## Mrs S. A. Lutgen Announces Final Club Convention Plans

Will Preside at South Sioux Meeting April 11, 12, 13

Mrs. S. A. Lutgen, president of the Third District of the Nebraska Federation of Woman's clubs was guest and speaker at a dinner of the South Sioux City club last Monday evening. Final arrangements were made for the annual convention of the Third Nebraska Federation of Women's clubs to be held April 12 and 13 at South Sioux City. The pre-convention dinner will be April 11 for board members and chairmen. Officers will be elected at this meeting to take office after the first of the year after the state officers have been elected.

Speakers for the convention are Mrs. M. S. McDuffee, of Norfolk, Neb., director in the General Federation, Mrs. Eva Catey, state vice-president of Springfield, Rev. S. G. Kessler, pastor at Fullerton, will give a special address Thursday afternoon on "Education" to which all high schools of the district will be invited. Officer, Garth Champagne of the U. S. forestry service will give an address during the convention. Mrs. Edna Hobbs Jackson, Nebraska's new General Federation chairman of character education, Mrs. Walter Kichel, Tecumseh, president of the Nebraska federation; Mrs. Maude Nuquist, member of the state planning board, and Corporal L. W. Fouts of the safety patrol.

A banquet to be held at Hotel Martin Thursday evening for both junior and senior club. The Commercial club will take guests to the banquet from South Sioux City. Mrs. H. C. Houghton of Waterloo, Ia., director in the General Federation will be the main speaker. Special music pageants, and dramatized songs have been arranged for entertainment.

A special art tea and art exhibit given by the Sioux City Woman's club will be Thursday afternoon.

All meetings of the convention will be at the High School Auditorium in South Sioux City.

## Carroll Couple Married Here Thursday

Esther Wacker Weds Hollis Williams

Esther Wacker was married to Hollis Williams by the Rev. W. F. Most at the Wayne Lutheran church Thursday, Jan. 12 at 2 p. m. The bride was Miss Marie Hoffman and the best man was Dwight Davis, the former was a cousin of the bride and the latter a cousin of the groom.

Mrs. Enos Davis played the wedding march "Mine," before the ceremony and "All the Way My Savior Leads Me," after the ceremony. Mr. Davis sang. Rev. Most performed the single ring ceremony.

The bride was dressed in royal blue crepe with white accessories and carried red roses. The bridesmaid wore a wine colored dress with white accessories and carried pink carnations. The Groom and groomsmen wore gray.

Forty-five guests attended the reception and wedding dinner at the home of the bride, Mr. and Mrs. George Wacker of Carroll.

After a short visit the couple will reside temporarily with the groom's parents and farm near Carroll.

## Congressional Cross Section

Adequate rural representation in congress may engross attention before many years. Of the present congress, 410 members were born in big cities; 211 members in cities of 50,000 or less, and 136 on farms. The log cabin legend of American politics is nearly finished. Only five of the present membership were born in a log cabin. And the explanation is simple. We haven't any more log cabins. Lincoln Star.

## Glen Walker Leases Standard Oil Station

Glen Walker formerly of Kearney, Neb., has leased the Standard Oil station operated for the past 15 years by Frank Davis.

## Little Wildcats Go On Scoring Rampage To Win From Coleridge 42-21

In a preliminary game to the S. T. C. Kearney basketball game here Friday night, Coach Bloss sent his scrappy and clever little Wildcats against a game band of Coleridge basketballers to win 42 to 21.

From the outset the little Wildcats were in command and out-classed their opponents in every department of the game. It would be difficult to pick a star out of Bloss' lineup so well did every boy perform.

While the Wayne High school and the College teams were losing a close game last week the Training school team trounced their rivals in a most convincing manner, outscoring them two to one.

## Winside Man Observes 95 Birthday

John Gabler, Sr., who was 95 years old Saturday, Jan. 14 was honored when his children and grandchildren gathered at the A. C. Gabler home Wednesday evening. A social evening was enjoyed. Mrs. A. C. Gabler served lunch. Mr. Gabler was born in Germany, at the age of 22 years he came to America. He has resided in Winside about 50 years. He is still quite healthy, walking several blocks to town every day. He has made his home with his son, A. C. Gabler the past eight years. His wife passed away nearly eight years ago. Geo. Gabler, John Gabler, Jr., Wm. Gabler, A. C. Gabler, and Mrs. Pauline Rehmus are his children and are living in Winside. One daughter, Mrs. Forrest Curry, lives in Washington, D. C.

## Pioneer Resident Passes Away

Rites Held for P. C. Anderson Saturday

Funeral services were held Saturday afternoon for P. C. Anderson, 78-year-old prominent farmer who passed away Wednesday at a hospital in Wayne. Mr. Anderson was seriously injured in a runaway accident, Oct. 8 and had been in the hospital since.

Services were held in the Methodist church with Rev. L. Larson of Laurel in charge with Rev. Gerald Rosenberger assisting.

Mr. P. C. Anderson was born in Ringe, Denmark, Jan. 28, 1861. He came to America in 1882 and settled at Blair, Nebr. Seven years later he moved to Wayne county.

He married Miss Marie Nielsen on April 12, 1904 of Kennard, Nebr. Mrs. Anderson passed away in March, 1930.

Surviving are two sisters, Mrs. Fred Jensen of Winside, Mrs. Nels Hansen, Fyn, Denmark.

Two brothers, Andres Anderson, and Sofhus Anderson of Copenhagen, Denmark.

Mr. Anderson was baptized and confirmed in the Lutheran faith when a boy.

## Old Man Winter Gets Around to All

Old Man Winter generally gets around to all those who reside in his territory. Monday he visited Wayne with a smooth, falling snow which promised to remain for some time.

## Leo Daily to Speak Before Men's Club

Leo Daily, secretary of the Sioux City Chamber of Commerce will speak before the Wayne Business Men's club at their luncheon Jan. 25 it was announced by President Dean Allen Cook at last Wednesday's meeting.

Mr. Daily is widely known, particularly for his work as secretary of the Spencer Fair and Chamber of Commerce at Spencer, Ia. Because of his outstanding achievements at Spencer he was selected secretary of the Sioux City Chamber of Commerce above 75 applicants. Daily was not an applicant for the Sioux City position. Since coming to Sioux City, Mr. Daily has been in demand as a speaker before business groups and his visit to Wayne will give business men a real treat. Daily always has something to say which is an inspiration and a challenge to his audience.

## Farm Organizations Meet in Norfolk

Wednesday and Thursday of this week a joint conference of R. R. and County agents will be held at Norfolk to study the 1939 farm program. The meeting will bring together heads from the two farm organizations from the seventh district. Thirteen counties will be represented.

Wayne county will be represented by Dale E. Weese, assistant county R. R. Supervisor, Dr. Hawkins, Dist. Supervisor, and County Supervisor Ray Verzal.

Following the Norfolk meeting on Friday and Saturday, re-check meetings will be held in the old City Hall in Wayne.

## Wayne Legionnaires Guests of Winside Post Boys Tonight

The annual get-together of the service men of Winside and Wayne takes place tonight at Winside. If past get-togethers of the ex-service men of these two communities is a criteria, tonight's party will be one no Legionnaire will want to miss.

## Blue and White Lose Two Ball Games But Conquer Traditional Exam Foe

### Blue and White at Wisner Tonight

The Blue and White cagers will tangle with the fast moving Wisner Hi team at Wisner tonight. South Sioux City and Norfolk will appear in the next two home games.

### Lose By Three-Point Margin In Each Hard Fought Game

The Blue and White team of Wayne High played two basketball games and encountered old man examination all in one week. It was too much. The boys centered their major efforts on the one opponent that just had to be defeated and came mightily close to conquering the other two.

Winside knows how to entertain and tonight's meeting has promise of being the best yet. Commander Carl orders all Wayne Post members to mach on Winside!

At a meeting of the executive committee of the legion Wednesday evening plans for part of the year's work were made. The legion will entertain the Wayne business men Feb. 1. The legion will present an American flag to Terrace hall Feb. 22. Prof. K. N. Farke will have charge of the program and dedication services. On March 15, the legion will have an all post meeting with entertainment. A door prize will be given at this meeting. April 5 the legion will entertain the Boy Scouts for moving pictures and a lunch.

A committee will be appointed from the legion to work with the Woman's club for an Arbor Day program.

Committees appointed for the Legion Basketball Tournament to be held Feb. 6, 7, 8 and 9 are as follows:

Ticket sellers, John Jentek, E. N. Parke, Leslie Ellis and A. L. Swan.

Ticket takers, Carroll Orr, Paul Mines, Phil Briggs, C. R. Chinn, J. J. Steele and Barney Stark.

Checking in teams and returning entry fee, G. A. Renard and Herb Lutt. Official score keeper, Harold Barnett. Timekeeper, M. C. Bloss and Allen Cook. Marshals, Dr. J. C. Johnson and Floyd Conger.

Help at north basement door, Roy Beeks and Bill Franzen.

Help at south basement door, Henry Johnson and Sam Steele.

## Wayne State Displays Good Form

### Accuracy At Free Throw Line Decides Ball Game

Trailing 27 to 22 with three minutes to go, Kearney State Teachers outscored the Wayne Staters 8 to 1 in the fading moments of the game to win 30 to 28 in the College gymnasium Friday night. Midway in the last half the Wildcats were leading 20 to 14 when Kearney staged a rally to tie the count at 22 with 5 minutes left.

Rembold opened the scoring which was tied a moment later with two free throws by Church. From this point on until midway in the last half the Wildcats commanded a lead which they relinquished only after a desperate Kearney crew of capable reserves simply outmanned Wayne's weary limited forces. In all, Kearney inserted 11 men into their lineup with little to choose in individual abilities.

Reserve strength plus accurate shooting at the free throw line gave the visitors their margin of superiority over the local team. Ten of their 15 tosses were good.

Technically the Wildcats lost the ball game at the free throw line when they cashed in on 8 out of 18 attempts. Each team scored 10 field goals.

The Kearney team seemed perfectly at home on Wayne's antiquated floor. In close quarters Kearney waved playing the ball when they found draping their forms around the smaller Wayne players was more effective. In this department of play the visitors drew 18 well earned personal fouls which might easily have been deservedly doubled. These 18 however should have cost them the ball game but apparently the Wildcats physical boating far outweighed whatever advantage they had in gift shot opportunities.

Blessing and Marshall with four field goals and four free shots tied for scoring honors with 12 points each. Rembold and Holenamp were tied also with 6 points each.

Kearney missed numerous shots under the basket due to the good work of Ahern, Bradford and Hunter. Bradford pulled a leg muscle early in the game and his absence from the

lineup was sorely felt. The Wildcats showed improved form and probably played the best game of the year.

## Trees For Snow Fences

Of course we have no snow. But one with real aesthetic appreciation for the appearance of Nebraska highways comes forward with the suggestion that as a protection against drifting snow when the north winds blow, the ice is thick, the snows are deep, it would be far more sightly to protect the deep cuts with a thickly planted fringe of spruce, fir and evergreen, than to rely upon the snow fences, jarring in a sense no less than billboards, to the lover of beauty.

Why not?  
 We are spending a billion dollars to get ready for a war that hasn't materialized. Why not spend another billion to get ready for deep snows which have not put in an appearance?  
 The Nebraska State Highway commission has embarked upon a program of highway beautification. Its plantings, made within the last three years, have not had time to show any considerable growth but before many years they will become one of the state's best investments on the highways. And the thousands of dead trees, or trees that have been trimmed and pruned until little remains, both in the towns and in the country, suggest it would be difficult to overdo tree planting.—Lincoln Star

### Fourth Grade

Many fourth grade pupils have been working very hard to earn the "Very Good Works Slip." A large percentage have earned these slips.

Those receiving a high average in history were John Addison, Billy Heine, Betty Ann Petersen, Stanley Stratton, Herbert Reese, Helen Garvin, and Delores Steele.

### Fifth Grade

Neither absent nor tardy for the entire semester:  
 Leland Asay, Elsie Benthack, Elizabeth Bonawitz, Wilma Reiners, Jean Smolsky, Richard Sund, and Jack Fitch.

Neither absent nor tardy last six weeks:  
 Leland Asay, Elsie Benthack, Elizabeth Bonawitz, Jack Fitch, Doris Gildersleeve, Joan Jones, Wilma Reiners, John Hawkins, Jean Smolsky, Dick Sund, Bob Wedge, and Shirley Waseloh.

The class as a whole has made a booklet about "The History of the Alphabet and Writing."  
 We have begun the study of fractions.

These children missed less than 10 words in the spelling test, which included the 340 words we have had this year: Verna Burris, Elizabeth Bonawitz, Katherine Thompson, Jack Fitch, and Joan Jones.

### Sixth Grade

The sixth grade has a good behavior skating rink made by Donna Granquist, Patty Love and Carla Wright. A figure representing each pupil winning good behavior recognition is placed on the rink.

The Knighthood of Youth club met Wednesday, Jan. 4. Every member has a project to work on such as photography booklets,

### Second Grade

Children prepare stories in the library period to read to the class. Members of the class tell first, what they liked about the manner of reading, second, what they learned from the reading or what was most interesting.

Wilhelmina Benthack, Phillip Bader, Marilyn Birdsall, Mary Alice Helleberg, Dorothy Bilson, Margie Riebold, Darlene Ellis and Clarence Ulrich have read stories since the beginning of the year.

### First Grade

Shirley Jean Thompson had a birthday party at school Friday. She was 7 years old Sunday, Jan. 15. Her mother, Mrs. Ernest Woeher and Mrs. A. H. Rennie brought treats to the party. Shirley Jean served dainties, birthday cake and cookies on pretty napkins which said "Happy Birthday." Only 17 members of the class were able to attend the party as nine were out of school because of illness.

We served 364 bottles of milk this week from the kindergarten through the eighth grade—235 bottles were furnished by the Red Cross.

## Birthday Ball Is Widely Endorsed

### 2,237 Counties Out Of 3,070 Have Been Organized

New York.—Exceeding expectations 2,237 counties out of 3,070 have been organized for the "Fight Infantile Paralysis" campaign.

Out of 3,055 cities in the United States having populations of over 3,000, a total of 2,073 have been organized.

The figures were given out at National Headquarters by Keith Morgan, chairman of the Committee for the Celebration of the President's Birthday, who said:

"The mobilization this year behind the Infantile Paralysis campaign for funds is the largest on record. A vast field organization has been set up. Thousands of men and women are ready to go to work to collect the dimes and dollars which will serve as the ammunition in this war against the 'maining death.'

"In another week the actual collection of funds will begin in most of the communities in the United States. We hope everyone will do his part."

In the National organization 31 states and the District of Columbia, have been set up under state chairmen and state organizers. They include:

Alabama, Arkansas, California, Colorado, Connecticut, District of Columbia, Florida, Georgia, Indiana, Kansas, Kentucky, Louisiana, Maine, Montana, Maryland, Missouri, Michigan, Minnesota, Mississippi, North Carolina, New Mexico, New Hampshire, New York, Oklahoma, Ohio, Rhode Island, South Carolina, Tennessee, Texas, Utah, Vermont and West Virginia.

Other states are organized by counties or are under regional directors.

Women are playing a very im-

portant part in this year's campaign, Mr. Morgan said. On Wednesday, Jan. 11, a number of state women leaders and others prominently identified with the campaign met with Mrs. Roosevelt at the White House in Washington.

Mrs. Roosevelt discussed the campaign program with the various state leaders at the meeting. Her talk was broadcast nationwide over the National Broadcasting company's blue network.

The actual solicitation of funds in many communities begins Monday, Jan. 16 with the sale of "March of Dimes" buttons. Everyone will be urged to "Give a Dime and Wear a Button."

Sunday, Jan. 22 will be known as "Infantile Paralysis Church Sunday." On that day in all of the churches, appeals will be made in support of the campaign.

The final week of the campaign will be given over to the March of Dimes, to the sending of campaign contributions to the White House in honor of President Roosevelt's birthday and in preparation for the campaign finale—the multitude of celebrations to be held on Monday, Jan. 30th, President Roosevelt's 57th birthday.

## Flying Machine Romeo

Nearly everyone likes a happy ending. Consequently there must have been an almost audible fluttering of hearts everywhere when Bryan Grover, the Englishman whose love took wings, brought his aerial argosy to a successful climax.

Briefly, this was the Grover saga. In 1933, while working as an engineer for the Soviet oil industry, he met and married a beautiful Russian girl named Eleana. He left the country on a business trip but the Russians wouldn't let him back in. When five years of diplomatic maneuvering failed to get him through the Soviet gate he bought a dilapidated second-hand plane in Stockholm and flew into Russia. As a matter of habit, Soviet authorities tossed him into the hoosegaw for six weeks. But all the world loves a lover, even Russia, and the Soviets not only gave him but permitted Grover and Eleana to leave for England.

The two love birds are now in London. Grover is broke but they are both happy and why shouldn't they be. A young gent with the ingenuity and enterprise to flout Russian bear for the sake of love should have little trouble in laying the ghost of unemployment.—Lincoln Star

President Roosevelt's Congressional Message

President Roosevelt delivered to Congress a splendid message on international affairs and a special presentation of the doctrine of democracy. With its clear and direct appeal to national unity and national cooperation, it is the strongest statement that our nation can exhibit to the rest of the world, that we will be general agreement throughout America.

Labor Is Prepared to Do Its Part

We are entering a new year, ten years of the worst of all depressions are behind us. What of the future? The Labor party member of New Zealand said recently: "If ever there was a case of emergency, this is one. If we can't handle things successfully in peace time, we can hardly be expected to make a success of them in war."

Haven't the Money to Go to College

"The leaders of tomorrow are growing up in the homes of the working class today." That's a reassuring statement, and it comes from pretty good authority—the Public Affairs Committee of New York which, from time to time, issues pamphlets packed with information concerning social and political problems.

**INSTALLS an Automatic Natural Gas Water Heater**

**Ask About Our Trial-Rental Plan**

There is no down payment under this plan. You rent the Automatic Gas Water Heater for as little as \$1 a month. At the end of a year you decide whether you want to keep it or not. If not—out it comes. If you keep it the amount you have paid in rental will be applied on the purchase.

Most people think that during the winter months, when the furnace is going, that they get hot water from their furnace coils without cost. Nothing could be farther from the truth. Heating water with old-fashioned furnace coils increases your monthly furnace fuel bill as much as 20%, according to scientific tests made by Purdue University and other American colleges. Why not have AUTOMATIC HOT WATER the year round? Take out that wasteful furnace coil and install an AUTOMATIC GAS WATER HEATER on our famous TRIAL-RENTAL plan. Try the heater out. It costs as little as \$1.00 a month for the heater. Get details right away.

In compliance with Section 71-2301, the Board of County Commissioners of Wayne County, Nebraska, for the purpose of creating a Board of Health for Wayne County, Nebraska, hereby appoint James H. Pile, who as Sheriff, will be Chairman of the Board, Dr. C. T. Ingham as physician, and F. B. Decker, County Superintendent, will act as Secretary of said Board.

The County Board hereby adopts the following rules and regulations to prevent the introduction and spread of contagious, infectious or malignant diseases, and for the purpose of safeguarding the public health and preventing nuisances and unsanitary conditions:

1. That a Board of Health for the County be appointed by the County Board, the same to consist of three members, one of whom shall be a practicing physician.

2. That said Board of Health be and they hereby are empowered to enforce such regulations as may be adopted by this board to prevent the introduction of contagious, infectious or malignant diseases into the unincorporated territory of the county, and to enforce quarantine rules made for that purpose by it or the board of county commissioners.

3. That in case in their judgment it shall become necessary to establish a pest house and if the pest house be established by the county board, the same shall be under the supervision of the Board of Health, and the said Board of Health shall have power to cause such person to be removed thereto as they deem necessary in order to enforce the quarantine rules and prevent the introduction and spread of such contagious diseases.

4. The said board of health or any member thereof may enter any premises in the county not within the corporate limits of any city or village for the purpose of determining whether or not any contagious disease exists therein and shall adopt such rules and regulations for their own control and for the carrying out and enforcement of the quarantine rules and regulations adopted by this board as in their judgment they may deem necessary and shall keep a record of all their proceedings and persons quarantined.

5. The compensations of the members of this Board of Health shall be mileage at legal rate and for the examination and quarantine of each family \$2.00. They shall be allowed by the county board and paid from the county treasury, in the same manner as other bills against the county.

The following Rules and Regulations in regard to Disinfection are hereby adopted.

## "DISINFECTION"

The work "Premises" used in this section shall mean all places where it is necessary to disinfect.

### DISINFECTION INCLUDES:

- (A) Concurrent Disinfection.
- (B) Terminal Disinfection.

### CONCURRENT DISINFECTION: Is required during the existence of any of the following diseases:

Chickenpox, Diphtheria, Influenza, Measles, Meningococcus, Meningitis, Mumps, Pneumonia, Poliomyelitis, Rubella (German Measles), Scarlet Fever, Septic Sore Throat, Smallpox, Tuberculosis (Pulmonary), Typhoid Fever, and Whooping Cough.  
CONCURRENT DISINFECTION: Is the collecting of the communicable discharge of the patient during the course of the disease, the burning of same, or the application of a disinfectant solution to render same inert. Concurrent disinfection is of the greatest importance, for the organisms which cause communicable diseases are for the most part parasitic and depend upon their residence in the human system for their propagation. Under the usual conditions outside the body the bacteria of human disease will not grow and soon die. The communicable discharges, therefore, must be collected in covered receptacles. Bed linens and linens such as night-gowns used by patient should be changed at least every forty-eight hours, where this will not interfere with the well-being of the patient, immediately placed in a disinfectant solution such as 2 per cent liquor cresolis compound U. S. P. 5 percent solution carbolic acid, or an equivalent disinfectant solution.

### TERMINAL DISINFECTION:

It is now generally accepted that terminal disinfection is much better and in more accord with modern scientific research than fumigation.

### THEREFORE, FUMIGATION IS NO LONGER REQUIRED IN THE FOLLOWING DISEASES:

Chickenpox, diphtheria, influenza, measles, meningococcus meningitis, mumps, pneumonia, poliomyelitis, rubella (German measles), scarlet fever, septic sore throat, smallpox, typhoid fever, and whooping cough.

When a Board of Health having jurisdiction is satisfied that a person who has suffered from any of the foregoing named diseases is no longer a source of danger to others, it shall see that the following procedure as to terminal disinfection is carried out before such persons, or premises, is released from placard or quarantine.

First. The patient and those in contact shall be bathed with an antiseptic solution. This should be done by bath of warm water and soap, then washing of the body with a mild antiseptic solution. Bichloride of mercury in strength of 1 to 5,000 is recommended for this purpose, care being taken that patient does not get the same in mouth or eyes.  
Second. Everything in the sick room or that has come in contact with the patient and that is of no special value (papers, magazines, clothes, wooden toys, etc.) should be burned.

Third. Before removal from patient's room, washable clothing, linens, used by patient and by those in contact shall be immersed in a 2 per cent solution liquor cresolis compound U. S. P. 5 per cent solution carbolic acid, or an equivalent disinfectant, and remain in such solution for half an hour, then boiled for half an hour.

Fourth. Blankets and other articles presenting free surfaces and not too thick can be made safe by exposure in the open air to direct sun rays for three or four days, or sufficiently long to get fully twenty-four hours of direct sunshine. Such articles as rugs, carpets, etc. treated in the same way should, in addition, be brushed with a 2 per cent solution liquor cresolis compound U. S. P., a 5 per cent solution carbolic acid, or an equivalent disinfectant.

Fifth. Thorough washing of the wood work, wood and metal furnishings with hot water and soap, combined with disinfection through the use of a 2 per cent solution liquor cresolis compound U. S. P., or a 5 per cent solution carbolic acid of door knobs, open crevices, and such room furnishings as may have come in direct contact with patients' hands or hands of attendants, may be relied upon to protect against reinfection from the room. The need of repapering, calicining, painting, etc., is left to the discretion of the board.

WHO IS RESPONSIBLE: The County, City, or Village Board of Health within the jurisdiction of which the premises are, is primarily responsible. The Board may use its discretion as to permitting this to be done under the supervision of the attending physician; provided, that in all cases the Board within whose jurisdiction the case is, has the right to supervise the disinfection.

COST OF TERMINAL DISINFECTION:  
This is to be borne entirely by the people who reside in the premises.

NOT NECESSARY TO DISINFECT PREMISES FOR THOSE IN CONTACT:

Whenever anyone is to be "Quarantined out" after having been in contact with a communicable disease it is not necessary to disinfect the premises at that time; provided that the disease still exists in the premises. In these cases, disinfection is only necessary when the patient is to be released from quarantine.

Report of J. J. Steele, Co. Treasurer, showing amount of fees received by him for the quarter ending December 31, 1938, in the amount of \$25.40, was examined and on motion duly approved.

The appointment of Henry Wendt as Justice of the Peace for Hoskins Precinct was duly approved as of Jan. 4, 1939.

Comes now Frank Erxeben, Commissioner of District No. 1 and appoints Byron C. Ruth as Overseer of Road Dist. No. 43.

The following official bonds are on motion duly approved:  
Byron C. Ruth, Overseer of Road Dist. No. 43.  
Elmer Phillips, Overseer Road Dist. No. 23.  
Earl Anderson, Overseer Road Dist. No. 30.

The following claims are on motion audited and allowed and warrants are ordered drawn on the respective funds as herein shown. Warrants to be available and ready for delivery on Saturday, January 21, 1939.

# Economic Highlights

The Nation's Leading Letter by J. E. Jones, Washington, D. C.

The turn of the year is the economic forecaster's heaven. Within the last fortnight every business publication and economist of consequence has devoted great effort to anticipating the future. Guesses as to details of the business picture naturally vary considerably—but, generally speaking, there is very little disagreement among the experts over the picture as a whole. With hardly a dissenting voice, they forecast boldly that 1939 will be a year of progress.

Two forecasts are of unusual interest. Paul Mallon reports that "Mr. Roosevelt's battalions of figures are unanimous, for probably the first time in New Deal history. Government economists now all expect a mild slackening of industrial activity in the next three months, a sort of readjustment period, they call it, to be followed by a spring rise, a strong summer, and, much stronger fall-winter year end." To put it more precisely, these economists think, according to Mr. Mallon, that industrial production (which is at 105 on the charts at this writing) will gradually taper off, reaching a low of 97 in March, and that the upturn will set in then, and bring it to the 120 level in the late fall.

Similar, and more particularized views, are held by Roger Babson. In a long optimistic article predicting "confidifox" in 1939, he observes, "Total business by the end of 1939 will be as good as—perhaps, even better than—at any year end since 1929. . . . Jobs, wages, retail sales, stocks and even farm prices should chalk up good-sized gains. . . . There are no 'hedgies' tacked on to my forecast as there were in several times past. . . . Today I can see no reason why the tides of recovery should not carry us vigorously forward—perhaps even to new highs since 1929."

Mr. Babson then lists a number of what he regards as strongly favorable factors. These include: A growth of 7,000,000 in our population since 1929; a multitude of new inventions; deferred demand for goods; government spending; low inventories; returning confidence due to less "business baiting"; the pending boom in building.

amount of employment will be created, and all commerce will feel the good effects. So far, recovery has been largely confined to consumers' goods industries, due in a large measure to government relief spending; there can be no real prosperity, as any economist can tell you, until durable goods show a comparable improvement.

## Watch Your Kidneys!

**Help Them Cleanse the Blood of Harmful Body Waste**

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling of feet, and under the eyes—feeling as though anxiety and loss of pep and strength. Other signs of kidney trouble may be: urine may be burning, sandy, or of frequent urination.

There should be no doubt that prompt treatment is vital that restores the Dr. Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nationwide reputation. Are recommended by grateful patients the country over. Ask your neighbor!

## \$29,000,000 Spent in Nebraska Each Year by One Food Company

Indicative of the importance of Nebraska agriculture and industry is the announcement of one food company that more than \$29,000,000 is paid each year by it for Nebraska farm products and supplies, for the services of Nebraska workers, for taxes, and for other expenses of doing business. This statement was made public by Swift & Company following a survey of its activities in this area.

Raw material expenditures are for livestock, poultry, milk, cream, butter, fat, and eggs. A large part went to pay wages and salaries of 1,500 Swift employees in the one meat packing plant, four dairy and poultry plants, one branch selling plant, and one dairy and poultry buying station.

The descriptive map spots the locations of various Swift plants and branches in Nebraska and also illustrates this state's commodities utilized by the national food concern.

LEGAL PUBLICATIONS IN THE COUNTY COURT OF WAYNE COUNTY, NEBRASKA.

In the Matter of the Estate of Preston Mitchell, Deceased.

NOTICE OF HEARING

To the heirs and creditors of and all persons interested in the Estate of Preston Mitchell, Deceased.

You, each and all, are hereby notified that on the 7th day of January, 1939, Guy W. Elder and Ernest C. Elder filed their petition in the County Court of Wayne County, Nebraska, alleging that said Preston Mitchell departed this life intestate in the City of Marshall, in the County of Calhoun, in the State of Michigan on or about the 23rd day of October, 1877, then being a resident and inhabitant of said city; that he died seized in fee simple of the East Half (E 1/2) of Section One (1) Township Twenty-six (26), Range Two (2), East of the Sixth P. M., in Wayne County, Nebraska, and that he left surviving him as his sole and only heirs at law Mary Mitchell, his widow, Sara E. Gill, his daughter, Carrier M. Mitchell, his daughter, Grace E. Mitchell, his daughter, and Frank D. Mitchell, who is the same person as F. D. Mitchell, his son; that he left surviving him no other child

and no issue or descendant of any deceased child; that said widow and children sold and conveyed all their right, title and interest in and to said real estate and that through mesne conveyances said petitioners are now the absolute owners thereof in fee simple.

Petitioners pray for a determination and decree of the time of death of said Preston Mitchell, deceased; that he died intestate seized in fee simple of the above described real estate; that all debts, claims and demands against his said estate have been fully paid and are barred; and pray for an order and decree determining the heirs at law of said deceased, the degree of kinship and the right of descent of said real estate, and for such other relief as may be just and proper in the premises.

It is ordered that hearing be and the same will be had on said petition before the County Court in the Court House in the City of Wayne, Wayne County, Nebraska, on the 26th day of January, 1939, at 10 o'clock in the forenoon of said day.

Dated January 7, 1939. J. M. Cherry, County Judge. Jan. 10, 17, 24

NOTICE TO CREDITORS

State of Nebraska, ex rel. C. A. Sorensen, Attorney General, Plaintiff, Vs. Farmers State Bank, Altona, Nebraska, Defendant.

TO ALL CREDITORS OF SAID DEFENDANT BANK:

You and each of you are hereby notified that the undersigned Receiver has filed his report No. 6 of his administration of said trust in said court; that said report and all previous reports will be reviewed by said court at the Court House in the District Court Room, Wayne County, Nebraska, on January 25, 1939 at 2:30 o'clock P. M.; that the Receiver will at that time request orders from the court for the final disposition of cash on hand, for the approval of his reports and for his discharge. You may appear and contest all of said matters if you so desire. E. H. Luikart, Receiver, Farmers State Bank, Altona, Nebraska. F. C. Radke, Receiver's Attorney Jan. 10, 17

IN THE DISTRICT COURT OF WAYNE COUNTY, NEBRASKA

In the Matter of the Application of M. M. Taylor, Administrator) ORDER of the Estate of John S. Lewis, Jr. for) CAUSE. License to Sell Real Estate.)

Now on this 7th day of January, 1939, this cause came on for hearing upon the petition, under oath, of M. M. Taylor, administrator de bonis non of the estate of John S. Lewis, Jr., deceased, praying for license to sell the following described real estate of the said deceased, to-wit:

A part of the Northeast Quarter of the Southeast Quarter of Section Thirteen, Township Twenty-six North, Range Three East of the Sixth Principal Meridian, in Wayne County, Nebraska, described as follows: Commencing at a point 345

feet south and 190 feet west of the northeast corner of the Southeast Quarter of said section and running thence west 447 feet, thence south 295 feet, thence east 447 feet, thence north 295 feet to the point of beginning, said boundary lines being parallel respectively to the corresponding lines of said Southeast Quarter of said Section Thirteen, for the payment of debts allowed against said estate, and allowances and costs of administration, for the reason that there is not a sufficient amount of personal property in the possession of the said M. M. Taylor, administrator as aforesaid, belonging to said estate to pay said debts, fees, allowances and costs.

It is therefore ordered that all persons interested in said estate appear before me at Chambers in Room 6, Koenigstein Building, in the city of Norfolk, Madison County, Nebraska, on the 11th day of February, 1939, at the hour of ten o'clock A. M., to show cause, if any there be, why a license should not be granted to said M. M. Taylor, administrator, to sell the above described real estate of said deceased to pay the debts and expenses.

It is further ordered that a copy of this order be served upon all persons interested in said estate by causing the same to be published three successive weeks in the Wayne News, a legal newspaper, printed, published and circulated in said County of Wayne, Nebraska.

"Heralds of Destiny" To Interest 8 Million Methodists

Stories of Tuan Jim in Sarawak, the land of treacherous headhunters and deadly jungles ruled by a white rajah, and of several great missionary men and women of the past and present, provide the basis for the second series of "Heralds of Destiny" broadcasts which the Million Unit Fellowship Movement of the Methodist Episcopal church is presenting weekly over radio station KSCJ in Sioux City, Ia.

Because the impending union of three great branches of Methodism—of direct concern to 8 million people—culminates in April, 1939, the forthcoming issue of the "Heralds of Destiny" series of radio transcriptions has an especial public interest this year.

Denominations which will soon be merged into the United Methodist church include the Methodist Episcopal, the Methodist Episcopal, South, and the Methodist Protestant branches. The radio programs will be heard every week at 9:15 a. m. on Mondays beginning Jan. 16. This series of dramatized episodes from Methodist missionary history, prepared by the Million Unit Fellowship movement under the title "Heralds of Destiny," is

designed to illustrate the adventure and achievement of those who build civilization on desolate frontiers from darkest Africa to the shadowed slums of America's own cities. "Drums of Death" is the title of the program in which a missionary doctor risks certain death at the hands of African natives by attempting to save the life of the son of a jungle chief. A valiant doctor and his hospital staff, who at this writing still brave the dangers of the Japanese war in China, are the chief characters in another of this series of dramatizations.

National and International Problems Are Inseparable

Thus, the domestic situation is

relatively good. The international situation is about as bad as it can be. The United States is very close to a complete severance of diplomatic relations with Nazi Germany. Senator Key Pittman, chairman of the potent Foreign Relations committee, has announced that he favors cutting off trade with the Reich, and many other influential congressmen agree with him. Legislation toward that end will probably be introduced this session. Our State department has taken the strongest possible stand against German representations—and has gone to lengths that are rarely reached in discussions with a "friendly" power. And in Germany, the controlled press continues its campaign of almost unrestrained abuse directed at

this government and the officials in charge. The belief grows that Germany will take steps this year toward acquiring the rich mineral and agricultural lands of the Soviet Ukraine—which, according to almost all the foreign authorities, would mean war with Russia and her allies. Trustworthy polls in England show that British people's distrust of Hitler growing, along with the sad belief that they will have to fight him one day. Our relations with Mexico remain unsettled, due to President Cardenas' expropriations of American-owned farming and petroleum properties. And going farther South still, we find Nazi and Fascist influences continuing their steady growth in Pan and South America.

KNOW YOURSELF AND DRESS THE PART

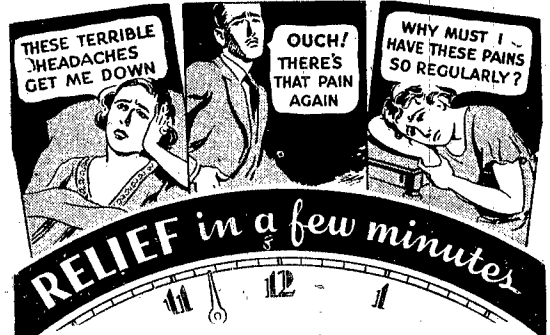

HAVE you ever tried to classify your type? It's fun to pigeonhole yourself and the fashion staff of Pictorial Review presents a set of clever mannequins in the magazine's February issue to guide you in dressing to suit your type. And it's not only fun, they say, it's the first rule of chic: know yourself and dress the part.

THIS young girl is the jitterbug type. She dresses in swing tempo, with long hair, a merry frock tight as a Scotchman above the waist; full, free below.

THE alert miss above, chooses her dress in two contrasting colors because Paris says that's the latest trick. The blouse is extra full, because she likes to be a touch extrav.

HERE is the tailored type who feels cosier in woollens than in silks. She wears a very trim, featherweight wool dress with a dolman-sleeved bolero. Her hair is classically piled.

THE waltz girl, lovely and fragile and unpredictable—dresses in pale, girdled satin and dances dreamily, but she's a madcap in disguise, and the sweet frock adds piquancy.

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rain to Go. The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't get at the cause. It takes those neat, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Remember, get the best, amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. 25 cents. Stubbornly refuse anything else.

Rev. I. N. Demy says: I have found nothing in the past 20 years that can take the place of Dr. Miles Anti-Pain Pills. They are a sure relief for my headache. Sufferers from Headache, Neuralgia, Toothache, Backache, Sciatica, Rheumatism, Lumbago, Neuritis, Muscular Pains, Periodic Pains, write that they have used Dr. Miles Anti-Pain Pills with better results than they had even hoped for. Countless American housewives would no more think of keeping house without Dr. Miles Anti-Pain Pills than without flour or sugar. PICTURE HIGHLIGHTS

ALL AMERICA TEAMS ARE BUNK!

Nation's Loneliest Man—Those to whom President Roosevelt confesses his loneliness say he is shying away from a third term because he wants to get back to the intimate relationships of his family life, declares the current issue of Look magazine in a picture story revealing new details of the president's private life.

Press box selections are products of mere guess-work or absurd choice, says Henry McLemore in Look. You might as well pick the best wave in the Atlantic Ocean, he asserts, because the number of games played during one season makes it impossible for any one man to get a fair idea. Photo shows Dutch Clark, perhaps the greatest player of all time, who made few "All" teams.

Jean Harlow Lives On—Her continued popularity, 17 months after her death, is a phenomenon Hollywood cannot explain. Her studio gets 35,000 requests a year for her pictures—almost as many as top ranking current stars receive.

The Dancing Lady Again—In her latest picture, for the first time in five years, Joan Crawford dances. She's down to 120 pounds now from the 145 she weighed when she first came to Hollywood.

Attention, Drivers!—This girl is having her vision tested for driving. Five out of every eight new babies will be killed or injured in auto accidents before the age of 60, says the current issue of Look magazine, presenting a series of pictures showing how to avoid accidents and what accidents are most frequent.

Want a Date?—A couple of young men at the University of Nebraska, have formed a date bureau and find to their surprise, that the girls use the bureau as readily as boys, and that boys like to be pursued as well as pursue.

Liobastred

By Fritz Kreisler

Fritz Kreisler was born in old Vienna, February 2nd, 1875, and lived from his earliest memories in a world of music.

Followed years of performance and composition. His musical works were in every form, including the light operetta 'Apple Blossoms.'

BIRTH OF A SONG

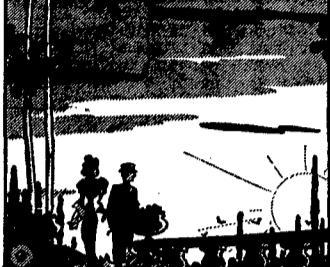

At seven Kreisler made his debut—at ten he won a gold medal for violin playing—at twelve he won the Premier Grand Prix de Rome.

As a composer, Kreisler made intensive study and research into the works of old masters in the libraries of France and Italy.

He studied medicine and art. His studies were interrupted by obligatory military service. Later he practiced medicine.

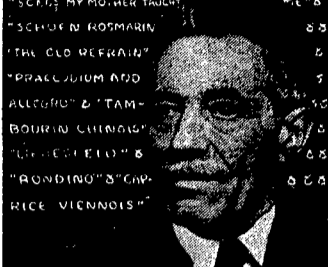

Kreisler has traveled in every civilized country, but until recent political developments in Italy, deemed those hours best that he spent with his wife on their Italian estate.

From ASCAP Files

By Joseph R. Fleisher and Paul Carruth

Ten years from the time Fritz Kreisler laid down his violin, he picked it up again. After eight weeks of preparation he made a triumphant debut in Berlin.

No matter where he may be, performing or vacationing, as a member of the American Society of Composers, Authors and Publishers, Kreisler's copyrighted compositions are protected and made available to licensed users of music.

Regional Director pointed out.

Of the total employment being created by the Nebraska projects, the bureau estimated that 4,075,000 man hours would be afforded directly on project sites.

Reporting to the President, Administrator Ickes said that while the peak of PWA construction employment will not be reached

until the height of next year's building season, basic industries now are "busy manufacturing materials and men have moved back to jobs."

Nebraska Farm Sales Hit New High for Third Successive Time

Reporting on the bank's sales for the year just closed, Charles McCumsey, president, said the bank succeeded in returning 241 Nebraska farms and ranches to private ownership for a total consideration of \$1,064,359.

Childless Marriage Great National Problem, Writes Maxine Davis

THE childless marriage is one of the saddest and one of the oldest problems of the human race, but modern science has found that there are solutions to this tragedy.

In a singularly frank discussion of the question which hundreds of men and women bring to their doctors every year—"Why don't we have a baby?"—Maxine Davis, in the January Pictorial Review, examines some of the causes for childless marriage and points out what science is doing to perform the miracles that lead to new life.

"The problem is an unusually difficult one," she writes. "It is hard to determine the causes and secure exact statistics, and treatment varies from case to case. Doctors disagree on how long couples must go childless before the conclusion can be reached that they will never have children, for they have seen, as you and I have known, women barren for ten or fifteen years who then bore children."

It is generally believed that out of every one hundred couples who want children, fifteen are unable to have them and between 25 and 30 per cent of these couples can be treated and live to rear healthy, thriving youngsters. Seldom is there one single cause, according to the article, in fact, there are some thirty or forty factors which contribute to childlessness and only in rare cases can the doctor find one, and only one, cause.

"If your marriage has not brought to you the children you want it is best to seek the help of a good gynecologist and obstetrician," Miss Davis advises. "Don't just wait and hope too long, for time tends to increase any real difficulties and a situation which might be cured easily at twenty-five may resist every effort of science ten years later."

There are many psychological factors which enter into the situation, the writer points out. A couple may be so anxious to have a baby that their very worry prevents it. Miss Davis relates an interesting proof of this fact which some friends of hers experienced who announced when they got married that they were going to have litters of infants but years passed and no babies came. After eleven years they decided to adopt a baby and made arrangements at a local institution for a child due in about a month. When it was born, it turned out to be twins. One month after the twins were established in the nursery, the proxy-parents found that a baby of their own was on the way. When their baby was born, it was twins!

"It may have been that when this couple stopped fretting, because they had no children of their own, something happened," Miss Davis says. "Don't lose faith. That's important, for by one or more of the methods used today, the doctor may be able to remedy the difficulty. And if he doesn't, don't blame him or your husband or your wife. Childlessness is not one of the seven sins. In spite of it you can have a rich and happy marriage."

Society Has Gone To Hollywood

SOCIALLY speaking, there used to be The Riviera, The Lido and Biarritz. But today, they are either too near the sounds of guns in Spain or are shaken by the menace of an unstable world. London and Paris are still gay, but there is an atmosphere of fear and gas-mask parties under the gaiety. New York had a depression and now casts a disapproving eye at any extravagant high links of high society. The \$50,000 debut belle is thought to be a vanished era. Money is tight everywhere—everywhere but in Hollywood.

Socialites and actresses Franchot Tone, Ginger Rogers, Alfred Gwynne Vanderbilt, Joan Crawford, Chester Morris.

In the February issue of Cosmopolitan Magazine, Lloyd Pantages, famous Hollywood columnist, writes an entertaining and authoritative story on society in the capital of the world of "make-believe." "People think of Hollywood only in connection with the movies," writes Pantages. "They forget that the most congested of fields in the world are enriching the natives; that the orange grove spreading in all directions is only half the world; that the fourth largest share of the nation's Hollywood is prodigiously rich; it is young and prodigal, and it has succeeded in social in a big way." "This is something quite new," the famous columnist says. "Of course, the movie colony has been trying to be social for years, but it had got nowhere. There have always been two society columns in the local papers. One for the nabob descendants of the old settlers, and one for the movie colony. Socialites and cinemalites didn't intermingle. Santa Barbara, New York, Newport, Europe, remained aloof from Hollywood." Pantages says that when Dorothy, Countess di Frasso first appeared on the scene, Pickfair was in its heyday. Why she came to Hollywood in the first place, only she can tell. For her villa in Rome was world-famous and her parties in New York the rage. She had plenty to do, and lots of money. Probably she was intrigued by all the wild tales of the going on of the movie people.

Public Works Program Gets Underway

12,365,000 Man Hours of Employment to Be Available Soon

The extent to which new Public Works administration projects now under way in Nebraska will provide employment and generate material orders was shown by Federal Bureau of Labor estimates released today by Regional PWA Director R. A. Radford.

The bureau reported the 86 Nebraska projects which received 1938 PWA grants and which successfully met PWA's Jan. 1 starting deadline will provide about 12,365,000 man hours of

employment. Materials will cost about \$8,261,000, including such principal items as \$2,343,000 worth of electrical machinery, apparatus and supplies and \$1,240,000 worth of iron and steel products. Site payrolls are expected to require \$2,698,000. Workers engaged in the construction are employed by private contractors and at prevailing wage rates, the

Sentinels of Health Don't Neglect Them! Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living-life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure. When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out. Frequent, scanty or burning passages may be further evidence of kidney or bladder disturbance. The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Doan's Pills. They have had more than forty years of public approval.
