Spring Body Cleaning

Every spring you clean the house you live in, to get rid of the dust and dirt which collected in the winter. Your body, the house your soul lives in, also becomes filled up during the winter with all manner of filth, which should have been removed from day to day, but was not. Your body needs cleaning inside. If your bowels, your liver, your kidneys are full of putrid filth, and you don't clean them out in the spring, you'll be in bad odor with yourself and everybody else all summer.

DO NOT USE A ROSE to clean your body inside, but sweet, fragrant, mild but positive and powerful **CASCARETS**, that work while you sleep, prepare all the filth collected in your body for removal, and drive it off safely, gently, but with the less surely, leaving your blood pure and nourishing, your stomach and bowels clean and lively, and your liver and kidneys healthy and active. Try a 10-cent box today, and if not satisfied get your money back—but you'll see how the cleaning of your body is

A WORD ABOUT PRESCRIPTIONS

Did you ever examine one? Could not tell much about one, could you? After all it is a matter of CONFIDENCE in your druggist. You get the best doctor you can, don't you? Isn't it equally important that you take your prescription where KNOWLEDGE AND EXPERIENCE INSURE ACCURACY AND PURITY?

Where all the new preparations are added just as soon as a trial proves them worthy, where substitution is never practiced, where you get the same "Jizz" what the doctor orders.

We have been doing a prescription business on this basis for 15 years. We believe we can please you. A trial will convince you.
