### Virgil ready for the marathon that is economic development

State XC contenders

calyn@waynenherald.com

Information overload would be how some might feel after their first few weeks in a position like Luke Virgil's.

But the new economic development director is a selfproclaimed info-junkie so the information hasn't been an issue -- time has.

"I think it takes a lot of time to absorb all the different routines, meeting schedules and all those facets and it's like that in any new job," Virgil said. "I like to know all the facts, so when I sit behind the desk I can get lost for an hour going over a file that has a lot of good information in it but it may not be something I need to know immediately."

While the amount of information Virgil is required

"Economic development is always a marathon race, it's never a sprint. You have to take time and work hard over a long period of time before you'll see results and success."

**Luke Virgil** 

to know to be successful in the position could be daunting, he sees it more as a challenge to himself.

"When I don't have enough time in the day to do it all, to learn it all, I feel somewhat frustrated. Somebody asked me last week whether I felt like I was drinking out of a firehouse yet. I said 'everyday.'

Virgil was quick to thank Irene Fletcher, assitant

director of economic development, for the help she's given in these first weeks.

"She helps me filter through a lot and let's me know 'this is what you need to know, this would be good to know but not urgent need to know now and this other stuff will need to be learned eventually' so that's been very good. She's provided a treasure trove of information to me."

Virgil wants to "know it all" and in doing so, he's made visits to numerous businesses around town and will continue to do so for several reasons, including the most simple one: knowing the people here.

"I have to be out there getting to know people. I had a colleague come to town last week to do professional business visits. That was a great time for me to learn about their businesses and see what they're facing or what made them feel good about the week or the month or the year."

Virgil said one of the biggest things he asks businesses owners is what their biggest accomplishment was through the year -- for some, there was something grand and exciting and for some, it's simply that they're still in business, which Virgil said is a feat in and of itself considering how risky entrepreneurship can be, especially in a sluggish economy.

Virgil has hit the ground running, and he's had to, with events like Christmas on Main, Tour of Homes, and the annual Chamber Banquet fast approaching and businesses under construction, opening second locations and real estate being available for businesses.

Recently a Partners meeting was held and according to Virgil, it was one of the most enjoyable parts of the job so far.

# Lincoln couple gives back to preserve hometown history

Printed with permission from the Omaha World Herald

As a young girl, Ginger Nissen loved visiting her grandfather's house in Wayne, Nebraska. It was more than just a "house." The home of the Rollie W. Ley family was, and still is, considered a mansion.

Built in 1900 for one of the first doctors in the community, the home was later sold to Rollie Ley, a local banker. The beautiful home reflects a Victorianized Colonial style and features original woodwork and carvings. The house has four original marble coal-burning fireplaces, a built-in bookcase with curved glass doors and several stained-glass and beveled-glass windows. The intricate parquet floors on the first level are among the home's many unique features.

While these lavish appointments are impressive, two of Ginger's favorite spaces in the grand old home were the sleeping porch and the third story, with its spacious balcony. "In a way, it was a little spooky," Ginger said. "The stairs leading to the third story attic were dark and narrow. But once you were there, the rooms were filled with all sorts of costumes and delightful treasures from many years

As a child, Ginger grew up in Lincoln, but moved to Wayne as a high school student. There she met her future husband, a farm boy named Jim Nissen. After graduating from the University of Nebraska-Lincoln in 1954, the couple settled in Lincoln. Jim spent two years in the army, then returned to continue a lifelong career in banking. Ginger pursued her career as a homemaker, mother of four children and

toric home to the Wayne County Historical Society. Today, the Rollie Ley mansion serves as the Wayne County Museum.

The museum features outstanding early 20th-century artifacts, including a desk designed for the Chicago World's Fair in 1893 and memorabilia from several historic wars. The basement showcases a variety of farm-related and primitive items from around the area.

Through the years, the Wayne County Historical Society has preserved this important local asset through annual fundraisers and other activities. In 2007, Jim and Ginger Nissen established a charitable gift annuity through Nebraska Community Foundation to augment hometown volunteer efforts. The gift would create a permanent endowment to provide additional ongoing support for maintenance and enhancement.

"Our family was blessed with some success here in Lincoln. Ginger and I felt it was appropriate to give back to a community with which we have strong ties," said Jim. "We also hoped it would motivate others to give similar gifts. Community support for the museum would greatly assist volunteers who spend a lot of energy caring for the museum."

In the spring of 2017, Jim and Ginger made a strategic decision with the hope of increasing awareness and support for the museum. They transferred assets of the Wayne County Historical Society Endowment Fund, which they had created, to the community's newly reorganized Wayne Area Legacy Fund, a community-based fund of Nebraska Community Foundation.

# Club house renovation, sign purchase debated at recent city council meeting

By Clara Osten

clara@waynenherald.com

How to finance the addition/remodel of the Wayne Country Club Clubhouse and what the message sign at the Community Activity Center should look like were among the items debated at Tuesday's meeting of the Wayne City Council.

Rusty Parker, representing the Wayne County Club, spoke to the council on the work that has been done in the past year in securing funding for the remodeling and upgrade of the current club house.

He told the council that \$340,000 in pledges have been obtained from Country Club members and others and the city has granted the project \$150,000 in LB840 funds.

The project went out for bids and one bid was received, in the amount of \$569,000.

Following discussion with the contractor and adjusting some of the project specifications, it was determined that with allowances for furniture, the project could be completed with \$550,000.

"We (the Country Club board) have made a decision to be fiscally responsible. Realistically, we are \$60 -75,000 short to have enough to complete the project," Parker said. "We are looking for options and open to suggestions. After checking with the city, we were informed that there is an additional \$60,000 left in the LB 840 fund and would like to know if that is a funding source we should revisit."

Council members offered several opinions on how to move forward. Among these were to look into the use of LB 840 funds or for the city to find a way to fund the additional costs as a loan to the country club. All seemed to be in agreement on the value the golf course brings to the city.

Additionally, Parker told the council that the committee will continue its fun-

draising efforts.

Council members again debated the purchase of an LED message center for the Wayne Community Center (CAC).

At its last meeting, the council had asked CAC Director Bryce Meyer to get more information from the companies who had submitted bids for the sign.

At Tuesday's meeting, Meyer explained some information he had obtained and discussed the differences in the bids that had been received.

Council member Cale Giese told the council that upgrading the current static sign is a better option and that "\$20,000 is over-kill for what is basically a 'turn here' sign."

Council member Jason Karsky said he felt the money for the purchase of an LED sign was "a good investment and would be a way to communicate with those using the facility."
Following a lengthy discussion, coun-

cil members voted 7-1 to accept a bid from Ace Signs for just over \$21,000 for the sign.

Luke Virgil, Wayne Area Econom-

ic Development Director, spoke to the council on agenda items relating to the upcoming Christmas on Main/Parade of Lights event. Virgil asked for permission for tempo-

rary use of the highway for the parade and permission to prohibit parking on Main Street in the 200 Block of Main Street from 5:30 to 8 p.m. for the event.

Both requests were unanimously approved.

Council members also approved the appointment of Nick Hochstein and Jason Schulz to the Planning Commission.

### Students from four states attend Northeast's Applied Technology Career Day

from four states had the opportunity recently to learn more about educational offerings in several technical fields. The students took part in Northeast Community College's Applied Technology Career Day on the Norfolk campus.

Among those in attendance were students from Winside Public School.

Shanelle Grudzinski, interim dean of applied technology, said guests took part in tours of campus and saw students work in the College's applied technology labs.

"This was a day of opportunities for students interested in technical fields and construction to learn more about different career options, as well as a chance to experience the latest technologies, tools, and techniques used in today's high demand, high paying career fields. ### Hay Fire

A local dairy lost 30 bales of hay after a fire broke out in a barn northwest of Wayne, according to Wayne Volunteer Fire Department Chief Phil Monahan. Fire crews from Wayne responded to the call shortly before noon and eventually called for mutual aid from other area departments. Carroll and Winside departments both brought water to help in extinguishing the bales. Checking the moisture content of hay bales before stacking them is imperative to successful storage. With harvest in full swing, it's important to remember to properly extinguish all cigarettes and maintain vehicles and equipment to prevent sparks from igniting.

### Commissioners discuss building projects upcoming

By Calyn Dunklau calyn@wayneherald.com

Numerous necessary building projects were discussed during Tuesday's meeting of the Wayne County Board of Commissioners.

Pat Brentlinger brought several projects before the board including courthouse tuckpointing.

Tuckpointing is a repair process that stops the destruction of masonry -- in other words, the courthouse has many places where the brick and stone is in need of repair.

Only three companies are in the area with experience on historical buildings. Commissioner Larson expressed concern at not including an architect in the process, saying he worried what numbers might come out of the project if only the people making the money are the ones giving the information. Brentlinger agreed it was risky and will be looking into architects.

Other projects include upgrading the electrical capabilities in the basement of the court services building where the emergency management office is set up and instituting a One and Six - Year plan for maintenance on the courthouse to help offset some of the large-cost repairs that will inevitably come.

The commissioners were in favor of developing something like that and Commissioner Dean Burbach said he'd like to see something in place for the district shops and properties.

Larson and his crew are already in a new shop, but Burbach and Commissioner Jim Rabe are not and will likely be seeing significant repairs or additional buildings constructed for storage of equipment.

Also on the agenda was a visit from Joel Hansen, inspector for the City of Wayne. Hansen brought an updated plat map for the old county yard on south Lincoln Street. The new plat splits the lot into three sections. Highway Superintendent Mark Casey gave up-

day, including that the Carroll bridge was open and operational with only the final walk-through still being scheduled. Numerous lodging tax grants were approved

After the suspect refused to exit the resident for several hours, the NSP SWAT Team breached a door to gain entry and was able to take Seizys into custody without further incident at approximately 1:30 a.m. on Thursday, Oct. 12.

### School librarian is 'Reader of the Week'

This week's Reader of the week at the Wayne Public Library is Joan Hansen

What is the last book you read? A Handful of Stars by Cynthia

Who is your favorite author? For students I suggest a lot of

my favorites, like Beverly Cleary (age 101), Jerry Spenelli, Gordon Korman (I think his new book Slacker gives a new outlook on video gamers), Cornelia Funke (Inkheart series). For me: Francine Rivers.

Why do you read?

Seriously, I read to be a good librarian. I want to discuss books with students and share ideas with them. I read the Golden Sower Nominations in the summer and extra time is usually in the elementary/middle grade level books. I do find a little time for a few adult books. My latest were Hidden Figures and The Girl on the Train.

Have you ever had to give up on

Gosh yes! I never liked to read when I was young. I only read what I had to in order to get by. Many books have gone unfinished. I admire the students who love to read now and can read so fast because of their practice. Not until I read my "Good Fit" book about my interests, did I start to really enjoy reading. Now books are such a big part of my life. I often listen to audio in the car, especially commuting from Pender to Wayne.

Name a book you would recommend and tell everyone why they should read it.

Fish in a Tree. I think we all feel useless at times, but we have our special talents

Is there anything else you'd like to comment on about your passion for reading?

I love to see kids excited about books. There is nothing better than having a whole class captivated by a read aloud. Students

Joan Hansen

say they love "my books," but what they really love is enjoying stories with people. Making connections and pondering the "what if" of life is rewarding.

Biography - Something about vourself

I was raised on a farm south of Pender and I attended a country school through eighth grade, Pender High School and graduated from WSC. My husband and I live on a farm west of Pender and we have four sons, two daughters-

in law and four grandchildren. I started reading for enjoyment at about age 45, when a friend told me to read Leotta's Garden. She was a close friend, so I did it. I was hooked. I had never connected to a story, but this one included my passions: gardening, Christianity, honesty, hobbies, women, and lots of emotion. Next I read more from that author, then started another series: "The Elm Creek Quilters' and finished them in the next few months. After teaching for nearly 30 years, I decided a library would be a fun place to finish my career.

### Your story should be one of celebration

Psalm 150 says, "Praise the Lord. Praise God in His sanctuary; praise Him in His mighty heavens. Praise Him for His acts of power; praise Him for His surpassing greatness. Praise Him with the sounding of the trumpet, praise Him with the harp and lyre, praise Him with timbrel and dancing, praise Him with the strings and pipe, praise Him with the clash of cymbals, praise Him with resounding cymbals. Let everything that has breath praise the Lord. Praise the Lord.'

Praise should be the easiest thing we do as followers of Jesus, but yet it seems at times to be the least frequent thing we do. Ask an average non-Christian what Christians are known for and I'll bet you, celebration falls pretty far down the list, that's if it shows up

What are you known for? What am I known for? Let me ask an even more detailed question: What is our faith known for? When people think of our Christianity, and our following of Jesus what is it

Plans underway include two presentations to debut the new film "Light to

versity of participants.

Do people just hear us complain about the things we don't like at our church or our ministry, or the people we hang out with? Are we known as the complaining faith?

Do people just hear us play down everything we believe? Where when our faith comes up, we quickly change the subject because we don't want it to get awkward, of we ask a different question because we're afraid we might not know an answer to something they will ask. Are we known as the ashamed faith?

Do we talk about other things and throw our faith in as an afterthought? Do we celebrate our sports teams wins, and our kids milestones, and our new purchases, and our political opinions, and then at the end say, "Oh yeah Jesus is great too"? Are we known as the afterthought faith?

Do we celebrate the incredible lengths that Jesus had to go to rescue us. Do we praise the amazing, countless blessings that God showers on us on a daily basis? Do we give Him the credit for what goes on in our lives, and the good things we have, and do we trust Him, and celebrate His faithfulness even when the things of this life aren't

going the way we had hoped? Are we known as the celebrating faith? I personally think, it's high time,

we began to cultivate a celebratory lifestyle in our lives as followers of Christ. Is there any greater rescue than the rescue of you and I from sin and death by Jesus Christ? We more than anyone have reason to celebrate, we have been eternally

This is the beautiful picture of the Gospel. This is what's so great about Jesus. No matter what your story is, or what it has been. No matter how ugly, or dirty, or NC-17 your story is. No matter how far from God your story has taken you, or how long you've ignored Jesus in your story, when your story encounters and surrenders to God's greater story of redemption in Jesus, your story becomes one of celebration. Sorrow is turned to joy. Hopelessness turns into hope. A story with death at the end, turns into a story that lives forever.

Celebrate that. Celebrate the story of God intervening in and entering in our lives.

### Our Savior Lutheran Church to make holiday pies starting in coming weeks

Need a pie for Thanksgiving or Christmas?

Our Savior Lutheran Church will once again be making fresh pies for holiday gatherings. Uncooked apple, peach, rhubarb and cherry pies will be ready for to pick up on Saturday, Nov. 11 from 9 a.m. until noon at Our Savior Lutheran Church.

The pies can be used at that time or frozen for the holi-

Orders must be placed in advance by Monday, Oct. 30. The cost is \$10 per pie.

Order blanks can be obtained from Our Savior Church, 421 Pearl Street in Wayne. For more information call Phyllis Rahn at (402) 375 1667, Kim Dunklau at (402) 369 1696 or the church office (402) 375 2899.

Proceeds from this year's event will go toward the 2018 ELCA Youth Gathering.

### Grace Ladies Aid plans upcoming events

Grace Ladies Aid and LWML met Oct. 11, in the Grace Lutheran

Church Fellowship hall. President Fauneil Bennett opened the meeting by leading the LWML Pledge. Vice President Ellen Heinemann gave the devotion entitled

"The Forever Word". "Forever" is a big word. We know that our Savior, the Word of God, was sent in the world to live a perfect life, suffer, and die to bear the punishment for our sins and the sins of all. God promised that the word of God would stand forever. We believe by faith in this forever promise. We

rejoice in God's Word...forever! Twelve members and Pastor Lilienkamp answered roll call. The secretary's report was read and approved as read. A thank you was read from Pastor Lilienkamp. Mites were collected and the treasurer's report was read and will be filed for fi-

nancial review. President Bennett led the mission grant devotion for Mercy House for Women and Children in Flint, Michigan for \$100,000. The Franklin Avenue Mission (FAM) established by area LCMS churches in Flint serves one the poorest cities in America where 46 percent of the general population live below the poverty level. The Franklin Avenue Mission has taken a bold step and has purchased the residence next door to provide a safe, caring, and loving residence for local unwed mothers and a safe haven for women and children needing to escape abusive relationships. The home is in need of renovation as well as additional square footage. It will become "Mercy House for Women and Children." The money will go toward this mission.

Committee Reports were as fol-

Sewing: Ruth Victor reported they tied in September and will tie again October 26.

Kitchen: Betty Wittig reported she had talked to Justin Anderson about \$600. The Aid will pay for this.

Visiting: Ruth Victor and LaVon Biermann sent cards and did some visiting. Rhonda went to Careage to visit. The new visiting committee will be Bev Hansen and Barb Greve.

Special Gifts: Bonnadell purchased a cross for Milly and Bob Thomsen in honor of their 70th wedding anniversary. She also explained the gifts we gave Pastor Mike for his going away gift, and gifts to Pastors Lilienkamp and Biermann for their

anniversaries of being in the ministry. Old Business included: Our visiting at Brookdale was a success. We had a large group. President Fauneil thanked Rhonda Sebade and Mary Janke for bringing the lunch. The LWML groups supplied greeters and readers for LWML Sunday on Oct. 1. Oct. 17 will be the LWML Fall Rally

at Martinsburg. New Business included: 1.) The Christmas luncheon was discussed. The group voted to have the serving

committee purchase the meat for the Christmas luncheon. The members can bring a salad or dessert if they are able. 2.) It was discussed if we should make cookies for the shut-ins. Members voted to give a small tray of about the double sink. It will cost cookies to each shut-in. Each member can bring 1 dozen cookies if able. 3.) It was discussed whether or not to have the Orphan Grain Train Giving Tree again. The group voted in favor of having one. They will collect scarves, gloves, mittens, and hats for **MEMBERSHIP RATES** all sizes. Ellen Heinemann will be in

charge of getting the tree up. Members voted to apply for a Thrivent gift card to buy underwear for OGT. Bonnadell and Ellen will be in charge of getting the gift card and

purchasing the underwear. Pastor Lilienkamp led the Bible study from Psalm 19:1-6. These verses are talking about creation. We wonder how and why are we here. Everything is God's work. Creation

is a strong foundation. The birthday song was sung for LaVon Biermann. The next meeting will be Wednesday, Nov. 8 with Ellen Heinemann serving. Reciting the Lord's Prayer and the Table Prayer closed the meeting. LaVon Biermann served lunch.

### **Application** deadline for conservation funds fast approaching

Farmers and ranchers interested in preventing erosion, improving soil health, conserving water and wildlife, or making any other natural resource conservation improvements to their property are encouraged to apply now for funding available from the USDA Natural Resources Conservation Service. Those interested in receiving funding should sign up before Friday, Nov. 17. According to Myron Taylor,

Acting State Conservationist for NRCS in Nebraska, there are several options available to produc-"NRCS has a whole suite of

conservation programs available to farmers and ranchers looking for assistance in improving and protecting the natural resources on their ag land. These programs provide funding on cropland and rangeland, as well as for animal feeding operations and establishing or enhancing wildlife habitat and wetlands. NRCS staff can help landowners and operators identify their options," Taylor One of the most widely applied

conservation programs in Nebraska is the Environmental Quality Incentives Program. Through this program, conservation practices were installed on over 400,000 acres in Nebraska during 2017 with over 800,000 acres currently under contract statewide. The goal of EQIP is to provide

a financial incentive to encourage landowners to install conservation practices that protect natural resources, resulting in cleaner air and water, healthy soil and more wildlife habitat. Individuals interested in enter-

ing into an EQIP agreement may apply at any time, but the ranking of applications on hand to receive funding will begin Nov. 17, 2017. The first step is to visit your local NRCS field office and complete an application.

For more information about the Environmental Quality Incentives Program and other conservation programs, visit your local NRCS field office or www.ne.nrcs. usda.gov.

# LCC girls golfers well represented at state meet

(Photo courtesy Christina Patefield) Brooke Young tees off in the Class C State Girls Golf Championship at Lake Maloney Golf Club in North Platte. The LCC senior shot a 188 for the two-day tournament and missed earning a state medal by four shots.

NORTH PLATTE — Laurel-Concord-Coleridge seniors Brooke Young and Nicole Hanson both played well and overcame some challenges during the Class C State Girls Golf Championships.

Temperatures hovered around 40 degrees with a brisk 20 mile-per-hour wind as golfers hit the Lake Maloney Golf Club on Monday. Both Young and Hanson managed to play through the inclement weather on Monday, then came back to shoot better rounds in the second day of the 36-hole tournament on Tuesday.

When all was said and done, Young just missed making it into the top 15 medalists, finishing 18th with a 188, while Hanson shot a 196 over the two-day tournament to finish in a tie for 31st.

With the conditions on Monday, I expected them to shoot a little higher than what they usually do, but Brooke and Nicole both played pretty close to their averages," coach Christina Patefield said. "It was 39 degrees with a 20 mile-per-hour wind when they started Monday and had some mist and rain to contend with. It started rough, but I felt like they did really well, then came back and played even better on Tuesday.'

Young shot a 96 on the first day and followed that up with a 92 on the second round for her two-day total of 188. Hanson shot a 101 in the first day of action, but came back the next day to shoot a 95 and finish with a 196.

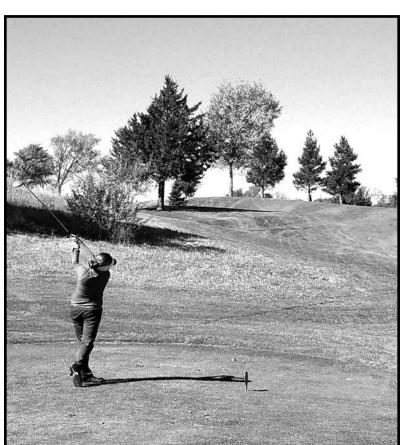

It was the second trip to state for Young, who also qualified as a sophomore. "I think overall she was happy with how she did," Patefield said. "On the last hole, her drive got stuck up in a tree, which was really bad luck, but she had a good round on that last nine and overcame that and really finished well."

Patefield said that Hanson played pretty well for her first trip to the state

"The weather didn't seem to affect her too much at first, but bothered her a little on the second nine on the first day, but I felt like she played as well as she could," she said. "She played very well and played her game and performed well at state.'

Patefield said she brought the underclassmen on the team along as well to give them an idea of what it's like to compete in a unique environment that the state tournament offers

"What a great way to end your high school golf career than to end it at state," she said. "That's what these girls worked hard for and dedicated themselves to for four years, and it was good for our freshmen to see this and see what they're working toward and what it's like."

But when you do it for the first time - sometimes it's difficult to know HOW to react.

There was some disbelief among the members of the Winside boys cross country team when they realized they had edged out Winnebago by two points for the third and final team qualifying spot in the D-2 district Thursday at Twin Creek Country Club — so much so that it took some time for them to stop celebrating long enough to be recognized on the podium when awards were handed out.

"They were screaming like crazy," coach Jennifer Kesting said of her charges. "They were supposed to get up on the podium but they were so happy and screaming and hugging each other that we had to stop them to get them on the podi-

that goal," he said. Brogren finished seventh and would have qualified as an individual, as the top 15 individual

Tori Kniesche struck out 18 hitters in a 10-inning 4-3 win over top-seeded and top-ranked Elkhorn South. She struck out more than 300 batters this season and set a new Class B record with 10 no-hitters to help the team finish 29-5.

### After signature win, Blue Devils bow out 1-2 at state after loosing to Seward

By MICHAEL CARNES

For The Herald

HASTINGS — The final out of the season is only a good one if you win the state championship.

So in the aftermath of a season-ending 8-0 loss to Seward in the Class B State Softball Championships at Smith Field, there were long faces and tears among those wearing the black uniforms on the the 12-girl roster that made up the Wayne High softball team, the bodies tired and the emotion of the moment settling in.

"That's the hardest part," coach Rob Sweetland said after the team finished its 29-5 campaign. "The only time it's not hard is when you end the season with a win, and only one team gets to do that. It's hard to say goodbye to the seniors, but they had a great run and had a lot of positives that happened the last four years, and they'll

always remember the good things." Wayne hung tough in their tournament opener with Gretna on Wednesday until the Blue Devil defense came unraveled late in the game.

The fourth-seeded Blue Devils committed four of their five errors in the final two innings, and Gretna took advantage to score nine unanswered runs down the stretch to post a 12-3 win in the opening round.

Wayne had answers for each of Gretna's early tallies, but the defense fell apart in the sixth and seven innings.

"I knew the wind played some havoc out there, but there were plays that were right there and those have to be made," Sweetland said after his team's disappointing finish. "If you give a team like that any extra outs, they're going to score runs, and that's what happened."

Wayne countered a two-run homer by Brooke Andrews in the top of the first with a pair of their own. Tori Kniesche singled Kennedy Maly home with the first Blue Devil run, and Sidney Biggerstaff followed with a Gretna error that allowed Annie Kniesche to bring in the second run to tie the game at 2-2.

In the third, Gretna scored to take a 3-2 advantage, but Maly showed off some of the fireworks that helped Wayne bring a .407 team batting average into the state meet — led by Maly's .500 campaign — with a solo shot to center field, tying the game at 3-3.

Wayne had its chances to take the lead in the fourth with the bases loaded and only one out, but Gretna pitcher Alexis Burkhardt gout out of the jam by getting Jenna Trenhaile to hit into a fielder's choice and striking out Maly on a 2-2 pitch to end the threat.

(Photo copyright Mikey C Productions) Jamie Gamble was a key element in Wayne's run to the state tournament with

"We had a chance to jump on them there and didn't do it," Sweetland said. "We had our No. 2 and No.3 hitters there and couldn't get anything. When it's close like that against a good hitting team you've got to get ahead. And we never got ahead. We were either playing even or play-

Senior Dylan Brogren, who qualified for state as an individual runner last year, gets his teammates ready to go prior to the start of the D-2 district meet Thursday in Pender.

### Torres, Meyer earn trips to state cross country meet

eam just missed out on a trip to state, but two Blue Devil runners will be making the trip to Kearney this week for the State Cross Country Championships.

Senior Andrea Torres and junior Gabi Meyer will both represent the Blue Devils at this week's state meet after qualifying individually in the C-2 district meet on Thursday at the O'Neill Country Club. Both runners finished among the top 15 individuals in the race to earn each runner a third trip to the state meet, as both were members of teams that qualified in 2015 and 2016.

Girls coach Courtney Maas said it was a close race for the third and final team spot, with just three points separating third-place Hartington-Newcastle from Wayne and Norfolk Catholic, who finished one point behind the Blue Devils.

"I told the girls all season that we knew it was going to be a really tough district and every single girl had to run their best race," she said. "We focused on keeping a positive mindset the whole season and do it at the most important time of the year, and the girls ran as hard as they could and as best as they could." Both Torres and Meyer have been consistently

among the top runners in every meet this year, and Maas said both deserved to end their seasons in Ke-"They've worked hard all season," she said. "An-

drea put in a lot of miles in the offseason and has a real passion for the sport, so I was excited to see her make it her senior year. Gabi has really come along this season and she knew that if she didn't run her best race she wouldn't go and she really ran her heart

Not getting to state as a team is tough, Maas said, but will give next year's team something to shoot for.

"Missing by three points is disappointing, but we couldn't have asked for anything better out of them," she said. "It was like losing a basketball game on a last-second shot, but it will make the girls hungry for

Maas feels both Torres and Meyer have a chance to do well at the state meet this week.

"Andrea has a really good chance of placing, but anything can happen at state," Maas said. "You see kids who medal that you wouldn't think would get there and others who you think will finish in the top 10 and they come in 30th. It comes down to how prepared the athletes are for such a big race. The mental part is the toughest and being able to handle that pressure, and if the girls can handle it then I think they can be successful."

The Wayne High boys were shut out of the state meet this year, finishing 11th in the 12-team district meet. But with a young team showing improvement every meet, coach Terry Beair likes the direction the team is heading toward. "Our kids ran really well," he said. "We had a tum-

ble at the beginning that the officials didn't catch, but Christopher made up the time and ran a really good race. Brandon got in ahead of his goal time and Treyton and Liam and Cole ran ahead of their goal times, so I was very pleased with everybody's effort." Brandon Wacker led the boys with a 29th place

finish of 19:12, while Christopher Woerdemann was 39th in 19:59. Also running were Trevton Blecke (56th, 21:26), Liam Spieker (58th, 21:49), Cole Hobza

(60th, 22:10) and Lance Muhs (65th, 23:58)

Beair said the competition his young team saw this season showed the work they need to do if they want to move up the ladder next season and be a more competitive team

"As we got into it, I think the thing the kids found out was that they need to get their base miles up and put that time in during the summer, and if they do that then we can be ahead of things," he said. "We have a bunch of kids who want to put a lot of time in this winter running and in the summer and get those miles in. We have a great younger group and a lot of hope for the future.'

### Allen comes back, nips Pirates 44-40

Allen put up more than 500 yards in total offense, but needed a fourthquarter comeback to outlast Emerson-Hubbard in a key district showdown Friday in Emerson, 44-40.

A Blake McCorkindale 16-yard run with 4:11 left capped the Eagles' fourth-quarter comeback that saw them find the end zone three times in the final nine minutes.

Coach Dave Uldrich said the team shot itself in the foot with four turnovers, but found a way to overcome their mistakes.

"We just about did it again," he said. "We make critical errors, they capitalize, and we cannot recover. Today, we managed to survive some real errors. The resolve the team played with the final quarter was amazing. They could have folded, but chose to hang in there and played like we think we should all the time. It was a great atmosphere to be around late in the game."

The defensive shut the Pirates out offensively, while Allen scored on a 36-yard pass from failed, and Emerson-Hubbard led Smith to Twohig and a McCorkindale 19-yard run within less than two minutes to take a 38-32 lead.

The Eagles held the Pirates on the ensuing possession with under 5:00 to go, forcing a punt. The Eagles appeared in control, but a holding penalty took away a first down and the Pirates blocked an Eagle punt for a touchdown, then added a PAT pass to regain the lead at 40-38 with 4:33 left.

Allen responded in two plays covering 56 yards, to take the lead 44-40 with 4:11 left on McCorkindale's gamewinner. A fourth-down openfield tackle by Isaac Verzani on the following possession by the Pirates gave the Eagles the win, as Allen ran out the clock deep in Pirate ter-

Offensively, the Eagles ran for 455 yards on 50 carries. Smith carried 31 times for 246 yards and three touchdowns and McCorkindale added 208 yards on 18 carries and three touchdowns. Twohig had the two receptions of the day, one a 36-yard touchdown catch to tie the game in the fourth period.

Defensively, Jacob Williams and Verzani each had 13 tackles, while McCorkindale added 11.

The win moves the Eagles to 5-2 overall and 2-2 in district play. The Eagles close out the regular season at home on Thursday against Wausa in a game that will be important for playoff seeding.

"Our final game is very important to where we land in the playoff seeding, so we need to eliminate errors and take care of business again," Uldrich said.

### Knights roll to 35-0 shutout over Blue Devils

There was no stopping history Friday night at Wayne State College's Memorial Stadium.

With their coach seeking a recordbreaking 344th career win, the second-ranked Norfolk Catholic Knights rolled to a 35-0 shutout of Wayne in the home finale for the Blue Devils, using the play of junior running back Dylan Kautz to take control early and cruise to the historic win.

Coach Russ Plager said they knew coming in that Norfolk Catholic would try to run the ball, but they were unable to stop the Knight attack.

"They were just more physical than us," he said after the game. "We could call out the play and we knew what they were running, and we still couldn't stop it. To be a great team, you have to be able to run the ball well and stop the run, and they were just a more physical team than we were and that's something we have to The Blue Devils moved the ball well

in the early going but were unable to get on the board. Norfolk Catholic turned the ball over to their junior speedster, who found paydirt late in the first quarter on a 34-yard run to get the visitors on the board. Later in the first quarter, the Blue

Devils were moving the ball when senior receiver Ryan Jaixen hit the turf after nearly making an amazing catch. Jaixen came out with a shoulder injury, and losing one of the team's top two receivers forced the Blue Devils to make some adjust-

"Ryan is a great player and it's a shame what happened, because he's had a great season for us," Plager said. "It does change things a little bit when you lose somebody like that, and we'll have to get back to the drawing board and see what we can do."

Three Blue Devils combine to bring down Norfolk Catholic's Dylan Kautz, including Beau Bowers (2), Casey Koenig and Brennan O'Reilly (32) during Friday's matchup at Wayne State College.

The Knights continued their dominance in the second quarter, getting another Kautz touchdown and two short scores by Kelby Shcaefer to build a 29-0 halftime advantage. The Knights scored on the opening possession of the second half on a 56-yard gallop by Kautz, who ran for 185 yards on 15 carries, and the running clock played on from there as the Blue Devils fell to 5-3, while Norfolk Catholic improve to 8-0.

In spite of its third straight loss, the Blue Devil football team still has a shot at the Class C-1 playoffs, sitting 15th in the playoff point standings heading into the final week of the season. A win at 3-5 O'Neill on Thursday is all the Blue Devils need to punch

their ticket to the playoffs for the first time since 2013.

"We just need to move forward and keep getting better and not hang our head on this one," Plager said. "We have an O'Neill team coming up that has a good quarterback and a good receiver, so we'll need to be ready defensively and run the football better. We'll get back to work and try to play a more physical game and a more solid game next week.'

The six-man team, which includes sophomore Lane Damme and freshman Toby Heinemann, will run at about 3 p.m. on Friday, and Kesting is hoping the team can continue to run well in a new environment. "It's like districts and confer-

ence where you just need to run your race and focus on the kid in front of you or the kid coming up behind you and not worry about the big picture," she said. "It's the same 3.1 miles whether you're running it in Pender or in Kearney and they know how to run the race. Dylan has been a good senior leader and can calm the younger kids down, and with that experience from last year that will be a big help for the rest of the team." LCC also competed in the D-2

district meet, with the boys finishing 12th out of 15 full teams. Ryan Bathke led the Bears,

finishing 33rd in 19:39.21, while Sean Aschoff followed in 52nd place at 20:28.63. Also running were Michael Kurtzhals (61st 20:53.1), Karsen Klooz (68th, 21:10.62), Landen Boysen (72nd, 21:33.91) and Logan Hansen (92nd, 24:56.94). In girls action, LCC's Kayli

### Softball

From Page 1B the losers bracket.

Maly and Tori Kniesche each had two hits to lead an eight-hit attack for the 28-4 Maly had two hits and scored twice for

the Blue Devils, while Tori Kniesche added two hits. She struck out 11 and walked seven in a losing effort. Wayne's loss was part of an unusual opening round in Class B that saw all four

of the higher seeds to down to defeat, including top-ranked and No. 1 seed Elkhorn South, who had to face Wayne in an elimination game early Thursday afternoon. "It was surprising," Sweetland said of

the four higher seeds losing, "but when you come down here, if you're not ready to play you can find yourself in the losers bracket really quick.' The losers bracket matchup between the Blue Devils and the top-ranked Storm was

quite an entertaining matchup, and it took Maly's two-out single to center in the bottom of the 10th inning to bring home Josie Thompson with the winning run, eliminating the top team in Class B in a 4-3 deci-

Elkhorn South scored first with a solo home run in the top of the first, but Wayne answered with three in the bottom of the first, as Kniesche had a two-run single and Sidney Biggerstaff followed with an RBI single to make it 3-1.

The Storm scored single runs in the fourth and sixth to tie the game, and Wayne had a chance to win the game in regulation after a leadoff double by Abby Ankeny, but were unable to score.

Both teams blew big chances to break the tie in the eighth and ninth innings. Elkhorn South had the bases loaded with nobody out in the 10th, but Kniesche got her 18th strikeout of the game to end the rally.

Thompson started the bottom of the 10th at second under the international tiebreaker rule, but was still there after pop outs by Masyn Dorey and Trenhaile. Maly took a 2-2 pitch through the middle into center, bringing Thompson home with the winning run to keep Wayne's hopes alive and send the top-ranked team in the state home after an 0-2 finish at state.

"It showed us that when you play without mistakes and you play hard, you can beat anybody down here," Sweetland said. "And it takes that every game. We had one walk and one error in 10 innings in that game and it was the opposite in the games we lost, but that's the way the game goes."

Wayne outhit Elkhorn South 9-5, led by two hits apiece from Maly and Kniesche. Kniesche struck out 18 and allowed just five hits and one walk to help Wayne.

After an emotionally- and physicallydraining 10-inning win, Wayne had nothing left in the tank for the Seward Bluejays. Seward took advantage of a number of

Wayne mistakes to put five runs across in the fourth inning and eliminated the Blue Devils from the Class B State Softball Championships with an 8-0 defeat Thursday afternoon at the Smith Softball Complex.

Wayne had to play Seward less than 45 minutes after the 10-inning win over Elkhorn South, and simply didn't have anything left against a Seward team that was playing its first game of the day after going 1-1 in Wednesday's opening round.

The Blue Devils' best chance to score came in the third when Thompson walked and Dorey singled, but the threat ended on a 6-5-4 double play. Seward scored two runs in the fourth in-

ning to break the scoreless tie, then took advantage of two fielding errors and five hits, all coming with two out, to plate five runs and take control of the game. The game ended in the sixth on a wild pitch, giving Seward the win on the eight-run rule.

Dorey had two of Wayne's four hits in the game, while Jenna Trenhaile and Annie Kniesche added singles. Tori Kniesche struck out nine and walked two in a losing effort, allowing five hits and only one earned run.

"With the length of the (Elkhorn South) game and the adrenaline and the rush of the victory, I think it just settled on everybody that second game," Sweetland said. Tori pitched really well in the Seward game and gave up just one earned run, but we had some fly balls that we didn't catch and it got away from us pretty quick."

It was the final game for seniors Maly, Trenhaile and Jamie Gamble, all of whom were part of four state tournament teams during their time in a Blue Devil uniform and contributed significantly to the program's success during their time.

"It seems like we lose these kinds of kids every year and they were in it for four years and put up good numbers and are just good people overall," he said of the trio. "That says something about the kind of character this program instills in the kids. They turn into those kinds of people and, to me, that's more important than wins and losses.

The Blue Devils had nine players back who saw significant time this season, including six juniors who will no doubt be called upon to continue that tradition of senior leadership that has helped the team make it state 15 times in the program's 16-year history.

"We have six juniors coming back in as seniors next year and everybody got all kinds of experience this year," he said. "We hope to have a good-sized freshman class coming in as well to develop for the future, and those nine kids coming back are pretty solid and should be able to do some good Gretna 12, Wayne 3

### Trojans roll to 52-8 win over LCC Bears

used its size advantage up front to rack up more than 300 yards on the ground in a 52-8 win over Laurel-Concord-Coleridge Friday at Eaton Field.

Coach Mike Hassler said he was happy to see his team execute their game plan in their final

"This was a game we were supposed to win," he said. "Sometimes you worry as coach that maybe your boys will get a little complacent, or go through the motions and make more of game out of it then it should be. I was pleased with our execution and effort. We came out from the opening kick-off and dominated. Outside of some early penalties I thought we took care of business. We wanted to get a big lead early so we could work some of younger kids in during the second half and reward them for all their hard work this year."

The Trojans wasted little time putting points on the board, as Noah Lamprecht scored a pair of short touchdowns and Solomon Peitz added a four-yard run to help Wakefield build a 22-0 firstquarter advantage.

The Trojans lost Esgar Godinez to an injury late in the first quarter, but backups like Dylon Harder and Justin Erb picked up

"We lost Esgar Godinez late in the first quarter with a foot injury, so it was nice to see his backups really step in and step up," he said. "Dylon Harder and Justin Erb did some really nice things in the run game for us to compliment Noah Lamprecht. I really didn't think we missed a beat."

Lamprecht added two more touchdown runs, Harder caught a 39-yard pass from Peitz and Erb closed the first half with a five-yard score to help Wakefield build a 52-0 halftime advantage. LCC averted the shutout with a late fourth-quarter touchdown

Lamprecht led a balanced rushing attack for Wakefield with 92 yards on 14 carries, with Erb adding 83 yards on seven tries and Godinez recording 71 yards on six carries. Harder had two carries for 26 years, Peitz had 25 yards on four carries and Clay Christensen added 23 yards on seven

Peitz was 2-of-3 passing for 47 yards. Harder caught a 39-yard touchdown pass and Godinez hauled in an eight-yard pass.

For LCC, Heitman led the ground attack with 75 yards on 22 carries. Reifenrath added 30 yards on seven tries and Austin Brandt had six yards on three

Reifenrath was 2-of-10 through the air for 13 yards. Heitman caught one pass for 10 yards and Dylan Reimers had one catch for three vards.

Defensively, Reifenrath was in on a team-best 18 tackles, Heitman had nine stops and Brandt and Wyatt Taylor each had eight. Austin Hall had five tackles, Noah Stone had four, Ethan Williams had three, Cutter Haberman had two and Nola Ohlrich

Wakefield (6-1) closes the regular season Thursday at Niobrara/Verdigre, while the 1-6 Bears host Creighton Friday in their season finale. Wakefield 52, LCC 8

No. 18-ranked Sioux Falls overcame an early deficit by holding Wayne State to just 116 yards of total offense in the final three quarters as the Cougars posted a 31-7 victory over Wayne State Thursday evening at Bob Cunningham Field in Wayne.

It was a defensive battle early as both teams punted on their first two possessions, but the Wildcats scored first as they broke into the scoring column on their third series of the game when Zach Osborn hit Sam Wegner for a 49-yard touchdown to give the Wildcats a 7-0 lead with 3:29 left in the opening period.

It was all Sioux Falls after that, as the Cougar defense shut down the Wayne State offense and put up 17 second-quarter points to take a 17-7 lead into the locker room.

The Sioux Falls defense shut down the Wildcat offense in the second half, limiting Wayne State (4-3, 2-1 NSIC South) to just 88 yards of offense, as the Cougars scored two more touchdowns for a 31-7 win.

Sioux Falls finished the game with 376 yards of total offense while holding WSC to 198. Osborn was 8-of-28 for 145 yards and one touchdown. Wegner had two catches for 89 yards and one score while

### Wind energynot a good idea

Natural gas at fracking sites is so abundant that it is a safety hazard. Economically speaking, it is cheaper to flare it than it is to harvest it for the market. Natural gas, its elusive nature and the random seepage thereof, is a liability and a serious safety concern for a driller.

So while we have ground level gas flares burning at fracking sites, why do we think building wind turbines at 500 feet is a good idea?

Harvesting wind, to me, was once an intriguing idea. I had the ideal location and a high voltage transmission line nearby. Sharing this "windfall" with a developer was not the plan. I was going to own a tur-

I calculated annual production using a wholesale Nebraska power value of \$0.025/kwh combined with a 20 percent dependability factor. (Maximum dependability experienced to date by an in-state company for a wind farm spread over 200 miles.) The energy of my excitement dissipated. With no consideration of interest, repairs/maintenance, government funds, or standby power charges, it would take about 29.5 years to recover all-inclusive first cost. Electric rates would have to increase at least by a factor of 10 to get this investment into the realm of consideration. How would you like to pay your monthly power bill every 3 days?

Obama once said, "electric rates must necessarily go up,"

Furthermore, Warren Buffet stated in the May 14, 2014 U.S. News and World Report, "I will do anything that is basically covered by law to reduce Berkshire's tax rate. For example, on wind energy, we get a tax credit if we build a lot of wind farms. That's the only reason to build them. They don't make sense without the tax credit."

In lieu of magnified electrical rates, the intense subsidization (with your money) of wind energy creates artificial financial competition for our tried, true, consistent and dependable power producers. In Europe for example, many conventional power producers have gone bankrupt. It's hard to compete with substandard, inconsistent, undependable sub-

As a landowner, I would be skeptical of a issuing a wind lease to a developer. Leases can and probably will be collateralized, *and* are legally attached to your deed. Furthermore, the leases can and have been sold like commodities to anyone both foreign and domestic. Who knows, you might meet Kim Jong-un driving out of your cornfield someday if he needs some U.S. tax credits

Simply speaking, wind: a good idea gone bad.

### Capitol View

### Tax relief incumbent hits campaign trail

By J.L. SCHMIDT Statehouse Correspondent The Nebraska Press Association

A day after his state's college football team whipped the Nebraska Cornhuskers, Wisconsin Governor Scott Walker whipped up enthusiasm for Nebraska Governor Pete Ricketts' re-election bid.

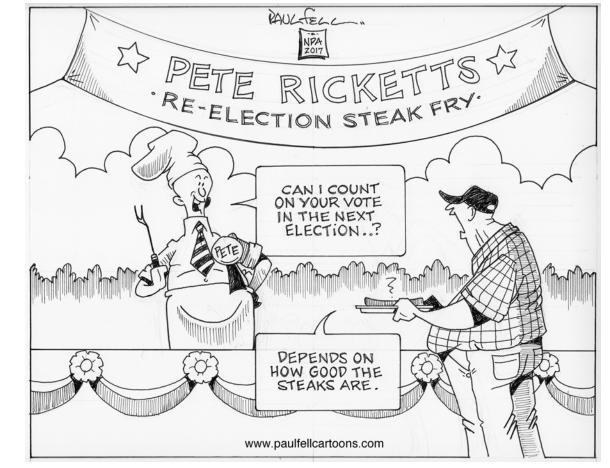

Walker and the governors of Kentucky and Missouri joined Ricketts and more than 1,200 Republicans at a steak fry near Shelton, in the farmrich and waterlogged Platte River Valley. One can assume that Walker's appearance wasn't the result of losing a bet on the football game. In case you didn't know, it has long been tradition that Nebraska governors "bet" steaks or Valentino's pizzas or Runzas or whatever against whatever popular commodity the opposing team's state has to tout.

Give Ricketts credit for not betting on this year's 3-3 Husker train wreck - or at least NOT letting us know if he is/has.

We also don't know if the Sunday afternoon appearance by Walker was part of a thank-you to Ricketts' parents whose political action committee gave Walker \$5 million a while back for his failed campaign to become the Republican nominee for president. So, let's just trust that what he said about not preaching to the choir but being here "to get the choir to sing" is the real reason.

Still, there may be a broader message here if Ricketts brings in three Republican governors to sing his praises this early in a campaign for re-election where he faces no known Democratic candidate. In fact, the only known Ricketts challenge in the 2018 election will be State Senator Bob Krist of Omaha who has left the Republican party to file as an Independent to run for governor. Krist and Ricketts will not face-off in the May primary.

So, does the four-governor event

represent a recognition that Republicans are concerned about their candidate? That doesn't seem likely in a state that hasn't had a Democrat governor since 1999. Was this an attempt to placate an agriculture sector that is becoming increasingly agitated about ever-increasing property taxes? That's a safe bet, especially in light of talk of a petition drive to get rural tax relief on the ballot.

What better setting than a farm with grain bins lined up in the background and a huge U.S. flag waving in front of the blue sky. Walker, Kentucky Governor Matt Bevin and Missouri Governor Eric Greitens all weighed in to tell the crowd that Ricketts has been a great governor and earned re-election to a second term. The governors were all wearing blue jeans too. That's credibility - albeit cheesy – in rural areas.

Ricketts said he would continue to push for more and better jobs to keep Nebraska kids in Nebraska while shaping a more efficient and effective state government and pushing for property and income tax reduction. He touted his drive that he says has reduced the growth of government by 90 percent and his commitment to work for tax relief.

To his credit, he has led several agriculturally focused trade missions – what else does Nebraska have to export? - and has urged the Trump Administration to stick with several trade agreements it has threatened to rescind.

And of course, there's his so-called comprehensive tax relief package,

which remains stalled in the Legislature. It offers property tax reduction for agriculture and some highly controversial proposals for income tax cuts. Property taxes are a bigger concern in rural Nebraska because of low agricultural commodity prices.

That same rural base is conservative and extremely Republican. Tradition says that a statewide candidate who can win the major cities along the Platte River can win it all. That's why it's important to tell these folks what they want to hear. For all of us, it's important that promises are kept.

### Outstanding schools recognized

District 17 Report Friday, October 13, 2017 Senator Joni Albrecht

Fall is a wonderful time of the vear. Harvest is coming along and the school year is in full swing. I'm proud of the schools in my district, and I wanted to begin this column with a hearty "congratulations!" to Pender Elementary School for being selected as a National Blue Ribbon School.

Every year, the U.S. Department of Education recognizes outstanding schools throughout America which are demonstrating that all students can achieve to high levels and affirms the hard work of students, educators, families and communities in creating safe and welcoming educational environments.

In its application, Pender Schools pointed out its work with the Teammates Mentoring Program, its efforts to recognize positive behavior and classroom success, and its high quality instruction to students. Only four Nebraska schools were selected and only 342 schools nationwide earned this recognition, putting Pender in some pretty good company.

Congratulations are also in order for Michelle Helt, of Cardinal Elementary School in South Sioux City who has been named Nebraska Teacher of the Year. She has spent

her entire career working at Cardinal Elementary in various capacities. Later this year, she will participate in the National Teacher of the Year competition. I'm proud of all of the schools and

educators in my district that make such an impact and I love it when Nebraska schools can get these sort of national accolades. Fall also brings the start of the severe weather season, which means

it is time for the Nebraska Severe

### How to have a happy (and safe) Halloween

From sporting their costumes and allowing their imaginations to run wild to collecting yummy treats, Halloween is a fun and exciting time! The American Academy of Pediatrics (AAP) released Halloween safety tips.

By the time this article is published, costumes may already be purchased; however you can still find ways to make the costumes bright and reflective. Consider adding reflective tape or striping to costumes and trick or treat bags. Ensure shoes fit well and costumes are short enough to prevent tripping. Hats and masks should allow youth to see properly and test any makeup ahead of time on a small patch of skin to ensure no unpleasant surprises on Halloween. If a sword or other prop is used be sure it is blunt and not too long in case your child stumbles or trips.

On the big trick-or-treat day, an adult should accompany young children. Obtain flashlights with fresh batteries for all children and their escorts. If older children are going alone, plan and review the route that is acceptable to you. Agree on a specific time they should return home. Only go to homes with a porch light on and never enter a home for a treat.

The most common cause of injuries to children on Halloween is pedestrian injuries, therefore trick-or-treaters

•Stay in a group and communicate where they will be going.

·Use reflective tape for costumes and/or trick-or-treat containers.

· Carry a cellphone for quick communication. Review with children how to call 9-1-1 (or their emergency number) if they ever become lost or have an emergency.

·Remain on well-lit streets and al-

should remember to remove any bikes, garden hoses or lawn decorations away from the porch or sidewalk to prevent visitors from tripping. Replace any outdoor lights and restrain pets so they do not inadvertently jump on or bite a trick-or-treater. Consider purchasing non-food treats for those who visit your home such as coloring books or pens and pencils. Wait until children are home to

sort and check treats. Though tampering is rare, a responsible adult should closely examine all treats and throw away any spoiled, unwrapped or suspicious items. By following these simple tips, you can ensure your little trick-or-treaters can have a fun and exciting Halloween! Happy Halloween!

President Glennadine Barker Presided. The opening ceremonies were conducted according to ritual and opening prayer was red by Chaplain Janet Fuoss. Special guest was Past District President Marilyn Claus from Stanton. This was the official visitation for the current year. The September minutes were approved as read. The treasurer's report was filed for audit.

Excerpts from the October edition of "The Navigator" were presented: Extension reminded all to (1) reflect on the history of each Auxiliary, (2) keep the meeting in mind and (3) listen carefully to what members were saying. Americanism Committee asked

members to remember the meaning of patriotism: deeply loving, supporting and defending our country. Hospital chairman reminded all hospital with a smile. Gold Star wants all to remember to thank a Veteran. Gold Star Sunday was observed Sept. 24 with a gift for Eveline Thompson.

The Auxiliary's Pillow Cleaning was very successful. In attendance were Glennadine Barker, Janet Fouss, Eveline Thompson and Verna Mae Baier.

Past President Marilyn Claus presented the Auxiliary with Department Certificates for participating in Gold Star, Americanism, Legislative, Hospital, Scholarship, Youth Activities, Veterans & Family Support and Membership: 100 percent in 2016-2017. She complimented the Auxiliary on the many activities completed. The upcoming goals are the Health Care Issues and PTSD.

Closing ceremonies were conducted and Closing Prayer was red by Chaplain Fouss. The next meeting of the VFW Auxiliary will be Tuesday,

#### Minerva Club holds meeting Members of Minerva Club met at ties. Texas had a colorful past, begin-

the Senior Center Oct. 9 for a meeting which was hosted by Marian Clark. Eight members attended. Roll call was quotes by some famous people about "What Texas is".

President Mary Ann DeNaeyer read a humorous speech "Vet Bill" by Bill Gates and gave a reading of 11 Things High School Graduates should not expect in real life.

The birthday song was sung for Phyllis Rahn. President DeNaeyer assigned groups and topics for the upcoming program on State of Nebraska.

The program, "A Place Called Texas," was presented by Marian Clark. On Dec. 29, 1845 Texas was 28th to join the United States. Alaska is the only state larger than Texas. Oil is found in all but 21 of 254 Texas coun-

ning when Spanish Explorer Hernan Cortes and his men arrived there in 1521. They were greeted by a band of Caddo Indians who welcomed them with a word pronounced TAY-has, a greeting meaning friend. It soon became Texas, a name that stuck. Texas won its freedom from Mexico in the Texas War for Independence and hand to hand combat at the Alamo. Today, Texas has the largest number of cattle, sheep and goats in the nation. Manufacturing and tourism are big business as well.

In conclusion, members related their personal knowledge of the area.

The next meeting will be Monday, Oct. 23 at the Senior Center with Susan Boust as hostess.

Valid only at: DQ Grill & Chill 708 Main St Wayne, NE 68787

### **Economic Development**

From Page 1A

"I had a Partners meeting for our membership, our standing institutions and the board and we invited a lot of our partners in economic development like the state and Northeast Power and it was a great night. We only got through one item on the agenda, but that one specific issue generated a lot of discussion and it may generate some changes in the future."

The purpose of that meeting was to see what could be done to make Wayne a better place, what goals could be set to improve the community, something Virgil takes seriously.

"The whole goal of economic development is to improve the community for the greater good and that's what we're going to do."

Virgil and his family haven't moved to Wayne yet, but will do so within a year. Regardless of that, the Virgils wants to get to know the community members now and become part of the community sooner rather than later.

Virgil and his wife Megan will be at Geno's on Friday, Oct. 20 from 5-7 p.m. for a meet and greet with the community.

New economic development director Luke Virgil is settling in to the position. Virgil and his wife Megan will be at Geno's Friday Oct. 20 for a meet and greet from 5 to 7 p.m.

Special Events Committee invites the community to visit with the couple during the welcome event. Light hors d'oeuvres and a cash bar will be available.

"It's probably going to be different people than I've been able to see at Chamber Coffees so I'm looking forward to it."

ment there to get broader community exposure. There are a number of families with a long history in the area who may be inclined to support the museum," Jim said.

Under new leadership, the Wayne

Area Legacy Fund has been reenergized to focus on both current and future community improvements. In addition to building a permanent endowment, the Fund is helping with the renovation of the Majestic Theatre and the rebuilding of Hank Overin sports field. Wayne Area Legacy Fund has

held several events in partnership with local organizations. In June, Arnie's Ford dealership presented the Fund a \$25,000 contribution and sponsored a "Drive 4 UR Community" kick-off event, donating \$20 to the Legacy Fund for every test drive that day.

Jim and Ginger Nissens's charitable contributions have not been limited to the Wayne County Museum. They also have supported Wayne State College Foundation and endowed a gift to First Presbyterian Church in Wayne where they were married.

In Lincoln, the couple is known for their community involvement and impact. Jim Nissen, now retired from Wells Fargo Bank, is a former president and CEO of National Bank of Commerce and Vistar Bank. He serves as director of The State Nebraska Bank & Trust of Wayne, and was president of several organizations, including the Nebraska Bankers Association, the Lincoln Chamber of Commerce, and the Bryan Memorial Hospital Foundation, to name a few.

Jim and Ginger feel fortunate to have been able to contribute to the well-being of the community where they have raised their family and built their lives, but added that there is a different feeling that comes with giving back to the hometown of your youth.

"Nebraska Community Foundation is helpful in exploring creative ways to make a positive difference," Jim said. "They focus on finding the most appropriate method for an individual or family to make a charitable gift."

Jim graduated from Wayne High School in 1947. For decades, he and his classmates gathered for a reunion every five years. Then, as they got older, the class decided it might be wise to shorten the interval to every two years. Now the group gathers for a luncheon every year in August.

In 2017, the class of '47 observed its 70th anniversary and celebrated by purchasing and installing concrete benches beneath the high school's flag pole at the main entrance of the building.

"It wasn't a big thing for our class." Just \$2,500 or so. But it felt like the right thing to do. It shows loyalty to the class," Jim said. "There's just something special about giving back to your hometown."

#### THANK YOU

Dear Friends and Family, Words can never be enough to thank you all for the love and

support you have given us in the loss of our loved one, Virginia Rethwisch. She was a wonderful daughter, sister, sister in law, wife, mother, grandmother, great grandmother, and friend and will truly be missed by many. The cards, visits, phone calls, flowers, food, memorials, and shared memories gave us great comfort during this sad time. A special thank you to Pastor Kyle Nelson for his visits and beautiful service and the Carroll Methodist Church ladies for helping with lunch. Virginia was a kind, loving woman whose family always came first. She would have been so pleased to see us all gather in her honor.

Thank you all, Jeff & Karon Rethwisch, Mike & Mitze Rethwisch, Paul and Peggy Leiting and families

President John Thies called the meeting to

Will Jones of the Nebraska School Board Association (NSBA) conduct the Strategic Planning Workshop. Today he met with local businessmen at lunch and in the afternoon he met with a couple groups of students. Data was gathered from each of these gatherings.

Will had the Board fill out a SWOT worksheet that members paired together and gave their opinion on Winside's Strengths, Weaknesses, Opportunities and Threats. Answers were discussed and compared to the earlier answers of the other groups that met.

At 7:00pm tonight the Strategic Planning Committee will meet. Motion by Jaeger, second by Behmer to adjourn. Ayes-Bargstadt, Brogren, Jaeger, Marotz, Thies and Behmer. Nays- None.

#### WINSIDE BOARD OF EDUCATION PROCEEDINGS

The Winside Board of Education met for the Regular Meeting on Monday, October 9, 2017 at 7:00 pm in the library. Members present were John Thies, Nate Behmer, Dana Bargstadt, Ryan Brogren, Jon Jaeger and Carmie Marotz.

President John Thies called the meeting to order and pointed out the Open Meetings Act posted in the meeting room. He led the room with the Pledge of Allegiance. He welcomed the guests and the visitors and referred the visitors to the sign in sheet for anyone who would like to address the Board.

Motion by Behmer, second by Marotz to approve the Consent Agenda that consisted of the following: the Agenda: Minutes of the Budget Hearing on 9/11/17 at 7:00 pm; Minutes of the Tax Request Hearing on 09/11/17 at 7:28 pm; the Regular Board Meeting on 9/11/17 at 7:38 pm; Minutes of the Special Board Meeting on 9/18/17 at 6:00pm; Minutes of the Board Workshop on 9/18/17 at 6:05 pm; Review and Acceptance of the Auditor's Engagement Letter from Michael Pommer of Wakefield: and the Annual Review of the Attendance Policy. Ayes-Brogren, Jaeger, Marotz, Thies, Behmer and Bargstadt, Nays-none

Discussion began with Mr. Shoff going through the Financial Report, Budget Report and the Claims

The School Safety item began with discussion on a new security camera system for the facility. Mr. Shoff is looking into a new camera security system. A quote from A.C. Technologies out of Grand Island was submitted to the Board, Mr. Shoff also talked to Valcom from the east coast and another from Lincoln that looked at the facilities. Along with the door and camera system an update on the intercom and bell system is also being considered. Mr. Shoff will have more information at

the next meeting. Mr. Shoff and Mrs. Remm attended a two day Standard Response Protocol (SRP) workshop that will be implemented at the school and would like the community to be involved also. This system is standard throughout the state so if students go to another school they can follow the same protocol.

Mr. Shoff presented the Standard Re-unification Method (SRM) which will also be implemented. This is in case of an emergency the process of reuniting parents and children from the school facility in a safe and timely manner.

Mr. Shoff updated the Board on the reVision program. The Nebraska Career Educational Model was submitted to the Board that highlights the goals. A reVision meeting took place on Tuesday, September 26 which Mr. Shoff, Mrs. Remm, some teachers and Carmie Marotz attended. Job Shadowing is one component of this program. Another meeting will take place November 1 at Wayne State College at 6pm.

Activity discussion began with members of the football committee: John Thies, Nate Behmer and Ryan Brogren highlighted on their meeting with Randolph. The football committee suggests we stay at 8 man football and not coop with Randolph at this time. However, Randolph was very willing to look at other extra-curricular activities, academic and teacher partnering options.

Carmie Marotz is running for the Nebraska Association of School Boards District 11. The ballot was sent around for members to review. The Board members will be voting during action items

Mr. Shoff had Ryan Brogren and Jon Jaeger give an update on how the Strategic Planning Committee meeting.

President Thies requested that members come up with facility planning priorities by next Actions began with a Motion by Jaeger,

second by Brogren to approve the Budget Report, the Financial Report and General Fund Claims of \$313,911.10, Special Building Claims of \$16,217.61 and Depreciation claims of \$2,198.14. # FOUNDATION

The 13th Annual Kevin J. Murray Memorial Fishing Tournament was held this summer at Lewis and Clarke Lake. The money raised by the tournament, totaling \$12,000 this year, goes toward scholarships for students at Wayne High School. Monies have gone toward the purchase a variety of items through the Wayne Community Schools Foundation. Involved in the check presentation were (left) Wayne Superintendent Mark Lenihan, Dennis Murray, Linda Murray, Teri Hypse and Kevin Koenig.

### Youth Mentor Hunt is a success

The Logan Creek Chapter of Pheasants Forever held its annual Youth Mentor Hunt this past weekend at Izaak Walton Lake and Thompson/Barnes Wildlife Management Area north- asking landowners' permission to hunt their land, and then did

Eighteen youth from northeast Nebraska ranging in age from 1 to 15 participated in this year's hunt.

The day began with check-in, followed by a hot dog lunch. During the check-in process the youth had to show their Hunter Safety Card which they obtained by taking a 10 hour course pro-

vided free of charge by Nebraska Game and Parks. After that the kids picked up their hunting vest which is theirs to keep, provided courtesy of Nebraska State Council Pheasant Forever and Nebraska Game and Parks. They were also given blaze orange hats provided by the Logan Creek Chapter.

The youth were then split into four groups and each one was paired up with an adult volunteer "Mentor" and took turns throughout the afternoon at six educational stations.

"For some of these kids it was the first time they had shot a shotgun. So the most important order of business for the day was the safe handling and use of the gun," said Jim Modrell, who is a local firearm safety instructor. Following his presentation, the youth were given the opportunity shoot a few rounds of trap followed by a live pheasant hunt, which was lead by several volunteers from the Wayne area and their trusty pointing dogs.

Dr. Melissa Heithold, DMV gave attendees some information before the hunt got started on how to best care for the type of dog that they would be hunting with.

Russ Hamer, a wildlife biologist, and Jeff Jones, a conservation officer, both with Nebraska Game and Parks provided the vouth with some useful information on hunting laws, and the different types of pheasant habitat to look for at different times

Duane Schroeder taught the hunters about the importance of a role play activity for the kids to experience all different type of responses to their asking.

Darin Gruenke, who is the leader of the Sharp Shooters 4-H Club, had an air rifle range set up for the kids to try their skills at shooting targets from different ranges.

The final event of the day was an archery target shoot which was taught by Ed and Lee Brogie, along with Bill Boese.

The day finished up with bird cleaning demonstrated by Lon-

The kids then enjoyed some refreshments provided by Kory Leseberg and Lutt Oil.

"The chapter would like to thank State Nebraska Bank and Trust, Elkhorn Valley Bank, BankFirst, F&M Bank, and Pac-N-Save for helping provide the meals for the youth. Also, thanks to the Izaak Walton League for the use of the facility, and Clara Osten with the Wayne Herald for her continued support and coverage of this event," said Tim Reinhardt, one of the organiz-

"We would especially like to thank all of the adult volunteers who make this event such a great success. This event would not be possible without the support of our generous donors, chapter members, adult volunteers, and the parents of the hunt participants for getting their kids out there to enjoy the great outdoors." Reinhardt added.

Check out the chapter Facebook page Logan Creek Pheasants Forever Chapter #303 to view some great pictures of the event. If anyone is interested in how to get signed up for next year's hunt contact Reinhardt at (402)518-0597 for information.

Youth from northeast Nebraska participated in the annual Pheasants Forever Youth Mentor Hunt recently. "Mentors" taught the 18 participants throughout the day at various educational stations. The day ended with a bird-cleaning demonstration, appropriate for the day spent hunting pheasants.
