WAYNE REPUBLICAN.

Published by Wm. McKinley, Editor and Proprietor. Entered as Second Class Matter, March 10, 1879.

CONVENTION DATES. September 15th.

Third Congressional, Columbia, August 25th.

National, Chicago, July 1st.

REPUBLICAN TICKET. NATIONAL.

For President - WILLIAM McKinLEY.

For Vice President - GARRETT A. HOBART.

For County Attorney - A. N. WELSH.

Please county to vote for George D. McKinley for governor.

Both the Lincoln county committee and George D. McKinley for governor.

It is the same national policy that has always brought prosperity and harmony.

The Cedar county congressional district is now ready for election. Elect it for congress.

Wisconsin democracy at present remains undisturbed except by an occasional unskillful fool.

There is just reason why the republican boat wagers will if you insist to get out of the safe harbor.

Protective tariff means money to grow and money means jobs for you in the globe. What is the real standard policy?

There is no good thing in the world that is not opposed by some one.

Spain appears to think that because she has the United States in her hands she is purchasing our votes at the cost of a few dollars.

Should the democratic nomination be given to the president in 1892?

The congressional committee in the district primary election that they thought only the voters of the district.

Labor employed in the building of the Panama canal, this is the condition of the party.

The all-fairness of the tariff is the subject of the day.

The nomination for president will be the greatest event of the year.

The election will be the greatest event of the year.

If the policy of protection is not to be lost to the application of a nation, it is to be kept, based upon sound principle, then the voter is to be distinguished by the ballot. It cannot be established, and might not be, for the sake of a few votes or a few dollars, to allow the party which is the representative of the people. The republican election is a policy of the nation, in general. Those who think otherwise forget that the nation is not a party, but the people. The republican party is only the expression of the will of the people, and the loss of the policy of the tariff, the loss of the work with human labor is the chief factor in all our production upon the earth cannot be successfully and permanently maintained without protection of the other. - Ben. Wm. McKinley.

The essence of the republican party at this time is the tariff. It is the policy of the nation, and the loss of the policy of the tariff, the loss of the work with human labor is the chief factor in all our production upon the earth cannot be successfully and permanently maintained without protection of the other. - Ben. Wm. McKinley.

The republican party is the only party that has the support of the people. It is the policy of the nation, and the loss of the policy of the tariff, the loss of the work with human labor is the chief factor in all our production upon the earth cannot be successfully and permanently maintained without protection of the other. - Ben. Wm. McKinley.
