getting well splattered long before the votes are counted in November. However, we share the opinion of Ted Hook that this campaign should provide all of us with plenty of fun if we are just able to see the funny side of it and do not allow our political convictions to arouse our anger. After all, we are Americans first, second and always. And today's republicans may be tomorrow's democrats or vice versa. If you doubt it, step right up and meet the GOP man of the hour, the political miracle man, one Wendell Willkie, who is likely to run a most excellent race — considering, of course, that he is now under the GOP blanket.

While changes in the flight training course qualifications eliminated some Wayne girls and youths who had enrolled, from taking the course this summer, most of them will probably be able to resume their studies in the fall, according to W. H. Swett. Local officials were not to blame for this misunderstanding, however, as notice of the new qualifications was not received here until after instruction was started. An effort was made then to have an exception made in this unit, due to the fact that study had started but the officials in charge of the program ruled otherwise.

When you go driving, swimming and shooting firecrackers Thursday, remember the holiday annually takes a huge death toll and it's far better to read about it the next day than to be numbered among those who are listed as accident victims. Let's keep Wayne county free from Fourth of July tragedies.

Dr. H. D. Griffin delivered the sermon at the Madison Presbyterian church Sunday. He expects to supply the pulpit there and also at Creston for several Sundays.

Today's popularity of Doan's Pills, after many years of world-wide use, should be accepted as evidence of satisfactory use. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medicines would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, painness under the eye-lid, nervousness, all played out. Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

Air Course Is Underway

Construction of a small office and classroom building at Wayne's new municipal airport was authorized at a meeting of the city council last Tuesday night. While Wayne will have only one unit during the summer training course, it is likely that a sufficient number will enroll for the course this fall to warrant organization of a second class with an additional flight instructor. Only One Girl Although several girls sought

to enroll in the summer course here, receipt of more definite instructions last week revealed that only one is permitted in each unit of 15 students. The college training requirements, requiring either a degree from a college or work at certain specified types of colleges during the past scholastic year eliminated some of the others who were originally scheduled to take the course here. The training is being given without charge to the students this summer except that they paid the required physical examination fee, which will be refunded to them later. Stanley Fuller, flight instructor

here, was forced to land his airplane near Randolph a week ago Friday, when he was flying to Wayne due to lack of fuel. Noticing that his fuel supply was low, due to heavy consumption resulting from flying in a strong wind, he circled Randolph about 1 o'clock in the morning and selected a field on the Frank Haywood farm, where he made the landing without trouble. The following morning, he was supplied with gasoline by a Randolph service station and continued his flight here. Phone your personal news items to 145.

Independence Day 1940

A man died last night . . . died with an arm torn away, his stomach contorted by short rationing . . . died writhing with his face turned into earth churned soft by the feet of troops. He lies there still . . . powerless now to hear his young son crying, to stop the leather-heeled marauder who sacks his home, to see the flames leap up as they spread across the open town he left so recently.

But he, the dead soldier, was no American.

Too bad, that. If this had been his country he might have sat in the ball park last night and watched the great DiMag blast one over the left field fence. Or he might have heard Bing Crosby on the radio. He'd have come home from work, walking with his coat over his arm . . . or he'd have hopped a bus, or an elevated, or a street car. Or he'd have driven his own jalopy, yelling "Howdy!" to Jim Brown as he turned the corner into his own street. His young namesake would have been jumping for the funny papers before he'd have been able to get into the house; and once inside, his wife would have told him about the new blossoms in the garden as he washed for dinner. Maybe he'd have topped off the meal with cherry pie and later in the evening he might have orated long and loud on the virtues or evils of his favorite subject — politics. He might have done all that and gone to bed with no greater worry than the thought of having to pay the light bill in the morning.

That's what it is to be an American. It's waking up with nothing to mar the sky but a cloud that looks like rain. It's celebrating the Fourth of July — INDEPENDENCE DAY — with a family picnic. It's writing a letter to the editor and telling him what's wrong with the government, or it's a year going by without seeing a soldier. It means all this to be an American . . . and it's GREAT!

Wayne Wins Over Laurel Nine, 7-5

Alderson Hurls 3-Hit Game As Mates Get 7

With Alderson hurling for Wayne and allowing the visiting Laurel team only three hits, the local nine added another victory to its Big Six League record Sunday at Athletic park here. Wayne won, 7 to 2.

Five In Opener
 Local players started pounding out the hits in first inning, annexing five runs then, and added an additional two scores for good measure in the third. Meanwhile, Laurel was unable to get a counter across until the first of the seventh when they made their only threat of the game, scoring two runs.

A fair crowd, larger than that at previous games, attended Sunday's battle here and highly praised the work of Alderson on

the mound. He is scheduled to pitch for the Wayne team again next Sunday, when Osmond plays here, and should attract an even larger number of fans, who are finding that the Big Six offers them an opportunity to see a fair brand of baseball and some closely contested tilts.

Box Score Given

The box score of Sunday's game follows:

	AB	R	H	E
Wayne	4	1	0	1
Bornhoff	4	1	0	0

Wayne Legion Team Wins Tilt, 11 To 9

The Wayne Junior League team annexed another victory Friday when the local nine defeated the Tekamah Juniors, 11 to 9, in a game there which was closely contested throughout. Still hurled the entire game for the Wayne team and struck out nine men.

One of the features was a circuit hit by Meyers, Wayne's third baseman, and three-base hits by both Meyers and Stull. Utecht was particularly effective in the field and was credited with a double play unassisted. He also pounded out a two base hit.

Last Tuesday, the Wayne Juniors dropped a game here to the strong West Point team, 8 to 3. The Wayne team's box-score in Friday's game follows:

	AB	R	H	E
Powers	4	1	2	0
Bloss	3	0	0	0
Kessler	4	1	0	1
Stull	4	0	1	0
Meyers	3	0	1	0
