# WHEAT CLIMBS HIGH

## Cereal Advances Five Cents in Twenty-four Hours.

### REACHES 85 CENTS.

#### Sudden Spurt Due to Cable Reports of Small Yields.

Chicago, June 19, 1922.—Wheat closed at 85 cents for No. 2 hard, and 84 cents for No. 2 soft, after a sharp advance of five cents in the last twenty-four hours.

The advance was due to cable reports from the West that yields were small. The market was quiet during the day, with only a few scattered orders. The price of wheat is now at a high level, and it is expected that it will continue to rise.

WHEAT MAKES A HIGH FLYING

The price of wheat has risen to 85 cents per bushel. This is a significant increase from the previous price of 80 cents. The market is now very active, and many farmers are selling their wheat at the current price.

# BUSTED TO THE BEATH

## FARRAGED FARMERS KILL A MAN NEAR CHICAGO.

Steven Brink Attacks Mrs. Fossaka. He Belongs to a Communist, While Her Husband is for Two Hours and is Killed.

Chicago, June 19, 1922.—A man was killed today in a quarrel between a farmer and a woman. The man, Steven Brink, was killed by Mrs. Fossaka. The incident occurred near Chicago. Brink was a Communist, and Fossaka was a member of a rival group. The fight lasted for two hours before Brink was killed.

The police are investigating the case. It is believed that the fight was the result of a long-standing feud between the two groups. The woman, Mrs. Fossaka, is now in custody and is being held for questioning.

# LIGHT WITHOUT HEAT.

## Newest Discoveries Enable This to be Done.

A new method of producing light without heat has been discovered. This method is based on the use of a special type of lamp. The lamp is called a "cold light" lamp. It produces light without any heat. This is a major discovery in the field of lighting.

The discovery was made by a team of scientists. They have been working on this project for several years. The new lamp is much more efficient than traditional lamps. It uses less energy and produces more light. This is a significant improvement in lighting technology.

The new lamp is expected to be available in the near future. It will be a great benefit to homes and businesses. It will save money and reduce energy consumption. This is a truly revolutionary discovery.

UNCLE SAM HAS WHEAT TO FEED THE WORLD.

The price of wheat is now at a high level, and it is expected that it will continue to rise. This is due to the small yields reported from the West. The market is very active, and many farmers are selling their wheat at the current price.

# WHEAT IN ALABAMA

## Yields in Alabama are reported to be good.

Alabama, June 19, 1922.—The wheat crop in Alabama is reported to be good. The yields are expected to be high. This is a good sign for the state's wheat industry. The weather has been favorable, and the crops are growing well.

The state's wheat production is expected to be one of the best in the country. This will be a great benefit to the state's economy. The wheat industry is a major part of Alabama's economy.

# CREATED APPLE PINK

## Apple pink is a new variety of apple.

A new variety of apple, called "Apple Pink," has been created. This variety is a cross between a red apple and a pink apple. It has a unique flavor and appearance. The new variety is expected to be popular among consumers.

The new variety is the result of years of research and experimentation. It is a true innovation in the world of apples. The new variety is expected to be available in the near future.
