 8-0

Wayne's freshman football team hosted Hartington Cedar Catholic Thursday and came up on the short end of a close 8-0 decision.

Bradley Longe led the Wayne ground attack on offense, while Brady Soden and Cory Frahm paced the defense.

## Area teams compete at Wakefield tourney

The Winside volleyball team claimed consolation honors and Laurel-Concord finished fourth in the championship bracket at the Wakefield Invitational.

After going 0-3 in their round-robin bracket, the Wildcats bounced back to defeat Wakefield and Hartington Cedar Catholic to take first place in the consolation bracket. They defeated the host team 25-21, 27-25, then dominated Cedar Catholic with a 25-23, 25-15 win.

"We started out kind of slow and were able to pick it up the last few games," Winside coach Teresa Watters said. "We had a tough game against Hartington the second time around, but we played really well and got back at them for losing earlier in the tournament."

In pool play, Winside fell to Lyons-Decatur 25-17, 25-13 and lost to Hartington Cedar Catholic 25-18, 25-23 on Thursday, then fell to Laurel-

Concord in three sets, 23-25, 25-17, 25-9.

Laurel-Concord finished second in its pool with a 2-1 record. After falling in three sets to Lyons-Decatur (25-22, 19-25, 26-28), the Lady Bears rebounded to beat Hartington Cedar Catholic (25-16, 25-23) and Winside to qualify for the championship bracket.

The going was tough for the Lady Bears on Saturday, as they fell to eventual champion Lutheran High Northeast in the semifinals (25-18, 25-11) and lost a rematch with Lyons-Decatur in the third-place match (25-14, 28-26).

The going was tough for the host team, as the Lady Trojans went 1-2 in their pool and finished third in the consolation bracket.

Wakefield opened with a 25-18, 25-18 loss to Lutheran High Northeast, but bounced back to beat Stanton 25-18, 25-9 before losing to Pierce, the tournament runner-up, 25-12, 25-19.

In consolation tournament action, Wakefield dropped a straight-set decision to Winside, but came back to beat Stanton for the second time, 25-9, 22-25, 25-19.

"We played pretty inconsistent," Wakefield coach Megan Nixon said. "We had some good moments and would get some runs going, then relax and miss some serves that would hurt us. We just need to have more consistency all around."

Nixon said there was a lot of quality teams playing in this year's tournament.

"There were a lot of evenly-matched teams, and every one of the teams in this tournament was tough," she said.

"A lot of it came down to who was the most consistent, and Lutheran High Northeast came away playing the most consistent and won the tournament."

## Blue Devils fall in four sets to WPCC

The Wayne High volleyball team is still looking to get over the hump after a 1-2 weekend at the Kearney Catholic Invite and a tough loss Tuesday night.

The Blue Devils dropped a tough four-set match to West Point Central Catholic on Tuesday, losing 25-23, 24-26, 25-21, 25-14. The loss dropped the Blue Devils to 3-7 on the season.

Katie Hoskins had a solid night at the net for the Blue Devils, finishing with a team-high 18 kills. Elisa Robinson added seven kills and two blocks while leading the defensive effort with eight digs. Jessica Biermann recorded 28 set assists and five digs.

The Blue Devils opened tournament play at the Kearney Catholic Invite Saturday with a 25-19, 25-18 loss to Ord, but came back to beat Tekamah-Herman 25-16, 25-23 before losing to Heartland, 25-21, 21-15, 25-14.

"We started slow against Ord, but I thought we

responded and came back and played well against Tekamah-Herman," coach Joyce Hoskins said. "Heartland was a very good blocking team and we were able to respond to that, but they came away with the win in the end."

Hoskins had seven kills and Erica Sebade recorded four kills in the loss to Ord, while Becca Jaxen directed the offense with 13 set assists.

In the win over Tekamah-Herman, Wayne got a balanced attack, led by Robinson's eight kills and two ace serves. Elle Schramm had four kills and four ace serves, Hoskins had five kills and Biermann recorded 19 set assists.

In the loss to Heartland, Robinson led the way with 10 kills and three blocks. Hoskins added nine kills and three blocks and Sebade had five kills. Hoskins and Cassie Harm both had nine digs and Biermann recorded 23 set assists.

## 'Cat netters rally for win over SMSU

MARSHALL, Minn. — Sophomore Tali Fredrickson had a career-high 23 kills and 21 digs to help Wayne State rally for a thrilling five-game win over No. 10 Southwest Minnesota State to open Northern Sun Conference play Tuesday evening.

Wayne State moved its winning streak to 11 straight after posting the 21-25, 25-21, 24-26, 26-24, 15-13 win, improving to 12-2 overall and 1-0 in the NSIC.

The host Mustangs opened the match with a 25-21 win in the first game. Wayne State rallied from an early 8-3 deficit in the second game to win 25-21.

After the Wildcats held a 21-17 lead in the third game, SMSU rallied for a 26-24 win to take a 2-1 lead. In the fourth game, SMSU held a 15-12 advantage, but the Wildcats stormed back and with the score tied at 24-24, got kills from Lea Hartigan and Mindy Moody to win the fourth game 26-24.

The fifth game saw SMSU take a 10-8 lead, but Wayne State scored six straight points to earn match point with a 14-10 lead. The Mustangs responded and scored five straight points to make the score 14-13, but kills by Hartigan ended the match as the Wildcats rallied for the win.

## Allen girls split triangular with Wausa, Bloomfield

The Allen volleyball team dropped a tough five-set match and got a triangular split to highlight action from the previous week.

On Tuesday, Sept. 8, The Lady Eagles lost an exciting five-set match to Wynot, losing the final set 15-12.

The two teams went back and forth, with Allen taking the first and third sets by identical 25-18 scores. Wynot won the second set 25-17, then took a close fourth set by a 25-23 margin to set up the final-set excitement.

Ashlee Hingst had 19 kills, Bentley Hingst added 11 and Shannon Sullivan put down 10 to lead the Allen effort at the net.

Hannah Finnegan recorded 37 set assists and Sullivan had two ace serves.

In a triangular at Bloomfield Thursday, the Lady Eagles beat Wausa and took the home team to three sets before going down to defeat.

Allen handled Wausa easily with a 25-22, 25-14 win. Ashlee Hingst had nine kills to lead the way, while Finnegan had 15 set assists and Sullivan had two ace serves.

Allen almost made it a sweep before falling to Bloomfield in three sets, 25-12, 17-25, 25-23. Sullivan had 14 kills and four ace serves, Bentley Hingst added 10 kills and Finnegan had 30 set assists.

# Raikes a strong leader; Nelson may buck party

By ED HOWARD  
Statehouse Correspondent  
The Nebraska Press Association

LINCOLN — There was a time, before term limits were enacted, when being selected chairman of the Legislature's Education Committee was almost a certain guarantee of defeat in the next election.

It is still a job best suited to lawmakers with extra-strength courage, determination and patience.

Former Sen. Ron Raikes of Lincoln had all of those qualifications.

Raikes, who chaired the Education Committee when it enacted major policy changes in recent years, was killed recently in an accident on his family farm near Ashland. He was 66.

Raikes served in the Legislature for ten years. He was appointed in 1997 to succeed the late Sen. Jerome Warner of Waverly. He was elected in 1998 to complete Warner's term, and was re-elected in 2000 and 2004. Having served two consecutive terms, he was ineligible to run in 2008.

\*\*\*\*  
Last week this column addressed the crucial role Sen. Ben Nelson might play in deciding whether the Senate actually gets to a final vote on a healthcare plan.

Tersely: Democrats need 60 votes to shut off debate if Republicans decide to filibuster to prevent a vote on the bill's passage. On the day our preceding column was published, Nelson warned his party's leadership not to take him for granted.

"I'm not going to commit to anything at this point in time on procedural votes, neither pro nor con, because it will depend on the circumstances," he told the Washington venue The Hill.

The same story noted Nelson has bucked his party more than any other Democrat on such procedural votes in 2009. In a check of 91 pro-

www.paulfellcartoons.com

cedural votes in the 111th Congress, Nelson defected 32 times.

The piece from The Hill also noted, as noted here a week earlier, that Democrats from largely Republican states could cover their political flanks by voting to allow an up-or-down vote on the bill - and then voting against the bill's enactment. Again: Count on Democrats to cite the mantra of the GOP during the last Bush administration: Every issue deserves an up or down vote.

The view from here: It is hard, at this writing, to envision Nelson voting to enact new healthcare legislation. His stated criteria for supporting such legislation appears - at the moment - beyond achievability.

Still, after President Obama's speech before a joint session of Congress, he said:

"The President insisted the time to act is now. Indeed, insurance premiums for families have soared 78 percent since 2001, and inflation has virtually canceled wage increases. In Nebraska, thousands can't afford insurance, hundreds of small business can't afford to cover their employees and many people struggle to pay ever-increasing medical bills. Health care is eroding the American dream."

\*\*\*\*  
State Sen. Brenda Council of Omaha was recently selected as an at-large member of the Democratic National Committee. She holds the

legislative seat previously occupied by Ernie Chambers, the longest-serving member of the Unicameral. Council will be one of 75 at-large DNC members around the country.

\*\*\*\*  
Correcting the record. Everyone knows Sen. Lavon Heidemann of Elk Creek is the chairman of the Legislature's Appropriations Committee. And almost everyone called after a recent column identified someone else as the head of that panel. Note to Sen. Heidemann: Sorry about the error. Still, it was good to have that informative conversation with you after it happened. It was also good to know that the readership reads so closely.

# Civility takes a weekend off

Congressmen are calling the President of United States a liar.

Tennis stars are threatening to give line judges a tennis ball-ectomy.

Basketball legends are dissing former teammates and coaches for real or perceived slights.

Whatever-happened-to gangsta rappers are stealing rising stars' moments in the spotlight.

Civility isn't dead, folks...but it was just assaulted and left in a bloody heap in some dark alley over the weekend.

Boy, whatever happened to minding your manners and treating your fellow man the same way you would want to be treated? Or, at the very least, speaking ill of someone off the record and out of reach of the nearest recording device?

Last week wasn't a good week if you're looking for examples of people treating one another with respect. Then again, if you spend more than 15 seconds watching the nightly TV news coverage of the national health care debate, your hopes of civil discourse are shot down faster than a Detroit Lions fan's hopes of reaching the Super Bowl after the first week of the NFL season (and, for the record, the Lions lost to New Orleans 45-27 to extend their losing streak to 18 games).

First there was Joe Wilson, an alleged representative of the state of South Carolina (if this guy is a true representative of South Carolina, then that state is full of jerks). During President Obama's speech on health care, Wilson shouted "You lie" while the other 534 Congressional delegates sat quietly (oddly enough, one of Nebraska's representatives, Adrian Smith, was sitting next to Wilson when he offered his opinion).

Wilson publicly apologized to Obama, but that's not the end of the story. It seems the alleged leaders of the party Wilson is not a part of want him to apologize to them as well. His response, to put it in terms a family newspaper can publish, was for them to take a trip to a very warm, underground location.

Frankly, I don't think Wilson is done apologizing yet, although he thinks he is. He should call every member of the district he allegedly represents and apologize to them as well for being such an embarrassment to the people in that district. He should call each person in that district and say, "Hi, I'm Congressman Joe Wilson. I represent you in Congress, and I want to apologize for being such a poor representation of you and your neighbors."

That whole incident, in and of itself, was shocking. But the week was far from over.

Later on, basketball legend Michael Jordan was inducted into the Basketball Hall of Fame. Those that were inducted with him thanked those who helped them achieve the greatness that earned them this honor...Jordan chose a different path.

Instead of thanking those who

helped, he thanked those who, whether for real or in his mind, dissed him or challenged the thought that he might be one of the game's greatest. He called out his high school coach (who cut him as a sophomore), the guy who took the last spot on that team's roster, his college coach Dean Smith (for the horrible crime of leaving him out of a Sports Illustrated cover shot) and others who wronged him during the course of his basketball career.

Gee, Mike...seems like some people were left out who treated you so poorly all those years. What about the taxi driver who got stuck in traffic with you in the back seat? Or the cleaning lady who didn't keep your hotel suite just so? I mean, if we're going to nitpick over perceived slights, let's not leave anybody out, eh?

You'd have thought those two incidents would have been enough. But alas, the weekend was, like Al Pacino in "Scent of a Woman," just gettin' warmed up.

Serena Williams drew a warning when she broke a tennis racket in frustration during her U.S. Open semifinal, but that was just the icebreaker. In the second set, she committed a foot fault to set up match point for Kim Clijsters. Williams proceeded to chew out the line judge who called the foot fault, using language that obviously intimidated the official. The line judge went to the referee and, after some discussion, the referee awarded a penalty point to Clijsters...which gave her the match.

You would think, in that instance, Williams would apologize to the official and to the tennis community in general for her unsportsmanlike actions. Instead, she promises to use this as a "growing experience" and used her failed attempt at an apology to once again criticize the call that sent her on her tirade.

Those three instances should have been more than enough of an assault on common sense, but every good show needs to have an encore, and we got it Sunday night during the MTV Video Music Awards.

Young country music star Taylor Swift was just starting her acceptance speech for winning the Best Female Video award when rapper Kanye West came on stage, took the microphone from Swift, and began ranting about Beyonce's video (which was nominated) being one of the 10 best videos of all time.

Beyonce had this look of total disbelief on her face, Swift stood there in stunned silence, and the crowd booed the jerk who stole her moment in the limelight. Eventually, the folks running the show asked West to leave the premises and Beyonce, to her credit, gave her moment in the limelight after winning Video of the Year to Swift to allow her to make the acceptance speech West would not allow her to give.

Last week was a banner week for civility (and please note the light sarcasm). Here's hoping it can make a full recovery in time for the holidays.

# Department of Roads plans meeting with area residents over Highway 35 Expressway

Greetings from the Unicameral! Last Friday, the Transportation & Telecommunications Committee held the first in a series of hearings of the issue of highway funding in Nebraska. LR 152, which is the committee's top priority over the interim, directs the committee to conduct a comprehensive examination of Nebraska's highway funding structure and recommend possible alternatives to the Legislature next session.

Historically, highway funding in Nebraska has directly correlated with gas tax revenues. While construction costs have risen exponentially over the past few years, gas tax revenues have remained flat, leaving a gap in state highway funding for new construction projects. Current economic trends have played a role in creating this crisis, with high gas prices causing people to drive fewer miles or drive more fuel-efficient vehicles. The Department of Roads estimates that the cost of just preserving the

existing state highway system is around \$286 million, and falling gas tax receipts are approaching the point where maintaining existing roads could become impossible without additional sources of revenue. If a solution for this funding crisis is not found, it is unlikely

that any major construction projects - including the Nebraska Expressway System - will be completed in the near future.

I am pleased to announce that the Department of Roads will be holding a meeting for landowners that may potentially be affected by the proposed Highway 35 Expressway. This meeting will be held on Saturday, October 3rd at 10:30 a.m. at the Gardner Senior Center in Wakefield, which is located at 320 Johnson Street. Department officials will be available to answer any questions regarding the proposed highway corridor, and I will be present to help residents with any follow-up issues that may arise during the meeting.

As always, I would encourage you to contact me if you have any questions or simply have an opinion on legislation before the Unicameral. Feel free to call my office at (402) 471-2716, send me an e-mail at bgiese@leg.ne.gov, or stop by in person any time you're in Lincoln.

### What could possibly go wrong with this?

Let me get this straight: we're going to pass a national health care plan the citizens don't want, written by a congressional committee whose chairman says he doesn't understand, passed by a Congress that hasn't read it (but exempts themselves from it), signed by a President who can't explain it, coached by a former South Dakota senator-turned-lobbyist who didn't pay his taxes, with funding administered by a treasury secretary who didn't pay his taxes, overseen by a surgeon general who is obese and financed by a country that is broke.

## Rope refresher class

Ten members of the Winside Volunteer Fire Department were a part of a rope rescue refresher course at Winside Aug. 24-25. There were four certified trainers from the state doing the training. The group worked on getting someone up from a deep embankment and also how to rescue from the leg of a grain bin. The grain bin pictured is at the Farmer's Coop in Winside. The deck is 90 feet high. The training was done in case the department has an emergency in the area or for mutual aid to Carroll, Hoskins and Wayne or other mutual aid departments as needed.

## What's in there?

Students in Wayne High School's Sports and Nutrition class recently completed a unit on hydration. As part of their studies, they went to Pac 'N' Save to compare the percentage of juice in various fruit juices and drinks. Pictured here are, front row, left to right, Sean Ganseboom, Josh Calhoon, Taylor Carroll, Courtney Steenken, Tess Moser and Rachel Von Fange. Back row, Max Morris, Trevor Beza, Logan Owens, Tyler Poehlman, and Roman Roberts.

## Wayne County Veterans Memorial Fundraising Campaign

Construction is underway on the Wayne County Veterans Memorial located on the grounds of the Wayne County Courthouse. The Memorial is off to a great start, but your help is essential in order for it to be completed. The flag at the right will remain at half-staff and the Memorial will remain at a standstill until the goal is reached.

Any and all donations and/or inquires are appreciated and can be mailed to:

## Weight loss diets - which one is the best for you?

All the experts agree on one thing: The best weight loss plan is one you can keep up.

Most people go on and off fad diets numerous times in their lives and fall into the yo-yo syndrome of dropping weight followed by gain. The consequence of yo-yo dieting is that you lower your metabolism and end up at a heavier weight than when you started. Fad diets don't really teach you anything about behavior or lifestyle change that can lead to lasting weight loss.

The simple truth is that losing weight is a simple formula: Calories in minus calories out equals weight loss, weight gain, or maintenance. Diet pills, detox plans, or supplements cannot change that formula. In order to lose weight, you have to eat fewer calories and be more active.

Just how do you know if an eating plan is healthy and sustainable? Experts say a sound weight loss diet plan should:

- Include physical activity;
- Allow a variety of foods from all

the food groups;

- Promote slow and steady weight loss;
- Include portion control;
- Allow snacks between meals;
- Not rely heavily on supplements or special foods;
- Include small portions of your favorite foods and beverages;
- Be based on science;
- Recommend drinking plenty of water;
- Be a plan that you can stick with for a lifetime;

The Perfect Weight Loss Eating Plan for You  
Once you know how to determine whether a weight loss eating plan is healthy, you'll need to narrow your choice down to one that suits your own lifestyle. Evaluate the plan to be sure it matches the way you like to eat and exercise. Is this an eating or physical activity plan that you think you can stay on for several months to achieve your weight loss goal?

It's also important to choose an eating plan that won't leave you feeling hungry. Look for plans that promote foods that are fiber-rich, like soups, and have adequate protein, fruits, and vegetables. These foods fill you up and reduce food cravings to help you stick to your eating plan without feeling deprived.

Here's a checklist to help you find the perfect eating plan for you:

1. Does It Match My Eating Style?  
Can this diet accommodate my travel or dining-out patterns? Does it have a family-friendly approach that everyone in the household can follow? Does it require special preparation and cooking? Can I stick to the timing and/or recommended number of meals/snacks?

2. Does It Match My Physical Activity Level?  
Does it allow for a variety of physical activities that I enjoy and that I can continue to do?

3. Can I Live with It Forever?  
Is this something I'd be willing to do almost every day for the rest of my life?

4. Does It Include Foods I Like, Can Prepare, and Can Afford?

5. Does It Suggest That I Lose Weight Slowly?  
Even though you may want to lose weight quickly, experts agree that slow and steady wins the race. Safe and effective weight loss averages one to two pounds per week, and the best way to achieve it is by burning about 500 calories per day through diet and exercise. Eliminating 500 calories a day should help you lose one pound a week.

6. Does It Tackle My Bad Habits?  
The best weight loss plan is one that doesn't make you feel as if you are on a diet. Going on a "diet" can create an obsession with food, heighten cravings, and lead to a frustrated "throw in the towel because diets don't work" mentality.

Look for a plan that helps you recognize habits that can keep you from reaching a healthy weight.

7. Can I Still Have My Favorite Foods?  
If you can't bear to live without a glass of wine with dinner or an occasional dessert, you'll need to find a plan that allows small

Sandy Preston Dixon County

portions of these favorites. But if you're the type who can't stop with one glass or a bite or two of dessert, the stricter plans may be exactly what you need.

8. Does It Call for Small, Gradual Changes?  
A sensible plan encourages you to evaluate your eating habits and work on a few unhealthy habits, and once you accomplish these changes, pick a few more that you can live with.

9. Does It Call for Supplements, Cleanse, or Diet Pills?  
Healthy weight loss plans don't need to be supplemented beyond a daily multivitamin-mineral supplement for nutritional "insurance."

10. Do I Want a Structured Plan or One That Is More Flexible?  
Some people prefer a diet plan that calls for specific foods and portion sizes to help them stay on track. Others like the flexibility of making their own food choices. As long as the diet plan includes a variety of healthy food — fruits, vegetables, beans, whole grains, low-fat dairy, and lean protein — either type can work.

Just make sure the eating plan allows you enough food and calories that hunger won't undermine your efforts to lose weight. Women should not generally go below 1,200 calories/day, and men should not go below 1,500 calories/day.

## Frerichs - Foote wed in Wayne ceremony

Tiffany Frerichs and Jeremy Foote, both of Lincoln, were married May 30, 2009 at Our Savior Lutheran Church in Wayne.

Pastor Kim Stover officiated at the 4 p.m. ceremony.

Parents of the couple are Kevin and Kandy Frerichs and Brian and Tammy Foote, all of Wayne.

Music for the ceremony was provided by vocalists Emily Brady and Brent Roemmich of Grand Island, organist Carolann Hardwick of Marshall, Mich. and pianist Sarah Brumm of Omaha.

Given in marriage by her father, the bride chose a satin, pick-up floor-length ball gown in white and champagne. She carried a bouquet of pink and white lilies.

Matron of Honor was Jenna McAfee of Allen.

Bridesmaids were Alise Bethune of Kearney, Melissa Masters of Lincoln and Christine Walker and Sara Frerichs, both of Norfolk.

The women wore satin, floor-length latte colored dresses and carried pink lilies.

Flower girl was Adrienne Anderson of Wayne.

Candlelighters were Jessica Henderson and Courtney Steenken, both of Wayne.

Ring bearer was Gavin Anderson of Wayne.

Best Men were Brandon Foote and Cory Foote, both of Wayne.

Groomsmen were Judd Giese of Lincoln, Tanner Niemann of Omaha and Adam Hoffman of Bancroft.

Ushers were Ryan Frerichs, Casey Junck and Dustin Soden, all of Wayne.

Guests were registered by Kristi Foote of Wakefield and Theresa Foote of Wayne.

A reception was held at the Wayne City Auditorium following the ceremony.

Mr. and Mrs. Foote

Hosts were Phil and Julia Shear of Wakefield.

Jan Davis and Wendy Krueger of Oshkosh, Jo Junck of Carroll and Pam Henderson of Wayne cut and served cake.

Victoria Junck of Carroll and Jessica Henderson of Wayne served punch.

Following a wedding trip to Disney World, the couple is at home in Lincoln.

The bride is a 2003 graduate of Wayne High School and a 2007 graduate of Wayne State College. She is presently employed at the University of Nebraska-Lincoln Children's Center in Lincoln.

The groom is a 2002 graduate of Wayne High School and a 2008 graduate of Wayne State College. He is employed in the University of Nebraska Athletic Media Relations Office.

## Grace Ladies Aid holds regular meeting

Ellen Heinemann, president of Grace Lutheran Ladies Aid and LWML called the Sept. 9 meeting to order.

Vice President Bev Hansen's opening devotion was titled "Christian Life," and the group sang "Just a Closer Walk with Thee."

Roll call was answered by 20 members and Pastor Lilienkamp.

The minutes of the previous meeting were read and approved. The treasurer's report was given and filed for financial review.

Committee reports were as follows:

Mission Service - Joann Temme gave eight confirmations names to members for secret pals.

Sewing - Esther Brader said seven ladies tied two quilts and quilted. The next sewing date is Thursday, Sept. 24.

Care Center - Fauneil Bennett reported that she and Leoma Baker will visit Sept. 17 and give a treat to each resident as other activities have been planned for residents that day.

Visiting - Barbara Greve reported on making visits and sending cards.

Seminary Student - Bonnadel Koch will write Ben Vogel, who is doing his vicarage in Hutchinson,

Minn. The matter of hosting the Spring Workshop was tabled again so Bev Hansen can check further on it.

President Ellen Heinemann reminded all members of the Fall Rally on Tuesday, Oct. 20 in Martinsburg.

Pastor Lilienkamp noted that Mark Kanitz will play the organ on LWML Sunday, Oct. 4.

President Heinemann said Mr. Carol Hansen will tune the organ before Sept. 26 and give suggestions for the floor.

Volunteers for the Christian Musicians Workshop registration and breaks are Barbara Greve and Mary Janke, and furnishing treats will be Barbara Greve, Mary Janke, Delores Utecht and LaVon Biermann.

Pastor Lilienkamp led the Bible Study, "Who Am I?, Whose Am I?" Mites were collected.

The meeting closed with The Lord's Prayer and the table prayer.

Hostesses were Phyllis Nolte and Barbara Greve. The Oct. 14 hostesses will be Joann Temme and Esther Brader.

The birthday song was sung for Adeline Sieger, Delores Utecht, Mary Doescher, Bev Hansen and Ellen Heinemann.

## Retired school personnel gather at St. James

The Wayne Area Association of Retired School Personnel met Sept. 8 at St. James Market Place.

President Marilyn Leighton called the meeting to order with 14 members and guests present. Mary Jane Puls of Maryland, daughter of Alice Schulte and Charles Maier, a new member, were welcomed.

Pat Rohde gave the Thought for the Day. She suggested that using a triangle or circle to plot the day's activities would help to acknowledge accomplishments of the day and those projects to be completed at a later time.

The minutes of the May and July meetings were read and approved.

Marilyn Bodenstedt reminded members to continue to keep records of community and youth volunteer service hours.

Mary Lou George reported on the Legislative session given by Senator Bob Giese of District #17 from the Thursday, Sept. 3 Wayne Herald on LR 102. This issue deals with the Nebraska Expressway System study to be held Oct. 7 in Columbus.

Gloria Leseberg gave a report on H1N1 virus. This report suggested that washing the hands is the most beneficial way of avoiding the flu. A report by William Falk suggested that people over 65 may have an acquired immunity to the virus because of previous exposure to the flu.

The State Convention was to be held in Grand Island on Sept. 11.

President Leighton reported on the May Service Day project of packaging food at the Orphan Grain Train in Norfolk for Kids Against Hunger. Each package of food contains rice, soya flower, dried vegetables, vitamins and minerals and will feed a family of six people.

The addresses of members in the program booklet were updated. Cards were signed for Zita Jenkins who has moved away and Lee Larsen who is recovering from a broken hip.

Yearly dues were collected by Gloria Leseberg as Treasurer Lois Youngerman was visiting her family in California.

The next meeting will be Monday,

Nov. 2 at The Oaks Senior Living Community in Wayne at 9:30 a.m. for coffee. Gertrude Vahkamp and Irene Burbach are on the program committee.

Charles Maier was the winner of the drawing.

The meeting was adjourned. Alice Schulte introduced two of the five Pinkelman sisters who told the story of St. James Church, built in 1918, school and St. James Marketplace.

The church was taken down in 2001 and the school building was renovated. It now serves as a market for 50 vendors. These people are preserving some of the lost arts, such as woodworking, stitching, quilting, candy making and preserving food, beading and making jelly. Other activities are held there from May 1 to Dec. 1.

## Joy Circle holds monthly meeting at Our Savior Lutheran Church

Our Savior Lutheran Church's Joy Circle met Sept. 9 with 12 ladies present.

WELCA President Dorothy Wert opened the meeting with announcements and held a short business meeting.

She then introduced Rodella Wacker, who gave a devotion and let the "Hands on Quilting" program. The ladies tied two quilts and cut quilt block squares from different fabrics.

It was an afternoon of visiting and fellowship, while working together.

The ladies sang the Doxology before the dessert lunch was served by Ruth Grone and Lavonne Smith.

The next Joy Circle meeting will be on Wednesday, Oct. 14 with Dorothy Wert giving the program. Arlene Ostendorf and Lois Youngerman will serve refreshments.

## Rally Sunday held at Winside Trinity

The Sunday School at Trinity Lutheran Church in Winside celebrated Rally Sunday on Sept. 13.

The students met in the church basement for the first Sunday back after summer vacation. The students enjoyed juice, milk and various snacks.

Also present at the Rally Sunday activities were the clowns Sunny and Share (Gerry and Janet Mansfield) who made balloon animals and various other objects for the students.

Trinity's regular classes will start Sept. 20 with Rachael Rabe teaching pre-school and kindergarten; Sue Topp and Jenni Topp teaching first, second and third grade; Nancy Carley teaching fourth, fifth and sixth grade and Peggy Krueger teaching confirmation students.

Confirmation classes start at 9:30 a.m. on Sunday mornings.

Co-superintendents are Darc Frahm and Tami Kietzmann.

Anyone interested in attending the classes is welcome to join the group.

## GERMAN VISIT

August of 2006 brought Tobias Grunert to Winside High School as an exchange student from Hönow, Germany. His host family, John and Karen Mangels, along with their sons, Aaron and Seth, soon became his "American Family".

Tobi's parents, Roland and Manuela, came to Winside in May of 2007 to visit the Mangels and America before they and Tobi returned to their home just outside of Berlin. A year later Tobi came to visit the Mangels and his many friends at Winside.

In August of 2009 the Mangels reunited with Tobias and his family at his home in Germany. A week was spent sight seeing historical and beautiful places in and around Berlin. A day on the beach of the Baltic Sea at the town of Warnemunde near Rostock, Germany allowed for the much anticipated travel on the Autobahn by the Mangels' teenagers.

Tobi will finish his pre-university classes in April of 2010. He will then serve his nine months of mandatory German military service before he

The Mangels family meets up with their German "Family Member." Pictured in front, left to right, Tobias Grunert, Aaron Mangels and Seth Mangels. Back row, Roland Lange, Manuela Grunert, Karen Mangels and John Mangels.

continues his education in sports journalism or air traffic control at the new International Airport being constructed near Berlin.

Tobi has many wonderful memories of his time at Winside. His parents do as well with the time they spent in America. Now the Mangels add to their memories the time they spent in Germany. The families continue to keep in contact and look forward to meeting again

someday.

## POST PROM TAILGATE

at 7 p.m. Proceeds from the tailgate party will go toward the Post Prom party in the spring. Plan to come early to enjoy good food and good company, and show your support for our school.

## Blood drive held in Wakefield

The Siouxland Community Blood Bank conducted a Wakefield Community Blood Drive on Sept. 9 at the Masonic Lodge in Wakefield. A total of 32 donors registered and 26 units were collected. One first time donor also registered at the drive.

Those taking part included Kimberly Barge, Pedro Briones, William Chase, Carla Clay, Thomas Eaton, Jason Fischer, Faye Greve, Harley Greve, Robert Gustafson, Jean Hansen, Rex Hansen, Bonnie Hoffman, 'Mardell Holm, Morris Jacobsen, Karen Jones and Deborah

Litchfield.

Also, James Litchfield, Daniel Loofe, Janyce McQuistan, William McQuistan, Patrick Nicholson, Mason Nixon, Kami Roberts, Kathleen Salmon, Kelly Jo Schroeder, Merlin Schultz, Alvin Sundell, Kenneth Thomsen, Carol Ulrich, Harlan Ulrich, Kimberly White and Michael Wurdeman.

Special congratulations were extended to those who reached gallon milestones:

Janyce McQuistan - three gallons; Faye Greve - six gallons.

## Grace Evening Circle learns of upcoming events

Grace Evening Circle met Sept. 8 with six members and Pastor Lilienkamp present.

President Mary Lou Erleben called the meeting to order. Bonnie Sandahl had a Christian Growth message.

The minutes of the May meeting were approved as read. The treasurer's report was filed for audit.

Valores Mordhorst reported on sending cards. Mary Lou Erleben reported that new cards, napkins and dishcloths are available. Christmas cards and napkins will be available in mid-November.

President Erleben shared the minutes of the Executive Board meeting. The Fall Rally will be held Tuesday, Oct. 20 at Trinity Lutheran Church in Martinsburg. Registration is from 9 to 9:30 a.m. The theme is "God Sows and Harvests." The monetary ingathering will be given to the Jesus Our Savior Lutheran School in Winnebago.

Other upcoming events include the District Fall Retreat at Zion Church in Plainview on Sept. 19. LWML Sunday will be Oct. 4. The Evening Circle will pay one-half of the expense of the bulletins.

The article "The Middle Seat" in the fall Quarterly was the lesson. Valores Mordhorst was hostess.

## Deadline approaching to apply for new conservation program

The first round sign up for the Conservation Stewardship Program (CSP) will end September 30. The Natural Resources Conservation Service (NRCS) administers CSP, and is reminding operators to apply soon.

The Conservation Stewardship Program is a voluntary conservation program designed to encourage agricultural and forestry producers to adopt additional conservation practices and improve, maintain and manage existing ones. In return for their stewardship, producers will receive a payment.

The 2008 Farm Bill authorized the Conservation Stewardship Program. Congress revamped the program to increase its availability and appeal to agricultural and forestry producers. The Conservation Stewardship Program is available statewide for the first time.

According to NRCS State

Conservationist Steve Chick, this change to the Conservation Stewardship Program is good news for Nebraska.

"Now that CSP is available statewide, more of our farm, ranch and forest land operators can participate, and more of Nebraska's working lands will have conservation practices installed that protect our natural resources," Chick said.

Eligible lands include cropland, pastureland, rangeland, non-industrial private forestland - a new land use for the program - and agricultural land under the jurisdiction of an Indian tribe.

Producers interested in applying for CSP may learn more about the program online at [www.ne.nrcs.usda.gov](http://www.ne.nrcs.usda.gov) where a self-screening checklist can help producers determine if CSP is right for their operation. Information is also available at local NRCS offices.

## Volleyball game provides opportunity to people watch

It's almost bedtime at the Townhouse, and yours truly is struggling with what I guess is writer's block. I'm nibbling on almonds and chocolate chips to try to tease the old brain into coming up with something; anything!!!

We went to another Seward High football game, this one at Waverly, ranked number 3 in class B, and it didn't turn out as well as last week. But we did make three touchdowns, which is again much better than last year.

On Saturday morning, I gave blood! The Red Cross has followed me to Lincoln, and I try to contribute when I can. While Mike watched the Huskers, I had the car serviced, shopped a bit, and stopped at the Rotary rose garden on South 27th street. There are so many different kinds of roses, it's almost too much! They are really beautiful right now.

We picked up my mother for church on Saturday evening, and got home in time to see more football. Today, we read the Sunday paper; then headed for Devaney and the Nebraska volleyball game.

It's always a project to get parked and into the arena. We use the wheelchair for Mike to save his legs and take the elevator to the concourse. The only time we see

By: Pat Meierhenry

this many people at Devaney is for state high school tournaments. And just reading what is printed on the front of shirts provides great entertainment: I see red people, Be red, be loud, and all the ways that Bo can be used are so creative.

These games at Devaney bring out the folks in wheelchairs and scooters. We ended up courtside, on the north, today. Fortunately, two guys from our church were

working and got us into place. The band was in fine form, as was the drum line.

They announced after the second set that we had done it again; we set a new NCAA record for attendance at a regularly scheduled game, over 13,000 people! As the guy next to me commented, "wouldn't you think they would take the hint and have more games here?" I personally would be happy if they would just open up the coliseum to its full size, thus creating quite a few more seats.

The girls played UCLA, the team on which coach Cook's daughter is the freshman setter. Lauren definitely deserved her spot, and was named the MVP of the game.

Little Red and Herbie Husker were there, as were the kids in the Red Zone and the students in the west with black shirts that said BLOCK on them. Everyone cheered and clapped and stomped, but alas, the Bruins prevailed in the fifth set and were declared the winners of the Ameritas trophy.

We have some young players; it will be a long season. But there is hope for development, and we are optimistic. Of course, we are the greatest fans in the nation!

## Celebrating ReTree Nebraska

With ReTree Nebraska Week set for the week of Sept. 20, we are going to cover a few topics of interest for planting trees. Most of us think of planting trees in the spring but fall planting has its advantages. A lot of the information in this article is provided by Kelly Feehan, Extension Educator from Columbus.

In the fall warm soil, cooler air temperatures and adequate moisture promotes root growth well into November. This gives plants time to establish new roots before having to support new spring growth. Fall planting also avoids the stress of summer heat. The greatest concern with fall planting is if an extremely cold winter follows. Many trees sold are tagged with the hardiness zones on them; often a range of zones are given. Hardiness zones are based on low temperature averages. The zones are 2-9 in the continental United States with the cooler zones having lower numbers.

In this area we are right in the middle of zone 5. For very hardy trees, those hardy to USDA cold hardiness zones 4 or lower; fall planting is usually not a problem. Spring planting is recommended for trees hardy to zone 5. Trees hardy only to zones 6 or higher are not recommended for planting in our area.

Trees need to be planted early enough to allow adequate root growth to support trees over winter. Roots stop growing when soil temperatures drop to 40 degrees Fahrenheit. Ideally, shade trees are planted at least four weeks before this happens, which is usually sometime in November. For Nebraska in general, September

**Ag Happenings**  
Keith Jarvi  
Extension Educator

into about the third week of October is a good time to plant most container grown and balled and burlapped shade trees that already have developed roots. These trees will establish new roots into surrounding soil up until soil temperatures become too cold for root growth.

Since we are in northern Nebraska, I would feel better if we could get trees planted before the first week of October has ended.

If large trees are to be transplanted, moved from one location to another with a tree spade, it is best to wait until just after the first freeze when leaves are no longer transpiring and losing moisture. When large trees are transplanted, 80 percent or more of the roots are lost. By waiting until after the first freeze, the demand for water from roots is reduced.

Fall planting of evergreens is

more of a risk because evergreens continue to lose moisture from green needles throughout winter. Evergreen conifers, such as pine and spruce, also prefer warmer soil temperatures of around 60 to 70 degrees Fahrenheit for root growth. These are best planted in September to allow for adequate root growth and water uptake to cover the loss of water from needles during winter.

Some trees do not adapt well to fall planting. Over the years, the list Kelly has compiled includes Magnolia, dogwood, tuliptree, red maple, birch, hawthorn, poplars, cherries, plum, ginkgo, willow, many oaks, bald cypress, fir and yews. While these trees are best saved for spring planting, if an exceptional bargain is found, go ahead and fall plant these trees.

What are the best trees to plant? A better question may be what not to plant. We have a good idea from experience that some trees have chronic problems and don't function well in this area. Do not plant pin oak, silver maple, European white birch, green ash and Scotch (Scots is the proper name of this tree and may be on the tag). Avoid planting Austrees, 'Autumn Blaze' maple, Siberian elm, poplars, sawtooth oak, aspen, black locust and royal paulonia.

Kelly's personal list of "good to great" trees for this area (this is not a complete list) includes ginkgo, white oak, hybrid elms, silver linden, bur oak, Kentucky coffeetree, Norway maple, Ohio buckeye, Japanese tree lilac and star Magnolia.

Trees Kelly considers to be okay to good trees (mainly because they tend to be overplanted, untried, or have issues such as disease) include river birch, northern catalpa, hackberry, Thornless honeysuckle, American and littleleaf linden, northern pin oak, American sycamore, black walnut, black cherry, hedge maple, black alder, and European mountain-ash.

Good evergreens include ponderosa pine and jack pine on sandy soils; Norway spruce, Serbian spruce, Black Hills spruce, concolor fir, balsam fir, and white pine in protected locations. It's okay to plant Colorado blue spruce and Austrian pine, but these do have many disease problems. It showed this year as many of my calls in the Dixon-Dakota-Thurston County area involved problems with these two trees. Lots of these problems occur when trees are planted too close; as they grow, they crowd each other and become more prone to disease. Remember your spacing when planting rows of trees; you may have to thin them out later if you are planting seedlings.

Do not plant Scotch (Scots) pine because pine wilt is near and they will soon be attacked. Green ash is under threat from the emerald ash borer so be aware of this potential problem. Planting this tree should be avoided.

For more information, go to [retree-nebraska.unl.edu](http://retree-nebraska.unl.edu) and join in the goal of planting 1,000,000 new trees in our state by 2017.

**At least \$20 billion.**

That's what it would cost to replace Nebraska's coal-generated electricity with wind power.

Wind is going to be an important part of Nebraska's energy future, but it is not free and it is not always available when we need it.

To give you an idea of the size of the challenge, if you wanted to replace all of Nebraska's coal-fired electricity with wind, you'd have to put up several thousand large wind turbines and build hundreds of miles of new transmission lines. That would cost at least \$20 billion, making electricity in Nebraska far more expensive and less reliable.

No one would seriously propose such a thing, but it does illustrate an important point: striking the right balance to provide abundant, reliable electricity as cleanly and inexpensively as possible is a complicated, difficult task.

We believe that a combination of electric generating resources is the right answer. Wind will be part of that mix, but it is not the whole answer to our energy challenges.

We're working hard to bring the right solutions to you, and we urge you to visit [www.nnpd.com](http://www.nnpd.com) to learn more.
