The Sioux Reservation in Dakota Open to Settlement.

THE BOOMERS MAKE NOISE.

From Chamberlain and the Rapid-House Building at Oace. The Pierce Settlers Meet by Settlers with Frazz-Settlers and Turned Back.

WASHINGTON, Feb. 11.—The president issued the proclamation opening to settlement the Sioux reservation in South Dakota.

An executive order was issued fixing the boundary lines of the two land districts in the newly created reservation in South Dakota. The location of the land office of the northern district will be Pierre, and that of the southern district at Chamberlain. Registered and receivers will be appointed at once, and they clerks from the land office here will be sent to the new office with the necessary blanks and papers to carry on the public business.

It is reported that the portion of the newly ceded and south of the 43d parallel of latitude is added to the Mitchell district of Nebraska. The line of the Black Hills, the Harco and Mitchell land districts will be changed to conform to the lines of the new districts.

THE BOOMERS.
CHAMBERLAIN, S. D., Feb. 11.—The loud report of a cannon was the signal for the boomers to enter the Sioux reservation in accordance with the president's proclamation. Hundreds of teams with great loads of lumber started on a 14 day run across the river, and a hundred or more Indian police, placed as a guard to prevent any premature invasion, stood along and held as they viewed the great and irresistible rush for the reservation. A most notable feature was the moving of a large building, under which had been placed heavy timber and chains. This building was pulled across the river by galloping horses. There was a number of small boats crossing on the river, and fatalities have been reported. Houses are being erected by the light of lantern and the morning sun. Scores of new houses, many of them grouped in the new town on the west side of the river.

BOOMERS MET BY BOOMERS.
PIERRE, S. D., Feb. 11.—News that the reservation was opened was received here at 8:30 p. m. The announcement was made by the booming of a cannon. The legislature at once adjourned. A grand jury was at once sworn. The morning was a busy one. Settlers from all over the state were flocking to the new town. They failed to get on the promised land, as troops were there and with drawn bayonets pinned a banding. Col. Cassin explained that he had no orders, and they must go back about two miles. However, the women were un-impeded in getting foot on the soil, as the troops were just changing their posts. However, the women were pursued and chased off the reservation. People at Ft. Pierre are not allowed to leave the city square. Commander

CROOKED PEOPLE.

Bank Wreckers, Boodlers and Jury Bribers.

PRESIDENT CLAASSEN'S WAY.

How the Sixth National Bank Broke—A Pennsylvania Cashier's Defalcation—Cook County's Boomers Released—Justice Graham's Opium.

NEW YORK, Feb. 11.—The examination of ex-President Peter J. Claassen of the Sixth National bank, who is charged with complicity in the recent bank wrecking, was continued before United States Commissioner Simeon Charles H. Leland. The present head of the Sixth National bank and vice president, the wreckers obtained by purchase, was cross-examined, but his testimony given Saturday was not materially shaken.

THE HURLEY BANK ROBBERY.
MILWAUKEE, Wis., Feb. 11.—The case of Ferris and Baker, under indictment for the Hurley bank robbery, will be called for trial at Ashland a week hence. District Attorney Rossmann and Deputy Attorney General Smith, are expected to subpoena Fred Schmidt, General Auditor of the Joint Brewing company, for the case. The prosecution intends to show that Baker was a partner in the Hurley bank robbery, which was a saloon venture. The money was sent to the Hurley bank from the National Exchange bank of this city, and Mr. Schweitzer's testi-

THE NATIONAL LEGISLATURE.

Senate Passes a Number of Bills—House Passes a Number of Bills—Washington, Feb. 11.—In the senate the Oklahoma bill and the educational bill were further considered, without final action being taken on either; and a number of bills were taken from the calendar and passed. Mr. Everts, from the committee on privileges and elections, reported a resolution, which was adopted, declaring it competent for the senate to elect a president pro tempore, should the president exercise the duties thereof when the vice president is absent. The senate passed the house bill appropriating \$40,000 to be expended in building a hall for the Marine branch of the National Home for Volunteer Soldiers for the current year, and the senate bill appropriating \$80,000 for a site for a public building at New Orleans.

The following bills were passed: Appropriating \$40,000 for a public building at Sioux City, Ia. Appropriating \$200,000 for a public building at Cedar Rapids, Ia.

WASHINGTON, Feb. 11.—The senate on Monday passed the bill authorizing the construction of a railroad between and over passenger bridges across the Mississippi river at Clinton, Iowa, and extending for two years the time for expending and finishing the work, and authorizing the utilizing the construction of a passenger bridge across the Mississippi at Lyons, Mo.

HOUSE.
WASHINGTON, Feb. 11.—In the house the journal of Thursday's proceedings was approved, and the speaker counted a quorum. Friday's journal was also approved. The bill for the removal of the mouth of the Missouri river and \$1,000,000 for the improvement of the mouth of the Columbia river was reported.

THE WORLD'S FAIR.
The Sub-Committee Agree Upon a Plan for Selecting the Site.
WASHINGTON, Feb. 11.—A meeting of the sub-committee on the World's Fair was held. Chairman Chandler presented a report and he was authorized to submit it to the full committee for action. The report submits to the house two titles, as passed by the committee, one containing provisions suitable for holding the fair in either Chicago, New York, or St. Louis, and the other making it possible for the fair to be held in Wash-

C.; Withdrawn, John E. Haggart of Maryland, to be marshal of the United States for the district of Maryland, he having declined the appointment.

WASHINGT. FEB. 11.—The president has abandoned his proposed trip to Pittsburg to open the Carnegie library on Thursday. He had intended to go there, but they have interfered so much with his attention to public business that he does not feel that he can spare time and go away for a few days to the neglect of urgent public business.

WASHINGT. FEB. 11.—Mr. Wickham of Ohio introduced in the house a resolution to be presented by the United States congress shall be returned from the same districts as similar representatives elected to the Fifty-third congress.

AMSON, & McNEAL Editors. Largest Circulation of any Paper in Wayne County.

THURSDAY, FEB. 13, 1890.

It one of the great inland cities of the country. The Chicago, Milwaukee & St. Paul has exploded a bomb in railway circles by announcing a cut of 33 1/2 per cent in the rates from Chicago to Kansas City, and as the same rates apply to all Missouri river points the rates will go down all around.

The Bee has the following to say in regard to the Omaha & Yankton. S. H. H. Clark, of St. Louis, general manager of the Missouri-Pacific road, arrived in Omaha Monday evening.

The ten per cent reduction in the grain amounts to little and will affect the price of corn but little. A reduction by which the railroads would share with the farmer the effect of low prices is what is needed.

The general manager of the Elkhorn road comes forward with a proposition to build cribs along that road and permit farmers to store corn in them until such a time as they wish to ship it.

Speaker Reed's firm stand on the question of what constitutes a quorum in the hands of representatives has caused much discussion.

The lottery scheme before the legislature of North Dakota, was indefinitely postponed by the house, and the new state is saved the disgrace of becoming a partner in such an institution.

With the legislature and newspapers of South Dakota denouncing the story of destitution in that state as malicious lies of the one hand, and the people of several counties appealing piteously for help on the other, it is little difficult for the charitable disposed people of the outside states to decide what to do in regard to sending them supplies.

We notice an item going the round of the democratic papers to the effect that a big fat steer will sell for just enough to buy a farmer a plain suit of working clothes. A big fat steer is worth at least fifty dollars, and he would be rather an extravagant farmer who would put that amount into a suit of working clothes. Prices are had enough without lying about them.

The president's proclamation opening the Sioux reservation was issued on Monday. There are nine millions of acres in the territory opened to settlement, and there will be a big rush to secure the choice locations.

The United Pacific Ry. also known as the Overland Route, has lately added to its service a number of new cars (which by the way are built by the world famous Pullman Company) entitled Colonist Sleepers, and which for convenience and comfort are but little behind the hand some Pullman Palace Car.

The only difference between these cars and the regular first class Pullman is that the Colonist Sleeper is not upholstered. There are fourteen sections in each car, and the arrangement is as follows: six gentlemen, and at night by means of sliding lead boards and heavy drape curtains, which are furnished with the regular first class steamer. Fifty or sixty clean towels and a good supply of water are also to be found. A uniformed porter accompanies each car to look after the comfort and attend to the wants of the passengers and no smoking is allowed. It certainly seems that for cheap and comfortable sleeping accommodations, while traveling, these cars cannot be excelled.

NOTICE FUGON-RESIDENT. In the District Court of Wayne County, Nebraska. DEXTER A. PITTINGER, Plaintiff. Henry N. Moore, Defendant.

Henry N. Moore, the above named defendant, had notice that on the 22 day of January, 1890, Dexter A. Pittinger and Curvey K. Pittinger, plaintiffs in the within entitled petition in the District Court of Wayne County Nebraska, against said defendant, the object and prayer of which is that the plaintiffs may recover from said defendant the sum of One Thousand Five Hundred (\$1,500) Dollars, with interest from February 15th, 1888, upon the cause of action in said petition stated, to-wit: That on or about the 15th day of February 1888, the plaintiff executed the following described property, to-wit: Ten year-old steers, five yearling heifers, thirteen year-old calves, three two-year-old heifers, sixteen cows, five hogs, eight horses, six sets of harness, two wheelbarrows, one blade harrow and two stirring plows, which said property was valued at the date of the mortgage executed by said defendant (2,550) Dollars. That on said date last mentioned said property was encumbered by a mortgage executed to said plaintiffs signed by Pittinger Bros., to said Henry N. Moore to secure the payment of a certain promissory note due April 1st 1889 for Two Thousand Eight Hundred and Fifty-four (\$2,854) Dollars, this interest on said note being 15th 1887, upon which there was paid on the 2nd day of February 1888 the sum of Fifteen Hundred and Forty (\$1,540) Dollars. That on or about the 15th day of February 1888, the plaintiffs not being indebted to the said Moore upon any other note than the one mentioned herein, and before the maturity of the said note, and without any grounds for believing himself in default, the said Henry N. Moore, defendant herein, took possession of said property, and by a pretended sale thereof, which said sale was wholly void, found said said collateral property converted to his own use, and has, wholly failed and refused to in any way account to or pay over to plaintiffs the value of said property except the sum of One Hundred and Fifty (\$150) Dollars, which amount the said Moore has accounted for the purpose, and with the intention to thereby hinder and prevent said plaintiffs from setting up the foregoing facts as a defense to said note, and said Stennett has now brought suit upon said note, alleging to be due thereon the sum of Nine hundred and Forty-seven and ten one-hundredths (\$947.10) Dollars, with interest from Feb. 15th, 1888.

That on the said 22nd day of January 1890 an order of attachment and cause first mentioned was issued by the Clerk of the District Court of Wayne County Nebraska for the virtue of which order there has been attached as your property, the following described lands in Wayne County Nebraska, to-wit: Section 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

There will be a sale the 21st at Nelson Brothers. Everything that a farmer wants will be sold. There was a lantern show on Plum Creek last Wednesday night, and a good attendance is reported.

Miss Maggie Bosteder and her sister made a call on the agent of Coon Creek. This is the first she has been out.

We thought Brigham Young was dead, but from the looks of things on Plum Creek and Coon Creek he is yet alive.

MISS SALLIE McFEE, who is teaching the Plum Creek school, is giving the Colonist a fine time.
