Last Sunday was memorial day for the Odd Fellows who listened to a splendid sermon at the Presbyterian church and afterward marched to Greenwood and decorated the graves of their brothers buried there.

My little son had an attack of whooping cough and was threatened with pneumonia; but for Chamberlain's Cough Remedy we would have had a serious time of it. It also saved him from several severe attacks of croup.—H. J. Strickfaden, editor World Herald, Fair Haven, Wash. For sale by Raymond's Pharmacy.

The Modern Woodmen memorial service was held Sunday morning in the Evangelical Lutheran church and the pastor, Rev. C. J. Ringier, preached a fine sermon touching on the beauties of fraternity and the good work accomplished by the Woodmen. After the services at the church the Woodmen marched to the cemetery and decorated the graves of the members of the order who sleep in Greenwood.

NEWS AND COMMENT.

Prof. Durrin, of Wayne, was in town on business Tuesday and a guest at the Col. Dennis home.—Coleridge Blade.

Geo. Albee and wife, of Wayne, were Hartington visitors last week. Mr. Albee is also in town today.—Hartington News.

The Wayne high school basket ball team arrived last Friday noon and at 6:30 p. m. engaged the Hartington high school team in an interesting game. The Wayne girls are no match for our girls when it comes to basketball ball. The score at the end of the game was 30 to 2 in favor of the Hartington team. The gate receipts were about \$30, which indicates that Hartington takes considerable interest in the game. In the evening the visitors were tendered a ball and banquet, which proved a pleasant social event. The Wayne girls are certainly a bevy of charming and well behaved lassies.—Hartington Herald.

E. R. Lundburg, of Wayne, was a caller yesterday and talked insurance instead of politics....Rev. Father Weber, of Wayne, will hold services in Winside next Sunday. It is also thought that arrangements will be made by which a commodious Catholic church will be erected....E. E. Simon was heartily congratulated by hosts of friends in Winside over his unanimous nomination for county attorney. Harry is very popular here and if he has a personal enemy in this section we have never heard of it....Co. Sup't. Bright moved to Wayne this week and Winside loses an estimable family. Both Mr. and Mrs. Bright will be sadly missed here and we almost hope that he will be defeated next time so that perhaps it will bring them back to our town....Did Br'er Gibson get caught in the late Bressler land alibi? Not any. He saw it coming and hiked it for a safe place. It will be a cold day when Br'er Gibson gets fastened up so tight that he cannot wriggle out.—Winside Tribune.

John T. Bressler, of Wayne, is a candidate for state treasurer on the strength of laying new sidewalks around his property. That's a good issue—keep it before the people....Solemn High Mass was observed at the Catholic church here Tuesday morning, being the Month's Mind of Mrs. Catherine Leahy. Rev. Fathers Fenneysey, of Jackson, and Weber, of Wayne, conducted the services. The choir of Wayne furnished the music....Editor Gibson is making a good paper out of the WAYNE REPUBLICAN. He is a hard worker and deserves success.

Gibson for some years was a democrat at Ponca, but a short time since announced that he had changed his views and would be a republican henceforth. A good many of our newspaper friends sneer at him for so doing but the herald deems him an honorable man to do so. The fault of most newspaper men in Northeast Nebraska is they ally themselves to a certain clique from whom they derive their sustenance and henceforth they advocate the opinions and aims of that clique, right or wrong. We know of newspaper men claiming to be democrats who are firm believers in the gold standard and did everything in their power to defeat Bryan when he gained control of the democratic party in Nebraska yet they are afraid of their own convictions and hang onto the party for the few crumbs business men of their political faith give them. Out with the newspaper man who is tied to a stake! Out with one who will sacrifice his principles for a mess of porridge or fear of a politician! Praise to a newspaper man who has conviction and dares express them, and if he finds his position wrong and frankly acknowledges it. So hide bound is our fraternity that a rascal, a renegade, a lecherous villain is often a saint in the newspapers, and a good man often slurred and abused. It ought not to be, but it is a fact. Editor Gibson may change his politics as often as he chooses without losing the esteem of the writer.—Dakota County Herald. (Fusion.)

Grant Mears and Kimball, the horse M. D., took a little trip to Lincoln, Tuesday. Sheriff Mears returned at once, but Kimball concluded to remain and has a good position in one of the states strongest institution which will probably command his attention until well into the spring of 1904.

Prof. R. Durrin gets a car load of marble every few weeks and is turning out many fine monuments. His work is very much finer than a great deal shipped in to some places and the price is certainly lower as few factories send their men here as they know it is useless to figure on a piece of work after Prof. Durrin puts figures on it, unless they can slight the work in some way.

The abundance of cherries this year in some places look very inviting.

There isn't a spot on earth where finer cherries are produced than ours, varieties considered.

Plant cherry trees instead of boxelders. Don't waste your time growing the latter as they are a harbor for more kinds of bugs and moths than any other. Plant ash trees on the street and fill the yard with cherry trees.

STEEN'S ICE CREAM

We have a demand for ice cream, taxing our full capacity. People have come to know the difference between Jersey dairy, separated cream, ice cream from products made largely of starch, gelatine, etc. We have a growing home demand and an outside demand that keeps us busy. We use the entire product of several dairies who deliver us their prepared cream daily. We use a gasoline engine to convert it into a frozen state and supply several neighboring towns in competition with factory cream offered at a lower price. Quality tells. We have just added rotary fans to our establishment to make it pleasant for our visitors and when you call they

WILL KEEP YOU COOL

-PIANOS- THE CHICKERING

"I quite realize that the tone of the Chickering piano is finer and more beautiful than can be found in the pianos of any other maker, but I cannot see why this should be; I cannot understand why the Chickering should be alone in this delightful quality," said a recent purchaser.

Unconsciously this lady repeated the old question of the whole piano industry, for every manufacturer in America for decades past has been trying to discover the secret of the wonderful Chickering tone. Small fortunes have been expended on experiments with the idea of "equalizing the Chickering," but no manufacturer has been successful in the attempt. It has come to be almost a recognized conclusion by thoughtful piano men that it is a hopeless task.

They cost a little more money than other makes yet are as popular that the great factories in Boston are unable to supply the demand, having on their books orders for over 1,000 of their new style A and others which will not be able to ship before next December, yet the purchasers are willing to wait for them.

We sell them direct from the factory at prices you cannot obtain elsewhere.

PLEASED WITH MCARTHY

Oppressed Which Shows That the Convention Chose a Man whose Popularity Assures Success.

Pender New Era—John S. Robinson needs a rep. J. J. McCarthy will give him one.

Stanton Pickett—McCarthy, be he Scotch or Irish, it makes no difference, We're all for McCarthy.

Newcastle Times—J. J. McCarthy was nominate for congress with enthusiasm and will be elected the same way.

Norfolk News—The vote that will be given J. J. McCarthy of Ponca, at the election this fall will be something worth waiting for.

Wauna Gazette—McCarthy is a very strong man, he will receive the united support of his party and chances for his election are good.

Pender Times—The republicans of this district selected one of their strongest men when they named J. J. McCarthy for congressional honors.

Battle Creek Republican—Our Irish say the name McCarthy has a familiar ring. Yes, and if he is elected to congress it will become still more familiar.

Wauna Enterprise—No better man could have been named. Mr. McCarthy is a lawyer of known ability and has been prominent in political circles for years. He will be elected.

Pierce County Call—The convention adjourned with good feeling and a determination to redeem the Third district next fall and send Mr. McCarthy to Washington to assist in upholding the hands of President Roosevelt.

Allen News—It was a grand victory for Mr. McCarthy and he will certainly be elected this fall. Wednesday evening he was given a grand reception upon his arrival home by his fellow townsmen at Ponca. Hurrah for McCarthy.

Ed Kearney, of Jackson, is feeling of the boys here a little to see if they can't get him a delegation to the democratic congressional convention. Ed is a good fellow and will have a good friendly following but we do not know what effort he has made towards securing the necessary number of delegates to get the green persimmons.

F. O. Davis, and Misses Mary Bayer and Benshoof left Wayne Tuesday morning for Pierre, S. D., to look at some land, the same train took along Messers. Rose, E. Cunningham E. B. Girton, and L. Preston who go to Charles Mix County for the same purposes, they went by way of Sioux City and will return the latter part of the week.

Emerson Enterprise—The third district congressional convention at Fremont Tuesday was one of the kind of political gatherings it does one good to attend. The greatest harmony and enthusiasm prevailed, everybody was satisfied that the convention had named the strongest man and the defeated did not even seem to be disappointed. McCarthy's election is assured.

Tekamah Journal—J. J. McCarthy, of Dixon county, whom the republicans of this congressional district nominated last Tuesday evening at Fremont, as their candidate for Congress, is well and favorable known by many Burt county citizens. His reputation, both as to morals and ability, is of the highest. He will make an active energetic congressman, his election being assured.

Burt Co. Herald—Hon. J. J. McCarthy, of Ponca, Dixon county, was nominated at Fremont Tuesday as the republican candidate for congress in this, the third district. Mr. McCarthy was a member of the two last sessions of the legislature and made good legislative record. He is a good lawyer and possesses many qualities that go to make up good material in a congressman.

Hartington Herald—The nomination of Hon. J. J. McCarthy for congressman Tuesday is a fitting recognition of the ability and courage he displayed during his two terms in the legislature. The rank and file of the republicans of the third district will be glad to learn of his nomination. Mr. McCarthy will be triumphantly elected and mark our words he will be heard in congress in due season.

Lyons Sun—Hon. J. J. McCarthy, of Dixon, won out in a spirited but good national contest for republican congressional nomination in this, the third district. The convention convened at Fremont Tuesday and there were six candidates about evenly divided in the field. McCarthy proved the favorite at the finish. The losers all pledged loyalty to the nominee in dally speeches and one of them, C. A. Brooks, emphasized his remarks by contributing \$100 as a starter for the campaign fund.

Columbus Times—Platte county is proud of her loyal sons that rallied to the support of her favorite candidate, Dr. Homer A. Hanson. With seven candidates in the field, where only one could win, it was inevitable that there be six doomed to disappointment. The good soldier, while temporarily repulsed, is still in the battle ready for the "big battle" at the call of his commander. The republicans of Platte county will work earnestly, heartily, and energetically for the election of John J. McCarthy of Dixon, the nominee of the Fremont convention.

Norfolk News—The candidate is no stranger to the third district. He has been in the public eye for some time and his record is a creditable one. He has been a resident of that county for the past twenty years and during that time has established an enviable reputation in his profession, that of attorney-at-law.

He has served the county as its attorney for several terms with credit to himself and his constituents, and he came before the attention of the

general public as a member of two of the state legislatures. He has honor at home which argues well for his reception at the hands of the voters of the district.

Pender Republican—After Thurston county delegates returned Wednesday morning from the congressional convention at Fremont, bringing back the word that Hon. J. J. McCarthy of Ponca had been nominated for congress, at least one of the prominent fusiliers here pinned a red badge on the lapel of his coat as an emblem, no doubt, that there is danger ahead for the fusiliers. He is a far sighted duffer too, and evidently sees that the fusion congressional nominee, whoever he may be, will be in a veritable cyclone of danger as soon as he enters the race.

McCarthy will rattle the dry bones of fusiliers this trip as they never were rattled before, for he is a winner without any question.

West Point Republican—The Congressional Convention held in Fremont last Tuesday was a splendid gathering of representative republicans of the third district. It was not a noisy convention, but it was characterized by an enthusiasm which confidently looks forward to victory. It was made up largely of men, who have done yeoman service for the party and whose mature political judgement has guided the party through many a hard fought battle. Then, too, it was a typical Nebraska convention, full of joyful good feeling and of many preferences, but above it all—a manifest desire to make no mistakes and to make the very best possible selections. And when the choice fell upon Dixon county's favorite son, there was a spontaneity and unanimity of expression, rarely before witnessed. It was a remarkably close and clean race, close enough at all times to sustain keen interest as to its outcome, and clean because of the entire absence of personal abuse and vilification of rival candidates. It was a memorable struggle, one that will long be remembered by every participant. And, strange to say, its outcome now clearly seems to be the only logical solution of that perplexing matter.
