Mrs. Pinkham Saved me from an Operation

Why should I be the first? Because they have neglected themselves. Every one of these patients in the hospital had had plenty of warning in that bearing-down feeling, pain in the left or right, or the back, or a steady pain in the small of the back. All of these things are indications of a weak and diseased condition of the ovaries or womb.

What a terrifying thought! These poor souls are lying there on those hospital beds awaiting a fearful operation. Do not drag along at home, or in your place of employ, until you are obliged to go to the hospital and submit to an operation and possible operation. Build up the female system, cure the dangerous which have acquired themselves, stop danger signals and remember that Lydia E. Pinkham's Vegetable Compound has saved thousands of women from the hospital. Read the letters here published with the full consent of the writer, and see how she escaped the knife by a faithful reliance on Mrs. Pinkham's advice and the cure of her condition.

Mrs. Knapp tells of her Uterus Gravidate.

I was in the hospital for a long time, waiting for an operation. I was told that I had a uterus gravidate. I was very nervous and did not know what to do. I was told that I had to have an operation. I was very nervous and did not know what to do. I was told that I had to have an operation. I was very nervous and did not know what to do.

Hospital in our great cities are glad places to visit. Three-fourths of the patients lying on those acres while here are women and girls.

AFTER-EFFECTS OF LA GRIPPE.

THE after-effects of the grip are often disastrous. It is commonly known to the medical fraternity that the summer months and complications which follow the grip are apt to be more serious than the acute stage of the disease.

Some people have the grip very lightly. They may be confined to the house only a day or two, and yet a long train of disagreeable, disabling symptoms follow. All sorts of tonics and stimulating remedies have been devised to meet this condition. None of them can compare in results with Ferrina.

Everyone who has had the grip ought to take a short course of Ferrina. Read what the following people have to say about it:

Grip Produces Catarrh.

Dr. J. H. Hartman, Columbus, Ohio.

Grip Pleured Her Blood.

Dr. J. H. Hartman, Columbus, Ohio.

Grip Caused Nervous Dyspepsia.

Dr. J. H. Hartman, Columbus, Ohio.

Grip Left Her Broken Down.

Dr. J. H. Hartman, Columbus, Ohio.

If you do not derive prompt and satisfactory results from the use of Ferrina, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Bowels Don't Move?

Caused by over work! Over eating! Over-drinking! No part of the human body receives more ill treatment than the bowels. Load after load is imposed until the Intestines become clogged, refuse to act, warric out. Then you must assist nature. Do it, and see how easily you will be cured by CASCARETS Gandy Cathartic. Not a mass of violent mineral and mineral poison, but a pure vegetable compound that acts directly upon the diseased and worn out intestinal canal, making it strong, and gently stimulating the liver and kidneys; a candy tablet, pleasant to eat, easy and delightful in action. Don't accept a substitute for CASCARETS.
