Slow growth of hair comes from lack of food. The hair has no life. It is starved. It keeps coming out, gets thinner and thinner, bald spots appear, they are baldness. The only good hair food you can buy is **AYER'S HAIR VIGOR**. It feeds the roots, stops starvation, and the hair grows thick and long. It cures scalp dandruff. Keep a bottle of it on your dressing table. It always restores color to faded or gray hair. Mind, we say "always."

It is true that the Bill before the committee has several good points, but it is not a profitable investment of personal judgment in professional politics. It looks rather for the support of the legislature, and the support of the legislature is not to be had from the people of this state.

It would be entirely very simple to the people of this state, the following are the names of the candidates for the office of Governor, and the names of the candidates for the office of Lieutenant Governor.

## How the Fusionists Are Preying Upon the Interests of Taxpayers of Nebraska.

### HOME FOR FEELING-YOUTH AT BEAVER SPRING (SIAMOI AND DISCORD)

From Men's Deposition on Director's Incompetency, Dismissals, Treasury Receipts and Kindred Offenses Committed by Officers, High and Low - Public Officials and Employees Held Up by Party Leaders

The first of the best features of a man's record is his character. It is the most valuable asset he has, and it is the one that cannot be stolen or hidden. A man's character is the foundation upon which he builds his life, and it is the one that determines his success or failure. A man who has a good character will be respected and trusted by others, and he will be able to accomplish great things. A man who has a bad character will be despised and mistrusted, and he will be unable to accomplish anything of value.

When a man's character is good, he will be able to handle the most difficult situations with grace and dignity. He will be able to stand up for his principles, even when it is unpopular to do so. He will be able to forgive others and move on, without being bitter or resentful. A man who has a good character will be a blessing to the world, and he will be remembered for generations to come.

It is a common mistake to think that a man's character is something that is fixed and unchangeable. In reality, a man's character is something that can be shaped and molded over time. A man who starts out with a bad character can become a man of good character through self-reflection, hard work, and the help of others. It is never too late to start a new life, and it is never too late to become a better person.

The character of a man is the most important factor in determining his success or failure. It is the one that cannot be bought or sold, and it is the one that cannot be hidden. A man who has a good character will be able to handle the most difficult situations with grace and dignity. He will be able to stand up for his principles, even when it is unpopular to do so. He will be able to forgive others and move on, without being bitter or resentful. A man who has a good character will be a blessing to the world, and he will be remembered for generations to come.
