NEWS AND COMMENT.

Miscellaneous Matters Relating to People and Towns Not Far Away.

Miss Hattie Mayhew went to Wayne last week to enter college.—Battle Creek Republican.

Stanton county has a candidate for state treasurer in Aggie Axen, said to be a good man and true.—Fremont Tribune.

Ed. Rosewater has another elephant on his hands. Van Dusen, of South Omaha, is out as candidate for governor and threatens to get away with a good share of the Douglas county delegation which Mr. Rosewater had hoped to deliver in a solid chunk to his friend Sears.—Wausa Gazette.

Roy Wilson went to Wayne Monday, Mrs. S. T. Wilson returning with him, to conduct the millinery sale. Robert Steele, the efficient clerk at Wilson Bros' store, visited his best girl in Wayne this week. Lyman Lockwood was over from the Wayne Normal last week visiting relatives and friends.—Allen News.

C. O. Shannon, the bustling stock and grain dealer of McLean, was in Randolph Saturday on his way to Wayne on a business trip. C. H. Robinson went to Wayne on Saturday and, missing the train there that evening, came home on Sunday on a tie pass. Charley says that the railroad does not charge enough for tickets as it is at least 35 miles from Wayne to Randolph. A special train of eight cars of cattle went up the Bloomfield branch Tuesday noon. They were loaded at Wayne and belonged to Henry Evans and to farmers around that place, and were enroute to Mr. Evans' ranch in the "Devil's Nest" country north of Bloomfield.—Randolph Reporter.

Thursday morning at nine o'clock, at Holy Trinity church in this city occurred the marriage of Charles Dendinger, son of F. M. Dendinger, living five miles south of town, to Miss Emma Meyer, daughter of Theo. Meyer, living three miles west of the town, Rev. Fr. Loecker, officiating. Henry Meyer, brother of the bride, acted as best man, and Miss Lizette Dendinger, sister of the groom, acted as bridesmaid. Both the contracting parties are held in high esteem in this community and have the best wishes of many friends and relatives in the beginning of life's battle. After the ceremony a reception lasting the remainder of the day was held at the groom's home, where many relatives congregated and spent a pleasant day. The News extends congratulations.—Hartington News.

Experiments in the Culture of the Sugar Beet in Nebraska.

The sugar beet experiments reported in Bulletin No. 73 were conducted during the season of 1901, upon the farm of the Standard Cattle Company at Ames Dodge county, Nebraska. These experiments included tests of varieties, tests of fertilizers, distance of planting, time of planting, methods of cultivation and the treatment of sugar beet diseases.

A test of 37 varieties under similar conditions showed a wide variation in the total amount of sugar produced per acre, the Original Klein Wanzelbeener occupying first place.

A comparison of light and heavy soils for sugar beet production showed a considerably higher sugar content in the beets grown in the heavy soil.

Slight increases in the yield, sugar content, the purity of beets were produced by the use of commercial fertilizers, but their use did not seem to be profitable upon the land where the tests were made. Of the different classes of fertilizers used the phosphate gave the best results.

The comparison of different depths of cultivating sugar beets was in favor of about four to five as compared with six inch or two to three inch cultivation.

The most satisfactory distance of planting was found to be 18 inches between rows and 8 inches between the plants in the rows.

A comparison of the sugar content of beets grown among weeds and on clean ground showed that the presence of weeds may very materially affect the quality of the beets.

The fresh growth of the beets induced by the wet weather during September was found to result in a rapid reduction of the percentage sugar content of beets, but the results of extensive determinations indicate that unless the fresh growth is accompanied by buds upon the crowns there seems to be no real loss of sugar—the beets seem to increase in size and weight while the sugar remains at a standard.

Surface applications of lime were effectively used in checking the Rhizoctonia rot of beets. Repeated spraying with "Bordeaux mixture" seemed to be of some value as a preventive of "leaf spot," but did not show any curative value upon diseased leaves.

The season's experience showed to a remarkable extent the drought-resistant qualities of sugar beets, in which respect they are said to be superior to any crop upon the farm except alfalfa.

Bayer Sisters Summer Opening.

The Bayer Sisters in their opening week of summer millinery sold out a very large assortment of trimmed hats and pattern hats, and the deft fingers of the several ladies engaged in turning out the pretty things scarcely could have kept pace with the purchases if their usually large stock had not been augmented by constant arrivals of the latest things from the eastern millinery centers. When you see ladies carrying out hats in lots of one to seven at a time in—well that was the past week at the Bayer Sisters millinery parlor, whole families fitted out in a few minutes so fine and complete was their stock and so fair priced were the pretty hats. Their windows were dressed in a way that caused each little Miss of seven summers to stop and admire as well as her older sisters. These enterprising milliners naturally feel gratified that their opening week was so successful.

Notice of Granting Druggist's Permit.

Matter in the application of Kuhl & Anderson: Notice is hereby given that Kuhl & Anderson have filed their petition with the village clerk, of Hoskins, Nebraska, praying for a permit to sell malt, vinous and spirituous liquors for the period of one year from the first Tuesday in May 1902 to the first Tuesday in May 1903 on lot (1), block no. (4), in the original townsite of the village of Hoskins, Nebraska. If there be no protest or monstration filed within the time required for such proceedings, the above petition will be granted. Dated this 7th day of May 1902. ROBERT TAZEWEL, Village Clerk.

Aunt Jerusha.

Last Friday evening the C. E. Society, of the Presbyterian church produced the farce comedy Aunt Jerusha to a well filled house. The play represented to a nicely the good, old fashioned quilting bee of our grandmothers' times. Talk about fun—why there were bushes of it, each one of the characters was so well taken and played that it would downright mean to give special preference to any unless we do say Mary Bayer and A. R. Davis won the plaudits of the house as coy lassie and handsome preacher respectively. Peek-a-boo, a song by Marie and Gladys Donnell was a pretty thing and Hattie Berry and Gust, Willis touched the right spot in a duet and were encored heartily to which each separately responded. Nothing marred the pleasure of the evening except the electric lights suddenly playing out in the middle of the last act but the kerosene lights helped out and the current was restored in time to light us out of the opera house.

Wayne Boys Defeated.

The game played at Randolph Saturday afternoon between the Wayne boys and the Randolph high school resulted in favor of Randolph by the score of 6 to 5. It was a very close game up to the sixth inning, the score being 1 to 1. She eight inning looked like a victory for Wayne, as the score stood 5 to 4 in Wayne's favor, but with two men on bases and a lucky drive to left field in the ninth inning Randolph won the game. The Wayne boys hit the ball hard at times and played a very fast game all through. Savage, the Wayne pitcher, struck out eleven men and Davis, of Randolph struck out four men. A return game will probably be played in a short time.

Wayne Girls Win.

Friday the Wayne High School Basketball team went up to Randolph and defeated the Randolph High School team, score 18 to 4. It was almost a shut out, and was a great victory for our girls. The Randolph girls were too red headed to hold their tempers and the visitors scooped them hard. Those playing in the Wayne team were Laura Luendburg, captain, Alice Stringer, Clara Ahern, Gail Jones and Georgia Terwilliger, and Jennie Gaertner, substitute. The receipts were over \$14 and after paying the expenses netted the home team a profit. The girls were treated nicely by their hostesses and a return game will be played in Wayne in a short time.

Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Joseph Edgar of Germantown, Cal. "I was able to be around but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did and was immediately relieved and in a short time cured, and I am happy to say has not since returned." Why not use this liniment and get well? It is for sale by Raymond's Pharmacy.

Wilson Bros. Buy Goods.

A. W. Wilson, of Ponca; Joe Wilson, of Butte; Roy Wilson, of Allen, and S. T. Wilson, of this city, put in Monday, Tuesday and Wednesday with the representatives of four of the largest houses in the dry goods and winter goods lines, in selecting stock for their four large stores. The Wilsons buy closely, pay cash and buy in large quantities, giving them access to the best sellers of every line of standard goods.

The Wayne Republican

W. H. GIBSON, PROPRIETOR.

Subscription Price, One Dollar Per Year

H. C. Vail, of Albion, a very pleas-
ant gentleman and a prominent at-
torney of his section of this big
third district, was in Wayne a
short time before trains last Fri-
day. He is a candidate for congress
and you know it when you have
met him. Mr. Vail would not wish
to have you expect to be thus im-
pressed by the reason of his telling
you of his worthy ambition, but
then you know there are candidates
for CONGRESS and there are CAN-
DIDATES for congress. This gen-
tleman who is the happy medium
is going to have a strong showing
in the convention to start in on and
more to finish on if the other fel-
lows don't look out some.

W. W. Young, one of the active
candidates for the republican nom-
ination in this district, was in
Wayne this morning. He is a very
pleasant gentleman to meet and
will make a strong showing in the
convention as he has many friends
over the district who will throw
him their support if otherwise
their local candidates do not have
the strength to win out. Mr. Young
naturally feels that Wayne
county should give him a delega-
tion and no doubt a great many
friends here would like to see him
have it. There are others who will
oppose this since the party has
two factions in Wayne county.
THE REPUBLICAN would like to see
these faction differences laid aside,
and not necessarily give Young or
any other man a delegation—but
put in more time for the good of
the ticket than in killing off the
"other fellows" and the "other fel-
low's candidates." If Young is the
strongest man in the district the
nomination should be freely accorded
to him for the good of the party,
or for the same reason any other
man should receive Wayne's most
hearty support.

Who Said So?

THE WAYNE REPUBLICAN editor
has been seen and has changed his
mind regarding the candidacy of
McCarthy for Congress in this dis-
trict. The editor says McCarthy
was wrong in the senatorial fight
last fall.

Pont's imagination coins many
funny things and more ridiculous
things. Better get your cue from
headquarters before attempting to
state what is this paper's position.
THE WAYNE REPUBLICAN has not
changed its mind—write it down
on your hat band Pont. The only
thing the writer has changed his
mind on, is that that this paper has
quoted two or three of the vague,
mischief-making squibs of Pont's,
not as an editorial expression by
any means, as comment of ex-
changes for what others said—that
and that only. We are sorry hav-
ing quoted with indifferent discre-
tion to be misrepresented.

McCarthy was a good representa-
tive. Dixon county not alone pro-
fited by his energy and clear fore-
thought. Wayne county feels very
friendly to Mac but we are not
called upon to go into the personal
matter that prompted D. E. Thomp-
son's and J. J. McCarthy's contro-
versy. In this third district we
are electing a congressman—not set-
tling quarrels—we do not think
the old matter will come into this
campaign.

The Candidacy of Sears.

The Hon. W. G. Sears, of Tek-
amah, who is the present Speaker of
the House of Representatives is
one of the men in whom North Ne-
braska is interested as a prospec-
tive candidate for governor on the re-
publican ticket this fall. Last
week we referred to Robertson of
Norfolk as a type of man North Ne-
braska would honor and we wish
to include Sears in this
class (nor be considered as
straddling) since it is the good
fortune of this part of the state to
have two such men. In many ways
they are the same. Both are prom-
inent attorneys and jurists, both
are slim as tallow dipped candies
and both are championed by an
admirable circle of friends who
claim their man and their particu-
lar part of the North Platte coun-
try is the one, the only one to fur-
nish a real North Nebraska gover-
nor, and since Crounse that has
not even been dreamed of in repu-
blican conventions. Sears friends
claim with considerable force that
this gentleman by the experience
he has had as Speaker of the House
and his active part in the Burt
County-Staffer bond affair not only
fits him well to be a thorough and
capable executive officer and at the
same time identifies him as an anti-
Savage man. We do not know that
Mr. Sears has done anything to in-
cur the enmity of Savage's friends
but we do know he has done
enough to satisfy the most exacting
that he has nothing in common
with them and is a man we could
well feel proud to consider this
year. It is claimed by Sears' friends
that he will go into the convention
with a good showing of South
Platte votes and has the advantage
of Robertson, whose candidacy
they think is incidental to Norfolk's
local issue—the asylum matter.
However this may be it will be
well to keep an eye on Sears, if he
has the east side of the 3rd congres-
sional district, the Douglas county
delegation, in part or in whole

through Van Dusen's dropping
out, the Lancaster delegation
through the friendship of D. E.
Thompson he is a very available
man to center on if the contest be a
four or five cornered one. Sears
succeeded well as Speaker in re-
taining the friendship of all who
were senatorial candidates. He
might be said to be without any
considerable number of enemies in
the state, that he can go into the
South Platte country for friends
and votes in convention is a matter
well worth considering when we
realize that no matter who the
North Platte man is he must have
these to be considered a strong
candidate. These conditions will
all be considered well by the Wayne
delegation and will be used judi-
ciously to help bring the govern-
orship to the North Platte at least
once in a generation.

District Court.

The May term of the District court
Monday, the 12th. Judge Boyd found
a fair docket and the work until Tues-
day noon was unimportant, disposing of
sundry motions. Tuesday afternoon
the Pierce county cattle case was taken
up. It is docketed a Butterfield vs
Reimers et al and is a story of long and
tedious litigation started in 1891 and
has been three times to the Supreme
court, remanded to Pierce county for
retrial and brought to Wayne county
on change of venue that we might give
it a fair trial and pay the cost of the
trial for the privilege of giving a ver-
dict which very likely will be appealed
from.

One of Our Vices

It is peculiarly necessary that we in
America should understand the dan-
ger of morbid self consciousness, for it
is one of our two most distinctive na-
tional vices, being equalled only by our
irreverence. It is no accident that
more books are written about America
than concerning any other land, nor
does it mean that we are more interest-
ing, except to ourselves, than the rest
of the world. It does mean that we
are so self conscious, so oversensitive to
praise and blame—above all, so anxious
to know what our neighbors are saying
about us—that any traveler, however
inane and incapable, who spends a few
weeks upon our soil may return home
and write his book about us, and we
buy it by the hundred thousand. We
are doing great things, thanks to our
opportunities and our forefathers, but
how much greater might we do could
we use in quiet, simple action the time
and energy we spend in plumbing our-
selves upon our achievements.—Ed-
ward Howard Griggs in Ladies' Home
Journal.

The Side De Morny Cared For.
The Duc de Morny, half brother to
Louis Napoleon, was ambassador ex-
traordinary to the emperor of Russia
during the coronation festivities and
wrote home that the French might
learn something from the Russians, if
it were only how to light 10,000 ca-
ndles in five minutes. De Morny was in
Paris the night before the coup d'etat
and spent the evening at the opera.
Between the acts he went into one of
the boxes to speak to a lady of his
acquaintance.
"What shall you do, M. de Morny,"
asked a lady, "if the national assembly
is swept out of doors as threatened?"
"Marianne," he replied, "I shall try to
be on the side of the wrong hands."

Mr. Raabach spent Sunday—no one
knows where. When questioned he re-
plied: "O, I was visiting at the same
old place."

Mrs. Eaton and son, John left for
their home on the Rosebud Reserva-
tion. Miss Bes-ie Eaton will remain
until the close of the term.

Richard Daniels and sister Myrtle
drove up from Stanton county last Sat-
urday for a visit with old friends at the
College. Both are former N. N. C.
students and Miss Daniels expects to
return in November and remain several
terms.

A very interesting ball game was
played Saturday on the college dia-
mond. The teams were made up from
the east and west dormitories, and
showed there is good material for a
special college nine. Next summer we
will have besides these Messrs.
Beauchemier, Littell, Pile, Elliott and
perhaps McIntosh of last summer's
famous team.

Miss Eva Nessler, left Saturday for
her home at Sioux Rapids, Iowa. Miss
Nessler will be greatly missed by
many friends she has made during her
nearly four term stay at the college.
She will not return next year as she
was taking preparatory work for Ober-
lin college and expects to enter there
in September. All unite in wishing
that her new college life may be very
pleasant and profitable.

IN THE STUD SEASON OF 1902.
The Magnificently Bred Stallion,
TAMMANY TIM 34283,

Full brother to Hinky Dink, 2:25 1/4, first start, fourth heat, in winning race. By Union Medium 4182, 2:18 1/4. Dam Alice G., 2:29 1/4. Dam of Hinky Dink, 2:25 1/4. Tammany Tim was foaled in June 1897. He is a handsome bay horse, 16 1/2 hands high, weighs 1225 lbs. The only stallion standing in this part of the state whose first three Dams are producers of 2:30 trotters, or better. In conformation he is a grand horse, clear cut head, intelligent countenance, strong shoulders, powerful back, hips and stifles, all gracefully combined to produce strength and speed. His blood lines are of the best, the most popular and prolific speed producing combination in trotting blood lines, the kind that get the money on the race course and the prizes in the show ring. That he will beget speed and grand road qualities there is no doubt, as he not only inherits, but possesses these qualities in a marked degree. Even common mares bred to a horse of this class, cannot fail to produce foals that will find a ready market as carriage horses or roadsters, as well as general all purpose horses. Terms: \$15 to insure in foal. Wednesday and Thursday of each week at Owen's old feed yard.
JOHN S. LEWIS Jr.

E. R. Surber is improving his quarantine period by building a nice new sidewalk. Some of Wayne's sidewalks are so bad it would be a good thing if their owners were quarantined too.
Have you seen those pretty hats at remarkable low prices the Bayer Sisters are showing. If you haven't, and need a hat just go in and meet a pleasant surprise when they quote you the prices.
I. W. Alter has one of the nicest offices in the city now. He has taken out the stairway in the north side, put in a neat glass front affording the light necessary, and altogether the facilities for carrying on their large abstract and land business.
Get a free sample of Chamberlain's Stomach and Liver Tablets at Raymond's Pharmacy. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size 25c. per box.
Dr. Rowlands in his lecture, "Tantaluus," closed the Baptist church lecture course last Thursday evening. The audience was large and duly appreciative and Dr. Rowland was at his best. The time speeded by such interesting thoughts passed too soon and only the pleasant impressions remain, we learn a pretty lesson, we are prompted to greater endeavors by an hour with Dr. Rowland and as he has spoken in this city several times we begin to feel acquainted with him. He speaks Decoration day and a large concourse of our people will greet him then.
The Chicago Weekly Inter-Ocean is the only weekly newspaper published in Chicago in connection with the big daily papers. It contains a judiciously selected summary of the news of the nation and world, the best stories, home farm, women's and other special departments, and fair, patriotic, able editorials, written from a republican viewpoint. It is by far the best general newspaper of the western states. The regular price for the Weekly Inter-Ocean is \$1 and for THE REPUBLICAN \$1, but subscriptions will be received at this office for the two papers in combination for one year for \$1.40.
Mrs. C. H. Johnson was buried at Norfolk May 7th, the wife of C. H. Johnson furniture dealer of that place. The Johnsons came to Nebraska seven or eight years ago and lived for nearly a year in Wayne and buried here a little son whom they lost the first week in the state. After leaving Wayne they became permanent residents of Norfolk and in 1899 they lost a second little son which they brought to Wayne for burial. The Johnson family is well known to several of Wayne's old settlers and they remember her as she was known to her large circle of Norfolk friends, a most estimable woman.

Eugene Sullivan and Phil Sullivan shipped couple cars of cattle up to Knox county Monday morning to pasture them over the summer.
The American Bonding & Trust Company will go on your bond.
E. R. SURBER, Agent.
Saturday was a big day in Wayne. The ladies were here in evidence—pretty girls and buxom matrons they are good buyers and every clerk in town was tired when closing time came.
Wall paper, paints, and alabastine are articles now in demand. L. Orth's west side Pharmacy is the place to buy them. All goods on hand. No waiting. Prices as low as the lowest. He will please you if you give him the opportunity.

Henry A. Meyer was in Wayne Friday a few minutes and stated that the job black stallion Earlville P is becoming very popular with the horsemen, those solid old German farmers who purchased this horse don't put their money into anything but the best.

When you wake up in the morning with a bad taste in your mouth, get at once to Raymond's Pharmacy and get a free sample of Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.
Berrymen Shaffer passed the 84th mile stone of his life last Monday. He is enjoying exceptionally good health for a man of his age.—Dixon Herald.
Col. Shaffer and his sons, the well known sheep men northwest of Dixon, were residents of Wayne county fifteen years ago, living down near Plum Creek. They have a fine farm up there raise lots of fine hogs and have been extensive sheep raisers. The old gentleman, still very hearty for one of his age, is a staunch democrat, a colonel of the old school.
John Baker dropped into Wayne a few hours Friday, Mrs. Baker took the train for Bloomfield where she will visit with her daughter, Mrs. J. H. Mierburger and later spend a week with Mr. Baker's brother at Randolph. John says he don't have to batch it, so he is alright. He is one of the good solid farmers of the east part of the county and takes it easy somewhat, these days.
Dr. Edward Blair did not go to the State Medical Association last week as he had planned but sent in his paper and it was read by the secretary. The reason for his absence was the serious illness of Mrs. Eph Beckenbauer in whom so much interest has been felt for several days, as she was suspended by a frail thread over the abyss of eternity and Dr. Blair would not leave. He says she is out of all danger now which her many friends are pleased to hear.
E. H. Johansen, one of our best known and most accommodating druggists, is very sick of pneumonia. The chances are he really against his recovery, but with his constitution to assist he may pull through. Last Thursday he unloaded a car of lumber and laid down on the lawn on going home to rest a few minutes, and was taken Friday with a chill and thought little of it, but grew worse until Monday when Dr. Blair was called. But for the terrible start the disease has, careful nursing would pull him through. It is hard to say which way it may turn now.

The Troy Steam Laundry has been making many improvements steadily arranging things to handle their large business. They only commenced here late last year, but Mr. Kivest has demonstrated long since that he would make his business a success though his predecessors had failed to do as well as he has done. A perfect system and the careful painstaking that pleases the customer, these are the points that win. This week they put in a large cistern pool to take care of the drainage. They have too, this week gotten a fine laundry wagon to take care of their collection and deliveries.

Miss Fannie Skiles who has been the popular member of the 4th and 5th grades in room 3 at the high school building, the past year and who was elected by the Board of Education has also been elected by the Board, Wisconsin, school board to the city schools there as grade teacher at \$32.50 per month and will accept. These will leave the lady for a year at least. The wages paid here were \$45, and the train is a temptation aside from the improvement of a year at Wisconsin. This Wisconsin city has about 4000 population, is on the Northern Pacific R. R. and Minneapolis river in the central part of the state.

The Best Time to Plant Corn!

No successful farmer would ever think of asking us when to plant corn. He knows that we are not farmers and therefore our advice would not be worth anything. Yet some farmers will buy clothing from merchants who never saw a suit made, that don't know wool from cotton. We don't know when corn should be planted, but we do know when to buy clothing to buy it right. If you will trade here you will soon find out that we are not farmers, but expert clothing men.

The Best Kind of Corn to Plant!

If you suppose we know anything about the different kinds of corn, you are mistaken. We might guess, like some merchants do when you ask them if a suit will wear, but we won't, for we don't believe in guesswork. We know the best kind of clothing made and we won't have to guess how it will wear. If you want a good suit see us for we know all about the clothing we sell.

How Deep to Plant Corn!

We knew just as much about how deep corn ought to be planted as some dry goods clerk does about a suit of clothes. If you think you need any information about planting corn see a successful farmer. If you need any information about clothing see us. We are expert clothing men. Why not see us before you buy a suit? It costs less for clothing here and you take no chances if you trade with us. Our clothing is the best, our prices the lowest. No guesswork about anything you buy here. Why not try us?

JANESVILLE DISC CULTIVATOR
Showing adjustment for moving soil to plant
The easiest guided cultivator made

The Janesville Disc Cultivator is not only a good corn worker, but is just the cultivator to work all crops grown in hills or rows—cotton, cane, sorghum, potatoes. And the first thing that denotes a good cultivator is that it must be strongly built, but must run light. That's the Janesville every time. And another thing that denotes a good cultivator is that every part must be absolutely perfect. That's the Janesville every time. And another thing that denotes a good cultivator is that it must be adjustable in all its parts. That's the Janesville every time. In fact, it's extraordinarily adjustable. And here's a string of its adjustable points—and are all good ones too.

By using our hand levers you can set the gangs at any cutting angle, at any incline from a level to being raised at either end.

That means that you can throw any amount of soil to the plants that you wish.

And that you can instantly change the angle of the gangs without leaving your seat.

And any change that you make in the angle of the gangs does not change the Shields and Levers.

Pretty good point, that hand lever—don't you think so?

The disc gangs swing free, the shields and levers swinging with them.

By connecting the gangs of discs to the arch by a slide connection the gangs can be drawn together or spread apart to straddle any space desired, or to cultivate as close to the plant as wished.

And don't forget that the gangs are hung on springs.

That is a feature that helps you to operate the cultivator because you can do the guiding of the soil by foot pressure instead of the old way—shoving sideways.

THE
Imported Percheron Stallions

Villiers 13169 {8081} Colmar 24734 {43789}

Foaled March 28, 1889, imported in 1890, sire Briard 5317 (1630), dam Robin 5697. Villiers is a jet black, weighs over a ton, and for many years stood at the head of the stud of Dunham, Fletcher & Coleman, the famous Illinois Percheron importers and breeders. As an individual he is without doubt one of the grandest horses that was ever in the United States, as a producer of the best there is in horse flesh he is easily at the top. He will make the season of 1902 at the barn of his owners in Wayne.

Is a deep iron grey, foaled April 5th., 1889, imported by Dunham, Fletcher & Coleman in 1900, sire Navarin (42555), dam Birche 23002. He is certainly a splendid type of the Percheron family, being only four years old yet weighing a ton, and is an animal with splendid action and abundance of life and good disposition. We believe that in Colmar we are offering to the breeders of this section of the state of Nebraska a horse they will appreciate and we have faith to believe he will prove himself a noble sire.

TERMS: The Service Fee for either of The Above Horses will be \$20.00 to insure Mare in Fold.

WON MANILA FIGHT ON COFFEE.
Dewey Dennis Liqueur Was Served to His Men During Battle.
Special to The Chicago Daily News.
Canton, O., April 23.—Dewey's men fought the battle of Manila on coffee alone. Mrs. Carrie Herspool, who teaches a Sunday school class in the First Presbyterian church here, was told by one of her boys in her class that Dewey's men were served liqueur during the battle. She wrote to the admiral and received the following reply:
"Dear Madam: Acknowledging the receipt of your letter of the 22nd inst., I am very glad to have the opportunity of correcting the impression which you say prevails among your Sunday-school scholars that the men of my fleet were given liqueur every twenty minutes during the Battle of Manila.
"As a matter of fact, every participant from myself down fought the battle of Manila on coffee alone.
"The United States forbids taking liqueur aboard ship except for medicinal uses and we had no liqueur that we could have given the men, even had it been desired to do so. Very truly yours,
GEORGE DEWEY."

Whooping Cough.
A woman who has had the experience with this disease, tells how to avoid any dangerous consequences from it. She says: Our three children took whooping cough last summer, our baby boy being only three months old, and owing to our giving them Chamberlain's Cough Remedy, they lost none of their plumpness and came out in much better health than other children whose parents did not use the remedy. Our oldest little girl would call lustily for cough syrup between whoops—Jesie Pinkney Hamd, Springville, Alabama. This Remedy is for sale by Raymond's Pharmacy.

No Loss of Time
I have sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for years, and would rather be out of coffee and sugar than it. I sold five bottles of it yesterday to threshers that could go no farther, and they are at work again this morning.—H. R. Phelps, Plymouth Oklahoma. As will be seen by this above the threshers were able to keep on with their work without losing a single day's time. You should keep a bottle of this Remedy in your house. For sale by Raymond's Pharmacy.

He Speaks with a Clear Voice.
Have used your White Wine of Tar Syrup and am satisfied it will relieve a cold or sore throat quicker than any other medicine I have ever tried. At times it has troubled me a great deal to speak, but your medicine has enabled me to speak with a clear and distinct voice. I remain truly yours,
Rev. J. D. Craig,

Mark Twain's Cousin,

G. C. Clemens, of Topeka, Kan., the noted constitutional lawyer, who bears so striking a resemblance to Mark Twain, (Samuel B. Clemens) that he is frequently taken for the original Mark, is a man of deep intellect and wide experience. He is considered one of the foremost lawyers in this country. In a recent letter to the Dr. Miles Medical Co., Mr. Clemens says:

"Personal experience and observation have thoroughly satisfied me that Dr. Miles' Nerve Tonic is true merit, and is excellent for what it recommends."

Mr. Norman Waltrip, Sup. Pres. Bankers' Fraternal Society, Chicago, says:

Dr. Miles' Pain Pills

are invaluable for headache and all pain. I had been a great sufferer from headache until I learned of the efficacy of Dr. Miles' Pain Pills. They carry them and prevent recurring attacks by taking a pill when the symptoms first appear."
