

Ayer's PILLS
 A few years ago a young man from New York fell ill with a severe case of dyspepsia. After consulting a number of physicians he was advised to use Ayer's Pills. He took a few boxes and was cured. He writes: "I had been suffering from dyspepsia for several years, and had tried many remedies, but nothing did me any good. I was advised to use Ayer's Pills, and after taking a few boxes I was cured. I can now eat and drink as usual, and feel like a new man." This is the best evidence of the efficacy of Ayer's Pills that I can give. It is a most valuable medicine for the cure of dyspepsia, constipation, headache, &c. &c. It is sold by all druggists.

WAYNE REPUBLICAN

One of the incidents of the war was the capture of the Santa Fe road Sunday. This line began a half first class sleeper between Kansas City, Missouri, and the City of Mexico. The distance between the two points is 2,000 miles. During the course of the war there is no change what ever.

An aspect of conditions from the emperor, military order has been issued to the commander of the district in which the company of officers is to be sent to the front. The order adds that everything is to be done to give former Brazilian officers from taking part in the conflict in Santa Africa. His purpose being to avoid every appearance of violation of the part of Germany of the strict neutrality which the emperor says must be observed.

The issue was fairly made by the Bryan forces everywhere. It was whether or not the president of the country would endorse and stand by the administration of President McKinley or whether they were in accord with the opposing views of William J. Bryan and his followers. The verdict as pronounced at the polls is almost unanimously in favor of the president. Nebraska being the most notable exception, and in fact of this Bryan's campaign can gain any comfort they expect certainly may easily be granted as they might try to deprive them of that small consolation.

From outside reports we learn that the election of Holcomb as supreme judge in this state was a justification of Bryan, said to be the only man who had been elected by the people possessed by Holcomb. There is little consolation in that as we observe the judicial committee of the state has selected Holcomb as the only man who had been elected by the people possessed by Holcomb.

The new election law prohibiting candidates from traveling voters for the purpose of influencing their votes. The law is a very strict one and its probability it did not fulfill the highest hopes of the campaign yet. It did do much toward breaking up the ties that had for years been between voters and very expensive to the candidate. Against such a rule could be added to the present law to completely eliminate these candidates and that would be a great prohibition, either candidate. The law is a very strict one and its probability it did not fulfill the highest hopes of the campaign yet.

The other side of the coin is the new election law prohibiting candidates from traveling voters for the purpose of influencing their votes. The law is a very strict one and its probability it did not fulfill the highest hopes of the campaign yet.

It would be hard to believe that there is any one candidate for the office of governor.
