Published weekly, except on Sundays, at Wayne, Nebraska. Price, 10 cents per copy. Subscription price, \$1.00 per annum in advance.

REPUBLICAN DANCES

A republican dance for the purpose of raising money for the purchase of the various city offices and would be held at the court house ball on Monday evening, March 11, 1898.

BERKLEY L. COLLINS, Secretary.

The Republican party will send a Free Messenger, during next week that was devoted to Sargy county and Edgar Howard the male editor and publisher of the Times.

When reform governors take the duties of their office it was shown to have been the case with Governor Wilson in the case of the State of New York.

Senator Thurston was not only a League who resided in Idaho, but the greatest of Idahoans being "yellow" in his own right.

Henry Phillips is now the President of the Republican party in Sargy county. He is a man who would not forget that the people are the basis of the government.

The superior court has held that the payment of fire to Empire State by the insurance companies was not legal and that the same is illegal for the state to receive the same.

Andrew Carnegie the great steel magnate has spent there a great amount of money in building a great library building about near New York City and has done it in a very short time.

When the government is not doing their duty, the people should not be afraid to speak out and let the government hear their voice.

It is the duty of every citizen to be informed of the actions of their government and to be able to speak out when necessary.

It makes no matter in my view whether the man of matter is necessary to have democracy and government, if they are not the republicans practice and proceed by Abraham Lincoln, when he was in the party with them.

The failure of the Douglas county court to hold the bondholders of the county for the amount of the shoring is an object lesson that should be taken by the people.

make right the wrongs inflicted by an officer and that the whole people can and should afford the assistance of the law. This is a noble and patriotic sentiment and one that should be held by every citizen.

It is a well known fact that the people of this county are not only intelligent but also patriotic and they should be proud of their country.

The people of this county are not only intelligent but also patriotic and they should be proud of their country.
