# "I AM JUST OUT."

That is what you are all in a hurry when asking for some particular article in the fruit line. Then you step in at the next store, and you are rebuffly met by having known and oranges "just out" keeps them, and oftentimes they are kept for hours, but the particular article you want you could not buy for less or quite so far from behind the counter as "just out." BY MARY J. HOLMES

It is a story of a man who rose from a poorhouse to a palace. The man's name is John D. Rockefeller. He was born in 1839 in a small town in Ohio. His father was a farmer, and his mother was a school teacher. When he was a boy, he was very poor. He had to work hard to support his family. But he was very smart and very hard working. He started a business when he was only 16 years old. He sold oil. He became very rich. He built a great fortune. He was one of the richest men in America. He died in 1920. He left a lot of money to charity. He was a very good man.

All manner of extravagant expressions are possible when a woman's nerves are first wrought.

The spasms at the top of the wind pipe or intestinal tubes, "ball rising in the throat," violent heaving of the heart, laughing and crying by turns, muscular spasms (throwing the hands about), frightened by the most insignificant occurrence, a sore throat, symptoms of a febrile condition and abnormal excitement of the female organs.

Only female complaint now produce hysterics, which may be regarded as a very plain case. This is, however, yields quickly to Lydia E. Pinkham's Vegetable Compound, which acts at once upon the organ affected and the nervous centers, dispelling effectually all these distressing excruciations.
