WESTERN CRIMES.

A Lady Robbed of \$7,000 on an Omaha Street.

ANEBASKA GREEN GOODS MAN: Kate Shelley, the Iowa Heroine, Victimised—A Notorious Wisconsin Highwayman in the Toll-Sharpers Working

OMAHA, July 15.—Mrs. Florence Russell of Ottawa, Kan., was robbed of \$7,000 in cash on Saturday at the corner of Fourteenth and Capitol avenue in this city by James Hogan and John Rask. Mrs. Russell came to Omaha from Ottawa several days ago on business, bringing with her a draft for \$10,000, drawn on the First National bank of New York for the place of money in a small bundle and started to walk to her lodging house on North Fourteenth street. She had reached the Deltone Hotel when she felt her handbag snatched from her. Looking around she saw two men disappearing through the hotel. She recognized some of the men in the crowd and came to Ottawa. Two Ottawa men, John L. Bush and James Hogan, with a woman carrying a bundle on her head, had been seen on the train and also came to Omaha. They escaped with money. Hogan was subsequently captured.

Western Green Goods Operative. —OMAHA, Neb., July 15.—Squire Marshal Slaughter has in custody E. P. Graham, a young man from Iowa who has been attending the normal school at Fremont. Some time ago Graham conceived the idea that there was money in the "green goods" business. Accordingly he obtained from the "unnimpaired" department of the Stock Stamp & Printing company of New York a large amount of 100 Confederate bills. This he advertised green goods.

Graham rented lock box 58 at the Fremont postoffice and daily a large number of letters came to the postoffice. One of the occupants thereof, Marshall Slaughter, the fraud was unearthed. Finally the mail came and Deputy Marshal Slaughter arrested Graham at Fremont last Saturday, and he is now in custody here. Graham evidently did a big thing when he really got money from him. Graham could forward a bill of Confederate money. The officer captured at the postoffice, money and caught Graham in the act of emptying lock box 58, so the evidence against him is strong.

A Heroine Victimised. —Des Moines, Ia., July 15.—Kate Shelley, the Missouri heroine whose bravery in saving a passenger train from destruction and the occupants thereof from a terrible death a few years ago during a terrible storm at night, with the details of which the public is familiar, has been victimized and extorted by an unscrupulous rascal. Not long ago a public subscription was started for her benefit by a Chicago paper, and something over \$300 raised. With this money Kate paid off the mortgage on her mother's farm, and with part of the balance she was having a comfortable home built for the family. She bought two horses in Michigan and made a contract with a carpenter from Clinton who called himself A. Lamberton, to put up a house as she desired for 1000, but found everything necessary except what could be worked over from the two old houses. He bought a paying a small amount down and having the rest, about 80, charged to Miss Shelley. Supposing that he had paid for the material, Miss Shelley paid him 100 on account. He, however, was known to have the \$100 which he got from Kate, and leaves \$80 behind on the lumber. He also over the work non all the wages for the work so far done on the house.

TRAGEDY. —HENDERSON, Mich., July 15.—Two years ago Perry Constock, 69 years old, wedded and won a young woman of the neighborhood, 17 years of age. Notwithstanding the disparity of their ages the couple lived happily, and a daughter was born to her. Before her marriage Constock acquired a son, now grown to a young man. At this time the relations between the wife and son were growing improving. There were no frequent quarrels. Without preliminary warning, Constock grasped a loaded revolver and shot his wife, fired an ineffective bullet at his son, and then gave out his own brains. Constock was a justice of the peace, and was respected by his neighbors.

A Notorious Kullian Arrested. —ASHLAND, Wis., July 15.—Jack W. Mackie, one of the most notorious shootors, highwaymen and all-around toughs in the northwest, was arrested by Deputy Sheriff John Marsh after a hot pursuit at various points. Mackie is a native of Michigan and has served a term of half a dozen months and serving terms. His latest exploit was holding up, single-handed, a party of half a dozen workmen and relieving them of what cash they had. One evening he was driving to the place where he was arrested. Sharpers Feeding the Farmers. —DUNCAN, Ills., July 15.—Sharpers are preying upon the farmers of Illinois. They claim to have discovered a village which contained 10 Iowa women, feeding themselves of their own. Twenty

five cents is charged for each unit of swine, and they give a worthless guarantee that they promptly will give a refund, and when it is so proven the operations are always out of reach.

A Negro shot by a Policeman. —KANSAS CITY, July 15.—George Robinson, a negro, was shot and instantly killed by Officer C. C. Hendricks in Kansas City, Kan., shortly after 1 o'clock.

WASHINGTON, July 15.—The president approved the silver bill immediately upon its receipt at the White House.

THE PAN-AMERICAN LINE. —Ground Broken for the Corpus Christi and South American Railway. —Brownsville, Tex., July 15.—The first practical step toward the Great Pan-American railway from North to South America has just been taken here.

Ground was broken for the Corpus Christi and South American railway. The first division is 100 miles long, and Great Falls, Minn., was chosen as the starting point, at which place it connects with the railway systems of the United States. The line will extend from there to Matamoros, and thence extended first to the City of Mexico, then to Vera Cruz, and thence to the Gulf of Mexico. It will be completed in about nine months. The Mexican and American governments have participated in the project, which will be completed in about nine months. The Mexican and American governments have participated in the project, which will be completed in about nine months.

COMMISSIONERS' PROCEEDINGS. —MORNING, July 17, 1890. —Commissioners met in regular session at 10 o'clock. Present: Wm. Frazier, chairman, John F. Metten, Henry W. Hittler, S. H. Russell, Clerk. The following reports were made and adopted: The report of the county auditor was read and approved. Amount collected 2nd quarter \$355.20.

It is ordered that J. F. Brown be allowed the sum of \$200 in payment of 100 acres of land. It is ordered that a building a sluice box 20 feet long and 4 feet square to be used on the water in the creek, 20-4, at the place where said Brown has a contract to cut and fill so as to change the channel of the water creek.

Tuesday, July 16, 1890. —Commissioners met pursuant to adjournment. Present: Wm. Frazier, chairman, John F. Metten, Henry W. Hittler, S. H. Russell, Clerk. The report of County Clerk examined and approved. Amount collected 2nd quarter \$355.20.

The report of County Treasurer examined and approved. Amount collected, 2nd quarter, \$47. The report of County Judge examined and approved. Amount collected 2nd quarter \$4.80.

County superintendent filed report of Institute fund showing amount on hand \$50.25. The report of Sheriff examined and approved. Amount received 2nd quarter \$102.40.

Business now the Treasurer and files his final annual settlement and submits the following statement of the balance of the several funds received and paid out which was examined and approved: Sheriff's statement as follows: Sheriff's statement as follows: Sheriff's statement as follows:

THURSDAY, JULY 15, 1890.

General John C. Fremont is the first candidate of the Republican party for president, died in New York last Saturday.

The Nebraska county without a candidate for a state office is a political phenomenon.—See.

All right, but Wayne county down as a political phenomenon then.

George D. Perkins, of the Sioux City Journal, was nominated for representative in congress by the republican convention for the eleventh Iowa district last week.

The Cuming county republican convention has declared for Richards for governor; and passed a resolution demanding the defeat of the members of the present board of transportation.

Governor Thayer has at last publicly announced that he is again a candidate; and notwithstanding the mistakes he has made, there is a prospect that he may be nominated as a compromise candidate.

The president vetoed the bill granting an extension of time of payment to the settlers on the reservation, not on account of the extension but of the form of the bill, which permitted the local authorities to tax the land while the title still remained in the United States.

The compromise silver bill has passed both houses, being signed by the president, and is now a law. It provides for the purchase of four and a half millions of ounces of silver a month, or as much less than that as may be offered, the secretary of the treasury to issue in payment silver certificates or treasury notes. Like all compromise measures it does not meet with the approval of the extremists on either side, but it is probably the best measure that could be passed this session. It is a long step in the direction of free coinage and will add about sixty millions a year to the currency of the country. It is distinctly a republican measure, the democrats voting solidly against it.

If the republican party in Wayne county expects to accomplish anything hereafter there must be an end to the factional quarrels that we have had for the past few years. Matters have reached a point where the fighting within the ranks must stop or the party may as well disband, so far as county politics is concerned. The party can not afford to permit a dozen men to keep it in an uproar. If they can not get together and settle their difficulties, or at least agree to keep them out of the campaign, then all is down dead. A few sections of the county are dead with vigor by the county convention might help matters somewhat. The nomination of a good man on the republican ticket in Wayne county ought to be equivalent to an election, but unfortunately it is not. We must either have peace or give up the contest and let the democrats run the county.

In the Douglas county republican convention a resolution was offered pledging the republican party of the county and the delegation to the state convention to the license amendment. It was a fortunate thing, that there was such an overwhelming opposition to it that it was promptly withdrawn. Its adoption would have been a serious and irreparable blunder. It would have hurt the party at large and killed the candidate in whose interest it was offered. The Douglas delegation was rejected. Neither the republican party nor those who favor high license can afford to commit themselves to the

license amendment. There are thousands of voters who will vote against prohibition who would bitterly oppose putting a license amendment into the constitution. The license amendment must not be pushed to the front. An action campaign for it would carry the prohibitory amendment as sure as election day comes. It must be a straight and plain contest between the Stoumch law and a prohibitory law. It would be the height of folly to drag anything else into the contest.

CONGRESSIONAL PROCEEDINGS.

Senate.
WASHINGTON, July 15.—The senate took up the study of bill.—An item of \$30,000 for the erection of a building on the site of the old building of engraving and printing being reached, the old contractors as to hand and seek to have the bill amended so as to appropriate \$10,000 for an additional building. The bill was then passed by the independent of the press question. It was then passed by the independent of the press question. It was then passed by the independent of the press question.

House.
WASHINGTON, July 15.—The house took up the study of bill.—An item of \$30,000 for the erection of a building on the site of the old building of engraving and printing being reached, the old contractors as to hand and seek to have the bill amended so as to appropriate \$10,000 for an additional building. The bill was then passed by the independent of the press question.

Other amendments were agreed to as follows: Appropriating \$10,000 for repairs on the building; \$10,000 for new boilers in the same building. A bill was introduced to amend the limit of cost of the public building at Millwaukee by \$100,000. Agree to. A bill was introduced to amend the 114 page of the bill it was laid aside.

During the discussion of the District of Columbia bill Mr. Milliken of Maine accused Mr. Hearst of Missouri of thinking the amendment for which was not in the interest of the railroad company. Mr. Hearst replied that he was not in the interest of any company. Mr. Morgan of New Hampshire moved that the bill be referred to the committee on the recommendation that it be recommitted to the committee on the District of Columbia, with instructions to report back a substitute providing that before the 1st of January, 1891, the railroad company shall remove its office from the intersection of Sixth and B streets to the intersection of Sixth and C streets. The recommendation was agreed to—109 to 59—and accordingly the bill was committed to the committee on the District of Columbia. Mr. Hearst of South Carolina moved to reconsider and also moved to lay the motion on the table, but no quorum voting the house at 5:50 p. m. adjourned.

SEIZURE OF AN AMERICAN SEAL.

The captain claims he is held without good cause.
PORR TOWN, Wis., July 15.—Capt. Thomas of the North American Commercial company's steamer Arago, arrived from Ounalaska, says that Capt. Mochler of the schooner Mattie G. Dyer was seized at Ounalaska June 13. He claims that the vessel is held without good cause. He says that he was arrested at Ounalaska, and went ashore to the custom house, and surrendered his papers. He says that the schooner Mattie G. Dyer is stationed there, and his vessel, the vessel owned by the schooner Mattie G. Dyer, is hunting parwalina and skins taken ashore. Capt. Mochler claims to be able to prove that he has not been inside the Redoubt sea, and says there is no evidence on which to lay his vessel.—The revenue cutter Bear was when the seizure was made. The ship British sailing schooner Harry Demuth also put into Ounalaska with a large crew, but did not stop, but slipped during the night without giving the authorities a chance to take her. Capt. Mochler says that all his cargo was heard from had been making his

THE FIRST STEP.
Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything for your satisfaction, and you wonder what ails you. You should heed the warning, you are taking the first step in Nervous Prostration. You need a Nervous Tonic and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal healthy condition. Suffering results follow the loss of the great Nervous Tonic and Alcoholic. Your appetite rots, your good digestion is restored, and the Liver and Kidneys assume healthy action. Try a bottle. Price 50c, at Dr. Ferrin's Drug-stores.

NOTICE OF PURCHASE OF LANDS TAX SALE.

Notice is hereby given that on the 5th day of November, 1888, each of the following described lots or parcels of lands situated in Wayne county, State of Nebraska, to-wit: The north west quarter of the south east quarter and the south west quarter of the south east quarter, of section 25, township 28 north, range 11 east in the name of D. Cunningham. The north east quarter of the north east quarter, the north west quarter of the north west quarter, the south east quarter of the south east quarter, the south west quarter of the south west quarter, of township 28 north, range 11 east in the name of F. J. Silver, was each duly and lawfully sold by the treasurer of said Wayne county, Nebraska, in accordance with the provisions of an act in that behalf provided by law, for the sale of lands on which taxes were in arrears, and each of the same was then purchased by the undersigned, William Hillstrom, and that the time for redemption from said sales will expire on the 5th day of November, 1890.

WILLIAM HILLSTROM.

Ayer's Sarsaparilla

The Best Blood Medicine

So say Leading Physicians and Druggists, and their opinion is endorsed by thousands cured by it of Scrofula, Eczema, Erysipelas, and other diseases of the blood.

Ayer's Sarsaparilla has won its reputation by years of valuable service to the community, it is the best—R. S. Lang, Druggist, Mt. Vernon, N. Y.

Dr. W. P. Wright, Paw Paw, Mich., says: "It is my practice, and I invariably prescribe Ayer's Sarsaparilla for chronic diseases of the blood."

Dr. R. B. Boyd, Third and Oxford Sts., Philadelphia, Pa., writes: "For two years I have prescribed Ayer's Sarsaparilla in numerous instances, and I find it highly efficacious in the treatment of all disorders of the blood."

L. M. Robinson, Pharmacist, Sabina, O., writes: "Ayer's Sarsaparilla has always cured my blood-purifier equal to it."

For many years I was afflicted with excruciating neuralgic aches, which, as late as came to bed the doctors advised me to take Ayer's Sarsaparilla and soon saw an improvement. After using about two dozen bottles the sores were healed. I continue to take a few bottles this month and next year, for my blood, and am no longer troubled with them. I have tried other reputed blood-purifiers, but none does so much good as Ayer's Sarsaparilla.—D. A. Robinson, New Canaan, Conn.

PROBATIONARY.

It is a significant fact connected with the Kansas penitentiary that the number of prisoners when compared with the population, has been steadily decreasing for eight years past, and that that there has been an actual decrease in the number in confinement during the past 126 years. On the first day of January 1870, the state prisoners (not including United States, civil or military) numbered 213, or one for every 1,271 inhabitants; at the same date in 1875 the state prisoners numbered 435, or one to every 1,244 inhabitants; in 1880, the year prohibition was adopted, the number was 633, or one to every 1,474 inhabitants; in 1885 the number was 673, or one to every 1885 inhabitants; and on the first of January 1889, the state prisoners numbered 594, or one to every 1821 inhabitants. On the first day of January 1887 there were 395 state prisoners confined in the penitentiary; on the first of January 1888 there were 495, and on the first of January of the present year there were 861.

The warden states in his biennial report, that more than 25,000,000 criminals are serving out sentences for felonies in the prisons of the United States, or about one prisoner for every thousand inhabitants. The same ratio in Kansas would give one penitentiary 1,951 state prisoners. We have today a total of only 861, or not much more than one-half the number of criminals per capita reported for the United States.

TAXATION.
A favorite argument of the anti-prohibitionists is the alleged increased expenses of maintaining courts, causing a higher rate of taxation where the policy of prohibition prevails. Shawnee county, of which Topeka is the county seat, the superior court having been discontinued after it had accomplished the work for which it was created, is well clearing up the books of old cases that have accumulated many of them long before we had prohibition. Under our laws all expenses of courts are paid out of what is called the general revenue fund; at so officers' salaries, keeping of prisoners in jail and all other current expenses.

There are but two funds from which expenses connected with the enforcement of the law can be paid. The salaries of the judges are paid out of the state general revenue fund, and the court costs, witness fees and keeping of prisoners are drawn from the county general revenue fund. Whatever tax is outside of these funds is purely local, and cannot be raised or levied by an increase or diminution of crime or pauperism. Voting booths to railroads, for school-houses, to build bridges, etc., increases the rate of taxation. Prohibition has nothing whatever to do with this. The following tabulated statement shows the levy of taxes for general revenue purposes, both county and state; in Topeka and Shawnee county, for 1889, beginning three years before we had prohibition, giving the amount of tax on each \$100 returned by the assessor, which represents about one-third of the actual value of the property assessed.

Year	State	County	Total
1878	55	\$1.25	\$1.80
1879	55	50	1.156
1880	50	50	1.000
1881	50	50	1.000
1882	50	50	1.000
1883	43	50	1.03
1884	43	50	93
1885	39	50	89
1886	42	50	92
1887	40	50	90
1888	38	33	71

POSITION OF OUR COURTS.
March 11th, 1889, Hon. John Guthrie, judge of the third judicial district, in delivering his charge to the grand jury, used the following language:

It is made my duty by the law to call your attention to the fact that the only law known as the prohibition law. The experience of the past has abundantly demonstrated that to secure an efficient enforcement of this class of legislation for the protection of the inhabitants of the state, these laws must be enforced in good faith according to their letter and spirit. There is no middle ground for officers of the law and justice to occupy, and either every offense against this law must be speedily punished or there is no boundary to its violation. The state has the right and power, and it is its highest duty, to enact all useful laws for the protection of society against immorality and vice. It is the duty of the state to enact such laws as may best protect the best interests of the strong against the temptations of vicious tastes and habits; to stimulate habits of industry, sobriety and virtue, and to restrain the husband and fathers from wasting the fruits of industry and toil for intoxicating liquors, so that the families of the state may be better fed, clothed and educated. Such are the purposes and objects of the state forbidding the sale of intoxicating liquors except for medicinal, mechanical and scientific purposes. The law has no force or effect unless all that was expected for it. It is almost universally conceded by

those who are in a position to know the truth.

There has been, it is true, an occasional attempt by persons to evade the law by clandestine or secret methods, but all such persons have been promptly arrested, tried and punished by fine and imprisonment, and their unlawful gains destroyed. The great diligence of the county attorney, sheriff and other officers charged with the duty of enforcing the laws of the state against public offenders, and the honor and integrity of grand and petit jurors in the discharge of their duty, have so crystallized public opinion in the direction of law and order that this court has been almost relieved from the trial of cases arising under the prohibition laws, as well as the other criminal laws of the state.

This language expresses the general position and sentiment of the courts of the state.

Rich. Mangle, and Scrabbes on him and analysis cured in 20 minutes by McMillan's Sanitary Lotion. This never fails. Sold by E. E. Ferriss, Druggist.
