HE WAS A SON
Emotional Revelation of a Woman's Soul in Kansas City

Kansas City dispatch: The situation of the book has been discussed that Frank Gray, a grove, is a man who has created the great excitement and investigation following has developed a most romantic story. About two years ago a smooth foot individual came to Kansas City and opened a saloon, which was conducted unobtrusively and returned the neighborly business profits. Later the same individual, who was known to the business men of Kansas City by the name of Frank, then opened a saloon at Seventh and Westward streets, and soon secured a paying patronage. During this time Frank Gray dealt largely in real estate and the investments he made showed him to be a man of great business ability.

"DROPPED DEAD"
The Fate that Overtook "Little Man" and His Wife

Appropos of the sudden death of Gen. George B. McClellan, which has been the topic of the week, it is interesting to note that the New York Sun, points out the singular fact that Governor DeWitt Clinton, Governor Elias Hays, Governor Thomas L. Mancy, City Mayor John Jay, Governor Charles Burgh, and Governor E. K. Panton, all of New York state, dropped dead of heart disease, and the same quite identical symptoms attended their dying while reading a letter sent Marcy, who was passing Cooper's point.
