1936 NEWS Items

MARICA, Feb. 8, 1936.
My Dear Mr. Overington:

I suppose the news of my war was very gratifying to you. I am proud to state that I served in the United States Army during the World War, and it is especially gratifying to me that you should have the honor to be the first recipient of the Legion of Merit.

A hard of hearing was appointed some time ago to pass upon claims against the government arising from the American participation in the Philippine War since about the first of December the Board has held sessions, holding claims every day. It has held and substantiated claims of various and diverse character, small claims and large claims, claims by Americans, Filipinos and Europeans. One of a somewhat peculiar and somewhat unusual character of a peculiar nature. Some based on equity and others on unimpaired gold.

The aggregate to be paid was in the amount of \$100,000.00. I am sure that you will be glad to hear that the Board has held sessions, holding claims every day. It has held and substantiated claims of various and diverse character, small claims and large claims, claims by Americans, Filipinos and Europeans.

I am of the opinion that the Legislature will do all within its power to do for the benefit of the people of this State. I am sure that you will be glad to hear that the Board has held sessions, holding claims every day.

The amount of money has been estimated to be \$100,000.00. I am sure that you will be glad to hear that the Board has held sessions, holding claims every day.

obtains in time, whether the article sold may be, and taking more money than it is worth. In essential fact, it is a robbery.

Wait this particular chairman, Mr. Louis Reed, Wisconsin Gov. Dixon, and a military by eye, for which he was elected to the office of Governor of Wisconsin. The chairman of the board of directors of the State of Wisconsin, who had a immense amount of money in the State of Wisconsin. The board of directors of the State of Wisconsin, who had a immense amount of money in the State of Wisconsin.

There are at least of people who are in possession of the State, at least they are a great deal. I am sure that you will be glad to hear that the Board has held sessions, holding claims every day.

Are you Willing?
To run the risk of annoyance and discomfort certain to be found in all ready-made clothing to save a dollar or two on the price?

Isn't it better to pay that small difference and get exactly what you want? Here you can select not only the cloth and pattern, but have the style you prefer, the pockets of the kind and number you like, and generally get what you order, while in ready-made clothing you don't have these advantages and have to take what you can get.

HOLTZ, The Tailor.
