Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the other does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat that was comfort and color and curve—all but pity and love—is gone.

The little one gets no fat from her food. There is something wrong in it either her food or food-mill. She has had no fat for weeks, is living on what she has stored in that plump little body of hers; and that she is starving for it. It is death, by quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.
