A Newspaper

Would be entirely filled if we would take space to enumerate all the separate items of our immense Holiday Stock. It is our intention, however, to submit a portion of the list next week; we can hardly think of anything you would really need or want for Christmas that we cannot furnish. Be sure and look over our line before buying. Look for further announcement next week.

We can always interest you in the regular line if you need anything in Books, Stationery or Musical Instruments.

THE PRESIDENT'S MESSAGE

President Roosevelt's message was delivered to Congress yesterday noon. The document is quite lengthy and full of suggestions for legislation. It begins by referring to the death of McKinley, the greatest of our Presidents, and the great grief which his death has caused. It then proceeds to discuss the various measures which he proposes to take during his term of office. He mentions the need for a new tariff law, and the importance of maintaining the gold standard. He also discusses the need for a new system of taxation, and the importance of maintaining the integrity of the government. The message is a long and detailed one, and it is expected that it will be the subject of much discussion in the coming days.

THE REPUBLICAN

ARE WE RIGHT?

It is a question with some people who read our advertisements, is the 2 Johns right? It is almost impossible for us to convince them that we are right in all we claim unless they will call and let us PROVE that we are right. We make no statement that we cannot prove, and prove to their entire satisfaction if they will call and give us a chance. How can we get them in our store to show them that we are right? That is not our question to answer. We might offer to pay them for their time, but we doubt if that would bring them to investigate this store. We might offer to buy them a certain amount that our prices are right, and provide we were convinced that way. We know we are right when we say that our prices are lower than you can get elsewhere. Some merchants claim they sell clothing as cheap as the 2 Johns, but do they? We claim that the 2 Johns are the best undergarment wear made. Are we right? Come in and see. We claim it is a reasonable thing. Try it and be convinced that we are right. On shoes for the right kind and we are right when we say that the prices are lower and the shoes are better than you can get anywhere. Wayne. We guarantee for 60 days or more and if the button comes off you get no cents, if they if you get one dollar. The factory pays the 2 Johns and we are right when we warrant them to you. Here this store is real and you will be convinced that what we say is right. It is us you nothing to find out if we are right. It will save you money. Why not try us?

HOUSE COATS

One of the most useful garments any gentleman can possess is a house coat. There is no solid comfort in it to the square foot, then why garment the car owner. We have them in every fashionable style. All wool, rayon, and cotton. Quilted, lined, and semi-quilted lining, in several shades. Another popular style is the Tuxedo shape—sleeve or cord edge and fancy plaid lining and cuffs. We also have several other desirable styles and the price range is from \$5 to \$9. We like to show these house coats.

FOR SALE BY

E. P. OLMSTED

Public Sale.

The P. Taylor of near Hebbus, has a cow scheduled for December 1.

Don Anderson will hold a public sale December 8. Six head of milk cows, six a large line of hampshire pigs will be offered. The proceeds are located 2 1/2 miles north of Wayne.

This is out for J. J. Fox a sale, to be held Tuesday, December 10. It comprises 1 head of cattle, 4 head of pigs, and the usual line of implements.

John J. Huggins will hold a sale December 11. He has a line of hampshire pigs for consideration which is not warranted by the circumstances. We hope, however, that the brief evidence of brilliancy may overcome the malice of fate.

Mr. C. A. Camp's sale, held on the 11th and one mile west of Carroll, will have place Monday, December 15. The line embraces 5 head of horses, 25 head of cattle, 35 hogs, implements, corn, hay, etc.

This paper is on file at the office of the Chicago Live-Stock, 108-110 East Madison street, Chicago, where cow owners will be necessary to register their names and animals in preparation of the sale in connection with the month of a great advantage. It is a row that will be held at the above place and should be taken possession of.
