## EASY CARE KNITS

Knits go anywhere—supermarket or dinner dance, swim suit, jumpsuit, toddler's bib suit. Fashion specialists say that knits represent over 50 percent of all women's wear and the figure will probably climb.

Why? Because knits are easy to wear and easy to care for. The fact that so many can be popped into the washing machine and come out as good as new has not been lost on American housewives. Now the men have started demanding knits in their lives, too.

Lifetime Resident of Laurel Dies  
A lifetime resident of the Laurel area died Saturday at the Wayne hospital. Funeral services for Edward Lindberg, 83, were held Tuesday at the Laurel United Methodist Church at 2 p.m.

Born Dec. 19, 1889 at Concord, he was the son of Fred and Christine Johnson Lindberg. He was married to Helen Backer Sept. 25, 1917 at Randolph. He was an employee of the M and O Railroad most of his life.

Officiating at his funeral was the Rev. Robert Eason. Pall bearers were Verdel Larson, Clarence Larson, Tony Backer, Paul Backer, Glenn Bonge and Melvin Gramm. The congregation sang "How Great Thou Art" and Clarence Johnson sang "In the Garden" accompanied by Mrs. Kenneth Backer. Burial was in the Randolph Cemetery.

Preceding him in death was one sister. Survivors include his widow, Helen, one sister, Mrs. Emma Larson of Pender, one brother, Walter, of Norfolk, and many nieces and nephews.

What's Phase III?  
How will the Cost of Living Council and the Internal Revenue Service monitor price and pay increases?

This will be done by reviewing reports received from firms and employee units, spot checks, and audits of firm records, and analysis of government and trade data, such as the Wholesale and Consumer Price indexes.

### Attentive

DIRECTOR Ron Dalton's hand is blurred, his face attentive during Monday night's midwinter performance by the Wayne High Concert Band. Playing trombones during one of the selections are, from left, Max Teeter, Rick Harmeier, Terry Hasebroeck, and Mark Cramer. The concert attracted a full house to the high school lecture hall. It included two novelty dance numbers featuring "The Adorable" and "The Charleston Charmers" band members performing 1920's dance numbers.

has spent a million dollars to make you comfortable

We've been through a busy three-year program of remodeling, redecorating and renovation. Now it's completed, and we have the most up-to-date hotel in Lincoln. We're proud of it.

All guest rooms and suites are as attractive and comfortable as you'll find anywhere. Many spacious new guest rooms have been created by combining pairs of smaller rooms. Every room has color TV. And our rates are as reasonable as ever.

Three fine restaurants offer you a variety of dining and entertainment.

Our Ballroom is one of the largest and most elegant in all of Nebraska, and our exhibit hall and meeting rooms have been completely up-dated.

We invite you to stop in for a tour of our all-new hotel... Lincoln's finest!

# Ford... '73 U.S. Car Of The Year...

"It is the finest family car to be found at its price in showrooms today. In many respects it's the best that can be found at any price!"  
Road Test Magazine, January, 1973

The following outstanding features are standard on a 1973 Ford Galaxie 500:

- Selectshift cruise-o-matic transmission
- Power front disc brakes
- Power steering
- Black sidewall bias-belted tires
- Full length door armrests
- Deep cushioned lower back bench seats
- Power ventilation
- Magic air heater
- Two rear seat ash trays
- Dome and front ash tray lights
- Chrome hub caps
- Door panel wood trim applique
- Loop pile carpeting
- Galaxie 500 ornamentation
- Bright door belt, hood rear, wheel lip
- Tail lamp and body side moulding
- Dual note horn
- Locking steering column
- Inside hood release
- Energy-absorbing bumper system
- Unbreak shoulder/lap belts
- Plus all Ford Motor Company safety features

Whether you choose a Custom 500, or a 500 or LTD, you'll get what we think is the current best in family transportation.

All body styles are mounted on a 173-inch wheelbase torque over frame with coil suspension at each wheel. This frame design permits a wheel impacting a bump or dip to move slightly rearward into a rubber cushion as well as forward. It is this feature more than anything else that contributes to Ford's outstandingly smooth ride. And it's this feature that gives the tough surfaces of ROAD TEST MAGAZINE
