## Winside player on the mend after brain injury

By MICHAEL CARNES  
For The Herald

(NOTE: this story includes personal observations by the author.)

It started out as a picture-perfect Friday night for high school football – warm temperatures, a clear sky with a beautiful sunset developing, little wind in the air and the pop of helmets and shoulder pads as Randolph and Winside prepared for their district matchup in Randolph.

That may have been the only highlight of the night for the Toni and Bart Meis family, who have spent the weekend at Mercy Medical Center in Sioux City with their middle son, Trey, who suffered a subdural hematoma after being tackled on a play early in the second quarter of Randolph's 36-0 win. The play, which happened at my feet,

recalled. "(Trey) was our punter, so I had turned around to look for another punter and when I turned back, he nearly collapsed and I could see in his eyes that it was pretty serious."

After asking some basic questions and not getting any responses, Lawson and team members helped him to the bench, where Meis soon lost consciousness and tried to throw up.

"Panic," was what Meis' mom, Toni, said she felt when she first saw her son wobbling toward the sidelines.

"I just assumed it was a concussion by the way he was walking," his dad, Bart, added. "The closer he got, the worse it looked and I knew that it wasn't good."

The game was stopped when Randolph EMT members were called to come to the Winside sideline. As they were making

that was occurring, and it had an impact on them," Lawson said. "It was probably an hour or more until they got Trey out of there in the helicopter, and even after we got home there were a few who were still pretty shook up."

While the EMT's worked on the situation, the coaches for both teams met with their respective school administrators and game officials, agreeing that the game should be called at that point – there was still 8:55 to go before halftime – as it was clear neither team was prepared to carry on.

"I think it's the only thing we could have done," Randolph coach Mark Lech said. "He had a younger brother on the team and I'm sure he was probably concerned for his older brother, and at that point nobody's mind was on the game so nothing good was going to come out of continuing to play."

Mr. and Mrs. Meis said their son was in and out of consciousness until EMT's got oxygen and fluids to him.

"When I heard them say he was non-responsive, I didn't know what that meant at first," Mrs. Meis said. She went to find her younger son, Brody, to comfort him and make sure he was going to be OK, and eventually was called back once Trey was conscious again.

"They called me back over and I said 'Hey, bud, what's up?' and he asked what had happened," she said. "I told him that he had the ball and got tackled hard, and he asked if he'd gotten very far and we all kind of laughed."

Eventually, the Life Flight helicopter landed just east of the football field and Meis was taken to the Sioux City hospital. His parents were about 30 minutes behind with the drive from Randolph to Sioux City, which left a lot of time for a variety of

thoughts and emotions to process.

"Our niece, Carly Fehringer, drove us to the hospital," Mrs. Meis said. "It was weird, because we actually had a lot of family show up for the game, so it was nice to have that support to help us stay level-headed and get us to where we needed to be."

Mr. Meis said they spoke with three doctors about their son's condition, where a CT scan showed blood on the brain – a subdural hematoma.

"This was way worse than a concussion," he said.

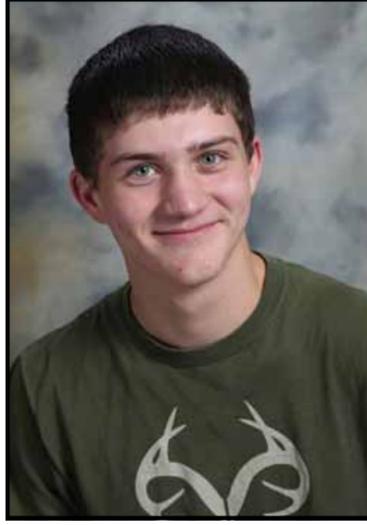

The Meis family stayed with their son through the night, finally getting a chance to talk with him around 4 a.m. on Saturday. A second CT scan delivered good news to the family, though – much better than was first anticipated.

"He was being woke up every hour to ask him questions, and if it had gotten worse they were going to have to do surgery," Mrs. Meis said. "When they did the second CT scan, they said it was better than anticipated. It looked like the blood was dissipating and the brain was slowly healing, and that was super news to hear."

Eventually, Trey was moved out of the emergency area and is now resting comfortably. His mom said they were hopeful that he would be back home by the middle of the week, and would spend 1-2 weeks resting at home before being cleared to go back to school.

Mrs. Meis said she was so thankful, not only for those who helped her son at the game and in the hospital, but for all the support and prayers her family has received in the days since.

"My phone has hardly been out of my hand because of all the texts and calls we've gotten," she said. "The whole town of Win-

Trey Meis

side has gotten a hold of us to see how he's doing and what they can do to help. We've had kids and teams from Allen, Randolph, Wynot and Hartington supporting him and praying for him. When you have that many communities praying for you, I think that's why he's gotten better faster than they thought he would, and I'd just like to thank everybody."

She said the family has also received support from another local mother whose son is in the hospital battling a brain injury.

"Amber Vick's son was in a car accident near Wayne a few weeks ago and he's still here, and she messaged me when she heard about Trey's accident," she said. "She said if we need anything that she's down in the ICU, and we've been there to see her and she is going through so much more than what we've had to deal with and was just so sweet. It just shows what kind of people we have in our communities around here."

A GoFundMe page has been set up to help the Meis family. You can donate through the page at <https://www.gofundme.com/2r5zazgy>.

Winside football player Trey Meis (No. 40) shown blocking during Friday's game with Randolph was lifeflighted to a Sioux City hospital after suffering a subdural hematoma that occurred after a hit in the game.

seemed innocent enough. I shot photos as Meis was tackled by a Randolph defender at the end of the pass play and watched as he got up and appeared to stumble a bit. I thought he had just lost his balance, but Randolph assistant coach Ted Stubbs, who was standing next to me, could see Meis' face and knew right away that something wasn't right.

Not long after, it was clear to everybody that Meis was hurt. A referee helped him toward the sideline and let him go, thinking he was able to walk on his own from there, but had to turn around suddenly to catch him as he clearly was losing his balance.

It all went downhill from there. "The official had him and started walking toward me," Winside coach Kent Lawson

their way across the field with their gurney and other equipment, members of Winside's and Hoskins' EMT units came out of the stands to help.

"We found out later that Randolph's fire department was doing a fundraiser at the game, so their entire fire department was on hand," Meis' mom said. "It was probably the best situation to have all of them there along with the EMT's from Winside and Hoskins."

And it was a good thing, as Meis eventually became unresponsive. Lawson moved his team away from the situation toward the south end zone, and he and his coaching staff tried to comfort Meis' teammates, all of whom were visibly shaken.

"They were close enough to see the chaos

## Winside to forfeit game Friday after player injured

By MICHAEL CARNES  
For The Herald

After one of its team's players was severely injured in a football game Friday night, school officials at Winside Public Schools have decided that they will forfeit this week's game at Emerson-Hubbard.

Superintendent Mike Shoff told The Wayne Herald that school officials met Monday morning to discuss the situation, and while the decision was a difficult one for all involved, it is in the best interests of the school's students to go ahead and forfeit Friday's game at Emerson-Hubbard.

"Right now there is a lot of stuff to work through, and we hope that the healing can take place and people can see that football is still a good sport and not everybody gets hurt like that," he said Monday afternoon. "We feel bad to do this on their homecoming, but right now it's not in our best interests to (play) this week. Our kids' safety has to come first."

On Friday, Winside was playing at Randolph when junior Trey Meis was tackled on a pass play and hit his head on the ground, suffering a subdural hematoma. Meis was life-flighted to a Sioux City hospital and the game was declared completed with 8:55 to go in the second quarter and Randolph leading 36-0.

Meis is recovering from his injuries, and Shoff said his fellow students, teachers and the community are looking forward to his recovery and return to school.

As for the remaining games on Winside's football schedule, with only about a dozen healthy players on the roster right now, Shoff said they will address each game on a week-to-week basis.

### Pet of the Week

This week's Pet of the Week at Tenderheart Animal Rescue is Bella. At about 4 months old, Bella is the perfect age for adoption. Her origin is unknown as she was discovered in the machine shed on the Rescue property. A funny little girl who drapes like she has no bones, Bella is very affectionate and purrs readily. She is also willing to carry on a conversation with you.

If you can give Bella a good forever home please contact Tenderheart Animal Rescue at (402) 369-6030.

## Wayne Community Theatre hosts dinner theatre

Wayne Community Theatre will be hosting an interactive dinner theatre, "Tony n Tina's Wedding" in the Frye Conference Suite at Wayne State College on Sunday, October 9 at 5 p.m.

The show is performed by The New Stage Players, a non-profit theatrical troupe located in South Sioux City.

Audience members participate directly in the wedding celebration as guests of groom, Tony Nunzio and bride, Tina Vitale. Hilarity ensues when these two eccentric Italian families are joined and family dra-

ma is served up alongside dinner and the wedding cake. You never know who may be seated next to you, as lines are blurred between audience and performer.

Tickets for "Tony n Tina's Wedding" are \$20 and includes a reception featuring a lasagna dinner, dancing, and of course, wedding cake.

Tickets can be purchased by calling (719) 660-2353 or contacting a WCT board member by Thursday, Oct. 6. No tickets will be sold at the door.

# Library accepts donation, plans fall events

Runza has been a long time supporter of reading and literacy. This year's "Great Books for Great Kids" fund raiser held Aug. 23, raised over \$28,000 for community libraries, schools and foundations.

Erin Palu, Manager of Wayne Runza, recently presented a check for \$299.34 to Julie Osnes, Youth Services Librarian at the Wayne Public Library.

"We are so thankful to the community members and the great Runza team, for their generous contribution. These funds will purchase about 25 brand new books for the children's collection which will be needed as story hours begin and checkouts increase," said Osnes.

Story Hours will be Saturday mornings at 10:30 a.m., or Thurs-

day nights at 6:30 p.m. All ages are welcome. "Mother Goose is on the Loose," is held Wednesday mornings, at 10:30 a.m. for infants, toddlers, preschoolers and their parent or caregiver.

"We have a few exciting story hours coming up! Saturday, Oct. 1, Willy Bertrand, will be speaking about butterflies and migration and giving the kids a peek at his collection, part of which has been on display. Thursday night, Oct. 13, at 6:30 p.m. is "Ninja Story Night," Sara Westerhold, will be bringing students up from Main Street's own Wayne Martial Arts Center for a demonstration. Join us in congratulating them on their 10 year anniversary," Osnes said.

The importance of reading aloud

to children of all ages cannot be stressed enough, even children who can read on their own. The ability to read is vital in a child's quest for success. What are the benefits to be gained from reading aloud together? It can: instill a love of reading in your child, increase vocabulary and understanding-because you can share books that your child may not be able to read alone, encourage reluctant readers, expand your imagination, and increases family involvement. It is time together that you can treasure as a family.

The Wayne Public Library will be kicking off a new program to encourage community members to become 'treasure hunters' and increase the amount of time they spend reading to your children.

"When you sign up for the program you agree to read aloud to your child on a regular basis. You set the amount of time. Whether it is 10 minutes, or an hour a day doesn't matter. For each book you complete as a family, your name will be entered into a drawing for a family prize. In addition, there will be a variety of programs for the whole family to enjoy. Our first will be the, "Souper Soup Spectacular," Nov. 3, from 5:30-7:30 p.m. with stories, games, food, art and more. You can get to know other families find out about area activities, and tell others about the great products and activities your family enjoys," Osnes said.

Pre-registration is required at the Wayne Public Library for some of these events. Children younger than age 8 should be accompanied by a parent/caregiver over age 11 in the library.

To register, or for more information: call (402) 375-3135 or stop by the library.

# Wayne State College to host nuclear energy policy speaker Samuel Brinton

Whether Sam Brinton is walking the halls of Congress to help educate the Senate on the differences in nuclear reactors or performing with the Gay Men's Chorus of Washington D.C., it is hard to miss his bright red mohawk haircut.

Brinton will speak at Wayne State College on Wednesday, Oct. 12 at 3 p.m. and 7 p.m. There is no admission charge.

Nuclear Energy and LGBT survival of conversion therapy are two topics that Brinton is willing to have tough conversations with an open mind. Brinton is a graduate of MIT and Kansas State and has been featured in TIME magazine, the New York Times, the Advocate,

on CNN, and on MSNBC. Sessions will be: "You Can't Change What We Never Chose: A Conversation on the Torture of Conversion Therapy" Wednesday, Oct. 12 at 3 p.m. in the Gardner Hall Auditorium.

Conversion Therapy - Brinton will talk about the personal experience of conversion (reparative) therapy and the arguments that underlie the banning of conversion therapy in states across the country.

"From Nuclear Waste to White House Galas: The Role of Scientists in Policy" Wednesday, Oct. 12 at 7 p.m. in Gardner Hall Auditorium.

Nuclear Energy Policy - Brinton will talk about the career path from nuclear engineer to policy analyst; the place of nuclear energy in the context of clean energy; and the role of Nebraska in the discussion of nuclear waste disposal. Samuel Brinton is a senior policy analyst with Bipartisan Policy Center's Energy Project and helps to lead the efforts of the Nuclear Waste Initiative. Prior to joining BPC in September 2015, Brinton worked as a fellow for the Clean Energy Program of Third Way and helped develop a campaign to promote policies that spur innovation in advanced nuclear energy. Brinton also served as a fellow with the Clean Air Task Force and Breakthrough Institute, preparing a report on the variety of methods for managing nuclear waste.

Brinton received graduate degrees in nuclear science and engineering from Massachusetts Institute of Technology's Technology Policy Program in 2014. He also earned bachelor's degrees from Kansas State University in mechanical and nuclear engineering, as well as vocal music performance.

Refreshments provided by the Physical Sciences and Mathematics Department.

The presentations are being sponsored by the President's Council for Diversity, PRIDE, WSC-PEN, Dairy Queen, Active Minds, Native American Student Association, Interfaith Action, Sherry Dorman, WSC Green Team and Multicultural Affairs.

For more information contact the Multicultural Center at (402) 375-7749.

The Wayne Izaak Walton League and Logan Creek Pheasants Forever organizations teamed up to put on their first Family Outdoor Day event on Aug. 27.

The event was held at the Ikes recreational area northwest of Wayne.

Over 150 people attended and were exposed to outdoor learning experiences during the day-long event. The event was designed to get families involved with, and become more active in, the outdoors.

Grandparents, parents and children had the opportunity to participate with hands-on learning at multiple engaging stations. The stations were presented by Wayne State College Science faculty, Nebraska Game & Parks Commission, Lower Elkhorn Natural Resources District, and a number of local volunteers.

Stations consisted of BB shooting, Archery, Fishing, Streams, Birding, Trees, Mammals, Macro invertebrates, Astronomy, a Nature Walk and Art.

"We had a lot of positive feedback from those who attended" and many said 'it was hard to get the kids to go home,'" said Ikes President Erin Eilers.

Planning has already begun for next year and the group hopes to add even more engaging stations to grow the event. So, mark your calendar, tentatively, for Aug. 26, 2017.

"Both local organizations, Ikes and Pheasants Forever would like to thank all who came to the event as well as those who volunteered their time to make the event a success" said Jim Modrell, President of the Pheasants Forever chapter.

The public is invited to follow both organizations on Facebook at

"Wayne Izaak Walton League" and Chapter #303" to see more photos from this event.

## Kindness Fund assists students in variety of ways

The Kindness Fund at Wayne Community Schools is a program designed to help students in need of physical, emotional or educational support.

Assistance is requested through a referral and application process. Requests are reviewed by a sub-committee made up of Wayne Community Schools (WCS) Foundation members, Wayne Community Schools staff members and a community representative.

In the past, Misty Bear, Special Education Director at WCS, has received donations designated to help students who experience issues and as such, she wanted to streamline these donations through the Foundation.

"The Kindness Fund has been formed to meet those goals and assist students and students' families who need a little extra help with various areas of support. This is a wonderful avenue in which we can help and support our students within the community," said Lindsay McLaughlin, WCS Foundation Director.

Some specific areas in which The Kindness Fund has helped students and their families include paying bills, lawn maintenance, Christmas gifts, car maintenance, helping children with school supplies, shoes, and clothing.

"We have helped families with utility bills, groceries, rent assistance in emergency cases, and other things which relieve family stress and allow the child to come to school ready to learn," Bear said.

For more information on The Kindness Fund, contact McLaughlin at Wayne High School, (402) 375-3150.

## Closer to reality at Wayne State

By: Courtney Upham

In order to investigate a crime scene, police and other officials first need to learn how.

Wayne State College is moving ever nearer to giving students a better hands-on experience and then some with the foundation picked out for a crime scene investigation house.

"The location is cool because it's across from the Willow Bowl on the south side, so it will be a perfect walking distance for students," Dr. Jason Karsky, criminal justice professor at Wayne State College said.

An investor was interested in expanding another area near campus and currently owns this land. The landowner then worked with the Foundation to choose this area and continue the crime scene investigation project. The investor's land was swapped for different land the Foundation owned so the project can move forward.

Currently on this chosen spot

there is a house that is estimated at about 100 years old and dilapidated.

The next step in the process of creating this crime scene investigation house will be to tear down the old house and level the lot before construction can begin on the new building. There is no time table set up for this project so there is no set time when construction will happen or that the new building will be set up yet.

"I look at it this way, if it advances the teachable moments for professors across campus and they have a use to integrate new things into their program and the crime house would aid them, I'm all for it," Karsky said.

Some ideas of what the crime scene investigation house could be used for in the future include: police practice, emergency management practice and a variety of student uses.

Student uses span from theater

students setting up the crime scene using their skills with set, and props, to chemistry and biology students wanting to study the lifecycle of bugs or study decay, to criminal justice students working on setting up a crime scene and even more.

However, there is still debate as to what type of building should be made as well as a need for more funds in order to advance this project.

"We have \$50,000 raised so far and the Foundation is going to look for more donations, in regards to finding tens of thousands more dollars to get the project a little further," Karsky said.

This crime scene investigation house has been an idea years in the making, and it continues to grow ever closer to a reality to add more to Wayne State College and the community of Wayne.

"I'm all for others who want to propose using it and see if we can't accommodate those suggestions for use," Karsky said.

## WSC football records first win of season

Wind, thunderstorms and weather delays couldn't stop the WSC Wildcat football team from stealing the win from the St. Cloud Huskies on Saturday, leaving the field with a final score of 23-22.

With the win, the Wildcats advance to a 1-3 record on the season, while St. Cloud State falls to 1-3 on the year.

WSC scored early in the game, reaching the end zone on the first two possessions.

The Wildcats took the opening drive and marched 62 yards on 13 plays before settling on a 30-yard field goal by Ethan Knudson for a 3-0 lead.

After forcing a SCSU punt, the Wildcats covered 80 yards on six plays as Osborn found junior Nate Rogers for a scoring pass down the sideline to give Wayne State a 10-0 lead over the Huskies with 4:42 left to play in the first quarter.

St. Cloud State got on the scoreboard with 54 seconds left in the first quarter as Huskie running back Jaden Huff found the end zone on a two-yard scoring run, shaving WSC's lead to 10-7.

Due to the weather, there was a weather delay put into place before the start of the second half after lightning was spotted in the area.

Defense for both teams was strong throughout the second quarter, as neither of the teams scored for the rest of the first half.

St. Cloud State took the first possession in the third quarter and scored, driving 74 yards on eight plays with Husky quarterback Nate Meyer connecting with Jameson Parsons on a two-yard pass, giving the Huskies their first lead of the game at 14-10.

Wayne State regained the lead near the midway point of the fourth quarter as Osborn and Rogers teamed up on a 17-yard scoring play with 9:47 to play, giving WSC a 16-14 lead after the PAT kick missed wide left.

The following drive saw SCSU move the ball to the WSC 36 before the drive stalled on downs with 3:50 to play.

The Wildcats then ran the ball to run down the clock and preserve the win when on 3rd and 2 from the SCSU 45, Osborn rolled out left on a bootleg and scampered down the left side line 45 yards for a touch-

down with just 42 seconds remaining, giving WSC a 23-14 lead.

SCSU, however, did not give up as St. Cloud's Meyer found tight end Sam Hartman sneak behind the Wildcat secondary as the two connected on a 61-yard scoring play with 20 seconds remaining to keep the Huskies in the game.

A 2-point pass conversion from Meyer to John Pass made the score 23-22.

An onside kick attempt by SCSU was recovered by Wayne State's Layne Sullivan at the SCSU 46 and WSC held on for the 23-22 win.

St. Cloud State held a slight 331-314 edge in total offense over Wayne State. The Huskies had 23 yards rushing and 308 passing, while WSC had 150 on the ground and 164 through the air.

WSC junior Rashad Trimble led the Wildcats on the ground with 105 yards on 33 carries for his second 100-yard game of the season.

Osborn completed 10 of 25 passes for 131 yards and two scores, while Rogers hauled in three passes for 80 yards and two scores and Shymere Williams added three catches for 41 yards.

Senior Cam Montgomery led the WSC defense with six tackles followed by redshirt freshman linebacker Tyler Thomsen with five tackles that included one tackle for loss for 13 yards. DeWayne Scott and Glenn Harris each had interceptions for the Wildcats.

The Wildcats will be on the road next Saturday visiting Concordia-St. Paul in the NSIC South Division opener for both teams with kickoff

at 1 p.m. in St. Paul, Minnesota.

## Rated Wynot handles Allen, 40-14

ALLEN - It was not a rout by any means, but sixth-ranked Wynot prevailed 40-14 in Allen Friday behind the pitch-and-catch duo of Jalen Wieseler and Dawson Sudbeck.

The Eagle defense was very good against the rush, allowing only 56 yards on 28 attempts. The problem of the evening was how to keep the duo of Wieseler and Sudbeck from having their way. The combo connected six times for 206 yards and four touchdowns.

"Defensively, with exception to the handful of passes they hit, we played a very good game," coach Dave Uldrich said. "They took our inside game away tonight, and we struggled to string drives together. Some of it was that they sent 6-7 at us most of the time. They were very strong and big up front, making creases hard to find."

Both teams played some excellent run defense, keeping the other from mounting much on the ground. The difference was Wynot's ability to throw on third down to keep the ball and the clock on their side of the ledger.

Wynot did score the games' first 26 points, but all were on one-play shots. The Eagles' lone score came in the second period when Garrett Brentlinger scored from eight yards out and then hit Jacob Williams with the PAT pass. A Brentlinger fumble with 2:33 left in the first half at the Blue Devil 17 kept the Eagles from drawing closer.

Wynot led 34-8 at the intermission, and extended the lead to 40-8

on a 21-yard perfect pass on fourth down. Allen's final score came with a Kyle Smith 33-yard run.

Defensively, the Eagles were led by Cody Thomas who pulled down 19 Blue Devils and recovered one Wynot fumble. Kyle Smith added 17 stops. Sophomores, Isaac Verzani and Devin Twohig each had nine.

Offensively, Smith had 80 yards on 13 carries and one touchdown. Brentlinger was 3-of-8 passing for 65 yards, and Jacob Williams had 48 yards receiving on two catches.

The loss dropped the Eagles season record to 2-2, and 0-1 in the district. Next up for the Eagles are the Cardinals of Randolph at Randolph. Game time is at 7 p.m. Both teams will enter the game at 2-2 on the season.

"We are just about ready to reach the next level," Uldrich said. "It will take a good effort next week at Randolph, but I believe the kids will give that to us."

## Busy week for Wayne runners

It was a busy week for the Wayne High cross country teams, highlighted by a first-place finish for the girls in a tough meet at Crofton.

The Blue Devils had three runners finish in the top 10 as Wayne edged Norfolk Catholic by four points for top honors Friday at the Crofton Invitational.

Hannah Leonard led the Wayne girls with a third-place finish in 22:18.56, while Andrea Torres placed sixth and Gabi Meyer was 10th. Marcella Jurotchik also medaled, finishing 15th.

On the boys side, Wayne finished fifth, with their best effort a 22nd place finish by Jack Evetovich. Brandon Wacker followed close behind in 23rd, Will Anderson was 26th and Cole Hobza was 28th to round out Wayne's scoring.

The LCC boys finished sixth in the Crofton meet, led by Logan Hansen's 29th place finish. Justin Kinkaid was 31st, Landen Boysen was 33rd and Karsen Klooz finished 34th.

On Monday, Wayne ran in the state's biggest meet of the regular season, competing in the UNK Invitational on the same Kearney Country Club course that will be used for the state meet next month.

Wayne's girls finished seventh out of 20 scoring teams, with Leonard's ninth place finish leading the way. Torres was 19th, Meyer placed 31st and Marta Pulfer finished 45th.

The Wayne High boys 26th out of 28 teams, with Jack Evetovich's 101st place finish the best individual effort.

Wayne runs in the David City Aquinas Invitational on Thursday while LCC competes in the Stanton Invitational. Wayne will host

the Mid State Conference meet on Thursday, Oct. 6 at the Wayne Country Club.

## Winside volleyball continues winning ways

The Winside volleyball team continued to play well last week, winning three home matchups.

On Tuesday, Sept. 20, the Wildcats made quick work of Wausa, winning 25-15, 25-11, 25-11.

Alex Bargstadt had a triple-double for the Wildcats, finishing with 10 kills, 10 assists and a team-best 19 digs, along with three blocks. Callie Finn had nine kills and 14 digs, Sarah Wolfe had 12 assists, Andi Bargstadt had eight kills and two blocks, Fauneil Olander had 16 digs and Haylee Cummins had eight digs. Morgan Remm had seven digs and Marisa Remm had a team-best five ace serves.

Winside had no troubles in a home triangular, dominating Santee (25-9, 25-10) and Walthill (25-

15, 25-7) to improve to 10-2 on the season.

In the Santee match, Alex Bargstadt, Andi Bargstadt and Finn each had four kills, while Brogren and Machella Buckendahl both had three kills. Alex Bargstadt had nine assists and Morgan Remm had five. Wolfe and Olander each had four ace serves, and Olander led the team in digs with six.

Against Walthill, Olander had seven kills, Morgan Remm had six assists and eight digs, and Alex Bargstadt had five assists. Marisa Remm had three ace serves, and Finn had seven digs.

Winside hosted Scribner-Snyder on Tuesday. Next action is Thursday Oct. 6 at Wynot and a triangular at Randolph on Saturday, Oct. 8.

## Area golfers busy with home tournaments

Both the Wayne and Laurel-Concord-Coleridge girls golf teams had a chance to host golf tournaments on their home course this past week.

On Thursday, the Blue Devils played host to the annual Metteer Invitational at Wayne Country Club, and the Wayne girls finished 10th out of 14 teams on the day.

Lady Bears golfer Brooke Young had the low round of the day for the area linksters, finishing seventh overall with a 95. Megan Keiser led the Blue Devils on the day, carding a 108.

Also scoring for Wayne were Marrison Lutt with a 121, Taylor French with a 123, Hana Nelsen with a 127

and Liz Junck with a 145.

Scoring for LCC were Nicole Hanson with a 109 and Lyndsey McCoy with a 114. LCC did not have enough players to post a team score.

Lacie Fox of West Point-Beemer shot an 83 to win medalist honors by one shot over Taylor Finke of Battle Creek, who finished with an 84. Cassidy Ulrich of Hartington CC was third with an 87.

On Saturday, seven teams took part in the LCC Invitational at Cedar View Country Club in Laurel, with only three teams posting team scores.

Wayne finished third with a 496, led by Kesier's 110, which was good

for 12th place overall. Nelsen shot 119, Junck had a 129 and French had a 138.

Young placed fourth overall with a 96, while McCoy and Hanson both shot 105 to finish ninth and 10th, respectively.

The Blue Devils played in the Mid State Conference meet on Tuesday. Both Wayne and LCC will play in the C-3 District tournament on Monday, Oct. 3 at Fairplay Golf Club near Battle Creek.

# Wayne netters cap week with tournament win

## Blue Devils go undefeated in Wisner-Pilger Invite

The Wayne High volleyball team put a good series of wins together to finish off a 4-0 week with a first-place finish in the Wisner-Pilger Invitational.

On Tuesday, Sept. 20, the Blue Devils traveled to Norfolk and took care of Norfolk Catholic in four sets, winning 25-13, 23-25, 25-12, 25-15.

Lindy Sandoz and Allison Echtenkamp led the offensive attack with 12 and 10 kills, respectively. Emily Armstrong added seven while Kylie Hammer and Shania Anderson each had four.

Hammer and Ashton Boyer each had two ace serves in the win. Brenna Vovos had 21 assists and Sandoz served up 16. The defense was led by three blocks from Echtenkamp and two from Sandoz, while Emily Matthes had 11 digs, Armstrong picked up 10, Hammer had nine and Gabrielle Lutt had eight.

Wayne opened the Wisner-Pilger Invite on Saturday with a two-set win over Pierce, winning 25-20, 25-17. Echtenkamp had 10 kills, Hammer had six, Armstrong and Sandoz each had five, Anderson had

four and Melinda Longe had two in the win. Sandoz had 15 assists and Vovos had 12. Hammer led the defense with nine digs and Armstrong picked up seven.

In the semifinals, Wayne beat Chambers/Wheeler Central in straight sets, 25-23, 26-24. Sandoz had six kills, Echtenkamp had five and Armstrong had four in the win. Armstrong had three ace serves and Hammer added a pair. Sandoz had eight digs and Vovos added seven. Hammer and Armstrong each had 10 digs and Matthes added nine.

In the finals, Wayne took care of the host Lady Gators, 25-21, 25-14. Echtenkamp had nine kills, Sandoz added six and Anderson put down four in the win. Sandoz had 16 assists and Vovos had seven. Hammer had 10 digs, Matthes added seven and Armstrong had four.

Wayne is 10-7 on the season. They hosted a triangular with Arlington and West Point-Beemer on Tuesday and will be at Stanton on Thursday before going to Albion for a triangular with Pierce and Boone Central/Newman Grove on Tuesday, Oct. 4.

## Bears fall short, 32-26

NIOBRARA - Laurel-Concord-Coleridge was hoping to build a two-game winning streak as it started district play Friday.

The Bears jumped out to a 14-0 lead early in their matchup at Niobrara/Verdigre, but the hosts came back in the second half and outlasted the Bears, 32-26.

LCC got on the board with a pair of Mason Forsberg touchdown passes in the first quarter. His first connection was with D.J. Spahr on a 14-yard scoring strike, and he found Jayden Reifenrath later in the period on a 27-yard pass to make it 14-0.

Niobrara/Verdigre came back with a pair of touchdown runs by Kevin Rudloff, cutting the Bears' lead to 14-12 at the half. Niobrara/Verdigre scored two touchdowns in the third to take their first lead at 24-14, but LCC came back later in the period when Forsberg called his own number on a one-yard run to get the Bears within four at 24-20.

In the fourth quarter, Forsberg and Reifenrath hooked up for the second time, connecting on a 29-yard pass to give the Bears a 26-24 advantage, but the hosts answered back with Rudloff's fourth

score of the game, a three-yard plunge that gave the hosts the win.

Forsberg had a good night throwing the ball in a losing effort, going 9-of-16 for 161 yards with three touchdowns. Reifenrath caught five balls for 78 yards and a pair of scores, while Noah Schutte caught one ball for 52 yards. In the ground game, Spahr and Sam Cary both ran for 34 yards on eight carries.

Defensively, Forsberg was in on 26 tackles, Cutter Haberman was credited on 16 stops and Ethan Williams had 15.

The 1-3 Bears are back home Friday to host Plainview in a 7 p.m. matchup at Haskell Field.

# WSC cross country takes on Girak Invite

In one of the biggest meets in the country, WSC junior transfer Antione Bardou placed 70th out of 463 runners to lead the Wayne State men's cross country team at the Roy Griak Invitational, hosted by the University of Minnesota, Saturday afternoon in St. Paul, Minn.

Senior Andrea DeSimone was also a top finisher for the women's cross country team at the same meet, placing 188th out of 398 runners.

"The course was even more challenging this year due to the rains that they had had the previous days, so it made it especially tough for the runners," Head coach Marlon Brink said. "They had sections where they ran through mud and hills that were very slippery, so I think considering that, they ran the best that they could."

Antoine Bardou finished 70th by completing the 8,000 meter course in a time of 27:43. Freshman Isaias Solorio was the next runner for Wayne State to finish at 239th in 29:27.

Other Wayne State runners included Corbin Lehn (340th - 31:03), Kak Ayaj (351st - 31:23) and Joey Black (394th - 32:32).

"Antoine ran very well and was the 17th overall finisher from the NSIC schools, which was something we were looking to see how he would stack up against the NSIC competition," Brink said. "Also, Kak Ayaj ran a good race and moved up to our number four runner this week."

Some big name Division I schools also come to the Griak Invite, adding to the excitement of the race.

"As we walked out of the restaurant Friday night where we had dinner we saw the UCLA teams sitting there eating," Brink said. "I think that helps the athlete's adrenaline flow a little faster. They run separate races for the Division I schools from the Division II schools, so we aren't racing head to head against them, but we can compare times on

the exact same course on the exact same day, so that makes it interesting."

For the men, Augustana University took home the team title with 88 points, followed by UC-San Diego (130), Black Hills St. (149), University of Manitoba (152) and Western Washington (154) to round out the top five. The Wildcats placed 36th out of 40 teams in the Division II race with 1,010 total points.

DeSimone covered the 6,000 meter course in a time of 26:26 to lead the Wildcats by placing 188th overall in the race. Allen freshman Lex Oswald was the next WSC finisher in 266th place at 27:43.

Other Wildcat finishers included Jamie Larsen (286th - 28:10), Josephine Peitz (336th - 29:32) and Sarah Post (386th - 34:53).

"I thought Andrea had a solid race, as most times were about a minute slower than last year due to the wet course, and she was right on pace with that," Brink said. "Also, Lexi did well in her first 6,000 meter race, so I was happy to see that."

The University of Mary edged Minnesota Duluth 93-95 to capture the team title followed by Northern Michigan (122), UC-Colorado Springs (149) and UC-San Diego (209) in the top five. Wayne State was 38th out of 40 teams in the Division II race with 1,120 points.

In both the men and women's races, teams from the NSIC won the titles, showing how competitive the league is.

"The NSIC has some great teams in cross country for both the men's and women's divisions, so it is no different than any of the other sports in the NSIC, you get to compete against the best in NCAA Division II," Brink said.

Wayne State will compete again on Saturday, October 8th in the Briar Cliff Invitational held at Adams Nature Preserve in McCook Lake, South Dakota.

# Blue Devils slay Dragons in blowout

MADISON - The Wayne High football team kicked off district play on the right foot, jumping on Madison early and putting together its best offensive effort of the year in a 49-7 blowout Friday.

The Blue Devils jumped on top early with a 64-yard run by Beau Bowers, one of three he would have a hand in. He added another score on a one-yard run later in the period, and Mason Lee followed that up with a 77-yard punt return that gave Wayne a big 20-0 lead after one period.

Madison got on the board in the second period on a short run, but the Blue Devils answered when Bowers hit Brennen O'Reilly with an 18-yard pass to give Wayne a 27-7 halftime advantage.

Wayne started the second half with the ball and took it down the field for another score that put the game out of reach. Tyler Pecena scored on a three-yard run, then scored on a four-yard plunge later in the period to make it 42-7. Juan Vergara closed the scoring with a one-yard run in the final period.

The Blue Devils had a 374-151 advantage in total yards on the night, as the Wayne defense was

solid against the Dragons. Michael Kniesche led the defense with nine tackles, Justin Dean had eight, Isaiah Muhs had six and Pecena, Lathan Ellis and Ryan Jaixen each had five.

On offense, Bowers was 6-of-14 for 122 yards passing the ball and added 108 yards on six carries. Pecena came away with 87 yards on 18 carries. Jaixen was the leading receiver with 71 yards on three catches, while Grayson McBride had 33 yards on two receptions.

The 2-3 Blue Devils will be back home Friday to face 0-5 Pierce in a key 7 p.m. matchup at Wayne State College's Memorial Stadium.

## Wildcats at No. 9 in AVCA D-II poll

The Wayne State volleyball team fell five spots to No. 9 in this week's American Volleyball Coaches Association Divi. II Top 25 coaches poll. Wayne State went 1-2 last week,

dropping 3-1 road contests at No. 14 Augustana and at No. 11 Northern State while winning 3-0 at MSU Moorhead. They extended their streak of consecutive national rankings to 93 dating back to Sept. 28, 2009.

The poll is once again top-heavy with Northern Sun Conference and Central Region schools, with the Central Region occupying eight of the top 10 spots. NSIC schools in the top 10 include No. 1 Concordia-St. Paul, No. 2 Minnesota Duluth, No. 4 Southwest Minnesota State, No. 7 Winona State, No. 8 Augustana and No. 9 Wayne State. MIAA schools Nebraska-Kearney and Central Missouri are ranked No. 3 and No. 6, respectively.

Northern State is ranked No. 11, while MIAA schools Central Oklahoma (No. 12), Washburn (No. 18) and Northwest Missouri State (No. 20) give the Central Region 12 of the top 25 spots in this week's poll.

The Wildcats return to the friend-

ly confines of Rice Auditorium for the start of a five-game home stand this weekend, hosting Minot State Friday at 7 p.m. and University of Mary Saturday in a 2 p.m. contest.

## Wayne junior high

## teams play overtime

The Wayne junior high football teams both went to overtime in action against Hartington Cedar Catholic.

In the seventh grade game, Wayne defeated Hartington Cedar Catholic 14-6. Toby Braun forced overtime with a game tying fourth-quarter touchdown, then Brandon Bartos scored the go-ahead touchdown in overtime behind a great block by Justin Sherman. Brenden Swanson was the defensive leader with a pass interception while Mason Frevert had two tackles for loss as the seventh graders improved to 4-0.

The eighth grade game ended in a 16-16 tie after one overtime of play. Touchdowns were scored by Victor Kniesche and Mike Leatherdale while Kallan Herman added a two-point conversion. On defense, the tackle leaders were Edwin Espino, Nolan Hunke while Colton Vovos and Kallan Herman each intercept-

ed a pass.

## Wakefield JV netters win three at quad

The Wakefield JV volleyball team went 3-0 on the day Saturday in a quadrangular at Emerson-Hubbard.

The Trojans defeated Howells-Dodge in three sets, 27-25, 10-25, 15-11, before posting two-set wins over Pender (25-18, 25-20) and Emerson-Hubbard (25-7, 25-15).

## Harder, partner take seventh at team event

Troy Harder of Wayne Country Club teamed up with Brett Evans of Elks Country Club in Columbus to tie for seventh in the All Star Pro Golf Team Championship, held recently at the Fremont Golf Club.

The team played best ball for 18 holes before competing in an 18-hole scramble. They finished with a 12-under par round of 130, five shots behind the winning team.

# Wayne High softball coach reaches 400th win

The Class B No. 10 Wayne High softball team came from behind and won an extra-inning thriller over district rival Wisner-Pilger on Thursday, getting a run in the bottom of the eighth to earn a 5-4 win at the Wayne Summer Sports Complex. The Blue Devils fed first blood in the second on a bases-loaded walk by Ashten Gibson and an RBI single by Kiara Hochstein. The visiting Gators scored a run in the third, then used three doubles as part of a three-run, four-hit fifth inning to take a 4-2 advantage. Annie Kniesche tripled and scored on an error to make it 4-3 in the bottom of the fifth, and Jenna Trenhaile hit a towering solo homer with two out in the sixth to tie the game up. In the eighth, Wayne's defense kept the Gators off the board, and after a Gibson single and an error loaded the bases, Hochstein lashed a single up the middle to score Jamie Gamble - who started the inning on second under the international tiebreaker rule - with the winning run. Hochstein, Trenhaile and Kniesche each had two hits to highlight Wayne's eight-hit attack. Belt threw four innings and allowed one run on two hits while striking out seven to start the game, then came on in relief of Gibson to pitch the final three innings, striking out three to finish with 10 strikeouts on the night. The win improved Wayne's

Coach Rob Sweetland won his 400th game as a Wayne High softball coach and was joined in the celebration by team members.

record to 17-3 on the season. The Adams Central Invitational was rained out on Saturday. Wayne was to play at Logan View/Scribner-Snyder on Tuesday and will be at Guardian Angels Central Catholic

on Thursday before taking part in the Mid State Conference tournament on Saturday in Pierce. They close the regular season Monday at South Sioux City.

Congratulations to Wayne High

softball coach Rob Sweetland on joining the 400-win club, he is one of the five Nebraska high school softball coaches to win 400 or more games, doing so in just his 15th season.

# Volleyball team goes 1-2 at Winside tourney

The Laurel-Concord-Coleridge volleyball team lost a three-set match to Crofton and went 1-2 in action at the Wisner-Pilger Invitational.

Last Tuesday, Sept. 20, the Lady Bears met perennial Class C-2 powerhouse Crofton at home and played well in two of the three sets, coming up on the short end of a 25-16, 25-12, 25-21 decision.

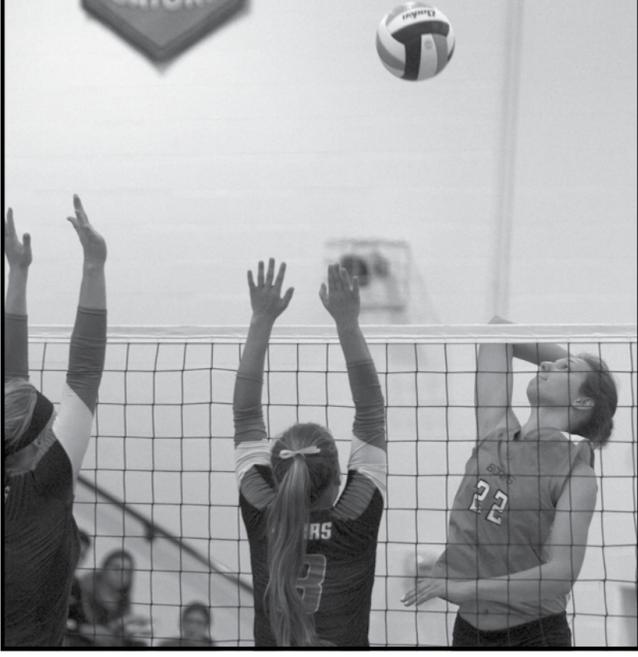

"In the first and third sets, the girls put up a good fight against an aggressive attack from Crofton," coach Patti Cunningham said. "Their defensive work included solid backing and good hustle to extend rallies."

Kaci Groene led the Lady Bear attack with seven kills and seven blocks, while Katie Leapley added six kills and five blocks. Lorna Maxon had five blocks at the net and also had seven digs on defense. Katelyn Cook had eight assists and nine digs, Abbie Bloom had five assists and four digs, Bryn Schutte led the defense with 11 digs and Mady Holloway picked up eight digs.

On Saturday, the Lady Bears went 1-2 at the Wisner-Pilger Invitational and came home with seventh-place honors with a win over Madison.

LCC opened the tournament against the host Lady Gators and gave Wisner-Pilger a scare in both games before losing 25-23, 25-17.

"We battled with them through-

out the first set, and the second set was very familiar until some late communication errors caused us to falter," Cunningham said.

Groene had five kills and two

blocks, Schutte had three kills, Maxon had two kills and three blocks and Leapley had two kills and four blocks in the loss. Cook had six assists and Emily Hangman

had three. Schutte had 10 digs, Holloway had six and Cook picked up five.

In their second game, LCC dropped a two-set match to Homer, losing 25-21, 25-20. LCC couldn't overcome the Lady Knights' scrappy play on some long rallies and came up on the short end of the scoreboard.

Groene, Leapley, Schutte and Maxon each had two kills in the loss. Cook had six assists. Schutte led the defense with six digs, Groene added five and Hangman and Maxon each had four.

In their final game, LCC had no problems with Madison, taking care of the Lady Dragons in straight sets, 25-13, 25-11.

"The girls played with their opponents throughout most of the first two games and confidently worked toward a positive outcome in the third game," Cunningham said.

Groene dominated at the net and finished with 12 kills in the game, with Schutte adding three and Hangman recording two. Cook had 12 assists and Bloom added four. Schutte had three ace serves and a shared team honors in digs with four. Holloway also had four digs.

LCC, 4-12, hosted Pierce in action on Tuesday. They are at Creighton Thursday before returning home to host Hartington-Newcastle on Tuesday.

Winside quarterback Brandon Watters tries to escape the grasp of Randolph defender during Friday's 36-0 district match at Randolph.

## Winside loses injury-shortened game

RANDOLPH – Winside's football team was already facing an uphill battle with four of its 16 players unavailable for Friday's district opener at Randolph.

With three players injured and another serving a one-game suspension, the Wildcats' ranks were thin going into their matchup with a healthy Cardinals team, and Randolph came away with a 36-0 win in a game that was stopped early in the second period after Winside junior Trey Meis suffered a head injury that required a trip to a hospital by life-flight helicopter.

Coach Kent Lawson said he knew going into Friday's matchup that his team faced an uphill battle.

"We had four seniors out, and two of those were season-ending knee injuries and another had a concussion," he said. "We had 12 bodies going in and three of those were freshmen, so going in we knew it was going to be tough."

Randolph scored on each of its four possessions in the opening period, as the Wildcats defense was unable to stop Drew Loberg, who ran for over 100 yards and scored four touchdowns.

Winside was facing a third-and-long situation when Meis was tackled near the Randolph sideline, hitting his head on the ground. After getting up and stumbling toward the sidelines, he was helped off the field by a game official and Lawson. Winside punted, and after that the Randolph EMT was summoned to the Winside sideline to assist with the medical situation. Coaches and school officials met with officials and eventually called the game with 8:55 to go in the second period.

Brandon Watters completed a 10-yard pass to Koby Ellis to account for Winside's only first down of the game. William Bullard rushed four times for eight yards to highlight the Winside ground game.

Winside announced late Monday afternoon that it would forfeit this week's game at Emerson-Hubbard. Superintendent Mike Shoff said the remaining games on the schedule would be taken on a week-to-week basis, depending on the overall health of the team.

# Trojans get win on the road over Plainview

PLAINVIEW – The Wakefield football team improved to 3-1 on the season with a 30-20 win over Plainview in their district opener Friday.

Coach Mike Hassler was very proud of the way his team responded after nearly letting a two-touchdown advantage get away in the first half.

"We took a big stride as a team Friday night," he said. "I was so glad to see us have some adversity and keep our composure. That, hands down, is the single best thing we did. The game of football is so up and down. Over the course of a game you are going to execute plays well and have others go horribly wrong. The part we have struggled with in the past is moving on from the plays that don't go our way. Against Plainview, we did that. We've preached to them all season that you have to have a short memory, and Friday we finally put it to practice. It's great as a coach to see these young men take such a big step."

The Trojans jumped out on top early, using a 13-yard run by Daniel Nuno and a 30-yard pass from Isaac

Camarena to Ben Klein to build a 16-0 lead.

Plainview cut the deficit to four by halftime, but Wakefield put together two more scores to take control of the game. Solomon Peitz broke free for a 50-yard scoring run in the third period, and Nuno put the game out of reach midway through the fourth with a season-long 68-yard run.

Nuno rushed for 155 yards on 21 carries, Peitz added 52 yards on six tries, Camarena had 41 yards on eight carries and Noah Lamprecht had 25 yards on nine tries to lead the Wakefield offense. Peitz was 2-of-7 passing for 13 yards, and Klein caught two passes for 33 yards.

Defensively, Ben Klein had 12 solo tackles and three assists, Israel Garden had six solos and eight assists and Peitz had two solos and 10 assists. Luke Walsh picked up four solos and six assists and Camarena had an interception and a fumble recovery. Nuno and Noah Lamprecht also forced turnovers.

Wakefield hosts Hartington-New-

castle in their homecoming match-up Friday at 3 p.m., and Hassler is looking for a good effort this week.

"They are athletic and fast," he said. "Hartington tries to take advantage of it. Defensively we need to keep that ball rolling of eight guys staying on the same page and trusting each other. We'll have to do that if we hope to bottle up their quarterback. Offensively we'll need to control the ball and the clock and hopefully grind some time off the clock and keep the ball out of their hands. If we can make it a grind-it-out, four-quarter game I think that will play to our advantage."

## WSC volleyball takes a split

Coming off of a sweep against MSU Moorhead last Friday couldn't keep WSC volleyball team's momentum up when they played 11th-ranked Northern State the next day. The Wolves swept the Wildcats in an away game, moving WSC's record to 2-3 in NSIC play.

With the split, WSC moves to ninth in this week's American Volleyball Coaches Association Division II Top 25 Coaches' Poll.

In the game against the Dragons, Moorhead jumped ahead in the first set for a 6-2 lead, forcing the Wildcats to take an early timeout. WSC responded to the deficit as freshman libero Haley Kauth served eight straight points to give the Wildcats an 11-6 lead. The Lady 'Cats went on a roll to take the first set 25-12 over the Dragons.

The 'Cats trailed most of the second set, but came back to tie the score at 19-19. WSC then scored three straight points on Megan Gebhardt's kill, a block by Alyssa Frauendorfer and Natalie Vondrak and service ace from Bree Ackermann to take a 22-19 lead.

After MSU Moorhead responded with three straight points to tie the

score at 22, WSC used a Frauendorfer kill and forced two Dragon attack errors to win the second set 25-23.

The Wildcats did not give the Dragons a chance to stay close in the third set as WSC took a 12-1 lead early in the third set and posted 20 kills in the set to complete the sweep with a 25-17 win over the Dragons.

WSC hit .250 for the match with 49 kills on 128 attempts with 17 kills while MSUM posted a .070 attack percentage with 25 kills and 17 errors on 115 attacks. WSC held a 64-55 edge in digs on the Dragons and 6-3 in service aces while both teams had seven blocks.

During Saturday night's game, the Wildcats couldn't come up with a set win against Northern State to get the third loss of WSC's season.

WSC took an early 5-2 advantage in the first set against the Wolves, but Northern came back and used 16 kills in the set with just three errors to hit .333 in the set for a 25-17 win.

The Wildcats stepped up their defense in the second to force 12 attack errors on the Wolves and a

negative attack percentage (-.020) as Alex Opperman was credited with five blocks in the set helping WSC even the match with a 25-18 second set win.

The third set saw NSU score the final four points of the set to pull away for a 25-19 win over the Wildcats. After WSC took an 8-5 lead early, the Wolves rallied and took a 15-12 lead.

Wayne State responded and used a Bree Ackermann service ace followed by a Gebhardt kill to regain the lead at 16-15.

The Wolves then scored five of the next six points to take a 20-17 lead and NSU went on to the 25-19 third set win.

The fourth set featured 13 ties and four lead changes as Northern State rallied late for a 25-23 set win.

WSC held a 23-22 lead following a Michaela Mestl kill, but the Wolves got back to back kills followed by a bad set from Wayne State to end the match as the Wolves won 25-23.

Wayne State will start a five-game home stand on Friday, September 30th hosting Minot State in a 7 p.m. contest at Rice Auditorium.

## Wakefield 2-0, Allen 0-2 in triangular

The Wakefield volleyball team defeated Randolph and Allen to carry the day in a triangular last Tuesday, Oct. 20, at Wakefield High School.

Wakefield opened with a two-set win over Randolph, winning 26-24, 25-18. Megan Borg led the offense with six kills, Briana Andrade had four and Savannah Nelson put down three. Jessica Borg had six assists and Nelson had five. Rachel Brudigam had 14 digs, Andrade had 13, Megan Borg had 12, and Nelson and Jessica Borg each had 10.

The Trojans closed the day with a two-set win over Allen, winning 25-10, 25-16.

Giulia Ballarini led the Wakefield net attack with six kills and three blocks, while Nelson and Megan Borg each had five. Jessica Borg served up five aces in the match and added nine set assists. Andrade and Nelson each had nine digs to lead

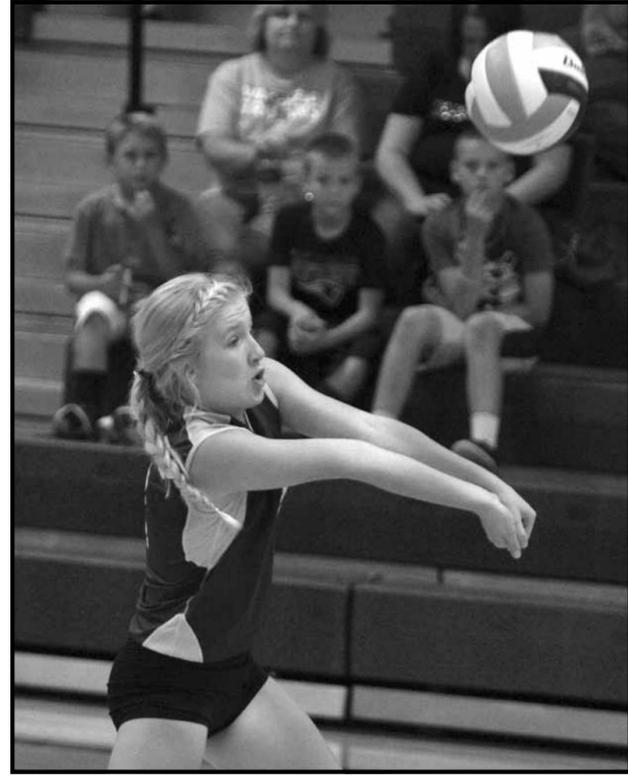

the defense while Ballarini and Jessica Borg both had eight and Megan Borg had seven.

For Allen, Cassidy Thomas had three kills and Desi Martell and Kaitlyn Madsen each had two. Bri Hingst led the defense with seven digs and Haley Stapleton added five.

Allen took Randolph to three sets before losing 15-25, 25-21, 25-18. Hingst and Martell each had five kills and Stapleton added four in the losing effort. Hingst had four digs and Thomas and Stapleton both had three.

Allen played in the Ponca Invitational on Tuesday and will host Walthill on Thursday before going to a triangular at Winnebago on Tuesday, Oct. 4.

Wakefield played in a triangular at Wausa on Tuesday and will host Osmond on Thursday and Ponca on Tuesday, Oct. 4.

## WSC soccer ties Winona State for first time in 25 years

For the first time since 1999, the WSC women's soccer team did not lose to Winona State. The game against the Wildcats and the Warriors took place Friday afternoon at the WSC Soccer Pitch, when sophomore forward Brooke Buzzell scored Wayne State's only goal of the game with 4:23 left in regulation to give WSC a 1-1 double overtime tie against Winona State.

The 'Cats, however, would come back from Upper Iowa on Sunday with a loss, giving WSC a split for the week.

The first half was of the game against Winona State was a scoreless battle between the two clubs with Winona State holding a 6-3 advantage in shots over the Wildcats during the first half of the game.

Winona scored early in the second half as Abby Bohanski booted a 10-yard shot past Wildcat goalkeeper Kylie Comba at the 51:44 mark with an assist from Courtney Wiencek to give the Warriors a 1-0 lead.

The score stayed that way until the 85th minute when Wildcat reserve sophomore forward Brooke Buzzell scored her first goal of the season off a cross from the right side by Hannah Knight to even the score at 1-1 with 4:23 to play in regulation.

"We made a tactical change that we practice all the time and it allowed us to score so I was happy to see the team implement that and then get the reward," Head coach Bruce Erickson said. "I was disappointed we tied, I felt we were the better team and outplayed (Winona)."

In the first overtime, WSC had two shots with one on goal while both teams were credited with one shot in the second overtime period as the contest finished in a 1-1 tie.

Thanks to an 11-4 shot advantage with the win in the second period,

Wayne State finished the contest with a 17-11 edge in shots. Both teams had six shots on goal. The Wildcats held a 7-3 advantage in corner kicks, while WSC was called for 15 fouls compared to 10 on Winona State.

Buzzell scored her first goal of the season on two shots to lead the Wildcat offense. Senior Kelsey Engstrom finished with a team high four shots (three on goal), while Sophie Ketchmark, Suenly Galvez, Valerie Hernandez and Natalie Rech each added two shots for the Wildcats.

In the game on Sunday against Upper Iowa, the Peacocks scored the go-ahead goal 10 minutes into the second half as they edged WSC for a final score of 2-1.

WSC now slips to 4-2-2 on the season and 1-2-2 in league play.

The Wildcats opened the contest near the 10 minute mark as sophomore Natalie Rech recorded her third goal of the season with an assist from freshman Sophie Ketchmark giving WSC a 1-0 lead at the 9:50 mark.

Upper Iowa evened the score at the 35:10 mark when Christiana Atteberry found the back of the net, making it 1-1 at intermission.

The Peacocks scored the go ahead goal at the 55:28 mark of the second half when Brittany Beckman scored off a corner kick giving Upper Iowa the 2-1 win over the Wildcats.

"Getting an early goal was huge, especially against a team that was struggling to score goals," Erickson said. "In the end, it was by far the worst game of the year for us. It was difficult to find any players that had a good game and many had their worst individual performance of the year. We will rebound and prepare better for this weekend."

Upper Iowa held a 15-13 edge in shots over WSC while both teams had six shots on goal. The Peacocks

had one more corner kick than WSC, 5-4, while WSC was called for three more fouls than UIU 10-7. Upper Iowa was whistled for three offside calls in the contest.

"We will break down the areas we need to improve on for next week," Erickson said. "We need to get back on track scoring goals and get that confidence going to goal again. We also need to nurse a few people back from injury and get them ready for this weekend."

Rech led WSC with a team-high four shots that included her third goal of the season. Karlee Hall and Calista Moch each had two shots for

the Wildcats.

"I thought Val Hernandez was quality in both games," Erickson said. "We didn't have many to mention in the Upper Iowa game, but the team as a whole against Winona was terrific. Brooke Buzzell got the goal and Maddie Burgard came on and played very well. One of the best games our defensive group has played all year as well."

Wayne State will be at home next weekend, hosting Northern State Saturday and MSU Moorhead Sunday in NSIC contests starting at 1 p.m. each day at the WSC Soccer Pitch.

**WINSIDE BOARD OF EDUCATION PROCEEDINGS**

The Winside Board of Education met in its special meeting on Wednesday, September 21, 2016 at 7:00 pm in the library. Members present were John Mangels, Dana Bargstadt, Jon Jaeger, Carmie Marotz, John Thies and Nate Behmer.

The special meeting was called to order by President John Mangels and pointed out the Open Meeting Act posted in the meeting room. The guests were welcomed and asked if anyone would like to address the Board.

Motion by Thies, second by Behmer to approve the Agenda. Ayes-Bargstadt, Jaeger, Marotz, Thies, Behmer and Mangels. Nays-none.

The meeting consisted of presentations by engineers, with their options to resolve Heating Ventilation Air Conditioning (HVAC) solutions in the high school.

Motion by Thies, second by Behmer for Mr. Shoff to ask for separate bids for the upstairs high school area and gymnasium from Rasmussen Mechanical Services and Heartland Heating and Air Conditioning. Ayes-Jaeger, Marotz, Thies, Behmer, Mangels and Bargstadt. Nays-none.

Discussion took place on the cementing of the playground. The single modular building on the playground is a concern and options were talked about.

Motion by Thies, second by Bargstadt to advertise the sale of the single modular to include "to be removed within 60 days". Ayes-Marotz, Thies, Behmer, Mangels, Bargstadt and Jaeger. Nays-none.

Conversation on the double modular followed.

Motion by Marotz, second by Jaeger for Mr. Shoff to obtain estimates to reroof and side the double modular. Ayes- Mangels, Bargstadt, Jaeger, Marotz. Nays- Thies, Behmer.

Returning to the topic of the playground, the possibility of a preschool playground and its state requirements were discussed.

The next meeting for the Board of Education will be held Monday, October 10 at 8:00pm.

Motion by Thies, second by Bargstadt to adjourn. Ayes—all. Nays-none.

PM on the 6TH day of October, 2016, and thereafter will be read aloud.

The work is generally described as follows: **Sludge removal and application of 2000 Dry Tons of Biosolids.**

**Opinion of Probable Cost \$180,000**

Proposals will be taken for said construction work listed above by unit prices, as an aggregate bid for the entire project.

All Proposals for said construction work must be made on blanks furnished by the Engineer and must be accompanied by Bid Security of not less than 5% of the amount bid. Bid Security to be made payable to the Treasurer of the City of Wayne as liquidated damages in case the bid is accepted and the bidder neglects or refuses, to enter into contract and furnish bond in accordance herewith.

Copies of the contract documents are on file with the city of Wayne for examination by bidders. Complete digital project bidding documents are available at JEO's website at [jeo.com](http://jeo.com) for \$20.00. An optional paper set of project documents is available for a non-refundable price of \$75.00 per set. Please send your check payable to JEO Consulting Group, Inc. at 803 W Norfolk Avenue, Norfolk, NE 68701. If you have any questions, contact us at 402.371.6416. In order to bid the project, the contract documents must be issued directly by JEO Consulting Group, Inc. or QuestCDN to the bidder.

Contractors and subcontractors on USEPA federally assisted construction projects are required to pay their laborers and mechanics wages not less than those established by the U.S. Department of Labor. A current wage decision containing the appropriate building and/or heavy type rates is included in the specifications for bidding purposes.

The prospective participants must certify by submittal of EPA Form 5700-49, Certification Regarding Debarment, Suspension and Other Responsibility Matters, that to the best of its knowledge and belief that it and its principals are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency.

Bidders on this work will be required to comply with the President's Executive Order No. 11246. Requirements for bidders and contractors under this order are explained in the specifications.

Each bidder must fully comply with the requirements, terms and conditions of the U.S. Environmental Protection Agency, Disadvantaged Business Enterprise (DBE) requirements, including the fair share objectives for disadvantaged business participation during the performance of this contract. The bidder commits itself to the fair share objective for disadvantaged business participation contained herein and all other requirements, terms and conditions of these bid conditions by submitting a properly signed bid.

On January 17, 2014, H.R. 3547, "Consolidated Appropriations Act, 2014," was enacted. Section 436 of the Act requires that none of the appropriated funds may be used for the construction, alteration, maintenance, or repair of a public water system or treatment works unless all of the iron and steel products used in the project are produced in the United States, unless a waiver is provided to the recipient by EPA. Conditions for the waiver are found under the Information for Bidders. The term "iron and steel products" means the following products made primarily of iron or steel: lined or unlined pipes and fittings, manhole covers and other municipal castings, hydrants, tanks, flanges, pipe clamps and restraints, valves, structural steel, reinforced precast concrete, and construction materials.

The Owner reserves the right to waive informalities and irregularities and to make awards on bids which furnish the materials and construction that will, in their opinion serve the best interests of the Owner, and also reserves the right to reject any and/or all bids.

Wayne, Nebraska  
September 20, 2016

The Wayne County Board of Commissioners meeting was called to order by Chairman Larson at 9:00 a.m. on Tuesday, September 20, 2016, in the upstairs conference room of the Courthouse. Chairman Larson, Members Burbach and Rabe, Deputy Attorney Knutson, Sheriff Dwinell, and Clerk Finn were present. Notice of this meeting was published in the Wayne Herald, a legal newspaper, on September 8, 2016. A current copy of the Open Meetings Act was in the meeting room and accessible to the public.

Larson presented the following consent agenda items:

- Approve minutes of September 6, 2016, meeting as printed in the Commissioners Record
- Approve fee reports
- Approve payroll
- Approve withdrawal of Cusip #3136G13E7, #533279BY0, and #397802HP7 as pledged by State Nebraska Bank & Trust
- Approve Larry Rohlf's application for Bethune Electric & Construction to run water and power between farmsteads at 86037 569th Ave.

A motion to approve the consent agenda was made by Burbach and seconded by Rabe. Roll call vote: Burbach, Rabe, Larson - aye; motion carried.

A motion to approve the regular agenda was made by Rabe and seconded by Burbach. Roll call vote: Rabe, Burbach, Larson - aye; motion carried.

Burbach reported Stanley Petroleum would be responsible for what the main company doesn't pick up to sandblast and repaint the bulk fuel storage tanks at the county yards. The work will be done this fall.

The City of Wayne will be asked to review the parking terrace bid specifications before advertising for bids.

A motion authorizing the Chairman to sign the Nebraska Board of Classifications and Standards Forms 1-6 and LB 904 Certificate for the July 1, 2015 - June 30, 2016 fiscal year was made by Burbach and seconded by Rabe. Roll call vote: Burbach, Rabe, Larson - aye; motion carried.

UNL Educator Amy Topp told the board the 4-H Robotics club uses LEGO kits to build, program and test solutions using robotic technology. The club is in its 4th year, and needs to purchase a LEGO MINDSTORM Education EV3 Core Set, Software and Expansion Set. The cost including the expansion set is \$473.95. The purchase was approved.

Mark Mainelli and Mark Casey provided more information on the County Bridge Match Program created by Nebraska State Statute 39-2805. Project eligibility and selection will be based on scoring criteria for innovative replacement and repair of structurally deficient bridges in the county system.

Bids were opened for Hoskins North, C-90 (589), construction of a concrete box culvert on 562 Ave between 849 and 850 Rd. A motion was made by Rabe and seconded by Burbach to accept the bid of \$99,240.23 for culvert construction submitted by A&R Construction. ## First ballots out the door, early voting to begin in Nebraska

The first general election ballots are out the door and headed to Nebraska voters overseas. Early voting will begin in the state in less than a week, reminds Secretary of State John Gale.

Ballots were mailed out to military members and overseas voters 45 days prior to the election. Ballots will be mailed to in-state voters who previously requested an early voting ballot starting on October 3. On October 10, in-person early voting will also be available at all county election offices. Some county offices may be closed that day in observance of Columbus Day, so voters may want to check in advance.

"In the last presidential election, 26 percent of people voted early, by mail and in person" observed Gale. "Since then, many more counties have conducted special elections by mail, so it will be interesting to see if that translates to more voters casting a ballot by mail for the general election."

Gale said it is typical to see a large surge in early voting as soon as it is available and then again right before Election Day. "In 2012, county election officials were very busy with early voters. Some counties utilize drop boxes, which also get a lot of heavy use. People receive their ballot, but rather than mail it back, they simply slip it into the drop box."

Gale said drop boxes are checked regularly to ensure that ballots are not left sitting too long. Nebraska law allows for county election officials to begin counting early ballots

the day prior to Election Day.

"Whether returned in a drop box or by mail, voters need to check those early ballots to ensure they are placed in the correct envelope, properly signed and if they are mailed, have enough postage for delivery," Gale said.

He went on to say that anyone wishing to vote early needs to keep in mind the following deadlines:

- If you are registered, you have until Oct. 28 to ask that an early voting ballot be mailed to you.

- Mailed ballots must be returned to the county election office by the close of polls on Election Day, Nov. 8.

- Nov. 7 is the last day for in-person, early voting at county election offices.

Applications to receive an early ballot by mail are available through the Secretary of State's website: [www.sos.ne.gov](http://www.sos.ne.gov). Look under "Elections" for the section labeled "Voter Forms." Applications are available in English and Spanish. They should be mailed to the proper county election office for processing.

Also on the front page of the Secretary of State's website, voters can see sample ballots in both English and Spanish.

"Whether early or at the polls, by mail or in person, the most important thing is that eligible Nebraskans go vote," said Gale. "State and local candidates need our support and there are important issues that need to be decided. This is an opportunity to let our voices be heard."

## Making responsible choices

By U.S. Senator Deb Fischer

Parents worry. It's a fact of life. Every day, we worry about the safety and happiness of our children. But more and more, parents in Nebraska and across our country are worrying about whether their children will have the same opportunities as previous generations.

Unfortunately, the state of the American economy today gives us all good cause for concern. Nearly seven years into the economic recovery, we are not recovering quickly enough.

In fact, Americans are slogging through the slowest recovery since the early 1960s. By way of reference, in 1961, John F. Kennedy was president, a gallon of gas cost 31 cents, and a McDonald's hamburger cost 15 cents.

In every economic recovery since those days, the American economy grew an average of 3.7 percent per year. Since 2009, growth has averaged a mere 2.1 percent per year.

This year, it slowed to just one percent.

The share of Americans in the workforce has also fallen, now below 63 percent. That is nearly three percentage points below where we were when the current recovery began. During the past eight years, expensive and burdensome regulations have multiplied. According to the Joint Economic Committee, federal regulations now cost an estimated \$1.9 trillion per year, more than \$15,000 for each American household.

These numbers are worth worrying about, but there is another, even more alarming figure: America's national debt is a staggering \$19.5 trillion.

These numbers paint a dark picture, but there is some good news. We still have time to change course. In the Senate, I have worked with my colleagues to reduce wasteful spending and burdensome regulations in several important ways.

In 2015, I introduced the Grants Oversight and New Efficiency, or GONE, Act. This bill, which was signed into law in January, will save millions of dollars by closing expired grant accounts and increasing oversight over federal grant programs. It's a simple but prudent step.

I have also introduced and pushed for votes on several waste-cutting amendments during the appropriations process, including one to wind down the Advanced Technology Vehicles Manufacturing Loan Program, an outdated and ineffective stimulus-era program.

I also believe the American people are tired of the uncertainty created by annual end-of-year omnibus spending bills, which is why I am an original cosponsor of Georgia Sena-

tor Johnny Isakson's Biennial Budgeting and Appropriations Act. By transitioning to a two-year budget cycle, we can provide certainty for federal agencies and time for lawmakers to conduct oversight to ensure taxpayer dollars are spent efficiently and effectively.

Now, reducing the national debt does not mean we stop investing. It simply means we make smarter choices. Just as we need to prioritize projects like our national defense and public safety, we must also invest in infrastructure to promote commerce and strengthen our economic outlook.

Last year, I was proud to be a leader on the long-term highway bill. This legislation, which was signed into law in December 2015, will provide much-needed certainty for states, businesses, families, and the travelling public. In that same vein, this fall, the Senate passed the Water Resources Development Act. This bill is another key infrastructure policy that will enable our economy to grow by eliminating unnecessary regulations and modernizing our ports and inland waterways. In both cases, by prioritizing our infrastructure, we are investing in our economy's ability to grow. In each effort, I worked closely with concerned Nebraskans to make sure we addressed the specific needs of our state.

There is one last thing we can do to ensure a healthier, more hopeful economic future: keep government, and its excessive regulations, out of the way. If we do this, we can unleash the fundamental creativity of the American people. We can encourage entrepreneurs and innovators, like those who have made Nebraska part of the new "Silicon Prairie," to pursue their passions, create jobs, and provide vital goods and services.

If we make responsible choices now, we can provide our children with a hopeful future. This is something with which parents across our country can all agree.

Thank you for participating in the democratic process. I look forward to visiting with you again next week.

### Prison inmates and staff, more than just numbers

Commentary by J.L. Schmidt  
Statehouse Correspondent  
The Nebraska Press Association

CAUTION: Some of you aren't going to like what you read. You may NOT agree with what I am about to say, but all I ask is that you think about these things, which are, in large part, based on personal experience over time.

Prison reform. It's more than just numbers and dollars and party politics. It's about people and lives and livelihoods.

The word prison conjures up an Arlo Guthrie vision from "Alice's Restaurant": "and there was all kinds of mean nasty ugly looking people on the bench there. Mother rapers. Father stabbers. Father rapers!"

That image has been drilled into our heads through TV shows and movies, maybe even novels. There is some ugliness, but this is also a way of life for 5,150 inmates in the Nebraska Department of Corrections. It is important to remember that these inmates are also people. People who have made bad choices and have found themselves incarcerated under the watchful eye of guards and caseworkers and administrators. Those folks are people too.

The inmates who can't leave at the end of the day are living in space that is crowded to the point of 160 percent of what it was designed to hold. Try putting 60 percent more flour in the mixing bowl, or 60 percent more liquid. But then, remember that these are people.

Now think about the people who work in the correction's facilities. At any given point, the workforce can be 200 short. Have you ever had to cover the phones or pick up the slack for a sick or missing coworker? Remember how that felt? Now, consider having to operate with multiple vacancies.

In order to do that, people are forced to work overtime. Think about yourself. At some point you start to run out of gas and become tired and irritable. And we won-

## Legislative Update

### Voters need to be educated before voting

The election is about six and one half weeks away and there will be more on your ballot than whom you want to serve as president.

On Nov. 8, Nebraskans will decide whether to retain or repeal the death penalty.

Voters will be asked to vote on Referendum No. 426. Voting on this referendum is not as easy as voting to retain or repeal the death penalty because you are actually voting on if you want to retain or repeal LB268 - the bill that passed in 2015 that ended the death penalty in Nebraska and changed the penalty for first-degree murder to life in prison.

Secretary of State John Gale is required to hold a hearing in each of the three congressional districts to inform individuals about the referendum.

At the hearings, the supporters of the referendum repealing LB268 will be invited to speak first, but

## Facebook post leads to spike in Nebraska voter registrations

A nationally launched effort to increase voter registration has had a measurable impact in Nebraska. Secretary of State John Gale says voter registrations spiked over the weekend, thanks in part to a Facebook reminder sent to users 18 years and older.

"Compared to the previous day, voter registrations on NEReg2Vote jumped by 1,707 percent on Friday, Sept. 23," noted Gale. "That's a tremendous hit, with Saturday and Sunday showing higher than average registrations on the state portal as well."

der what causes conflict between inmates and the people in charge. The inmates are living in cramped spaces and may just be a little irritable as well.

I can hear what you're thinking. These are bad people and they don't deserve to live in luxury. I'd cut you some slack on that thought. But, these are people - not all of them are as bad as Arlo Guthrie's characterizations - and they shouldn't be treated like animals in confinement.

Sitting in a prison visiting room on a Sunday afternoon gives one a new perspective. These are people who have wives and children and families. These are people who have parents and grandparents and aunts and uncles and siblings. These are people you'd find at a family gathering elsewhere if the circumstances were different.

Same for the folks who are running the gathering. They have badges and radios and handcuffs and pepper spray and various other objects of control. But they are people too and they are trying to do their jobs. There are just not enough of them.

So, I see two approaches here. First, let's reduce the number of people we are putting behind bars and look for alternative sentencing that would more aptly fit the crime. What does it benefit an alcoholic or addict to be behind bars for several years when treatment might make more sense. Does it make sense to pull someone out of a productive job -- where they are making money that could be used to pay for restitution or treatment or getting ahead in life -- and warehouse them just because the law says we can?

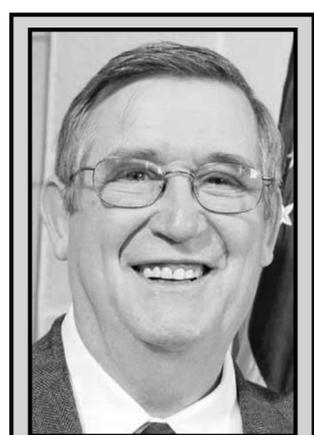

The second step toward a solu-

tion: let's pay enough money to hire enough people to do the work. Pay them well, treat them well, and don't overwork them. These are dangerous jobs. The people who do them deserve to be compensated fairly.

Let's support the corrections director so he asks the Legislature for the right amount of money to pay for the staff he truly needs. Give him the courage to stand up to the governor and those lawmakers who want him to save money so it can be spent on property tax relief. If it takes \$12 million, let it be \$12 million, not half that.

Remember, we are dealing with people. Let's treat them like people, not numbers.

anyone will be allowed to attend and testify. Testimony from these hearings will be part of the public record. An additional benefit to attending a hearing is that you will gain insight on how to interpret the often-confusing language used on the ballot.

The first hearing will be Tuesday, Oct. 11 at 6:30 p.m. at the University of Nebraska at Omaha, Barbara Weitz Community Engagement Center, 6700 University Drive South. On Thursday, Oct. 13, they will have a hearing at the University of Nebraska at Kearney, Nebras-

ka Student Union, 1013 W. 27th Street at 6:30 p.m.. The final hearing will be Tuesday, Oct. 18 at 6:30 p.m. in Room 1525 at the Nebraska State Capitol.

Remember, you are being asked to decide if LB268 should be repealed, which would result in reinstating the death penalty. Please be sure to read the ballot carefully, because the language is confusing at best.

Mr. Lacy discussed at the meeting that the school has an opportunity to have early registration for the bowl game. This would include a price lock, \$250 Amazon

gift card, and \$750 scholarship. Currently our agreement with the School Board is we cannot sign our registration until one-half of the funds are raised, by the January 2017 School Board meeting, which totals at \$23,000. We currently have around \$15,000 raised (before cookie dough sales close). Mr. Lacy has visited with Mr. Pattee about the early registration and the benefits we would receive with it. Mr. Pattee has agreed to address this with the School Board on Oct. 10, and will notify Mr. Lacy of their decision.

## 2016 Band Bowl Game Trip

The School Board approved unanimously for the Allen Band to attend the Alamo Bowl in San Antonio, Texas in December 2017/2018. With this decision it was approved for the use of three vans plus fuel and one bus driver to be paid by the school. All other expenses are to be fund-raised and a minimum of one-half the cost is to be earned before a contract can be signed to attend.

Estimated cost for the bowl game to raise is \$47-50,000. Estimated cost per student to attend is \$200. We need to raise \$22,500.00 by Dec. 31, 2016.

Next Meeting: Oct. 17 at 7 p.m. in the Allen School Multi-Purpose Room.

All booster meetings will be held on the third Monday of each month.

# Students from Allen and Pierce win Wonderful World of Water competition

The Wonderful World of Water Festival was held September 21 at Gilman Park in Pierce. Twenty-four teams of ninth and tenth grade students from 13 schools across Northeast Nebraska descended upon the park for a day of outdoor hands on activities and a chance to vie for championship honors.

The day began with registration at Gilman Park followed by the teams competing in a track of hands-on activities focusing on water quality and other water related issues. The teams were then quizzed regarding those sessions to accumulate points for the competition. Following the educational sessions, the teams were given one last chance to extend their point totals by participating in the Dripal Pursuit Trivia Game. Then while the final totals were being calculated each team was given the opportunity to participate in the Wonderful World of Water special project.

The special project for this year was Water Rockets, which is, a program taught through the Jr. Academy of Sciences. Each school was invited to build water rockets

and demonstrate their knowledge of mass, velocity and engineering. The rockets were judged on distance and creativity. Several rockets were launched Wednesday with prizes being awarded to Allen 1 High School for Farthest Distance Traveled; Winside 1 High School for Shortest Distance Traveled; and, Niobrara High School Team 2's Batman for Most Creative Design.

Following the presentation of the special projects the winners of the 2016 Northeast Nebraska Wonderful World of Water were announced. The winner of Track 1 was Pierce High School Team 1 consisting of Sammy Svendsen, McKeilzie Ziehmmer, Macie Timm, Jakob Meier and Jacob Pedersen.

The winning team from Track 2 was Allen High School Team 2 consisting of Cassidy Thomas, Katie Bathke, Alyssa Boese, Isaac Verzani, Kyle Smith and Bethany Kneifl.

Both first place teams were awarded Wonderful World of Water T-shirts.

Schools participating in this year's event included; Clearwater-Orchard High School, Niobrara

High School, Santee Public School, Pierce High School, Elgin High School, Wausa High School, Allen Consolidated, West Point-Beemer High School, Winside High School, Ewing High School, Wynot High School, Madison High School and Pope John High School.

Beth Walsh, Information & Education Coordinator with the Upper Elkhorn NRD, said, "The Wonderful World of Water program would not be possible without our many natural resources professionals from across the area who volunteer their time each year to share their expertise and work with students who might be interested in a career related to natural resources. They come from a variety of agencies including: The Natural Resources Conservation Service; UNL Cooperative Extension; Nebraska Game & Parks; Papio-Missouri River NRD; Lower Platte North NRD; and, the City of Pierce."

The Wonderful World of Water was sponsored this year by the Upper Elkhorn NRD; Lower Elkhorn NRD; Lower Niobrara NRD; Lewis and Clark NRD; and NUCOR.

# Immunization Clinic to be held in Wayne

Wayne will hold the Wayne WIC and Immunization clinic on Tuesday, Oct. 4 from 9:30 a.m. - 3 p.m. at the United Methodist Church 516 N Main Street in Wayne.

For an appointment or for more information regarding the WIC or Immunization Programs please call (402) 385-6300.

NENCAP's WIC Program provides nutrition education and supplemental foods to income eligible pregnant, breast-feeding or postpartum women, infants, and children to age 5 years. \*This institution is an equal opportunity provider\*

NENCAP's Immunization Program provides childhood immunizations to VFC eligible children. Immunizations are needed at ages 2 months, 4 months, 6 months, & 12-15 months. School required immunizations are needed prior to entry into kindergarten (ages 4-6) and seventh grade. Lead screening is also available by appointment only to children ages 12 months to 5 years of age.

Each child should be accompanied by the parent or guardian. Past immunization records are required. Proxy forms are needed when a parent or legal guardian is unable to accompany the child to clinic. Proxy forms may be obtained by contacting the Pender office, (402) 385-6300.

No one will be denied immunizations for inability to make a donation. This project is supported in part by Federal Immunization Program Funds awarded to Northeast Nebraska Community Action Partnership by the Nebraska Department of Health and Human Services.

Adult vaccine (MMR, Hepatitis A, Hepatitis B, Tdap, Pneumovax, TB testing) is available to the public. We may be able to bill your insurance company. Call the Pender office at (402) 385-6300 for more information.

NENCAP's Healthy Families is a parent support program where parents can learn about positive discipline, social emotional development

and benefits of good physical and emotional health. Parents may be eligible for the program prenatally or until the infant is 3 months of age and is offered at no cost to families. Parents are all offered information and connection to support services in the community.

Northeast Nebraska Community Action Partnership (NENCAP), headquartered in Pender, NE, is one of nine Community Action Agencies in Nebraska. NENCAP manages several different programs as determined by identified needs of residents in the 14 county service area. The Agency serves over

10,000 clients a year due to successful outreach efforts. Northeast Nebraska Community Action Partnership (NENCAP) programs include the Commodity Supplemental Food Program; Family Services; Immunization; Weatherization; Head Start; Women, Infants, and Children Nutrition; Early Intervention Services Coordination; Healthy Families.

The agency serves Knox, Antelope, Pierce, Madison, Stanton, Cuming, Thurston, Dakota, Burt, Wayne, Dixon, Cedar, Washington and Dodge counties. For more information on NENCAP programs, call 1-800-445-2505.

October 2-8, 2016 is National 4-H Week, and in Wayne County, 262 Clover Kids and traditional 4-H club members and over 100 volunteers are involved in 4-H. There are also nearly 800 youth who participate in special interest programs, school enrichments and educational

events throughout the year. In Nebraska, 1 in 3 age-eligible youth across all 93 counties are enrolled in 4-H, for a total enrollment reaching approximately 140,000 youth. 4-H camps (either overnight or day) offer recreational, educational, and even career exploration opportunities. The 4-H camps provide youth with the chance to

meet new people, have fun, and experience something new! 4-H clubs are an organized group that meets regularly to focus on a series of educational experiences. Clubs can meet in a variety of locations and typically meet in the evenings and on the weekends. School enrichment programs offer non-formal, hands-on educational experiences in classrooms in support of school curriculum. These programs are coordinated in collaboration with public and private schools.

4-H is for youth, ages 5-18 by Dec. 31, 2016. The 4-H program is part of Nebraska Extension, a component of the University of Nebraska-Lincoln. Nebraska 4-H prepares young people for successful futures. Educational programs place strong emphasis on life skills, such as critical thinking, problem solving, social skills, communication, responsibility, citizenship, and leadership.

Through 4-H, youth serve as role models in their community and have the chance to learn and meet people from across their county, state, and country. For over 100 years, youth and adults have been serving, working, and learning together through 4-H.

The fundamental 4-H ideal of practical, "learn by doing" experiences encourage youth to experi-

ment, innovate and think independently. 4-H programs are offered through school-based, after-school and camp settings and within community clubs.

You can join the 4-H community today. To learn how to become a 4-H member or volunteer leader in Wayne County, contact the Nebraska Extension Office at 402-375-3310 or email wayne-county@unl.edu.

4-H is a community of young people across America learning leadership, citizenship, and life skills. National 4-H Council is the private sector, non-profit partner of National 4-H Headquarters (USDA). The 4-H programs are implemented by the 106 Land Grant Universities and the Cooperative Extension System through their 3,100 local Extension offices across the country. Learn more about the 4-H adventure at 4h.unl.edu.

The event will begin at 2 p.m. at Our Savior Lutheran Church in Wayne.

Barbara Watkins and Byron Heier were married Oct. 22, 1966 at the Methodist Church in Wayne by Byron's brother, Pastor Harlan Heier and Pastor Cecil Bliss.

The couple's children include: Jerry Heier of Norfolk, Becky and Chris Rogers of Wayne and their five children, Kevin and Rhonda Heier of Macungie, Penn. and their two children and Robb and Dianna Heier of Dunn Loring, Penn. and their two children.

During their marriage, Byron and Barb have traveled to 28 foreign countries on six continents.

## Winside American Legion Auxiliary to gather

Roy Reed Unit 252, American Legion Auxiliary of Winside will hold its monthly meeting on Saturday, Oct. 1 at 9:30 a.m. at the Winside Legion Hall on the corner of Hunter and East Main Streets.

Everyone is welcomed to attend. The auxiliary is down to its last six membership renewals and can process them on Saturday. Senior dues are \$21 and Junior dues at \$3 through age 17.

The Department of Nebraska calendar raffle continues with 25 calendars still available. Contact Unit Secretary Beverly Neel at (402) 369-0152 for details. She noted that the calendars make great gifts for birthdays, anniversaries, Christmas or just because. Cash

prizes range from \$50 to \$1000. There are only 1000 calendars available and each ticket is in all 365 daily drawings so you may win more than once.

Any female direct descendent of a man or woman having served or who is currently serving in the armed forces under federal orders, is eligible to join the Auxiliary provided the Veteran served during the wartime periods of World War I and II, Korea, Vietnam, Lebanon, Panama, Grenada and Persian Gulf conflict which continues until Congress brings it to a close.

Contact Unit Membership Chairman Beverly Neel at (402) 369-0152 for more details and an application.

# Perspective is everything

It's interesting to see how time puts things into a perspective. Words can't accomplish what time can. Good choices don't have the same affect that the passing of time exerts on the path of a life. Let me elaborate for a few minutes.

A few months ago I received a note from my mom about a Centennial being held at Staves Memorial United Methodist Church, located on the east side of Des Moines, a church where Dad was the pastor from around 1956-1968. It was a great neighborhood church - and dad was a fine pastor/shepherd for this great local worshipping community. So my Sherry and I made plans to travel over on Friday evening (last week) to fit into the plans that the host church had made. They had requested former pastors/families to join with current attendees in bearing testimony of the longevity of this strong church.

We met up on Friday evening with some of our family and some great friends from our own years of ministry in Des Moines at First Assembly of God Church. The gathering site was our favorite restaurant (Olive Garden) and the occasion was an early celebration for my Sherry's birthday. It was WONDERFUL.

Perspective. You know what that is, don't you? "Perspective" is that special vantage point where you stand to get an accurate picture. Perspective teaches us that you just can't rush time. Time will pass as quickly as it is designed to pass. And you and I are to graciously ac-

cepts its consistent tempering in our lives. We age, we progress, we falter, we stand, we advance, or we retreat. And in the context of an entire lifetime, we see the perspective that truly is the accurate picture.

I'm thankful for the passage of time, aren't you? I'm thankful for perspective. I'm thankful for a strong legacy. I'm thankful for great memories.

And I'm thankful that we were able to see that following God is always a wise choice.

In our conversations, we focused on how good the Lord has been.

You can't hurry the building of a good reputation. We don't score points that somehow accumulate and put us in good standing for a strong legacy, for a good "ending".

We build exemplary lives - as well as ministries - one choice at a time. Priorities early on determine the trajectory of a life.

The fact that a church is still working hard to impact a neighbor-

hood - after 100 years - is significant.

One other gentle reminder of this took place on Saturday afternoon when I visited Fran Cowan, the wife of a friend and mentor, Marlow Cowan, who went to be with the Lord several months ago. Fran is a fine and gracious Christian lady, a marvelous and motivating musician who has been a great conductor, arranger, and pianist in her 90+ years of living. Since she is confined to her chair, her daughter wheeled her to the dining room, and over by the piano, where she wanted to hear "Liebestraum", a beautifully lyric piano solo by Franz Liszt. I played that one and then modulated to one song and then another and another.

The songs I transitioned into were about Jesus being our "Good Shepherd" because that was the scripture that Fran's daughter was sharing when I arrived.

In the course of our time together, I asked Fran how she was doing,

and her answer was telling: "I want to trade in my body for a new one - but they said 'not yet.'"

But we all know that "it could be soon." How soon? No one knows. Time will tell. We all face this reality. But Fran has been preparing for that transition for a long time, ever since she asked Jesus to be her Savior, and then chose to walk with Him every day of her life.

Wood, hay, stubble... all is going to face the consuming fire of the presence of the Lord at some point. And at the right time, things will end - for you and for me, too. And the Lord will oversee that process too. And we will see that "only what's done for Christ will last." (Matthew 24:35; 1 John 2:17; 1 Corinthians 15:58).

With a church: it will endure if daily it has been committed to God; and it is the same for an individual life: it will last if daily it has been committed to God. And there is always a great reward in pursuing the Lord's will (Psalm 19:11).

We have a small plaque in our living room at home that contains the closing lyrics of an old hymn that points to this great exchange. "I will cling to the old rugged cross - and exchange it some day for a crown."

It is up to you and me to follow Christ - and Him first of all. And then at the right time (as the poem says), "I'll drop this mortal life, and seize the everlasting prize, and rise to meet Him in the skies."

Now THAT'S a great perspective!

## Rally Sunday held in the Willow Bowl

On Sept. 11 Grace Lutheran Church moved its Rally Day Worship service from the church building on Ninth and Logan to the Willow Bowl on the Wayne State College Campus.

(Contributed Photo)

Children from Grace Lutheran Church in Wayne sang "We Love" during this year's Rally Day worship service in the Wayne State College Willow Bowl/

"The weather was perfect as God blessed us with a sunny, very breezy, yet cool and awesome morning. It was truly a great day to worship outdoors and then enjoy lunch together as a family on the street in front of Cup of Grace. During lunch, the adults conversed and the kids enjoyed a wide variety of games," said Pastor Mike Feldmann, Senior Pastor at the church.

Rally Day at Grace Lutheran is a time of celebration as the congregation thanks God for the gift of His grace and His agape love, His unconditional, sacrificial love which promises that He is always there with us and will never leave us nor forsake us. God gives this to us freely through Jesus. On Rally Day we also celebrate the kick-off, the beginning of our new Sunday School year, not just for the kids, but for the adults as well.

After the much anticipated balloon launch, children from nursery through third grade sang the opening song "We Love!" which is based on the theme verse, 1 John 4:19, "We love because He first loved us." During the service, third graders received their own personalized Bible, sixth graders received their personalized Small Catechism used in Midweek classes, and the volunteer teachers for Sunday School and Midweek School were installed.

"We were all reminded of God's unconditional, agape kind love for us which is different than the destructive "Hollywood love" we find around us. God's love is a commitment, one shown and proven to us through Jesus' life, death, and resurrection," Pastor Feldman said.

"God has truly blessed us and we give all the thanks and glory to Him alone as He is our Creator and Sustainer in this life and in life everlasting yet to come," Pastor Feldmann added.

## Wayne State College's Geography Honor Society receives chapter award

Wayne State College's geography honor society received the 2016 Honors Chapter Award from the Gamma Theta Upsilon International Geographical Honor Society for

the fourth year in a row. There are approximately 160 active GTU chapters nationwide and overseas. For the 2015-16 academic year, 11 chapters were selected to receive the honors chapter award during that period based on criteria established by GTU's national executive committee.

Lambda Zeta, WSC's chapter of the society, was commended for recognizing the superior scholarship of its geography students, as well as for planning activities that celebrate and spread the word about geography to the campus and community.

Dr. Randy Bertolas, chair of the history, politics, and geography department, serves as the faculty advisor of the honor society at WSC.

"I get a real kick working with the best of our students to arrange guest speakers, put on the annual

geography bowl, and engage in community service activities," said Dr. Bertolas. "Dr. (Lesli) Rawlins and I take great pride in the geography program at WSC and all the students in it. It's a tremendous honor to be recognized by the national executive committee for our work."

Dr. Bertolas also serves as the International Outreach Coordinator of GTU and was International President of the organization in 2011-12. Dr. Bertolas chartered WSC's chapter in 2002.

Since GTU chapter awards were established in 2013, WSC is one of only two higher education institutions in the country to be recognized as a GTU Honors Chapter four years in a row. The other is Texas State University.

## Nebraska Corn Board is encouraging farmers to have a safety first attitude this harvest season

The harvest season is upon us. Temperatures are dropping, spider webs are flying and farmers across the state are busy harvesting this year's crop. This is a hectic time of year and farmers have a huge amount of work to do, within a very short window of time. As farmers work diligently during the busy harvest season, Nebraska Corn is encouraging them to have a safety first attitude and take the extra second for safety.

Last week we recognized National Farm Safety Week—but Nebraska Corn emphasizes that farm safety is a priority that should be recognized every day. Agriculture remains one of the more dangerous occupations in North America, and this is especially true during the busy harvest season. The urgency to get the crop out of the field in a timely manner, can lead to more accidents during harvest than at any other time during the year.

"There are a lot of moving parts during harvest. We are all working long hours under the stress of weather delays and equipment breakdowns—and that can lead to fatigue," said Dave Merrell, farmer from St. Edward, and chairman of the Nebraska Corn Board. "That is why it's a good reminder to be proactive and take the extra second to exercise caution, get plenty of rest and make safety-first decisions to keep things safe on the farm for everyone."

This reminder isn't just for farmers alone, added Merrell. He also cautioned motorists driving on rural roads to use extra caution during harvest. These roads see additional traffic during harvest, which increases the chances for accidents to occur between slower moving

farm equipment and vehicles moving at faster speeds. Rural intersections will have heavier-than-normal travel and dusty conditions may limit visibility, as can sun glare in the morning and evening. Standing crops in the field may also block a clear view of oncoming traffic.

Nebraska Corn encourages farmers to pay special attention to the safety features of their equipment, and encourages everyone to keep an eye toward safety on the highways and byways this harvest and year round.

"Harvest and fall field work is truly a thrill for Nebraska farmers, but it's important that we stay focused and take care of ourselves during this fast-paced time of year," said Larry Mussack, farmer from Decatur, and president of the Nebraska Corn Growers Association. "During long stretches of work, it's important that you take short breaks, get enough sleep and eat healthy. This will keep things safe around the farm for everyone, including family members and employees helping to harvest the crop."

Some things to consider for farmers and farm workers while on the farm this fall:

Stay alert. Take breaks to help avoid fatigue — get out of the cab and walk around every few hours. Keep your cell phone charged so you can communicate as needed with family members and employees.

Use extra caution around PTO's. Check that PTOs are well protected to avoid contact with clothing or people during operation. And never step over a rotating PTO—a few extra steps to walk around the tractor are worth the effort.

Shut down before working on a machine. If the combine becomes clogged, shut off the motor, not just the header, before attempting to unplug it by hand.

Be aware of your surroundings. Know where your co-workers and family members are at all times

and always be aware of power lines that you can come in contact with while moving equipment and augers around grain bins. Visibility can be especially poor around large machinery and at night.

Grain Bin/Handling Safety. Grain bins deserve special attention and caution when grain is being loaded and removed. Never stand on grain that is being or has been moved. Safety measures should be put in place to avoid any risk of entrapment and suffocation.

Move Machinery Safely. Make sure your Slow Moving Vehicle emblems are in good condition and properly mounted. If you must

move machinery on a roadway after dark, have all necessary working headlights and flashing front and rear warning lights. The better you can be seen the less likely you are to be hit by motorists.

Develop Safety Rules. Have a set of safety rules for everyone to follow — and enforce them. Protective eye and ear wear is important in many situations. It is also important to equip tractors and combines with a fire extinguisher, as dry crop residue is fuel for a fire. Finally, ensure that trained family members and employees are operating powerful equipment—if kids want to be involved, give them age appropriate jobs.

FELT Candy Man 41D (below) continued his winning ways at the Nebraska State Fair, being named the Reserve Grand Champion percentage bull. Candy Man had been named champion winter bull calf at the Iowa State Fair. Curt Rinker of Illinois was the judge at both state fairs.

### University Regents approve two NCTA promotions

Tee Bush and Jeremy Sievers of the Nebraska College of Technical Agriculture in Curtis have been promoted and now each carries the title of associate professor at NCTA.

Their promotions in rank were recently approved by the University of Nebraska Board of Regents, the governing board for all University campuses including the 51-year-old college at Curtis.

Both had been assistant professors in their academic duties at NCTA. Their advancements were effective on Aug. 15, 2016, said Ron Rosati, NCTA dean.

"NCTA's academic programs have received national acclaim because of the success of our graduates. That success comes as a result of the efforts of top quality faculty like Tee Bush and Jeremy Sievers," Rosati said. "Promotion is one way we recognize their commitment to our students and their effectiveness in the classroom."

Sievers joined the NCTA agribusiness management systems division in 2007. He coached NCTA traveling sports teams including men's and women's basketball for six years, and now coordinates the NCTA intramural sports programs for all students. He teaches agribusiness and general education

Jeremy Sievers

courses, assists in many campus and travel activities including with instate and out-of-state transportation, the campus fitness center, student dances and campus music systems, and serves on several committees.

Sievers, a native of Wayne, earned his bachelor of science, and Master of Science Education in sport administration from Wayne State College. He also earned an MBA from Eastern Illinois in business administration.

## Hannah Huston concert 'exciting'

The second day of last weekend was fun in a totally different way from football and volleyball games. Since we missed church, we tuned into the First Plymouth service on television. Although we disagree with some of the theology there, we enjoy the preacher and the outstanding music. For instance, on the opening hymn, Joyful, Joyful, We Adore Thee, the choir was accompanied by a huge organ and the Plymouth Brass. They totally made a joyful sound!

**The Farmer's Wife**  
By: Pat Meierhenry

After lunch and a very quick nap, I joined my friends Jan and Sharon and Jan's friend from Columbus in a trip downtown to the Lied Center. We had to park on the fifth floor of the parking garage; there was a huge crowd for the concert by our own Hannah Huston, the pre-school teacher who made it to the finals of the Voice! There was an afternoon presentation and another one at 7 p.m.; both were sold out.

with her Grandma, a regal appearing lady who was totally enjoying herself. Hannah was to be accompanied by the Lincoln Symphony Orches-

tra. Its conductor, Ed Polochick, has been here since 1998, and I had not realized he is such a character. He was totally charmed by the soloist, and was totally funny in his remarks to us.

But first, immediately as he entered the podium and took up his baton, the brass in the back stood up and the musicians led us in a rousing Star Spangled Banner. We all stood, too, and joined in. When we finished, I silently thought, "Take that, Colin Kaepernick".

Hannah was in a dressy black pantsuit, nothing like the ones Hillary Clinton wears, and looked just right with the mostly black attire of the orchestra. She sang four numbers from the competition, and in between, she talked about the experience. For instance, she said when she was contacted about entering as a contestant, the person asked if she knew about the show. Her answer was "no".

Then she had to ask her principal for time off from her job, which

wasn't easy. But it was graciously given, and the whole city of Lincoln got in on the game. They had watch parties in the Haymarket on Tuesday evenings. I have to admit we did not watch, but we did check out her songs on You Tube. (You can do that, too, if interested.)

After the intermission, Hannah came out, escorted by Mr. Polochick, in a stunning red gown! Both of her clothing choices were very modest, no cleavage, with some bare back instead. She is a lovely woman, but very humble, and has an amazing range and power.

She literally brought down the house with Rolling in the Deep and The House of the Rising Sun. With that orchestral accompaniment, it was very exciting.

I have to add that we walked up the five flights to our car, because the line for that elevator was so long, and we made it, after stopping on the third floor to get our breaths. Pretty good for four "older" ladies.

## Advice offered for storing grain

With harvest rapidly approaching, now is the time to prepare grain bins and harvesting equipment to help ensure that grain going into storage will remain in good condition. Don't wait until the middle of harvest to discover that a bin foundation is severely cracked, or find even later that insects from grain that was left in the combine last fall have severely infested a bin of new grain. Proper bin and equipment preparation is a key to preserving stored grain quality.

**Ag Happenings**  
Keith Jarvi  
Extension Educator

Remove all traces of old grain from combines, truck beds, grain carts, augers, and any other equipment used for harvesting, transporting, and handling grain. Even small amounts of moldy or insect-infested grain left in equipment can contaminate a bin of new grain.

Adjust combines according to the manufacturer's specifications to minimize grain damage and to maximize removal of fines and other foreign material. Equip combines with a straw spreader or chopper to avoid leaving windrows of residue that can interfere with subsequent tillage and/or planting operations. Particularly when harvesting soybeans or small grains with a header greater than about 20 feet, a chaff spreader may also be needed for

more uniform residue distribution. Be sure that all guards and shields are in place and in good working order.

Check the bin site, and remove any items or debris that would interfere with safe, unobstructed movement around the bin. Remove any spilled grain and mow the site to reduce the chances of insect or rodent infestation. If necessary, re-

grade the site so that water readily drains away from bin foundations.

Inspect bins and foundations for structural problems. Uneven settlement of foundations can cause gaps between the foundation and bottom edge of the bin. This can result in grain spills and provide entry points for water, insects, and rodents. If perforated floors are used, a gap between the foundation and bin will allow air that would normally be forced through the grain to escape from the bin. Small gaps can usually be filled with a high quality caulking compound. If deterioration is extensive, the mastic seal may need to be replaced. Be sure all anchor bolts are tight and not damaged.

Inspect the bin roof and sides, inside and out, for leaks, loose or sheared bolts, rust or other corrosion, etc. Check the roof vents and access hatch, and caulk any cracks where they meet the roof. Be sure the access ladder is complete and securely fastened to the bin. Repair or replace any deteriorated components.

Wiring for fans and other electrical components should be inspected for corrosion and cracked, frayed, or broken insulation. Exposed wiring should be run through waterproof,

dust-tight conduit. Avoid kinking the conduit, and make sure all connections are secure.

Check fans, heaters, transitions, and ducts for corrosion and damage. Remove any accumulated dust and dirt that will reduce the operating efficiency. Be sure that all connections are tight. Ensure that the bins are clean. Remove any old grain with brooms and vacuum cleaners. Never put new grain on top of old. Also, clean bins not being used for storage this year to keep insects from migrating to other bins.

It is generally impossible to thoroughly clean under perforated drying floors, although by removing the drying fan, and using a grain vacuum much of the accumulated debris can be removed. If long term storage (over 10 months) is anticipated, consider treating the cleaned bin with protective insecticides at least two weeks before adding any grain. Apply the spray to the point of runoff to as many interior surfaces as possible, especially joints, seams, cracks, ledges, and corners. Also spray outside the bin at the foundation and near doors, vents, ducts, and fans.

Tempo, Diacon, Storicide, Suspend, or Centynal can be used for treating bin surfaces. Tempo should not be applied directly to the grain. If you want to apply a protectant directly to corn, use Actellic. As with all pesticides, read and follow product label instructions for handling, dilution, mixing, and application directions. Do not add grain to the bin until the walls have dried thoroughly. NOTE: Do not spray bins where soybeans will be stored. Stored soybeans rarely experience insect problems and few insecticides are labeled for use on soybeans.

Stored grain represents a major investment. Precautions taken before grain is put into the bin can pay dividends later by helping to assure that quality is maintained. This information can also be found on the web at [http://cropwatch.unl.edu/grainstorage2#Stored\\_Grain\\_Pest](http://cropwatch.unl.edu/grainstorage2#Stored_Grain_Pest).

## Deadline approaching to apply for Natural Resource Conservation funds

Farmers and ranchers interested in soil, water and wildlife conservation are encouraged to sign up now for the Environmental Quality Incentives Program (EQIP). EQIP is available from the USDA Natural Resources Conservation Service. Those interested in receiving funding should sign up before Oct. 21, 2016.

EQIP is a voluntary conservation program available to private landowners and operators. Through EQIP, farmers and ranchers receive financial and technical help to install conservation practices on agricultural land.

According to Craig Derickson, NRCS State Conservationist, there are several options available to producers through EQIP.

"EQIP is one of our most versatile programs. It offers cost share

and technical assistance to apply conservation measures on cropland and rangeland, as well as for animal feeding operations and establishing or enhancing wildlife habitat. There are many opportunities available, and NRCS staff can help landowners and operators identify their EQIP options," Derickson said.

The Environmental Quality Incentives Program has become one of the most widely applied conservation programs in Nebraska; enrolling over 296,000 acres in 2016 with over 800,000 acres currently under contract statewide. Since its inception in 1996, EQIP has treated over 6 million acres through 19,907 contracts in Nebraska.

The goal of EQIP is to provide a financial incentive to encourage landowners to install conservation practices that protect natural resources,

resulting in cleaner air and water, healthy soil and more wildlife habitat.

Individuals interested in applying into an EQIP agreement may enter at any time, but the ranking of applications on hand to receive funding will begin Oct. 21, 2016. The first step is to visit your local NRCS field office and complete an application.

For more information about the Environmental Quality Incentives Program and other conservation programs, visit your local NRCS field office or [www.ne.nrcs.usda.gov](http://www.ne.nrcs.usda.gov).

### THANK YOU

I want to thank everyone who attended my Retirement Open House. A special thank you and shout out to Dr. Josh Hopkins for organizing the event and to Dr. Scott Ronhovde, Jan, Jenny, Anne, Melia, Sonja, Brandy, Theresa, Angie, Amber, and Susan for their support. Life is pretty easy when you are surrounded by quality people.

I am at a loss for words to adequately express my gratitude to the great people of Northeast Nebraska who have trusted me over the years. I feel as if I'm leaving family and can tell I will miss it, however life is ever changing and time to move to the next chapter.

Thank you again. God Bless.

*Larry Magnuson*

We deeply appreciate your kind expression of sympathy in our time of great sorrow.

Thank you for keeping us in your thoughts and prayers. Perhaps you sent a lovely card, or sat quietly in a chair. Perhaps you sent a generous donation for one of her favorite charities. Perhaps you brought some food, paper goods or stamps to share. Perhaps you sent those beautiful flowers that we saw sitting there. Perhaps you spoke the kindest words, as any friend could say. Perhaps you shared your love and care with a hug or a hand. Perhaps you were not there at all, just thought of us that day.

Whatever you did to console our hearts we thank you so much for whatever part.

August 15th was a day filled with much joy and uncertainty for our family upon the birth of our son, Luke. After 19 days in the neonatal intensive care unit (NICU) in Sioux City, we have a new appreciation for the critical care provided by the doctors and nurses in our area hospitals. Many thanks to the staff at Providence Medical Center for recognizing the need for advanced care options and for the team at St. Luke's for providing the level of care both Luke and I needed. In addition, many thanks to our "support team" for all of the prayers, hospital visits, cards, phone calls, texts, and emails to help us through a difficult time. Special thanks to Grandpa and Grandma Hansen, Grandpa and Grandma Peters, and Uncles, Aunts, and Cousins for all of the trips to Sioux City to check on us and for taking extra special care of Logan so Tim and I could focus on getting Luke home. To Anne and the team at 1st Realty, I owe you big time for filling in six weeks earlier than expected and for shuffling through the "organized mess" that I left for you that Monday morning. I really do have the best clients and customers around, and I can't thank you all enough for your kindness and understanding during my unexpected absence! Also, to the crew at Titan Machinery, thank you for giving Tim the extra time he needed to get to Sioux City throughout our stay so he could spend time with Luke. We also need to mention the kindness of our friends and neighbors who helped at home—thank you for giving us a few less things to worry about! We appreciate the visits, food deliveries, and offers to help since returning home. We are truly thankful to have such wonderful family and friends in our life, and we look forward to returning the favor to all of you in the future! Luke is doing great! God's blessings to you all!

*Love, Tim, Trisha, Logan & Luke Peters*
