To Revive Ancient Methods.

Chicago special. The new movement Irish-Americanism was held in the Y. M. C. A. building here. The first meeting of the kind ever held in America was held in the city of Philadelphia. A return to what by some is called the "old methods" of the Irish-American movement is being advocated. The "old methods" and "new methods" with their differences which the Irish-American movement has been following since its inception in 1847, are being revived. The "old methods" are those of the Irish-American movement of the 1840s and 1850s, which were based on the "old methods" of the Irish-American movement of the 1840s and 1850s. The "new methods" are those of the Irish-American movement of the 1860s and 1870s, which were based on the "new methods" of the Irish-American movement of the 1860s and 1870s. A Sufferer Cured
Every sufferer from this trouble has two paths to relief. One is to keep fighting until the pain leaves him. The other is to get relief at once. The first path is the one that leads to suffering and the second is the one that leads to health. The first path is the one that leads to suffering and the second is the one that leads to health.
